behavioral treatment, psychogenic polydipsia, autistic & severely mentally retarded 24 yr old female, case report, 12798
behavioral treatment, violent psychiatric hospital patients, 23702
bell & pad vs dry bed method vs tangible rewards with fading nocturnal enuresis treatments, outpatients over 6 yrs old at enuresis clinic, 33966
biofeedback & behavior therapy, 62 yr old female with urinary stress incontinence & 46 yr old female with fecal incontinence secondary to multiple sclerosis, case reports, 9469
biofeedback & cognitive & relaxation training, stress reduction & self control & coping skills, patients with irritable bowel syndrome, 9453
breathing training, anxiety, outpatients with panic attacks, 30377
brief parent assisted treatment, child nighttime fears, 4–5 yr olds & their parents, 37444
case history information & identity of treatment mediator, acceptability of treatment of 4 yr old severely retarded male with pica, graduate & undergraduate students, 37436
chaining discrete activities with linking phrases, development of personal hygiene, 29 yr old male with herpes simplex encephalitis, case report, 30783
characteristics & causes & treatment of self injurious behaviors in students, educators, literature review, 19270
clenched fist as hypnobehavioral technique, phobias, 44 yr old male with fear of public speaking & 67 yr old female with fear of cats, case reports, 23155
client characteristics & design of behavior modification vs normalization interventions, self injurious behavior, mentally retarded clients, commentary, 33963
clinic program based on nicotine polacrilex with vs without behavioral self management & relapse prevention techniques, male smokers over 50 yrs old, 23749
clomipramine dosage & exposure therapy, plasma level & side effects & outcome, patients with obsessive compulsive ritualization, 9274
cognitive behavioral treatment with vs without response prevention, 18–61 yr old females with bulimia nervosa, 26754
components of nurse facilitated room manager role, time on task, 21–39 yr olds with severe to profound mental retardation, 34369
computer aided program, supervision of occupational engagement, 7 & 17 yr old institutionalized severely mentally retarded males, 34308
computer aided system, unsupervised household & occupational locomotor activities, institutionalized low functioning blind 16.8–27.5 yr old females, 33969
computer arcade games in behavior management, 6103
concept & model & techniques of behavior management, head injured patients in acute care rehabilitation facilities, 16920
construction & internal consistency & temporal stability of inventory, assessment of knowledge of behavioral methods for inpatients, hospital staff, 3 mo followup, 21111
correspondence training, inattention & overactivity & noise, 6 & 9 yr old males with attention deficit disorder with hyperactivity, 33976
correspondence training, promotion & generalization & maintenance of truthfulness & prevention of lying, children, 40732
cost effective behavioral parent training programs, perceived child improvement & overall satisfaction, parents of children with conduct problems, 23350
covert rehearsal vs induced affect coping skills rehearsal, test anxiety & performance, college students, 20711

cue exposure response prevention, smoking cessation & relapse prevention, 36 yr old female, 41088
"cues, pause, point" language training, replacement of delusional speech with stimulus appropriate response & subsequent generalizations, 69 yr old schizophrenic male, case report, 12785
decompression treatment, secluded 20–38 yr old male psychiatric inpatients with aggression & self abuse & hoarding & hygiene decompensation, 23677
decreasing prompt hierarchy vs time delay procedure, teaching banking skills, moderately mentally retarded 15–19 yr olds, 30383
development & implementation of behavior management toilet training program, encopresis, autistic 16 yr old female, case report, 9441
device to prevent drivers from falling asleep, reduction of stereotypic rocking, 21 yr old blind student, 6075
didactic developmental teaching & behavior modification approaches, 35 yr old male with traumatic brain injury, case report, 2216
diet modification & stimulus control training, frequency of toileting & accidents, encopretic 6.9–8.3 yr old males, 12791
dream therapy & biofeedback & pain behavior modification, 61 yr old asthmatic male, 40573
DRO, positive social behavior & aggressive/disruptive behavior, mentally handicapped 22 yr old female, 9437
E & S verbalizations in correspondence training, play behavior with toys, 4 yr olds, 19879
elaborative vs behavioral rehearsal, acquisition of fire emergency skills & reduction of fear of fire, 3rd graders, 23329
exclusion therapy with hypnosis & behavioral strategies, smoking cessation, adults, 1 & 3 mo followups, 9882
exposure & response prevention of bingeing vs vomiting, binge-vomit frequencies, bulimic female 17–44 yr olds, 33980
extinction procedure, reassurance seeking behavior, 11 yr old male with obsessive compulsive disorder, case report, 23325
factors & conditions for acceptability of response contingent electric shock, mental retardation professionals, 37461
fixed vs ad lib nicotine gum schedule with group behavioral treatment vs education, abstinence, smokers, 20290
frequency of practice of relaxation based behavior modification, BP reduction & general effects, 35–64 yr olds at risk for coronary disorders, 4 yr followup, 2436
Garren-Edwards Behavior Modification Program & group therapy, morbidly obese patients, 19728
gentle teaching vs differential reinforcement of incompatible behavior & interruption vs graduated guidance, profoundly mentally retarded 30 & 32 yr old males with self injurious head hitting, 37451
gentle teaching vs visual screening vs task training, stereotypy & collateral behaviors, male profoundly mentally retarded 7 & 21 & 28 yr olds, 30380
graduated guidance & reinforcement procedure, self dressing skills, multihandicapped & moderately to severely mentally retarded 5 & 9 yr old males, 20262
group behavioral treatment with relaxation & operant activities, chronic pain patients, 20 mo followup, 16451
habit reversal training, adults with writer's cramp, 3 mo followup, 12819
home based early intervention with behavioral techniques & extensive parent training, language & social & academic development & self care skills, autistic 18–64 mo olds, 23312
home safety skills training from mother, generalization to 5 yr old brother, 8 yr old male, 16509
humanistic behavioral approach, spiritual recovery, alcohol &/or drug abusers, conference presentation, 30815
imaginal exposure treatment &/vs acute exercise, persons with public speaking anxiety, Canada, 2434
imipramine &/vs alarm device &/vs random awakening &/vs placebo, enuresis, 5–14 yr olds, 2005
immediate vs delayed vs random alarm awakening & linen changing & practice walks to bathroom enuresis, mentally retarded 13–29 yr olds, methodological considerations, 19890
improving profession of organizational behavior management, 31403
in home behavioral systems family therapy, juvenile delinquents, conference presentation, 23797
individual videotape modeling vs group discussion with vs without videotape modeling treatment, parents of 3–8 yr olds with conduct problems, 6110
innovations in behavioral language research & instructional context & content, generalization, severely disabled persons, literature review, 9444
instruction on extension component within self care routine, generalization to other components or same components of another routine, severely retarded 10–12 yr olds, 16483
instructional programing behavior modification procedure, discrimination of emergency fire situations & use of telephone, female 20–21 yr olds with Down's syndrome & speech difficulties, 2407
integration of behavioral strategies in rehabilitation counseling, disabled clients, 37835
interpolated VR vs continuous reinforcement prior to extinction, inappropriate behavior, severely mentally retarded male 8–10 yr olds, 6101
interval length in FI positive reinforcement of adaptive behavior, stereotypic behavior, institutionalized profoundly mentally retarded 35–44 yr olds, 20269
knowledge about etiology & behavioral treatment of agoraphobic symptoms, adult patients before vs after treatment, 33112
maintenance & generalization following problem solving strategy training, 24–31 yr olds with closed head injuries, 23713
massed negative practice, nocturnal bruxism, 22 yr old female, case report, 26923
medication matching & on time administration, medical regimen adherence, 32 yr old female with developmental disabilities, 37439
methodological issues in evaluation of drug &/vs behavioral treatment, hypertension, literature review, 40579
methodology & content analysis of organizational behavior modification in business settings, 1971–78, literature review, 31385
methodology & content of organizational behavior management research in private sector business & industry, 1978–86, literature review, 31426
modification of social system, aggressive behavior, 29 yr old institutionalized male with severe/profound mental retardation, 6428
modified regulated breathing method & easy speech & parental attitude modification, percentage of stuttered syllables & speech rate & severity ratings, 6–9 yr olds who stutter, 6 mo followup, 37586
monetary incentives, automatic teller machine use, low frequency users, 31492
multidimensional treatment utilizing cognitive restructuring & self help group & behavioral & psychodynamic treatment, bulimic female 19 yr old college student, case report, 37211
need for empirical applied research in behavioral technology, control of disruptive responding in natural community settings, developmentally delayed persons, literature review, 23322
need for health insurance coverage for behavioral treatment, patients with stress related disorders such as headache or hypertension or back pain or gastrointestinal disorders, 26911
nonaversive intervention procedures & community resources, multiple outcomes in remediation of severe self injury, mildly mentally retarded 45 yr old male, case report, 3 yr study, 12774
normalization as empirically grounded theoretical system & behavior modification, self injurious behavior, mentally retarded clients, commentary, 33988

operant & cognitive behavior modification, impulsive aggressive responding in interpersonal problem situations, hyperaggressive 7.9–11.6 yr olds, Australia, 16502
operant conditioning behavior therapy, 14.5 yr old mentally retarded female with conduct disorder, case report, 37452
organizational behavior management, occupational safety in auto industry, 31408
organizational behavior modification training, employee productivity, managers in city government, 17366
parent mediated treatment procedures, excessive climbing behavior, 27 mo old developmentally disabled female, 23348
parent training for use of behavioral techniques, mother child interaction, mother & her language delayed 5 yr old son, 9464
partial vs thorough awakening, bedwetting, 4–11 yr olds, 23341
participant vs filmed coping peer modeling, whirlpool bath avoidance, 68–81 yr olds in geriatric nursing home, 6396
personality characteristics, severely obese adults who dropped out of vs persisted in long term behavioral treatment program, 37433
personality correlates of eating behavior & weight loss, severely obese patients in behavior modification program, 2.5 yr followup, 37432
personalized behavior modification using in-school suspension, behavior change, middle school students, 6820
predictors of outcome & long term maintenance of behavioral treatment, 17–78 yr olds with chronic insomnia, 23331
prevention of covarying response, 5 yr old female who chronically sucked her thumb while holding doll, case report, 33960
progressive retention training & cognitive restructuring & desensitization, 32 yr old male with psychogenic urinary frequency, case report, 2–10 mo followup, 6091
prompting & positive reinforcement, on task behavior & social interaction, male deaf & blind severely mentally retarded 21 yr olds, 37463
prompting & social reinforcement & food preference & environment design, 91–96 yr old female patients with multiple medical problems and severe cognitive impairment in nursing homes, 40727
prompts by salesperson, purchase behavior, fast food consumers, 31491
providing information & task assignment & control & feedback on gasoline consumption, driving behavior, mail van drivers, Netherlands, 34880
psychological & social & cultural influences on eating behavior & obesity, implications for behavioral treatment, 2425
psychosocial factors, compliance with behaviorally oriented weight control program, obese 10–16 yr olds & their parents, 16527
publicly posted performance feedback, incidence of positive & constructive interactions & improvement in unreinforced response classes, residential institution staff, 2777
qualifications of therapists & maladaptive behavior & restrictive procedures in behavior management services in community group homes, mentally retarded residents, 37821
R. B. Carter's views on behavioral modification, hysteria, mid 19th century, 16503
reality orientation & behavioral treatment programs, cognitive function & self feeding, 43–88 yr old nursing home residents, 27231
relationship between behavioral & computer technology, implications for coping with resistance to computerization of human service organizations, 30646
relaxation training & imaginal & in vivo exposure, pill taking avoidance, 27 yr old female, case report, 33977
relaxation training & Kegel exercises & practice in urinary control, 32 yr old female with urinary urgency associated with sexual arousal, case report, 12776
respiratory retraining vs in-situ relaxation vs cognitive modification, psychophysiological changes associated with panic & anxiety & negative cognitions, agoraphobic 26–41 yr olds, 6 yr followup, 37425
response deprivation & conditioned reinforcement & multiple schedule induced behavioral contrast, handicapped or autistic children, 23340
response prevention, daytime thumbsucking, moderately mentally retarded or developmentally normal 8–11 yr old males, 16516
response prevention techniques including exposure & rehearsal & relaxation & psychotherapy, 20–28 yr old females with hysterical vomiting, India, 8–12 wk followup, 37429
return of fear after partial or complete extinction, humans, literature review, implications for behavioral treatment of fear, 28358
right to treatment effectiveness, behavior modification clients, 19916
risk benefit information & parenthood, perceived acceptability & effectiveness of behavioral vs shock treatments for child self injurious behavior, married females, 5891
scheduled awakenings by compliant parents, spontaneous awakening & crying episodes at night, 6 mo to 2.5 yr olds, 2419
self hypnosis with habit reversal & response prevention, 7–12 yr old males with Tourette's disorder, 23480
self injurious behavior severity & type of intervention & setting, perceived treatment acceptability for mentally retarded children vs adults, 19–56 yr old facility staff, 26921
self instruction, response maintenance & fire-related fear reduction, 2nd & 3rd graders, 33986
self monitoring & biofeedback & relaxation training vs drug therapy, hypertensive patients, 30162
self monitoring training, reliability & reactivity of self recording, 4–5 yr olds, 40726
self statement modification treatment, children with behavioral disorders, meta analysis, 37423
sensory extinction vs response contingent physical immobilization or distasteful solution, self injurious arm biting, male multiply handicapped 6 yr old, 19895
sequential combination of distancing & cognitive restructuring & behavioral homework components of cognitive therapy, 22–64 yr old depressed females, 2337
sleep period reduction & education & modified stimulus control techniques, 59–72 yr olds with chronic insomnia, 6082
smoking cessation program using nicotine fading approach & behavioral skills training, smokers, 9890
social &/vs tangible reinforcers, operant behavior & extinction, mentally retarded 19–72 yr olds, 26922
social disapproval vs demand conditions, 10.5 yr old mentally retarded male with no language & stereotypic behavior, 6095
spontaneous communication instruction through interrupted behavior chains, severely mentally retarded or autistic or multiply handicapped students, 16492
standard vs intensive supervised vs minimal contact short term behavioral intervention, moderately obese female 18–20 yr olds, 23316
stimulus & reinforcer fading procedure, acquisition & generalization of unsupervised responses, profoundly mentally retarded 20 yr old male, 2409
stimulus enhancement techniques, reduction of inappropriate behavior, 69–76 yr old inpatients with dementia, 30379
stress inoculation therapy, reduction in aggressive behavior & generalization to day school setting, behaviorally disordered 6–14 yr old males, 16500
structural & functional analysis of misbehaviors, reduction of punishment & identification of alternative techniques, developmentally delayed clients, 26883
structured meal preparation training program, percentage of self initiated steps & disruptive behavior, mentally retarded 26–50 yr olds in community home, Australia, 3 mo followup, 37456
tactile prompts, task performance & generalization to novel tasks, deaf & blind & moderately to severely mentally retarded 19 yr old female, 30371
task analysis & stimulus shaping, telephone skills training, moderately mentally handicapped 38 yr old female, 9448

techniques in prevention & treatment of assaultive behavior, child & adolescent psychiatric patients in hospitals or residential care institutions, 23663
telephone intake procedures, initial appointment keeping, parents of children referred to outpatient behavior management clinic, 16529
therapeutic feedback band device, control of rocking &/or head movement, visually impaired 10 yr old male, 19915
therapist aided cue exposure to food, binge eating & vomiting, 17–26 yr old bulimic females, 19911
time efficient ongoing reinforcer assessment package, maladaptive behaviors, autistic male 4–5.1 yr olds, 37441
token based reinforcement of appropriate behavior, reduction of sexual behavior, mildly mentally retarded 29 yr old male in training center, 9465
topographically dissimilar competing response contingent on occurrence of muscle tics, male 24 & 32 yr olds & female 66 yr olds with muscle or facial tics, 30392
training & execution of food buying survey vs food diary completion, change of diet, 20–59 yr olds, Scotland, implications for health education & promotion, 30378
training & maintenance of desired behavior, 32 yr old male with organic delusional syndrome & polydipsia, case report, 26884
training in operant methods, behavior management of impaired elderly in home setting, family member caregivers, 6263
treatment of aggression & self injury & property destruction, developmentally disabled clients, 1980–85, meta analysis, 26908
treatment of behavior problems, mentally retarded 2–56 yr olds, 1981–85, literature review, conference presentation, 2420
trends in behavioral & pharmacological treatment, mentally retarded persons with severe behavior problems, 16316
tripartite behavior modification, maladaptive stereotypic & disruptive behaviors, multiply handicapped 4 yr olds, 16520
type of reinforcement procedures, serious self injury, institutionalized retarded or autistic 13–35 yr olds, 34279
use of & alternatives to aversive contingencies & restrictive procedures, children with severe behavior disorders, 23333
use of behavioral approaches in mainstream & special education, 34725
usual vs specially assessed reinforcers, stereotyped behaviors & responsiveness, autistic 9–16 yr olds, 26894
validity & usefulness of medical chart weights, evaluation of weight loss programs, HMO members in behavioral weight loss program, 6105
values & technology in normalization for creation of valued social roles vs applied behavior analysis method of operant behaviorism, patients with learning difficulties, 40717
verbal appeal & role modeling in behavior modification, litter pickup, commercial rafting groups, 38546
videofeedback vs behavior modification program, weight loss & body image, obese females, 16501
visual screening duration & constant release, self injury & screaming & generalization, 56 yr old institutionalized developmentally disabled female, 34287
water mist punishment, reduction of head hitting, 10 yr old multiply handicapped visually impaired male, 40719
worksite behavioral weight loss program, obese mentally retarded adult employees of community sheltered workshop, 9458

Behavior Problems

academic achievement & auditory & speech & behavior difficulties, children with unilateral sensorineural hearing loss, conference presentation, 29860
action oriented group counseling, skills development & problem solving, students with behavior problems, 6812
adaptation & standardization of Teacher's Report Form of Child Behavior Checklist & Profile, referred vs nonreferred male 7–12 yr olds, Turkey, 41354
adaptive behavior, mentally retarded adults living in community residences vs with parents or in foster care, 16805
adaptive skills & behavior disorders, institutionalized mentally retarded 20–46 yr olds with vs without epilepsy, 29800
aerobic dance exercise in day activities center, inappropriate behavior, developmentally disabled 29 & 53 yr olds, 20102
age & IQ & SES & history of brain injury, neuropsychological impairment & behavior problems, 8–16 yr old male psychiatric patients, 22654
agendas for & methodological issues in research on role of hormones & other neuroendocrinological factors in psychosocial development & abnormal behavior, adolescents, 19311
alcohol & drug abuse, psychological & social & behavioral problems, male vs female 12 yr olds & older, 36882
alcohol drinking patterns & related problem behaviors, college students, test of neutralization theory, 8319
alcohol intake, development of behavioral & health problems, humans exposed to stressful events early in life, longitudinal study, conference presentation, 15917
alcohol use, behavior changes & problems, 1st yr college students, implications for prevention, 36836
analytic therapy, extreme dominance & difficulty, 3 yr old male & his mother, 2310
anger management vs expression groups, 12–17 yr old females with emotional or behavioral problems, 23667
anxiety & depression & self esteem & behavior problems, female sexually abused 6–12 yr olds, 29697
application of problem behavior theory to problem of drinking & risky driving & riding practices, high school students, conference presentation, 25645
application of problem behavior theory to understanding of risky driving, adult drivers with vs without record of convictions, Canada, conference presentation, 27832
Arizona Youth for Change day hospitalization program, adolescents with emotional &/or behavioral problems, 20175
assessment of treatments, severe behavior problems, developmentally delayed persons, literature review, 23137
attitudes toward adoption disruption & foster care placement, adoptive parents of special needs children, 13055
attitudes toward behavior problems of geriatric residents in long term care facilities, registered & licensed practical geriatric nurses, 30716
attitudes toward troublesome classroom behavior, elementary school teachers, 6669
behavior modification, undesirable & aggressive behavior, 4 yr old male nursery school student, 34608
behavior problem profile, 3.6–4.5 yr olds, India, mental health implications, 36119
behavior problems & attention, learning disabled 6–14 yr olds, 15987
behavior problems & risk of psychological problems, 6–16 yr old offspring of parents with anxiety disorders, 22640
behavior problems & school achievement, 13 yr olds with deficits in attention &/or motor control & perception, Sweden, 3 & 6 yr followup, 30444
behavior problems & size & type of living setting, psychotropic drug utilization, moderately mentally retarded 37–79 yr olds living in congregate or group care settings, 23397
behavior problems, 3–12 yr old sexually abused vs nonabused children from psychiatric outpatient vs well-child clinics, 1785
behavior problems, 3–8 yr old sexually abused vs conduct disordered males, 8791
behavior problems, 6.5–15 yr olds living with their mentally ill parent vs with alternative families, 22644
behavioral & emotional indicators of child sexual abuse, hospitalized sexually vs physically abused 5–14 yr olds, 29716
behavioral abnormalities, 64–80 yr olds with dementia, 5631
behavioral consultation & development of prereferral intervention strategies, behavior problems, school consultants & difficult to teach 5th–6th graders, 34810
behavioral home school support system, treatment of behavior problems, pupils in mainstream schools, 10209

behavioral intervention, behavior problems, cognitively impaired or incompetent 73–76 yr old foster care clients, 2422
behavioral symptomatology, 5 yr olds with different speech/language impairment profiles, Canada, implications for relationship with psychiatric disorders, 26416
behavioral symptoms & emotional dynamics, parents & their emotionally disturbed adopted 12–20 yr old daughters, Scotland, 12052
behavioral techniques, management of classroom behavioral difficulties, low social status male 3rd yr secondary school students, Wales, 31037
Behaviorally Anchored Discipline Scales, predictable & consistent disciplinary responses to employee misbehavior, employees & supervisors, 10365
brief strategic intervention, 3rd grade female with symptomatic vomiting, case report, application to school counseling, 31237
child & adoptive family characteristics & type & amount of services received, prediction of adoptive disruption, special needs children & their adoptive parents, 13052
child & family psychosocial & demographic characteristics, interrater agreement on child psychopathology rating scales, family with 6–11 yr olds & teachers, 1510
childhood behavior & vulnerability for externalizing or internalizing disturbances, adult personality development, male vs female 13 yr olds, 14 yr study, 15138
childhood risk for adolescent educational & conduct & mental health problems & substance abuse, 17 & 18 yr olds with childhood hyperactivity, longitudinal study, conference presentation, 9120
cigarette smoking & alcohol & drug use & misconduct & peer behavior, junior & senior high school students, 1144
CNS prophylaxis, behavior problems, children under 16 yrs old with acute lymphoblastic leukemia, 33744
cognitive ability & school achievement & emotional functioning & family relations & behavior problems, sexually abused vs nonabused 6–14 yr old females, 26229
commonalities of characteristics & reasons for referral, 8–17 yr olds with emotional & learning difficulties referred for testing, recommendations for school personnel & parents, 40338
conceptualization & testing of theory based causal model of disciplinary offender status, college students with offender vs nonoffender status, 41305
consistent vs inconsistent reprimands & permissive responses, 2nd–3rd grade males with behavior problems, 17126
construction & factor structure & predictive validity of socialized coping scale, adolescent males released from residential treatment facility for behavior problems, followup, 14115
constructive vs misbehaving peer model, classroom behavior, middle vs working class male 63–73 mo olds, 41298
Contingencies for Learning Academic & Social Skills program, acting out 8–12 yr old elementary students, Costa Rica, replication, 3250
correlation between parent's ratings on Child Behavior Checklist & teacher's ratings & direct observation & personality & cognitive measures, clinically referred 6–11 yr old males, 11887
cost effective behavioral parent training programs, perceived child improvement & overall satisfaction, parents of children with conduct problems, 23350
cultural influence, prevalence of behavioral & emotional problems, 6–11 yr olds, US vs Thailand, 1539
cultural influences, behavior & clinic referral problems, Jamaican vs American 6–17 yr olds, 39641
culture, threshold for concern over child behavior problems, parents vs teachers vs clinical psychologists, US vs Thailand, implications for referral for clinical problems, 5471
death of child from cancer, family environment & surviving sibling behavior, families with 6–16 yr olds, US & Canada, 16060
demographics & socialization & personality & perceived environment & problem behavior, drinking, 10th–12th graders, application of problem behavior theory, 32533
depression &/vs hyperactivity & family history of affective disorders & school behavior problems, 6–15.9 yr olds with developmental specific symbol language disabilities, 34792
development & factor structure of psychosocial behavior scale, assessment of disturbed & hysterical behaviors, mentally handicapped adults, 10581
developmental level & interpersonal negotiation & social problem solving skills, engagement in problem & delinquent behaviors, 13.8–18.6 yr olds, 29718
disclosure of mother's homosexuality, acting out behavior, female 13 yr old being raised in lesbian family, case report, 26291
dramatherapy, junior high school student with behavior problems, England, 17319
drug use & behavior problems, truant vs nontruant high school students, 5514
duration & frequency of physical &/or sexual abuse, incidence & severity of emotional & behavioral sequelae, 13–18 yr olds admitted to chemical dependency treatment center, 12106
early malnutrition, behavior at home & school, 9–15 yr olds, followup study, 33525
early risk factors & school adjustment problems, adult alcohol abuse & criminal offenses & psychiatric care, 13 yr old males, 10 yr study, 15584
effectiveness of procedure & 8 vs 13 yr old target child, acceptability of school based behavioral interventions, college students, 41256
ethnic influences, difficult temperament & behavioral problems, infants, Australia, 1113
expectations of student behavior & types of problems that require technical assistance, 24–56 yr old regular or special education elementary or secondary school teachers, 41197
expressive classroom activities, identification of underlying causes for behavior problems, special education teachers & learning disabled students, 10200
factor analysis of syndromes derived from Child Behavior Checklist, 6–11 vs 12–16 yr old females with behavioral or emotional disturbances, US vs Netherlands, 15603
factor analysis of teacher manageability, assessment of beliefs about ability to manage classroom maladaptive behaviors, regular & special education teachers, 6838
factor analysis of types & timing of agitated behaviors, 70–99 yr old nursing home residents, 40959
family effectiveness training, prevention of adolescent drug abuse & behavior problems, Hispanic families of at risk 6–12 yr olds, 6 mo followup, 23291
family income change & perceptions of parental acceptance, involvement in deviant peer context & perceived peer rejection & transgression proneness, 11.1–17.1 yr olds, West Germany, 32494
family interaction patterns, behavior problems, children followed from age 6 mo to 4 yrs & their mothers, 29162
family planning policy with one child maximum, parental childrearing attitudes & child development & behavior problems, male vs female 3–6 yr olds with vs without siblings, China, 15221
family problem solving & communication skills group counseling model, behavior problems related to dysfunctional family interaction, elementary or middle or secondary school students, 6846
family reaction to behavioral changes & family vs individual therapy, male 10–18 yr olds with severe head injuries & their families, 2358
family ritual processes, behavior or emotional problems, 6–18 yr old children of alcoholics, conference presentation, 15898
family therapy, 16 yr old male referred for rebellious & aggressive behavior & marihuana use & his family, case report, 9418
field dependence/independence & adaptation vs innovation, male alcoholic 19–60 yr olds, implications for treatment planning, 5517

formulation of R. Dreikurs of 4 goals of children's misbehavior & Adler's social interest activity typology, 18503
frequency & severity of emotional & somatic complaints & behavioral problems after sexual abuse, 1–18 yr olds & their mothers or primary caretaker, 12175
frequency of attention deficit disorder without hyperactivity & prediction of response to stimulant drug treatment & previous behavior patterns, 8.8–18.5 yr olds, 30060
frequency of maladaptive health related behaviors & teacher ratings of conduct problems, 8–12 yr old children of chronic low back pain vs diabetic patients, 1526
fundamental social skills training in community based group home, developmentally disabled 13–16 yr olds with severe behavior problems, 27123
general intelligence & problem behavior, male 6–8.5 yr olds with physical or hearing or speech handicaps, India, conference presentation, 36521
generalized vs cross situational hyperkinesis, prediction of outcome & prevalence of school achievement & conduct problems, 7–13 yr olds, 3 & 6 yr followups, Sweden, 12396
goal setting & student teacher contract, on task behavior & academic performance, 4 yr olds with behavior problems or developmental disabilities, 20465
group parent skill training using standardized information, satisfaction & home observed interaction, parents & their 1.4–7.6 yr olds with behavior problems, New Zealand, 33940
group psychotherapy for feeling identification & communication skills & anger management, child vs parent vs teacher ratings of problem behavior, 7–14 yr olds with recently divorced parents, 6005
guidelines to establish on site unit, secondary students with behavior problems, England, 3254
haloperidol, discrimination learning & maladaptive behavior, autistic 2.0–7.6 yr olds, 40743
holding & letting go of disturbing feelings & behavior, recovery of learning, junior high school student, 6818
home environment & maternal psychiatric symptoms, prevalence of child's behavior problems, 36–48 mo olds & their mothers, Ireland, 11891
home visit & psychological & medical examinations, disruptive school behavior, 7 yr old Hmong refugee with language handicap & hearing loss, 34750
hospitalization & surgery, psychological responses, children, literature review, 16776
hypnotherapy, behavior problems, 10 & 14 yr old students, 41357
hypothetical patient age & cognitive capacity & behavior problems, acceptability ratings of positive vs aversive behavioral treatment vs drug therapy, college students & 30–88 yr olds, 30143
im lorazepam vs haloperidol, disruptive behavior, psychotic inpatients, conference presentation, 27004
implicit vs specific situation & situation behavior relations, impressions & prediction of target child's actual aggressive behavior, counselors observing children with behavioral problems, 15481
incidence & detection of side effects coincident with baseline behavioral observations of clinic & nonclinic children, investigators, 21029
individual psychology perspective on developmental issues & needs, gifted or problem children, 21872
individual videotape modeling vs group discussion with vs without videotape modeling treatment, parents of 3–8 yr olds with conduct problems, 6110
integrated treatment of marital conflict & child behavior problems, families, 37207
interpersonal & work related classroom behavior, teacher identification of risk & problem behavior, kindergartners, 10386
interpersonal aggression & general marital discord, child psychopathology & problematic behavior, families with 5–12 yr old children, 29714
interpretation of problem behavior in cooperative vs traditional context, perceived climate, student teachers, 17224
interrater reliability of Revised Behavior Problem Checklist, female teachers of deviant 3rd–6th graders, 34836
intervention by educational psychologist based on student perspective, classroom behavior problems, elementary school students & their teachers, 3239
IQ, behavior problems & psychopathology, gifted 12–16 yr olds, 25588
level of responsibility & type of care facility, perceptions of disruptive behavior in elderly, nurses in acute care hospitals, 34328
listening skill instruction, students with mild & moderate learning & behavior handicaps, 27710
locus of success & failure attributions, problem vs nonproblem secondary school students, England, 24078
long term effectiveness of cost effective training programs, parents of 3–8 yr olds with conduct problems, 1 yr followup, 40715
low dose fluphenazine decanoate, behavioral disturbances, elderly patients with Alzheimer's disease, conference presentation, 12864
maladaptive behaviors, maintenance on neuroleptic drugs, institutionalized mentally retared adults, 34006
marihuana use, rebelliousness & delinquency & tolerance of deviance & depression, 9th–12th graders, 5500
maternal attachment classification, dyadic problem solving, developmentally intact vs delayed 24–54 mo olds with behavior problems & their mothers, 11870
maternal depression & anger, reports of child's behavior problems, mothers & their 5–13 yr olds referred for day treatment, 26205
maternal depression, child's behavioral & emotional problems, mothers & their 1st born 4 yr olds followed from pregnancy, 40075
maternal everyday & life event stress & depressive symptoms, child behavior problems, mothers & their 5–6 yr olds, 8099
maternal mental health & child behavior problems & social adversity in family, families of 2.5–16 yr olds attending child guidance clinic, 30656
maternal perceptions of behavior problems & social skills, 4–16 yr olds with juvenile diabetes vs spina bifida vs hemophilia vs obesity vs rheumatoid arthritis vs cerebral palsy, 5823
maternal responsiveness during 1st yr of life, social skills & development of behavior problems, preterm infants assessed at age 4 yrs, followup study, 32496
Misbehavior Reaction Checklist for Teachers, implications for use, 31330
model of neurological & behavioral effects of lead toxicity, children, literature review, 30076
multidisciplinary approach to diagnostic assessment, K-6th graders with medical or behavioral or learning problems, 3334
multidisciplinary team evaluation & demographic information & concerns of parents & educators & diagnostic outcomes & referral source, male vs female 3–19 yr olds experiencing school dysfunction, 10260
multisystemic assessment & treatment approach, behavior problems, creative adolescents, 12636
myths of destruction & cultural context & family therapy, 14 yr old male with behavior problems & his parents, case report, 33939
need for empirical applied research in behavioral technology, control of disruptive responding in natural community settings, developmentally delayed persons, literature review, 23322
need for positive theories & beliefs in treatment, troubled adolescents, 23094
neuropsychological & behavioral functioning, 6–15 yr olds exposed to narcotics in utero, 12221
norms for agreement of parental & teacher ratings on Missouri Children's Behavior Checklist, identification of behavior problems, 9–15 yr olds, 17324
nutrient intake & food sensitivities, behavior problems, preschool age hyperactive males, 33557

observation method, rate of swearing, students in residential school, 6707
occurrence & self perception of adaptive social & academic vs problem behavior, learning disabled vs nondisabled 3rd–6th graders, implications for mainstream teachers, 10173
operant conditioning behavior therapy, 14.5 yr old mentally retarded female with conduct disorder, case report, 37452
organization development method, school disorder, staff & students of troubled junior high schools, 3227
parent & teacher perception of behavior problems, 8–16 yr olds with diabetes mellitus, 9015
parent child interactions & behavior problems, 24–32 mo olds with developmental expressive language disorder & their mothers, 33437
parental childrearing practices & physical abuse, cognitive & behavioral problems, abused children, implications for treatment, 5373
parental discipline, coercive & antisocial behavior, male 6–8 yr olds from recently separated single mother families, application of structural model, 15142
parental or grandparental exposure to extreme & prolonged stress of Nazi persecution, behavior & psychosocial adjustment & school performance, grandchildren of Holocaust survivors, 8847
parents as agents of intervention, children with conduct problems & juvenile offenders, 33942
parents' vs teachers' reports of behavioral & emotional problems, 4–12 yr olds, 22493
perceived control over problematic classroom behavior, preferences for consultative vs referral services, elementary school teachers, 17218
perceived incidence & successful management of child's misbehavior, parents of hearing impaired 2–12 yr olds, 1956
perception & responses to student social immaturity & defiance behaviors in storylike vignettes, tolerance & causal attribution & adverse effects & strategy choice, preservice teachers, 27493
perception of & concern about behavioral problems & understanding of developmental status, parents of developmentally at risk 3 yr olds & younger, 36511
perception of control & competence & contingency, relation between stress & behavior symptoms, 6–10 yr olds, 18703
perceptions & attitudes & beliefs about common & life-threatening adolescent problems & risk for mental disorders, adults, implications for mental health services, 22444
perinatal & early childhood somatic & psychological risk factors, development of social & behavioral problems in late childhood & adolescence, children, 8 yr followup, conference presentation, 32934
persistence & change of behavioral or emotional problems & social competencies, 4–16 yr olds, 2 yr followup, Netherlands, 8531
person & environment centered approaches to prevention of behavioral & emotional problems, school psychologists & other school based personnel, 13698
personality disturbance & behavior problems, adolescents assessed at age 13 & 16 yrs, 1652
personality psychodynamics & parenting behavior, fathers of withdrawn vs expectation evading vs rebellious deviant students, India, 18782
personalized behavior modification using in-school suspension, behavior change, middle school students, 6820
physical growth & weight & behavioral & academic problems related to neurological dysfunction, full term infants small for gestational age, 7 yr study, 22494
pindolol, behavior problems, brain damaged 38–81 yr old male inpatients at VA medical center, 30449
predictors of satisfaction with parent training, parents with noncompliant 1.4–9 yr olds, 16469
prereferral intervention, prevention of &/or early intervention for school problems, elementary school students, 34845
presenting behavior & psychopathology, 2–18 yr old sexually abused females receiving psychiatric treatment, 40226
prevalence & severity of troublesome & disruptive behaviors, 38–87 yr olds with Alzheimer's vs multi-infarct vs mixed dementia, 19632
prevalence of & psychosocial risk factors for emotional & behavioral problems, 6–12 yr olds, Japan, 29455
prevalence of behavior problems, cognitive ability & activities of daily living, 58–82 yr olds with Alzheimer's disease, 30105
prevalence of childhood maladjustment, 4–16 yr olds, Puerto Rico, 19271
problematic thought & behavior patterns, emotional & interpersonal & vocational functioning, Vietnam combat veterans with PTSD, implications for cognitive therapy & psychotherapy, 32996
psychiatric & psychological & school & family functioning, very small premature infants observed from birth to 4 yrs old, 32964
psychometric evaluation of Child Behavior Rating Form, assessment of behavioral & emotional symptoms, 6–12 yr old psychiatric inpatients, 10608
psychosocial stress & protein sparing modified fast & weight loss program, chewing & spitting behaviors, 28 yr old female with bipolar disorder, case report, implications for bulimic variant, 29647
psychotropic drugs, dysfunctional behavior, elderly with Alzheimer's disease, 12880
putative anterior vs posterior cerebral asymmetry, neuropsychological measures & personality & behavioral characteristics, 7–12 yr olds referred for learning problems, 8943
ratings of disturbingness of student problem behaviors, junior high school teachers vs students, 10161
reactions to & punishment of & treatment recommendations for emotionally disturbed inmate's infractions, experienced corrections officers & forensic mental health personnel, 27378
"regular education initiative" trend toward integrated school programs, students with mild learning & behavior problems, 17267
residence hall judicial policies, attitudes toward rule violating behaviors, college freshmen, 20566
responses to disruptive student behavior, beginning elementary vs secondary school teachers, 34693
risk factors & overall functioning & clinical variables, prediction of treatment outcome, 3–6 yr olds with developmental delays &/or emotional & behavioral problems in therapeutic preschool, 2770
role in development of teacher inservice program for reduction of student disruptive behavior, educational psychologists, 23940
room time outs vs spanking, subsequent escape efforts from chair time outs, 2–6 yr olds with behavior problems, 19909
school anger & perceived control & classroom behavior & academic motivation, students with learning disabilities, 20608
school based "I'm special" program, drug abuse prevention & behavior problems, 5th–12th graders, 38097
selective adenomectomy, behavioral & psychiatric problems, 26 yr old male with Nelson's syndrome, case report, 6226
self management procedures, ability to sustain attention to preacademic or academic tasks, 8–14 yr olds with developmental disabilities & severe behavior problems, 13640
self reported reasons for trouble making behaviors, 9th graders in group care residential schools, Israel, 1751
self reported stress & mental & physical & behavioral problems, male 35 yr old & younger police officers vs firefighters vs other municipal employees, 41468
self vs parent vs teacher reports of child behavior problems, parent's self reports of psychological symptoms, 11–15 yr olds & their parents & teachers, 26281
self vs parental rating of self perception & self esteem & social competence & behavior problems, 6–16 yr olds in single mother vs father families, 36174
sensorimotor & play & language developmental level in infancy, prediction of IQ & behavioral functioning, preterm vs full term 5 yr olds initially tested at 13.5 & 22 mo, followup study, 29456

SES & behavior problems, kindergartners at risk for learning difficulties, 26400
SES & stress induced by Atlanta youth murders, intellectual & identity formation & competence & behavior problems, Black 3–9 yr olds, 11360
sex & age & marital dissolution, problem behavior & psychological distress & academic performance, 7–11 yr olds, 36106
sex & ethnicity, behavior problems & social competence, 4–5.9 yr olds admitted with their mothers to battered women's shelters, 33350
sex, alcohol drinking patterns & problem behaviors, college students, Singapore, 32753
Skinner's view on aversive treatment for behavior problems, 9446
social class & behavioral & other problems, mentally retarded children, India, 19445
social competence & problem behavior, learning disabled female 12–16 yr olds, 40330
social skills training course, disruptive behavior, male elementary school students, 6688
stress & perception of child behavior problems, parents of male vs female 6–11 yr olds with attention deficit disorder with vs without hyperactivity, 5591
stressful & hostile family environment, disruptive behavior, demented 79 yr old male & 89 yr old female, case reports, 12501
structural & functional analysis of misbehaviors, reduction of punishment & identification of alternative techniques, developmentally delayed clients, 26883
structured activities, appropriate & inappropriate behavior, 27–42 yr old male chronic psychiatric inpatients, 34341
symptom stability in language development & peer relations & public & stereotyped behaviors, male 4–9 yr olds with autism vs developmental receptive dysphasia, 3 yr follow-up, 32929
systemic family therapy, families with school related problems, 2368
teacher interpretation of classroom play vs deviant behavior, 2nd vs 4th vs 7th graders & their teachers, 31160
teacher ratings of behavioral & emotional problems, 6–11 yr olds, Thailand vs US, 34702
temperament characteristics & goodness of fit, behavior problems & social competence, 6–11 yr olds with spina bifida or cerebral palsy & their mothers, 19647
therapeutic management protocol, use of seclusion & restraint in psychiatric units, disruptive 16 yr old inpatient, 34303
training program consisting of home intervention & school based support group & community components, parents of children with learning or behavior problems, 6331
treatment of behavior problems, mentally retarded 2–56 yr olds, 1981–85, literature review, conference presentation, 2420
trends in behavioral & pharmacological treatment, mentally retarded persons with severe behavior problems, 16316
tripartite behavior modification, maladaptive stereotypic & disruptive behaviors, multiply handicapped 4 yr olds, 16520
type & intensity of male vs female student misbehavior, compliance message selection, male vs female elementary school teachers, 3232
utilization of goal directed treatment planning & diagnostic reasoning, male 15 yr old inpatient with behavior problems, 1825
validity of Pediatric Examination of Educational Readiness at Middle Childhood, assessment of neurodevelopmental functioning, 9–14 yr olds referred for school problems, 3324
very low birth weight, behavior problems, 9 yr olds, 19486
Behavior Therapy [See Also Aversion Therapy, Implosive Therapy, Systematic Desensitization Therapy]
acceptability & outcome & effectiveness of behavioral treatment recommendations, parents of 3–13 yr old outpatients with severe behavior problems, 16514
adherence to behavior analytic principles in operant treatment of chronic pain, literature review, 12789
anxiety management training, treatment of generalized anxiety & phobias & anger & stress, 6106
applied relaxation & perceptual restructuring behavior therapy, tinnitus loudness & discomfort & depression & irritation, adults with severe tinnitus, 9 mo followup, 2423
applied tension &/vs applied relaxation, 18–51 yr olds with phobias for blood or wounds or injuries, 6 mo followup, 26913
behavior & drug therapies & psychosurgery, patients with obsessive compulsive disorder, 2220
behavior & family therapy, food refusal after choking incident, 8–11 yr olds, case reports, 12558
behavior skills training course, drug use, drug abusing 15–55 yr olds, 1 yr followup, 41065
behavior therapy, agoraphobic adults, meta analysis, 16524
behavior therapy, children & adolescents, 1960s–80s, 26751
behavior therapy for & diagnosis & etiology & history of separation anxiety disorder, children, literature review, 12816
behavior therapy in rehabilitation, patients with various disorders, conference presentation, 20253
behavioral approach to drunk driving, 12109
behavioral approaches, conduct disorders, children, literature review, 23324
behavioral approaches to treatment, insomnia, 6104
behavioral assessment & treatment & characteristics & epidemiology of overanxious disorder, children & adolescents, literature review, 12815
behavioral assessment & treatment of social & simple phobias, children, literature review, 12805
behavioral family intervention & expressed emotion of relatives, relapse & readmission, schizophrenic adults, England, 2 yr followup, 40593
behavioral family management, stress management & reduction of schizophrenic symptoms, 9263
behavioral group training vs individual meetings with general practitioner, anxiety & benzodiazepine dosage reduction, adult clients, 16455
behavioral group treatment, obesity, 29–72 yr olds, Australia, conference presentation, 16488
behavioral intervention, behavior problems, cognitively impaired or incompetent 73–76 yr old foster care clients, 2422
behavioral intervention with families, relapse, schizophrenic 16–64 yr olds from families with high vs low expressed emotion, 19864
behavioral marital therapy, literature review, 5900
behavioral medicine in general hospital, medical & psychophysiological & psychosomatic problems, patients, 30733
behavioral psychotherapy, hypochondriasis or illness phobia patients, 6109
behavioral techniques, drug resistant auditory & visual hallucinations, schizophrenic 34 yr old female, case report, 26886
behavioral techniques in family intervention, schizophrenic 29 yr old female, case report, 16450
behavioral therapeutic intervention, sexual dysfunction, 74 & 72 yr old married couple, case report, 33985
behavioral treatment, adherence to factor replacement therapy, 10–16 yr olds with hemophilia, 4.5 mo followup, 12787
behavioral treatment, ambulation, elderly wheelchair dependent clients of adult day care center, 34282
behavioral treatment, chronic constipation & defecation rituals, male 42 yr old, case report, 40734
behavioral treatment of obsessive compulsive disorder, children, literature review, 12820
behavioral vs cognitive therapy, geriatric patients with insomnia, 3 & 12 mo followup, 9287
behavioral vs insight oriented marital therapy outcome research, commentary, 12733
behavioral vs insight oriented marital therapy outcome research, commentary reply, 12764

behavioral weight loss program, marital adjustment & weight loss, moderately obese 28–62 yr olds & their spouses, 3 mo followup, 16474
biofeedback & behavior therapy, self catheterization, anxious 7 yr old female with noncompliant bladder, 37428
brief behavioral treatment with abstinence vs controlled drinking goals, alcohol consumption & projected blood alcohol peaks, adult problem drinkers, 3 mo & 3.5 yr followups, 16959
client pretreatment characteristics, prediction of therapeutic alliance in behavioral vs cognitive vs brief dynamic psychotherapy, elderly depressed outpatients, 5946
client responsibility in behavior therapy, clinical psychologists, 33962
clinical observation & experience & development of behavior therapy, 9452
cognitive & behavioral treatment, social phobia, literature review, 19671
cognitive & behavioral treatments, patients with social phobia, 1976–88, literature review, 19689
combination & synthesis of behavioral & psychodynamic & drug therapies, psychiatric patients, 12608
construction & reliability of questionnaire, attitudes toward data collection in behavioral treatment programs, staff of schools & institutions for mentally retarded, Australia, 6583
content of behavior therapy courses offered in graduate schools of social work, 23907
developmental interactionism as integrative approach to behavior therapy, 16482
developmental issues in behavioral treatment interventions, diabetic females, 19891
diagnosis & combined behavioral & clomipramine treatment, obsessive compulsive disorder, 5369
eclecticism in behavior therapy, conference presentation, 12786
ECT followed by nonaversive treatment over 52 mo period, severe aggression, institutionalized deaf male 20 yr old, case report, 37215
effectiveness of behavioral treatment vs nonspecific factors, meta analysis, 16472
exposure & habituation training, 22–32 yr olds with obsessional ruminations-590 14, 26917
exposure & response prevention, adults with obsessive compulsive neurosis, 9449
exposure in imagination, female 31 yr old with snake phobia, case report, 12810
exposure practice & marital satisfaction & communication patterns during couples behavioral therapy, females with agoraphobia with vs without panic disorder, 26890
exposure techniques, phobias, humans, implications for veterinary treatment of domestic animals, 33954
exposure therapy with vs without cognitive restructuring, patients with social phobia, 23214
family systems vs behavioral theories, reduction of substance abuse, adolescents, 16944
functional analysis vs target behavior vs diagnostic strategy, linking of assessment & treatment selection within behavioral perpective, commentary, 16490
functional analysis vs target behavior vs diagnostic strategy, linking of assessment & treatment selection within behavioral perspective, 16506
functional analysis vs target behavior vs diagnostic strategy, linking of assessment & treatment selection within behavioral perception, commentary, 16525
group vs conjoint behavioral marital therapy, distressed couples, 12766
guided mastery or stimulus exposure treatments, performance anxiety, agoraphobic 24–66 yr olds, 33987
H. J. Eysenck's & Skinner's responses to disclosures regarding J. Wolpe's & A. A. Lazarus's misreporting of scientific data, imagery & behavior therapy, commentary reply, 35034
home based behavioral intervention, passive tobacco smoking, infants during 1st 6 mo of life, longitudinal studies, 41091
home based massed vs spaced & therapist vs self controlled exposure, obsessive compulsive 17–68 yr olds, 19886
humor in psychotherapy & behavioral treatments & family therapy, children & adolescents, 37264
hypnotic imaginative involvement & behavioral distraction, pain & anxiety & stress during bone marrow aspirations, 3–6 vs 7–10 yr olds with leukemia, 16299
hypothetical patient age & cognitive capacity & behavior problems, acceptability ratings of positive vs aversive behavioral treatment vs drug therapy, college students & 30–88 yr olds, 30143
imipramine with vs without exposure therapy, heart rate & skin conductance, 21–55 yr olds with agoraphobia with panic attacks, implications for heart rate as measure of emotional arousal, 9298
implementation of behavior therapy programs in state hospitals, 9457
in vivo exposure treatment, acrophobia, psychotic institutionalized moderately retarded 34 yr old female, 18 mo followup, 23346
integrated behavioral & psychodynamic treatments, outpatients with bulimia, 2199
integrated treatment of marital conflict & child behavior problems, families, 37207
integration of behavioral & psychodynamic & social systems, diagnosis & change in marital or general psychotherapy, 12546
integration of behavioral & psychodynamic therapy, reinforcement & consolidation of insights & emotional responses, psychiatric patients, 12605
intensive behavioral intervention, young autistic children, commentary reply, 26905
interdisciplinary behavioral geriatrics in long term care, treatment compliance, severely disabled 64 yr old male with aphasia, case report, 34320
interindividual differences & task characteristics & physical environment, outcome of planned organizational activities, hospitalized severely or profoundly mentally retarded adults, 16855
length of behavior therapy for obesity, weight loss, 21–60 yr olds, 30388
lenient behavior therapy, anorexic 12–41 yr old hospitalized patients, conference presentation, 16523
maintenance program for behavioral treatment, patients with agoraphobia or panic disorder or blood phobia, 26912
Marxist analysis of Skinner's radical behaviorism & behavior therapy, 3521
misreporting of scientific data & defense of J. Wolpe, imagery & behavior therapy, commentary reply, 35043
misreporting of scientific data & H. J. Eysenck's defense of J. Wolpe, imagery & behavior therapy, commentary reply, 35039
MMPI profiles, acupuncture vs behavior therapy vs placebo smoking cessation treatment outcomes, cigarette smokers, 20279
modifications & problems of "patient suited" behavioral treatment, hospitalized 17–27 yr olds with anorexia nervosa, 6065
nasogastric feeding & interactive behavioral approach, feeding behavior & social responsiveness & maternal involvement, hospitalized failure to thrive 5–9 mo olds, 13000
neuropsychological assessment & behavior therapy, head trauma rehabilitation, 38 & 40 yr old males with head injuries, implications for behavioral neuropsychology model, 6480
noncompliance with exposure therapy & homework practice, 27 yr old female with persistent obsessive compulsive rituals, case report, 26882
one session behavior therapy treatment, cat & snake & rat & worm phobias, 24 yr old female, 9459
operant side of behavior therapy & problems & analysis of contingencies inside vs outside clinical settings, 23345
organizational behavior management technique, patients in psychiatric day hospital, 13130

overcorrection behavior analysis procedure, room key & identification card loss, 16–74 yr old vocational rehabilitation center clients, 2 yr study, 41027
peer social initiation intervention in treatment vs classroom settings, social behavior, severely withdrawn maltreated 3–4 yr olds, 2410
personality & stress & smoking & other variables & behavior therapy as prevention tool, patients with cancer or coronary heart disease, 40718
pharmacologic & behavioral & psychotherapeutic treatment program, childhood enuresis, 5899
portable computer program, behavioral treatment of obsessive compulsive disorder, 58 yr old female, case report, 23313
posttreatment programs, long term maintenance of weight loss, mildly or moderately obese adults, 18 mo followup, 6098
predictors of premature withdrawal from behavioral conditioning program, 5–14 yr olds with nocturnal enuresis & their parents, 16528
presentation of live snake at 50 min vs 24 hr vs 7 day intervals with vs without exposure therapy, fear responses, female college students, implications for memory & state dependent interference, 16495
pretreatment & posttreatment predictors of relapse & outcome, stuttering 17–60 yr olds treated with behavioral vs dynamic psychotherapy, 16274
preventive behavior therapy, personality & behavior correlates of cancer & cardiovascular disease, adults, 6073
problems in intensive behavioral intervention study, young autistic children, commentary, 26920
problems in supervision of integration of behavioral or psychoanalytic psychotherapy, 13422
ratings of autistic children's behaviors before vs after behavior therapy, 3rd–7th graders, 16518
relaxation & cognitive restructuring & behavioral techniques, psychogenic vomiting, 33 yr old female, case report, 1 & 3 yr followups, 16291
replacement of drug by behavior therapies, pretreatment vs posttreatment drug withdrawal, insomniac adults, application of clinical research methodology models, 12781
response facilitation, test of theory of compulsive sexuality as function of interrupted or frustrated approach behavior, males with exhibitionism or peeping behavior, 26904
response patterns & relation to assessment & intervention & renovation in behavior therapy & indirect therapeutic tactics & side effects, 23319
restriction of time in bed, chronic insomnia, patients, 23347
safety signal therapy vs therapist assisted exposure, avoidance, 25–62 yr olds with agoraphobia with vs without panic attacks, 26918
single session treatment combining exposure & modeling, 16–44 yr old female patients with specific phobias, 19905
social skills training & behavior therapy, atypical social behaviors, children with severe visual impairments, 2429
specific & nonspecific treatment effects in behavior therapy, meta analysis, 16477
structured behaviorally oriented group treatment, bulimic 21–26 yr old females, conference presentation, 16446
teaching behavioral assessment & therapy, psychiatric students, France, 13284
themes & goals of treatment, psychodynamically oriented psychotherapists vs behavior therapists, with 6 commentaries, 12604
theoretical justification for commitment to collaboration in behavior therapy, 33961
theory & practice of behavior therapy for obsessive compulsive disorder, 9455
therapist client relationship as context for change in behavior therapy, 19894
training issues in behavior therapy, 9930
trends in behavioral gerontology & therapy, 6067
use of Willoughby Personality Questionnaire & Fear Survey Schedule as diagnostic aids for neurosis, clinical psychologists, implications for behavior therapy, 12087
verbal vs written behavioral prescriptions, compliance with therapeutic homework assignments, adult patients, 23315
very low calorie diet &/vs behavior therapy, obese adults, 3 yr followup, 12626
visual screening & forced arm training procedures, self injury, 14 yr old intellectually disabled male, 37457
1st interview, development of initial clinical hypothesis in behavior therapy context, diabetic male having difficulty giving himself insulin injections, 2437

D1 vs D2 agonists following pretreatment with D1 vs D2 antagonists, motility & grooming & stereotyped behavior, male rats, 18334
early postnatal propranolol, sleep wake & open field & other behaviors & alcohol drinking & regional brain amine development, newborn rats, 21754
evolutionary aspects of neural mechanisms, neuroethology of functional brain states & behaviors, humans, 4141
exhibit signs, behavior & learning, zoo visitors, conference presentation, 20919
factor structure of Child Behavior Checklist scores, male 6–11 yr olds, 21158
factors used for classification as authentically transsexual & behaviors & developmental history, 17 yr old female, 22664
functional specialization of brain structures in behavior, 21551
future telling ability of & attributions of causality to dreams & influence on behavior, college students, Nigeria, 7513
genetic variability, behavior during optimal vs stressful environments, drosophila vs rodents vs humans, literature review, conference presentation, 14655
hypnotic induction & suggestions with vs without E present, behavior, high vs low hypnotizable college students, implications for degree of compliance with experimental demand, 28363
hypotheses of lunar effect on human behavior, 13936
identification & codification of behavioral & communication aberrations, demented patients, 22922
individual differences in personality trait relevance, prediction of behavior, college students, 22422
lag method of systematic observation of behaviors & environmental events, 24535
laws of consciousness & relationship to human behavior, 10877
malnutrition & adverse effects of foods & food additives, behavior & cognitive function, children, 22491
maternal characteristics & child temperament, ratings of child's behavior, mothers & their 39–51 mo old children, 22197
molluscan FMRFamide & related peptides, cardiovascular functioning & behavior & memory, mammals, literature review, 18415
naloxone dosage, behavior & cognitive processes, normal 44–74 yr olds, implications for Alzheimer's disease, 919
naloxone induced morphine withdrawal & electrical stimulation of locus ceruleus, behavioral effects, monkeys, 7854
neonatal lesion of dopaminergic projection in ventral tegmental area, food hoarding behavior, rats, 21696
neural & neurobiochemical & endocrine components of neurophysiological typology of behavior, 11022
neuropeptide Y, food & fluid intake & resting & other behavior, female hamsters, 32226
parent participation in behavioral vs communication skills training, parental attitudes & children's self concept & behavior, parents & children, 3 mo followup, 6053
physostigmine analogs, acetylcholinesterase levels & locomotor activity & behavior, male rats, implications for Alzheimer's disease, 21778
prenatal 5-methoxytryptamine vs parachlorophenylalanine, serotonin uptake & behavior, neonatal rats, 18436
promotion & development of experimental analysis of human behavior through interdisciplinary research, implications for operant psychology, 10509
prototypicality of verbally described acts for personality factors, raters, 15493
public attitudes & knowledge & behaviors & perceptions of timber wolf, farmers & hunters & trappers & general public, 11819
radioimmunoassay for quantification of salivary caffeine & correlations with behavior, neonates, 29027
role of resources in behavior intentions model & application to marihuana & cocaine use, 20–30 yr old males, 10 yr study, 26353
self report measures, tests of attitude-behavior relationships, taxpayers, 29368
severity & classification of neonatal dysfunction, prediction of behavior & school achievement, children with abnormal vs mildly abnormal neurological dysfunction assessed at birth vs 9 yrs of age, 19523
sigma opiate/PCP compounds & morphinans that bind to PCP/sigma opiate receptors, EEG & behavior, male rats, 28961
situation & goal characteristics, ratings of expected self vs other behaviors, college students, 36446
situational information, predictions of behavior, kindergartners vs 3rd graders, 8052
sleeping & waking states, infants observed between 2 & 5 wks old, 969
sociobiology & evolution of human behavior, commentary with reply included, 32026
system dynamics modeling, understanding of social systems & behavior, 22120
systems theory approach, assessment of neuronal & molecular mechanisms of memory & behavior, animals, conference presentation, 18119
task variation, disruptive & self stimulatory behavior, severely handicapped & autistic students & adult female, 22678
temperament & motor reflex processes & visual orientation, full term vs premature infants with vs without intracranial hemorrhage, 33459
terminology for behavioral effects of drugs, 25240
ultrasonographic observation of in utero behavior vs behavior after birth, infants assessed from 14th–18th prenatal week to 1 yr of age, 15038
understanding of internal vs external psychological causes of behavior, infants & preschool age children, literature review, 21969
validity of General Behavior Inventory, identification of unipolar & bipolar affective conditions, college students, research implications, 28079
vitamin & mineral supplements, intelligence & behavior, school children, 11431

Behavioral Assessment

applied behavior analysis & social marketing & long term environmental protection, 38489
assessment of behavioral & environmental interactions, treatment of dysfunctional systems & child abuse & neglect, families, 9411
assessment of behavioral territory, mapping corporate cultures, internal & external consultants, 20881
assessment of level of functioning, prognosis & diagnosis, geriatric patients, conference presentation, 29449
behavior patterns & interpersonal interaction assessed by behavioral mapping, feedback to staff, spinal cord injured patients in rehabilitation hospital, 9846
behavioral & psychometric assessment, interdisciplinary evaluation of hysterical pseudodementia, 76 yr old patients, 9105
behavioral assessment & treatment & characteristics & epidemiology of overanxious disorder, children & adolescents, literature review, 12815
behavioral assessment & treatment of social & simple phobias, children, literature review, 12805
behavioral assessment method, 53–75 yr old lung cancer patients treated with alpha-interferon, 16609
behavioral assessment of reinforcer preferences, development & outcome of treatment for self injurious behavior, severely multiply handicapped & moderately mentally retarded 4 & 8 yr old males, 30395
behavioral assessment, social phobia & anxiety, literature review, 19106
behavioral checklist for evaluation of job skill level in community based vocational training, mildly or moderately mentally retarded 15–21 yr old special education students, 20645
behavioral systems analysis, assessment of alcoholism, 33388
Behaviorally Anchored Discipline Scales, predictable & consistent disciplinary responses to employee misbehavior, employees & supervisors, 10365

comparison of 3 scoring methods for Brazelton Neonatal Assessment Scale, detection of group differences, neonates, 17674
comprehensive behavioral & psychological & intellectual assessment, differential diagnosis of organic vs nonorganic failure to thrive, 6 mo olds, 22912
computer program for data collection & analysis in behavioral assessment, 38575
concepts & measurement of adaptive behavior in rehabilitation of handicapped, 27262
construct validity & assessment methods, students with behavior disorders, 34783
construction of rating scales, assessment of self control skills & school adjustment, teachers rating 1st–5th graders in urban vs suburban schools, 24226
contemporary behavior analysis of child development as contextualistic vs mechanistic in world view, 14032
contributions of behavioral assessment to DSM classification of depression, 12030
convergent & discriminant validity of trait & behavioral measures of masculinity/femininity & self esteem, female vs male college students, 15558
correlation between parent's ratings on Child Behavior Checklist & teacher's ratings & direct observation & personality & cognitive measures, clinically referred 6–11 yr old males, 11887
correlations of slow eye movement activity & EEG sleep stages vs behavioral measures, prediction of sleep onset, sleep deprived 20–46 yr olds, 4134
course grouping & skewness in distributions or base rates, correlations with dichotomous behavior measures, 10681
development & assessment of behavior rating scale for use in residential special school, emotionally & behaviorally disordered 10–14 yr old males, 24256
development & factor analysis & validity & reliability of REHAB behavior rating scale, chronic psychiatric patients, implications for clinical assessment & research, 7063
development & factor structure of psychosocial behavior scale, assessment of disturbed & hysterical behaviors, mentally handicapped adults, 10581
development & validity & reliability of Agitated Behavior Scale, traumatic brain injured patients, 28073
development of Behavioral Assessment Scale for Intercultural Communication effectiveness, college students, conference presentation, 21097
development of community based intervention program based on social learning theory & applied behavior & ecobehavioral analysis, child abuse & neglect, 20128
development of instrument to measure affective behaviors relating to justice & religion & literature & science value domains, 7154
ecosystem oriented assessment intervention model for social casework, 2 yr old boy with fetal alcohol syndrome, 9745
ethological methods, assessment of nonverbal behavior & change during treatment, depressed patients, 12005
ethological recording of nonverbal communication, hospitalized depressed 47–74 yr olds, 22616
ethological recording vs Hamilton rating, endogenously depressed hospitalized 47–74 yr olds, 22636
examiner effects on reliability of Neonatal Behavioral Assessment Scale, neonates & psychologists, 38608
factor structure of Multidimensional Observation Scale for Elderly Subjects, elderly, 21126
factor structure of personality trait based behavior ratings of elementary school students, 1st & 6th grade teachers, 10246
frequent momentary time sampling data, interrater agreement in observation of behaviors assessed by statistical analysis, pair of Os, 38699
generalizability theory, estimation of dependability of behavioral measures, 31529
generalized information measure for use in human performance & behavioral research, 28171
incidence & detection of side effects coincident with baseline behavioral observations of clinic & nonclinic children, investigators, 21029
individual response aggregation vs response selection profiles, prediction of self vs other ratings of shyness, college students, 31559
instructional training with vs without audio & written modeling, acquisition of behavioral assessment interviewing skills in simulated interviews, undergraduate psychology majors, 13495
integrated field vs behavior analytic units of respondent & operant behavior, 21310
interbehavioral analysis of concrete operational Piagetian tasks, interaction of antecedent stimuli & setting events & basis of cognitive behavior, 15052
interrater reliability of Rehabilitation Evaluation Hall & Baker scale, functioning level & selection of community facility, 22–77 yr olds in long term care, 7080
irrelevant or inapplicable behavior checklist items for respondent subgroups, data analysis & structure, 31743
issues & strategies in diagnosis & behavioral assessment, children with psychiatric disorders, 11989
knowledge of treatment effects & familiarity with children, behavioral ratings of 6–13 yr olds with attention deficit disorder with hyperactivity treated with placebo vs ritalin, naive vs staff raters, 40814
marker variables, applied behavior analysis research, students with behavior disorders, 19901
method using item cohorts with equivalent behavioral difficulty, within S comparisons of multiple treatment effects on nonacademic behaviors, 17540
methodological advances in observational study & standardization of behavioral assessment, children, 20th century, 39481
methodologies for behavioral system analysis, 35074
microcomputer assisted system for coding of multiple events from videotapes to common time base, 32
Misbehavior Reaction Checklist for Teachers, implications for use, 31330
model for functional analysis of behavior over time, determination of contribution to reproductive success, animals, commentaries & reply included, 21429
multivariate multiple regression vs canonical correlation vs redundancy analysis, behavioral analysis, 175
need to incorporate applied behavior analysis in public health program planning, control of major causes of morbidity & mortality, 20061
neurobehavioral approach to cognitive rehabilitation planning, brain injured patients, 30807
norms for Child Behavior Checklist, 6–16 yr old psychiatric inpatients, 17545
political determinants of behavioral assessment & psychiatric diagnosis, 11976
positive social reinforcement, vocalization assessed by experimental analysis of behavior methodology & operationalization of reinforcement definition, infants, 15206
probability criteria in detection & assessment of behavioral dominance in dyadic relationships, 498
psychodiagnostic label & assessment instructions, assessment of normal vs abnormal behavior in videotaped interview with dysthymic vs depressed client, clinical & counseling psychologists, 8613
quantal interpretation, behavioral units & stimulus control, 21317
quantitative analysis of timing of observable behavior, prediction of response to sleep deprivation, depressed patients, 19668
rating scale for assessment of parent interaction style in dyads, mothers & their developmentally delayed infants, 69
relationship between left & right hemisphere involvement in language & music & neutral task, auditory EP vs traditional behavioral measures, 40–65 yr old aphasic males, 37147
reliability & validity & internal consistency of Hebrew version of Child Behavior Checklist & Child Behavior Profile, 12–16 yr old psychiatric patients, Israel, 14089
reliability & validity of Revised Asthma Problem Behavior Checklist, 18–75 yr olds with asthma, 38600

revision of H. Thelen's behavioral rating system, assessment of emotionality, inpatient groups, 37397
role of contextual factors in behavioral assessment, children & families, implications for classical experimental approach, 39461
school health education & contribution of behavior analysis, literature review, 24016
setting & administration method, validation of curriculum based assessment of oral reading rates, 3rd–4th graders, 41363
standardization & reliability of Gordon Diagnostic System behavior based measure, diagnosis of attention deficit disorder & hyperactivity, 4–16 yr olds, 7109
statistical test for random behavior in observational studies, 173
structural & functional analysis of misbehaviors, reduction of punishment & identification of alternative techniques, developmentally delayed clients, 26883
systems for classification of behavior types & relation to explicit behavior units, implications for formal notation systems, 3534
teaching behavioral assessment & therapy, psychiatric students, France, 13284
utility of rating scales for behavioral reactions, elderly with cognitive impairment undergoing drug therapy trials, conference presentation, 40744
utility of subtest items on Children's Psychiatric Rating Scale, evaluation of psychopathology, 2.3–7.8 yr olds with infantile autism vs conduct disorder, 7164
validity & interrater reliability of Manchester Nurse Rating Scales for Depression & Mania, assessment of ward behaviors, depressed or manic patients & registered & student nurses, 10564
validity & reliability of direct observations vs ratings of parent child interaction in neonatal intensive care unit, families of hospitalized infants, 2763
validity of Assessment of Preterm Infant's Behavior, assessment of functional competence, premature vs full term newborns, 14087
validity of Missouri Inpatient Behavior Scale, assessment of symptom & behavior change, adult chronic psychiatric inpatients, 6 mo study, 10582
validity of Neonatal Behavioral Assessment Scale orientation behavior, prediction of visual discrimination performance, 2–3 day olds, 3 mo followup, 10622
values & technology in normalization for creation of valued social roles vs applied behavior analysis method of operant behaviorism, patients with learning difficulties, 40717
videocassette or videotape recording of video & digital information on discrete stimuli & responses, 25
1 day inservice workshop on behavioral consultation, problem identification skills, school psychologists & other related services personnel, 9977

Behavioral Contrast

absolute reinforcement rate & carry over effects in multiple schedules, pigeons, 35483
alcohol & shifts in food reward size, runway performance under simultaneous incentive contrast condition, female rats, 14832
behavioral suppression by delayed reinforcement, multiple schedule behavioral contrast, 429
component duration during reinforcement under multiple food reward schedules, positive behavioral contrast in key pecking vs treadle pressing task, pigeons, 7546
concurrent vs multiple VI schedules reinforced by food &/vs alcohol, behavioral contrast, rats, model of alcohol consumption, 24953
ethanol, positive vs negative successive incentive contrast effects resulting from shifts in size of food reward, rats, 833
high probability response restriction, time reallocation & substitution of free operant responses, autistic 6–10.8 yr olds, support for selective substitution model, 15693
intrahippocampal colchicine, incentive contrast & radial maze performance, rats, 28764
multiple schedules of qualitatively different reinforcers, behavioral contrast, male rats, 419
multiple VI reinforcement rate schedules, behavioral contrast, pigeons vs rats, 35447
prenatal ethanol exposure, consummatory negative contrast with abrupt reward reduction, male mice, 11181
response deprivation & conditioned reinforcement & multiple schedule induced behavioral contrast, handicapped or autistic children, 23340
response independent vs dependent conditioned reinforcers in VI schedule, anticipatory contrast during schedule transition, pigeons, 7562
similarity of component stimuli, behavioral contrast, pigeons, 7561
stimulus similarity & discrimination performance, overall & local contrast in multiple schedules, pigeons, 21354
stimulus variation within positive or negative stimulus sets, positive dimensional contrast in visual discrimination, male homing pigeons, 28421
training with 32 percent sucrose solution shifted occassionally to 4 percent vs 4 percent solution only, negative incentive contrast in consummatory responding, red vs white eared opposums, 3948

Behavioral Health [See Health Care Psychology]

Behavioral Medicine [See Health Care Psychology]

Behavioral Sciences [See Sociai Sciences]

Behaviorism

behavior microstructuring theory using rewards or gratifications & use of interpersonal processes to meet needs & create social structures, commentary, 36228
behavioral methods, personal peace activism, 30368
behavioral perspective on military deterrence vs nonviolent alternatives to prevention of war, 29192
behavioral theory of social microstructuring involving rewards & material gratification, 25683
behavioral theory of social structure as commitment to behaviorism vs basic needs & their explanation by event regularities, commentary, 36229
behavioral theory of social structure using needs to generate social interaction & change, commentary, 36224
behavioral theory of social structure using problematic interpretation of history & social theory, commentary, 36226
behaviorism & existentialism, 3527
behaviorism & peace, 29191
behaviorism & reflectivity & critical activity, workplace learning & job involvement, 13877
behaviorism vs cognitive psychology & folk psychology, mental models, 24801
behaviorist methodology for interpretation of psychophysiological responses, conference presentation, 4203
behaviorist theories of motivation & learning strategies & research on individual differences, students, educational implications, 31153
behaviorist vs choice theoretic frameworks of maximizing vs satisfying decision rules, 24853
behavioristic & cognitive approaches, development of effective educational technology, 23968
capitalism & socialism from behaviorist perspective, 29195
capitalism & socialism from behaviorist perspective, commentary, 29197
controversies & reviews of B. F. Skinner's books "Verbal Behavior" & "Beyond Freedom & Dignity", commentary, 3514
covert mini courts within judicial & law enforcement systems, behaviorology as scientific & philosophical foundation for criminal justice field, 29257
current convergence of behavioristic & functional & cognitive perspectives in experimental psychology, 14028
demographic characteristics & beliefs about methodological & theoretical issues, behavioral vs cognitive psychologists, 17034
development of & differences between behaviorism vs cognitive psychology vs new cognition theories, 17
G. Mead vs B. Skinner's views on agency & determinism in behaviorism, commentary, 24517

influences on C. Hull's "Principles of Behavior" & theories of learning, 17519
limitation of Skinner's radical behaviorism theory of consciousness, explanation of self conscious experience of pain, 7298
logical scheme vs chronological reconstruction of conceptual framework of behaviorism, commentary & reply, 21017
Marxist analysis of Skinner's radical behaviorism & behavior therapy, 3521
naturalistic psychology vs behaviorism, commentary, 21248
naturalistic psychology vs behaviorism, commentary, 21281
operant theory & contingency analysis as basis for unified theory of social work practice, commentary, 16840
operant theory & contingency analysis as basis for unified theory of social work practice, commentary reply, 16844
radical behaviorism & support for theses concerning theory appraisal, 7013
Skinnerian explanations of species specific behavior & causality, applicability to scientific theory & research, animals, implications for theories of human mental functioning, 14502
Skinnerian vs Piagetian vs existential phenomenological approaches to poetic or artistic or aesthetic experience & behavior, 28022
Skinner's behavior analytic theory as scientific explanation & role of B. L. Whorf's linguistic relativity, 7009
Skinner's behavioral theory of knowledge, commentary, 20
Skinner's behaviorism theory vs W. Glasser's control theory, applications to reality therapy, 37310
Bekesy Audiometry [See Audiometry]
Belgium
availability of psychotropic drugs, suicidal self poisoning mortality, 15 yr olds & older, 1971–84, Belgium, 40296
geographical pattern of methods of suicide, females vs males, 1968–72 vs 1978–81, Belgium, 8824
local fiscal knowledge & preferences for public sector expansion & attitudes toward taxes, adults, Belgium, 8286
mental health program, Latin America political refugees in exile, Belgium, 34203
methods of completed suicides, males vs females, 1968–72 & 1978–81, Belgium, 33326
perceived similarity & commonalities in national interests, attitudes toward foreign countries, 17 yr olds & older, Belgium, 22155
professional apprenticeship, vocational rehabilitation, psychiatric patients, Belgium, conference presentation, 20230
structure of mental health & social services, Flemish mentally retarded, Belgium, 16821
value hierarchies, 15–18 yr olds & their parents, Belgium, 1074
Beliefs (Nonreligious) [See Attitudes]
Beliefs (Religion) [See Religious Beliefs]
Belize
perceptions of homophily & shared interests & threats & mass media exposure, desire for closer ties to US & Latin neighbors, high school students, Belize, 32506
Bem Sex Role Inventory
Bem Sex Role Inventory scores, male sex offenders vs sexually dysfunctional adults, 33263
Bem Sex-Role Inventory vs single scale, assessment of androgyny, college students, 28049
comparability of 7 sets of factor structures on Bem Sex Role Inventory's androgyny scale, meta analysis, 28190
confirmatory maximum likelihood factor analysis of long vs short versions of Bem Sex Role Inventory, male vs female college students, 7245
construct validity of Bem Sex Role Inventory, distinction between gender schematic vs aschematic individuals, college students, 38662
construction of negative test items paralleling Bem Sex Role Inventory positive items related to androgyny & self derogation, male & female college students, implications for confound free scale, 24566
correlation of Japanese versions of Bem Sex Role Inventory & Personal Attributes Questionnaire & Adjective Checklist, measurement of psychological androgyny, male vs female college students, Japan, 17559
correlation of scores on Eysenck Personality Questionnaire dimensions & Bem's Masculinity & Femininity scales of revised Sex Role Inventory, male vs female college students, 11822
predictive validity of Bem Sex Role Inventory in terms of gender role, career plans & life orientations, male vs female college students, Canada, 7173
short vs original Bem Sex Role Inventory, sex role identity of "good" manager, college & graduate students, 1976–77 vs 1984–85, replication, 38377
validity of Spanish version of Social Desirability Scales of Bem Sex Role Inventory, male vs female college students, Mexico, 7135
Benadryl [See Diphenhydramine]
Bender Gestalt Test
age & maturation, ability to reproduce patterns on Bender Visual Motor Gestalt Test, 5–11 yr old females, Iran, 8014
Bender Gestalt test performance, neurological vs schizophrenic patients, implications for differential diagnosis, 19016
correlations between Bender Gestalt Test & Draw A Person test drawings, seriously emotionally disturbed or behavior disordered 5–14 yr olds, 33290
interrater reliability of Marley's Differential Diagnosis Scoring System for Bender Gestalt Test, diagnosis of brain dysfunction, raters of 12–84 yr old psychiatric clinic patients, 38603
maximum split half reliability of Bender Visual Motor Gestalt Test, adults, 147
Minnesota Percepto-Diagnostic Test vs Bender Visual Motor Gestalt Test, diagnosis, brain damaged vs non-brain-damaged 12–17 yr old patients, 7102
perceptual organization assessed by Bender Visual Motor Gestalt test, male 20–30 yr old pickpockets, India, conference presentation, 36729
performance on Bender Gestalt Test under standard conditions vs background interference procedures, learning disabled vs normal elementary school students, 27709
sensitivity of Bender Gestalt Test, screening for neurological impairment, 55–85 yr olds with dementia or pseudodementia, 38642
serial position of figure "A" in Bender Gestalt test, recall of figure "A", 14–17 yr old juvenile delinquents vs nondelinquents, Israel, 15840
subgroups based on Bender Visual Motor Gestalt Test errors, children & adolescents evaluated for learning difficulties, 19459
validity of Hutt Adaptation of Bender-Gestalt Test & Bender-Gestalt Test for Young Children, psychodiagnosis, emotionally disturbed 12–16 yr olds with vs without mental retardation or neuropathology, 31562
Benton Revised Visual Retention Test
factor structure of Benton Visual Retention Test & tests for visual construction & discrimination & Rey Auditory Verbal Learning Test & Digit Span subtest of WAIS-R, psychiatric vs neurologic patients, 28177
intellectual function, performance on Benton Visual Retention Test, 18–30 yr olds ranked from mentally retarded to superior, 10844
Benzedrine [See Amphetamine]
Benzodiazepine Antagonists
acute vs chronic midazolam with vs without Ro 15-1788, withdrawal & discriminative motor control, male rats, 18454
b-carboline-ethyl ester with CGS-8216 precipitated withdrawal, hormonal & behavioral changes, male rats treated with diazepam, 35803
benzodiazepine agonist RO 15-1788, anxiolytic properties of ethanol in light/dark choice procedure & staircase test, mice, 14814
benzodiazepine antagonist, diazepine induced retardation of recovery from somatosensory asymmetry after unilateral lesions of anteromedial cortex, male rats, 39318

benzodiazepine antagonist RO 15-1788, food rewarded alley running on continuous vs partial reinforcement schedule, rats, implications for partial reinforcement extinction effects, 4376
benzodiazepine antagonist Ro 15-1788, vigilance, sleep deprived 22–27 yr old males, 21794
benzodiazepine antagonist Ro15-1788, neuropharmacological actions of chlordiazepoxide vs ethanol, male mice, 4332
benzodiazepine or GABA antagonists, anticonflict effects of diazepam or zopiclone or lormetazepam or flurazepam or phenobarbital in amygdala in water lick suppression test, male rats, 39392
benzodiazepine receptor agonist/antagonist pipequaline &/vs diazepam, memory, 21–42 yr olds, 14846
benzodiazepine receptor antagonist CGS 8216 or flumazenil, maze discrimination acquisition & retention, mice, 18368
benzodiazepine receptor antagonist Ro 15-1788 & level of GABAergic activity induced by progabide vs isoniazid, hypothalamic self stimulation, male rats, 21753
benzodiazepine receptor antagonist RO 15-1788 & pentylenetetrazole, mediation of CGS 9896 discriminative stimulus & generalization to chlordiazepoxide & pentobarbital, male rats, 28892
benzodiazepine receptor antagonist Ro 15-3505, nociception & nonopioid defeat analgesia, male mice, 4470
benzodiazepine receptor inverse agonist vs antagonist vs agonist beta carbolines, scopolamine induced impairment of spontaneous alternation , male mice, 4477
benzodiazepine receptor inverse agonists, anxiolytic properties of ethanol, male mice, 4317
beta carboline ZK 93 426, sedation & lormetazepam induced vigilosomnogram & cognitive changes, 20–40 yr old males, 14842
chronic diazepam with vs without Ro15-1788, tolerance to GABAergic sensitivity & anticonvulsant effects, male rats, 4369
endogenous anxiolytic adrenal steroid alpha-THDOC & interaction with benzodiazepine receptor antagonist Ro 15-1788, non opioid defeat analgesia, male mice, 32275
ethanol &/vs Ro 15-1788 &/vs CGS-8216 &/vs Ro 15-4513, responding under DRL vs FR-10 schedules, male rats, 28997
ethanol vs benzodiazepine antagonist RO 15-4513, light/dark test & motor performance, mice, 4431
ethyl-b-carboline-3-carboxylate, defensive burying & place conditioning, male rats, 39407
flumazenil prevention of chlordiazepoxide withdrawal, social interaction, male rats, animal model of anxiety, 32150
flumazenil vs ZK 93426 vs diazepam with vs without ethanol, exploration & activity level, male mice, 25256
flunitrazepam & reversal by benzodiazepine antagonists Ro 15-1788 & Ro 15-3505, sleep & encoding & recall, healthy 20–32 yr old males, 32201
lorazepam & benzodiazepine antagonist Ro 15-1788, memory & attention & sedation, healthy 18–39 yr olds, 32271
lorazepam & reversal by flumazemil, head dipping & exploration, male mice, 32194
maternal ingestion of diazepam vs benzodiazepine antagonist Ro 15-1788 during pregnancy & lactation, mortality & radial maze performance & density of benzodiazepine receptors, rats, 11268
midazolam vs Ro 15-3505 vs carboline inverse agonist FG 7142, real & sham sucrose solution intake, rats, 4337
naloxone vs benzodiazepine antagonist Ro 15-1788 vs diazepam, male scent induced analgesia, male deer mice, 867
naloxone vs Ro 15-1788 vs diazepam, analgesia induced by soiled bedding from dominant aggressive male's cage, deer mice strains, 39335
Ro 15-1788 dosage, reversal of chlordiazepoxide induced discrimination impairment, male rats, 25203
Ro 15-1788 dosage, triazolam induced circadian rhythm phase shifts in wheel running, male hamsters, implications for neural receptors, 4502
Ro 15-1788 during withdrawal from chronic diazepam, pentylenetetrazol-like discriminative stimulation, drug discrimination trained male rats, 4350
RO15-4513 vs FG-7142 with vs without RO15-1788 pretreatment, ethanol induced locomotor activity & depressant effects, male mice, 11180
tribulin output, male combat veterans with PTSD, 26055
ZK 93426 vs FG 7142 vs Ro 15-1788 vs Ro 15-4513 vs CGS 8216, drug withdrawal symptoms, diazepam dependent cats, 39304
Benzodiazepines [See Also Alprazolam, Chlordiazepoxide, Diazepam, Flurazepam, Lorazepam, Nitrazepam, Oxazepam]
accident & injury related health care utilization, benzodiazepine users vs nonusers, 2515
acetazolamide with vs without temazepam & altitude, sleep patterns, male 22–46 yr old mountain climbers, 23432
acute vs chronic midazolam with vs without Ro 15-1788, withdrawal & discriminative motor control, male rats, 18454
adinazolam vs amitriptyline vs placebo, melancholic depression, adult patients, 6150
adjunctive buspirone in benzodiazepine treatment, 27–47 yr olds with panic disorder, 37504
adverse drug reactions to triazolam vs temazepam, hospitalized 16–94 yr olds, 40765
alcohol vs barbiturate vs benzodiazepine withdrawal, types of severity of symptoms & seizures & EEG changes, literature review, 19345
alprazolam vs clobazam, 18–50 yr olds with generalized anxiety disorder, Peru, 12836
amnesic & dependency risks associated with prescribing benzodiazepines, elderly, 34042
amphetamine vs cathinone vs cocaine with vs without CGS 10746B pretreatment, drug discrimination, male rats, 18429
antipsychotics vs benzodiazepines in rapid tranquilization, conference presentation, 26951
attitudes toward use of benzodiazepines for treatment of anxiety disorders, Sweden, 12887
atypical benzodiazepine Ro 5-4864, agonistic behavior, pairs of male mice, conference presentation, 915
baclofen vs oxazepam vs diazepam vs haloperidol treatment, benzodiazepine receptor binding & extinction of conflict behavior, male rats, 4393
behavioral factors, tolerance to chlordiazepoxide & midazolam, commentary, 14853
behavioral factors, tolerance to chlordiazepoxide & midazolam, commentary reply, 14861
behavioral group training vs individual meetings with general practitioner, anxiety & benzodiazepine dosage reduction, adult clients, 16455
behavioral toxicity of benzodiazepines vs long acting neuroleptics vs lithium carbonate vs antidepressants, psychiatric patients, 6134
benzodiazepine abuse & nondrug management, anxiety, patients in primary care setting, 30580
benzodiazepine abuse, alcoholic vs psychiatric patients, literature review, 15908
benzodiazepine addiction as complication to heroin addiction rehabilitation, commentary, 41067
benzodiazepine receptor agonist/antagonist pipequaline &/vs diazepam, memory, 21–42 yr olds, 14846
benzodiazepine receptor agonists vs inverse agonists or inescapable stress, learned helplessness behavior, rats, animal model for anxiety & depression, conference presentation, 21659
benzodiazepine receptor antagonists & inverse agonists, biochemical & behavioral effects of ethanol, rats, implications for role of GABA receptor complex, conference presentation, 32205
benzodiazepine receptor densities, postmortem brains from alcoholic patients, 19348
benzodiazepine receptor inverse agonist vs antagonist vs agonist beta carbolines, scopolamine induced impairment of spontaneous alternation , male mice, 4477
benzodiazepine receptor inverse agonist S-135, glucose utilization in brain areas with memory & arousal functions, rats, 21780

benzodiazepine receptor inverse agonists RO 15-4513 vs FG 7142 vs RO 15-3505, effect of ethanol on plus maze test of anxiety, male mice, 14888
benzodiazepine receptor ligands, effect of ethanol on exploration & locomotion & anxiety, animals, conference presentation, 32231
benzodiazepine receptor partial inverse agonists beta-CCE & FG 7142, anxiogenic properties & behavioral effects, humans & animals, literature review, 4495
benzodiazepine Ro 15-4513 & ethanol, operant conditioning under DRL & discrimination of pentylene tetrazole effects, male rats, 14867
benzodiazepine usage, 65 yr olds & older, UK, 34112
benzodiazepine withdrawal following long term therapy, protracted tinnitus, 34–57 yr old patients, 19931
benzodiazepine withdrawal, obsessive compulsive disorder, 32 yr old female, case report, 16555
benzodiazepine withdrawal, patients with anxiety disorders, literature review, 23434
benzodiazepines & pharmacological dependence in psychiatric practice, 2552
benzodiazepines, control of aggressive impulses, literature review, 12844
benzodiazepines, intraspecies conflict behavior, male mice, conference presentation, 32290
benzodiazepines or alcohol, behavior mechanisms of drug antagonism, implications for behavioral science, 39349
benzodiazepines, panic related disorders, literature review, 6181
benzodiazepines, pharmacodynamics related to CNS & behavior & other functions, literature review, 902
benzodiazepines, platelet serotonin uptake, 18–59 yr olds with panic disorder, 23433
benzodiazepines, sleep & anxiety disorders, Norway, 12906
benzodiazepines, taste perception & food preferences & appetite, literature review, 39269
beta carboline ZK 93 426, sedation & lormetazepam induced vigilosomnogram & cognitive changes, 20–40 yr old males, 14842
bromazepam, anxiety & stress hormone response & clinical course of illness, 36–65 yr olds with acute myocardial infarction, 26996
bromazepam doses, visual attention task & digit symbol substitution test performance & smooth pursuit eye movements, young adult males, 39330
buprenorphine & temazepam use, drug abusing clients, Scotland, 36885
buspirone vs apomorphine vs other neuroleptics, benzodiazepine receptor binding, male mice, implications for receptor labeling & tomography, 4365
buspirone vs clorazopate vs benzodiazepines side effects, patients with anxiety &/or panic disorder, conference presentation, 30503
caffeine dose & plasma & brain concentrations of caffeine & its metabolites, uptake of benzodiazepine receptor ligand & locomotor activity, mice, 35836
caffeine with vs without clonazepam, sodium chloride intake as indicator of anxiolytic action, rats, 39402
caffeine with vs without other drugs, role of adenosine vs benzodiazepine vs noradrenergic receptors in anxiety, male rats, 35773
carbamazepine, benzodiazepine withdrawal, 28–66 yr olds with psychiatric illness, 30504
CGS 20625, central benzodiazepine receptor binding & blocking of pentylenetetrazol discriminative cues & conflict responding, male rats, implications for treatment of anxiety & seizures, 28992
chlordiazepoxide, hunger mimetic model of benzodiazepine induced hyperphagia assessed through food preference & intake, food deprived vs nondeprived male rats, 18218
chlordiazepoxide, punished & nonpunished responding & benzodiazepine receptor binding, male rats, 39326
chlordiazepoxide vs diazepam vs midazolam, defensive threat & attack behavior, wild rats, 32160
chlordiazepoxide vs diazepam vs oxazepam vs alprazolam dosages, maternal aggression, rats, conference presentation, 32256
cholinomimetic vs nootropic drugs vs benzodiazepine inverse agonists vs psychostimulants, social memory & recognition, adult rats, 32264
chronic benzodiazepine treatment & withdrawal, RT for decision & movement & sensory threshold detection & key tapping rate, agoraphobic or anxious 31–52 yr olds, 9572
chronic vs simultaneous administration of benzodiazepine agonists vs inverse agonists, kindling & withdrawal effects, rats, 4412
clobazam vs clonazepam, blood drug levels & cognitive functioning, adult males, 835
clonazepam & haloperidol, schizophrenia, 20–60 yr olds, 2442
clonazepam vs lithium & potential side effects, manic patients, conference presentation, 23366
clonazepam, 16–19 yr olds with panic disorder, 16585
clonazepam, 47 & 55 yr olds with atypical bipolar disorder, 12893
clonidine, anxiolytic & sedative effects of benzodiazepines, male rats, 11325
clorezepate, depression & cognitive functioning, anxiety patients, 12849
CM6912 vs diazepam, therapeutic efficacy, neurotic inpatients & outpatients, 37535
cognitive behavioral treatment & gradual vs abrupt cessation, benzodiazepine dependence, long term users, 2942
community survey method for postmarketing drug monitoring, outpatients treated with antidepressants or benzodiazepines, 16602
convulsant benzodiazepine Ro 5-3663, stereospecificity of discriminative effects of benzodiazepine agonists diazepam vs Ro 11-3128, male gerbils, 4388
corticotropin releasing factor & amphetamine combined with Ro 15-1788 & FG 7142, assessment of benzodiazepine agonist/antagonist receptor properties in operant conflict test, rats, 4325
delusional depression following benzodiazepine withdrawal, anxious 38 & 51 yr olds under long term treatment, 16581
detection of benzodiazepines & alcohol consumption, accident victims, France, 8880
diazepam or CL 218,872, pentylenetetrazol induced tremor & hyperactivity, rat pups, 39332
diazepam vs alprazolam with vs without handling habituation, avoidance acquisition, male rats, 32163
diazepam vs benzodiazepine agonist RO 15-1788 vs inverse agonist FG 7142, schedule induced polydipsia & temporal control of behavior, male rats, 28921
diazepam vs benzodiazepine inverse agonist FG-7142 vs antagonist RO 15-1788, latency to feed in home cage vs novel environment with vs without environment preexposure, food deprived rats, 21716
diazepam vs beta carbolines, epileptic activity & EEG & behavior, rats with absence seizures, 35789
discontinuation of benzodiazepine hypnotics, rebound insomnia, insomniac patients vs poor sleepers vs normal adults, literature review, 34031
discrimination of lorazepam & chlordiazepoxide & diazepam & triazolam, generalization to lorazepam or pentobarbital, rats, 39245
discriminative stimulus properties of midazolam vs other benzodiazepines vs sedative vs anxiolytic drugs, pigeons, 28846
efficacy & risks of benzodiazepine therapy & potential of buspirone, anxiety disorders, 6201
endogenous benzodiazepine binding inhibitor n-butyl betacarboline-3-carboxylate, proconvulsant & anxiogenic actions, mice, 18406
endogenous flunitrazepam binding inhibitor, patients with panic attacks or depression, 8655
enlargement of brain CSF ventricles, benzodiazepine dependent adults, 5519

ethanol & imidazobenzodiazepine RO15-4513, molecular interactions & GABA linked behavioral & biochemical actions, animals, literature review, 18457
ethanol &/vs imidazodiazepine, exploratory head dipping or locomotor activity, mice, 4411
ethanol with vs without imidazobenzodiazepine, alternation responses for medial forebrain bundle stimulation, male rats, 35869
etiological factors & time course & consequences & withdrawal symptomology, benzodiazepine dependent 35–48 yr old females, case reports, 26318
examination stress, platelet peripheral benzodiazepine binding sites & plasma cortisol & growth hormone & prolactin, 28–34 yr old psychiatric residents, 32084
exifone, amnesias induced by bromazepam or diazepam or lorazepam of triazolam in passive avoidance test, male mice, 14923
flunitrazepam & reversal by benzodiazepine antagonists Ro 15-1788 & Ro 15-3505, sleep & encoding & recall, healthy 20–32 yr old males, 32201
hypnotic & side effects of sublingual lormetazepam, patients with sleep disorders, 9575
hypnotic benzodiazepines, insomnia, 6166
imidazo-diazepinone RO 16-6028, anticonflict effect & reduced locomotion & rearing in free exploration, mice, 32155
imidazobenzodiazepine Ro15-4513, ethanol motor stimulant activities, rats, 39333
individual differences & diazepam vs benzodiazepine agonist FG 7142 induced changes in plasma corticosterone, schedule induced polydipsia, male rats, 11277
inescapable tailshock, GABA receptor mediated chloride ion uptake into isolated brain synaptoneurosomes & binding of agonist to brain benzodiazepine receptors, male rats, 39086
inverse benzodiazepine agonist RO15-4513 time of administration, severity of withdrawal from chronic ethanol vapor exposure, male mice, 35776
ip buspirone vs meprobamate vs phenobarbital vs chlordiazepoxide vs diazepam, parietal & frontal cortex EEG patterns during vigilance, rats, 876
ip RO 15-4513 vs fluoxetine vs desipramine, ethanol & water & food intake, alcohol preferring vs nonpreferring lines of female rats, 18387
ketazolam doses, adult outpatients with generalized anxiety disorder, 40801
long term benzodiazepine use, cognitive function, psychiatric patients, England, 12862
long term benzodiazepine use, cognitive impairment & development of drug dependency, 34034
long term clozapine therapy, 15–65 yr old chronic schizophrenic inpatients, Finland, 2493
low dose alprazolam vs triazolam vs clonazepam, open field activity, male mice, 18377
low vs high dosages of benzodiazepine receptor inverse agonists, passive avoidance & habituation, male rats, 11219
midazolam, aggressivity & violence, mentally retarded 14–26 yr olds, 37481
midazolam discrimination & generalization to GABA agonists vs serotonin antagonists vs anticonvulsants vs promethazine vs nonsedative anxiolytics, rats, 7909
midazolam, postdeprivation shock punished vs unpunished drink & food intake in novel arena & exploration of electrified shock arena, lactating maternal vs virgin female rats, 21735
midazolam vs flunitrazepam or diazepam or chlordiazepoxide or pentobarbitol dosages, stimulus discrimination, male rats, 35918
midazolam vs Ro 15-3505 vs carboline inverse agonist FG 7142, real & sham sucrose solution intake, rats, 4337
morphine vs benzodiazepines, ultrasonic distress calls, adult rats, conference presentation, 32301
nightly flurazepam or temazepam, sleep stages & latency & performance on vigilance & RT tasks, normal sleeping 21–35 yr olds, 28956
phenytoin or diazepam or clonazepam or Ro 5-4864 lindane toxicity, rats, implications for treatment of insecticide poisoning, 39311
physical dependency to therapeutic doses of benzodiazepines, 34099
postmortem GABA stimulation of benzodiazepine binding sites & glutamic acid decarbosylase activity, 16–57 yr old suicide victims, implications for role in depression, 19275
prazepam, drowsiness & sedation, outpatients with anxiety disorder, conference presentation, 19943
prevalence & clinical course of neuropsychological impairment, sedative/hypnotic & benzodiazepine dependent inpatients, 4–6 yr followup, Sweden, 12214
prevalence of benzodiazepine abuse & dependence, hospitalized psychiatric patients, West Germany, 40998
psychiatric implications of phylogenetic benzodiazepine receptor studies, mammals & avians, conference presentation, 632
psychiatric morbidity & group psychotherapy using anxiety management techniques, drug withdrawal & coping with symptoms & anxiety, benzodiazepine dependent patients, 13242
psychobiological aspects of low dose benzodiazepine dependence & withdrawal, adults with chronic insomnia, 27005
psychosocial characteristics & life experiences, low vs high dose users of benzodiazepines, 1901
quazepam vs triazolam vs flunitrazepam with vs without ethanol, daytime sleep & memory & mood & performance, healthy volunteers, 7940
rearing under varying control of food & water & treats, behavioral response to benzodiazepine agonist beta carboline-3-carboxylic acid ethyl ester, monkeys, 18356
repeated swimming stress, regional brain benzodiazepine receptor binding measured in vivo vs in vitro, mice, 39121
risk of dependence on benzodiazepines & efficacy of alternative drugs, 12926
risks & benefits of long term benzodiazepines, adults, 16646
Ro 15-4513 &/vs ethanol with vs without Ro 15-1788 & diazepam & pentobarbital, leaping & climbing & barpressing & open field behavior, female rats, 32212
Ro 15-4513, attenuation in discrimination of ethanol vs pentobarbital vs oxazepam, male mice, implications for alcohol abuse, 4464
Ro 15-4513, discriminative stimulus & rate depressant effects of ethanol, female rats, 14862
Ro 15-4513, effect of ethanol on operant RT & conflict test performance, male rats, conference presentation, 32224
Ro 15-4513, electrophysiological & behavioral effects of ethanol, mice, literature review, 28900
Ro 15-4513 vs Ro 15-3505 vs FG 7142 vs pentylenetetrazole vs Ro 5-3663, ethanol induced intoxication, male mice, 39283
RO 15-4513 with vs without ethanol, choice behavior & locomotor activity & convulsions, male mice, 18290
Ro 5-3663 or diazepam or midazolam in brain, modulation of discriminative stimulus produced by pentylenetetrazol, rats, 826
Ro05-4864 vs Ro05-5115 vs PK11195 vs PK14067, neuronal vs non-neuronal benzodiazepine site activity in nonopioid response to social defeat, male mice, 18419
severity of benzodiazepine withdrawal symptoms & clinical outcome, 25–80 yr olds, 30510
social isolation, in vivo brain benzodiazepine receptor binding, rat pups, conference presentation, 32214
standards for informed consent & liability regarding side effects of benzodiazepine therapy, clinicians, implications for buspirone as alternative, 2507
sublingual vs po prazepam, vigilance, normal male adults, 7818
supportive psychotherapy vs viloxazine vs lormetazepam vs S-adenosylmethionine, 19–63 yr olds with adjustment disorders, 33690
temazepam, avoidance conditioning, young vs mature vs old male rats, 32223
tetrazepam vs diazepam, anticonvulsant & anxiolytic & muscle relaxing & sedative effects, rodents, 11255

therapeutic vs morbid benzodiazepine dependence, patients with anxiety disorders, 40807
treatment mechanisms of beta carbolines with antagonist or partial inverse agonist properties at GABA benzodiazepine receptors, patients with senile dementia, 2528
triazolobenzodiazepines vs phenelzine, anxiolytic effects during elevated plus maze & social interaction tests of anxiety, male rats, 14869
triazolyl benzophenone CGP 11.952, cognitive functioning, epileptic adults, 26927
unlimited access, pattern of iv self administration of midazolam, male rats, 918
use of & psychological dependence on benzodiazepines, rural general practice patients 18–70 yrs old & older, Australia, 19980
water deprivation & clonazepam, taste palatability & preferred saccharin solution ingestion, rats, 14752
withdrawal from & development of tolerance to lorazepam or ketazolam or triazolam or diazepam, 19–30 yr olds & 32–56 yr old psychiatric outpatients, implications for dependence risk, 30455
ZK 93426 vs FG 7142 vs Ro 15-1788 vs Ro 15-4513 vs CGS 8216, drug withdrawal symptoms, diazepam dependent cats, 39304
zopiclone vs triazolam vs flunitrazepam vs ethanol & partial sleep deprivation, sleep onset latency & next day performance & mood & alertness, 21–31 yr olds, 929
5 vs 10 mg buspirone with 10 mg clobazam, cognitive function & psychomotor performance, healthy 20–45 yr old females, 35856
Bereavement [See Grief]
Beverages (Alcoholic) [See Alcoholic Beverages]
Beverages (Nonalcoholic)
beverage temperature & expectations, liking ratings of various beverages, college students, 21208
coffee drinking & tobacco smoking, male vs female college students, 32750
role of quinine toxicity & cinchonism related to tonic water ingestion, vision & hearing & balance disturbances & aviation accidents, conference presentation, 38313
sociodemographic characteristics & health habits & perceived health & coffee drinking, 12–18 yr olds, 1977–85, Finland, 4689
Bias (Experimenter) [See Experimenter Bias]
Bias (Response) [See Response Bias]
Biased Sampling
continuing in treatment with alprazolam or desipramine, selection bias for biochemical variables, patients with panic disorder, 23376
demographic & lifestyle selection error in mall intercept data, 18–24 yr old male mall intercept vs telephone survey respondents, 24471
recruitment bias for questionnaire data, IQ, cohorts of male twin pairs, Norway, 25534
self selection bias in energy conservation program evaluation, 38493
SES, recruitment bias in research participation, 25–40 yr old White vs Black female professionals or managers or administrators, 27919
soft selection sampling bias, correlations in behavior genetics, twins, 35229
Bible
Adlerian concept of goal directedness in psychological development, Job in Old Testament, 18502
client biography & story of biblical Samson, adult male with obsessive behavioral disorder in psychotherapy, 40632
comprehensibility & structural importance & meaningfulness & interest & specificity of denotation & concreteness, recall of biblical text, college students, 24894
rules of moral conduct in Bible stories paired with pictures, recognition, 3rd vs 5th graders, 15175
Bibliography
anorexia & bulimia & obesity & related topics, 1987, bibliography, 1955
behavioral science, undergraduate & graduate medical education, bibliography, 30905
berdache & other alternative sex & gender roles, female & male North American Indians, bibliography, glossary, 1318
bibliotherapy, adjustment to blended family, children, bibliography included, 40644
bibliotherapy in school counseling, bibliography, 31321
characteristics of & articles published in "Journal of Mental Health Counseling", 1979–88, bibliography, 30696
children's books, anxieties related to 1st day of school, bibliography, 13580
cross cultural counseling of various ethnic & racial groups, elementary & middle school counselors, annotated bibliography, 38299
daseinsanalytic psychology & psychotherapy, annotated bibliography, 16349
development of scientific psychology via bibliometric analysis, Spain, conference presentation, 14001
doctoral dissertation research in rehabilitation counseling, 1984–85, bibliography, 41034
doctoral dissertation research in rehabilitation, bibliography, 23720
doctoral dissertations on gerontology, France, 1971–85, bibliography, 39704
external & internal barriers to achievement, gifted females, bibliography, 29386
family myths, bibliography, 32679
intergenerational family issues, bibliography, 32638
journal articles on psychosocial development & biopsychological changes & service delivery & chronic physical & psychosocial morbidities & prevention & health promotion, adolescents, bibliography, 20042
mental health, Mexican immigrant females, US, bibliography, 1546
neuroanatomical & neurophysiological correlates of minimal brain dysfunction, children, annotated bibliography, 19543
overview of feminist issues in family therapy, annotated bibliography & literature review, 9379
P. H. Venables' contributions to field of psychophysiology & views on nature of schizophrenia, bibliography included, 18171
Profile of Mood States in sport research, 1975–88, bibliography, 24488
psychological literature published in socialist countries, Europe, annotated bibliography, 28001
psychology of cosmetics & physical appearance, bibliography, 8418
psychosocial impact & stress, families with handicapped or chronically ill child, bibliography, 29955
PTSD, Vietnam veterans, bibliography, 40439
reentry stress & reverse culture shock, missionaries & federal & corporate employees, unannotated addendum to C. N. Austin's "Cross-Cultural Reentry: An Annotated Bibliography", 25685
resources on AIDS, bibliography, 40343
sex equity issues, bibliography, applications for employment counselors, 38338
social science record, Hispanic females, US & Puerto Rico, bibliography, 1175
suicide & reactions to suicide, adolescents, annotated bibliography of books, 26228
teaching of history of psychology, Australia, bibliography, 17175
teaching of psychology, annotated bibliography, 31047
trends in drug discrimination research, includes cross indexed bibliography, 39399
trends in organization development, bibliography, 27937
work & family interchange, 1960–86, bibliography, 31410
works of psychologist J. Seeman, 1946–86, bibliography, 24515
Bibliotherapy
attitudes toward & prescriptions & ratings of self help books, psychologists, 5988
bibliotherapeutic processes, siblings of handicapped children, 37353
bibliotherapy, adjustment to adoption, children, 33730
bibliotherapy, adjustment to blended family, children, bibliography included, 40644

bibliotherapy, anorgasmia & couple sexual interaction & satisfaction, 18–50 yr old females & their partners, 30317
bibliotherapy, applications to stressful life events, young adults, Canada, 19682
bibliotherapy in school counseling, bibliography, 31321
bibliotherapy with positive reinforcement, premature ejaculation, couples, 2233
cognitive vs behavioral bibliotherapy, mildly or moderately depressed 60 yr olds & older, 30189
imaginative literature as therapeutic intervention, literature review, 33786
metaphor & literary imagery, bibliotherapy & poetry therapy, clients, 9270
utility of bibliotherapy, literature review, 33733
writing style improvements for bibliotherapy resources in substance abuse, 23148
Bicuculline [See Gamma Aminobutyric Acid Antagonists]
Bilingual Education
cognition & learning mathematics in 2nd language, Black secondary school students, South Africa, 38140
culture specific bilingual career awareness program, Chinese & Korean American parents, 27836
early vs late immersion, attitudes & French language skills, 7th graders, Canada, 31038
French language immersion & linguistic skills & bilingualism, bilingual education students, Canada, literature review, 31077
French vs English passages, oral reading, 1st & 2nd graders in French immersion program, Canada, 31062
issues in bilingualism & bilingual education, children, 27561
limited English proficiency, individualized education plans & use of native language or ESL instruction, Hispanic 2nd–5th graders with learning disabilities, 34766
meaning of alternating languages in ongoing bilingual discourse in classroom & communicative competence, bilingual students, implications for bilingual teachers, 10139
need for bilingual education, limited English proficiency students with communication disorders, 10225
prediction in teaching strategies & materials in Chinese-English bilingual classroom, ethnic Chinese kindergartners, 20457
questions & responses during Spanish & English reading lesson, Spanish dominant bilingual 1st graders & their teacher, 38087
Quranic preschool & reading education in Arabic & French, Arabic reading achievement, Arabic vs Berber speaking 1st graders, Morocco, 5 yr study, implications for bilingual education, 31096
Bilingualism
abstract vs concrete paragraphs & task context & comprehension instructions, prose recall, monolingual vs bilingual college students, 38919
anxiety producing conditions, language shift & coping behavior & treatment, bilingual patients in psychotherapy, 23193
assessment of 1st or 2nd language proficiency, bilingual 6–7 yr olds, England, 13718
auditory reception of second language, cerebral lateralization in simultaneous tasks requiring time sharing, Chinese-English bilingual college students, 35602
bilingualism, language processing & risk for jargonaphasia, patients with posterior aphasia, 26607
bilingualism, metalinguistic task performance, 1st graders, Canada, 979
bilingually vs unilingually presented concrete &/vs abstract concept pairs, comparative judgments, French-English bilingual adults, test of language switching hypothesis, 4536
cerebral dominance in representation of multiple languages, bilingual or multilingual adults, 25081
cloze procedure, cross cultural communication, high school students, India, 8083
cognitive & linguistic & scholastic development, bilingual Hispanic children, US, commentary reply, 21942
cognitive abilities & styles associated with bilingualism, K-ABC scores, Mexican American 1st–2nd graders, 18526
concept formation & mental reorganization & flexibility & abstract & divergent thinking ability, monolingual vs bilingual college students, 39436
cued dichotic listening task measuring language lateralization, left vs right handed vs bilingual vs learning disabled 6.1–13.6 yr olds, 5548
cultural medium & language & sequence of cultural vs foreign & 1st vs 2nd language presentation, literal & interpretative comprehension, bilingual 10–13 yr olds, Nigeria, 10076
data misrepresentation & misinterpretation in cerebral dominance crossed aphasia studies, aphasic bilingual patients, 26644
degree of bilingualism, responses to Afrikaans vs English versions of questionnaires measuring racism & acceptance of authority & egalitarianism, 17–52 yr olds, South Africa, 25362
fractional vs holistic theory of bilingualism, experimentation on neurolinguistics & language learning & speech modes, 25353
Hindi vs Urdu language & prefixed vs nonprefixed words, sentential use of words in 2 languages, bilingual Hindu & Muslim 16–17 yr old females, 11367
home language behavior, bilingual Alsacian preschoolers, France, 21934
identification of English words on Quick Test, Acadian-French vs Anglophone 3rd graders, Canada, 8028
imbalance in bilingual stuttering, English & Igbo speaking 16–40 yr olds, Nigeria, 8966
individualistic vs societal values & language choice, bilingual Hindu vs Muslim vs Sikh immigrants vs indigenous adults, Great Britain, 15269
interference in searching naming tasks in different languages, Hungarian Slovak bilingual 15–16 yr olds, Czechoslovakia & Hungary, 21920
IQ & vocabulary & testing, bilingual Hispanic children, US, commentary, 21992
issues in bilingualism & bilingual education, children, 27561
language background & literacy, Hispanic vs Black vs White 21–25 yr olds, 35960
language of data collection, health personality concepts, bilingual college students, Philippines, 15502
literacy vs bilingualism, metalinguistic awareness, 4–6 yr olds in bilingual preschool, Italy, 4592
metaphor comprehension, monolingual vs bilingual 8 & 11 yr olds, Canada, 15050
nonverbal mental capacity & conceptual repertoire & performance in Spanish & English, cross language transfer & metaphor interpretation, 7–12 yr olds, 39536
normative data for Spanish version of Test for Auditory Comprehension of Language, monolingual vs bilingual Mexican American 4–8.9 yr olds, US, 7192
parental language mixing, interlinguistic confusion, 14–28 mo olds & their parents, 32403
parental language mixing, language development, bilingual children, 25460
passive vocabulary in 1st language & derivation of relations & knowledge of language structures, bilingual 6–10 yr olds, 32402
perceptions of & interaction with speakers of high vs low English language proficiency, college students with high vs low English language proficiency, China, 4532
performance on modified Stroop test, monolingual vs bilingual 6 yr olds, Hungary & Czechoslovakia, 21978
physical size of digits vs number words vs number hand sign pairs, Stroop effect & visual field asymmetries in numerical size judgments, American Sign Language & English bilingual 20–39 yr olds, 24766
pragmatic mode vs syntactic mode use in sentence comprehension task, aphasic Spanish speaking bilingual & monolingual patients, 26632
prediction in teaching strategies & materials in Chinese-English bilingual classroom, ethnic Chinese kindergartners, 20457

principle language & experience level & language & nature of verbal task, recall, bilingual teachers & college students, Canada, implications for dual coding theory, 17877
processing of alphabetic vs logographic script in picture-word interference, English monolingual vs Chinese English bilingual college students, 35362
psychological tools & reality monitoring & cognitive flexibility, word memory & discrimination, monolingual vs Russian-English bilingual adults, 14982
reading strategies, Hispanic bilingual vs English monolingual 3rd–5th graders, 27622
reliability of E. Boder's guidelines, classification of spelling errors of monolingual vs bilingual reading disabled 1st–4th graders, naive raters, 3599
school & teacher roles, supportive classroom atmosphere & education, bilingual handicapped students, 13657
self rated 2nd language proficiency, bilingual Swedish vs German immigrants, 4530
semantic repetition, free recalling of words in French or English, bilingual adults, dual coding theory implications, 7471
sociostructural factors, evaluation of language choice strategies, monolingual vs bilingual 10–28 yr olds, Canada, 25461
stimulus onset asynchrony & semantic relation to prime, facilitation of lexical decision for same vs cross language pairs, English-French bilinguals, France, 14377
structural & temporal parameters of lexical development, Turkish 6 yr olds, Netherlands, 2 yr study, 39581
therapy in Catalan, differential language recovery in naming & pointing & translation tasks, bilingual Catalan & Spanish speaking 33–79 yr olds with aphasia, 27036
vitality perceptions, usage & evaluations of Cantonese vs English in different settings, 1st generation vs Canadian born adults of Chinese origin, Canada, 14989
words coded as synonyms vs translations vs copies, incidental recall, Spanish-English early vs late onset bilingual college students, 3871

Binocular Vision

abrupt grating contrast increments, binocular vs monocular RTs, adults, replication, 3772
age, heterophoria & associated heterophoria & fixation disparity & stereopsis for near vision & other binocular vision anomalies, 10–65 yr olds, Iran, 40532
binocular competitive interactions, layer formation in lateral geniculate nucleus, 7642
binocular deprivation, pattern discrimination learning, cats, 28441
binocular rivalry, visual search RTs, adults, 7369
binocular vs monocular exposure, lateral dominance & discrimination of straited patterns of different spatial orientation, rabbits, 39088
binocular vs monocular variability, response to 100 Hue Test, adults, 7361
correspondence & spatial frequency of microstructure vs macrostructure in red vs green vs gray random dot & stripe patterns, compound binocular rivalry, experienced adults, 17758
depth information in scene using monocular vs binocular vision, adjustment of zoom lens to match directly viewed object apparent size, adults, 3747
dichoptic presentation of text streams or character strings, reading meaningful text & target detection, adults, 14253
dichoptical viewing of bar stimuli at disparities beyond fusion limit, mislocalization of bar's half image, adults, 17787
electronic astable multivibrator circuit vs neural network model for binocular rivalry, 17776
fixed achromatic vs 2 color orthogonal circular & radial figures, binocular rivalry, 26–43 yr olds, 17795
geometrical model of binocular field, animals with laterally directed eyes, 28577
half images of large random dot stereograms, fusional limits of absolute retinal disparity, adults, 3725
induced nearpoint visual stress, reading comprehension, 3rd yr optometry students, 25124
interocular disparity range, binocular fusion, adult males, 31789
McCollough aftereffects, binocular vs monocular color effects, college students with strabismus or ambylyopia vs normal vision, 37146
modulation depth of field luminance, binocular integration of dichotically presented uniform fields, normal vs binocularly deficient 20–43 yr olds, 29853
monocular & binocular accommodation RTs, 17–34 yr olds, 38774
monocular vs binocular stimulation by 1 vs 2 shadows, visual discrimination, college students, 7328
movement of fused retinally stabilized image in pair or paired continuous & flashed stimuli, extention of Panum's fusional area in binocular vision, Os, 14266
neural theory of binocular rivalry, 14663
neutral texture disparity & familiarity cues, binocular depth reversal & pseudoscopic perception of familiar shapes of objects, adults, 38798
number of intervening points, threshold for detection of disparity in rows of points, male college students, 231
passive vs active optometric therapies, achievement of functional binocularity, clients with strabismus, 9254
psychophysical functions of binocular space perception, 17666
separation between pairs of dots or lines, binocular fusion & input to disparity processing system & isolated short wave sensitive cones, adults, 7367
shadows as retinal images without parallax disparity, binocular depth perception & stereoscopic fusion, adults, 28258
simultaneous objective measures of retinal sensory compensation during horizontal & vertical responses, adults, 3739
size discrimination & constancy, binocular & monocular goldfish, 10888
spatial frequency & binocular disparity, apparent depth, adults, 14255
2 forward facing eyes with binocular disparity, stereopsis & solid object perception with shape constancy & hand eye coordination, humans, 38787

Binomial Distribution

control of Type I errors & power, normal approximation to binomial test with vs without continuity correction, 3672

Biochemistry [See Also Neurochemistry]

biochemical & other conceptualizations of intelligence, 5035
biochemical & symptomatic correlates of drug abuse & depression, implications for model of anorexia, elderly, commentary, 2011
biochemical hypothesis of wandering, patients with schizophrenia vs dementia, 1736
biochemical imbalances identified by hair mineral analysis, violent vs nonviolent prison inmates, 33255
biochemical response & pharmacotherapy, social phobia, literature review, 19785
biochemistry & symptoms & neuropathology & drug therapy, Tourette's syndrome, literature review, 30024
EEG & biochemical parameters, depressed adults, 8684
immunochemical profiles, 17–45 yr old schizophrenic males, 26135
knowledge level & reasoning strategy in biochemistry problem solving, biological science experts vs 1st yr medical students, science education implications, 14400
methodological & biochemical considerations in pharmacological development of memory enhancing drugs, implications for memory disorders, conference presentation, 39242
molecular & genetic & biochemical findings, pathogenesis of Alzheimer's disease, 37168
neurobiology of stress, clinical & biochemical manifestations of major depressive disorder, literature review, treatment implications, 15686
passive avoidance training as model of cellular events in memory formation & synthesis of fucoglycoproteins in memory storage, chicks, 35631
relationship between bacterial chemotaxis & perception, animals, 14656
search for biochemical correlates to learning & memory, 1960–75, conference presentation, 39149

serum chemistry, 15–27 yr olds with anorexia nervosa vs digestive tract surgery vs cancer, 5815
thermal biofeedback using hand vs progressive muscle relaxation, blood pressure & blood & urine chemistry, hypertensive 23–65 yr olds, 22996
5-HT metabolism & histamine & calcium & uric acid levels, autistic 5–16 yr olds, 33105
Biofeedback [See Also Biofeedback Training]
attention to vs ignoring changing tone pitch described as skin conductance feedback vs neutral stimulus & pleasant vs unpleasant slides, affective slide ratings, college students, 3880
behavioral training with vs without biofeedback, urinary incontinence, elderly ambulatory patients, 2406
biofeedback & white noise beep during each REM vs continuous auditory stimulation, modification of EEG interhemispheric asymmetry, male college students, 662
biofeedback induced self control of somatosensory EPs, subjective pain experience, 21–46 yr olds, 23337
cognitive modification vs psychophysiological treatment, presleep cognitive intrusions, 23–49 yr olds with persistent psychophysiological insomnia, 16519
cognitive rehabilitation using drug therapy or biofeedback or cognitive behavioral therapies, posttraumatic headache symptoms, patients with minor head injury, 9831
computer enhanced EMG biofeedback, motivation & goal attainment in occupational therapy, orthopedic patients, England, 9838
detection of noncontingent feedback in EMG biofeedback training, adult males, 14667
dream therapy & biofeedback & pain behavior modification, 61 yr old asthmatic male, 40573
drug withdrawal & progressive muscle relaxation vs thermal biofeedback, cardiovascular reactivity to psychological or cold pressor stress, hypertensive 23–65 yr olds, 2405
EEG biofeedback & meditation, literature review, 618
frameworks for research on & assessment of biofeedback, 18195
performance feedback & true vs false EMG biofeedback, self esteem & efficacy & locus of control & self controlled study habits, college students, 711
portable programable transducer amplifier with analog display, continuous self monitoring of blood volume pulse, 24540
psychotherapy or biofeedback of stress management programs as adjunctive treatments, emotional problems, patients with chronic headaches, 37251
RELAX biofeedback program, assessment of effectiveness of relaxation therapy using T. Budzynski's hypnotic subliminal audiocassettes, anxious 14–61 yr old female vs male patients, Australia, 12778
Biofeedback Training
adjunctive strategies to enhance peripheral warming biofeedback training, biofeedback therapists, 16522
alpha theta brainwave biofeedback training program, beta endorphin levels, chronic alcoholic adults, 13 mo followup, implications for relapse prevention, 37917
anxiety induction during training period, transfer of EMG & stress training to stressful situation & training progress, college students, 9468
applied relaxation with vs without biofeedback, 28–82 yr old females with chronic lower back pain, Australia, 40736
assessment of psychological aspects of personality before & after biofeedback treatment, 15–26 yr old tension headache patients, 12788
asthmatic wheezing vs diaphragmatic breathing with inhalation feedback, awareness of breathing patterns & desensitization & reduction of subjective effort of breathing, asthmatic patients, 9461
auditory signal for jaw muscle relaxation, muscle tension response to signal during sleep, college students, 7739
behavioral approaches to treatment, insomnia, 6104
behavioral training, visual acuity & refractive error, myopic adults, 16507
biofeedback & behavior therapy, self catheterization, anxious 7 yr old female with noncompliant bladder, 37428
biofeedback & behavior therapy, 62 yr old female with urinary stress incontinence & 46 yr old female with fecal incontinence secondary to multiple sclerosis, case reports, 9469
biofeedback & relaxation techniques in stress management training program, schizophrenic 26 yr old male, case report, 33983
biofeedback & relaxation/imagery techniques, 4–20 yr olds with chronic headache, 6111
biofeedback as research method, 62 yr old with postacoustic neuroma & tinnitus, 33982
biofeedback assisted deep diaphragmatic breathing with guided imagery, 25–69 yr old patients with psychological or somatic disorders, 16486
biofeedback assisted relaxation training & self monitoring & in vivo exposure & response prevention, compulsive playing of video games, 18 yr old male, 9451
biofeedback assisted relaxation training, blood glucose levels, chronic Type 2 diabetic rehabilitation hospital patients with multiple symptomatology & poor prognosis, 3 mo followup, 41038
biofeedback based computer program RELAX, evaluation of conscious & unconscious self control of relaxation, 13–61 yr old males vs females, Australia, 12779
biofeedback or autogenic or relaxation training, Raynaud's disease, literature review, 16517
biofeedback procedure based on pulse volume amplitude, heart rate & pulse transit time & skin temperature, adult migraine patients, 12782
biofeedback technician training program, graduate psychology students, 34474
biofeedback therapy & relaxation training, 10–68 yr old chronic medical & psychiatric patients, 4–82 mo followup, 37450
biofeedback training, control of BP, normotensives, 12802
biofeedback training, fecal incontinence & anorectal functions, 7–21 yr olds with myelomeningocele, 30382
biofeedback training, frontal EMG & digital skin temperature & possible general relaxation effect, college students, 23339
biofeedback training, stress & coping behavior & emotional expression, cancer patients, 9473
biofeedback training to vasodilate in cooling environment, vasospastic attacks, 21–63 yr old Raynaud's patients, 19914
biofeedback vs breathing relaxation vs autogenic training, BP & stress responses & quality of life & work capacity, male 20–45 yr olds with mild essential hypertension, conference presentation, 37414
biofeedback with vs without psychotherapy, adult patients with myofascial pain dysfunction syndrome, 2215
blood glucose awareness training, estimation accuracy of blood glucose levels, 22–67 yr olds with insulin-dependent diabetes mellitus, 30373
bowel sound biofeedback, control over bowel activity & diarrhea severity, 25–38 yr olds with irritable bowel syndrome, 23030
clinical utility of Phenomenology of Consciousness Inventory, assessment of hypnoidal states during biofeedback, patients with insomnia or headaches, 35173
cognitive changes, adult migraine patients in biofeedback training, conference presentation, 12800
cognitive therapy vs biofeedback training, BP & anger control, hypertensive 25–60 yr olds, 33674
components & transfer of intrapersonal & interpersonal biosignal processing system, retraining of neuromuscular responses through EMG feedback, humans, 4218
cost effectiveness of biofeedback & relaxation & stress management, psychosomatic disorders, literature review, 2433
critical lay perspective, specific effects approach to biofeedback evaluation, 2414
critical lay perspective, specific effects approach to biofeedback evaluation, commentary, 2435
cyberphysiologic or self regulatory skills using biofeedback or imagery, immune system & white cell functioning & pain

during treatment, children with migraine or cancer or hemophilia, 26914
daily self monitoring biofeedback of headache & medication intake, female 21–49 yr old migraine headache patients with vs without visual prodromes, 6078
demographic & psychological testing & headache history information, prediction of early termination from self regulatory treatment program, chronic headache patients, 30374
diaphragmatic breathing training with inspirometer feedback, inhalation volume, 10–50 yr olds, implications for treatment of asthma & hyperventilation, 9467
diaphragmatic exercise therapy, breathlessness & tolerance level for breathing difficulties & subjective well being, patients with chronic obstructive pulmonary disease, 9445
differential diagnostic & treatment framework using surface EMG biofeedback related to emotional vs organ vs postural aspects, patients with pain related disorders, 23317
EEG during functional bioregulation of motor skills, 5–14 yr olds with motor pathology secondary to infantile cerebral paralysis, USSR, 12775
EMG biofeedback & relaxation training, 23–75 yr olds with eczema, 2 yr followup, 23335
EMG biofeedback, anxiety & depression, 75 yr old female admitted to day treatment program following forced retirement, case report, 34329
EMG biofeedback, subvocalization effects on reading speed & comprehension, adult male, case report, 12780
EMG biofeedback training, response generalization from training to natural environment, 21–27 yr olds, 30389
EMG biofeedback, 41–77 yr olds patients with conversion paralysis & chronic pain, 16484
EMG signals with vs without explanation of biofeedback purpose, RT & arm movement time, male college students, 4205
EMG vs alpha feedback therapy, patients with anxiety neurosis, India, 30390
fading & feedback &/vs incentives, visual performance & search & facial expression identification, myopic adults, 16515
fading & feedback training, visual acuity, myopic vs emmetropic college students, 16481
finger nerves blocked by local anesthetic, blood flow in all fingers during digital vasoconstriction biofeedback training, 19–33 yr olds, 35668
graded airflow with relaxation & EMG biofeedback followed by discriminative stimulus control, 19–38 yr old stutterers, 1–42 mo followup, 40822
guided imagery & yoga & autogenic phrases & thermal biofeedback, stress management, children, implications for counselors & teachers & parents, 31239
issues in & need for biofeedback research on prevention of cardiovascular disease through BP control, at risk persons, 12812
Kegal exercises & biofeedback, management of urinary incontinence, 60 yr olds & older, 6 mo & 1 yr followup, 37415
length of baseline in biofeedback &/or relaxation training research & clinical practice, 18–67 yr olds with tension &/vs migraine headaches, 16476
open attention focus training & biofeedback sessions vs conversation "rap session" for stress reduction, GPA, college students, 31322
operant conditioning model, measurement of success in EMG biofeedback treatment of upper extremity, 9450
positive vs negative relaxation & auditory frontal EMG biofeedback delay, frontal activity & subjective relaxation, college students, 23338
prediction of BP response to biofeedback assisted relaxation & development of hypertensive predictor profile, hypertensive 26–64 yr olds, 40731
progressive muscle relaxation & cognitive therapy & temperature biofeedback training, musical performance anxiety, college music students, 37447
psychological & physiological variables, prediction of success in biofeedback & cognitive self management for control of diastolic BP, borderline hypertensive 31–54 yr olds, 6096
relaxation & EMG & thermal biofeedback training, subjective tinnitus, 19–62 yr olds, 16496
relaxation &/vs imagery vs thermal biofeedback, pain management, 9–70 yr old severely brain injured patients, 9436
relaxation activation autoregulative method, saliva cortisol levels, adults, 714
relaxation or biofeedback training or other behavioral interventions vs drug therapy, BP, hypertensive patients, meta analysis, conference presentation, 37230
relaxation training with vs without galvanic skin response biofeedback, reduction in Type A behavior & heart disease risk, Type A vs Type B family members, 12795
research foundations of EMG biofeedback in rehabilitation, 1943 to present, literature review, 37832
scientific validation of clinical biofeedback evaluation, commentary, 2431
sensorimotor rhythm biofeedback with relaxation training, operant learning & seizure frequency & characteristics, 18–29 yr olds with uncontrolled epilepsy, 12817
sex & competitive vs noncompetitive EMG biofeedback training, relaxation, Type A vs Type B college students, 28677
specific effects approach to biofeedback evaluation, commentary reply, 2415
suggestibility & contingent vs noncontingent heart rate biofeedback, relaxation, college students, 21620
survey of academic courses & programs in biofeedback training, 1986–87, US & Canada, 31075
systems theory & biofeedback, treatment of cancer, children, 9456
temperature biofeedback control & hypnotic ability, 8–15 yr olds, 8061
temperature biofeedback, nonneural beta adrenergic vasodilating mechanism, Raynaud's disease patients, 16485
thermal biofeedback & autogenic training, heart rate & BP reactivity to cold pressor & mental arithmetic, 21–60 yr old males with mild hypertension, US vs USSR, 19881
thermal biofeedback & progressive relaxation, 76 yr old female with hypertension, commentary, 2402
thermal biofeedback using hand vs progressive muscle relaxation, blood pressure & blood & urine chemistry, hypertensive 23–65 yr olds, 22996
thermal biofeedback vs autogenic training vs self relaxation, BP, White male 21–61 yr olds with mild hypertension, US vs USSR, conference presentation, 37417
thermal biofeedback vs autogenic training vs self relaxation, M-mode echocardiograms, 27–57 yr old males with mild hypertension, 19899
thermal biofeedback vs progressive muscle relaxation training, psychological changes as treatment side effect, medicated essential hypertensive patients, 2404
thermal biofeedback with minimal therapist contact, essential hypertension patients, 2403
trachea noise biofeedback vs bronchodilator, recovery rate from exercise vs eucapnic hyperventilation induced bronchospasm, asthmatic 22–44 yr old, 30386
training for volitional control of ocular accommodation responses, focus on visual targets moved progressively outward & transfer to binocular vision, myopic 13–25 yr olds, 16512
vasomotor feedback, erythrophobic 25 yr old male, case report, 9463
vividness of imagery & locus of control, prediction of ability to learn biofeedback control of BP, normotensives, 12803
volitional control of finger temperature, horizontal eyeball movements, healthy 25–46 yr olds, implications for role of right hemisphere, 35682

Biographical Data

characteristics, adults with heroin inhalation vs injection addiction, 22793
computer testing & life history & physical ability tests & medical standards & other personnel selection methodology, literature review, 17345
criminal histories, incarcerated psychopathic males observed between 16–45 yrs of age, 9912

demographic & clinical characteristics & self esteem & social support availability & attachment to fetus, 14–19 yr old unmarried pregnant females in maternity homes, 25607
developmental antecedents & adult adaptations, adult male rapists committed to treatment facility, 2970
disorder duration & biographical data & family & social context, patients with obsessive compulsive disorder in support group, Australia, 26089
history of psychology textbooks & need for primary source research on life of H. Ebbinghaus, conference presentation, 17509
incidence of lesbianism & characteristics of participants, adult female inmates, 2971
learning history & environmental & situational & demographic variables, prediction of violent behavior, violent vs nonviolent male prisoners committed to psychiatric hospital, 15873
methods of prostitution & street behavioral patterns & social characteristics, 12–25 yr old male prostitutes, 5451
personality traits & biographical experiences & indicators of leader performance, presidential style, chief executives, 15364
sex & socioemotional & legal status & social background, detention decisions, juvenile delinquents & status offenders, 22249
socio historical context of life history of self containment, male, 32354
weighted application & biographical information blank, assessment of job applicants on basis of personal biographical history, personnel directors, 20746
Biography [See Also Autobiography]
biographical details & possible depressive illness, Saint Ramalingar, 1823–74, India, 19231
biography of A. Wigan & hemispheric asymmetry theory in "The Duality of Mind", 611
biography of C. Rogers, 27396
biography of M. Wertheimer, US, 1933–43, 21018
biography of psychical researcher W. Barrett, 3505
client biography & story of biblical Samson, adult male with obsessive behavioral disorder in psychotherapy, 40632
developmental view of aging in biography, 36006
intellectual development & founding of experimental aesthetics, D. Berlyne, 21857
life & work of psychologist I. M. Smith, 24520
motivations for & psychiatric & psychoanalytic contexts of Freud & W. C. Bullitt's biography of Woodrow Wilson, conference presentation, 955
Biological Clocks (Animal) [See Animal Biological Rhythms]
Biological Family
age & grief resolution & attribution of blame to biological mother, success of reunion, adult adoptees & their biological parents, 18800
development of relationship to self & objects, 2–16 yr olds adopted vs restored to their birth parents, longitudinal study, 32502
genetics, mental & cognitive abilities, biological & adoptive parents & their children assessed from age 1–7 yrs, 25456
group process model for services & training, natural parents of adolescents in out of home placement, 37391
perceptions of fostering experience, biological 6–12 yr olds vs their mothers, 25737
prevalence of schizophrenia & milder syndromes, biological vs adoptive relatives of adoptees with schizophrenia, Denmark, conference presentation, 1623
Biological Rhythms [See Also Animal Biological Rhythms, Animal Circadian Rhythms, Human Biological Rhythms, Sleep Wake Cycle]
duration of prior wakefulness vs biological mechanisms, EEG power density during naps, female college students, 11017
mathematical & statistical analysis of circadian rhythms, 35228
Biological Symbiosis
forced contact with sea anemones, recognition of symbionts, naive juvenile anemonefish, 28514
queen worker conflict & parasitism, bumble bees, 31968
secretions of dorsal nectar organ, food recruitment by attendant ants, butterfly larvae, 28474
symbiosis & systems in nature, family systems theory, 15303
Biology [See Also Botany, Neurobiology, Sociobiology, Zoology]
biodynamic basis for perceived heights for sitting & stair climbing, college students, 210
biological & psychological & cultural factors, development of pseudocyesis, females, literature review, 12462
biological aspects of panic disorder, 15772
biological basis of & pharmacotherapeutic approaches, personality disorders, 34066
biological factors in etiology of hyperactivity & attention deficit disorder & antisocial behavior, children, social work implications, 32953
biological factors, violent criminal offending, birth cohort of adult males, Denmark, 8821
biopsychosocial hypothesis vs dualism of science & humanism in psychiatry, applications to & unification of mental health field, commentary, conference presentation, 6598
category usage, development of biological inferences using scientific concepts vs irrelevant superficial features, children, 32399
cognitive development, classification of animals vs plants vs inanimate objects as living vs nonliving things, 6–15 yr olds, Israel, 32448
cognitive development, life judgments & beliefs about attributes of living things, K–4th graders vs adults, Japan vs US, implications for classification, 32434
cognitive developmental shift from similarity to category based attribution, biological inference knowledge, children, 32410
complementary concepts & mutual utility of biological vs psychodynamic models of psychiatry, basis for etiological research & treatment choice & ethics, 23132
conceptual understanding & knowledge level & inference of & cultural influences on biological concepts, children, commentary, 32441
content analysis of psychological research literature focusing on evolution & genetics & eugenics & biology & neurosciences, 1894–1985, 11003
data & theories from biology & evolution & modern generative grammar, absence of instructive learning, 35386
development of biological concepts, children, commentary, 32451
ethoexperimental approach to biological bases of aggression & anxiety & fear & emotion, animals, 1872–1987, literature review, implications for human behavior, 11002
G. S. Coles's social explanation of & roles of intrinsic biological characteristics & environment in learning disabilities, commentary, 29803
handling of live vs exoskeletons of horseshoe crabs & sea stars, learning & retention of animal related information & attitudes toward animals, 4th graders, 38124
holographic principle, organization of biological motivations in CNS, animals, 32055
individual characteristics & attitudes & group norms, prediction & models of academic entrepreneurship, life science university faculty members, 34578
integration of biological & behavioral research on alcohol problems, 29781
integration of biology & cognition & epistemology in "The Tree of Knowledge" by H. R. Maturana & F. J. Varela, 35037
interaction videodisc vs conventional laboratory, attitudes toward biology instruction, college students, 31060
knowledge level & development of life concept, judgment of object attributes & life status, 6 yr olds vs college students, 32426
levels of analysis in formation of hypotheses in evolutionary biology, 4066
misconceptions in & development of biological knowledge, 6–10 yr olds, educational implications, 4620
molecular biology in psychiatric genetics & applications of recombinant DNA technologies, 11881

outcome studies & biological psychosocial model of schizophrenia, literature review, 33028
research into biological factor in criminal behavior, implications for accountability & discrimination & treatment & government policy making, 5457
views on enduring effects of science education, professional biological scientists, 3153
Biopsy
psychosocial experience, White females with mastectomies vs biopsies & their spouses, 26598
Biosynthesis
analytical techniques for chemical identification of sex pheromones & their biosynthetic pathways, moths, conference presentation, 39130
treatment completion vs dropout & abstinence vs relapse, serum prostaglandin synthesis, male alcoholic inpatients, 2 yr followup, 2925
Bipolar Depression [See Manic Depression]
Birth [See Also Premature Birth]
anthropological perspective of hospital birth routines, 2597
behavior during pregnancy & birth of 2 infants, mature captive female bonobo pygmy chimpanzee, 21408
birth conditions, personality development, children, 5 yr study, 1080
birth psychology, impact of pregnancy & birth on behavior & emotions & development, fathers & mothers & infants, 34148
Caesarian section, maternal behavior, multiparous & primiparous ewes, 11105
childbearing behavior, pregnant females, Korea, longitudinal study, 18801
childbirth experiences, 5th day postpartum emotional functioning, 15–37 yr old females, Norway, 34192
duration between marriage & 1st birth & marital instability, Black vs White females, 25759
emergency cesarean section vs vaginal delivery, psychological adjustment, primiparous 20–35 yr olds, 6261
home vs hospital birth, satisfaction & interaction with infant & feelings of control, 1st time mothers assessed during pregnancy vs 3 days vs 1 vs 3 mo postpartum, 6401
husband's presence during delivery, anger & anxiety & dependency, 20–36 yr old females who had just given birth, Israel, 39776
imagery assisted relaxation vs prepared childbirth class, anxiety & labor & delivery pain & neonate's health, 18–33 yr old primiparous females & their babies, 9638
imprinting process at birth, self destructive behavior, adults, US & Sweden, 19297
interactions with infant & physiological & psychological condition, primiparous mothers delivered by caesarean section vs mothers delivered vaginally, 2 mo & 1 yr followups, 9623
mother & father child relations, infants delivered vaginally vs by Cesarean section assessed at 3 & 8 mo & their parents, Sweden, 6246
needs & attitudes & experiences during pregnancy & labor & subsequent to infant's birth, females, Greece, conference presentation, 8243
obstetric medication, sucking & feeding behavior & behavior status, 2 day olds, 16627
patriarchal & maternal influences, experiences of childbirth, adult females, England, 36293
perceived importance & expectations of antepartum & partum & postpartum care, expectant parents, Canada, 37652
research approaches, cross cultural study of childbirth, 22199
scientific vs other sources of beliefs about father infant bonding, adults, childbirth education implications, 25746
season & mother's age at birth, schizophrenic patients, literature review, 26053
sensory information about cesarean delivery, prenatal maternal anxiety & recovery following cesarean section, adult females, 40836
social & cultural & political factors, pregnancy & childbirth, 1217
time of day, pain & stress during childbirth, mothers, 39139
vaginal vs cesarean delivery, neonatal behavior & maternal attitudes & mother child interaction, 19–40 yr old females & their 1st vs later born infants, 4843
warm bath during labor, subjective experience of pregnancy & delivery, primiparas vs multiparas with normal vs pathological pregnancy & delivery, 2609
2-chloroprocaine, acute panic reaction, female 25 yr old following childbirth, case report, 37466
4 dimensions of narrative birth memories, 18945
Birth Control [See Also Contraceptive Devices, Oral Contraceptives, Tubal Ligation, Vasectomy]
age & contraceptive risk taking behavior, female 15–34 yr olds, Denmark, 8157
antecedents of sexual behavior & contraceptive use, adolescents, implications for prevention & sex education, 25567
attitude toward menses & knowledge of & risk factors for transmission of AIDS & contraceptive use, 12–19 yr old females, 40488
cognitive variables including number of known cases of unwanted pregnancy & sexual guilt, contraceptive behavior, sexually active college students, 36366
contraception methods & use, 15–44 yr old females, Italy vs France vs Great Britain vs Spain vs West Germany, 25817
contraceptive use & family planning, 1984, Bangladesh, 25809
correlates of condom use & other contraceptive & sexual behaviors, urban 17–21 yr old males, implications for male responsibility, 15205
disinhibition & impulsivity, prediction of sexual intercourse & contraceptive use, male vs female 12–18 yr olds, test of risk taking model, 15227
evaluation of cost effectiveness & behavioral outcomes of menstrual regulation services, Bangladesh, 6251
experiences with & opinions about social power bases in contraceptive decisions, 18–38 yr olds, 32742
factor analysis of partner involvement & contraceptive use in premarital sexual relationships, male & female college students, 15385
family planning needs & values & birth control methods, Mexican American females & health care professionals, 1218
illusion of unique invulnerability to pregnancy, use of effective contraception, female college students, 15377
interaction with female practitioner during gynecological exams & contraceptive counseling, affective responses, female college students & faculty & staff, 16750
life & social factors, contraceptive use, 14–22 yr old females with prior history of good vs poor contraceptive compliance, 1128
locus of control, contraceptive use & abortion, adult females, 4911
methodological characteristics in studies on influence of interpersonal factors on premarital contraception, 13–24 yr olds, 1970–84, literature review, 36354
physical & emotional & social factors, motivation for sexual activity & contraceptive use, adolescents, implications for role of nursing, 1066
reasons for discontinuation of contraceptive use, 17–28 yr old females who had undergone abortion procedure, Israel, 9660
sex education sources & contracepive & reproductive knowledge, contraceptive use, 15–19 yr old Black females, 22058
sexual & contraceptive issues & unplanned pregnancies, 18–44 yr old divorced single females, 25810
sexual activity & pregnancy outcome, contraceptive method switching, female Black high school students, 39636
sexual attitudes & behavior & contraceptive use, 18–36 yr old White females, 1940s vs 1980s, 11707
sexual behavior & contraceptive use & role of AIDS knowledge, college & postgraduate students, England, 15400
sexual experience & attitudes & use of contraception, unmarried college students, Israel, 11689
sexuality attitudes, arousal in response to & retention of contraceptive instruction, female college students, 4908
smoking & alcohol use & oral contraceptive use, Type A 8–17 yr olds, 36139

social & developmental & behavioral sexual factors & religious attendance, contraceptive risk taking, 15–20 yr old sexually active females, 25578
sources of sex information & quality of parent communication about sex, sexual knowledge & behavior, 13–19 yr olds, 4687
Birth Control Attitudes [See Family Planning Attitudes]
Birth Injuries
early intervention, infants at risk due to birth asphyxia, 9290
inadequate oxygenation of brain at birth, developmental outcome & clinical manifestations, educational implications, 29868
language abilities, 23 & 30 mo old twin pairs in which 1 twin suffered brain injury at birth, longitudinal study, 29932
mother infant interaction patterns & developmental outcome, full term infants with severe encephalopathy following perinatal asphyxia, 2 yr study, 29884
Birth Order
antecedent brother hypothesis, determination of probability of male birth, commentary reply, 21474
birth of 2nd child, family & parent child interactions, 22195
birth order & birth stress & lateral preferences, males vs females, literature review, implications for methodology & theory, 28626
birth order & birth weight & sex & zygosity, parental view of personality & relationship with parents & nontwin siblings, 3–19 yr old twins, England, 32674
birth order & criminal behavior & substance abuse, substance abusing adults, South Africa, 22829
birth order & depression & suicide, college students, 32957
birth order & level of education & race & fear, males vs females, 1432
birth order & number of siblings, alcoholic beverage consumption, 13–18 yr olds, 36150
birth order & personality traits, work outcomes, accountants, 24398
birth order & positive vs negative reinforcement type, conditioning of verbal abusive behavior, 13–16 yr olds, India, 11406
birth order & sex & age, helping behavior, 5–6 & 10–11 yr olds, India, 39672
birth order & sex, happiness with health & marriage & family & in-laws & friends & religion & finances & security & employment & life in general, adults, 18768
birth order & sex, narcissism, adults, 39966
birth order complementarity, marital quality & stability, spouses, 18779
birth order, intellectual ability & personality & academic interests, 13–16 yr old students, India, 24088
birth order, motor activity level, children followed from birth to 8 yrs, 36034
birth order, patients with conversion hysteria, Libya, 16173
birth order, patterns of psychological problems, children, longitudinal study, 11897
birth order, perception of family relationships, college students, 39777
child birth order, maternal separation anxiety, 21–37 yr old mothers, 36289
chronological & theoretical birth order, sexual attitudes & behavior, college students, 36334
consanguinity of parents & birth order & perinatal complications & age of onset, children with early infantile autism, India, 1636
demographic variables & family structure & environment, delinquent 10–18 yr olds, 8811
family structure & birth order, self concept & evaluation of parents, college students, 4715
incidence of parental deprivation & family history & birth order & sociodemographic factors, patients with paranoid schizophrenia, India, 1680
self vs mothers' rating of behavioral adjustment to divorce, adolescent & preadolescent 1st & 2nd born siblings, 36146
SES & birth order & sex & intelligence, 5.4–11 yr olds belonging to Scheduled Tribe vs Scheduled Caste vs non-Scheduled Caste groups, India, 8041
SES & structured vs unstructured play & ordinal position, prosocial interaction, 4.5–10 yr old sibling pairs from married vs divorced families, 36152
sex & birth order & family size & pattern, perception of maternal acceptance, 9–12 yr olds, 18690
sex & birth order, attitudes toward female managers, banking managers, 41425
sex & birth order of children, risk of marital disruption, parents, 11625
sex & family size & birth order & social interest, college students, implications for Adler's theory, 29394
sibship size or birth order or parents' age at birth, risk of schizophrenia in offspring, schizophrenic patients, Greece, 8652
social skills & birth order, female vs male 17–24 yr old college students, 32897
vaginal vs cesarean delivery, neonatal behavior & maternal attitudes & mother child interaction, 19–40 yr old females & their 1st vs later born infants, 4843
Birth Rate
birth rate & proportion of females in labor market & gross national product, suicide & homicide rates, industrialized nations, 8812
contraception stopping & lag time to pregnancy, preferences for birth season vs actual birth month distribution, college students & female 15–44 yr olds, test of misinformed reproducer hypothesis, 32668
divorce & birth rates & median family income, wives who work full vs part time, 8274
lunar phase, birth rate, data published over last 50 yrs, 29228
welfare policies & illegitimate birth rates, adolescent females, policy implications, 34176
Birth Rites
anthropological perspective of hospital birth routines, 2597
reasons for preference of penile circumcision in sexual partners, adult females, implications for own sons, 20098
Birth Trauma
birth order & birth stress & lateral preferences, males vs females, literature review, implications for methodology & theory, 28626
history of perinatal distress, schizophrenic patients with chronic vs good prognosis, 40 yr followup, 5358
Birth Weight
birth weight & age of assessment & skill area, developmental performance, very low birth weight 6 mo olds followed to 36 mo of age, 12456
birth weight differences of 25 percent or more, fine motor performance & coordination & visuomotor perception & risk of minimal brain dysfunction, infant twins, 23080
concurrent pregnancy & lactation, activity level & maternal behavior & pup size, house mice, 28506
definition & rating of neonatal status, long term neurological & hearing impairments & mental ability, very low birth weight infants, 4 yr study, 23040
developmental delay, small for gestational age term infants & children, literature review, 1512
education about calming techniques & encouragement of quiet alert state & resting from stimulation, interaction & communication, mothers & their low birth weight infants, 34195
habituation & dishabituation & retention of flexion reflex, small vs normal birth weight 55–65 day olds, 29977
handedness & relative birth weight, IQ, monozygotic twin children, implications for role of prenatal pathology, 36086
health & long term growth & neurosensory integrity & cognitive development & learning ability, low birth weight surviving 5–9 yr olds, followup, 8513
initial behavioral state & biological risk level, responsiveness to speech &/vs gentle stroking of limbs, very low birth weight premature newborns prior to term age, 15588
intrauterine growth retardation, intellectual performance, preschoolers who were premature vs full term, 15585
IQ & academic performance & emotional disturbance, 5.5–9.2 yr olds with very low birth weight with vs without major neonatal illness, 5710

language development & neurodevelopmental status, low birth weight infants evaluated at 8 mo & 2 yrs of age, 23073
low birth weight & cerebral ventricle size predisposing factors, adolescent offspring of schizophrenic vs healthy mothers, 19226
low birthweight & cerebral ventricular enlargement, adults at high risk for schizophrenia, Denmark, 12064
medical complications & length of hospitalization, intellectual & communication & motor development, low birth weight infants, 12980
motor problems, 6 yr olds with very low birth weight, implications for occupational therapy, 37131
parenting stress & family functioning & mental/motor development, infants with apnea vs low birth weight & their parents, 5586
physical growth & weight & behavioral & academic problems related to neurological dysfunction, full term infants small for gestational age, 7 yr study, 22494
prenatal care, incidence of low birth weight, Black vs White neonates whose mothers were in prepaid health plan, 1978, 23520
psychological & mental impairment, very low birth weight infants with vs without seizures, followup at 1 vs 2 vs 5 yrs, 9234
psychosocial stress & physiological mediators, outcomes & low birth weight, pregnant females, implications for antenatal services, 32654
recognition memory assessed by visual novelty preferences, normal birth weight vs intrauterine growth retarded 7 mo olds, 16091
religious affiliation & lifestyle, pregnancy outcomes, adult females, Australia, 4808
risk for intellectual & socio-emotional problems, extremely low birth weight infants with no major handicaps at age 2 yrs, 23028
risk of educational handicaps, normal vs low birthweight disadvantaged 7–12 yr olds born in 1974–76 vs 1978–79, 31193
size for gestational age, temperament, full term vs premature 1–19 day old same sex twins, 19021
tactile stimulation intervention, sensory motor development, very low birth weight infants, Netherlands, 9630
teat seeking behavior, newborn low vs intermediate vs high birth weight pigs, 4033
very low birth weight, behavior problems, 9 yr olds, 19486
very low birth weight, IQ & cognitive ability & reading & mathematics achievement, 9 yr olds, 22968
visiting & telephoning patterns, parents of hospitalized very low birth weight premature infants, 6 wk study, 40828
visual recognition ability, low vs normal birth weight infant monkeys, 21344

Bisexuality

AIDS prevention educational programs, homosexual & bisexual males, 27082
androgyny & bisexuality in Mahatma Gandhi's personality, 5080

race, face recognition accuracy, Blacks vs Whites, meta analysis, 31755
race of interviewer, attitudes on race related issues, Blacks, 22124
race of interviewer, political attitudes & self reported & actual voting, Blacks, National Election Studies from 1964 to 1984, 4865
race of protagonist in Defining Issues Test, moral judgment, Black vs White college students, 11748
race, shaken baby syndrome, 18 mo olds and younger, 1980–85, 29688
race, treatment continuation at Black community mental health center, adult clients, 37734
race vs meaning of attending college, college plans, Black vs White male high school seniors, 41287
race vs social class vs educational level, sexual behavior, Black vs White adults, 15397
racial & social distance attitudes, Blacks vs Whites, 11762
racial bias, use of causal vs incidental base rate information when assessing probability of accurate identification of White vs West Indian burglar by witness, White college students, Great Britain, 8389
racial consciousness & perceived comfort with Blacks, White college students, 25839
racial identification & preference in doll selection test, Black preschool children, US vs Trinidad, 8097
racial identity & consciousness & locus of control, psychotherapy, Black clients, 33833
racial identity & self efficacy & vocational interests & college environment vs SAT & college & high school GPA, completion of BS degree, Black computer science & engineering students, 10138
racial or sexual discrimination & parental or grandparental educational level & perceived social support, trust & self esteem, 19.8–20.5 yr old Black, 15194
rating of middle class vs ghetto Black vs middle class White accented speakers, attribution of personality characteristics, Black vs White 18–24 yr olds, 8439
relational factors & intervention strategies for abuse, Black spouses, 40262
religious involvement & stressful life events, self esteem & feelings of personal control, Black 55 yr olds & older, test of suppressor vs moderator vs distress deterrent models, 29402
response to AIDS epidemic, Black communities, educational implications, 16146
retirement & financial planning, 25–64 yr old Black vs White professionals, 31347
rhythmic movement coordinated vs rote recitation procedure, retention of picture matches, working class Black 5–6 vs 8–9 yr olds from homes with high vs low stimulation, 11376
role in AIDS education & sex therapy & intimacy in physician client relationship, Black physicians, 2591
role in dealing with racial & ethnic diversity & Black student underachievement & growth of special education placement, educational psychologists, Great Britain, 23918
role of Black church in prevention of premature parenthood & postponement of sexual activity, Black adolescents, 39593
role of cognitive psychology & language development, reformulation of developmental psychology, African American children, 1950s–70s, 25396
role of developmental & educational psychologists, identification of social & educational environments, Black children, 25408
role of schools, gender status quo & patriarchy, Black & White female students at 2 Southern universities, 11582
scholastic achievement & SES & demographic & language factors, dropout rate, Hispanic vs Black vs White high school students, 34680
scores on Proverbs Test & Shipley Institute of Living Scale & effects of sociodemographic variables, measurement of abstract reasoning, Black 18–70 yr olds, 10634
self concept & academic achievement, Black vs White 10th graders, 27615
self efficacy, welfare dependency & work effort & upward mobility & self concept, low income Black vs White females, 32603
self labeling as Black vs Black American vs Afro American, conversational effectiveness with Whites, Black adults, 15428
SES & kin interaction, urban Black adults, 11632
SES & marital status & other demographic characteristics, abstinence & drinking behavior, Black vs White adult females, 18857
SES & stress induced by Atlanta youth murders, intellectual & identity formation & competence & behavior problems, Black 3–9 yr olds, 11360
SES, diagnostic validity of intermediate Test of Language Development, learning disabled vs non-learning-disabled 8–14 yr old Black students, 20665
SES variables, racial identity & attitudes, Black college students, 1176
sex & roommate characteristics & residence hall racial composition & high school grades, performance & persistence, Black students at predominantly White college, 31141
sex education sources & contracepive & reproductive knowledge, contraceptive use, 15–19 yr old Black females, 22058
sex role socialization & maternal childrearing practices, achievement motivation, Black preschool children, 8081
sexual socialization & behavior, 18–36 yr old college educated Black females, 15401
smoking habits & attitudes toward quitting, adult Black outpatients, 36376
social & financial & academic factors, perceptions of retention/attrition at White university, Black college students, 27628

social & geographic mobility, hypertension, Black adults, 36979
social class & intragroup regionality & leisure patterns, urban or rural Blacks, 24499
social forces, development of alcoholism prevention strategies, Black adolescents, 8873
socialization environment, language development, middle vs working class Black children, 25425
sociocultural & psychosocial stressors, depressive symptomatology, household members in southern Black community, US, implications for primary prevention programs, 2675
sociocultural factors & sex differences, rates & patterns of attempted & completed suicide, Black 14–24 yr olds, 36752
sociocultural phenomenon of dirt eating, Black 10–68 yr olds, 36236
sociodemographic characteristics of smoking status, quitting motivation & smoking cessation initiatives, Blacks, 34405
sociodemographics & psychological symptoms & global adjustment, perceived quality of therapeutic relationship, 21–59 yr old low income Blacks at community mental health center & their therapists, 40929
speech disfluencies, male vs female Black vs White 6–7 yr olds, erratum, 25428
speech disfluencies, male vs female Black 6–7 yr olds, 985
status inconsistency vs goal striving stress vs lifestyle incongruity models, depressive symptoms, Black adults, 5191
strategies for AIDS prevention, Black or Hispanic males at risk, 12603
stress & mental health & social support, 13–17 yr old Blacks, implications for predisposition for psychological & physical illness, 29103
stressful life events & social support networks, physical & mental health, urban female vs male adults, 25897
stressful life events, psychiatric morbidity, female Black 14–19 yr olds, 36515
striving for academic success, identification & solidarity with Black culture, Black high school students, 6732
structural model of intellect & cognitive development, Blacks, 36062
structural symbolic interactionist approach to ethnic identity formation, Black vs White college students, 1479
Student Developmental Task Inventory norms, Black 18–50 yr old urban college students, implications for student personnel workers & services, 10274
subclinical undernutrition, psychological development, Black preschoolers, South Africa, 16099
susceptibility to stress induced cardiovascular hyperactivity & essential hypertension, Black vs White adults, methodological implications, 16020
test anxiety & standardized test performance, Black vs White ·nale vs female 7th & 8th graders, 3306
testing skills intervention, performance on Nursing State Board Examination, Black nursing students, 27414
theories of sports performance, Black vs White athletes, conference presentation, 10498
threatening stimulus & rights of threatened group, tolerance toward racists & other unrelated groups, Black respondents, 1972–84, 11773
traditional language socialization vs changing school & workplace needs, language development, Black children in poor families, 25473
university Board of Regents summer program, preparation for graduate education, Black students, 41240
validity of Conflict Tactics Scale & adaptation of Buss-Durkee Hostility-Guilt Inventory, assessment of aggression, institutionalized & noninstitutionalized Black inner city 12–17 yr old males, 31566
views of R. E. Park on community development & race relations in cities, immigrants & Blacks, 1914–44, 1188
vocational barriers, male vs female Black 14–17 yr olds of lower SES, 8137

Blind

age of onset of blindness, paired associate serial learning, blind 10–40 yr olds, 22873
anorexia nervosa, blind 19 yr old female, case report, 16245
assessment in education & workplace, blind & visually impaired clients, 40378
behavior modification, self feeding, deaf & blind & multihandicapped 6 & 10 yr old males, 26907
bilateral occipital strokes, saccadic nuclei & smooth pursuit eye movements, blind 28 yr old male, case report, 33627
blind characteristics in literature, 32339
blindness, ESP & imagery, 1891–1933, 19475
Bonnet syndrome, 86 yr old male with blindness due to bilateral eye disease & posterior parasagittal meningioma, case report, 40487
braille as means to literacy, blind, 40497
categorical services, blind or visually impaired, conference presentation, 13193
characteristics & trends in & recommendations for special education, blind & visually impaired students, Latin America, 24137
circadian sleep wake cycle rhythm disorder & chronotherapy, congenitally blind 4–12 yr olds with severe or moderate mental retardation, 23015
classroom social skills training, maintenance & generalization of social skills, blind 9.1–12.5 yr olds with mental retardation &/or other handicaps, 6 mo followup, 27731
cognitive development task performance, congenitally blind 4–11.9 yr olds, 37066
competitive employment vs dependency on rehabilitation agency, blind & visually impaired clients, implications for rehabilitation counselors, 6500
computer aided system, unsupervised household & occupational locomotor activities, institutionalized low functioning blind 16.8–27.5 yr old females, 33969
concepts of how people see, blind 4 & 5 yr old brothers, 5588
contribution of traditional community & Western missionaries & government to education, blind students, Nigeria, 24174
critical period for use of ultrasound sonicguide, congenitally blind 5–48 mo olds, 34364
demographic characteristics & independent living & rehabilitation & intervention & family involvement & leadership issues in public policy making, blind elerly, 23492
development & implementation of home based orientation & mobility program, blind & visually impaired infants & toddlers & their parents, 20125
development of counting strategies, congenitally blind 3–13 yr olds, 19615
developmental & etiological forms, blind 18 yr old female & 17 yr old male with anorexia nervosa, case reports, 40460
device to prevent drivers from falling asleep, reduction of stereotypic rocking, 21 yr old blind student, 6075
direction estimation of target position with finger movement vs imagined location, congenitally vs adventitiously blind vs blindfolded sighted adults, 5579
disappointing prize, spontaneous control of facial & verbal emotional expressions, congenitally blind 6–13 yr olds, 33493
early diagnosis & needs & special problems including poor mother child bonding & overprotection & learning difficulties, deaf & blind children, 36967
early emotional development & family reactions & intervention, blind children, Canada, literature review, conference presentation, 29940
early intervention & mainstreaming & other special education approaches, blind & visually impaired students, Israel, 24160
educational & occupational expectations, legally blind vs sighted 9th–13th graders, Canada, 10179
effect of child's age & cause of blindness on parents' reaction, emotional well being & development, blind infants & their parents, conference presentation, 30108
effective communication with & understanding of deaf blind clients, vocational evaluators & work adjustment specialists, implications for inservice training, 13215
employment status, blind or visually impaired former vocational rehabilitation clients, 30790

environment, quality of life, blind in community living program, New Zealand, 40928
environmental modifications, blind persons, 2072
evaluation & movement & other intervention techniques, children born blind or visually handicapped, 12590
fear & anxiety, low vision & blind 6–16 yr olds, 26681
frontal head trauma, delayed blindness due to hemorrhage in optic nerves & chiasm, 49 yr old male, case report, 40379
functional status & mobility & social status, 57–95 yr old preadmission vs postadmission blind nursing home residents, 23685
future aspirations & vocational goals & attitudes toward marriage & recreation, blind & partially sighted 16–18 yr olds, 26659
glucose metabolic activity in visual cortex, 26–58 yr olds blind before age 4, 9232
history of government & private educational & rehabilitation services & psychoeducational research, blind & visually handicapped children, India, 24191
importance of braille for literacy & quality of life & deemphasis of instruction, blind, 40508
Independent Living Project at special school, daily living & vocational skills, deaf & blind adolescent students, 10236
interaction with social & physical environment in mainstreamed nursery school, blind 2–3 yr olds, Sweden, 5 yr study, conference presentation, 31218
letter detection errors, 23–59 yr old blind Braille readers vs college students, 19500
mental imagery of blind vs sighted person's response to objects & pointing to left & right sides of imagined objects, congenitally blind 33–55 yr olds, 5577
modeling & feedback & reinforcement, gaze direction & sitting behavior during conversation, congenitally blind 5–8 yr olds, 19907
modified Optacon scanner with vibrotactile stimulation, 3 dimensional spatial concept development, 8–14 yr old blind special education students, 27715
motor activity & environmental interactions in natural play environment, blind vs partially vs fully sighted children, 40495
nondirectional distance to target represented by tone, escape latency in Morris water maze, blinded male rats, implications for cognitive mapping, 4283
Parent & Toddler Training Project early intervention program, blind & multihandicapped infants & toddlers & their families, 6054
perceptions & experiences in support group & psychosocial adjustment, parents of blind or partially sighted 6 mo to 19 yr olds, 19799
perceptual motor skills & personality traits, vocational training & social adjustment, blind 16–25 yr olds, 22939
personnel & placement activities & other resources, agencies providing vocational rehabilitation programs for blind & visually impaired clients, 20250
physical & social stressors & cognitive variables as mediators, stress level & coping process, deaf & blind 6–16 yr olds, 12324
post eclamptic intravascular disseminated coagulation & bilateral stroke, denial of cortical blindness & amnesia, 18 yr old pregnant female, case report, 29907
preselection of & distance from targets, reproduction of movement extent & short term distance recall, congenitally blind vs blindfolded normally sighted adults, India, 19620
prevalence & prevention of blindness & educational services, blind & visually impaired children, Middle East, 24116
prompting & positive reinforcement, on task behavior & social interaction, male deaf & blind severely mentally retarded 21 yr olds, 37463
psychodynamics & disease course, congenitally blind female with anorexia nervosa, implications for sociocultural theory of eating disorders, 33470
psychotherapeutic uses of spontaneous & voluntary imagery, congenitally or adventitiously blind individuals, 26822
recall of remembered positions of objects, blind vs blindfolded sighted adults, 5671
requesting & reinforcer selection training with preferred rewards, match between verbal request & item selected, severely mentally retarded blind 17 yr old female, 37455
role of family & educational institutions & society in mainstreaming of & changing stereotyped attitudes toward blind & visually impaired children, 24187
route complexity, secondary task performance as measure of mental effort, blindfolded sighted adult, implications for blind pedestrians, 19494
route finding strategies & decision making & cognitive mapping, congenitally blind adults, 26602
social skills development & assessment, blind kindergartners, intervention implications, 27721
sonar sensory aids, spatial perception, blind infants & children, 12974
soundtrack & use of musical tones & synthetic speech in computer interface, blind users, 40391
spatial task performance, adults with early vs late onset visual impairment, meta analysis, 12458
surface orientation & position, mirror reversal in cutaneous perception & motor production of letters & numbers, blind 18–29 yr old males, 30085
synesthetic perception of visual or auditory imagery, congenitally blind or deaf 20–30 yr olds, 22954
tactual & visual & auditory communications media & technology, blind & visually handicapped, 37834
tactual experience with Optacon reading aid, identification of tactual patterns, sighted vs blind college students, 29901
talking & tactile books, visually impaired or blind preschoolers, 33577
text rotation & horizontal vs vertical finger position & degraded dots in lateral dot gap density scanning, perceptual coding & speed in fluent braille, blind high school students, 2073
texture perception using active vs passive touch, sighted vs blind 20–55 yr olds, 26515
training in manual searching in response to "where" questions, blind multiply handicapped 3.5 yr old male, 6475
transition from specialized to generic system with general programs, blind or visually handicapped, Norway, conference presentation, 13201
vertical vs horizontal vs left vs right diagonal line orientation, tactile discrimination thresholds, sighted vs visually impaired vs blind 22–31 yr olds, 40448
visual & auditory imagery, paired associate learning, blind vs deaf 10–16 yr olds, India, 2081
visual imagery & memory ability, congenitally blind 10–29 yr olds, 16061
visual information following suggestion of hypnotic blindness, behavioral responses & experiential reactions during decision task, hypnotizable vs unhypnotizable college students, 17927
worldwide prevalence & prevention of visual handicaps & special education needs, role of International Council on Education of the Visually Handicapped, 24126
Blink Reflex [See Eyeblink Reflex]
Block Design Test (Kohs) [See Kohs Block Design Test]
Blood [See Also Blood Plasma, Blood Serum]
apparatus & techniques for repeated & undisturbed blood sampling & activity assessment, rats, 32025
applied tension &/vs applied relaxation, 18–51 yr olds with phobias for blood or wounds or injuries, 6 mo followup, 26913
blood catalase activity, subsequent ethanol consumption, rats naive to ethanol, implications for biological marker for alcohol intake, 14646
bombesin & self administered vs peripherally injected ethanol, feeding & ethanol drinking & satiation & blood levels & activity level, rats, 18338
discontinuation of tricyclic antidepressant or neuroleptic or antiparkinsonian medication, withdrawal symptoms & hematemesis, 66 & 76 & 79 yr olds, case reports, 23418
hemispace location of stimuli, hemispheric interaction in visual vs tactile angle discrimination task, normally sighted vs blind 16–35 yr old males, 40515

hemolymph dosage from conditioned donors, learning of food refusal CR, snails, 21669
informational & normative influences, blood donation, community residents, 39930
injection dosage of hemolymph from trained animal, specific & nonspecific components of CS eliciting food refusal CR, snails, 21670
maintenance program for behavioral treatment, patients with agoraphobia or panic disorder or blood phobia, 26912
self reported alcohol consumption & intoxication & blood alcohol level, adults, 22304
sight of blood, BP & heart rate & respiration & coping strategies, college students identified as emotional fainters vs nonfainters, 14745
symptoms related to blood & injury phobia, adults with agoraphobia with panic attacks vs panic disorder with agoraphobia, 15674
telephone messages/prompts, return rates, 1st time blood donors, Canada, 6 mo followup, 37680
time & liquor vs wine vs beer, blood alcohol curve, adult male moderate social drinkers, methodological implications, 18344
types & strengths & weaknesses of blood alcohol concentration paraphernalia for teaching & training & research, 1919
yrs of severe drinking, blood chemistry, alcoholic adults, 12225
Blood and Lymphatic Disorders [See Also Anemia, Hemophilia, Leukemias]
doxepin, development of hemolytic anemia & thrombocytopenia & acute renal failure, 46 yr old male with neurotic depression, case report, 37579
hematological & neuromuscular complications, patients with anorexia nervosa, 12499
osmoregulation of water intake & antidiuretic function, psychiatric patients with polydipsia & hyponatremia, 5210
psychosocial factors & coping mechanisms & adjustment, 14–19 yr olds with thalassemia & their parents, 16087
school absences, academic achievement, 7–15 yr old students with congenital coagulation disorders, Finland, 13541
Blood Cells [See Also Erythrocytes, Leucocytes, Lymphocytes]
blood granulocyte & monocyte ingestion of opsonized zymosan vs immunoglobulin coated vs glutaraldehyde treated sheep red cells, 52–87 yr olds with Alzheimer's vs Parkinson's disease, 9142
Blood Circulation
age, regional cerebral blood flow & maze learning, rats, 21488
anticipation of handgrip exercise in real vs sham handgrip test, circulatory reactions, 19–20 yr old males, conference presentation, 7734
lymphocyte subclasses in peripheral circulation, patients with major depressive disorder, 11938
stress, penetration of influenza virus into brain, mice, 18207
Blood Disorders [See Blood and Lymphatic Disorders]
Blood Flow
acute alcohol intoxication, regional cerebral blood flow, adult male social drinkers, 11315
age, asymmetries in regional cerebral blood flow, male 19–68 yr olds, 39096
anxiety induced by anticipation of painful electric shock, regional blood flow & neuronal activity, healthy adults, implications for pathological anxiety, 32049
caffeine, cerebral blood flow, schizophrenic inpatients, 8657
carbon dioxide inhalation, cerebral blood flow, patients with generalized anxiety disorder, 8658
cerebral blood flow across menstrual cycle, female 21–45 yr olds, 28665
cerebral blood flow measured at time of diagnosis vs 24–84 mo following cessation of exposure, 33–63 yr old males with organic solvent induced chronic toxic encephalopathy, 37042
cerebral vascular transit time & relation to cognitive ability, 52–73 yr olds with presenile dementia of Alzheimer's type or Korsakoff's psychosis, 40024
cognitive functioning & abnormal cerebral blood flow distribution, alcoholic 40 yr olds & younger, 5488
cognitive tasks with vs without use of visual imagery, cerebral blood flow patterns, 21–37 yr olds, 35669
computerized tomography assessed structure & cerebral blood flow, males incarcerated in psychiatric facility for sexually molesting children or adolescents, 5410
cortical EPs & regional cerebral blood flow, patients with somatization disorders, conference presentation, 16112
diagnosis of cerebral vitamin B12 deficiency using regional cerebral blood flow, mental disturbances & cognitive impairment, B12 deficient 54–94 yr olds with vs without anemia, 26486
iv amphetamine, cerebral blood flow & autonomic & behavioral arousal, male volunteers, 32217
lactate induced anxiety attacks, regional cerebral blood flow, 22–52 yr olds with panic disorder, conference presentation, 36677
laterality & frontality measures of cerebral blood flow & cerebral metabolic rate, symptom specificity, schizophrenic adults, 36600
marihuana smoking, cerebral blood flow, experienced vs inexperienced marihuana smokers, 32239
methylphenidate, striatal blood flow, 6–15 yr olds with attention deficit & hyperactive disorder with vs without other CNS dysfunction, 26981
morphological brain alterations & regional cerebral blood flow, female 16–27 yr olds with anorexia nervosa, 40443
performance of visuospatial hemisphere tasks, regional cerebral blood flow, adults, 4092
physostigmine, metabolism & blood flow in neocortex, male rats, implications for memory in Alzheimer's disease, 32282
prefrontal cortical blood flow during cognitive tasks vs rest, 25–61 yr olds with Huntington's disease, 2157
reading narrative text, right vs left hemisphere regional cerebral blood flow, male 23–39 yr olds, 28650
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, 1553
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, replication, 1735
regional cerebral blood flow & metabolism, 52–71 yr olds with transient global amnesia vs cerebral transient ischemic attacks, 33524
regional cerebral blood flow & oxygen & glucose consumption, 21–53 yr old autistic males, 26095
regional cerebral blood flow & right hemisphere dysfunction, 67 & 69 yr old males with crossed aphasia, 26606
regional cerebral blood flow & visual hallucinations & agitation before vs after treatment, alcohol abusing adults with severe withdrawal reactions including delirium tremens, 15928
regional cerebral blood flow during alcoholic blackout, alcoholic 61 yr old male, 29740
regional cerebral blood flow patterns, adults with chronic auditory hallucinations, 33601
regional cerebral blood flow vs positron emission tomography procedure, controversy of cerebral metabolic hypofrontality in schizophrenia, 15809
relative distribution of cerebral blood flow measured using positron emission tomography, adult chronic cocaine abusing males, 8922
relaxation or imaginal flooding or in vivo exposure, anxiety & physiological arousal & regional cerebral blood flow, obsessive compulsive 23–47 yr olds, 36720
RT & mental arithmetic & cold pressor tasks, cardiac output & forearm blood flow, male college students, 698
sex roles & regional cerebral blood flow, adults, 28672
single photon emission computed tomography imaging of cerebral blood flow markers, 27–86 yr olds with Huntington's disease, 23034
speaking vs singing vs humming of rote passage, regional cerebral blood flow, male college voice students vs nonsingers vs choir members, 35593

state anxiety, cerebral blood flow, 24–44 yr old females with animal phobia, conference presentation, 36662
surgery, anxiety & coping strategies & regional cerebral blood flow, 26–66 yr olds with low vs highly malignant vs non-malignant brain tumors, 23513
symptoms & neuroleptic use & dosage, regional cerebral blood flow, depressed vs manic 19–83 yr olds, 26176
task difficulty & anxiety, regional cerebral blood flow, 18–31 yr olds, 14735
temperature biofeedback, nonneural beta adrenergic vasodilating mechanism, Raynaud's disease patients, 16485
vasomotor feedback, erythrophobic 25 yr old male, case report, 9463
Blood Glucose [See Blood Sugar]
Blood Plasma [See Also Blood Serum]
alprazolam, nocturnal plasma melatonin, healthy adults, 4428
amitriptyline, clinical response & plasma levels, depressed 18–65 yr olds, 33999
automated system for administration of quantified doses of tobacco smoke, plasma nicotine concentrations, male 21–47 yr olds, 31538
blood plasma, healthy donor blood platelet membrane imipramine binding, depressed 21–43 yr olds, 36643
blood serotonin levels, schizophrenic adult females who were suicidal vs not suicidal, 33017
chlorpromazine, plasma drug levels, 18–25 yr old males, implications for drug therapy, 28919
desipramine, plasma tricyclic levels, 24 yr old female with suicidal ideation & disturbed sleep & social withdrawal, case report, 26956
dextroamphetamine sulfate vs fenfluramine hydrochloride, renal clearance & plasma concentrations of HVA, 6–12 yr old males with attention deficit disorder, 37120
dose & plasma levels of clozapine, psychiatric patients, 30451
fluoxetine added to tricyclic antidepressant or trazodone treatment, antidepressant plasma levels, 30–82 yr olds with major depression, implications for adverse effects, 37471
gas chromatographic mass spectrometry, assessment of plasma clozapine & metabolite, chronic schizophrenic 21–44 yr olds, implications for evaluation of pharmacokinetic properties in treatment, 16542
insulin vs 2-deoxy-D-glucose, food intake & plasma glucose, male mice, 18315
iv infusion of norepinephrine & isoproterenol, forearm & total body norepinephrine pharmacokinetics assessed during video game or cognitive task, adults, 851
maternal separation, plasma cortisol & vocalization, guinea pig pups, 18069
neuroleptic drugs, basal plasma immunoreactive beta endorphin levels, 9–27 yr olds with autism vs schizophrenia, 2565
neuroleptic plasma levels & dopamine receptor occupancy, commentary with reply included, 34124
orthostasis & mental stress, noradrenaline & dihydroxyphenylethyleneglycol levels, adults, application of assay method to measurement of plasma levels, 7724
perazine, plasma concentration of drug & its metabolite, psychotic adults, 16543
plasma cholinesterase, 43–92 yr old patients with multi-infarct vs Alzheimer's dementia vs endogenous vs reactive depression vs schizophrenia, 15564
plasma dihydrotesterone before vs during vs after lordosis response, female rats tested during estrus cycle, 680
plasma haloperidol & its reduced metabolite, clinical outcome, schizophrenic inpatients, 19920
plasma haloperidol levels, prediction of clinical response, schizophrenic adults, Spain, 37561
plasma lipid levels, 19–62 yr old females vs males with panic disorder or agoraphobia, 36602
pre-DST vs post-DST cortisol corrected for plasma dexamethasone concentration, depressed 20–83 yr olds, conference presentation, 11928
rate of chewing nicotine gum, plasma nicotine levels & behavior, cigarette deprived adults, 28939
sc corticosterone infusion, tonic immobility & plasma corticosterone & heterophil/lymphocyte ratios, hens, 4389
thiothixene dosage & blood plasma level & clinical response, 21–55 yr old treatment resistant schizophrenic patients, 26963
trifluoperazine, CSF & plasma HVA, schizophrenic adults, 16633
Blood Platelets
arachidonic acid incorporation into platelet phospholipids, patients with schizophreniform or schizoaffective disorder, 1580
blood plasma, healthy donor blood platelet membrane imipramine binding, depressed 21–43 yr olds, 36643
blood platelet 5-HT uptake & impulsivity & anger, 18–47 yr old males with episodic aggression, 29690
cognitive impairment, patients with Alzheimer's disease who had normal vs increased platelet membrane fluidity, 23084
desipramine & development of assay using sucrose gradient purified platelet plasma membranes, detection of high & super high affinity adrenoreceptor binding sites, depressed 21–55 yr olds, 12041
EEG abnormalities, Alzheimer's disease patients with increased platelet membrane fluidity, 9243
EEG frontal midline theta & platelet MAO activity & personality traits, male college students, implications for CNS monoamine functions, 631
maternity blues, binding of tritiated yohimbine to platelets, adult females observed from 36th wk of pregnancy to 10 & 20 days & 3 & 6 mo postpartum, 26025
nortriptyline, treatment response & platelet membrane fluidity, depressed elderly patients with probable Alzheimer's disease, 6210
number of platelet tritiated imipramine binding sites, 50 yr olds & younger vs 60 yr olds & older with major depression vs 63–82 yr olds with primary degenerative dementia, 11892
platelet aggregation response to neuroleptic agonists, schizophrenic male 18–50 yr olds taking vs not taking neuroleptics, 6136
platelet imipramine binding, adults with vs genetically at risk for alcoholism, 36896
platelet MAO activity & negative vs positive symptoms, male 23–30 yr olds with schizophrenia taking vs not taking neuroleptics, 1671
platelet MAO activity & personality traits, 20–38 yr old males, 28693
platelet MAO activity, hospitalized alcoholic patients, 5508
platelet MAO activity, patients with schizophrenia vs other psychiatric disorders excluding alcoholism, 1588
platelet membrane fluidity, Cu,Zn superoxide dismutase activity as indicator of genetic structure, patients with Alzheimer's disease, 33673
platelet membrane fluidity, patients with probable Alzheimer's disease vs depression, 26685
platelet membrane fluidity, 1st degree relatives of 54–91 yr olds with Alzheimer's disease, 12542
platelet 3H-imipramine binding & family history of affective illness, patients with bipolar vs unipolar affective disorder, implications for genetic markers, 5149
pupil size & platelet epinephrine, Type A behavior & verbal stylistic components, healthy males, 718
seasonal variations in platelet serotonin uptake, 23–84 yr olds with endogenous depression, 29594
3H-imipramine binding in platelets, 18–80 yr olds with psychogenic pain, 22999
5-HT uptake rate in blood platelets, adults with major depressive episodes, 5197
Blood Pressure [See Also Diastolic Pressure, Systolic Pressure]
adult's angry behavior, behavioral & physiological & verbal responses, 4–5 yr olds, replication, 36126
aerobic vs relaxation training, heart rate & BP & psychological stress, college students with high life event stressors, 30170
aerobic vs strength training, BP, Type A 30–56 yr old normotensive vs hypertensive males, 34188

aggression induced by electrical stimulation of hypothalamus, hindlimb & arterial BP, cats, implications for cholinergic muscarinic mechanisms, 18250
aggressiveness & self confidence, cardiovascular reactivity as measured by BP & pulse rate during competitive performance, 15 yr old males, 15178
allocation of attention, heart rate & BP, Type A vs Type B male college students, 25105
alpha adrenergic antagonist yohimbine, plasma MHPG & BP & subjective feelings & somatic symptoms, adult inpatients with major depression, 1607
Baker-Miller pink vs white environment, BP & pulse rate & grip strength & Digit Symbol test performance, adults, 25125
behavioral challenge using test & video game, serum cholesterol & triglycerides & BP reactivity & heart rate acceleration, male 28–69 yr olds with mild hypertension, 5682
biofeedback training, control of BP, normotensives, 12802
body tilt position within sagittal plane, odor identification performance & nasal airflow resistance & heart rate & BP, adults, 4187
caffeine & arithmetic stress, BP & heart rate, Chinese 19–52 yr old males with vs without family history of hypertension, replication, 854
cigarette smoking &/vs caffeine, BP & heart rate reactions to stress, college students, 28902
cocaine &/vs ethanol, heart rate & BP, 21–45 yr old males, 32196
cognitive therapy vs biofeedback training, BP & anger control, hypertensive 25–60 yr olds, 33674
components of Type A behavior, laboratory vs field cardiovascular reactivity, Type A vs Type B 23–56 yr old males, 39163
coping skill building, BP & anxiety in response to stressful life stimuli, 42–68 yr old hypertensive Black males, 37418
daily activities & social behavior, BP elevation, adults with borderline hypertension vs sustained essential hypertension, 33651
easy vs difficult vs impossible noise avoidance task, anticipatory heart rate & systolic & diastolic BP, male college students, 32091
estradiol, BP & pressor responses to norepinephrine & food & water intake & body weight, guinea pigs, 35853
exercise & rest, state anxiety & BP, 25–60 yr olds, 7740
frequency of practice of relaxation based behavior modification, BP reduction & general effects, 35–64 yr olds at risk for coronary disorders, 4 yr followup, 2436
genetic & environmental influences of BP hyperreactivity to stress & prediction of hypertension & coronary heart disease, children, literature review, 12488
heart rate reactivity, heart rate & systolic & diastolic BP, 25–45 yr old nonsmoking females in laboratory vs natural environments, implications for development of hypertension, 30127
hostility, BP & heart rate & risk of coronary heart disease, college students, 30129
imipramine, dose related heart rate & BP response to standing & orthostatic reflex, male patients, implications for postural hypotension, 18396
ingestion of milk from natural vs foster mother vs cannula, BP & heart rate, rat pups from hypertensive vs normotensive strains, 21592
interpersonal influence attempt as coping strategy for increasing monetary reward probability, systolic & diastolic BP & heart rate, college students, 18167
intranasal cocaine dosage with vs without serial learning task, heart rate & BP, male 21–38 yr olds with history of cocaine use, 28854
isometric handgrip & treadmill exercises, BP & heart rate, anorexic vs bulimic 14–25 yr old females, 5623
issues in & need for biofeedback research on prevention of cardiovascular disease through BP control, at risk persons, 12812
laboratory induced vs workday vs home stress, BP & heart rate, normotensive 20–50 yr olds, implications for assessment of cardiovascular disease, 28697
lighting change &/vs psychodynamically selected colors in schools, academic performance & BP & mood, principals & teachers & 2nd–6th graders, 3251
logic & science topic instruction, knowledge of BP problems, 9th–11th graders, 31061
MAO inhibitors, pulse & BP 1–4 hrs after administration, psychiatric outpatients, 34051
maternal behavior during preweaning period, offspring BP, hypertensive & Wistar-Kyoto rat mothers & pups, 25089
maternal behavior during preweaning period, BP of genetically identical cross breed pups, hypertensive & Wistar-Kyoto rat dams & 1st filial generation pups, 25022
mechanical stimulation of carotid sinus baroreceptors, pain threshold & EEG, normotensive vs borderline hypertensive male college students, implications for stress, 4094
mental arithmetic, heart rate & BP, Black vs White male, 11088
mental arithmetic task performance, BP & heart rate & skin conductance, Black vs White 34–55 yr old normotensive males, 28688
mental arithmetic vs video game vs upper vs lower body exercise tasks, heart rate & oxygen consumption & BP, 16–28 yr old males, Great Britain, 7745
moclobemide, po & iv tyramine induced changes in BP & heart rate, 20–26 yr old healthy males, implications for drug treatment of depression, 39419
mood & BP during daily activities, college students, 32088
naloxone, BP responses to arithmetic vs orthostatic stress, male college students with high vs low casual BP, 884
occupational stress with vs without caffeine, BP & heart rate & blood volume, telemarketing employees, 32198
pet ownership program, disciplinary offenses & BP & anger & antisocial behavior, state prison inmates, 34428
placebo vs marihuana cigarette, task elicited physiological responses, adult male marihuana users, 18298
prediction of BP response to biofeedback assisted relaxation & development of hypertensive predictor profile, hypertensive 26–64 yr olds, 40731
predisposition to cope actively with psychosocial environmental stressors & educational level, BP, adults, Netherlands, 14715
psychological vs exercise stressor vs cold pressor test, heart rate & BP & other cardiovascular measures, Type A vs Type B adults, 18172
psychosocial & demographic & genetic factors, cross spouse BP correlations, 21–83 yr old married couples from hypertension prone families, 22898
relaxation vs mental arithmetic task vs cold pressor test, BP & cardiac interbeat interval measuring baroreceptor reflex, female nurses & paramedical staff, 35684
saline vs clonidine discrimination training & pairing with anise/ethanol, BP reduction & introceptive stimulus effects, male hypertensive rats, 7917
serial subtraction vs mirror image tracing vs isometric exercise stressors, BP & heart rate response, parents vs their 6–18 yr old children vs siblings, 14764
severity of depressive illness & BP, depressive psychotic vs depressive neurotic adults, replication, 36656
sex & age, stress induced changes in BP & heart rate, 7–62 yr olds, 963
shock avoidance during aversive video game task, heart rate & digital blood volume pulse & BP habituation, male college students, 7737
single dose mianserin, psychomotor performance & subjective sedation & BP, 19–37 vs 67–76 yr olds, 18453
social interaction with vs without physical contact, behavior & BP & plasma corticosterone & catecholamines, male rats, 4178
social isolation, tactile startle reactivity & nociception & resting heart rate & BP, male rats, 14727
stress, heart rate & BP, female 17–31 yr old smokers vs nonsmokers who do vs do not use oral contraceptives, implications for pathogenesis of coronary heart disease, conference presentation, 7721

stress inducing tasks, heart rate & BP measuring cardiovascular response consistency, female 17–28 vs 60–96 yr olds, Canada, 7720
stress interview vs mathematical vs cold pressor tasks as techniques for stress induction, BP, normotensive vs hypertensive adult males, conference presentation, 678
stress level of video game playing, heart rate & BP, Black vs White 6–18 yr old males vs females, implications for development of cardiovascular disease, 7989
systolic vs diastolic BP & body mass & smoking & physical activity, male vs female 12–13 yr olds with hypertension vs normal BP, USSR, 8 yr study, conference presentation, 36964
Type A behavior & cardiovascular risk factors with potential to respond to environmental & lifestyle changes, 6–11 yr old monozygotic & dizygotic twin pairs, 26584
Type A behavior & hostility potential & parental hypertension, BP responses to cognitive & motor coordination & exercise stress, 6th–12th graders, 19569
Type A behavior & pressor response to stress, 30–65 yr old males, 12394
validity of assumptions about principles of BP reactivity, hypertensive vs normotensive adults, 12367
verbal & nonverbal interaction with newborn infant, BP & heart rate, 18–41 yr old 1st time fathers, 39773
verbal interaction, BP, hypertensives & normotensives, literature review, implications for noninvasive measurement devices, 35679
verbal vs visual interaction vs tactual contact, heart rate & BP, college students interacting with dogs, 21623
vividness of imagery & locus of control, prediction of ability to learn biofeedback control of BP, normotensives, 12803
yohimbine, BP & anxiety, healthy adult males, 7842
Blood Pressure Disorders [See Essential Hypertension, Hypertension, Hypotension, Syncope]
Blood Proteins [See Also Immunoglobulins]
CSF levels of insulin-like growth factors & somatomedin B, patients with dementia of Alzheimer type, 16241
erythrocyte membrane proteins, patients with unipolar vs bipolar depression or bipolar mania or schizophrenia or schizoaffective disorder, 19100
expression of 70-kD serum fragment of neural cell adhesion molecule, Type I vs Type II schizophrenic patients, 5269
reactions before vs after ultrasound examination, pregnant females with normal vs raised serum alpha fetoprotein, 30621
sensitivity & specificity of plasma transferrin & mitochondrial aspartate aminotransferase tests, assessment of early alcohol abuse, 20–28 yr olds, 29751
Blood Serum
acute alcohol intoxication & subsequent blood alcohol levels, hypothermia & activity & motor performance, female rats, animal model of alcohol hangover, 25328
carbohydrate deficient transferin in serum, diagnosis of early stages of alcoholism, 15–16 yr old females, 26358
chlorpromazine dosage, serum chlorpromazine & prolactin levels & clinical response, paranoid schizophrenic 23–60 yr old females, 16536
computer assisted method based on mathematical model, prediction of serum lithium levels, psychiatric inpatients, 9478
daily relaxation, serum immunoglobulins & secretion rates of salivary immunoglobulins & psychophysiologic symptom severity, adults, 28679
fluphenazine, steady state serum levels between 2 wk injection interval, adults with vs without tardive dyskinesia, 34032
haloperidol dosage levels, serum haloperidol concentrations & clinical response, chronic treatment resistant schizophrenic patients, 26940
haloperidol drug holiday, serum concentrations & mental status & neuroleptic induced movement disorders, schizophrenic males, 37537
serum & salivary cortisol concentrations before vs after dexamethasone administration, prepubertal school age children from child psychiatry services, 22512
serum albumin levels & delirium, 17–62 yr old liver transplant candidates, 5813
serum chemistry, 15–27 yr olds with anorexia nervosa vs digestive tract surgery vs cancer, 5815
serum concentrations during treatment with zuclopenthixol vs flupentixol, selection & value of monitoring drug levels, psychiatric patients, 26968
serum haloperidol concentration, clinical response, acutely decompensated schizophrenic inpatients, implications for therapeutic plateau, 16582
serum neuroleptic activities, inhibition of relapse, schizophrenic 16–73 yr olds, 20010
Blood Sugar
acute footshock, plasma epinephrine & norepinephrine & blood glucose, alloxan or streptozotocin diabetic rats, 35737
biofeedback assisted relaxation training, blood glucose levels, chronic Type 2 diabetic r[illegible]bilitation hospital patients with multiple symptomatol[illegible] & poor prognosis, 3 mo followup, 41038
blood glucose awareness training, estimation accuracy of blood glucose levels, 22–67 yr olds with insulin-dependent diabetes mellitus, 30373
blood glucose levels, self reported mood, 19–68 yr olds with diabetes mellitus, 37032
blood glucose nadir & CSF 5-HIAA, prediction of recidivism, male violent offenders vs impulsive arsonists, Finland, 3 yr followup, 40264
blood sugar level changes, cognitive functioning & emotional states & somatic symptoms, adults with suspected hypoglycemia, 5808
chronic icv morphine, body weight & food & water intake & blood glucose, male rats, 14840
cutting of forearm, drop & rebound in blood glucose levels, depressed 13 yr old female, case report, 29488
eating attitudes & plasma glucose & insulin & unesterified fatty acid & growth hormone & cortisol responses to oral glucose, 21–40 yr olds with anorexia nervosa, 8 yr followup, 19491
epinephrine & footshock, adrenergic receptor mediation of blood glucose, male rats, conference presentation, 7824
estradiol & progesterone, food intake & taste preferences & body weight & glucoregulation, intact vs ovariectomized rhesus monkeys, 39227
feedback vs external cues procedure, blood glucose estimation, insulin dependent diabetic patients, 2430
food deprivation, circulating glucose levels & paraventricular nucleus alpha 2 noradrenergic receptor sites, rats, conference presentation, 25127
fructose, transient decline of blood glucose & meal initiation, rats, conference presentation, 25312
high carbohydrate low protein vs low carbohydrate high protein vs balanced meal, plasma glucose & insulin & amino acid levels & feelings of fatigue, 18–29 yr old females, conference presentation, 39164
levels of sugar acids in blood, neuronal activity in lateral hypothalamic area & ventromedial hypothalamic nucleus & hunger & satiation & feeding behavior, rats, conference presentation, 25090
novel environment & habituation & chlordiazepoxide, plasma glucose levels, high vs low avoidance Syracuse male rats, 28576
phentolamine, insulin & glucose release & food intake, fasting rats, conference presentation, 25188
self monitoring of blood glucose, management of diabetes mellitus, literature review, 37683
slow release bean vs potato flakes, plasma glucose & hunger & satiety, adults, 688
symptom perception & estimation of blood glucose, diabetic adults, 37011
time of day of food deprivation termination, body weight loss & plasma corticosterone & glucose, male mice, 21597
tolbutamide, insulin levels & plasma glucose & satiety & food intake, rats, conference presentation, 25319

Blood Transfusion
religious beliefs & attitudes toward & refusal to accept blood transfusion, Jehovah's Witnesses, implications for legal aspects of physician responsibility, 20096
Blood Vessels [See Also Arteries (Anatomy), Carotid Arteries]
cortical microvascular neuropathology, blood brain barrier changes, patients with Alzheimer's disease, 2116
Blood Volume
occupational stress with vs without caffeine, BP & heart rate & blood volume, telemarketing employees, 32198
shock avoidance during aversive video game task, heart rate & digital blood volume pulse & BP habituation, male college students, 7737
Blue Collar Workers [See Also Skilled Industrial Workers]
attitudes toward safety performance at work, private vs public sector construction workers, England, 13870
attrition rate in study of health consequences of company closedown, 16–72 yr old employed vs unemployed shipyard workers, Denmark, 1983 vs 1984 vs 1985, 27942
changes in work content & environment & equipment & workload, 48–62 yr old white & blue collar employees, Finland, conference presentation, 10395
consequences of absenteeism, accidents in underground coal mines, production crews, 10348
dream content, college students or white or blue collar or unemployed 17–47 yr old Czechoslovakian refugees, Switzerland, 7506
employment loss, well being, male vs female fish plant workers, Canada, 17339
endurance training program, frequent manual industrial carrying tasks, new male employees, 31349
evaluation of accident reduction program using Occupational Hazards Survey data, mill & foundry workers, implications for catastrophe theory model of accident process, 24279
exposure to welding fumes & glare, perceptual accuracy & speed & vigilance & dexterity & memory & subjective symptoms, automobile welders, India, 20725
job characteristics & working conditions, variance of earnings & attitudes toward pecuniary rewards, blue vs white collar workers, 6929
job satisfaction & participation, job performance, blue collar industrial workers, India, 20773
job stress, involvement & satisfaction, blue vs white collar workers vs supervisors, India, 27945
levels of adaptation & cohesion, coping strategies, unemployed blue collar families with adolescents, 39781
long term low level exposure to mercury vapor, health effects, 26–56 yr old male chlorine-alkali workers, 38439
long term occupational solvent exposure, diffuse organic brain damage, painters, followup study, 27953
noise level on job, mental health & symptomatic effects, blue collar workers, 34950
observation & simulation of real work environment, identification of cognitive features of process control, blast furnace conductors, implications for computer support design, 20892
occupational health risks, coping stratgies, 19–68 yr old steelworkers, 27915
occupational stress, job satisfaction & attitudes & health & accident rate, adult underground miners & lower level management staff, Poland, 13898
outplacement counseling, females terminated from low skilled jobs, 20732
participation & role overload & social support, effect of role conflict & ambiguity on job tension & satisfaction & organizational commitment, turnover intention, white vs blue collar employees, 24405
personal beliefs & social influences, cartridge respirator use, 20–67 yr old male construction spray painters, 10325
personal characteristics & job features, extrinsic & intrinsic work values, blue collar factory workers, 34944
psychoactive substance use & abuse, male industrial workers, Egypt, 19393
race & sex, job satisfaction, union vs nonunion blue collar workers, South Africa, 3408
statistical model of attendance analysis & prediction of hazard rate, underground coal miners, 10347
subjective vs objective identification of SES & class, blue collar employees, Israel, 4789
Boarding Schools
program for exploration of arts & sciences in depth from cognitive & social & affective perspectives, students in residential high school for excellence, Israel, 34798
Body Awareness
body size in video presentation, judgment of image as accurate vs heavy vs thin & adjustment of image to perceived size, obese vs normal weight adults, 5643
conceptions of personal body safety violation, 4–12 yr olds, implications for sexual abuse prevention & treatment, 33323
conscious body & embodiment, healing of somatic symptoms, 33720
effort & attention during repeated tense-release muscle sequences, EMG & self reported muscle tension, college students, 18160
hypnotic imagery as self diagnostic tool, adults with various physical disorders, 2160
impaired localization of body parts, 74 yr old brain injured patient, case report, 19613
J. P. Sartre & J. Lacan & R. A. Spitz's developmental concepts of body & intersubjectivity & relationship to parents, children, 18537
multisensory vs cognitive perceptual teaching method, knowledge & recall & recognition of internal bodies, 4.5–7.5 yr olds, 20491
neurobiological disruption of body schema, conference presentation, 16056
perceived grouping of breathing maneuvers, sensory attributes of respiratory sensations, college students, 14239
private vs public body consciousness & self evaluation of body competence, 17–79 yr olds, 29040
psychotherapy, incorporation of body into self system, obese female in mid 30s, case report, 33846
rest & psychological stress, awareness of heart rate & changes, male college students, 28692
self esteem & attitudes toward different body parts, male vs female college students, 25968
self feedback about physical symptoms & external situational cues, estimation of systolic BP, adults, 700
self focused attention, experience of bodily concomitants of alcohol intoxication, adult males, 18474
sex & athletic experience & work load, heart rate & accuracy of perceived exertion ratings, adults, 13999
sex & body composition, perceived cardiac activity, 18–35 yr olds, 14743
Body Fluids [See Also Amniotic Fluid, Blood, Blood Plasma, Blood Serum, Cerebrospinal Fluid, Saliva, Urine]
classical conditioning of light CS to shock UCS onset, brain extracellular fluid levels of ependymin, goldfish, 35662
instrumental conditioning, assessment of reward strength of vaginal discharge, male hamsters, 28408
Body Height
childhood methylphenidate treatment for hyperactivity, final height attainment, male 16–23 yr olds, 11 yr followup, 19969
diet & weight & height, adult chronic opiate addicts vs general population, Switzerland, 33380
height & weight, vocal fundamental frequency during prompted spontaneous speech, Black male vs female 6 yr olds, 15135
methylphenidate, height & weight changes, hyperactive 6–12 yr olds, 2 yr study, 19968
nutritional status as reflected in height, mentally retarded children, India, 19458
Body Image [See Also Body Image Disturbances, Phantom Limbs]
accuracy of body image & stereotypic preference & aversion to & judgment of body types, male vs female 13–25 yr olds, 8085

administration & scoring & norms of Draw a Penis Test, assessment of penis perception, patients with neurosis or psychogenic impotence or Koro, India, 35107
age & perceived vs actual status as overweight vs underweight vs normal weight, depression, male vs female 11–18 yr olds, 1093
age, attitudes toward bodies, female high school cheerleaders, 25574
art therapy, self & body image, 13 & 16 yr old delinquent males, 33717
attitudes about obese individuals & body weight & self perception & dieting behavior, female vs male college students, Australia vs US, 5084
body concept & esteem, adult males with cardiac disorders or spinal cord injury or alcoholism or mental illness, 19010
body concepts & psychosomatic health & Type A behavior, adults who play squash vs those who do not exercise regularly, 38542
body image & fat, 19–57 yr old females, 19488
body image & inferiority, 18–35 yr olds with vitiligo, India, 37008
body image & satisfaction & eating disturbance, 18–60 yr old male vs female obligatory runners vs weightlifters, 23021
body image boundary & self inflicted cuts, tattooed vs nontattooed males incarcerated for violent crimes, 1792
body image, bulimic 18–25 yr old females with restrained vs unrestrained eating, 12442
body image distortion, eating disturbances, female college students, 12361
body image satisfaction & dieting & sex role traits, urban Black females, 15551
body image satisfaction, males vs females assessed at ages 11 & 13 & 15 & 18, 25633
body satisfaction & disordered eating & exercise, heterosexual vs homosexual males, 40500
body shape dissatisfaction, male vs female 11–18 yr olds, conference presentation, 15208
body size estimation & satisfacton & feeling fat before vs after meals, 18–24 yr old females, 25965
body size estimation accuracy & body & self esteem & depression & eating disturbance & teasing history regarding appearance, premenarcheal vs postmenarcheal 10–15 yr old females, 26485
body size in video presentation, judgment of image as accurate vs heavy vs thin & adjustment of image to perceived size, obese vs normal weight adults, 5643
body weight, body image satisfaction & self esteem & perceptions of significant others, adult Black females, 39937
construction & validity & reliability of Social Physique Anxiety Scale, female college students, 28096
depersonalization & self perception & body image, conference presentation, 15740
depression & body image, male vs female 9th graders, 19202
development & validity & reliability of & norms for adjustable light beam apparatus, assessment of body size estimation accuracy, 17–35 yr old females, 10546
developmental & etiological forms, blind 18 yr old female & 17 yr old male with anorexia nervosa, case reports, 40460
distorted body perception & image, bulimic females, 29938
emotional vs rational experimental instructions, actual vs perceived vs ideal size of waist & hips & thighs, normal weight female 17–35 yr olds, 32907
factor analysis & validity of Body Image Questionnaire, female vs male 10–40 yr olds, France, 3560
gender & sex role & self esteem, body image, college students, 29292
implied construct validity of body dysmorphic disorder diagnostic category, male vs female college students, 32942
low vs high hypnotizability with vs without amnesia posthypnotic suggestions, attitudes toward body, female adults, 28383
mime group therapy, body image & self esteem & movement concept, psychiatric outpatients, 33932
perceptions of desirable body shape, male non-US Muslim vs US Judaic-Christian college students, 25919
physical activity & weight discrepancies & body cathexis & well being, female college students, 25112
physical fitness & body image & locus of control, male vs female college students, 36456
physical maturity & psychological factors & family & maternal variables, prediction of eating problems, female 7th–10th graders & their mothers, 2 yr followup, 16022
pressure sensitivity of finger vs abdomen vs abdomen with promise of monetary reward, bulimic 21–33 yr old females, implications for body image distortion, 29935
range of motion dance program vs traditional home exercise & rest, self reports of compliance & body image & joint range, ambulatory adults with rheumatoid arthritis, 4 mo followup, 2235
rating of own vs ideal body figure vs perception of figure most attractive to males, female college students, replication, 22438
representation of genital inner space assessed by drawings & identity development, female 11–18 yr olds, Italy, 39594
self concept & body image & use & importance of clothing, emotionally disturbed 12–15 yr olds, 40185
self esteem & mastery of life events & importance of & satisfaction with body image, 35–55 yr old females, 4719
sex & abnormal eating behaviors, perceptions of self vs ideal body shape, college students, 19661
sex & extraversion & neuroticism & body & facial self image, ability to correct distorted mirror image of own face, 15–55 yr olds, 22424
sex differences & self esteem & dieting & exercise, body & weight dissatisfaction, adults, 22434
sex of E, female body size estimations, college females, 18982
sex, perceptions & satisfaction with body weight, college students, 29389
sex, weight control & dieting & body image, college students, implications for eating disorders, 1437
single ultrasound scan, child image & body perception, pregnant 18–31 yr olds, Austria, implications for iatrogenic effects, 12981
socialization of body image, therapy, lesbians, 30224
sociodemographic factors & perceived body shape & eating attitudes, male vs female 12–19 yr olds, Spain, implications for cultural influences, 36182
validity & reliability of modified variable image video system, assessment of body image, obese vs normal weight vs pregnant adults, 26580
videofeedback vs behavior modification program, weight loss & body image, obese females, 16501
weight & body image & self esteem & depression proneness, female vs male college students, 15529

Body Image Disturbances [See Also Phantom Limbs]
actual body size, perceptions of current vs ideal body size, bulimic females, 19656
body image distortion, obese vs normal adults, 19512
body image disturbances in anorexia nervosa, conference presentation, 16231
body image disturbances in bulimia, conference presentation, 16052
cognitive style & psychological defense, females with anorexia nervosa vs bulimia nervosa vs those undergoing reduction mammoplasty, 16101
corpus callosum tumor & koro symptoms, 29 yr old male, case report, 16067
creative arts therapy & verbal psychotherapy, body image disturbance, anorexic patients, 19697
cultural & familial & acculturative stresses & treatment, depressed 31 yr old male Hmong refugee with koro & his depressed wife with folie a deux, case report, 40194
development of Perceived Body Image Scale, measurement of perceptual & cognitive & affective aspects of body image, bulimic vs anorexic females, 14137
eating attitudes & body image distortion & depression & self esteem, male high intensity runners vs females with bulimia nervosa, 19588

evaluation & detection of & intervention with body image problems, patients who had surgical treatment of breast or colon or rectal cancer, conference presentation, 16723
hallucinatory perception of own body image, 43 yr old female with epilepsy & mental handicaps, case report, 26373
Koro & associated anxiety & psychopathology, psychotherapy & occurrence in noneastern cultures, Black male 19 & 43 yr olds, 22537
Koro & fear of death & depression, 81 yr old male, England, case report, 26093
need for unification of conceptualization of body image disturbances in psychopathological framework, conference presentation, 16228
reliability & validity of body image distortion questionnaire, college students, 10616
sex role identity & irrational cognitions & body weight, body image distortion, anorexic vs bulimic females, 23055
sociocultural & historical background, Koro epidemic, males, China, 1984–85 & 1987, 15803
temporal lobes, storage & disruption of body image, conference presentation, 16246
underestimation vs overestimation of body shape, treatment response, female anorexic patients, 19725
weight loss not due to eating disorders, body image distortion, female young adults, 9062
5-HT reuptake blockers fluoxetine & clomipramine, 20–56 yr olds with body dysmorphic disorder, 34043

Body Language
athletes behavioral &/or body language cues & coaching experience, estimation of state & trait anxiety levels, 23–65 yr old coaches & 17–44 yr old athletes, practical coaching implications, 24484
counselor body posture, perceptions of expertness & trustworthiness & attractiveness, college students, 6834
interpretation of meaning of body posture, college students, US vs Japan, 11781

Body Rocking
auditory stimulation during stereotyped body rocking behavior, orienting & tonic cardiac activity, profoundly mentally retarded males, 22857
therapeutic feedback band device, control of rocking &/or head movement, visually impaired 10 yr old male, 19915

Body Size [See Also Body Height, Body Weight]
actual body size, perceptions of current vs ideal body size, bulimic females, 19656
age & size, dominance hierarchies & queen replacement, primitively eusocial worker wasps at tropical & temperate latitudes, 24983
anthropological perspectives on biocultural adaptation to short stature due to childhood mild to moderate malnutrition, comments on D. Seckler's hypothesis, 33612
body composition, self perception of health & fitness, male vs female indoor sports participants, UK, 38530
body mass index vs cognitive factors, cumulative food intake, obese vs normal weight females, 26678
body size & value of resource present, fighting behavior, male salticid spiders, 4053
body size & weight & metabolic rate, quiet & active sleep, 69 species of mammals, 18153
body size, aggressive encounters in competition for territories, male sticklebacks, 28542
body size, courtship success, male Drosophila subobscura, 14626
body size, dispersal from patches with male vs female biased sex ratios, male beetles, 14603
body size estimation, anorexic females, conference presentation, 16263
body size in video presentation, judgment of image as accurate vs heavy vs thin & adjustment of image to perceived size, obese vs normal weight adults, 5643
body size, reproductive success, male vs female parasitic wasps, 35558
body size, territoriality, male fruit flies, 496
body size vs prior aggressive experience, dominance in dyadic contests, pumpkinseed sunfish, 3978
courtship & aggressive success & body size, lekking Hawaiian fly, 28452
emotional vs rational experimental instructions, actual vs perceived vs ideal size of waist & hips & thighs, normal weight female 17–35 yr olds, 32907
estimation of prey size from bill length, oystercatchers, 31974
food & body size words in Stroop task, color naming RT & recognition memory, patients with anorexia nervosa, 9007
geographic variation in color & length of wing & tarsus & bill & sexual dimorphism, tremblers & White-Breasted Thrashers, foraging implications, 38965
intruder size advantage, territorial prior residence effect, convict cichlids, 14587
male body size & age, sexual cannibalism & fecundity & body size, female garden spiders, 17987
male body size, female mate choice & male-male competition & parental care, river bullhead, 17968
male size & female behavior & mating potential, lifetime reproductive success, male field crickets, 4036
male ultrasonic calling & body & nutritious spermatophore size, female mate choice, zaprochiline katydids, 14590
maturity of neural pathway & body size & social interaction, jamming avoidance response, weakly electric fish, 7653
physical growth rate, 9th–12th grade males with obsessive compulsive disorder, 29547
psychosocial & SES factors, body composition & nutritional status indices, rural mothers of preschoolers, India, 8271
relative profitability & preferred prey size, searching for & handling prey, juvenile vs adult yellow eyed juncos, 4044
sex & actual frame size, accuracy of estimation of body frame size, adults in fitness program, 5041
sex & size & maternal rank & orphaning, dominance rank, juvenile baboons, Kenya, 507
size & prior residence, outcome of contests, female prawns, 3994
size preferences for swarming vs nonswarming waterflea prey, sticklebacks, 14597
social density & individual size, aggression & activity & feeding, damselfly larvae, 31995
unhealthy consequences of small body size due to childhood malnutrition & growth retardation, developing countries, comments on D. Seckler's hypothesis, 33593

Body Sway Testing
device for partial stabilization of retinal image & head-eye movement size, postural sway, 25–36 yr olds, implications for oscillopsia treatment, 32051
direction of tilt, development of lateral equilibrium stance reaction, 9 mo–5 yr olds, 1034
flow pattern simulation of outdoor setting, motion perception & postural control & perceptual aftereffects, college students, 38769
pattern of angular velocity in rotating visual scene, standing postural sway responses, 23–34 yr olds, construction of visuomotor interaction model, 17740
single oral doses of psychoactive drugs, body sway, healthy persons, literature review, 32242
technique for monitoring & analyzing angular displacement of human torso, implications for health care studies & job ergonomics, 41490

Body Temperature [See Also Skin Temperature, Thermoregulation (Body)]
age & cognitive impairment & body temperature, 68–89 yr olds with mild to moderate primary degenerative dementia, 37006
body temperature pattern during work vs nonwork day, 26–32 vs 53–59 yr old male bus drivers, Netherlands, 27957
bombesin, core body temperature & feeding behavior, male rats pretreated with insulin, 35771
brain stem auditory EPs & body temperature during nocturnal sleep stages, adults, 11008
bright artificial light during regular photoperiod, nicotine induced hypothermia, male rats, implications for pathophysiology of depression, 14754

bright fluorescent light, heart rate & oral temperature changes, 20 & 27 yr olds females with seasonal affective disorder, 19701
cannabinol &/vs cannabidiol, rectal temperature & open field activity & vocalization, male rats, 14863
cholinomimetic interventions, body temperature, literature review, implications for utility & thermoregulation paradigms in research on effects of drugs or ECS on muscarinic mechanisms, 4234
chronic infusion of E. coli lipopolysaccharide, food intake & body weight & temperature, male rats, 4449
circadian rhythm of core temperature, abstinent depressive & nondepressive alcoholic adults, Japan, 8891
circadian rhythms of body temperature & activation & well being, healthy 65–80 yr old females, 18726
circadian rhythms of body temperature & plasma TSH, bipolar inpatients in depressed state vs remission, 5334
circadian temperature rhythm, sleep wake cycles, internally desynchronized adults, 28737
circadian temperature rhythms, menstrual cycle phase, healthy females, 18159
clomipramine & alternate sleep with total sleep deprivation & rectal temperature, clinical response, endogenously depressed 22–69 yr olds, 12572
cognitive factors, night sleep & nap lengths & period of circadian temperature rhythm & sleep wake cycle, 23 yr old male in isolation protocol, 21588
cognitive tasks, finger temperature in left vs right hand, right handed adults, support for Law of Initial Values, 710
computer based system for simultaneous recording of locomotor activity & body temperature rhythms, applications to circadian biology research, 11078
cooling of tongue vs solution, perceived intensity of taste, adults, 735
diurnal variation in body temperature, visuospatial task peformance, male college students, India, 18157
dosage of clonidine & age, locomotor activity & wall climbing & catalepsy & rectal temperature, 10–42 day old rats exposed prenatally to ethanol, 28865
fever due to fungal infection, body temperature & sleep states, rats, 28713
flight training deployment across 9 time zones, personality & sleep quality & patterns & circadian temperature rhythm adjustment, male Royal Norwegian Air Force volunteers, 39135
gestation vs lactation vs postlactation stage, diurnal body temperature & drinking & activity levels, female rats, 4184
induced elevation of body temperature during sleep interruption, structure in 3rd & 4th sleep cycles, 19–36 yr olds, 28702
introversion vs extraversion, circadian rhythms in body temperature, shift workers in chemical plant, 14714
ketamine or naloxone or physostigmine, superior colliculus flash EPs & body temperature, rats, 39319
length of sleep deprivation, oral temperature & heart rate & subjective activation, adults, 14755
lithium, circadian rhythms of body temperature & REM sleep, 45 yr old male with bipolar depression, case report, 30418
menstrual cycle & related body temperature change & sexual desire, 19–44 yr old females, 18200
morning vs evening type sleep structure & body temperature, 20–26 yr olds, 28646
pragmatic approach to masking & endogenous & exogenous components in circadian rhythm in body temperature & abrupt change in timing of sleep, adults, implications for shift work & jet lag, 28645
presentation of "warm" vs "cold" colors, body temperature on right vs left side, female college students, 7741
prostaglandin microinjection of preoptic area, sleep wake cycle & body temperature, male rats, 4424
restricted feeding schedules, free running circadian rhythms of motor activity & leverpressing for food & drinking & body temperature, male squirrel monkeys, 35694
sex & season, rectal temperature responses to exposure to ambient cold, 18–26 yr olds, Japan, 18165
sleep deprivation, oral temperature & field dependence, adults, 14771
suprachiasmatic nuclear lesions, drinking & activity & body temperature circadian rhythms, male rats, 11165
tasks of 10 min intervals, RT performance & bilateral ear canal temperature measuring ultradian rhythmicity, 18–34 yr olds, test of Basic Rest Activity Cycle, 11061
tetrahydrocannabinol enantiomers, activity level & rectal temperature & tail flick latency & catalepsy, male mice vs dogs, 39350
volitional control of finger temperature, horizontal eyeball movements, healthy 25–46 yr olds, implications for role of right hemisphere, 35682
22.8 hr day, sleep & circadian rhythms of temperature & urinary excretion, adults, 4253
5 vs 20 mg/kg morphine in warm vs cold environment, core temperature & locomotor activity & oxygen consumption, rats, 28876

Body Types [See Somatotypes]

Body Weight [See Also Birth Weight, Obesity]
abnormal diurnal weight gain, chronically psychotic adults, implications for metabolic marker of illness severity & risk of water intoxication, 19252
abnormal diurnal weight gain, chronically vs acutely psychotic patients vs normal adults, 36709
abnormal diurnal weight shifts, schizophrenic patients, 33206
activity & body & organ weight, male mice offspring of males exposed to alcohol prior to mating, 11176
adrenalectomy & fenfluramine, food intake & body weight & guanosine binding to brown adipose tissue, female rats, 35689
age & body weight & height & family background, quality & quantity of circulating lymphocytes, 60–90 yr olds, 39713
age & perceived vs actual status as overweight vs underweight vs normal weight, depression, male vs female 11–18 yr olds, 1093
age & sex & average vs overweight body shape, attitudes & perceptions & practices toward obesity, 5–12 yr olds, Canada, 22981
amitriptyline vs nortriptyline vs desipramine vs zimelidine, weight gain, depressed inpatients, 30435
anorexia & weight loss, brain tumor patients, 12402
antidepressants, weight gain, depressed patients, literature review, 9571
antipsychotic drugs vs lithium &/vs carbamazepine, abnormal diurnal weight gain, institutionalized chronically psychotic patients, 37575
aspartame, body weight set point hypothesis assessed through energy intake, obese vs nonobese adults, conference presentation, 18247
autosomal & heterosomal factors, behavioral components & body & testes weight, heterogeneous line of mice developed from cross between unrelated inbred strains, 602
behavioral & psychological similarities, bulimic adult patients classified by current & historical weight implications for eating disorders classification, replication, 5809
bidirectional shifts in weight, alcohol consumption, male rats, test of weight restriction vs stimulus generalization decrement hypothesis, 28899
biochemical & symptomatic correlates of drug abuse & depression, implications for model of anorexia, elderly, commentary, 2011
body size & weight & metabolic rate, quiet & active sleep, 69 species of mammals, 18153
body weight & beta-hydroxybutyric acid, depressive symptoms, females with anorexia nervosa or bulimia, 5701
body weight & decrease in norepinephrine levels during 1st 3 wks of hospitalization, patients with anorexia nervosa, 30745
body weight & fecundity, Argentine ant queens in polygynous vs monogynous colonies, 508
body weight & urine volume & plasma electrolytes, psychiatric patients with polydipsia, diagnostic & treatment implications, 5186
body weight, body image satisfaction & self esteem & perceptions of significant others, adult Black females, 39937

body weight, CSF 5-HIAA concentration, adult females with anorexia nervosa, 2033
brain enhanced chemical delivery system of estradiol, body weight & food intake, lean vs obese rats, conference presentation, 25310
cadmium dosage 5–6 days after birth, social recognition test performance & body weight, rats, 860
cafeteria diet, energy intake & body weight, male vs female rats, 35659
carbohydrate type & form, food intake & weight gain, female rats, 4192
cerebellar cortex lesions, food intake & body weight, male rats, 28779
changes in eating behavior & body weight, patients with dementia, professional criticism, 1998
child & familial body weight, subjective ratings of sweetness & fatness & exercise workloads, 8–12 yr olds, 39617
chronic icv morphine, body weight & food & water intake & blood glucose, male rats, 14840
chronic infusion of E. coli lipopolysaccharide, food intake & body weight & temperature, male rats, 4449
chronic insulin infusion, food intake & body weight & amount of & mitochondrial guanosine diphoshate binding in white & brown adipose tissue, male rats, 21766
cultural norms & female sex role attitudes & stereotypes, preoccupation with thinness & pursuit of beauty, females, 29311
dextrofenfluramine & fat or carbohydrate supplemented hyperphagia inducing diet, fat or carbohydrate intake & body weight, female rats, 32161
diet & weight & height, adult chronic opiate addicts vs general population, Switzerland, 33380
difficult temperament characteristics, rapid weight for height percentile gains, obese 6–12 yr olds, longitudinal study, 1973
diurnal changes in weight & serum sodium concentration, males with syndrome of psychosis & intermittent hyponatremia & polydipsia, 29666
diurnal weight gain & water balance, hospitalized patients with mental retardation vs organic mental syndromes, implications for differential diagnosis of psychosis, 26411
drawings of anorexic vs obese males vs females, perceived attractiveness & personality & other characteristics, male vs female 16–21 yr olds, England, 32811
eating attitudes & body weight history, risk of developing eating disorders, male college students, 5639
Eating Attitudes Test & Eating Disorders Inventory scores & exercise habits, menstrual dysfunction, adolescent & adult lean female marathon runners vs ballet dancers vs fashion models, 19605
electrolytic lesions of ventromedial hypothalamus &/vs paraventricular nucleus, hyperphagia & weight gain, female rats, 11136
estradiol & progesterone, food intake & taste preferences & body weight & glucoregulation, intact vs ovariectomized rhesus monkeys, 39227
estradiol benzoate & restraint, food intake & body weight, ovariectomized rats, 32121
ethanolamine-O-sulfate dosage & hyperosmotic & hypoglycemic challenges, food & water intake & body weight, female rats with bilateral lateral hypothalamus lesions, 35699
family demographics & maternal childrearing practices, relative weight, male vs female 7–11 yr olds, Canada, longitudinal study, 15026
fluoxetine, imipramine associated weight gain, 42 yr old female with panic disorder & agoraphobia & 55 yr old female with major depression & panic disorder, case reports, 30410
fluvoxamine, metabolic rate & weight loss, 53 yr old depressed female, case report, 23381
food palatability, overeating & weight gain, rats, 14615
food restriction induced body weight reduction, subsequent macronutrient selection during & adiposity & plasma insulin following refeeding, female rats, 4260
gastric implant, body weight & gastrointestinal hormones, chow vs cafeteria fed male rats, animal model of dietary obesity, 35717
grazing time & travel, weight & milk production, cows & calves from 4 breeds, 28508
group size & individual vs group housing, activity level & aggression & food intake & weight gain, weanling pigs, 4043
health information & personalized norms & criteria in self care related to weight, middle vs working class 19–56 yr old females, 27043
height & weight, vocal fundamental frequency during prompted spontaneous speech, Black male vs female 6 yr olds, 15135
human handling & flock size & E. coli challenge, body weight & food intake, female chicks, 4227
icv rat satietin, food consumption & body weight & activity, male rats, conference presentation, 25190
incidence & etiology of anorexia, elderly, commentary, 2122
incidence & etiology of anorexia, elderly, commentary, implications for research strategies, 1963
incidence & physiological etiology of anorexia, elderly, literature review, 2077
increasing ethanol concentration, food & water intake & body weight & wheel running, male rats, 28801
kainic acid selective damage of neurons in medial septum of forebrain, body weight & food & water intake & urine output, male rats, 21694
locus & stability & controllability & intentionality & universality of current weight attributions, weight control, adults, 19882
locus of control, eating attitudes & fear of becoming fat, female college students, Australia, 15515
long term regulation of energy intake & expenditure, obesity, conference presentation, 29943
marihuana, food intake & body weight, 19–30 yr old males, 18331
meal feeding schedule followed by free access to food, food intake & body weight & hepatic glycogen & plasma free fatty acids & glycemia, male rats, 35649
methylphenidate, height & weight changes, hyperactive 6–12 yr olds, 2 yr study, 19968
moderate weight loss, overnight growth hormone & cortisol secretion, healthy 20–38 yr old females, implications for endocrine abnormalities in depression, 35642
multidisciplinary treatment, weight gain, organic vs nonorganic failure to thrive 3 mo to 6 yr olds, 23092
naloxone vs naloxonazine, food intake & body weight, rats, 7884
nicotine, body weight & eating behavior in presence of sweet & salty foods, rats, 4239
nicotine replacement through gum use, postcessation weight gain, 18–70 yr old smokers attending smoking cessation clinic, 27314
nutrition & etiology of anorexia, elderly, commentary, 2165
nutritive vs nonnutritive sweeteners, food intake & body weight, rats, conference presentation, 18222
parent body weight & nestling hunger, prey choice, pied flycatchers, 515
phasic starvation, estrous cycle, lean vs fat hamsters, 39146
phenylpropanolamine, chronic feeding & body weight, lean vs genetically obese mice, 927
physical activity & weight discrepancies & body cathexis & well being, female college students, 25112
placement in multiple hen cages, aggressive & dominance behavior & body weight, pullets reared in floor pens vs high density cages, 17981
prenatal alpha melanocyte stimulating hormone, weight & pain reactivity & sexual performance & response to environmental changes, rats, 881
prenatal ethanol exposure, maternal & offspring weight gain & neonatal motor activity & mortality rates, mice, 11274
preweaning nutrition, hyperphagia & weight gain during pregnancy, female primiparous mice reared in small vs medium vs large litters, 695

progressively increasing exercise levels with vs without po beta-adrenergic agonist pindolol, food intake & body weight & urinary epinephrine & norepinephrine, male rats, 4375
role concerns & preferences for slimness & symptoms of eating problems, female college students, 5079
role of brain neurotransmitters in etiology of anorexia, elderly, commentary, 2049
role of reduced taste & smell acuity in etiology of anorexia, elderly, commentary, 2117
sc vs icv prolactin vs growth hormone, food & water intake & body weight, ring doves, 32167
season, diurnal weight gain, patients with schizophrenia or organic personality syndrome, 29665
self esteem & body weight, 14 & 16 yr old females, 29151
sex & body composition, perceived cardiac activity, 18–35 yr olds, 14743
sex, perceptions & satisfaction with body weight, college students, 29389
shortening vs lengthening of constant nursing bouts, weight gain & attachment latency & milk ejections & nursing position & dam directed behavior, rats, 35509
stimulation, affective behavior & weight gain vs loss, hospitalized failure to thrive 3–16 mo olds, 2789
stress in learned helplessness paradigm, body weight & conditioned taste aversion, male rats, implications for role of stress in anorexia & weight loss & depression, conference presentation, 25121
suboptimal weight & depression, DST induced cortisol suppression, female bulimic 18–69 yr olds, 5754
sulphatoxymelatonin excretion & gonadatrophin status during weight gain, female patients with anorexia nervosa, 5581
T-2 toxin contamination, saccharin aversion & food intake & body weight gain, male rats, 35913
thioridazine with vs without dextroamphetamine vs imipramine vs chlorpromazine & hospitalization, weight change, 4–16 yr old inpatients with psychiatric or behavior disorders, 2863
time of day of food deprivation termination, body weight loss & plasma corticosterone & glucose, male mice, 21597
tricyclic antidepressant drugs or MAO inhibitors or lithium, weight gain, patients with depression or phobic disorders or bipolar disorder, literature review, recommendations for treatment, 19948
ultrasonography of hypothalamic pituitary gonadal axis, female patients with anorexia nervosa, conference presentation, 30110
validity of weight loss item scoring in Hamilton Rating Scale for Depression, psychiatric inpatients, commentary with reply included, 31660
weight & body image & self esteem & depression proneness, female vs male college students, 15529
weight & eating attitudes & menarcheal age, female 14–18 yr old figure skaters vs ballet dancers vs swimmers, 21879
weight & SES & family structure, Eating Attitudes Test scores, White vs non-White male vs female college students, 22432
weight control program, body weight loss, obese 29–68 yr olds with normal weight vs obese partners, 3 mo followup, implications for cost effectiveness & public health, 40716
weight loss & hoard size discrimination, food hoarding behaviors, male golden hamsters, 35535
weight loss & lack of appetite & early satiety, 62 yr old male with tegmental medullary glioma, case report, implications for role of medulla in feeding behavior, 19565
weight loss not due to eating disorders, body image distortion, female young adults, 9062
wheel running & deprivation, food intake & body weight, male rats, 35656

Bolivia
personal values, 22–60 yr old managers, Bolivia, 27890

Bombesin
bombesin & self administered vs peripherally injected ethanol, feeding & ethanol drinking & satiation & blood levels & activity level, rats, 18338
bombesin, core body temperature & feeding behavior, male rats pretreated with insulin, 35771
bombesin in nucleus tractus solitarius vs nucleus accumbens, dopamine mediation & neurochemical & neuroanatomical correlates of induced locomotion & grooming, male rats, conference presentation, 14870
bombesin in nucleus tractus solitarius vs nucleus accumbens, dopamine mediation & neurochemical & neuroanatomical correlates of induced grooming & satiety, male rats, conference presentation, 14871
bombesin vs gastrin releasing peptide, memory retention, rats, 18330
bombesin with vs without scopolamine, grooming behavior, hamsters, 11260
icv & iv bombesin, food intake, adult hen turkeys, 39277
TRH & ACTH or bombesin or beta endorphin, grooming behavior, male rats, 4503

Bonding (Emotional) [See Attachment Behavior]

Bone Conduction Audiometry
characteristics & inner ear transfer of bone vs air conduction evoked otoacoustic emissions, 16–27 yr olds with normal hearing or anacusis in 1 ear, 18130
movement of jaw relative to skull, sound in ear canal, adults, 17819

Bone Disorders
brain ventricular enlargement, 20 yr old male & his sister with multiple exostosis & schizophrenia, 36507
medical education program, stress & coping & psychological well being, 46–77 yr olds with osteoporosis, 37625
nutritional support methods, development of oral feeding skills & satisfaction & parental bonding, 4 mo old female with dysphagia & infantile cortical hyperostosis, case report, 5734
osteoporosis, stress & adjustment patterns, female 57–93 yr olds, 37130
psychiatric morbidity, orthopedic patients with leg fractures, implications for psychiatric consultation referrals, 33573
somatostatin octapeptide analog SMS 201-995, analgesia & tolerance & dependence & withdrawal symptom control by clonidine, male 28 yr old with acromegaly & severe headache, case report, 40791
support networks & use of community services, elderly females with osteoporosis, 9178
theoretical & ethical perspectives on family caregiving & euthanasia, female with Alzheimer's disease & osteoporosis, 34154

Bone Marrow
butyrophenone added to treatment with phenothiazines, agranulocytosis, psychotic female 60 yr old & male 50 yr old, case reports, 40816
construction of observational scale, measurement of approach-avoidance & behavioral distress during preparation for bone marrow aspiration, 3–11 yr olds with suspected leukemia, 3590
family systems stress model of pediatric bone marrow transplantation & attitudes toward treatment & recovery, children with cancer & their families, 30586
hospital consultation-liaison psychiatric services, 17–33 yr old bone marrow transplantation patients, 9652
personality, survival time after bone marrow transplantation, 18–40 yr old patients with acute leukemia or chronic myelogenous leukemia or severe aplastic anemia, 30605
play behavior, emotional adjustment, patients in pediatric bone marrow transplantation unit, 2610
psychological risk factors & therapeutic abortion, adaptation to bone marrow transplantation, 25 yr old female with myelogenous leukemia, case report, 40846

Bones
age & demographic & medical & level of mental functioning risk factors, epidemiology of fractures, mentally retarded adults in intermediate care facility, 10 mo study, 23694
personality traits & pelvic & body shape, sex role conformity & sexual satisfaction, pregnant females, England, 36371

Books [See Also Textbooks]
analysis of child psychology handbooks & trends in & history of child psychology, 959

children's books, anxieties related to 1st day of school, bibliography, 13580
frequency & sex role stereotypes of occupations & activities, male vs female characters in children's picture books, 1938–70 vs 1971–84, 14997
guide to nonacademic & secular popular books on anxiety disorders for clinicians, 33095
guidelines for use of books as educational tools on sexual abuse, elementary school guidance counselors, 31277
historical roots & current qualities of treatment manuals in psychotherapy, implications for research & theory & training & practice, 12675
history of conceptual development & composition & publication of D. Hartley's "Observations in Man, His Frame, His Duty, and His Expectations", 3525
homogeneity & content rhythms & trends in short stories vs political treatises vs texts written by terrorist group, 39447
identification of target faces using traditional album vs computerized mug shot search, college students, implications for police investigations & witness descriptions, 29255
method & criteria for selection of books, development, infants, 29054
reading psychological self help books, personality, adults, 30156
status of post Jungian psychology discussed in books by author, commentary reply, 38564
talking & tactile books, visually impaired or blind preschoolers, 33577

Borderline Mental Retardation

compulsively self induced apneic syncopes & epileptic absence seizures, female with borderline intelligence followed from 7.7 to 13 yrs old, 15976
factor structure of WAIS-R, adults with borderline mental retardation, 10556
reliability & interdistrict comparability of standards for minimum competency tests in states with local option testing, educationally marginal vs learning disabled or mildly handicapped students, 20661
stimulus manipulation vs delayed feedback, learning & generalization of missing minuend arithmetic problems, 9.1–13.4 yr old educable & borderline mentally retarded students, 27732
transition from high school to adult educational & vocational & psychosocial roles, mildly learning handicapped 18–19 yr olds, 1 yr study, 19470
types & frequencies of problems encountered in residential care & day programs, 21–59 yr old staff members serving mentally retarded & borderline clients, 41053

Borderline Mentally Retarded [See Slow Learners]

Borderline States

affective &/or somatic presenting pathology, patients with borderline personality disorder, 33007
amoxapine, patients with schizoptypal vs borderline personality disorder, 34047
amphetamine, EEG & anxiety & depression & psychotic symptoms, 16–36 yr olds with borderline personality disorder, 11932
autoerotism in borderline personality organization, 18 yr old female with wrist cutting & bulimic symptoms, 22558
aversive dice therapy, female psychiatric patient with borderline personality disorder & repeated suicide attempts, 6088
buprenorphine, opiate addicted vs nonaddicted patients with borderline personality disorder, conference presentation, 13258
characteristics of relationship, case manager & 30 yr old female with borderline personality disorder, 23196
childhood incest, development of borderline personality disorder, 19 yr old female, 36644
clinical characteristics & prevalence of borderline personality, 16–43 yr olds with eating disorders, 19538
cognitive psychology & impression formation & stereotyping, staff inpatient interaction, nursing staff & borderline patients, 6403
comorbidity & clinical characteristics, alcoholic females with borderline vs schizotypal personality disorder, 32983
correlates of seriousness of self destructive behavior or suicidal intent or attempt, development of risk prediction profile, female 18–42 yr old borderline inpatients, 15781
countertransference & primitive defense mechanisms, patient with borderline personality disorder, case report, conference presentation, 2281
cultural & object relations theory perspectives on borderline personality disorder & negative possession trance, 30 yr old female, 5301
diagnosis of borderline personality disorder, adopted emotionally disturbed adolescents, implications for misdiagnosis & need for differential diagnosis, 12067
diagnostic category & individual criterion level comparisons of DSM-III definitions of borderline & schizotypal personality disorders, 29626
diagnostic category of borderline personality vs psychotic character, 15680
diagnostic criteria for borderline personality, psychiatrists, Denmark, 15761
Diagnostic Interview for Borderline Patients vs Personality Disorder Questionnaire vs Personality Disorder Examination, diagnosis of borderline personality, 18-43 yr old psychiatric outpatients, 15613
difficulty with psychotherapeutic processes, 33 yr old homosexual male with borderline personality, case report, 23192
dream analysis, narcissistic trauma camouflaged by avidity for sexual excitation, borderline female analysand, case report, conference presentation, 16340
drug therapy, 28–38 yr old females with borderline personality disorder, case reports, 30538
early experiences & developmental variables, prognosis & severity & suicide, adults with borderline personality disorder, 15 yr followup, 8688
educational videotape, treatment planning for 1–2 mo family oriented hospital program, borderline patients, 30744
EEG sleep & lithium transport & platelet MAO & DST, patients with borderline personality disorder, 15717
ego & self psychology therapy framework, cognitive defense & narcissistic vulnerability & resistance, client with borderline or narcissistic personality disorders, 33815
ego & superego alterations, 34 yr old borderline female analysand, case report, conference presentation, 16358
ego psychology, descriptive developmental diagnosis, underachieving 35 yr old male with neurotic & borderline personality features, 2257
evaluation of DSM-III-R criteria for enhanced prediction & diagnosis, 16–45 yr old inpatients with borderline personality disorder, 8683
experiences of major childhood trauma including child abuse, adults with borderline personality disorder, 29555
experimental information giving vs investigator disclosure, information quality & understanding of informed consent, 18–76 yr olds with schizophrenia vs depression vs borderline personality disorder, 15631
family & personal characteristics, 14–17 yr old female borderline patients, 22602
family assessment & treatment, patients with borderline disorders, 6012
family therapy, families with borderline members, 26869
focusing as psychotherapeutic technique, borderline 14 yr old female, 23226
frequency & efficacy & type of drug treatment, adult outpatients with borderline vs antisocial personality vs dysthymic disorder, 12933
functioning of primitive defense mechanisms assessed by Object Relations Technique, borderline patients, 15661
group psychotherapy vs occupational therapy, 22–69 yr old psychotic vs borderline male inpatients, 33892
holding function of therapist during crisis in therapy, neurotic vs borderline females, 37343
importance of differential diagnosis in S. Masterson's confrontive treatment approach, patients with borderline vs narcissistic vs schizoid personality disorders, 16372
incest history, females with borderline personality disorders, 26182

incidence & geographic distribution of borderline state, 1970–85, Denmark, 12025
incorporation of "good enough" model in partial hospitalization programs, clients with borderline or narcissistic personality, 40980
inpatient & outpatient treatment design, 25 yr old female with borderline personality disorder who attempted suicide, 30158
integrated focus on splitting & intergenerational family systems approach, borderline inpatients, 30343
integration of O. F. Kernberg's conflict theory & G. Adler's deficit theory of borderline pathology, 40107
interdisciplinary consultation, self mutilation, hospitalized female 24 yr old with borderline disorder, 30198
internalization & achievement of libidinal object constancy & acting out of separation conflicts, borderline 27 yr old female analysand, case report, 30244
lithium, aggressive conduct & borderline personality disorder & bulimia & other nonaffective disorders, 40800
low dose perphenazine vs phenelzine, 23 yr old female with borderline personality disorder & suicidal ideation, case report, 6142
magnitude & type of disturbances in ego functioning, 13–18 yr olds with borderline or other personality disorders, 22632
measurement of thought disorder as predictor of psychotic & psychotic-like symptoms, 18–39 yr olds with borderline vs antisocial personality vs bipolar disorder, 33141
music therapy assessment, 12 yr old male with oppositional & borderline personality disorder, 9307
National Institute of Mental Health Diagnostic Interview Schedule, identification of borderline personality disorder, 18–55 yr old psychiatric inpatients vs outpatients, conference presentation, 22648
nature & management of splitting, hospitalized psychiatric patients, implications for staff education, 30731
neuroleptics, creative kinase elevation, 30 & 28 yr old males with paranoid schizophrenia or borderline personality disorder, case reports, 2517
nocturnal head banging, depressed & borderline 18 yr old female, case report, 23050
object relations deficits, differential diagnosis, patients with borderline personality vs affective vs schizoaffective disorders vs schizophrenia, 1552
panic disorder, borderline personality disorder patients, 22672
personality & unconscious psychodynamics & dynamic psychiatric treatment of borderline syndrome, 19045
pharmacotherapy, borderline patients, literature review, 34058
physical complaints without organic basis, 27 yr old female & 32 yr old male with borderline personality disorder, case report, 36558
pre-oedipal reconstruction in psychoanalysis, 28 & 40 yr old females with borderline personality disorder, 9355
predictors of suicide, patients with borderline personality disorder, followup study, 29615
premenstrual exacerbation of bulimia, 22 & 23 yr old females with borderline & histrionic personality disorders, case reports, 33125
presenting problems & characteristics & DSM-III-R diagnostic criteria & college counseling center treatment & campus consultations, college students with borderline personality disorder, 20715
prevalence & clinical characteristics of borderline & other mental disorders, 15–18 yr old professional technical school students, USSR, 11931
prevalence of borderline personality disorder, patients with eating disorders, literature review, 26609
projective testing, countertransference dilemmas, 22 & 27 & 30 yr old borderline patients, 40659
psychiatric symptomatology & eating problems, females with bulimia or atypical eating disorders vs borderline personality disorder, 1493
psychoanalytic & cultural variables, borderline personality disorder, 32 yr old homosexual male, 12063
psychoanalytic approach to structure & diagnosis of borderline personality disorder, 26171
psychoanalytic issues & efficacy, borderline children, 37296
psychoanalytic perspective on self structure of borderline personality, 1660
psychoanalytic perspectives of concept & treatment of borderline pathology, commentary, 5968
psychoanalytic perspectives on comprehension & treatment, borderline patients, commentary reply, 5915
psychoanalytic perspectives on comprehension & treatment, borderline patients, commentary, 5951
psychoanalytic therapy & fusion-separation contradiction, borderline 31 yr old female, case report, 16422
psychoanalytic treatment & diagnosis, borderline patients, commentary, 5995
psychodynamic construct for theoretical & clinical understanding of violent & homicidal behavior, patients with borderline or psychotic or psychopathic disorders, 1520
psychopathological & neuroendocrinological characteristics, patients with borderline personality disorder vs major depression vs schizophrenia, 1629
psychosocial factors & target symptoms, prescribed medication & psychotherapy, borderline patients, 37265
psychotherapeutic techniques & use of language as transitional object, 29 & 36 yr olds with borderline personality disorders, 33787
psychotherapy discontinuance, newly hospitalized 17–35 yr old patients with borderline personality disorder, 6 mo study, 19769
psychotic phase, 14 yr old female with borderline personality disorder, case report, 15605
psychotic process & clinical features of psychotic character vs borderline diagnosis, 19101
quality & prevalence of depressive symptoms, 18–31 yr olds with borderline personality disorder, Australia, 33002
sadomasochistic blame transference, borderline patients, 16396
seizure disorder misdiagnosed as borderline syndrome, 51 yr old female, case report, 26631
self rating of symptoms, identification of borderline personality disorder, patients, conference presentation, 1557
self vs objectively rated empathy as social perception of feelings & personality, group psychotherapy patients with neurosis vs borderline disorders vs psychosis, 12746
sexual relations with therapist & attendant boundary violations, female borderline patients, 30242
specificity of DST for endogenous depression, patients with endogenous depression vs schizophrenia vs dysthymia vs borderline disorder, 33114
stages & processes in psychoanalysis & analytically & dynamically oriented & supportive psychotherapy, patients with borderline disorder, 30238
symptoms & individual & family psychotherapy & drug therapy, adolescents with borderline personality disorder, 23105
therapeutic techniques, ego state functioning & cognitive distortions, clients with borderline personality disorder, 30202
therapist as constant object, borderline patients, 40609
therapist intervention, therapeutic alliance, male borderline patient, 9330
transference & countertransference in classification & treatment, borderline patients, commentary, 5947
transference & countertransference in psychoanalysis, 36 yr old depressed female with borderline personality organization, case report, 9322
treatment considerations, borderline alcoholic clients, 30843
trends in definition of borderline personality, late 19th through 20th century, conference presentation, 40130
utility of borderline concept in psychoanalysis, borderline patients, commentary, 5917
utility of superego & defense analysis model for comprehension & treatment, borderline patients, commentary, 5998
validity & reliability of Borderline Symptom Inventory, psychiatric patients with borderline vs affective disorders, 14138

validity of diagnosis of borderline personality, literature review, 1716
ventricle-brain ratios & 3rd ventrical size & frontal atrophy, 18–42 yr olds with borderline personality disorder, 33116
work therapy & psychotherapy treatment integration, borderline female patient, 2883
Boredom
accelerated education options, bored & disinterested gifted students, 20640
boredom as failure to develop meaningful life goals, psychotherapy clients, 12644
boredom as prelude to creation of personal meaning, 40 yr old male & 29 yr old female psychotherapy clients, case reports, 12711
boredom in psychotherapy & eclectic approach to intervention, clients & therapists, 12688
boredom in psychotherapy as reflection of unmet needs, therapists, 12661
boredom in the psychotherapeutic process, client & therapist, 12657
boredom in times of transition & change, 43 yr old male unable to cope with his wife's degenerative disease, clinical implications, 12706
boredom proneness & personality, high school students, 29152
developmental perspective on boredom, 21–58 yr olds with severe episodes of boredom, 11475
logotherapy & discovery of existential life's meaning, bored clients, 12676
manifestations of boredom in marital therapy, clients & therapists, 12754
model of boredom & its clinical implications, literature review, 12642
psychodynamics & psychopathology of boredom, 12048
psychodynamics of boredom in psychotherapy, clients & therapists, 12717
psychotherapeutic techniques, boredom, 54 yr old female client, 12638
psychotherapy, boredom as defense or as developmental ego defect, 32 & 33 yr old female clients, case reports, 12666
rational emotive therapy, boredom & anxiety & depression, 28 yr old female with low frustration tolerance, 12649
self perception of inattention, boredom, college students, 39952
therapist's use of self as treatment strategy, boredom, clients, 12726
use of term "acceleration" for educational intervention, bored gifted students, commentary & replies included, 20591
validity of Boredom Proneness Scale, assessment of alienation & assertiveness & internal external expectancy & sleep patterns, 21–59 yr olds, 28141
Botany
mnemonic strategy, learning macrostructure & microstructure of botany classification system, college students, 2 mo followup, 34659
Botswana
characteristics, 15–69 yr old patients admitted to psychiatric hospitals, Botswana vs South Australia, 20165
Bottle Feeding
attitudes & knowledge & beliefs about breast & bottle feeding, 16–41 yr old mothers with mixed racial backgrounds, South Africa, 32629
behavioral & nutritional & demographic risk factors, 11–48 mo olds with nursing bottle caries, 33592
breast vs bottle method of feeding, learning in feeding behavior, infants, conference presentation, 29098
place of residence & SES & early breast vs bottle feeding duration, parents & their infants using home visiting or child health clinic programs, 30625
psychosomatic factors, choice of infant feeding, primiparous females, 9202
responsiveness to breast odors from lactating unfamiliar females vs mothers, breast vs bottle fed male vs female 12–17 day olds, 39549
SES & early bottle vs breast feeding, childrearing attitudes, mothers of 7–11 yr olds, Canada, 39763
Bourgeois [See Middle Class]
Bowel Disorders [See Colon Disorders]
Boys [See Human Males]
Brachial Plexus [See Spinal Nerves]
Bradycardia
amitriptyline dosage, cognitive performance & alertness & hypotension & tachycardia or bradycardia, male 20–40 yr olds, 837
interaction between phenelzine & beta blockers, bradycardia, 75 yr old male & 63 yr old female with major depression, case reports, 27002
multiple unit activity in agranular medical prefrontal cortex during classical conditioning of bradycardia, rabbits, 4100
stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, commentary, 11063
stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, commentary reply, 11072
stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, male college students, 11071
Braille
braille as means to literacy, blind, 40497
braille literacy, education & eventual employment & quality of life, visually handicapped students, 41339
braille vs Fishburne alphabet, recall, sighted male college students, 7469
differential item difficulty on braille edition of SAT mathematics section, blind students, 34803
importance of braille for literacy & quality of life & deemphasis of instruction, blind, 40508
letter detection errors, 23–59 yr old blind Braille readers vs college students, 19500
stimulus degradation & orthographical errors & context, braille reading speed, fluent braillists, 4625
structure of braille text, comprehensibility, 4520
tactual scanning mode & finger locus, braille pattern recognition, adults, implications for braille reading & education, 28210
text rotation & horizontal vs vertical finger position & degraded dots in lateral dot gap density scanning, perceptual coding & speed in fluent braille, blind high school students, 2073
Braille Instruction
importance of braille for literacy & quality of life & deemphasis of instruction, blind, 40508
international trends in prevention & early intervention & use of braille & mainstreaming & educational programs, visually handicapped children, 24193
Brain [See Also Amygdaloid Body, Auditory Cortex, Basal Ganglia, Brain Stem, Caudate Nucleus, Cerebellum, Cerebral Cortex, Cerebral Ventricles, Corpus Callosum, Diencephalon, Forebrain, Frontal Lobe, Geniculate Bodies (Thalamus), Globus Pallidus, Gyrus Cinguli, Hippocampus, Hypothalamo Hypophyseal System, Hypothalamus, Inferior Colliculus, Limbic System, Medulla Oblongata, Mesencephalon, Motor Cortex, Occipital Lobe, Optic Chiasm, Optic Lobe, Parietal Lobe, Pons, Reticular Formation, Somatosensory Cortex, Superior Colliculus, Telencephalon, Temporal Lobe, Thalamic Nuclei, Thalamus, Visual Cortex]
acetylcholinesterase levels in 43 discrete brain regions & acquisition & retention of water maze task, male rats, 18133
acute alcohol intoxication, regional cerebral blood flow, adult male social drinkers, 11315
acute vs long term methamphetamine, substance P concentrations & receptor numbers in brain regions, rats, implications for psychosis & schizophrenia, 28982
age, regional cerebral blood flow & maze learning, rats, 21488
aging of brain, twins, implications for Alzheimer's disease, 21955

Alzheimer type neuropathology & age associated dementia including motor skill & IQ deficits & problem behaviors, postmortem brains of aged mentally retarded patients, 26368
behavioral quantal theory of brain function, 32058
bilateral lesions of dorsal noradrenergic bundle, conditioned suppression to CS & contextual background stimulus, rats, 28787
brain & CSF GABA levels, schizophrenic 15–78 yr olds, implications for etiology of tardive dyskinesia, 26146
brain abnormalities assessed by computed tomography, bipolar 8–38 yr olds, 15664
brain as complex hierarchical system, consciousness, implications for neuroscientific research, 14697
brain characteristics assessed by tomography, 17–54 yr olds with 1st episode schizophrenia, Scotland, 36649
brain dopamine & reward & motivation, literature review, 25079
brain ganglioside concentrations, 56–78 yr olds with dementia of Alzheimer type, conference presentation, 37005
brain lateralization & role of stress & neuroimmune interactions in depression, conference presentation, 40166
brain morphology assessed by magnetic resonance imaging, chronic schizophrenic adult males, 15769
brain neuroendocrine & neurochemical factors, maternal behavior, mammals, literature review, 7661
brain neuroimaging & neuropathology, schizophrenia research, 22666
brain neuropathology & clinical characteristics, elderly patients with primary dementia with vs without depression, 23085
brain neurotensin levels & receptor characteristics & mediated behaviors, LS vs SS mice, conference presentation, 39089
brain reactive antibodies, age related cognitive decline, mice, literature review, 21524
brain regional concentrations of substance P-like immunoreactivity, postmortem brains of elderly patients with Parkinson's & coincident Alzheimer's disease, 36995
brain structure & physiology research, faith as basic need, 35588
cannula-guidetube system for local intracranial drug infusion & simultaneous electrophysiological recording, animals, 10540
carbon dioxide inhalation, cerebral blood flow, patients with generalized anxiety disorder, 8658
central auditory processing model using specific brain area functions, diagnosis & treatment of central auditory processing disorder, children, application of A. Luria's theory, 5635
cerebral anoxia, hypomania & secondary affective disorder, 32 yr old male survivor of cardiac arrest, case report, 26555
cerebral asymmetries, dyslexic adult males, 19446
cerebral blood flow across menstrual cycle, female 21–45 yr olds, 28665
cerebral blood flow measured at time of diagnosis vs 24–84 mo following cessation of exposure, 33–63 yr old males with organic solvent induced chronic toxic encephalopathy, 37042
cerebral edema & biological correlates, chronic alcoholic adult inpatients assessed during abstinence, 8819
cerebral vascular transit time & relation to cognitive ability, 52–73 yr olds with presenile dementia of Alzheimer's type or Korsakoff's psychosis, 40024
changes in aging brain, memory decline, monkeys, literature review, 21565
chaotic neural activity in brain & several types of functions used for various purposes, commentary & replies included, 21553
choline acetylcholinesterase & guanylate & adenylate cyclase & muscarinic receptors in brain regions, 70–81 yr olds with Alzheimer's disease at autopsy, 9023
chronic mianserin or 8-hydroxymianserin or desmethylmianserin, open field behavior & brain noradrenaline metabolism, olfactory bulbectomized rats, 7878
classical conditioning of light CS to shock UCS onset, brain extracellular fluid levels of ependymin, goldfish, 35662
computed tomography assessed brain morphology changes, anorexic adults, 12374
computerized tomographic brain scans, severe vs less severe chronic schizophrenic male adults, 5336
computerized tomography assessed structure & cerebral blood flow, males incarcerated in psychiatric facility for sexually molesting children or adolescents, 5410
concept of mind based on structural differentiation & integration of functions & domain specificity of mental processes, 7410
confluence of neuroscience & psychology, understanding of brain physiology at molecular & neural & global levels, 18077
cortical microvascular neuropathology, blood brain barrier changes, patients with Alzheimer's disease, 2116
corticotropin releasing factor immunoreactivity in postmortem cortical brain tissue, 24–57 yr old depressed suicide victims, 22519
cultural characteristics & belief in determinism & brain as complex computer, college students, test of von Neumann effect, 29411
deep cerebral venous thrombosis, cognitive functioning & memory & abulia & disorientation, 18 yr old female taking oral contraceptives, case report, 26507
density & distribution of brain D1 vs D2 dopamine receptors, Buffalo vs Fischer rats, 18105
dexamethasone, glucocorticoid receptors & brain development, 7 day old rats, 14 mo followup, 28804
dietary tryptophan vs tyrosine vs choline vs other nutrients, brain serotonin & neurotransmission, rats, implications for drug therapy & appetitive symptoms, 773
dualistic interactionism of brain & self in self consciousness, conference presentation, 21014
early postnatal neuroimmunization with functionally active antigens of adult brain, T maze performance & open field behavior & active avoidance training, infant rats, 35923
ECT 3 mo after craniotomy, 26 yr old male with undifferentiated schizophrenia & depressive symptoms, case report, 26736
EEG & neuropsychological & clinical correlates of brain abnormalities assessed by computed tomography, bipolar 8–38 yr olds, 15665
EEG factor analytic approach, localization of mental functions in brain, adults, 21521
enlargement of brain CSF ventricles, benzodiazepine dependent adults, 5519
ethanol, brain growth & DNA & protein synthesis, chicken embryos, 4454
ethanolamine-o-sulfate or gamma vinyl GABA, brain GABA & food & water intake & open field behavior & catalepsy & pain sensitivity & temperature, male rats, 25278
evolutionary aspects of neural mechanisms, neuroethology of functional brain states & behaviors, humans, 4141
expression of aggression during stress, norepinephine turnover in brain, male rats, 21560
extracted messenger RNA from postmortem brains, preparation of recombinant complementary DNA library, 67–88 yr olds with Alzheimer's disease, 9187
flash intensity, visual EPs from various brain regions, 17–30 yr olds, 18147
food deprivation, brain levels of monoamines & their metabolites, lean vs genetically obese rats, conference presentation, 25148
forced swimming with vs without GABA agonist vs antagonist pretreatment, endogenous GABA content in nucleus accumbens vs cortex vs brainstem, male rats, implications for depression, 4223
functional specialization of brain structures in behavior, 21551
functional state of brain as systemic neurophysiological mechanism & conditioned reflex, 35607
GABA binding sites in postmortem brain, 18–54 yr old depressed suicide victims, 22693

glutamate injections into cuneiform area, behavioral responses, rats, 18398
handedness & cerebral hemispheric asymmetry, schizophrenic inpatients with vs without persistent tardive dyskinesia, conference presentation, 36562
hemodynamic & electrophysiological & neuropsychological parameters, middle aged & elderly patients with clinical symptoms of incipient atherosclerotic encephalopathy, 2074
high atmosphere pressure, EEG & cerebral activity evoked by auditory or visual stimuli & sleep, adults, 10 yr study, conference presentation, 18242
imaging brain structure & function & diagnosis, alcoholic patients, 29757
iminodipropionitrile induced spasmodic dyskinesia, 5-HT & 5-HIAA levels in caudate putamen & nucleus accumbens, male rats, 14824
inescapable tailshock pretreatment or bilateral 6-OHDA lesions of dorsal tegmental bundle & forebrain norepinephrine depletion, choice escape maze learning, rats, 11121
interoceptive stimuli of brain bioelectrical activity, CNS rhythms & adaptation, conference presentation, 18141
lactate induced anxiety attacks, regional cerebral blood flow, 22–52 yr olds with panic disorder, conference presentation, 36677
learning ability, rats with bilateral lesions of dorsal caudatoputamen &/vs ventrolateral thalamus &/vs superior colliculus, 32143
long term flurazepam, brain GABA metabolism, male rats, 14865
long term lithium, norepinephrine & serotonin & carbachol induced inositol phospholipid hydrolysis in brain regions, male rats, 25198
long term potentiation between neurons as possible brain associative memory mechanism, animals, 28584
long term potentiation, information storage in brain, mammals, 4106
long vs short term habituation of acoustic startle reflex, metabolic activity of auditory system, male rats, 39094
lordosis inducing flank stimuli, 2 deoxyglucose uptake reflecting neural responses, female hamsters, 39090
magnetic resonance brain images, schizophrenic 18–44 yr olds, 8583
magnetic resonance imaging, determination of ventricle brain ratio & corpus callosum area, chronic schizophrenic adults, 19208
magnetic resonance imaging vs computerized tomography, visualization of brain structure, medication free schizophrenic 18–28 yr olds, 36569
marihuana smoking, cerebral blood flow, experienced vs inexperienced marihuana smokers, 32239
mean cortical gray matter & regional cerebral metabolic rates for glucose, adults with childhood onset obsessive compulsive disorder, 36702
mental structures & events & unconscious processes, 8430
met-enkephalin & time since exposure to stress, MHPG in brain regions, male rats, 39401
methlenedioxymethamphetamine, morphine induced analgesia & brain 5-HT, male rats, 14910
microlevel vs macrolevel brain research & magnetoencephalography of cerebral magnetic fields, 35598
midsagittal area & 4th ventricle measured with magnetic resonance imaging, autistic 5–19 yr olds, 29538
migrainous type visual disturbances & cerebral venous thrombosis, 30 yr old female & 52 yr old male, 30041
modes & mechanism of brain evolution & role of "initial brain" concept, cetacea, commentaries & reply included, 21508
morphological brain alterations & regional cerebral blood flow, female 16–27 yr olds with anorexia nervosa, 40443
neurological & neuropsychological findings, 25–60 yr olds with leukoaraiosis, 26614
neuropsychological impairment in naming & semantic memory & neuroanatomical changes, 23 & 47 yr olds with herpes simplex encephalitis, 23024
neuropsychological screening battery & brain magnetic resonance imaging, patients with chronic progressive multiple sclerosis, 22925
neurotransmitters & receptors & neuropeptides in postmortem brains, chronic schizophrenic 30–75 yr olds, 19244
number of brain 5-HT/2 receptor binding sites, depressed suicide victims, 5381
opioid agonists morphine vs D-Ala-2-Met-enkephalinamide vs MR 2034 in hypothalamic & extra-hypothalamic sites, feeding response, satiated rats, 32286
performance of visuospatial hemisphere tasks, regional cerebral blood flow, adults, 4092
persistent infection with lymphocytic choriomeningitis virus, regional brain choline acetyltransferase activity, mice, 7948
positron emission tomography & verification of brain pathology in violent behavior, adult males, implications for law & public policy, 8853
predictable vs unpredictable shock, concentrations of 5-HT & 5-HIAA & tryptophan & noradrenaline in brain, rats, 14775
prenatal gamma radiation, brain morphology & behavior, rats, 18229
preoperative ingestive events, feeding & drinking after lesions of hypothalamus vs other brain regions, animals, literature review, 18271
psychotropic drug, glucose metabolism in lenticular & caudate nuclei & thalamus assessed by positron emission tomography, schizophrenic patients, 8704
punishment, turnover rates of aspartate & glutamate & GABA in various brain regions, male rats, 32042
regional brain glucose metabolism, drug free schizophrenic patients, 1741
regional brain glucose metabolism, schizophrenic patients, 1740
regional brain serotonin & 5-HIAA, rabbits dark reared from birth to 3 mo old, implications for vestibulo-ocular reflex development, 25117
regional cerebral blood flow & visual hallucinations & agitation before vs after treatment, alcohol abusing adults with severe withdrawal reactions including delirium tremens, 15928
regional cerebral blood flow during alcoholic blackout, alcoholic 61 yr old male, 29740
regional cerebral glucose metabolism during auditory discrimination, nondepressed patients with obsessive compulsive disorder, 36667
relaxation or imaginal flooding or in vivo exposure, anxiety & physiological arousal & regional cerebral blood flow, obsessive compulsive 23–47 yr olds, 36720
release of oxytocin & monoamines & uric acid in olfactory bulb & substantia nigra during parturition & sucking of & separation from lambs & eating, ewes, 4183
repeated methamphetamine, immunoreactive TRH levels & TRH binding in brain, male rats, 25276
rest vs activation, brain interactions, patients with chronic schizophrenia, erratum, 33211
resting vs active conditions, regional brain interactions, 22–41 yr olds with chronic schizophrenia & decreased frontal & increased subcortical metabolism, 33210
season of birth, ventricle brain ratios & sulcal prominence as assessed by computed tomography, schizophrenic adults, conference presentation, 15660
sex & age at dementia onset, cerebral glucose metabolism, patients with Alzheimer's disease with onset before vs after 65 yrs, 37154
sex differences, brain & cognition, humans, literature review, 39102
sex roles & regional cerebral blood flow, adults, 28672
sexual behavior, sodium potassium adenosine triphosphatase in brain regions & serum hormone levels, male rats, 35657
short term 3,4-methylenedioxymethamphetamine, brain serotonin terminal destruction & CSF & regional brain 5-HIAA & serotonin & behavior, male monkeys, 39324
single photon emission computed tomography imaging of cerebral blood flow markers, 27–86 yr olds with Huntington's disease, 23034

single vs multiple doses of lithium carbonate, lithium levels in skeletal muscles & brain, healthy 26 & 31 yr old males, 899
sleep EEG & brain computed tomography scan variables & negative symptoms & premorbid functioning, drug free male schizophrenic 24–50 yr olds, 33203
spatiotemporal structure of EEG waves as characteristic of functional organization of brain, 1 mo to 14 yr olds & adults, 21550
spiroperidol with vs without haloperidol, ontogenetic changes in 3H-spiroperidol binding sites in brain, 1–16 day old chicks, 35855
state anxiety, cerebral blood flow, 24–44 yr old females with animal phobia, conference presentation, 36662
stress, penetration of influenza virus into brain, mice, 18207
subcortical abnormalities assessed by computerized tomography, autistic male adults, 5229
subcortical structural damage assessed by computed & positron emission tomography fluency & sequential commands, 37–73 yr olds with aphasia due to left hemisphere cerebral infarct or hemorrhage, 23004
substance P into lateral ventricles or cisterna magna, locomotor activity & plasma catecholamines, guinea pigs, implications for mediation of opiate withdrawal response, 14820
suppression test dose of dexamethasone, liver tryptophan pyrrolase activity & cerebral 5-HT synthesis &/or turnover, male rats, 25272
task difficulty & anxiety, regional cerebral blood flow, 18–31 yr olds, 14735
tetrabenazine, monoamine transmitter depletion, patients with Huntington's disease, 16614
thioridazine enantiomers, dopamine & norepinephrine & muscarinic receptor binding in brain & catalepsy, male rats, 28977
tomography determined regional brain glucose metabolism, alcoholic 36–58 yr old males, Sweden, 19398
transplantation of embryonic nerve tissue into brain, 22 yr old schizophrenic female, case report, 20065
tranylcypromine or 4-fluorotranylcypromine vs clorgyline, brain monoamine metabolism, male rats, 39310
unilateral visual deprivation during early period postemergence, cytochrome oxidase activity in retina vs optic lobe vs central brain areas & development of visual patten discrimination, flies, 7768
ventricular enlargement & corpus callosum to brain ratio & structural brain asymmetries assessed by magnetic resonance imaging, chronic schizophrenic adults, 26183
volume & symmetry of caudate nucleus & other brain structures assessed using quantitative X-ray computed tomography, male 17–24 yr olds with severe obsessive compulsive disorder, 5715
volumes of ventricles & hemispheres & cortex & central grey matter, brains of postmortem schizophrenic patients, 1672
6-OHDA into nucleus accumbens vs olfactory tubercle vs medial prefrontal cortex, dextroamphetamine vs apomorphine induced locomotion, male rats, 25201

Brain Ablation [See Brain Lesions]

Brain Concussion
cognitive & physical & psychological symptoms, uninjured college students & relatives vs 16–39 yr olds with head injuries vs bone fractures, implications for nonclinical symptoms base rates, 16092
etiological factors, development of postconcussional syndrome, 19562
history & etiology & diagnosis of postconcussional syndrome, 23035
postconcussional syndrome, erratum, 33628
postconcussive syndrome vs PTSD as neurobehavioral sequelae, patients with minor head injury, implications for rehabilitation, 9024
scopolamine vs methylscopolamine vs mecamylamine pretreatment, mortality & incidence of transient behavioral suppression & apnea & heart rate & BP following fluid percussion brain injury, male rats, 7882

Brain Damage [See Also Brain Concussion]
allographic writing disorder, 48 yr old dysgraphic male with left hemisphere damage, case report, 40386
assessment & selection & use of augmentative communication systems in rehabilitation, brain injured patients with cognitive language deficits, 13186
attention shifting within & between visual fields & arousal measuring lateral dominance, 42–72 yr olds with left vs right parietal temporal lobe damage, 33575
beliefs about brain injury & recovery & seatbelt use & amnesia & effects of unconsciousness, adolescent & adult shopping center patrons, 22936
bilateral lesions of medial temporal cortical area, visual search for moving items, adult female, 40462
bilateral occipital strokes, saccadic nuclei & smooth pursuit eye movements, blind 28 yr old male, case report, 33627
brain damage, knowledge & use of memory strategies, alcoholic Korsakoff's vs frontal lobe vs nonalcoholic amnesic patients, 26519
brain damage measured by tomography, 2–16 yr olds with serious vs less serious autism, Italy, 33001
brain surgery for subarachnoid hemorrhage, epilepsy & paranoia & De Clerambault's syndrome, female 29 yr old, case report, 40548
brain ultrasound appearance, prediction of neurodevelopmental impairment, preterm infants assessed at age 4, 29906
caudate nuclei lesions, behavioral & personality changes & neuropsychological performance, 38–84 yr olds, 33597
cerebellar & brain stem atrophy, 19 yr old Black male presenting with catatonic symptoms, case report, 29890
cerebral injury in infancy, inability to recognize faces, 8.8 yr old female, case report, 30139
cerebral ventricular enlargement & family history & obstetrical complications, monozygotic twins with schizophrenia, conference presentation, 1685
changes in personality & social behavior & physical capabilities, independent living, brain injured male 17–45 yr olds, conference presentation, 9129
chronicity stage & neuropathological syndrome, attentional disorders, 16–62 yr olds with traumatic brain injuries, 26660
classical eyeblink conditioning & extinction & discrimination & reversal learning, 22 & 30 & 63 yr olds with temporal lobe lesions & severe memory problems, 29904
clinical depression, right vs left brain damaged stroke patients, 2161
cognition & language function & behavior & emotional reactions, 41–70 yr olds with frontal lobe degeneration of non-Alzheimer type or Pick's disease, conference presentation, 37070
cognitive function & neuropathology, 19–55 yr olds with anoxic brain injury, 22890
cognitive retraining, cognitive deficits following brain injury, 9853
communication rehabilitation issues, 20 yr old male with traumatic brain injury, case report, 37839
complete agenesis of corpus callosum, schizophrenic 55 yr old male, case report, 12001
complex tones with vs without fundamental frequency, pitch perception, epilepsy patients with unilateral temporal lobe excisions, 16777
computer assisted therapy in rehabilitation, cognitive communicative impairments, brain injured 33 yr old male with impaired verbal skills, 13225
concept & model & techniques of behavior management, head injured patients in acute care rehabilitation facilities, 16920
continuous recognition memory, 13–19 yr olds with closed head injuries, 40415
cube copying deficit, 16–65 yr old patients with cerebral lesions, 16100
cueing conditions & space positions & line length, line bisection task performance, 47–77 yr olds with vs without right brain damage & left unilateral spatial neglect, 30043

delusions of death & nonexistence, 22 yr old female & 33 & 56 yr old males with temporal lobe epilepsy, case reports, 5619
developmental disability of right cerebral hemisphere, female 48 yr old unresponsive to treatment for mixed anxiety & depression, case report, diagnostic & treatment implications, 29841
double dissociation of frontal dysfunction, patients with diencephalic or bilateral medial temporal lobe amnesia or Korsakoff's psychosis, 15579
drug type, aggressive behavior, patients with traumatic brain injury, 9514
EEG recordings suggesting hemispheric dysfunction & affective symptoms, 29 yr old female, case report, 12376
effectiveness of token economies, head injured patients, 16475
emotional & social adjustment & physical status, adult males with traumatic brain injury, 5 yr study, 12439
evaluation & treatment, patients with unilateral neglect, literature review, implications for occupational therapy research, 40518
executive function skill limitations & cognitive rehabilitation, traumatically brain injured clients, 23727
factor structure of Connors Teacher Rating Scale, assessment of behavioral & emotional disturbance, 3–17 yr olds with brain damage or learning disabilities, 28174
family reactions & relations, rehabilitation, head injured family members with cognitive communication impairments, 13185
frontal lobe dysfunction & antisocial behavior, literature review, 33296
guidelines for transitioning pediatric patients with traumatic brain injuries into special education services, rehabilitation professionals, 17279
hemispheric ity in mental imagery assessed with o'clock test, male 72 yr old with right posterior lesion & hemi-inattention & 56 yr old with imagery deficit due to occipital lesion, 40412
history of obstetric complications & tomographic evidence of neuropathology, schizophrenic 16–50 yr olds, England, 12036
hypoglycemia & unconsciousness, hypoxia induced reversible brain cell damage measured by CSF adenylate kinase, 57 yr old female with insulinoma, case report, 26622
incidence of cortical atrophy, schizophrenic 16–43 yr olds, Italy, 33209
initial acquisition of brain neurofibrillary tangles & senile plaques between amygdala & hippocampus, 13–49 yr old Down's syndrome patients, implications for Alzheimer's disease, 5719
interaction between neuropsychology & occupational therapy, functional living skills rehabilitation, patients with traumatic brain injuries, 6490
interdisciplinary neurodevelopmental team assessment model & planning for early childhood treatment, brain injured 33 mo old female, 13173
intrahemispheric locus of lesion, defective pantomime recognition, right handed & left hemisphere damaged aphasic patients, 26430
ipsilateral & contralateral ear extinction in dichotic listening, 20–79 yr old aphasic patients with unilateral brain lesions, 16038
issues in outpatient cognitive retraining of clients with neuropsychological deficits, psychotherapists in private practice, 30785
language processing approach to treatment & rehabilitation, aphasia, brain injured patients, 13198
lateralized brain damage before speech & language development, equipotentiality hypothesis of language development in alternate hemisphere, literature review, 12340
left focal brain injury & age of onset, intra- vs interhemispheric speech organization, patients, 5779
left parietal lesion of vascular etiology, accuracy & temporal characteristics of handwriting, 54 yr old right handed male, case report, 40477
legal entitlement to educational diagnosis & assessment & special programing, students with traumatic brain injury, 13648
lesions & brain volume, post mortem leucotomized vs non-leucotomized chronic schizophrenic patients, 29614
lexical & syntactic errors & level of representation in written vs spoken verbal number production, brain damaged adult male, case report, 12509
location & depth of lesion, depressed mood, 43–78 yr olds with right hemisphere stroke, implications for rehabilitation, 33520
Luria Nebraska Neuropsychological Battery, assessment of higher cognitive & associated motor & sensory deficits, brain injured patients, 12398
magnesium &/vs adenosine triphosphate, recovery, male rats with fluid percussion brain injury, 32106
memory & metamemory, patients with frontal lobe lesions vs Korsakoff's syndrome vs non-Korsakoff amnesia, 32950
memory deficits, 42 yr old male with ruptured aneurysm of anterior communicating artery vs patients with Korsakoff syndrome vs lesion induced amnesic syndrome, 11893
Minnesota Percepto-Diagnostic Test vs Bender Visual Motor Gestalt Test, diagnosis, brain damaged vs non-brain-damaged 12–17 yr old patients, 7102
mode of presentation, recall of narrative information, head injured 18–45 yr olds, 29844
nature & causes & assessment & management strategies & classification of behavior disorders after severe head injury, 16068
need to supplement clinical with experimental normal studies of laterality, 9237
neonatal risk factors, neurodevelopmental outcome, infants, 9 yr followup, 22986
neural basis of duplex auditory perception, college students & 22 yr old male with commissurotomy & 33 yr old female with left pontine lesion, 29902
neural tissue transplants following hippocampal or cerebral cortex injuries, behavioral recovery, rats, 14792
neurobehavioral systems approach to assessment & treatment of cognitive communicative impairments, closed head injury patients, 13223
neuroleptic malignant syndrome as complication of levodopa withdrawal in striatonigral degeneration, 65 yr old female with Parkinson's disease, case report, 16567
neurophysical & cognitive & personality changes, patients with closed head injury, 23007
neuropsychological assessment & disability documentation & report writing for Social Security benefits qualification, psychologists & neuropsychologists & 51 yr old patient with brain trauma, 6612
neuropsychological assessment & psychotherapy, patient & family interpersonal psychosocial adjustment, patients with brain injuries, 5975
neuropsychological assessment, patients with frontal lobe damage, 16027
neuropsychological deficits, 51–70 yr olds with paramedian thalamic infarctions, 26652
neuropsychological findings, patients with acute confusional states induced by toxic encephalopathies vs focal right hemisphere disease, 16145
neuropsychological impairments & clinical features, 10–30 yr olds with congenital agenesis of corpus callosum, 8995
observations of R. Balint on patient with psychic paralysis of gaze & spatial disorder & optic ataxia, 1907, 2025
occupational therapy, adults with perceptual deficits due to brain injury, 41043
occupational therapy in community & home setting, male 41 yr old with traumatic brain injury, case report, 41049
perils of token economies, head injured patients, 16526
perseveration & verbal retrieval, adults with left vs right anterior or posterior cerebral lesions, 37180
pervasive pneumonia & circumscribed lesion in left precentral gyrus, development of Broca's aphasia, 62 yr old male, case report, 26589
pharmacologic interventions, neuroendocrine disorders following traumatic brain injury, 16574

primitive developmental reflexes & diffuse cerebral dysfunction, 40–86 yr old patients with schizophrenia vs bipolar affective disorder with vs without tardive dyskinesia, 5364
psychiatric morbidity, 16–61 yr olds with clinically isolated multiple sclerosis like lesions, 12445
psychological sequelae & family stress & rehabilitation & pathophysiology & psychosocial adjustment, patients with closed head injuries, 16168
reading vs spelling ability, 72 yr old male with lexical agraphia following discrete lesion of left precentral gyrus, 9174
reduplicative paramnesia, 72 yr old right handed male with vascular lesion in right frontal region, case report, 9094
regional cerebral blood flow & right hemisphere dysfunction, 67 & 69 yr old males with crossed aphasia, 26606
rehabilitation, subtle cognitive communication deficits, 35 yr old traumatically head injured male, 13210
relapsing psychosis with subpial demyelination, iv multiple drug abusing 34 yr old female, case report, 8902
reliability & validity of Lowenstein Occupational Therapy Cognitive Assessment battery, 20–70 yr olds with traumatic head injuries or cerebrovascular accidents, 31618
reliability of abbreviated version of psychometric battery, assessment of brain damage, adults with diffuse or focal cerebral lesions with vs without dementia vs Korsakoff's syndrome, 67
research activities & resources related to traumatic brain injury, 9095
role of drugs in treatment, behavior disorders after traumatic brain injury, 16625
self inflicted left frontal lobe damage, 19 yr old obsessive male, case report, 1709
sex & lesion location, handedness, 16–65 yr olds with cerebral arteriovenous malformation, 36970
sex & lesion locus, WAIS verbal & performance scores, patients with cortical neoplasms, 5829
side effects & pharmacokinetic properties, choice of pharmacologic treatment of aggressive & disruptive behavior, patients with traumatic brain injury, 26954
speech pathology evaluation, articulation & language problems or voice & stuttering problems, patients with stroke or tumor or head injury, implications for speech therapy, 12461
speech treatment procedures & rehabilitation, social conversation skills, chronic brain injured 21 yr old male with spastic dysarthria, 13172
stimuli in non-neglected hemisphere & drawing over vs erasure task, hemispatial neglect, right hemisphere injured patients, 16163
stressors & coping & stages of adaptation, families of children with traumatic brain injury, 12449
structural brain damage & obstetric complications, schizophrenic inpatients with vs without family history of disorder, 15749
studies of prosopagnosia in brain damaged patients as support for S. de Schonen & E. Mathivet's theory of hemispheric specialization in face recognition, infants, commentary, 37041
temporal lobe damage in herpes simplex viral encephalitis, language dysfunction & memory deficits & aggressive behavior, male 14 yr old, case report, 40410
therapeutic retraining strategies, iconic memory, traumatically brain injured adolescents & adults, 41045
Trail Making Test performance, brain damaged children, literature review, implications for age & educational level & IQ, 37135
types of cognitive communicative impairments & rehabilitation options in acute trauma center, patients with traumatic brain injury, 23730
use of superimposed rhythm without melody, decreased rate of speech, 18 yr old female with brain damage & Kluver-Bucy Syndrome, 12560
validity of Halstead-Reitan Test Battery & Luria-Nebraska Neuropsychological Battery & WAIS, diagnosis of brain damage, commentary reply, 38632
validity of Luria Nebraska Neuropsychological Battery, assessment of neurologic cognitive deficit parameters, 1978–86, literature review, 121
validity of Luria Nebraska Neuropsychological Battery, measurement of cognitive deficits caused by neurological disorder or brain damage, literature review, 14145
validity of MMPI subscales, differential diagnosis, outpatients with brain damage &/vs schizophrenia vs somatoform disorders, 21127
value & limits of rehabilitative optometric services, 35 yr old female emerging from coma following brain injury, 41021
verbal context & conventionality of wording, indirect auditory request comprehension, right handed 38–69 yr old stroke patients with right vs left hemisphere damage, 37184
visual deficit, driving performance, traumatically brain injured patients, rehabilitation implications, 40510
visual EP pattern abnormalities & disability, severe traumatically brain injured 3.8–8.1 yr olds, 40486
visual EPs, assessment of brain damage, alcoholic patients, 1885
visual reproduction subtest vs Complex Figure Test scores, assessment of brain impairment, alcoholic inpatients, 8890
visuospatial & perceptual abilities, left vs right hemisphere damage stroke patients with vs without dysphasia, England, 33647
volumetric & neurochemical analyses of brain white matter damage, moderate drinkers vs previously studied alcoholics with vs without cirrhosis or Wernicke's encephalopathy, 15927
W. C. Halstead's clinical data base describing brain lesion types & location & confidence in diagnosis & relation to psychometrics of Halstead Neuropsychological Test Battery, 37016

Brain Damaged [See Also Minimally Brain Damaged]
affective abnormalities & mental functions, patients with right cerebral hemisphere damage, 9089
affective measures of expression & perception in facial & vocal channels, adult males with schizophrenia vs right brain damage vs Parkinson's disease, 29436
agnosia of visual object recognition & shape discrimination, male 60–69 yr olds with unilateral right hemisphere lesions, 26673
agraphia without alexia in kanji, 60 yr old Japanese male with right hemianopsia, case report, 19577
altitudinal neglect of visual stimulus, 38 yr old left handed female with traumatic brain injury, case report, 36980
amnestic color blindness as sensory aphasia for color names, 50 yr old male with possible left occipital lobe damage, 40385
analytic therapy, attachment problems derived from overwhelming aesthetic impact, female child born with brain damage, 2295
aneurysm site, free recall measuring diffuse cerebral damage, 20–67 yr olds with aneurysmal subarachnoid hemorrhage, England, 30064
antihypertensives & anticonvulsants & amino acids & other atypical drugs, disruptive & aggressive behavior, brain injured patients, 9525
assessment techniques, families of traumatic brain injury patients, 21034
auditory evoked responses & psychoacoustic functioning, 23 & 60 yr old males with bilateral lesions of auditory cortex, case reports, 2070
auditory neglect, patients with recent unilateral hemispheric lesion, 33502
auditory temporal perception, children with left vs right hemisphere brain lesions, 22876
background & disorder variables, neuropsychological aspects of simultaneous processing in posterior lobe & successive processing in anterior lobe, neurological vs brain damaged patients vs elderly, 8987
behavior management, community reintegration, brain injured patients, 16919
behavioral management of behavior disorder, brain injured patients in day rehabilitation program, 16937

behavioral techniques in functional skills training, severely brain damaged 20–37 yr olds, 20237
bimanual coordination, adults & male 11 yr old with callosal agenesis vs female 11 yr old with partial commissurotomy, 22955
brain damage & functional distinctions in voice recognition & discrimination impairment, 52–82 yr olds with phonagnosia, 12522
burden, families of brain injured patients, literature review, 22988
calculation abilities, 16–65 yr old left or right hemisphere damaged patients with acalculia, 37137
category & modality specific semantic knowledge deficit, 63 yr old male with cerebral abnormality in left temporal lobe, 16167
cerebellar lesions or atrophy, intellectual & associative learning abilities, brain damaged 20–74 yr olds, West Germany, 29874
cerebral vasculature & hemorrhage, post mortem brains of ex-boxers with dementia pugilistica, 33455
clonidine, behavioral syndrome of manic type, 44 yr old female with traumatic bilateral orbitofrontal & right temporoparietal injury, 40748
closing of finger & thumb in object grasping behavior, acollosal right handed 22 yr old female, 5677
cluster analysis, validity of neuropsychological syndromes, 21–80 yr old right hemisphere stroke patients, 19507
cognitive ability & scholastic aptitude & academic achievement, children with left vs right hemisphere brain lesions, 22877
computer assisted vs noncomputerized cognitive rehabilitation, severely closed-head-injured patients, 16904
concurrent validity of short form of Luria Nebraska Neuropsychological Battery, adults with brain damage or psychiatric disorders, 21094
construction & reliability & clinical utility of Portland Adaptability Inventory, outcome evaluation, 16–59 yr olds with serious traumatic brain injury, 7124
construction of facial representation & face vs nonface decision making & awareness of familiarity & spatial contrast sensitivity, male military personnel with left vs right brain damage, UK, 37112
continuous figure recognition, detection of short term memory disorders, 15–88 yr olds with dementia or cerebral infarction with vs without aphasia or with brain lesion with or without memory deficit, 37088
conventional neuropsychological cutoff scores, classification as normal vs brain damaged, 55–70 yr olds with vs without cerebral damage, 1966
coping behavior, families of brain injured patients, 16206
copying of geometric forms & free form drawing ability, 5 yr olds with right vs left hemisphere congenital brain injury, 5802
cortical EPs as evidence of task specific hemispheric activation in recovery from aphasia, patients with unilateral left hemisphere vs right hemisphere lesions, 9166
cross domain semantic priming, name & face recognition, normal adults & brain injured male adult, 16266
day treatment programs in rehabilitation process, brain injured persons, 2780
deficit in lateral spatial position coding, adult male with stroke induced left hemisphere temporal-parietal damage & constructional apraxia, 12480
deficit in memory for semantic information, 57 yr old male patient with anterograde amnesia following bilateral medial temporal lobe excision, case report, 12393
delayed recognition tasks to remember & recognize words or faces seen short time before, hippocampus & amygdala neural encoding, epileptic patients with medial temporal lobe lesions, 12410
demands on visual selective attention, hemispatial neglect in geometric figure cancellation task, adults with right hemisphere lesions, 30057
detection of stationary flashing & moving luminance gratings, 33 yr old female with left occipital lobe removed because of arteriovenous malformation, 37098
development & validity & reliability of Agitated Behavior Scale, traumatic brain injured patients, 28073
development of Kahn Test of Symbol Arrangement, specific learning disabilities symptoms, learning disabled vs organic damaged vs emotionally disturbed adults, 3648
didactic developmental teaching & behavior modification approaches, 35 yr old male with traumatic brain injury, case report, 2216
drawing ability at 2–4 vs 6–8 wks postonset, 35–85 yr olds with stroke & left vs right brain damage, 2136
drug therapy evaluation protocol, brain injured patients, 23461
dual mental functioning, split brain patients, 9090
early dominant hemispherectomy, language development, brain damaged children, support for cerebral plasticity of function & equipotentiality, literature review, 16748
efficacy of external cuing system, initiation & range of affect, 39 yr old right handed male with severe frontal lobe damage, 16935
efficacy of special medical & rehabilitative interventions & societal & family duty & resource allocation, persons with severe traumatic brain injury, 27263
electronic memory aid, 25 yr old memory impaired female of normal intelligence, 41023
encoding & retrieval processes, learning disabled vs head injured young adults, 22475
ethical & legal issues of psychotropic drug therapy for behavioral management, brain injured patients with behavior disorders, 9519
ethical decision making, infant male with severe congenital brain defects, 30164
ethical dilemmas, families of brain injured persons, 26620
ethical issues in medical management & rehabilitation, patients with traumatic brain injury & HIV infection, 27254
evaluation & drug selection & monitoring & outcome assessment for use of psychopharmacologic drugs, head injured patients, 9556
evolution of aphasia, 22–93 yr old left hemisphere stroke patients, 1 yr study, 19595
facial affect recognition, 5.2–11.3 yr olds with right vs left hemisphere lesions, conference presentation, 23072
facial expression of emotional reactions to card sorting, patients with focal cerebral lesions of anterior vs posterior right vs left hemisphere, 5828
factor analysis of Halstead Category Test & other measures in Halstead Reitan Neuropsychological Test Battery, paraplegic vs brain damaged 16–68 yr olds, 7073
family functioning, parents & spouses of head injured patients, 23081
family intervention, brain injured patients, 23287
focal striatal abnormalities, 24 yr old male with obsessive compulsive disorder, case report, 29672
freehand drawing deficits, 35–60 yr old right vs left brain damaged patients, 22938
frontal head trauma, delayed blindness due to hemorrhage in optic nerves & chiasm, 49 yr old male, case report, 40379
frontal lobe brain damage from tumor or infarct, transient compulsions, 43–62 yr olds, case report, 5824
frontal lobe lesions & eating disorders, 65 yr old female with multi-infarct dementia & bulimia, 26481
frontal lobe pathology, memory & cognitive impairment, amnesic patients with vs without Korsakoff's syndrome vs frontal lobe lesions, 40026
general to specific access to word meaning, brain damaged 50 yr old male, 40485
geometric figure photographs presented to left &/vs right visual field, attention extinction & visual neglect, 56–73 yr olds with right brain damage & hemi-neglect, 5683
guided imagery & music psychotherapy, depression & emotional ability, female brain damaged 41 yr old, case report, 9333
head injury, fantastic confabulations, 46 & 50 yr old males with Korsakoff's syndrome & 50 yr old male with posttraumatic amnesia, 19606
hemifield differences, mental rotation task RTs, normal 18–45 yr olds vs commissurotomized 35 yr old male, 37000

impaired localization of body parts, 74 yr old brain injured patient, case report, 19613
improvement after priming of semantic professional vs episodic personal memory, 36 yr old male with frontal parietal & parieto occipital lobe injuries & amnesia, case report, 16249
incidence & severity & clinical management of paranoid delusions, patients with traumatic brain injuries, 16202
individual placement supported employment program, brain injured adults, 23737
injury to left frontoparietal area, early onset schizophrenia, 14 yr old male, case report, 19590
integrity of right temporal lobe, Seashore Rhythm Test scores, patients with right vs left vs generalized cerebral lesions, 33623
intensive motor exercise training, 22–23 yr olds with brain trauma, 34346
intercorrelation of clinical tests of verbal memory, patients with known or suspected cerebral dysfunction, 7059
interhemispheric interaction, classification of textured pictures, right handed patients with lesions of left or right hemisphere, 19521
interrater reliability of Rey figure copying test, assessment of visuo-spatial ability after brain damage, 44–81 yr old stroke & medical patients, 7079
inverted faces, recognition & matching & hemispheric asymmetries, brain injured vs normal adults, 23063
issues & risks involved in hospital discharge planning for brain injured patients, social workers, 27167
language abilities, 23 & 30 mo old twin pairs in which 1 twin suffered brain injury at birth, longitudinal study, 29932
language processing, 20–80 yr olds with right cerebral hemisphere damage, 12345
laterality of omissions in color identification task, 52–79 yr olds with unilteral visual neglect, 33629
lateralization of language & memory functions after long recovery, 34 & 45 yr olds with infantile brain damage & left hemispherectomy at age 17–18, 16–28 yr followup, 16190
learning & delayed recall & semantic clustering abilities, brain damaged adult patients, 26669
learning task performance, 15–74 yr old patients with Parkinson's disease vs frontal or temporal lobe lesions, 33487
learning technological skills to operate electronic memory aid, 14–70 yr olds with amnesia vs brain injuries, 37187
learning vs judgment of temporal order for new vs historical stimuli or events, 39 yr old male with left retrosplenial damage & amnesia, case report, 16040
left basal ganglia infarct, foreign accent syndrome without aphasia, 41 yr old female, England, 5657
left vs right brain damage, performance on P. Satz & S. Mogel's short form of WAIS-R, 17–79 yr olds, 16165
left vs right unilateral hemispheric lesion, visual target cancellation tasks & hemispatial attention, 42–80 yr olds, 26674
legal & ethical issues in psychotropic drug treatment, patients with traumatic brain injury, 26944
legal guardianship & rehabilitation goals, head injured persons, ethical implications, 27251
level of response uncertainty, visual attention deficits, brain damaged 18–74 yr olds, 33671
lexical access in single word reading in both visual hemifields & verbal visual extinction, 9–81 yr old right vs left hemisphere damaged patients, 2124
lithium, brain injured patients with behavioral & affective disorders, 9515
local vs global level hierarchical letter stimuli RT & interlevel interference measuring attention, adults with regional temporal-parietal lobe damage, 37086
localization of brain damage using tomography, syntactic production & sentence comprehension, 60–68 yr olds with left hemisphere stroke & Broca's aphasia, 2144
long term care & rehabilitation programs, traumatic brain injury patients, 2866
management of denial in rehabilitation, spinal cord or traumatic brain injured clients, 6492
marked auditory comprehension deficit for specific word categories with intact reading comprehension for all categories, 62 yr old male with right temporal gyri damage & Broca's aphasia, case report, 5651
memory deficits characteristic of unilateral hippocampus lesions, 25 yr old female with left fornix lesion, case report, 19640
memory deficits, 42 yr old amnesic male with bilateral frontal damage & dysexecutive syndrome, case report, 12328
mental rotation vs imagery performance using numbers vs letters vs drawings, 56 yr old male with right hemisphere stroke & brain damage, implications for object recognition, 12383
model for evaluation of competency to consent to medical rehabilitative interventions, adults with traumatic brain injury, 27273
motor speech & apraxia assessed by verbal RT & facial EMG, aphasic female 68–72 yr olds with anterior vs posterior left hemisphere damage, 19638
neglect, impairment of disengagement of covert attention, 39–77 yr old patients with right vs left hemisphere parietal damage, 19581
neurobehavioral approach to cognitive rehabilitation planning, brain injured patients, 30807
neurodevelopmental patterns & outcomes, 6.3 yr olds with congenital vs acquired brain injury, 2 yr followup, 29852
neurologic & developmental prognosis, infants with cystic intracranial lesions assessed from 6 to 24 mo, 37045
neurological & psychiatric & demographic variables, prediction of violence, hospitalized neuropsychiatric patients, 25985
neurological dissociability of visual vs spatial components of mental imagery, brain damaged 36 yr old male, implications for cognitive theories, 9048
neuropsychological model of visuoconstructive abilities & disabilities including drawing & copying & hand gestures, brain injured patients, 40519
nonpredictive lateralized visual vs auditory cue before lateralized visual target, simple RT measuring spatial attention, 41–68 yr olds with left vs right parietal lobe damage, 37020
norms & decision making rules & reliability & interpretation of Cognitive Behavioral Drivers' Inventory, patients with brain damage, 24589
odor identification, patients with right vs left temporal &/vs frontal lobectomy, 5681
olfactory stimulation, unilateral neglect on left side of body, adults with right hemisphere lesions, 12336
outpatient cognitive retraining vs residential treatment, community readaptation, 16–53 yr old patients with traumatic brain injury & persistent cognitive deficits, 27268
palinopsia due to left occipital lobe infarction, 71 yr old male with apparent psychotic depression, case report, 19513
patterns of thought disorder, 16–46 yr old patients with bipolar mania vs schizophrenia vs unilateral right hemisphere cortical damage, 1494
performance on occupational therapy perceptual cognitive assessment battery, 18–72 yr old brain injured vs psychiatric patients, Israel, 22445
pharmacology & accepted indications & use of antipsychotic drugs, brain injured patients, 9496
pindolol, behavior problems, brain damaged 38–81 yr old male inpatients at VA medical center, 30449
plosive vowel syllables in sentence repetition, temporal pattern & amplitude & other speech characteristics, brain damaged dysarthric 18–68 yr olds with speeded vs slowed speech, 23082
prevalence & clinical course of neuropsychological impairment, sedative/hypnotic & benzodiazepine dependent inpatients, 4–6 yr followup, Sweden, 12214
prior alcohol abuse, head injury recovery, 18–60 yr old head injury survivors, 26645

problem solving & verbal comprehension & naming & category identification, adults with focal brain lesions, 26668
problems resulting from closed head injuries, college students, 31190
processing of semantic categories, brain damaged 38 yr old male, 5777
psychoactive drug treatments, traumatic brain damaged patients with behavior disorders, 9501
psycholinguistic diagnostic technique, cerebellar dysarthria, 28 & 37 yr olds with cerebellar tumor or multiple sclerosis, 26438
psychotherapy, 8 yr old male with brain damage due to surgical removal of malignant brain tumor, case report, 26786
rapid visual patterns discrimination using search task, 42–60 yr olds with unilateral cerebral lesions, 26627
reactions to childhood head trauma, family, 23074
recognition of random shapes with pictorial cue vs dotted outline, left hemisphere damaged patients with aphasia vs left or right hemisphere damaged patients without aphasia, 2012
recognition of word & nonword visual letter strings, patients with right vs left parietal lesions, 16227
reduced ability to direct attention &/or action contralaterally vs failure to disengage attention from ipsilesional side of line segment, 69 yr old right handed male with left side neglect, 26455
reduplicative paramnesia, 30–76 yr old alcoholic inpatients with right vs left brain lesions, 12403
rehabilitation interventions, organismic health & cognitive functioning, 14–55 yr olds with traumatic brain injury, 3 & 6 & 12 mo followups, 27296
rehabilitation vs nonrehabilitative treatment, posttreatment characteristics & outcome, patients with severe traumatic brain injuries, 27252
rehabilitation with transdisciplinary team in functional training environment, cognitive & social & physical functioning, traumatically brain injured adults, 9849
REHABIT retraining program, verbal development, brain damaged 6 yr old male, 25 mo followup, 9834
reliability & validity of Cognitive Behavioral Driver's Inventory, assessment of ability to operate motor vehicle safely, neurologically impaired clients, 21082
response to tactile stimuli at threshold range, 42 & 73 yr old males with stable parietal lesions, 33654
responsivity & appropriateness & intensity of emotional facial expressions, adult males with left vs right brain damage, 12343
right hemisphere dysfunction, talkativeness, learning disabled children, 33424
right sided neglect, reversed hemispheric specialization of attention capacity, left handed diabetic 49 yr old female with acute left frontal cortical & subcortical infarct, case report, 37013
role in rehabilitation of head injured patients, relatives, 23723
role of transitional living centers in rehabilitation, traumatically brain injured adult males, 2873
screening test, evaluation of perceptual functions & deficits of brain damaged patients, occupational therapists, conference presentation, 19578
selective semantic amnesia, 18 yr old female with left parietal lesion after closed head injury, case report, 19519
self reported personality & emotional status, lateralized brain injured adults, 9150
semantic encoding of pictures & words, brain damaged 65 yr old female, 5594
services provided by independent living centers, clients with mental retardation or mental illness or traumatic brain injury or age related cognitive disabilities, 6482
short term memory & phonological processing ability, 24 yr old female with focal brain damage, 40362
short term phonological storage, discourse comprehension, brain damaged 55 yr old male with reduced immediate memory span, 22883
similarity to right hemisphere dysfunction, 7–12 yr old males with attention deficit disorder, 9229
simultaneous vs successive verbal vs nonverbal processing, 16–67 yr olds with left vs right anterior vs posterior brain damage, 8988
singing ability, right vs left sided brain damaged 47–84 yr olds, 26545
single case vs group data, determination of structure of normal cognition, brain damaged patients, commentary, 26590
single patient vs group methodology, inferences about normal cognition from brain damage research, commentary reply, 26579
single vs paired odor types presented to left &/vs right nostril, olfactory extinction, adults with right brain damage & unilateral neglect, 5585
site of lesion vs reaction to disability, poststroke depression, rehabilitation inpatients, 29918
sleep interruption during REM, dream recall, brain injured 50–76 yr olds, 30033
social outcome 0–4 yrs after head injury, patients 16–64 yrs old at injury, 12372
spatial frequency of gratings, visual discrimination, male patients with right vs left hemisphere damage vs neurological disorders, 33531
spatial location & attention strategy, processing speech messages, 24–27 yr olds with complete forebrain commissurotomy or right hemispherectomy, 37181
spatial memory & cognitive mapping, 15–47 yr olds with right vs left temporal lobectomy, 33529
spatial perception disturbances measured by rod & line orientation & facial recognition tests, 7.7–15.6 yr olds with localized left vs right hemisphere damage, 26582
spontaneous facial expressions, right vs left brain damaged patients, 26572
stages of semantic processing in picture identification, brain damaged male, 5675
stimulus association value & vocal vs manual response in dichhaptic condition, tactual extinction, 43 yr old male with partial callosal disconnection, 22995
supported work model of competitive employment, job placement & retention, 26 yr old male with traumatic brain injury, 9863
synthesis of fragmented visual information, brain damaged 19–39 yr olds with frontal or temporal lobe excisions, India, 37037
textural pattern discrimination, patients with right vs left parietal temporal lesions, 22940
type & severity of injury & psychosocial outcome & experience of burden to family, patients with frontal lobe injuries, India, 37142
unawareness of language & memory & perception & motor function deficits, brain damaged patients with neuropsychological syndromes, literature review, 30019
uni- vs bimanual finger tapping task performance, 12–58 yr olds with unilateral frontal vs temporal cortex damage, 5708
unilateral frontoparietal lesions, stability & tremor in fingers, 29–78 yr olds, 22903
unilateral temporal lobectomy, recall of spatial location, 15–41 yr old inpatients, implications for role of hippocampus, 30089
unique needs, traumatic brain injured students in rural school system's special education program, 17275
use of neuropsychological evaluation in vocational rehabilitation, brain injured patients, 41025
utility of Halstead Reitan Neuropsychological Battery, differential diagnosis, elderly patients with depression or Alzheimer's dementia or brain damage, 1501
validity of revised Halstead Category Test vs Category Test, male patients with brain damage, commentary reply, 24644
validity of revised Halstead Category Test vs Category Test, male patients with brain damage, commentary, 24661
verbal memory loss, 69 yr old male with subcortical white matter infarct, 12426

visual attention figure match test, contralateral search & fine spatial attention biases in unilateral neglect, right vs non-aphasic left brain damaged patients, 16070
visual search & line orientation discrimination & verbal ability measuring hemi-inattention, brain damaged males vs females, Finland, 30120
visual target pointing accuracy & RT & movement time using left vs right hand, 2.9–12.8 yr olds with unilateral vs bilateral brain damage & hemiplegia, 33479
visual vs auditory stimuli, skin conductance responses, 60 yr old male with amygdaloid complex damage due to herpes simplex encephalitis, 37170
visuospatial neglect, overt & covert perception, 49 yr old female with right cerebral brain damage, 26575
W. J. Eichman MMPI factor scales, differential diagnosis, brain damaged vs alcoholic patients, 11879
Wechsler Memory Scale patterns of memory functioning, patients with unilateral brain lesions, 12353
WISC Full Scale vs Verbal vs Performance IQ, 4–12 yr olds with congenital left vs right brain injury, 30035
word emphasis & voice mood tone during sentence reading, acoustical analysis of speech prosody, 39 yr old female with aneurysm damaged corpus callosum, 19548
work & home & mental adjustment & life expectancy, brain injured male WWII veterans with posttraumatic epileptic seizures, 10 yr followup, 26671
Wundt-Jastrow illusion perception measuring spatial unilateral neglect, 43–85 yr olds with left vs right brain damage, 5721
Brain Disorders [See Also Acalculia, Acute Alcoholic Intoxication, Agraphia, Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Aphasia, Brain Concussion, Brain Damage, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Delirium Tremens, Encephalitis, Encephalopathies, Epilepsy, Epileptic Seizures, Hydrocephaly, Korsakoffs Psychosis, Microcephaly, Minimal Brain Disorders, Organic Brain Syndromes, Parkinsons Disease, Picks Disease, Presenile Dementia, Senile Dementia, Toxic Encephalopathies, Toxic Psychoses]
assessment & treatment, prisoners with brain dysfunction, 23796
autoshaping performance & lever directed activity, rats with vs without micrencephaly induced by irradiation, implications for humans with head injury or cerebral pathology, 39219
brain disease & abnormalities, dementia & depression, geriatric patients, 32917
brain disease model of schizophrenia, implications for psychologists & families, 29564
brain ventricular enlargement, 20 yr old male & his sister with multiple exostosis & schizophrenia, 36507
carbamazepine, aggressive behavior, 18 yr old male with limbic dysfunction, case report, 20025
cerebral disorganization at intraneuronal or synaptic level, patients with schizophrenia or affective disorders, 1681
cognitive impairment & striatal degeneration, 22–62 yr olds with Huntington's disease, 40351
development & basic principles of neurometrics, computer assisted differential diagnosis, patients with brain dysfunctions, 2028
epidemiology of Creutzfeldt-Jacob disease, England & Wales, 22944
factor analysis of perceived caregiving burden & satisfaction & impact & mastery & ideology, primary caregivers of elderly with Alzheimer's disease or chronic brain disorder, 40849
frontal lobe impairment, criminal behavior, implications for forensic neuropsychological testimony, 1265
hormonal & metabolic mechanisms in development of cerebral pseudoatrophy, anorexic or bulimic patients, conference presentation, 16138
interrater reliability of Marley's Differential Diagnosis Scoring System for Bender Gestalt Test, diagnosis of brain dysfunction, raters of 12–84 yr old psychiatric clinic patients, 38603
intracranial mass lesions, late onset psychosis & depression, 9057
iv haloperidol, agitated delirium secondary to bilateral occipital cerebral infarctions, 45 yr old female cancer patient, case report, 12853
model of learning disabilities & emotional disorders & neurological dysfunction interaction, learning disabled 10 yr olds, 15 yr followup, conference presentation, 19461
neuroimaging, detection of structural &/or metabolic brain disorders, patients with late life psychosis, 8668
neurologic symptoms, 17–27 yr old sisters with Type 3 GM/1 gangliosidosis presenting as infanto-chorea-athetotic dementia, 9068
onset of symptoms following head injury, 16 & 17 yr old males with Kleine-Levin syndrome treated with lithium carbonate, case reports, 5830
spatial contrast sensitivity, 16–59 yr olds with benign intracranial hypertension, 22894
structural brain diseases assessed by computerized tomography, elderly patients with delirium, 1630
ventricular brain ratio & structural changes & prefrontal cortical markings & atrophy & CSF HVA, adult schizophrenic vs medical patients, 33039
WAIS & Wechsler Memory Scale performance & brain atrophy & ventricular enlargement, 39–93 yr olds with presenile vs senile dementia, 2082
Brain Injuries [See Brain Damage]
Brain Lesions [See Also Hypothalamus Lesions]
environmental enrichment, behavioral deficits, rats vs rabbits vs kittens with brain damage induced by various methods, literature review, 14796
scopolamine pretreatment, neurological & behavioral deficits following concussive brain injury, male rats, implications for human head injury, 11118
Brain Mapping [See Stereotaxic Atlas]
Brain Maps [See Stereotaxic Atlas]
Brain Metabolism [See Neurochemistry]
Brain Neoplasms
anorexia & weight loss, brain tumor patients, 12402
Bonnet syndrome, 86 yr old male with blindness due to bilateral eye disease & posterior parasagittal meningioma, case report, 40487
cerebral hemisphere interaction, bilateral integration of language system, patients with organic pathological foci in right hemisphere, 12369
changes in personal & family life, family therapist with brain tumor, 23874
colloid cyst of 3rd ventricle, 42 yr old female with delusional depressive syndrome, case report, 8738
corpus callosum tumor & koro symptoms, 29 yr old male, case report, 16067
diagnostic utility of staggered spondaic word test & auditory brain stem response & 40 Hz EPs, 16–34 yr olds with acoustic neuromas vs brain stem vs temporal lobe lesions, 9176
ECT, depression, 74 yr old female with right frontal meningioma, case report, 12583
ECT, 75 yr old female with delusional depression & left frontoparietal tumor, case report, 12585
emotional & behavioral & social reactions to brain tumor diagnosis & treatment, children, 26604
frontal lobe brain damage from tumor or infarct, transient compulsions, 43–62 yr olds, case report, 5824
hypnotherapy, vomiting & pain & sleep patterns, 6.5 yr old female with malignant astrocytoma of left brain hemisphere, case report, 30541
intellectual & academic & personality & neurologic status after surgical resection & irradiation, 5.7–15.5 yr old patients with temporal lobe astrocytoma, 2–7 yr followup, 2634
magnetic resonance imaging abnormalities & clinical characteristics, 9 mo to 18 yr olds with neurofibromatosis, 33507
musical hallucinations following removal of right frontal meningioma, 43 yr old male, case report, 23508

removal of cyst in right prerolandic area, selective crossed aphasia & reciprocal language antagonism during recovery, trilingual 25 yr old male, Canada, case report, 27074
removal of right frontal meningioma, motor & visuospatial neglect, 60 yr old female, case report, 12996
right temporal lobectomy for glioblastoma removal, cognitive & verbal & visuospatial ability & preserved intelligence & geographical memory, 75 yr old female, case report, 16694
sex & lesion locus, WAIS verbal & performance scores, patients with cortical neoplasms, 5829
single midbrain glioma revealed postmortem, supranuclear downward gaze & bilateral ptosis, female 73 yr old, case report, 33483
surgery & intensive radiation therapy, cognitive functioning, 8 yr old females with pineocytoma, 7 wk & 9 & 14 mo followup, 30564
surgery, anxiety & coping strategies & regional cerebral blood flow, 26–66 yr olds with low vs highly malignant vs nonmalignant brain tumors, 23513
surgery vs radiotherapy, pretherapy vs posttherapy neuropsychological test performance, 56–196 mo old brain tumor patients, 2587
weight loss & lack of appetite & early satiety, 62 yr old male with tegmental medullary glioma, case report, implications for role of medulla in feeding behavior, 19565
whole brain radiotherapy, development of dementia & ataxia & urinary incontinence, 43–71 yr olds with metastatic brain disease, 40834

Brain Self Stimulation

benzodiazepine receptor antagonist Ro 15-1788 & level of GABAergic activity induced by progabide vs isoniazid, hypothalamic self stimulation, male rats, 21753
buprenorphine, sensitivity to brain stimulation reward to medial forebrain bundle/lateral hypothalamus, rats, 7866
caffeine & tolerance & withdrawal, reinforcement threshold for intracranial self stimulation, male rats, 14908
chronic cocaine, self stimulation train duration thresholds, rats, conference presentation, 28855
cis-flupenthixol to forebrain dopamine terminals, medial forebrain bundle self stimulation & motor performance, rats with 6-OHDA dopamine lesions, implications for nucleus accumbens, 25146
concentrations of ethanol in blood, intracranial self stimulation & locomotor activity, male rats, 7913
current & frequency of electrical self & experimental stimulation of nigrostriatal bundle, dopamine release, rats, 18255
current intensity, leverpressing & body extension thermoregulatory responses, intracranial self stimulating rats, 7801
delta-9-tetrahydrocannabinol, electrical intracranial self stimulation, male rats, 18335
dextro-fenfluramine, self stimulation at feeding site in lateral hypothalamus, rats, 39185
electrical self stimulation of lateral hypothalamus vs lateral vs medial septal nucleus, leverpressing & acquisition & reversal of spatial discrimination in Y maze, male mice, 21676
enkephalin inhibitor kelatorphan icv vs into nucleus accumbens, intracranial self stimulation, male rats, conference presentation, 7859
ethanol with vs without imidazobenzodiazepine, alternation responses for medial forebrain bundle stimulation, male rats, 35869
frequency of competing stimulus, choice of fixed pulse electrical stimulus of fixed pulse, male rats with central grey & hypothalamic electrodes, 782
frequency of rate frequency curve asymptote in runway & leverpressing, reward saturation in medial forebrain bundle self stimulation, male rats, 786
GABA agonists, lateral hypothalamic self stimulation effects on reward vs motor performance, male rats, 14806
haloperidol, reward value of lateral hypothalamic stimulation in place conditioning, rats, 7786
heat exposure & tail amputation, leverpressing & thermoregulation, intracranial self stimulating rats, 7761
icv TRH & central serotonergic system, intracranial self stimulation, male rats implanted with electrodes in ventral tegmental area, 28877
imipramine, cocaine induced intracranial self stimulation, rats, 7852
injection of dopamine antagonists into nucleus accumbens vs caudate putamen complex, barpressing for electrical stimulation of ventral tegmental area, male rats, 7874
intracranial self stimulation at various regions along the neuroaxis from forebrain to hindbrain, approach vs flight response vs ambivalence, rats, 14780
ipsilateral forebrain lesions to neural projections between medial septum & lateral preoptic area to midbrain, lateral hypothalamus self stimulation, male rats, 816
lateral hypothalamic electrical stimulation to pure reward vs reward escape sites with vs without diazepam, feeding thresholds & barpressing rates for self stimulation vs escape, male rats, 32097
levodopa with benserazide, rebound of response rates for VI hypothalamic self stimulation following withdrawal of chronic haloperidol, male rats, 14929
long term antidepressants, intracranial self stimulation responding, male rats, Canada, 28909
medial hypothalamic lesions or icv 6-OHDA, food intake & obesity & self stimulation, rats, 28769
morphine &/vs pimozide dosage to ventral tegmental area, frequency threshold for metencephalic brain stimulation reward, rats, 25293
morphine with vs without chloramphenicol, self stimulation, male rats, 32177
naloxone, interaction of haloperidol & cocaine with endogenous opioids in ventral tegmental electrical self stimulation, male rats, 14949
naltrexone dosage, electrical self stimulation of nucleus accumbens vs lateral hypothalamus vs ventral tegmental area, male rats, 18470
neonatal depletions of forebrain dopamine, lateral hypothalamic stimulation reward, male rats, 18241
opiate antagonists, brain stimulation reward, literature review, 7912
pimozide pretreatment & high morphine dosage to ventral tegmental area, cessation of barpressing for brain stimulation reward & reinstatement of dopamine cell firing by muscimol, rats, 25292
pre- & posttraining intracranial self stimulation, acquisition & retention of learned responses, male rats, 11049
self stimulation from substantia nigra electrode sites, male rats with medial & sulcal prefrontal cortex lesions, implications for reinforcement, 28784
site of electrodes & type of operant response & current intensity & pimozide dosage, brain self stimulation, rats, 32107
unilateral peduncular pontine lesion, lateral hypothalamic self stimulation threshold & rate measuring interhemispheric interaction, male rats, 39200
vehicle vs ip cholecystokinin neuropeptide analog, electrical brain self stimulation as reinforcement for discrimination, male rats, 18212
ventral tegmental atropine or scopolamine or hemicholinium-3, frequency thresholds for lateral hypothalamic or brain stem self stimulation, male rats, 32222
3,4-methylenedioxymethamphetamine, threshold for intracranial self stimulation reward, male rats, 7865

Brain Size

acetylcholinesterase activity & ventricular brain ratio, patients with dementia of Alzheimer's type, 5791
age of onset, ventricular enlargement & degree of cognitive & clinical impairment, schizophrenic vs other psychiatric patients, 36615
allometric comparison of brain structure volumes, fantail vs strasser vs homing pigeons, 7678
birth complications & size of brain limbic structures, families with at least 2 schizophrenic siblings, 15662
brain density, severity of depression, patients with major depression, 15775

cerebellar hemisphere size, vermal hypoplasia, autistic 14–39 yr olds, 40154
cerebellar vermis brain ratio, neuroleptic response, male schizophrenic patients, 20018
cerebral atrophy measured by cerebral/cranial area & ventricle/brain ratios, bulimic 19–28 yr old females, 37055
choice of comparison group, estimate of lateral ventricle enlargement in schizophrenia, 16–36 yr old normal volunteers vs medical vs schizophrenic patients, 26179
cognitive impairment & ventricular size & negative symptomatology, chronic schizophrenic inpatients, 5244
cortical & caudate atrophy & ventricle brain ratio, schizophrenic patients with tardive dyskinesia, 23458
electrodermal responsiveness, schizophrenic patients with enlarged 3rd ventricle, 8563
improved drinking habits, cortical & central atrophy & cognitive ability, alcoholic adults, 5 yr followup, 33382
lesions & brain volume, post mortem leucotomized vs nonleucotomized chronic schizophrenic patients, 29614
low birthweight & cerebral ventricular enlargement, adults at high risk for schizophrenia, Denmark, 12064
magnetic resonance imaging technique for measurement of brain & CSF & other intracranial cavity volumes, 20–60 yr olds, implications for aging, 24534
motor dominance & volumetric asymmetry of globus pallidus in normal brains, postmortem 26 wks gestation through 86 yr olds, 4113
postmortem brain volume & premorbid intelligence level, chronic schizophrenic patients, 26190
size & form of corpus callosum, schizophrenic adult males, 33201
structural brain changes examined by computed tomography, schizophrenic 18–42 yr olds, 2–5 yr followup, 15805
sulcal & ventricular enlargement, schizophrenic patients, 1675
ventricle brain ratio & positive & negative symptoms, patients with schizophrenia, 22605
ventricle brain ratio & response to neuroleptic treatment, positive psychotic symptoms during Amphetamine Challenge Test, 21–49 yr olds with schizophrenia or schizoaffective disorder, 26143
ventricle-brain ratios & 3rd ventrical size & frontal atrophy, 18–42 yr olds with borderline personality disorder, 33116
ventricular & cortical size, elderly with late paraphrenia, 29508
ventricular size & plasma triiodothyronine, 15–32 yr olds with bulimia vs anorexia, 29995
Brain Stem [See Also Locus Ceruleus, Medulla Oblongata, Pons, Reticular Formation]
area postrema lesions, ethanol administration & pharmacokinetics & conditioned taste aversion, rats, 21671
arginine vasopressin injection into brain stem & amygdala, behavior, male rats, 25322
attention, auditory EPs from brain stem & compound whole nerve potentiation, 20–25 yr olds, 35672
auditory brain stem response latencies, severely constitutionally dyslexic 10–17 yr olds, 12284
brain stem & limbic system neuronal unit activity patterns related to arousal & drive related behavior, animals, 1984–86, literature review, 11035
brain stem auditory EP, prediction of motor outcome, neonates at risk for neurodevelopmental sequelae, 2 mo through 1 yr followup, 5718
brain stem auditory EPs & body temperature during nocturnal sleep stages, adults, 11008
brain stem auditory EPs, unmedicated hospitalized schizophrenic 22–44 yr olds, 15708
brain stem intercollicular transection, sleep wake mechanisms, literature review, 7809
chronic toluene vapor abuse, neurological functioning & brain stem auditory EPs, 21–44 yr olds, conference presentation, 22819
classical conditioning of nictitating response, dorsal cochlear nucleus uptake of radioactive glucose, rabbits, 7654
click polarity & repetition rate & stimulus level, auditory brain stem responses, adults, 18080
diagnosis & electrical stimulation treatment, 61 yr old male with brain stem mini discharge syndrome, 2581
double pulse electrical stimulation in brain stem, startle response, male rats, 35744
electrical intracerebral stimulation of area postrema, acquisition of taste aversions, rats, 18251
errors in measurement of auditory brain stem response, adults with vs without cochlear hearing loss, 9220
high hyperbaric pressure, startle response to intense tone bursts vs single pulse stimulation of cochlear nucleus & nucleus reticularis pontis caudalis, rats, 4230
individual differences, variability of amplitude of brain stem auditory EP to monaural vs binaural stimuli, 18113
ipsilateral masking levels & thresholds for tone tip auditory brain stem responses, establishment of recording parameters & norms, 18–30 yr olds, 32047
lesions of vagal afferent terminals at area postrema & subsequent nucleus of solitary tract, glucagon induced suppression of feeding, 14800
linear combinations of latency level curve parameters from brain stem auditory EPs, discrimination of cochlear vs conductive vs mixed hearing loss, hearing impaired 10–85 yr olds, 19643
morphine &/vs pimozide dosage to ventral tegmental area, frequency threshold for metencephalic brain stimulation reward, rats, 25293
neural transection at level of dorsal tegmental area of mesencephalon, neuropeptide Y concentrations in selected hypothalamic sites, male rats, implications for feeding behavior, 14798
partial vs complete lesions of right ear & right dorsal vs intermediate with vs without ventral acoustic striae, thresholds for tone & noise detection, cats, 25175
phase intensity interaction, auditory brain stem EPs, female adults, 18128
pons & entire brain stem morphology, higher functioning autistic children, 11954
thermal cauterization of area postrema, motion sickness assessed through conditioned taste aversion & drinking suppression & defecation, rats, 18272
tone duration with vs without white vs notched vs high pass noise masking, brain stem auditory EP latency, 25–35 yr olds, 18127
tone loudness, brain stem auditory EP thresholds & latency for discrimination of hearing loss type, 10–85 yr olds with conductive vs cochlear hearing loss, 19642
ventral tegmental atropine or scopolamine or hemicholinium-3, frequency thresholds for lateral hypothalamic or brain stem self stimulation, male rats, 32222
vestibulo-ocular reflex learning, activity of brain stem neurons in modified pathways, monkeys, 21527
visual & oculomotor trigeminal brain stem transection, orienting fixation reflex, cats, 28790
Brain Stimulation [See Also Brain Self Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation]
dextromphetamine, self stimulation of medial forebrain bundle lateral hypothalamus, male rats, 11298
Brain Weight
common vs enriched environment, brain weights & behavioral parameters, inbred mice, 18213
enriched rearing & repeated ECS, brain weight & spontaneous motor activity & learning performance, male rats, 7755
motor behaviors & morphology of body & brain, mutant shaker short tail mice, 592
postnatal aspirin, alcohol induced microencephaly & brain weight & growth, neonatal rats, model of 3rd trimester of human brain development, 35779
Brainstorming
assigned goal & reward, brainstorming performance, college students, replication, 14388
assigned goal & reward, brainstorming performance, college students, replication, erratum, 28302
brainstorming vs criteria-cued vs standard instructions, creative production, college students, 3795

Brainwashing
model of mass marathon organization training program using iatrogenic dynamic & required compliance, psychodynamics & emotional reactions to indoctrination, 20–51 yr olds, 23260
Brand Names
AIDS related anxiety & ad fear appeal, attitudes toward condom brands & ads, college students, 20940
attention at time of exposure & brand linkage in TV commercials, recall, 18–65 yr old females, 38525
attitudes toward comparative advertising formats, attitudes toward sponsoring vs competing brands, college students, 20956
brand beliefs & attitudes toward printed ad, immediate vs delayed brand attitudes, college students with high vs low message involvement, 20957
brand name comparative vs noncomparative advertisements & central vs peripheral cognitive processing, consumer attitude change, college students, 34999
cognitive responses, mediation of belief & attitude cognitive structure of advertised brand, college students, 41537
construct validity of involvement commitment model of ego & purchase involvement & brand commitment in soft drink consumption, college students, 24455
emotion evoked by TV advertisement for novel product, perceptions of advertisement & brand attitudes & attribute evaluations, adults, 20933
exercise induced physiological arousal, effect of endorser status on brand attitudes, college students, 20962
experience of problems & dissatisfaction, brand loyalty vs switching, consumers, Netherlands, 27982
initial brand name attitudes, product ratings, adult shoppers, 10471
mathematical & logit model approach, tracking within segment shifts in market brand shares, extension of present authors' research, 35003
nicotine yield of cigarette brand, smoke exposure & smoking behavior, adults, 15411
pioneering advantage in hypothetical emerging market, brand preference formation, MBA students, 41531
price & brand & store & name, perceived product quality, consumers, meta analysis, 41560
price & promotion as reference points, brand choice behavior, consumers, 41550
product involvement & commitment & familiarity & alternative TV ad claim strategies, brand beliefs & attitudes, college students, 17469
product novelty, print advertisement & brand attitudes, 21–62 yr olds, 20937
purchase history & perceived brand variety & need for stimulation, measurement of brand switching behavior, consumers, 10460
self concept, product & brand choice, heads of households, 10467
situational variables of brand choice in soft drink consumption, college students, implications for stochastic models, 24475
Bravery [See Courage]
Brazil
channeling of social discontent through idiom of sickness & nervous hunger, sugar cane cutters, Brazil, 29473
cultural values & rituals surrounding death, grief & mourning, Kagwahiv Indians, Brazil, implications for universal responses to loss, 11587
development of special education, educable mentally retarded students, Brazil, 3282
government policy, psychiatric diagnosis & treatment duration, mentally ill patients, 1975–82, Brazil, 15334
image of males & sex roles in popular music, Brazil, conference presentation, 18499
overview of research on comparative visual psychophysics & neurophysiology, Brazil, 38762
patterns of marihuana usage, college students, Brazil, 36889
perceptions of parental childrearing patterns, depressed vs nondepressed 18–64 yr olds, Brazil, conference presentation, 22548
representation of large numerical values & arithmetic operations on currency values & ratio comparisons, 10–12 yr old candy sellers with little or no schooling, Brazil, 11429
satisfaction with accessibility of medical services in low income community, heads of household, Brazil, 20079
seroprevalence of HIV-1 & HIV-2 & HTLV-I, HIV-1 seropositive & at risk 14–70 yr olds, Brazil, 29897
SES & demographic characteristics, use of solvents & other drugs, 9–18 yr olds, Brazil, 33365
social contexts of ritual wailing, expression of grief & desire for sociability, Indians, Brazil, 11600
sociocultural factors, individualism & allocentrism, college students, Brazil, 1460
theories of fatalism & childhood illness & attitudes about & reactions to infant mortality, bereaved mothers & traditional healers, Brazil, 16185
therapeutic substitution for barbiturates, seizure control, epileptic 15–64 yr olds refractory to barbiturates, Brazil, 6145
use & understanding of modern medicines, family members 0–55 yrs old & older, rural Brazil, 26959
validity of Older Americans Resources & Services Multidimensional Functional Assessment Questionnaire, screening for psychiatric disorders, 65–94 yr olds, Brazil, conference presentation, 54
Breakthrough (Psychotherapeutic) [See Psychotherapeutic Breakthrough]
Breast
behavioral management intervention, practice of breast self examination, 18–87 yr old females, 20057
breast self examination educational strategy, female 60–95 yr olds, 37594
health beliefs due to breast self examination classes, health behavior, adult females, 6227
instructional format using actual vs synthetic breast modeling, compliance with instructions for regular breast self examinations, female college students, 1 mo followup, 16757
psychoanalytic perspective on breast as whole vs part object in infant development, 32347
tactile stimulation, left vs right breast sensitivity, nulliparous 18–20 yr old females, 25045
thelectomy, pregnancy induced aggression toward male intruders, female mice, 804
Breast Examination [See Self Examination (Medical)]
Breast Feeding
attitudes & knowledge & beliefs about breast & bottle feeding, 16–41 yr old mothers with mixed racial backgrounds, South Africa, 32629
attitudes toward & expectations about & intentions of breast feeding before birth & subsequent experience following birth, 19–38 yr old 1st time mothers, France, longitudinal study, 32669
beliefs & practices regarding quality of mother's milk, health of child, Maithil females, India & Nepal, 18798
breast feeding attitudes, low income pregnant 13–20 yr olds, 25557
breast feeding, cognitive development, infants, 2 yr study, 4627
breast feeding duration, postpartum sexuality & mood, females, Scotland, 11605
breast feeding patterns & SES, Chinese vs Malay vs Indian mothers, Singapore, 29209
breast feeding rates, 2–18 yr olds with pervasive developmental disorder, 11924
breast feeding vs nonbreast feeding at 1 mo postpartum, behavior responses, vaginally delivered full term newborns, 36050
breast sucking rate & intersuck interval during feeding, 5–7 day olds, 32463
breast vs bottle method of feeding, learning in feeding behavior, infants, conference presentation, 29098
changes of intake of solids, milk intake & sucking time, breast fed infants, 32349
family & economic viability & culture, breast feeding decisions & behavior, mothers, 32690

informational & supportive intervention, attitudes toward & knowledge about & success of breast feeding, working class primiparous 19–32 yr old females, 8253
perceived barriers to & benefits of breast feeding, pregnant 12–19 yr olds attending prenatal clinics, 1114
perception of infant hunger & of milk supply, breast feeding mothers of infants, 32691
place of residence & SES & early breast vs bottle feeding duration, parents & their infants using home visiting or child health clinic programs, 30625
plasma & salivary progesterone & prolactin, postnatal depression, breast vs bottle feeding 17–40 yr old mothers, Wales, implications for treatment, 40111
prevalence & time course of breast feeding pain, 17–37 yr old females in early postpartum, 3 mo followup, 33505
psychiatric & social factors, intention to breast feed, females in 3rd trimester of pregnancy, 32680
psychosomatic factors, choice of infant feeding, primiparous females, 9202
responsiveness to breast odors from lactating unfamiliar females vs mothers, breast vs bottle fed male vs female 12–17 day olds, 39549
SES & early bottle vs breast feeding, childrearing attitudes, mothers of 7–11 yr olds, Canada, 39763
SES & education & current practice & contraceptive method, perceptions of advantages &/vs disadvantages of breast feeding, Turkish mothers of infants, Sweden vs Turkey, 8256
sex of offspring, maternal investment & time spent nursing & breeding, American bison, 18061
social network, choice & duration of breast feeding, mothers of preterm infants, Canada, 39775
Spanish language translation & validation of professional certification test, lactation consultants for facilitation of breast feeding, 31603
terminology for physiology of lactation & nursing & suckling & sucking, 684

Breast Neoplasms
affect vs cognition in quality of life, postsurgery breast cancer patients, 5612
age & social class & health behavior & knowledge of breast cancer, female 15–76 yr olds attending breast screening unit vs medical patients, UK, 12997
asthenia prevalence & association with nutritional & psychological status & body & tumor mass & anemia, patients with advanced breast cancer, Canada, 40370
breast self examination attitudes & behaviors & perceived susceptibility, females with breast cancer vs benign breast disease, 40842
choice of surgery, preoperative & postoperative anxiety & depression, patients with early breast cancer & their husbands, 6257
choice vs no choice between mastectomy vs wide excision & radiotherapy, psychosocial outcomes, patients with breast cancer, 16738
commitments & uncertainty & threat of recurrence & disease control, coping strategies, 31–89 yr old nonhospitalized females with breast cancer, 37053
compliance vs noncompliance with breast cancer screening program, female 40 yr olds & older HMO members, 16752
compliance with breast self examination & beliefs about breast cancer, adolescent females, 6 wk & 3 & 6 mo followup, 34146
concern & emotional distress & social support & symptoms, functioning following radiotherapy, breast or lung cancer patients, 9625
coping behavior, females with mastodynia vs fibrocystic disease vs breast cancer, 3 yr study, conference presentation, 16103
coping style & anger & health locus of control & disease factors, prediction of psychosocial adjustment, 32–69 yr olds with breast cancer, 26491
coping styles, newly diagnosed patients with breast cancer or Hodgkin's or non-Hodgkin's lymphoma, 9000
emotional control, psychological reactions to breast cancer, patients studied preoperatively vs 1 wk postmastectomy vs at 6 mo followup, 12965
emotional reactions & coping behavior & characteristics of cancer & personal situations & feelings of uncertainty, 34–75 yr old females with breast cancer, 22951
emotional support & adjustment, 29–69 yr old females with breast cancer & mastectomy, 20100
evaluation & detection of & intervention with body image problems, patients who had surgical treatment of breast or colon or rectal cancer, conference presentation, 16723
factor analysis of linear analog self assessment scales, validity of factors representing physical & emotional & social health & disease related quality of life, breast cancer patients, 26462
family coping behaviors & functioning & approaches to assessment & intervention, families with member who has breast cancer, literature review, 26605
level of arousal & personality style, females with breast cancer vs awaiting surgery, India, 36969
mastectomy, psychosocial morbidity, females younger vs older than 50 yrs with breast cancer, 2 yr study, 30588
mastectomy vs chemotherapy, MMPI personality profile, female breast cancer patients, Poland, conference presentation, 16130
perception of family adaptability & cohesion & marital adjustment, psychosocial adjustment to illness, females with breast cancer, 19508
perceptions of social support & marital adjustment following diagnosis, breast cancer patients & their husbands or significant others, 9130
phantom breast syndrome, female mastectomy patients under 69 yrs old, 34161
predictors of survival time, 1st recurrent breast cancer patients, 7 yr followup, 19558
psychological factors, choice of modified radical mastectomy vs lumpectomy plus radiation therapy, adult females with breast cancer, 30601
psychological factors in treatment choice & posttreatment emotional stress, female patients undergoing mastectomy vs lumpectomy & radiation treatment for breast cancer, 2628
psychological response & prognosis, newly diagnosed patients with breast cancer or Hodgkin's or non-Hodgkin's lymphoma, 3 & 12 mo followups, 9168
psychosocial factors & quality of life & incidence of anxiety & depression & medical & psychological treatment of breast cancer, 40425
satisfaction with & frequency & types of supportive behaviors by family & friends & medical professionals, anxiety & depression, adult females before & 1 & 3 mo after breast cancer surgery, 9644
social support, psychosocial adjustment, mastectomy patients & their husbands, 3 & 30 day postsurgery followups, 6259
somatic symptoms & social dysfunction, female patients awaiting breast biopsy vs elective cholecystectomy, 12416
trait & state psychological characteristics, 19–70 yr old breast cancer patients, 26506
validity of General Health Questionnaire & subscales, assessment of social & emotional adjustment, early breast cancer patients receiving chemotherapy, 28098

Breathing [See Respiration]
Breeding (Animal) [See Animal Breeding]

Brief Psychotherapy
Adlerian approach to brief health promotion therapy, smokers, 30214
Adlerian clinical practices & therapy issues, therapists & counselors, 1972 vs 1989, 30257
Adlerian individual psychology approach to brief psychotherapy, conference presentation, 30206
Adlerian psychotherapy vs other brief therapy schools, 30300
application of psychoanalytic principles in time limited therapy, 23237
associative process & resistances in brief psychotherapy, adult male client, 9332

brief Adlerian family therapy, family functioning, 11 yr old male with juvenile onset diabetes mellitus & his family, 30326
brief Adlerian family therapy, parents & 13 yr old daughter, 30331
brief crisis vs long term group psychotherapy, self esteem & symptomatology & group climate, adult patients, 6022
brief developmental counseling, medical residents in family practice, 30911
brief diagnostic group treatment, sexually abused 9–10 yr old males, 23267
brief dynamic psychotherapy, adults with psychogenic pain, 2 yr followup, 37330
brief dynamic therapy, narcissistic regression & PTSD following traumatic experience, 34 yr old male, 33816
brief group psychotherapy, clients with genital herpes, 23264
brief group psychotherapy, retired 49–83 yr olds, 37406
brief intensive cognitive behavior therapy program designed for patients in rural areas, depressed 38–59 yr olds, Australia, 1–20 mo followup, 5980
brief marriage therapy, spouses, 30350
brief pastoral psychotherapy, adult experiencing guilt feelings, 30249
brief psychiatric interview & other training, encouraging therapist & 41 yr old hospitalized male, 30929
brief psychotherapeutic disclosure of past traumatic events, immune functioning & health care visits, adults, commentary reply, 5974
brief psychotherapeutic disclosure of past traumatic events, immune functioning & health care visits, adults, commentary, 5970
brief psychotherapeutic intervention, patients with delusion of having AIDS, 33763
brief psychotherapy & Buddhism & Christian counseling, 23621
brief psychotherapy, correspondence between maternal behavior & representations of infant, mothers & infants, 5934
brief psychotherapy from self psychology perspective, elderly outpatients, 23207
brief psychotherapy from self psychology perspective, elderly outpatients, commentary, 23210
brief psychotherapy using focal analytic technique, internal developmental pain & adaptive stress, college students, 31296
brief strategic intervention, 3rd grade female with symptomatic vomiting, case report, application to school counseling, 31237
brief therapeutic intervention, parental dynamics & conflicts & parent child relations, disturbed infants & their parents, conference presentation, 6011
brief therapy using Alderian influenced lifestyle scale, female client, 30256
client motivation, affective growth in short term psychotherapy, 42 yr old female who felt dominated by her husband, 26759
client pretreatment characteristics, prediction of therapeutic alliance in behavioral vs cognitive vs brief dynamic psychotherapy, elderly depressed outpatients, 5946
clinical issues in brief psychotherapy, 30269
closed model of short term inpatient group psychotherapy, conference presentation, 9759
cohesion in brief inpatient group psychotherapy, therapeutic work of separation, hospitalized psychiatric patients, 37776
construct validity & interrater reliability of California Therapeutic Alliance Rating system, assessment of brief dynamic psychotherapy for pathological grief, 21–72 yr olds, 24620
current research in attachment theory, female clients in brief psychotherapy, 40672
development of structured recall technique for identification & rating of significant therapy events & psychotherapeutic change, 29 & 32 yr old male clients & their therapist, 12647
developments in psychodynamic & interpersonal brief psychotherapy, 12681
disclosure vs nondisclosure rationales in brief therapy, therapeutic gain on measures of anxiety & attributions for change, college students, 37280
dynamic & expressive approach to brief inpatient group psychotherapy, schizophrenic inpatients, implications for therapist recognition of appropriate techniques, 16458
ego resources & motivation factors on P. Sifneos's evaluation form, selection for short term anxiety provoking psychotherapy, 19–56 yr olds with anxiety or dysthymic or personality disorders, 31560
etiology & symptoms & brief psychotherapy for counterphobic personality, 56 yr old male presenting with anxiety disorder, case report, 30291
family or conjoint techniques in brief psychotherapy on campus, individual psychological growth, college students, 31241
history & theory & practice of play interview therapy, 5 & 7 yr old females & 13 yr old male with fears & personality disorders, conference presentation, 40611
holistic metaphorical therapy & Adlerian brief psychotherapy, 19 yr old female with reluctance to express negative feelings, 30260
humor in brief therapy, 16356
individual psychology vs Mental Research Institute approaches to brief psychotherapy, 30228
insight approach within strategic brief psychotherapy, clients, 30222
insight approach within strategic brief psychotherapy, commentary, 30298
insight approach within strategic brief psychotherapy, commentary, 30304
insight approach within strategic brief psychotherapy, commentary reply, 30223
integrated brief dynamic & cognitive behavioral therapy, patients with anorexia or bulimia, 33863
issues involved in psychoanalytic approach to short term group therapy, outpatients, 6032
manual guided training programs in conduct & efficacy of short term interpersonal psychotherapy for depression, psychotherapists, 9998
minimal intervention therapy, clients with alcohol & smoking & weight reduction & sexual problems & agoraphobia & anxiety, literature review, implications for clinical practice, 37346
organization of brief psychotherapy in private practice, 12697
preference for & outcome of time limited individual vs group psychotherapy, nonpsychotic psychiatric patients, 2342
problem solving with vs without emotional expression in brief individual psychotherapy, caregivers of demented relatives, 30297
process & significance of termination in brief psychotherapy, college students, 31306
pros & cons of computer assisted short term psychotherapy, 23174
psychoanalytic vs cognitive behavioral vs problem solving approaches to brief psychotherapy vs Adlerian psychotherapy, 30306
psychodramatic techniques in brief psychotherapy, psychiatric & substance abuse inpatient groups, 30765
reflections on future prospects of brief psychotherapy, implications for Adlerian & other approaches, 30264
reliabilty & validity of evaluation form, assessment of appropriateness of short term anxiety provoking psychotherapy vs other brief psychotherapy, depressed &/or anxious 19–56 yr olds, 28057
role of psychotherapist in matching treatment to needs & definition & application of ultra brief vs brief vs long term vs crisis therapy, college students at counseling center, 31274
short term dynamic psychotherapy, outpatients with neurosis or personality disorder, commentary, 16398
short term group therapy & social skills training, depressed or withdrawn adolescents, literature review, 33900

short term personal construct therapy, content analysis of psychological states including anxiety & depression & anger & competence, elderly with psychological problems, 37360
short term psychotherapy, emotionally distressed 19–20 yr old male soldiers, Israel, 33762
single session Adlerian psychotherapy, client & 2 psychotherapists, 30289
solution focused interview, couple in brief therapy, 2369
stages of ego development proposed by J. Loevinger & relation to psychopathological symptoms, brief psychotherapy, female 17 yr old with school & family problems & 42 yr old with adjustment disorder, 2284
strategic theories of J. Haley & M. Erickson, short term therapy, 33818
symbols & rituals in brief psychotherapy, 30218
systems model of short-term open-ended group therapy in hospital setting, conference presentation, 9754
tape recorded single session Adlerian psychotherapy demonstration for teaching therapy skills, psychotherapist & volunteer client, 30948
techniques that shorten Adlerian psychotherapy, disordered adults, 30201
theory & structure & method of single session therapist focused model of supervision of resistance based on Adlerian approach to psychotherapy, 30261
time limit & simple focus for brief psychodynamic therapy, outcome, well vs less well adjusted 29–57 yr olds, 30247
time limited psychotherapy with developmental framework, elderly patients, 23199
utility of time limit in brief psychotherapy, 30231
W. Kinston & A. Bentovin & brief family therapy, commentary, 33941
2 plus 1 prescriptive psychotherapy model using brief cognitive behavioral techniques, clients, 40604
8 session conjoint therapy vs 1 session advice therapy, alcohol abuse & marital adjustment, alcoholic clients & their spouses, 20323

Brief Reactive Psychosis [See Acute Psychosis]

Brightness Constancy
level of pattern illumination, luminance matching & brightness constancy, college students, 239
reflective vs illumination background edge & lightness contrast vs constancy effects, lightness discrimination, college students, 7322
relative size vs luminance vs total luminous flux & distance disparity, apparent motion processing, adults, 35307
surround infield luminance ratio, lightness perception, adults, replication, 238
test field & background luminance, perception of brightness contrast & constancy & application of ratio principle, adults, commentary, 24746
test field & background luminance, perception of brightness contrast & constancy & application of ratio principle, adults, commentary reply, 24742

Brightness Contrast
brightness contrast & stimulus size, apparent convergence for Cafe Wall & Hollow Squares illusions, adults, 267
CRT color & luminance contrast & character matrix densities, proofreading rate & accuracy & other tasks, adults, 31465
illusory brightness & depth vs contrast & size, apparent rarefaction of subjective figures, 223
isoluminance & temporal or spatial or spatiotemporal stimuli, RT & perceived velocity, adult males, 7355
power gamma, perceived brightness contrast & sharpness of perceptual image quality of black & white TV scenes, adults, 35305
reflective vs illumination background edge & lightness contrast vs constancy effects, lightness discrimination, college students, 7322
test field & background luminance, perception of brightness contrast & constancy & application of ratio principle, adults, commentary reply, 24742
test field & background luminance, perception of brightness contrast & constancy & application of ratio principle, adults, commentary, 24746

Brightness Perception [See Also Brightness Constancy]
anodal vs cathodal polarization of occipital vs frontal cortex, flash brightness discrimination, adults, 17774
arginine vasopressin, reversal learning & retention of black & white visual discrimination, male rats, 825
brightness matched chromatic letters on high resolution red or green or blue monitor, ocular accommodation, 22–35 yr olds, 21529
brightness matched monochromatic vs multichromatic stimuli & target size & clarity & distance, ocular accommodation, 22–35 yr olds, 21528
computer simulated boundary & feature contour system model of neural network interactions, 1 & 2 dimensional brightness perception, 628
conditioned avoidance & brightness discrimination, learning performance, high vs low avoidance rats, 35440
differential brightness & color of halves of rotating disc as body orientation cue, determination of upright position, college students, implications for space station, 17717
dot luminance & density, brightness perception, experienced Os vs college students with some prior experience, 7336
early life malnutrition, position & brightness & pattern discrimination, 20–40 vs 70–77 day old rats, 25120
fixed set method, visual perception of size in relation to lightness, college students, 35298
flash brightness discrimination, errors & time course of slow electrical activity in occipital vs frontal lobe, adults, 18104
flicker & 2 pulse sensitivities for sinusoidal gratings under range of spatial frequencies & retinal illuminance, adults, 251
geomagnetic & solar cues, orientation at sunset, dunnocks, Germany & Italy, 3979
hemiretinal differences in speed of threshold light detection, adults with esotropic amblyopes, 1979
hue vs saturation vs brightness of color stimuli, dissimilarity judgment & spontaneous & instructed classification, college students, 7314
illuminance level & pattern complexity & arrays of simulated achromatic surfaces, lightness & brightness matches of patches in arrays, 219
illusory contour clarity, apparent differences in brightness & depth in Kanizsa square, college students, 31808
opponent mechanisms in models of brightness perception & nonlinearity, adult males, 14297
oriented luminance vs nonoriented chromatic & luminance vs pure chromatic clues, motion perception, adults, 35278
standard surface reflectance model & illuminated estimation method, 35310
target differentiation by size &/vs brightness, visual search RT, preschoolers vs adults, test of mathematical models of visual perception & pattern recognition, 36094
theoretical approaches to Craik-O'Brien-Cornsweet effect concerning luminance distributions of visual displays, 259
visual models of brightness perception, resolution of incompatibilities in psychophysical & electrophysiological experimental results, 38800

Bromocriptine
alpha-methylparatyrosine &/vs reserpine, bromocriptine induced yawning, male rats, 7930
apomorphine vs bromocriptine vs pergolide vs haloperidol, sleep & wakefulness, male rats, 14904
benztropine following bromocriptine treatment, muscle rigidity due to neuroleptic malignant syndrome, 33 yr old male, case report, 16631
bromocriptine &/vs prolactin, spontaneous behaviors, female cats, 852
bromocriptine, cocaine craving during withdrawal, 17–42 yr olds, 34415
bromocriptine, crack cocaine withdrawal symptoms, 20–35 yr old males, 27308
bromocriptine, haloperidol induced hypoglycemia, 78–79 yr old diabetic males, Sweden, 12851
bromocriptine induced postpartum manic episode, cyclothymic 29 yr old female, case report, 2497
bromocriptine, mixed transcortical aphasia, 62 yr old male, 9477

bromocriptine, motor effects, animals, literature review, 14866
bromocriptine, neuroleptic induced galactorrhea & plasma prolactin levels, 38 yr old female with schizoaffective disorder, case report, 2477
bromocriptine, patients with tardive dyskinesia, commentaries included, 37509
bromocriptine, presleep behavior & apathy & memory disorder, 38 yr old female with bilateral thalamic infarction, case report, 9497
bromocriptine vs apomorphine, physostigmine vs pilocarpine induced yawning, male rats, 7929
bromocriptine vs desipramine, abstinence & withdrawal symptoms, cocaine addicted young adults, 20284
bromocriptine vs haloperidol vs physostigmine vs benztropine, tardive dyskinesia, 19–65 yr olds with schizophrenia or schizoaffective or affective or attention deficit disorder, 16590
chronic bromocriptine, quadmorphine induced sterotypy & D-1 & D-2 receptor binding, male rats, 7934
concomitant bromocriptine & thioridazine treatment, psychotic 28 & 32 yr old males with neuroleptic malignant syndrome, case reports, 26957
effect of bromocriptine on plasma growth hormone & Jenkins Activity Survey scores, psychosomatic patients, Japan, treatment implications, conference presentation, 16224
iv cocaine with vs without bromocriptine, cocaine craving, male 27–43 yr old iv cocaine users, 29766
low dose bromocriptine & haloperidol, schizophrenic adults, 26952
reserpine &/vs alpha methylparatyrosine pretreatment, time interval between administration of bromocriptine & dopamine agonist SKF38393 & relations to induced locomotor activity, mice, 4385
taurine &/vs bromocriptine, avoidance learning performance, male rats, 39240

Bronchi
bronchodilation vs bronchoconstriction suggestion, respiratory resistance, nonasthmatic female college students, 28700
buspirone hydrochloride with vs without bronchodilators, anxious ambulatory patients, 23412

Bronchial Disorders
epidemiology & biosocial correlates of asthma & wheezy bronchitis, 16 yr olds previously studied at ages 7 & 11, 40434
knowledge about chronic bronchitis & emphysema, patient compliance enhancing activities, male primary care practitioners, 20058
personality characteristics & illness attitudes, bronchitis & emphysema patients with vs without alexithymia, 9050

Brothers
antecedent brother hypothesis, determination of probability of male birth, commentary reply, 21474
death of brother during adolescence, subsequent preoccupation with homosexuality, male college students in psychotherapy, 2330
genetics, downward IQ shift similarity, 7–20 yr old male siblings with Duchenne progressive muscular dystrophy, 26597

Bruxism [See Also Nocturnal Teeth Grinding]
sleep stage & symptom severity, 21–55 yr olds with destructive bruxism vs sleep disturbance with bruxism, 23075

Buddhism [See Also Zen Buddhism]
brief psychotherapy & Buddhism & Christian counseling, 23621
Buddhism, philosophies of F. Nietzsche & Freud, 14020
humanistic psychology perspective on self actualization vs Buddhist & Hindu perspective on self realization, implications for counseling, 37746
misappropriation of ego & egolessness & other Freudian terminology in Buddhist insight meditation, 14019
religious beliefs, life satisfaction, Buddhist Tibetan refugees vs native Hindus, India, 11578
role & validity issues of Hindu & Buddhist psychologies & relation to identity & motivation & consciousness states & psychopathology, implications for Western psychotherapy, 30319
Sanskritic repression & projection, psychogenetic explanations of transformations in Buddhist vs Hindu pantheons, Sri Lanka, 11590
Taoist & Buddhist perspectives on spontaneity & naturalness, 4819
Western vs Buddhist theories of emotions & relation to psychotherapy & cognitive theories, 8219

Budgets [See Costs and Cost Analysis]

Bufotenine
urinary free bufotenin, psychiatric patients treated with antidepressant or other psychotropic medication, Finland, 15703

Bulgaria
reliability & validity & sex & age & intergroup differences in Bulgarian translation of Marlowe-Crowne Social Desirability Scale, college students, 35172

Bulimia
actual body size, perceptions of current vs ideal body size, bulimic females, 19656
adaptability & cohesion & communication in family interactions, family with 15–42 yr old daughters with anorexia nervosa or bulimia, 37182
age & social class & body weight, attitudes & behaviors symptomatic of anorexia nervosa & bulimia, male vs female 9th–12th graders, 37185
age of onset & severity, bulimic patients with vs without family history of drug abuse, 12463
anorexia & bulimia & obesity & related topics, 1987, bibliography, 1955
anorexia & bulimia & psychiatric morbidity, 16–25 yr olds with insulin dependent diabetes, conference presentation, 16153
antidepressant drug therapy, bulimia, 9588
antidepressant drugs, bulimia, literature review, 2508
appraisal & coping behavior & perceived control & social support & personality factors, role of stress in etiology & maintenance of bulimia, literature review, 1975
behavioral & psychological similarities, bulimic adult patients classified by current & historical weight implications for eating disorders classification, replication, 5809
behavioral techniques, bulimic 16–28 yr olds, 1 yr followup, 26889
beliefs & developmental causes & therapeutic suggestions, bulimic clients, 26440
bingeing & vomiting, insulin & cortisol & prolactin & vasopressin secretion, bulimic females, 33560
biological abnormality in etiology of bulimia nervosa & major affective disorder, implications for treatment with thymoleptic medications, 5759
biomedical & pathophysiological characteristics, bulimic syndrome, commentary, 33645
body as transitional object & separation individuation issues, 14–26 yr old females with bulimia, 2164
body image & eating disturbance & attitudes & psychopathology, normal weight purging vs nonpurging bulimic females, 23077
body image, bulimic 18–25 yr old females with restrained vs unrestrained eating, 12442
body image disturbances in bulimia, conference presentation, 16052
body weight & beta-hydroxybutyric acid, depressive symptoms, females with anorexia nervosa or bulimia, 5701
bran bingeing as variation of laxative abuse, bulimic 19 yr old female, case report, 23060
bulimia & its distinction from anorexia nervosa, literature review, implications for occupational therapy, 40458
bulimia & prevalence of major affective disorder & response to DST, adult patients, 8506
bulimia & repeated spontaneous abortion, 32 yr old Sikh female, England, case report, 29936
bupropion, bulimia, 18–55 yr old females, 16575
centrality of relationships in female identity formation & moral reasoning & cultural expectations of independence & role conflicts, bulimic female college students, 37164

cerebral atrophy measured by cerebral/cranial area & ventricle/brain ratios, bulimic 19–28 yr old females, 37055
characteristics & insurance coverage of inpatient & outpatient treatment programs, patients with anorexia or bulimia or other eating disorders, 12591
cholecystokinin secretion & postprandial subjective satiety, normal weight 16–39 yr old bulimic females, 19514
chronic standard vs high dose naltrexone, bulimic adults, 12870
chronicity & recovery vs relapse & comorbidity, bulimic female 15–54 yr olds with vs without affective disturbances, 18 mo followup of longitudinal study, 33562
clinical & cross cultural utility of Eating Disorder Inventory, anorexic or bulimic patients, Sweden vs Canada, 14149
clinical & familial data & drug therapy & neurobiology of bulimia & relationship with depression, 22466
clinical characteristics, bulimic females of Asian & Afro-Caribbean origin, UK, 5699
clinical features & weight & dieting history & losses & other precipitating factors, anorexic or bulimic 57–72 yr old females, case reports, 2024
cognitive & personality characteristics, bulimic vs drug abusing females, 5093
cognitive behavioral group approach, bingeing episodes & eating attitudes & depression & anxiety, females with bulimia nervosa, 3 & 6 mo followup, 9389
cognitive behavioral perspective on etiology & maintenance & treatment of anorexia nervosa & bulimia, adult females, implications for psychotherapists, 9315
cognitive behavioral therapy vs imipramine, self monitored caloric intake, 18–65 yr old bulimic females, 16312
cognitive behavioral treatment with vs without response prevention, 18–61 yr old females with bulimia nervosa, 26754
cognitive functioning & thought disorders & depression, 16–31 yr old females with anorexia &/vs bulimia, 2134
cognitive schema relating to shape & weight & association to depression, anorexic or bulimic females, 19552
cognitive style & psychological defense, females with anorexia nervosa vs bulimia nervosa vs those undergoing reduction mammoplasty, 16101
college environment, development or exacerbation of bulimia, female 18–33 yr olds in residential treatment program, 36976
college environments as etiological factor in bulimia, at risk college students, 37012
comorbidity & presence of personality abnormalities, patients with bulimia nervosa, 30138
concept of bulimia in medical reference books, 1700s to present, 5796
concurrent & predictive validity of Global Assessment Scale, assessment of psychopathology, adults with bulimia or anorexia nervosa or atypical eating disorder, 31669
conflict resolution & problem solving skills in marital relationship, bulimic females, 23065
contrary evidence to anxiety reduction model of purgation, female 18–23 yr olds who ceased vomiting while continuing bulimic episodes, 9204
convictions of theft, bulimic patients, 16261
course of eating behavior & psychopathology, bulimic females with vs without affective disorder, 6 mo followup, 5666
Crohn's disease & its treatment, development of bulimia nervosa, female 16–17 yr olds, case reports, 37240
CSF ACTH & cortisol levels, bulimic or anorexic 16–32 yr olds, 19522
CSF peptide YY immunoreactivity, anorexic & bulimic 18–35 yr old females, 29858
defense style & parental bonding, females with anorexia nervosa vs bulimia, 30096
dependent character solution as defense against dangers of devaluation & sexualization, anorexia & bulimia, females, 29941
depression & cognitive style, bulimic 18–40 yr olds, 40494
depressive symptoms, depressed vs bulimic female patients, 25996
desipramine, bulimic behavior & mood, normal weight adults, 6115
desipramine vs fenfluramine, bulimic adults, 16541
development of multiple dissociative states, bulimic 17 yr old female, case report, 33488
development of Perceived Body Image Scale, measurement of perceptual & cognitive & affective aspects of body image, bulimic vs anorexic females, 14137
dexamethasone, cortisol & prolactin responses to meals, females with bulimia, 12362
diagnosis of bulimia, literature review, 37167
diagnostic criteria & prevalence of bulimia, female college students, implications for intervention, 29976
dialectical cotherapy, bulimarexic 19 yr old female, 23189
dietary restraint & behavior patterns & binge eating, female 18–40 yr olds, 22965
distorted body perception & image, bulimic females, 29938
disturbance of communicative function of language, bulimarexic analysands, 16406
drug therapy, patients with anorexia &/or bulimia, literature review, 16537
drug vs group therapy, patients with bulimia, conference presentation, 30159
DSM-III vs draft DSM-III-R diagnosis & prevalence of bulimia, community residents vs patients in hospital's weight disorders unit or dietetics department, Australia, 1962
DSM-III vs DSM-III-R criteria including frequency & post-bingeing vomiting & fasting & laxative use requirements, diagnosis & prevalence of bulimia, female adolescents & adults, 33472
DST & TSH & growth hormone responses to TRH, females with bulimia nervosa, 26539
DST suppression vs nonsuppression, bulimic females, 9163
dynamics & treatment, couples in which marital conflict promotes wife's bulimic symptoms, 6030
early psychosexual development & relationship with mother, vulnerability to anorexia nervosa & bulimia, females, 12333
eating attitudes & body image distortion & depression & self esteem, male high intensity runners vs females with bulimia nervosa, 19588
eating attitudes & psychopathology & family environment, bulimic vs diabetic 18–30 yr olds, 26446
eating behavior, bulimic females, 19648
eating pattern disturbances & incidence of anorexia & bulimia, female graduate vs medical students, 16081
educative/support group with vs without subliminal psychodynamic activation, bulimic female college students, 26838
EEG sleep & cholinergic REM induction test, anorexic or bulimic patients, implications for link between eating disorders & depression, 22980
electrophysiological abnormalities, drug therapy, bulimic patients, 30499
emergence of bulimia in medical literature & status as eating disorder & illness entity, 5587
empathic failure in parent child relationship, development of self & eating disorders, patients with anorexia or bulimia, 33526
enema abuse, 28–37 yr old female bulimia nervosa patients, case reports, 19497
epidemiology & persistence of anorexia & bulimia & partial eating disorders, 11–14 yr old female ballet students, 2–4 yr followup, conference presentation, 16084
etiological & developmental & treatment considerations, bulimic college students, 37071
etiology & risk factors, male vs female patients with anorexia nervosa or bulimia, literature review, 40507
exercise, plasma norepinephrine, anorexic vs bulimic female patients, 33157
exposure & response prevention of bingeing vs vomiting, binge-vomit frequencies, bulimic female 17–44 yr olds, 33980
exposure plus response prevention treatment, female patients with bulimia nervosa, 6 mo followup, 6090

factor analysis & internal consistency of Bulimia Test, female college students & other adult females with bulimia or other eating problems, 35207
factor structure of binge eating & bulimic behavior, female college students, 9223
factor structure of Bulimia Test, female junior vs senior high school vs college students, 28188
factor structure of Hopkins Symptom Check List-58 & item context agreement, college students with binge eating patterns, 17574
factors influencing development of monodeistic fixation, 9.3–18 yr old kibbutz anorexic &/or bulimic patients, Israel, 4–10 yr followup, 26538
family cohesion & adaptability & conflict, bulimic vs anorexic 15–24 yr olds, 26550
family composition & social class, female bulimic 17–40 yr olds, 33504
family dynamics & psychological adjustment, nonclinical female college students, 16125
family relations, family with bulimic 15–25 yr old children, case report, 26561
family relations, 10–40 yr old females with anorexia nervosa &/vs bulimia, 26648
family relationship patterns, anorexic vs bulimic anorexic vs bulimic vs normal families with father & mother & adolescent daughter, 19533
feminist perspective on etiology of bulimia, female college students, 37189
food consumption, stress reduction, bulimic female college students, 37075
food related attitudes & preferences, 16–21 yr old females with anorexia nervosa &/vs bulimia, 9035
frontal lobe lesions & eating disorders, 65 yr old female with multi-infarct dementia & bulimia, 26481
functions & common role of perceived resistance & restraint, patients with bulimia vs obsessive compulsive disorder vs problem drinking & abstinence violation effect, 40033
gastric control & cholecystokinin & fenfluramine, satiety & food intake, patients with anorexia nervosa or bulimia, conference presentation, 30068
grade & sex & academic interest area, bulimic behavior, White vs Black vs Hispanic or Oriental high school vs college students, 5673
group treatment, sexually abused females with bulimia, 23272
heterogeneity in MMPI code types, 16–52 yr old bulimic females, 40489
history of weight concerns & bulimic symptoms in early medical records of possible anorexia nervosa & bulimia nervosa cases, several countries, 37040
history vs no history of sexual abuse, 12–58 yr olds with anorexia nervosa or bulimia vs other appetite disorders, 26508
hormonal & metabolic mechanisms in development of cerebral pseudoatrophy, anorexic or bulimic patients, conference presentation, 16138
human leukocyte antigen system, bulimic female & male 17–41 yr olds, 33568
hypnotherapy, anorexic or bulimic patients, literature review, 20031
hypothalamic pituitary-adrenal cortical & growth hormone levels & CSF somatostatin, females with bulimia or anorexia nervosa, 12423
imipramine, caloric intake & purge behavior, female bulimic 21–48 yr olds, 23444
imipramine therapy, switch from depressive to manic symptoms, 15 yr old bulimic female, case report, 34103
imipramine vs placebo with vs without group therapy, number of meals & snacks, 18–40 yr olds with bulimia, 30181
impulsivity as predictor of outcome & long term prognosis, adults with anorexia nervosa or bulimia nervosa, 2–6 yr followup, 33649
incidence & characteristics & prognosis & treatment, anorexia nervosa & bulimia, married patients, literature review, 9222
incidence of rape &/or sexual abuse &/or child abuse &/or battery, bulimic 14–59 yr old females, 16216
indications for admission & treatment in general hospital inpatient unit, anorexia & bulimia patients, Canada, 6418
individual & family psychotherapy & cyproheptadine vs amitriptyline, depression & body size estimation & weight gain, 13–36 yr olds with anorexia nervosa with vs without bulimia history, 5855
individual & group psychosocial treatment, bulimia, literature review, 23099
integrated behavioral & psychodynamic treatments, outpatients with bulimia, 2199
integrated brief dynamic & cognitive behavioral therapy, patients with anorexia or bulimia, 33863
integrated psychotherapy & cognitive behavior therapy & pharmacotherapy, bulimia, 25–33 yr old females, 33709
interaction between mania & anorexia nervosa with bulimia, 21 yr old female, case report, 26496
isocarboxazid, 18–38 yr old females with bulimia nervosa, 23410
isometric handgrip & treadmill exercises, BP & heart rate, anorexic vs bulimic 14–25 yr old females, 5623
iv hypertonic saline, thirst & plasma arginine vasopressin, female 18–37 yr olds with anorexia nervosa vs bulimia, 40473
knowledge of anorexia nervosa & bulimia & attitudes toward weight control practices & body image vs DSM-III criteria, high school & college student females & adults, 5676
lactate infusion, panic, female bulimic 18–40 yr olds, 30006
level of ego development, perceptions of their illness, bulimic females, 19636
LH-releasing hormone, LH & FSH levels, bulimic vs restricting vs bulimic anorexic 15–30 yr olds with amenorrhea or oligomenorrhea, 9106
lithium, aggressive conduct & borderline personality disorder & bulimia & other nonaffective disorders, 40800
long term cognitive interpersonal group therapy, clients with bulimia or anorexia nervosa, 19858
major affective disorder, patients with lifetime history of anorexia nervosa or bulimia, 2044
marital relationships, married anorexic & bulimic patients, literature review, 5819
medical & psychological treatment of anorexia & bulimia nervosa, literature review, 23163
medical complications of bulimia, 37191
melatonin & plasma cortisol levels, bulimic or anorexic 18–40 yr old females with vs without depression, 19544
merits of Eating Disorders Examination, assessment of bulimia, patients, 30132
MMPI, treatment outcome prediction, 17–22 yr olds with anorexia nervosa restricting vs bulimia subtypes, 8–60 mo followups, 12568
MMPI-68 test scores, bulimic females vs noneating disordered controls, 9149
mood changes during binge purge cycle, bulimic females with vs without concurrent affective disorder, 12360
multidimensional models & sociocultural & familial & genetic & psychological factors, bulimia, literature review, 36973
multidimensional treatment utilizing cognitive restructuring & self help group & behavioral & psychodynamic treatment, bulimic female 19 yr old college student, case report, 37211
multidisciplinary model for prevention & treatment of bulimia on college campuses, 38275
multifaceted approach to prevention & identification & treatment of bulimia on college campuses, 38253
multiple endocrine disturbances, patients with anorexia nervosa &/or bulimia, 9161
naltrexone, binging & purging, 19–29 yr old bulimic patients who were unresponsive to antidepressant treatment, 2487
naltrexone, food choice & bingeing, females with bulimia nervosa, 34107
naltrexone, normal weight bulimic females, 34073
need for consistent criteria & definition, research on personality correlates of bulimia, 2120

nondirective supportive vs cognitive behavioral group therapy, bulimic female 17–43 yr olds, 37390
nortriptyline with atenolol, bulimia, diabetic 28 yr old female, case report, 9555
nutritional counseling, binge eating & vomiting & laxative abuse, bulimic patients, 20076
nutritional knowledge, patients with anorexia or bulimia vs atypical eating disorders, 2045
object relations & family systems theory, conceptualization of bulimia, 26525
olfactory food stimuli, salivation, anorexic vs bulimic 16–26 yr old females, 19555
onset of bulimic symptoms, female anorexia nervosa patients, 1976–87, conference presentation, 9096
other psychiatric disorders, female bulimic patients, 19019
outpatient intensive group therapy, 17–44 yr olds with bulimia, 2–5 yr followup, 30346
pancreatic abnormalities, adult females with anorexia nervosa with vs without bulimia & vomiting vs bulimia & normal body weight, 26547
parent child relationship & family social environment, bulimic symptomatology, female 17–25 yr old college students, 33638
parental caring vs controlling & overprotectiveness, bulimic female outpatients, 19599
parental divorce or separation or premorbid obesity, 16–28 yr old Black females with bulimia or anorexia nervosa, Great Britain, 9082
perception of taste quality & intensity, bulimic vs anorectic females, 9087
perceptions of normal eating behavior, anorexic & bulimic patients vs helping professionals vs normal adults, 40404
perceptivity & paraceptivity, gastric emptying & reported hunger & satiety, anorexic vs bulimic 18–40 yr olds, 33630
personality characteristics, bulimic females, 12464
personality characteristics, bulimic vs restrained eater female college students, 23038
personality disorders, 16–35 yr old restricting vs bulimic anorexic females, 19598
personality traits & clinical symptoms suggesting Axis II personality disturbance, bulimic adult females, 40492
pharmacological vs psychological vs cognitive behavioral therapy, bulimia nervosa, 2182
physiological consequences of over-the-counter laxatives & diet pills & ipecac & diuretics for weight control, patients with bulimia or anorexia nervosa, 5733
plasma beta endorphin levels, bulimic college students & employees who do vs do not vomit, 5640
plasma tryptophan, depressed vs nondepressed 19–28 yr old bulimic females, 22989
plasma tryptophan ratio during bingeing & vomiting, bulimic females, 5684
plastic surgery, 19–20 yr old bulimic females, case reports, 12538
po glucose, plasma hormone & metabolite levels & attitudes toward sweets, female bulimia patients, 19492
potassium & magnesium sulfate, hypokalemia & hypomagnesemia, bulimic 24 yr old female, case report, 9520
predictors of antibulimic effect & antidepressant properties of desipramine, depressed vs nondepressed bulimic adults, 30408
pregnancy, anorexic or bulimic or mixed symptoms, 17–44 yr old females with eating disorders, 37093
pregnancy, bulimic behavior & weight gain, 22 & 29 yr old females, case reports, 23031
premenstrual exacerbation of bulimia, 22 & 23 yr old females with borderline & histrionic personality disorders, case reports, 33125
pressure sensitivity of finger vs abdomen vs abdomen with promise of monetary reward, bulimic 21–33 yr old females, implications for body image distortion, 29935
prevalence & demographic & body image & other psychological correlates of bulimia, high school students, 2015
prevalence of & practices for & psychosocial correlates of purging, adolescent & adult female patients at family practice outpatient clinic, 12988
prevalence of anorexia nervosa & bulimia, 13–35 yr olds in suburban area, Sweden, 22909
prevalence of binge eating & bulimia, female nursing & junior college students, Japan, 22964
psychiatric symptomatology & eating problems, females with bulimia or atypical eating disorders vs borderline personality disorder, 1493
psychoanalytic interpretation of symptoms of bulimia, 24 yr old female, 33537
psychoanalytic treatment applications, normal weight bulimia, 25 yr old female, 30245
psychological treatments, patients with bulimia nervosa, conference presentation, 30230
psychologically stressful tasks, cardiovascular responsivity & binge eating & mood states, eating disordered female college students, 26460
psychopathology & depression, female bulimic binge purgers vs bulimic binge eaters vs nonbulimic treated vs untreated female college students, 5760
psychosexual aspects of anorexia nervosa & bulimia nervosa, literature review, 29894
psychotherapeutic approach to anorexia nervosa & bulimia, 2290
psychotherapeutic focus & treatment modalities & techniques, bulimic college students, 37202
psychotherapy & antidepressants, 19–35 yr old females with vs without personality &/or affective disorders, 5847
psychotherapy, bulimia nervosa, literature review, conference presentation, 16357
PTSD & precipitation of bulimia or anorexia nervosa, 11–23 yr old females who experienced rape or natural disaster, 19570
rates & efficacy of participation in Overeaters Anonymous, bulimic 20–40 yr olds, 2696
reframing, distorted body image & self worth, clients with anorexia nervosa or bulimia, 37327
relaxation & assertiveness training & systematic desensitization, distorted body image as result of conditioned fear, 28 yr old female with bulimia nervosa, case report, 16487
remembered parental bonding, anorexic vs bulimic adult females, 2089
risk factors for & approaches to primary & secondary prevention of anorexia & bulimia & obesity, conference presentation, 2175
risk for psychiatric disorders, 1st degree relatives of female 18–45 yr olds with bulimia vs major depression, 5107
risks & benefits of antidepressant therapy, 15 yr old bulimic female, commentary, 34121
self esteem, bulimic female college students, Canada, 40478
self managed behavior therapy, 20 yr old bulimic female, case report, 12807
self nurturance, disordered eating, bulimic vs dieting restrainer vs nonrestrainer females, treatment implications, 26558
self perception vs group member vs therapeutic team's perception of changes in group therapy, anorexic vs bulimic patients, 30359
self psychological approach to eating disorders, anorexic 15 yr old female, 23247
self psychology perspective in psychotherapy, bulimic 30 yr old female, 19739
self report of high risk events or situations or experiences associated with abuse, substance abusing vs binge eating hospitalized patients, 5099
sensory perceptions & preferences for sweetness & fat content, normal weight females with bulimia, 1994
separation & attachment difficulties, 17–43 yr olds with bulimia or anorexia nervosa or atypical eating disorders, 29848
separation individuation & sense of self & adjustment to college life, development of bulimia, female college students, 36971
serotonin uptake & platelet 3H-imipramine binding, bulimic 19–29 yr olds, 22990
sex role identity & irrational cognitions & body weight, body image distortion, anorexic vs bulimic females, 23055

sexual & social maturity vs social conformity, restricting anorectic vs bulimic vs borderline personality disordered females, 9070
sexual perversion aspects of bulimia & anorexia, 5604
sham feeding as animal model of bulimia, 23068
similarities & differences, 18–40 yr old female bulimic patients vs symptomatic volunteers recruited through newspaper advertisements for bulimia research, 23005
sleep characteristics assessed using EEG, female 16–38 yr olds with bulimia vs anorexia nervosa, conference presentation, 2053
sleep EEG & dream content, anorexic vs bulimic vs depressed patients, conference presentation, 16064
sleep EEG, bulimic vs depressed 19–44 yr olds, 29480
social pressure, binge eating, female college students in sororities, 5607
sociocultural & developmental pressures to control weight, prevalence of anorexia nervosa & bulimia, females, 37062
sociocultural & familial etiological factors & treatment model, bulimia & anorexia nervosa, female college freshmen, 9416
sociocultural analysis of bulimia epidemic, female college students, 37033
sociocultural factors, anorexia nervosa & bulimia, conference presentation, 30036
structural analysis of social behavior, assessment of family interactions, mothers vs fathers & their adolescent or adult daughters with anorexia &/vs bulimia, 26524
structured behaviorally oriented group treatment, bulimic 21–26 yr old females, conference presentation, 16446
suboptimal weight & depression, DST induced cortisol suppression, female bulimic 18–69 yr olds, 5754
test meals, metabolism & endocrine secretion, normal weight bulimic females, 12532
therapist aided cue exposure to food, binge eating & vomiting, 17–26 yr old bulimic females, 19911
tranylcypromine, development of spontaneous hypertensive reactions, 21–40 yr olds with major depression with vs without bulimia nervosa, case report, 30464
treatment issues, bulimic victims of physical or sexual abuse, 33734
TRH, serum TSH & growth hormone & prolactin levels, bulimic adult females, 2052
urinary sulphatoxymelatonin as index of melatonin output from pineal gland, females with anorexia nervosa or bulimia, commentary, 29982
validity of Eating Disorder Examination & subscales, 18–35 yr olds with anorexia nervosa or bulimia, 38598
validity of Forbidden Food Survey, assessment of food related fears, 15–46 yr old obese vs bulimic binge-purger vs binge eater females, 10645
ventricular size & plasma triiodothyronine, 15–32 yr olds with bulimia vs anorexia, 29995
weight & symptoms & psychopathology & illness duration & treatment attitudes, inpatients vs outpatients with anorexia nervosa &/vs bulimia, Canada, 30742
5 wk assistance program, knowledge of & attitude & behavior toward bulimia, 17–61 yr old family members & friends of bulimic patients, 23622
Burnout [See Occupational Stress]
Burns
changes in self care & home management & work & leisure occupational role performance, 18–55 yr olds with severe burn injuries in occupational therapy, 1 yr followup, 27260
hypnosis, pain, burn patients, literature review, 30551
hypnotic desensitization, heat adaptation at work site, recovered adult burn victims, 16680
past psychiatric history, development of PTSD, burn victims, commentary, 40196
rapid induction analgesia based hypnotherapy, pain during dressing changes & wound debridement, 22–41 yr olds with severe burns, 30545
relaxation &/vs imagery vs thermal biofeedback, pain management, 9–70 yr old severely brain injured patients, 9436
responses to environment of & adults in inpatient pediatric burn care unit, 5–190 mo olds, 30768
reverse liaison rounds, medical & psychiatric treatment, 28 yr old White male self inflicted burn patient, case report, 2760
stress responses & coping behavior, parents or spouses of burn patients, 6 mo study, 1976
Buses [See Motor Vehicles]
Business
allocation of system functions between machines & humans in computer integrated manufacturing, 38470
attitudes toward business ethics, college students in liberal arts studies vs management programs, 10164
characteristics & traits & skills of entrepreneurs, 27–45 yr old entrepreneurial trainers, 38403
computer algorithms & artificial intelligence & capabilities of human supervisor, decision making in scheduling & control of automated flexible manufacturing system, 27972
creative & innovative & entrepreneurial characteristics, entrepreneurs, 27883
dealer dependence in manufacturer–dealer dyad, use of influence strategies, dealers in tungsten carbide tools, India, 34936
development of entrepreneurial cultures in large organizations, managers, 27910
differing expectations & communication problems & role confusion & conflicts, suggestions for psychotherapy, patients in family businesses, 23185
direct mail coupon promotion & demographic characteristics, incremental sales, survey households, 41528
ethical choice in business, 6914
framework for analysis of customer service orientations in manufacturing, 20780
group development theory & its application to trends in business & industry, 10366
human reasoning & learning models, development of expert systems for learning physical causation & business assessment & knowledge, 3346
knowledge based computer aided materials handling systems, 41488
managerial attachments & work commitment & involvement & belief in corporate rules, white collar crime, multinational automobile manufacturer executives, application of control theory, 36770
organizational behavior management, occupational safety in auto industry, 31408
problem solving in computer controlled manufacturing systems & reasoning, electricians, 41414
rebuttal of experience curve doctrine involving innovation & market share building to cost advantage, 41526
sheltered workshop within operating-for-profit business, recovering mental patients, 2870
solidarity & role integrity & mutuality, model of conflict in commercial exchange relationships, 11743
strategies for organizational change in international merchant shipping, action & participation cycle of management, 38465
Business and Industrial Personnel [See Also Accountants, Architects, Blue Collar Workers, Clerical Personnel, Industrial Psychologists, Management Personnel, Middle Level Managers, Sales Personnel, Secretarial Personnel, Skilled Industrial Workers, Top Level Managers, White Collar Workers]
activities to manage external dependence & transactions, new product team members & managers, 20816
adaptation to shift work system, sleep disturbances, refinery & aluminum factory shift workers, 38427
adjustment to factory discipline & social participation & societal involvement & contact with technology & working class mentality, auto workers, South Korea, application of convergence theory, 4790
age & experience & tenure & work history & number of dependents, job involvement & attitudes toward needs satisfaction, supervisors vs workers in private sector, India, 10376
age & job experience & cognitive ability & social maladjustment & neurotic traits, frequency of occupational accidents, chemical industry workers, 20845

age & length of service & salary & education & marital status, job involvement, bank employees, India, 10394
age & smoking habits & exposure to organic solvents, olfactory function, painters, 24403
application of peformance technology strategies, development of ethics training programs, corporate personnel, 17342
attitudes toward peer appraisal system, cheese processing plant employees, 20766
awareness sessions & compliance pledge cards, auto seat belt use, white vs blue collar industrial employees, 17329
bank robberies, stress reactions & symptoms, bank employees, 1978–82, Sweden, 12149
buyer inexperience & novelty & complexity & importance of purchase, industrial buying, members of decision making unit, 35009
characteristics of effective quality circles, manufacturing company personnel, 24353
computer aided task simulation & questionnaires for achievement motivation & personality traits & work satisfaction, selection, robotic manufacturing operators, 13779
computer aided vs earlier forms of manufacturing technology, safety & well being & activities, machine operators, 38406
degree of dependence on & explicit demand for pay increase from subordinate & pay secrecy policy, pay allocation decisions, middle level bank managers, 20778
demographic characteristics & work values, organizational commitment, workers at subsidiary of US multinational corporation, Singapore, 27958
demographics & sleep habits & preferences, 8 & 12 hr night vs day shift factory workers, 38460
development & reliability & construct validity of self concept scale for industrial & business applications, 20–64 yr old employees, 28076
development & reliability & validity of Industrial Relations Event Scale, assessment of stressful events, industrial relations employees, South Africa, 56
development & validity & reliability of rated ranking performance appraisal technique, skilled & semiskilled mine & processing plant employees, 17617
diaries, management of information systems development projects, project group participants, Denmark, 38417
differing expectations & communication problems & role confusion & conflicts, suggestions for psychotherapy, patients in family businesses, 23185
employee performance & job worth scores in merit pay program, 26–67 yr old transit organization employees, implications for bias in performance evaluation scores, 20761
employee stock ownership plan, job satisfaction & organizational commitment & perceived influence on company decision making, semiskilled or unskilled workers or managers, 34970
employer's expectations for vs actually observed social behaviors, food service & industrial employees, implications for employment of handicapped workers, 20831
employment testing & evaluation, prediction of job performance, urban bus drivers, 13775
expectations & desire for power, unexpected powerlessness & emotional reactions & attitudes & work alienation, manufacturing employees with 0–2 yrs tenure, 27912
exposure to bushfire disaster, distress & adversity & mental disorder, firefighters, 5281
factor analysis & structural validity of Index of Organizational Reactions, measurement of job satisfaction, financial institution employees, 7107
gender symbolism & social boundaries & morality vs medical model, interpretation of spirit possession episodes in multinational factories, workers, Malaysia, 5122
health complaints & perceived work environment & psychological defense strategies & immunology, male shift workers in process industry, Norway, 10419
human resource management philosophy & employee participation & role & status of females & labor management relations, managers & employees of Japanese-owned companies, US, 10357
impression management & solidarity & other control strategies, avoidance of technological & managerial supervision, industrial brewery workers, 24392
industrial social work EAP, health & attitudes & absenteeism & productivity & grievances & cost effectiveness, distillery employees, Canada, 24366
industrial source loyalty & buyer seller dyad, 24470
informal individual vs formal collective induction process, job satisfaction & involvement & group cohesiveness & role conflict & ambiguity & work/family conflict, manufacturing plant employees, 24416
intoxication by accidental exposure to organic solvents, memory impairment, female employees of tennis ball factory, 10307
job design characteristics, satisfaction vs efficiency vs comfort vs reliability outcomes, employees of electronics company, replication, 3411
job information & comparative vs noncomparative ratings, self assessment in personnel selection & work performance, 14–60 yr old seasonal workers, 13777
job satisfaction & investment size & quality of alternatives, model of exit vs voice vs loyalty vs neglect responses to dissatisfaction, college students & employees, 10413
job satisfaction & job anxiety & personality differences, executives vs workers in manufacturing plant, India, 13894
job satisfaction, officers & clerks of nationalized vs non-nationalized banks, India, 10409
life experiences, job satisfaction, mobile vs stable workers on large scale construction projects, 6926
locus of control for achievement & affiliation, job performance, account collectors, 27875
measurement of value congruence, assessment of job satisfaction & organizational commitment & work values, production workers & their supervisors & managers, 34951
model for criterion related validation in small sample contexts, personnel selection, personnel in small manufacturing company, 3361
model of decision making process, introduction of new packaged products to store shelves, headquarters level grocery buyers, 20960
model training program in intercultural history & etiquette, business relations with South Korea, American executives, 3392
occupation type, effect of new computer technology on perceived work demands & employee interaction patterns, CRT users in large electronics company, Sweden, 20817
organizational climate, industrial buying decision behavior, fleet managers, 34909
organizational restructuring, perceived role clarity & overload & relation to supervisor & job satisfaction & security, employees, 13883
organizational transition, stress & coping, phone company employees, 17381
organizational uses of performance appraisal, industrial psychologists employed in private sector, 20834
orientation toward feminism, female autoworkers, 27935
participation in company health & fitness program, employees, 3413
participation in workplace wellness programs & self actualization, employees, 3426
perceived incidence of drug abuse & employer practices & attitudes toward drug testing, personnel administrators, 20860
perceived job stress & dissatisfaction & stressful life events, blood chemistry & coronary disease risk rating, business employees, 10418

proliferation of corporate health promotion programs & methodology for determination of cost effectiveness, 41461
recommendations for & benefits & financial impact of workplace health promotion programs, psychological climate & illness behavior, employees, 20876
retirement preparation programs, disengagement from communication environment of work, Fortune 100 organization retirees, 20819
semiotic textual analysis of letters to shareholders, existence & strength of organizational boundaries & propensity for joint ventures, chief executive officers of chemical companies, 38369
sex & integrative process model of organizational commitment, employees, 20833
structure & process of health promotion programs & EAPs, business firms, 3437
survey of management training & education & needs assessment & participant characteristics & selection, company personnel in charge of management training, 17370
theories of hybrid arrangements as strategic alliances in organizational combinations, implications for managers & academics, 31391
theory predicting response time to competitive strategic actions, organizational performance & sales growth, top managers of high technology electronic firms, 38382
trends & research & future directions for study of careers in organizations, literature review, 41454

Business Students
attitudes toward unions & management decision making, business students vs white vs blue collar workers vs managers or supervisors, implications for new employee socialization, 13773
computerized management simulation game, group oriented & performance & analytical orientation, college business vs MBA students, 34900
desire for international career, graduating MBAs from domestic vs international programs, US vs Canada vs France, 24074
Group Embedded Figures Test & Myers-Briggs Type Indicator scores & demographic characteristics, business students, 10143
implicit personality theories, performance ratings & trait attributions, management students, 3373
marketing simulation game participation, knowledge acquisition & final exam performance, business students, 34666
sex, perceptions of females in management, college student business majors, 24341

Businessmen [See Business and Industrial Personnel]
Buying [See Consumer Behavior]
Cadres [See Social Groups]
Caffeine
acute vs chronic caffeine, social interaction & motor activity & aggressive behavior & pentylenetetrazol induced seizures, male rats, 18328
adenosine analogs with vs without caffeine, psychomotor behavior, male squirrel monkeys, conference presentation, 4391
alcohol vs caffeine vs nicotine vs combinations, state dependent learning & retrieval, college students, 4416
apomorphine vs caffeine, contralateral rotational behavior, male rats with unilateral lesions of nigrostriatal pathway, 35696
apomorphine vs caffeine vs theophylline vs theobromine & antagonism by dopamine antagonists vs diazepam, contralateral rotation, selectively denervated rats, 28710
caffeine & arithmetic stress, BP & heart rate, Chinese 19–52 yr old males with vs without family history of hypertension, replication, 854
caffeine & lithium carbonate abuse, 54 yr old male with bipolar disorder & chronic alcohol abuse, case report, 1896
caffeine & tolerance & withdrawal, reinforcement threshold for intracranial self stimulation, male rats, 14908
caffeine abstention, 22–37 yr olds with generalized anxiety disorder or panic disorder, 36567
caffeine abuse concurrent with other forms of substance abuse, 38 yr old female & 23 yr old male, case reports, 22821
caffeine, activity of mesolimbic mesocortical vs nigrostriatal dopaminergic systems, male rats, 4490
caffeine, BP & heart rate & digital blood volume pulse & pulse transit time at risk vs during mental arithmetic task, college students, 21737
caffeine, cerebral blood flow, schizophrenic inpatients, 8657
caffeine consumption & side effects, college students, 22295
caffeine consumption, anxiety & hypertension & cancer & other health problems, implications for health promotion programs, 8329
caffeine consumption, college students, 24101
caffeine consumption, DST results, 20–83 yr olds with major depression, 8640
caffeine dosage, mood & memory & role of task difficulty, college students, 21772
caffeine dosages, subjective effects & positive reinforcement, adults, 14855
caffeine dose & plasma & brain concentrations of caffeine & its metabolites, uptake of benzodiazepine receptor ligand & locomotor activity, mice, 35836
caffeine dose levels & time of administration, conditioned taste & place aversions, male rats, 32287
caffeine dose levels, reinforcement & subjective effects, 21–35 yr olds, 39398

caffeine, finger tapping & body sway & attention & decision making & critical flicker fusion threshold & RT, 18–37 vs 65–75 yr olds, 28978
caffeine intake reduction as adjunct to cognitive behavioral therapy, anxiety & irritability & sleep & headaches & abdominal symptoms, 16–71 yr old anxious patients, 9471
caffeine, physical dependence & withdrawal symptoms, humans & animals, literature review, 4373
caffeine, physiological effects & memory & performance & anxiety, adults, 7896
caffeine, tolerance to effects on locomotor activity & operant responding & stimulus discrimination, male rats, conference presentation, 4382
caffeine, vigilance & finger tapping & other performance tests, 18–40 yr olds, 21734
caffeine vs amphetamine, locomotor stereotypy in open field assessed by new statistic, male rats, 28931
caffeine vs benzphetamine dosage, drug discrimination & subjective effects & activity level, 21–35 yr olds trained in dextroamphetamine discrimination, 21724
caffeine vs salbutamol vs propranolol, attentional effects in free word association test, college students, 7905
caffeine vs theophylline vs proparagyl xanthines, brain adenosine receptor & phosphodiesterase activity & open field motor activity, mice, 11197
caffeine vs tranylcypromine vs lisuride, locomotion & rearing & exploratory activity, hypertensive rats, animal model of depression, 4367
caffeine with vs without clonazepam, sodium chloride intake as indicator of anxiolytic action, rats, 39402
caffeine with vs without ethanol, social & exploratory & locomotor activity, male mice, 28870
caffeine with vs without other drugs, role of adenosine vs benzodiazepine vs noradrenergic receptors in anxiety, male rats, 35773
caffeine withdrawal, signalled RT in motor performance & heart rate, heavy caffeine users vs nonusers, 4467
chronic caffeine, sleep parameters, cats, 39395
cigarette smoking &/vs caffeine, BP & heart rate reactions to stress, college students, 28902
ethanol vs caffeine, daytime sleepiness vs alertness following 5 vs 8 vs 11 hrs previous night's sleep, 21–34 yr olds, 21774
ethanol vs caffeine vs FG 7142 dosage, directed exploration & locomotor activity in apparatus with solid floor vs holes, mice, 25209
ethanol with vs without caffeine, operant responding, water deprived male rats, 18325
experimental design, investigation of effects of caffeine on alcohol induced performance decrements, humans, literature review, 25222
high vs low caffeine, writing & RT & serial learning & reading comprehension & introversion/extraversion & tapping rate, college students, 18369
lithium & elimination of coffee from diet, worsening of induced tremor, 38 & 63 yr old females with bipolar affective disorder, case reports, 2484
motivation for caffeine consumption, consumption level & dependence & problems, college students, 4919
nicotine with vs without caffeine, operant response rate, male rats, 4509
occupational stress with vs without caffeine, BP & heart rate & blood volume, telemarketing employees, 32198
perceived consequences of drinking caffeinated beverages, college students who consume vs abstain from caffeine, implications for health education, 4932
prevalence & presenting symptoms & distinguishing psychological characteristics, adults with favorable mood response to caffeine & refined sucrose free diet, 16298
radioimmunoassay for quantification of salivary caffeine & correlations with behavior, neonates, 29027
reinforcing qualities & effects of iv & oral caffeine, humans & animals, implications for physical dependency, conference presentation, 4372
self administration of PCP & caffeine, food & PCP or caffeine maintained behavior following caffeine or PCP withdrawal, rhesus monkeys, implications for drug dependency, 32171
sociodemographic characteristics & health habits & perceived health & coffee drinking, 12–18 yr olds, 1977–85, Finland, 4689
somatic & psychological symptomatology of habitual caffeine use, psychiatric patients, 1507
task difficulty & caffeine vs sensation seeking, activation & habituation of electrodermal orienting reflex, college students, 25100
therapeutic effects of xanthine adenosine antagonists, humans & animals, conference presentation, 6206
tolerance & cross tolerance to theophylline vs caffeine, stimulation of locomotor activity, rats, 7847
125 vs 250 mg caffeine, performance on recall vs RT vs Stroop tasks, male college students, 39296

Cage Apparatus
training compartments with identical levers vs different response manipulanda, discrimination of phenobarbital vs nicotine vs fentanyl vs methylphenidate, male rats, 18409

Calcium [See Also Calcium Ions]
antimanic drugs, calcium activated potassium conductance mechanisms, 39280
calcium channel activation & binding, tolerance to behavioral effects of Bay K 8644, male rats, 28947
calcium entry blocker nimodipine, recovery of preoperatively learned brightness discrimination, rats with visual neocortical injuries, 39180
calcium metabolism, unipolar vs bipolar depressed vs manic adult males, 5157
cognitive function & serum calcium, 88 yr old female with hyperparathyroidism, 16046
daily calcium intake, Type A vs Type B male vs female college students, 5058
neuroleptic actions, calcium activated potassium conductances, rats, clinical implications for schizophrenia, 18318
nifedipine, iminodipropionitrile induced dyskinetic syndrome, male rats, 4328
nimodipine, retention of spatial location & black vs white interior with vs without mild footshock, female rats, 4384
PCP vs MK 801 & interaction with nifedipine, rotarod ability & hyperactivity & convulsive activity, male mice, 39367

Calcium Ions
rest vs stimulation, intracellular calcium ion platelet concentration, patients with mania vs unipolar vs bipolar depression, 40094

Calculators [See Digital Computers]

Calculus [See Mathematics]

California F Scale
behavioral correlates of F scale & concept of old fashionedness, commentary, implications for authoritarian personality theory & politics of psychologists, 29393
F scale, prediction of racism, implications for authoritarian personality theory, 29415

California Psychological Inventory
age, California Psychological Inventory scores, accounting professionals, 28042
California Psychological Inventory, personnel selection, law enforcement officer candidates, 34870
concurrent descriptive validity of Millon Clinical Multiaxial Inventory & California Psychological Inventory, assessment of normal personality function, 17–52 yr olds, 31610
diagnostic ability of California Psychological Inventory Socialization scale, assessment of personality disorders in clinical setting, psychiatric inpatients, 8728
methodology for conversion of California Psychological Inventory 1957 protocols to 1987 norms & variables, 21105
psychometric equivalence of Urdu vs English version of California Psychological Inventory, bilingual college students, Pakistan, 49
2-stage model using signal detection theory, invalid response pattern detection for California Psychological Inventory, college students, 31627

California Test of Personality
clinical utility of California Test of Personality, assessment of adjustment, neurotic or alcoholic 18–43 yr olds, India, implications for treatment planning, 35195
Calories
caloric dilution, compensation in caloric intake, male adults with unrestricted food access, 682
high vs low calorie snack, food intake & hunger ratings after 1 hour, male 15–17 yr olds, implications for weight control, 39644
methodological aspects concerning sweetness & calories & internal validity of studies on appetite control, conference presentation, 19666
sensory stimulation of high vs low caloric food, sensory-specific satiety & food intake, 18–35 yr old females, 28730
Campaigns (Political) [See Political Campaigns]
Camping
importance of & parent training in camping vacations, families with visually impaired or otherwise disabled members, 26479
information about camping fees & campground provision costs, attitudes toward higher user fees, resident & nonresident state campground users, 35019
intergenerational Elder Campers Helping Others model program, prevention of age segregation, camp staff & senior volunteers, 20978

perceived & preferred sport leadership & satisfaction, male college athletes, Canada vs Japan, 24477
perceptions of disadvantaged, teachers in rural setting, Canada, 10016
perceptions of service providers & system of care, elderly persons with irreversible dementia, Canada, 2626
perceptual thresholds for spoken English digits, 10–70 yr old audiology patients with English vs French vs other 1st language, Canada, 2112
performance on Matrix Analogies Test, 5–17 yr old students, Canada vs US, implications for use by psychologists & educators, 24247
personality characteristics & incidence of reported & unreported accidents, male airline vs commercial vs helicopter vs private pilots, Canada, 20724
perspectives on history & current status of & influence of US on development of field, francophone vs anglophone community psychologists, Canada, 13067
perspectives on housing & vocational & employment & financial & social-recreational & medical needs & implementation of adequate aftercare services, day hospital psychiatric patients, Canada, 9804
pornography, sexual & nonsexual violence, adult females, Canada, 5463
prevalence & correlates of suicidal ideation or attempts, 12–16 yr olds, Canada, 15855
prevalence of alcoholism & relation to physical symptoms, Native American clients of community clinic, Canada, 5502
prevalence of attention deficit disorder with hyperactivity, 4–16 yr olds participating in community health study, Canada, 30102
prevalence of psychiatric disorders, elderly, Canada, 8489
propositional & proportional reasoning tasks as tests of formal operational thought, college students, Canada vs South Africa, 32515
provision of services for emotional problems, mentally retarded, Canada, 16823
public views of full parole & earned remission of sentences for criminals, adults, Canada, 13278
recent research in industrial psychology related to females employed outside home, Canada, literature review, 6852
replacement items for biased US items, WAIS-R information subtest, 16–70 yr old psychiatric patients vs forensic clients vs college students, Canada, 10563
research emphasis & status of organizational psychology, Canada, 6853
review process of institutional placement decisions & protection of client's rights, children, Canada, 6456
role & issues in applied psychology of recruitment & selection & effective employment, military personnel, Canada, 6972

role of Personnel Psychology Centre of Public Service Commission, government personnel selection under merit standard, Canada, 6876
role of punishment vs rehabilitation in underlying philosophy of Young Offenders Act, Canada, 20329
services & staffing & client characteristics & accessibility & related problems, adult & geriatric psychiatric day hospital staff, Canada, 41011
sex & culture, structure of emotions, college students, US vs Canada, 32882
social adjustment & social support & other factors, 15 yr olds & older with traumatic head injuries, implications for social work, Canada, 37057
social context, single mothers, Canada, implications for social policy, 4848
social network therapy, development of community support systems, deinstitutionalized chronically mentally ill, Canada, 6306
social psychological bases for ethnic discrimination in rental housing, French Quebec landlords, Canada, 39735
socializing influences in work environment, personal values, English- vs French-speaking adults, Canada, 6924
sociopolitical change, language based stereotypes, English- vs French-speaking high school males, Canada, 36128
sociopolitical language in formulation of mental health policy, Canada, 2669
sociostructural factors, evaluation of language choice strategies, monolingual vs bilingual 10–28 yr olds, Canada, 25461
special occasion drinking permits, excessive drinking & drinking by minors, Canada, 4935
stressful work environments, health, employees, Canada, 24404
structure & operation of hospice program affiliated with teaching hospital, AIDS patients, Canada, 27067
suicide ideation & stress & social support & personal characteristics, French speaking 19–71 yr olds, Canada, 29699
Supportive Housing Coalition, program proposals & policies for community housing & intervention strategies for service delivery & legislative advocacy, chronically mentally ill, Canada, 6349
survey of admission & discharge rates of & length of stay in brief hospitalization programs, psychiatric patients, Canada, conference presentation, 9810
time & pain perception & illness behavior, Sicilian immigrants, Canada, 32616
town size in urban vs rural area, family & friendship & life & job satisfaction, community residents, Canada, 29412
type of medication used & symptom severity & mental health, patients over 3 yrs old with Tourette's syndrome, Canada, 30440
unjustified generalizations vs stereotype differential vs diagnostic ratio procedure, assessment of ethnic stereotypes about French Canadians, 16–19 yr olds, Canada, 8095
validity of British Ability Scales & correlation with WISC-R & Wide Range Achievement Test-Revised, 8–13.2 yr olds, Canada, 7085
victim characteristics & family structure & perpetrator profile & description of abuse, sexually abused children, Canada vs US, 22761
views on sport psychology consultants & services, Olympic coaches, Canada, 20990
vitality perceptions, usage & evaluations of Cantonese vs English in different settings, 1st generation vs Canadian born adults of Chinese origin, Canada, 14989
vulnerability & locus of control & sociodemographic characteristics & anxiety about crime, adults, Canada, 1836
1 & 6 mo & 1 yr prevalence of psychiatric disorders, Canada, 8488
Cancers [See Neoplasms]
Candidates (Political) [See Political Candidates]
Cannabinoids [See Also Tetrahydrocannabinol]
cannabinol &/vs cannabidiol, rectal temperature & open field activity & vocalization, male rats, 14863
delta 1-tetrahydrocannabinol &/vs cannabinol &/vs cannabidiol, response rate of differentially reinforced operant behavior, male rats, 32211
nicotine & cannabinoids, enhancement of neuroleptic drug therapy, patients with Tourette's syndrome or dystonia or other motor disorders, literature review, 40788
Cannabis [See Also Hashish, Marihuana]
cannabinol &/vs cannabidiol, rectal temperature & open field activity & vocalization, male rats, 14863
haloperidol & cannabis withdrawal, cannabis psychosis, 26–27 yr old males, India, 37884
method of action & metabolism & health & psychopathology side effects, cannabis, literature review, 22292
perceptual & sensory motor & intelligence & memory performance & personal & social & vocational attainment & psychoticism & neuroticism, long term heavy cannabis users, India, 15409
reasons for decline in public debates & scientific work on cannabis, 8900
schizophrenia, adult males who used vs did not use cannabis, Sweden, 15 yr study, etiological implications, 39996
Canonical Correlation [See Multivariate Analysis]
Capgras Syndrome
Capgras syndrome heralding development of senile dementia, 71 yr old female, case report, 12443
delusion of duplication of objects in Capgras syndrome, commentary, 36692
delusions of inanimate doubles, 55 & 74 yr old females with Capgras syndrome & paranoid schizophrenia, case report, commentary, 29544
development of Capgras syndrome after minor head trauma, female 81 yr old, case report, 29864
etiology & dangerousness of Capgras syndrome, 37–41 yr old males with bipolar or schizoaffective disorder or schizophrenia, 36690
neuroleptics, Capgras syndrome, 24 yr old Mexican born female, case report, 2533
occurrence & treatment of Capgras syndrome, 38 & 64 yr old females & 57 yr old male, case reports, Ireland, 12503
overview of biological & psychological theories of etiology, Capgras syndrome, 24 & 47 yr old males, 5254
pituitary tumor & bitemporal visual field defect, delusion of inanimate doubles & misidentification of people, male 74 yr old, implications for prosopagnosia & Capgras syndrome, England, 26434
role of amphetamine intoxication, 32 yr old male with Capgras syndrome with duplication, case report, commentary, 40067
Capital Punishment
application of E. Kubler-Ross's stages of death to experience of death sentence in A. Koestler's "Darkness at Noon", prisoners, 16970
attitudes toward death penalty & responses to aggravating & mitigating circumstances in capital trials, jurors, 4886
conceptual vs integrative complexity, attitudes toward capital punishment, college students, 1254
court brief requesting execution be waived, mentally retarded male convicted of 1st degree murder, 22222
deterrent effect of executions on homicide, 1946–55, reanalysis of W. Graves's data, 33307
development & evaluation of alternative method of capital jury selection, college students, 39805
execution & homicide rates, US, 5476
research on use of capital punishment in homicide cases, 1275
Supreme Court decisions regarding role of expert testimony & privilege against self incrimination & competence for execution, mentally ill criminal defendants, conference presentation, 1285
survey of determination of competency to be executed in condemned prisoners & legal issues, attorneys general, 36315
Wainwright v Witt & Lockhart v McCree Supreme Court decisions, constitutional litigation concerning death qualification, capital jurors, 39850

Capitalism
capitalism & socialism from behaviorist perspective, 29195
capitalism & socialism from behaviorist perspective, commentary, 29197
capitalism vs altruism, supporters of leftist vs moderate conservative vs rightist political parties, Australia, 8283
libertarian capitalist vs centrally planned socialist ideology, etiology of white collar crime, commentary, 22684
support for authoritarian personality theory by T. W. Adorno & relation to racism & anarchocapitalism & rightism & leftism, commentary reply, 29416
Carbachol
carbachol dosage & darkness vs light & circadian time, split activity rhythm, hamsters, 25266
carbachol dose levels into pontine reticular formation, desynchronized sleep, cats pretreated with centrally administered atropine, 35772
carbachol injection into tegmental pedunculopontine nucleus, neurophysiology of locomotor activity modulation, male rats, 11189
carbachol into anterior hypothalamic/preoptic area, vocalization & emotional aversive response, adult cats, 32166
cholinergic agonists carbachol or oxotremorine microinjection into lateral ventricle or preoptic area, sexual behavior, male rats, 25241
injection of carbachol into basal forebrain, acetylcholine turnover rate in cerebral cortex & working memory in radial maze, rats, 4468
norepinephrine vs carbachol, feeding response prior to vs following development of anorexia, methylcholanthrene sarcoma bearing male rats, 25199
Carbamazepine
antipsychotic drugs vs lithium &/vs carbamazepine, abnormal diurnal weight gain, institutionalized chronically psychotic patients, 37575
carbamazepine & clonazepam withdrawal, complex partial seizures, 64 yr old female with bipolar illness, case report, 23388
carbamazepine & other antiepileptic drugs, mental ability, patients, conference presentation, 9506
carbamazepine & other drugs as alternatives to lithium, preventive treatment of bipolar disorder, literature review, 37549
carbamazepine & physostigmine eyedrops, alcohol withdrawal & related hypertension, alcoholic males, 9894
carbamazepine & valproate & other anticonvulsant drugs, lithium refractory bipolar disorder, 37547
carbamazepine & valproic acid interaction, 35 yr old female with bipolar disorder, case report, 23456
carbamazepine, adverse behavioral & neurological reactions, aggressive 10–16 yr old male inpatients, 2519
carbamazepine, affective defense & quiet biting attack behavior elicited by electrical stimulation of midbrain periaqueductal gray matter, cats, 18237
carbamazepine, aggressive behavior, 18 yr old male with limbic dysfunction, case report, 20025
carbamazepine, anxiety symptoms & attack frequency, adults with panic disorder, implications for epileptiform model, 6203
carbamazepine, assaultive behavior during nursing care, institutionalized 70–72 yr olds with Alzheimer's disease or multi-infarct dementia, 34067
carbamazepine, behavioral disorders, institutionalized mentally retarded patients, 34059
carbamazepine, benzodiazepine withdrawal, 28–66 yr olds with psychiatric illness, 30504
carbamazepine, children with affective or behavior disorders or psychosis or episodic dyscontrol, literature review, 6138
carbamazepine concentrations with vs without other anticonvulsant drug, psychomotor & cognitive functioning, epileptic patients, 16569
carbamazepine, EEGs & PTSD symptomatology, Vietnam veterans, 6207
carbamazepine induced mania with hypersexuality, 9 yr old Black male with major depression & conduct disorder, case report, 26990
carbamazepine, manic or depressive patients, conference presentation, 9484
carbamazepine, mood variables, patients with epilepsy, conference presentation, 9585
carbamazepine, nonresponsive psychotic patients, conference presentation, 9553
carbamazepine, patients with endogenous depression or manic depressive psychosis, conference presentation, 2513
carbamazepine, patients with lithium resistant bipolar illness, 30533
carbamazepine, patients with rapid cycling bipolar affective disorder, 9531
carbamazepine, plasma alprazolam concentrations, 32 yr old male with atypical bipolar disorder & panic attacks, case report, 23353
carbamazepine, psychopathology, adolescents & adults with psychiatric disorders & signs of temporal lobe epilepsy, diagnostic implications, conference presentation, 9489
carbamazepine, psychopathology, 35 yr old male with rhythmic midtemporal discharges, case report, 6174
carbamazepine, psychotic features, 35–41 yr olds with affective disorders, conference presentation, 19964
carbamazepine, serum HVA concentrations & psychosis, chronic schizophrenic males, 30454
carbamazepine, treatment of psychiatric disorders with episodic course, Sweden, 12855
carbamazepine, visual contrast sensitivity & CFF, epileptic 18–50 yr olds, 16643
carbamazepine vs lithium carbonate, prophylaxis, manic 17–64 yr olds, 16595
carbamazepine vs lithium vs chlorpromazine, manic depressive illness, conference presentation, 23354
carbamazepine vs phenytoin during monotherapy & withdrawal, cognitive functions, epileptic adults, 16565
carbamazepine vs sodium valproate, withdrawal seizures & delirium, chronic alcoholic 24–56 yr olds, 41066
carbamazepine withdrawal, pseudohallucinations, previously nonpsychotic male patient with seizure disorder, case report, 16608
carbamazepine, 21–56 yr olds with panic disorder, 30524
carbamazepine, 55 yr old female with periodic unipolar depression, case report, 10 yr study, 9538
chronic trihexyphenidyl vs carbamazepine with vs without haloperidol, regional brain substance P, male rats, implications for affective disorders & extrapyramidal side effects, 11276
clinical pharmacokinetics of carbamazepine, neuropsychiatric disorders, conference presentation, 9542
combined low dose haloperidol & carbamazepine, acute schizophrenic patients, 2468
effectiveness & side effects of carbamazepine vs lithium, manic depressive 17–70 yr olds & 22–83 yr old psychiatric patients, 23377
haloperidol & carbamazepine, drowsiness & slurred speech, 37 yr old female with cerebral palsy & bipolar disorder, case report, 2452
haloperidol vs carbamazepine, organic brain syndrome, 21 yr old male with previous severe head injury, case report, 9490
haloperidol with vs without carbamazepine, drug interactions, adults with manic or schizomanic psychoses, 37531
lithium &/vs carbamazepine, side effects & interactions, female 56 yr old with refractory manic depression, case report, 16584
lithium added to carbamazepine therapy, white blood cell count & serum sodium level, male patients with schizoaffective disorder & organic affective disorder, 37576
lithium carbonate & carbamazepine, 22 yr old female with traumatic brain injury & resulting bipolar disorder, case report, 2541
lithium carbonate & carbamazepine, 27–60 yr olds with treatment resistant mania, 37522
lithium or carbamazepine, cognitive functioning, adults with primary bipolar affective disorder, 23404

lithium with vs without carbamazepine, patients with manic depression or schizoaffective psychosis, 2 yr study, conference presentation, 2544
long term carbamazepine, bipolar vs psychotic disordered patients, 3–4 yr followup, 16563
long term carbamazepine treatment, corticotrophic cell response to corticotropin releasing hormone, 29–54 yr olds with major depression, 12928
onset & time course of carbamazepine's effects on mood & sleep, manic or depressed patients, conference presentation, 9563
oxazepam vs carbamazepine, management of alcohol withdrawal, inpatients, 30835
pharmacokinetics & side effects of carbamazepine, seizure or affective disorders or nonresponsive psychoses or dyscontrol, conference presentation, 9554
pharmacotherapy, aggressive behavior, adult patients, 12838
utility & side effects & drug interactions of carbamazepine, patients with trigeminal neuralgia or mood or behavior disorders, literature review, 16578
withdrawal symptoms from phenytoin vs carbamazepine vs sodium valproate, epilepsy patients on combination therapy, 16556

Carbidopa
MAO type B inhibitor MDL 72394 & carbidopa, urinary MHPG & 3,4-dihydroxyphenylglycol, adult males, implications for affective disorder treatment, 21797

Carbohydrate Metabolism
purine metabolites in CSF, 54–82 yr old patients with Alzheimer's disease or multi-infarct dementia, 12371
slow release bean vs potato flakes, plasma glucose & hunger & satiety, adults, 688
tomography determined regional brain glucose metabolism, alcoholic 36–58 yr old males, Sweden, 19398
topical eye application of atropine, 2-deoxyglucose uptake in visual system, cats, 4471
2-deoxy-D-glucose & methyl palmoxirate, hunger motivation & food intake, Syrian hamsters, 21767

Carbohydrates [See Also Blood Sugar, Glucose, Sugars]
carbohydrate type & form, food intake & weight gain, female rats, 4192
dextrofenfluramine & fat or carbohydrate supplemented hyperphagia inducing diet, fat or carbohydrate intake & body weight, female rats, 32161
dietary carbohydrate vs protein content, brain serotonin activity & food intake, rats, conference presentation, 18249
diets rich in carbohydrates or proteins, plasma amino acids & psychological effects, patients with seasonal affective disorder, 40168
dosages of glycosaminoglycan polysulfate, symptom changes, elderly patients with primary degenerative dementia or multi-infarct dementia, 30485
high carbohydrate low protein vs low carbohydrate high protein vs balanced meal, plasma glucose & insulin & amino acid levels & feelings of fatigue, 18–29 yr old females, conference presentation, 39164
imipramine vs desipramine vs doxepin vs amitriptyline vs trazodone vs phenelzine, carbohydrate craving & increased appetite, patients with panic disorder or major depression, 16657
insulin or 2-deoxy-D-glucose perfusion, release & turnover of serotonin & norepinephrine & dopamine in lateral hypothalamus, rats, implications for control of feeding, conference presentation, 25275
insulin or 2-deoxy-5-glucose, hypothalamic activity of norepinephrine & dopamine & 5-HT, sated vs fasted rats, 39362
intake of protein vs carbohydrate vs ethanol consumption & elimination, female rats of alcohol preferring AA line vs alcohol avoiding ANA line, 14757
knowledge of high vs low carbohydrate preload meal, desire for & consumption of later meal, female college students, implications for prevention of eating disorders, conference presentation, 14736
nonnutritive fluid preload during conditioning, carbohydrate conditioned flavor preference, male rats, implications for association of internal cues & diet, 28416
nutritive vs nonnutritive sweeteners, food intake & body weight, rats, conference presentation, 18222
protein vs starch vs sugar lunch, mood & performance & attention, adults, 14744
sugar & carbohydrates in diet & sublingual provocative testing, eye movements, dyslexic 7–28 yr olds, 26383
taste & postingestive factors, carbohydrate appetite & intake, rats, conference presentation, 18236
5-HT, carbohydrate craving & PMS & seasonal affective disorder & obesity, conference presentation, 19037
5-HT with vs without methysergide, protein vs fat vs carbohydrate intake, male rats, 25249

Carbon Dioxide
ambulant transcutaneous carbon dioxide monitoring during hyperventilation, patients with panic attacks, 11977
carbon dioxide inhalation, cerebral blood flow, patients with generalized anxiety disorder, 8658
carbon dioxide inhalation, ventilatory response, 22–44 yr olds with panic disorder, 5268
carbon dioxide vs placebo inhalation, 21–45 yr old females with premenstrual dysphoria & without panic disorder, 33541
carbonated water & sweet vs bitter vs salty vs sour taste concentration, perceived oral pungency, adult nonsmokers, 7286
hypersensitivity to carbon dioxide, patients with panic disorder or agoraphobia with panic attacks, 33151
illusion of control, carbon dioxide induced panic attacks, adults with panic disorder & agoraphobia, 22633
noise during vs after carbogen inhalation, temporary auditory threshold shifts, male 16–17 yr olds, 39348
pre-lactate infusion expectations of anxiety vs pleasant excitement, alveolar pCO2 & respiration rate, adult males, 14948
ventilatory response to carbon dioxide, patients with panic disorder, 19183

Carbon Monoxide
carbon monoxide & physical work & work load, cognitive ability including interference task & visual search performance, 18–29 yr olds, 14822
low level carbon monoxide exposure, cortical EPs, 18–28 vs 60–86 yr old males, 11233
smoking, psychophysiological reactivity to noise stress, high vs low carbon monoxide absorbing smokers, 18227

Carbon Monoxide Poisoning
automobile ownership, suicide by automobile exhaust, 1980, US, 33310
carbon monoxide dosage, eye darkness adaptation time & light sensitivity & carboxyhemoglobin saturation, 19–23 yr old smokers vs nonsmokers, 7931
carbon monoxide exposure & prior physical work in hot environment, cognitive task performance & metabolism, male 18–29 yr olds, 28703
neuropsychological health, 38 yr old male exposed to carbon monoxide poisoning, 11 yr followup, 1969
recovery from neuropsychological impairment, 10 yr old female with severe carbon monoxide poisoning, 16093

Carboxyhemoglobinemia [See Carbon Monoxide Poisoning]

Carcinomas [See Neoplasms]

Cardiac Disorders [See Heart Disorders]

Cardiac Rate [See Heart Rate]

Cardiography [See Also Electrocardiography]
thermal biofeedback vs autogenic training vs self relaxation, M-mode echocardiograms, 27–57 yr old males with mild hypertension, 19899

Cardiology
mutual interest between psychiatry & cardiology in hypertension & Type A behavior & sudden death & physiology of emotional arousal research, 8496

Cardiovascular Disorders [See Also Aneurysms, Angina Pectoris, Arrhythmias (Heart), Atherosclerosis, Bradycardia, Cerebral Arteriosclerosis, Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents, Cerebrovascular Disorders, Essential Hypertension, Heart Disorders, Hemorrhage, Hypertension, Hypotension, Ischemia, Myocardial Infarctions, Syncope, Tachycardia, Thromboses]

antidepressant induced cardiovascular toxicity, patients, conference presentation, 30529
anxiety & depression & reports of cognitive deterioration after coronary artery bypass surgery, 37–71 yr olds, 40852
appreciation of hostile vs nonhostile humor, Type A vs Type B 41–80 yr olds with coronary heart disease vs college students, 22934
behavior components, coronary heart disease incidence, 39–59 yr old males, 8.5 yr followup, 5662
biofeedback or autogenic or relaxation training, Raynaud's disease, literature review, 16517
biofeedback training to vasodilate in cooling environment, vasospastic attacks, 21–63 yr old Raynaud's patients, 19914
body concept & esteem, adult males with cardiac disorders or spinal cord injury or alcoholism or mental illness, 19010
cardiovascular disorders & sexual dysfunction, human males, conference presentation, 29893
cardiovascular risk factors & psychosocial work characteristics, male surgeons vs general practitioners, Sweden, 13287
cardiovascular side effects of moclobemide overdose, 22 yr old female with postpartum depression, case report, 30526
community model for cardiovascular risk reduction & health promotion, children, 23519
coping behavior, 25–70 yr olds with chest pain with vs without psychiatric disorder, 30121
demographic characteristics & health behavior change interest & attitudes, cardiovascular disease prevention knowledge, 25–74 yr old cable TV subscribers vs nonsubscribers, 12385
development & validation of predictive model, assessment of panic disorder, 16–86 yr old cardiology patients with chest pain & no clinical evidence of coronary artery disease, 38635
expressive vocal behavior, severity of coronary artery disease, 31–79 yr old patients referred for coronary angiography, 2123
frequency & causes of self discharge against medical advice, iv drug abusers with endocarditis, 8843
frequency of practice of relaxation based behavior modification, BP reduction & general effects, 35–64 yr olds at risk for coronary disorders, 4 yr followup, 2436
genetic & environmental influences of BP hyperreactivity to stress & prediction of hypertension & coronary heart disease, children, literature review, 12488
genetics & stress, coronary morbidity & mortality, conference presentation, 30070
health conceptions & status & behaviors, adults with chronic cardiovascular disease, 5702
health promotion programs addressing psychological factors, cardiovascular disease risk reduction, conference presentation, 37682
heart rate & heart rate variability, depressed vs nondepressed coronary artery disease patients undergoing elective cardiac catheterization, 12350
hostility, BP & heart rate & risk of coronary heart disease, college students, 30129
hostility, coronary heart disease & mortality, male college students, 33 yr followup, 37048
individual & group intervention & behavioral contracting to improve cardiovascular risk factors, 25–55 yr old participants in health promotion program, 6 mo & 2 yr followup, 2647
intensive & incremental exercise training, physical & mental health, adult patients with stenocardia, USSR, 26707
interactions among smoking & hypertension & elevated cholesterol, prediction of coronary heart disease, 33613
issues in & need for biofeedback research on prevention of cardiovascular disease through BP control, at risk persons, 12812
major depressive disorder as predictor of cardiac events, males under 71 yrs old with coronary artery disease undergoing cardiac catheterization, 1 yr followup, 26459
marital status & family size & SES, epidemiology & prevention of cardiovascular disease, 30118
mental stress, induction of silent myocardial ischemia, 39–84 yr old patients with coronary artery disease, 9184
meta analytic techniques, construct validity of Type A behavior as predictor of coronary heart disease, 10674
model for estimation of coronary age, identification of physical & lifestyle & personality coronary disease risk factors, 5598
neuropsychological functioning & depression & perceived quality of life before vs after carotid endarterectomy, 54–73 yr old males with carotid stenosis, 8 mo study, 2598
occupational therapy enhancement of cardiac rehabilitation program, outpatients with heart disease, Great Britain, 30789
perceived job stress & dissatisfaction & stressful life events, blood chemistry & coronary disease risk rating, business employees, 10418
peripheral arterial disease & hostility, 31–46 yr old male veterans, 40430
personality & cigarette smoking, cancer & coronary heart disease, adults, 9047
personality characteristics & attitudes assessed by MMPI, prediction of development of coronary heart disease, adult males, 30 yr study, 5707
personality factors, 41–60 yr olds with coronary heart disease, India, 33574
personality type & stress & smoking habit, cancer & coronary heart disease, adults, West Germany vs Yugoslavia, 9067
personality variables & stress, cancer & cardiovascular disease, adults, Yugoslavia & West Germany, 10 yr follow up, 5630
presence of physical disability in daily life, intellectual & personality development, 4–14.9 mo olds with congenital heart disease, 29993
prevalence & treatment of panic disorder, patients with chest pain & angiographically normal coronary arteries vs cardiology outpatients with atypical or nonanginal chest pain, 12335
preventive behavior therapy, personality & behavior correlates of cancer & cardiovascular disease, adults, 6073
propranolol, new onset or worsening of panic disorder, 33 yr old female & 22 yr old male with mitral valve prolapse, case report, 16588
psychogenic risk factors for coronary heart disease & drug therapy recommendations, conference presentation, 16262
psychological & social adjustment, 32–75 yr old spouses of coronary artery bypass graft surgery patients, 12 mo followup, 40848
psychological methods, prevention of risk related behavior & cardiovascular disease, 30591
psychophysiological & behavioral characteristics, occupational stress & cardiovascular diseases, conference presentation, 19502
psychosocial & sexual adjustment & postoperative depression, coronary artery bypass patients, 3–12 mo followups, 9617
psychosocial variables including anger suppression & Type A behavior & coffee & cigarette usage, coronary heart disease risk, 21–72 yr old university employees, 30130
rehabilitation following coronary bypass surgery, males with coronary heart disease, Finland, 16711
rehabilitation program, cardiovascular patients, 20232
reliability & temporal stability of Jenkins Activity Survey vs videotaped clinical interview assessments of Type A behavior, coronary patients, 3543
risk of mortality due to suicide & cardiovascular morbidity, patients with panic disorder, 11933
role in treatment of peripheral vascular disease of lower limb, occupational therapists, 41052
role playing in cardiac rehabilitation program, treatment compliance, patients in Air Force facilities, 16704
self reference & coronary heart disease, Type A vs Type B 39–59 yr old males, 8.5 yr followup, 33532
SES & cigarette smoking & hypercholesterolemia & Type A personality & risk factors for coronary heart disease, 25–69 yr olds, West Germany, 29966

social & cultural contexts & Type A behavior, cardiovascular disease, 29916
social support & stress & distress, cardiac symptoms & rehabilitation, 35–73 yr old cardiac patients assessed at hospitalization & 3 & 6 & 12 mo after, 34150
social support from spouse & preoperative anxiety, postoperative recovery, 38–69 yr old unmarried vs married male coronary bypass patients, 34306
symptoms & response to anxiolytic drug therapy, 23–60 yr olds with anxiety disorder & high vs low levels of cardiovascular complaints, 37513
temperature biofeedback, nonneural beta adrenergic vasodilating mechanism, Raynaud's disease patients, 16485
Type A & other behavior patterns, 40–65 yr olds with coronary heart disease, China, 16269
Type A behavior, cardiovascular disease, literature review, 9078
Type A behavior pattern & demographic characteristics, patients with coronary heart disease, India, 37151
Type A behavior pattern & physiological cardiovascular disease risk factors, 6–11 yr old twins, 19528
Type A behavior pattern & related personality traits, self reported coronary heart disease, elderly, Sweden, 37096
Type A behavior pattern, patients with myocardial infarction vs peptic ulcer vs cardiological problems vs circulatory disturbances vs digestive disorders, 9240
Type A behavior pattern vs hostility, risk of coronary heart disease, literature review, 9030
Type A behavior, prediction of coronary heart disease incidence, meta analysis, 12453
Type A behavior, prevalent heart disease, 45–59 yr old males, 19510
Cardiovascular System [See Also Arteries (Anatomy), Blood Vessels, Carotid Arteries, Heart, Heart Valves, Heart Ventricles]
aerobic exercise vs strength & flexibility training, coronary prone behavior & cardiovascular responses, Type A males, 14749
aversive noise UCS with green light CS, cardiovascular reactivity response during conditioning vs extinction & anxiety & introversion, college students, 22 mo followup, 32090
caffeine, BP & heart rate & digital blood volume pulse & pulse transit time at risk vs during mental arithmetic task, college students, 21737
cardiovascular fitness & aerobic capacity, mentally retarded persons, literature review, 1931
cardiovascular health intervention program, physical activity & dietary habits, Mexican American vs Anglo families, 23526
cardiovascular health status & social support networks, 45–67 yr old males, 3 yr followup, 30046
cardiovascular reactivity, 3.5–6.5 yr olds with Type A vs Type B vs mixed behavior profiles, 7980
continuous perceptual motor task, cardiovascular reactivity measured by heart rate & pulse transit time, serious minded vs playful Type A vs Type B college students, 7743
desipramine, heart rate & BP & EKG, 7–12 yr olds with eating disorders or attention deficit disorder or affective disturbances, 37563
electrical vs chemical stimulation of superior colliculus, heart rate & BP & respiration, male rats, 4392
fluoxetine & other antidepressants, cardiovascular effects, depressed patients, conference presentation, 19953
frequency & intensity of octave band noises & high vs low heart rate variability, accelerative vs decelerative cardiac responses & leg movements, 37–40 wk old fetuses, 29035
hathayogic exercise Jalandhara Bandha, cardiovascular functions, adults, conference presentation, 18190
high intensity auditory stimulation, vascular components of defensive response, 19–37 yr olds, 4198
hypnosis & relaxation training, pain perception & role of cardiac activity in pain regulation, college students, West Germany, 37263
imipramine, heart rate & BP response to standing & orthostatic reflex, patients with panic disorder, implications for study of neuropharmacological adaptation, 19987
intermittent pink noise, heart rate & BP, Type A vs Type B female college students, 11079
iv cocaine, subsequent BP & pulse rate responses to cocaine placebo in same environment, 21–43 yr old males, implications for cocaine conditioned effects, 25197
maximal graded cardiovascular fitness testing, 14–41 yr olds with mental retardation & Down's syndrome, 36918
meditation training vs relaxation, self reported distress & arousal & BP & heart & respiration rate & skin conductance, 18–38 yr old females, 30391
pathogenetic role vs cognitive perception of stressors, conceptualization of cardiovascular reactivity in development of hypertension, conference presentation, 30072
phase of cardiac cycle, perception of brief visual stimuli, conference presentation, 222
postural change with mental arithmetic & isometric handgrip tasks, BP & heart rate & skin conduction, adult males, implications for management of orthostatic hypotension, 7723
propranolol vs diazepam, cardiovascular & neuroendocrine responses to mental arithmetic, male Type A 18–25 yr olds, 32303
psychologically stressful tasks, cardiovascular responsivity & binge eating & mood states, eating disordered female college students, 26460
race & parental history of hypertension, cardiovascular response to cold face stimulus & mental arithmetic task, female 18–22 yr old Black vs White college students, 28669
reliability & validity of microcomputer signal processing system, monitoring of cardiovascular functions during mental tasks, adults, Canada, 7731
Type A behavior, cardiovascular & neuroendocrine reactivity to everyday stressors, males vs females, literature review, 9013
Type A behavior pattern components & cardiovascular reactivity, college students, Norway, 28690
unavoidable shock with vs without alcohol consumption, cardiovascular reactivity & alexithymia & sensitivity to alcohol, adult sons of alcoholic fathers with vs without multigenerational alcoholism, 26329
upright posture & cold & mental stress, cardiovascular responsiveness, male research workers with family history of hypertension, conference presentation, 2125

caste & social class, own vs outgroup social perception, college students, India, 11733
caste affiliation & SES & sex & rural vs urban residence, intelligence, college students, India, 11841
caste affiliation & SES, self attitudes, college students, India, 36231
caste, FIRO-B scores, college students, India, 8207
cultural factors in predisposition to depression & relation to A. Beck's factors for depression, Havik Brahmin widows, South India, 23 yr followup, 22658
culture conformity & SES & caste status, attitudes toward liberalism, literate males, India, 8229
demands for adherence to caste system, newspaper advertisements for marriage partners, adults, India, 8215
hierarchical society & family & behavior motivation & individual autonomy, 23–83 yr olds, India, 22146
residential child care, physical & intellectual & emotional & sociocultural challenges, lower caste children, India, 30648
SES & birth order & sex & intelligence, 5.4–11 yr olds belonging to Scheduled Tribe vs Scheduled Caste vs non-Scheduled Caste groups, India, 8041
social caste & SES, perception of self & others, college students, India, conference presentation, 29193
Castration [See Also Male Castration, Ovariectomy]
contact with silent vs intact females & age, ultrasonic vocalization, castrated vs neonatally gonadectomized vs intact male vs female mice, 32142
operant response perseveration, gonadectomized male vs female rats with vs without chronic testosterone, 28788
sex & early gonadal steroids & postpubertal gonadectomy, acquisition & extinction of single alternation response in discrete trials lever pressing, rats, 18205
Cat Learning
computer simulation model of catlike behavior & shaping & adaptation to experience, 17942
CAT Scan [See Tomography]
Catabolites [See Metabolites]
Catalepsy
acute vs subchronic dihydroergocryptine, immobility in constrained swim "despair" test & haloperidol induced catalepsy & motor performance & coordination, aged male rats, 11209
anticonvulsive agent MK-801 vs PCP, catalepsy & drug discrimination & analgesia & behavioral effects & self administration, pigeons vs rats vs rhesus monkeys, 11259
aspirin, haloperidol vs prostaglandin F2a induced cataleptic behavior, male mice, implications for dopaminergic system, 4448
corticostriatal pathway deafferentation vs intrastriatal N-methyl-D-aspartate, mediation of morphine vs methadone induced catalepsy, frontally decorticated female rats, 7754
dopaminergic D1 with vs without D2 receptor antagonists, catalepsy, male mice, 4397
haloperidol dosage, catalepsy & dopamine & DOPAC concentration in frontal cortex & nucleus accumbens & striatum & serum estradiol, female rats during estrus, 868
haloperidol dosage, catalepsy measuring drug sensitivity, male vs female Sprague-Dawley vs Long-Evans rats, implications for animal model of dystonia, 28818
ketamine vs morphine, analgesia & catalepsy & antagonism by naloxone & tolerance, female rats, 4511
methodological issues in use of catalepsy test, animals, literature review, 7519
MK-801 dosage, haloperidol induced catalepsy, male rats, implications for drug therapy of Parkinson's disease, 39388
Pro-Leu-Gly, tolerance to cataleptic effects of haloperidol, mice, 891
radiation exposure & prostaglandins vs indomethacin, haloperidol induced catalepsy, male rats, 4244
social interactions, haloperidol induced catalepsy, male rats, 21796
stress induced grooming & haloperidol induced catalepsy, spontaneously diabetic rats, dopamine function implications, conference presentation, 7749
sulpiride vs D1 agonist SKF 38393 vs D1 antagonist SCH 23390, catalepsy induced by dopamine agonist guinpirole, male mice, 14924
tetrahydrocannabinol enantiomers, activity level & rectal temperature & tail flick latency & catalepsy, male mice vs dogs, 39350
theophylline, haloperidol induced catalepsy, rats, implications for patients on neuroleptic drugs, 18300
Catamnesis [See Posttreatment Followup]
Cataplexy
long term propranolol with vs without tricyclics or stimulants, daytime vigilance & sleep profile changes, adults with narcolepsy-cataplexy, 30478
prazosin, exacerbation of cataplexy, 48 yr old female with narcolepsy beginning treatment for hypertension, case report, 40740
REM density & muscle twitches & sawtooth EEG waves, 25–70 yr olds with narcolepsy & cataplexy, 2010
Cataracts
baseline function & mental status, outcome of cataract surgery, 70 yr olds & older, 1 yr followup, 16710
cataract surgery with lens implantation, anxiety & mood change & energy level & activity & severity of nonophthalmologic conditions, elderly, 37654
Catatonia
catatonia induced by paraneoplastic encephalopathy, diabetic 58 yr old female with anaplastic lung carcinoma, case report, 5805
cerebellar & brain stem atrophy, 19 yr old Black male presenting with catatonic symptoms, case report, 29890
clinical differentiation of lethal catatonia vs neuroleptic malignant syndrome, psychiatric patients, 26039
ECT, 20 yr old male with hysterical catatonia, case report, 16285
hemifacial flushing during unilateral ECT, 16 yr old right handed female with catatonia, case report, 2194
hemifacial flushing during unilateral ECT, 16 yr old right handed female with catatonia, commentary on case report, 26694
lorazepam, catatonic symptoms, mentally ill adults, conference presentation, 27003
oral lorazepam, 44 yr old female with classical catatonic stupor, case report, 34120
periodic catatonia & abnormal DST, 60 yr old male with history of alcoholism & cerebrovascular accident, case report, 36648
phenelzine & haloperidol induced catatonia, depressed 81 yr old female, case report, 16573
Catatonic Schizophrenia
brain stem auditory EPs, successful treatment with nortriptyline, male 22 yr old with manifestations of catatonic schizophrenia & neurosis, case report, conference presentation, 2492
methylphenidate, mutism, male 29 yr old with catatonic schizophrenia, case report, 37500
Catecholamines [See Also Dopamine, Epinephrine, Norepinephrine]
abnormalities in monoamine receptor systems, patients with anxiety disorders, 11975
acquisition of & corticosterone & catecholamine levels during training & retention testing of passive avoidance, rats with vs without streptozotocin induced diabetes, 21712
androstenedione or cholesterol, monoamine levels in hypothalamic & vocal control nuclei & vocalizations, castrated male zebra finches, 18285
binding potencies at monoaminergic uptake & neurotransmitter receptor sites, reinforcing properties of amphetamine & related phenylethylamines vs cocaine, implications for abuse, 35885

buspirone & tetrahydropapaveroline injected in brain monoaminergic pathways, chronic ethyl alcohol drinking, male rats, 7906
catecholamine & cortisol & thyroid hormone response to stressors, human Ss, implications for DST, 703
catecholamine innervation of cerebral cortex & neural projections, control of attention & related behaviors, animals & humans, literature review, 610
catecholamine receptor antagonists, feeding related neuronal activity in central amygdaloid nucleus, monkeys, 14868
catecholaminergic drugs, aggression & motor activity & body temperature during morphine withdrawal, mice, 25250
chronic dextroamphetamine, sensitization of locomotion & stereotypy & brain monoamines, male vs female rats, 11191
chronic lithium ingestion, adrenomedullary dopamine beta hydroxylase & phenylethanolamine-N-methyltransferase activity & body weight, male mice, 11195
circadian rhythm of catecholaminergic binding sites on blood cells & circulating catecholamines, healthy 23–38 yr olds, 18154
CSF & urinary biogenic amines, adults with major depression, 1576
CSF creatinine & monoamine metabolite concentrations, schizophrenic adults, 5342
CSF MHPG & HVA & 5-HIAA & biopterin levels, patients with Alzheimer's disease with vs without extrapyramidal signs, 9098
CSF 5-HIAA & HVA, 49–72 yr olds with Alzheimer's dementia, 33222
dopaminergic drugs, open field activity, spontaneously hypertensive vs normotensive rats, 35906
dopaminergic mesolimbic system & interaction with other monoaminergic systems, affective aggression, rats, 14696
dosulepin isomers, inhibited serotonin uptake & imipramine binding & noradrenaline uptake & desipramine binding, male albino rats, conference presentation, 841
droperidol or clonidine or other catecholamine active drugs, processing capacity & activation & arousal & attention, adult males, implications for noradrenaline & dopamine, 832
enantiomers of tranylcypromine, aggressive behavior & monoamine uptake & release, male rats, 25311
fenfluramine or amphetamine, monoamine transmitter activity & dietary intake & learned preferences for protein or carbohydrate cues, male rats, 11229
food deprivation, brain levels of monoamines & their metabolites, lean vs genetically obese rats, conference presentation, 25148
genetic linkage analysis of catecholamines through tyrosine hydroxylase activity, patients with manic depression, conference presentation, 1650
heart rate & catecholamine levels during shifts with vs without fire calls as indicators of work stress, male firefighters, Singapore, 6919
high performance liquid chromatographic vs fluorometric assays, measurement of stress-induced changes in catecholamine excretion, healthy 3 & 30–50 yr olds, 28684
idebenone, brain monoamine metabolism in CSF, 57–81 yr olds with chronic cerebrovascular dementia, 40775
increased emotional & intellectual stimulation, cognitive functioning & CSF monoamine metabolites & DST responses, elderly nursing home residents with moderate dementia, 6416
insulin or 2-deoxy-D-glucose perfusion, release & turnover of serotonin & norepinephrine & dopamine in lateral hypothalamus, rats, implications for control of feeding, conference presentation, 25275
insulin or 2-deoxy-5-glucose, hypothalamic activity of norepinephrine & dopamine & 5-HT, sated vs fasted rats, 39362
local X-ray irradiation to head, jumping avoidance & brain monoamines & suprarenal catecholamines, female rats, 767
methylphenidate, urinary catecholamine excretion & behavior, male 6–12 yr olds with attention deficit disorder & hyperkinesis, 6208
monoamine metabolite CSF levels & neuropsychological test performance, 51–78 yr olds with Alzheimer's dementia, 2084
neuropsychological performance & memory & CSF vasopressin & HVA & 5-HIAA & MHPG, 61–85 yr olds with Alzheimer's disease, 40431
personality variables & monoamine turnover indicators, 18–61 yr olds with psychosomatic disorders vs 18–56 yr olds, 29849
psychological stress, plasma catecholamine response & performance of attention demanding task, 35–50 yr old males, 32117
psychopharmacology of antidepressant properties of ORG 6906, rats & chicks & mice, 4340
quinone induced free oxygen radical production, patients with schizophrenic burnout or other neurological or psychiatric disorders, commentary, 1519
release of oxytocin & monoamines & uric acid in olfactory bulb & substantia nigra during parturition & sucking of & separation from lambs & eating, ewes, 4183
response to alprazolam, urinary catecholamine output & platelet adenylate cyclase enzyme activity, depressed adults, 6171
role of monoamines in mechanism of tricyclic & atypical antidepressant drugs, literature review, 12856
seasonal change, CSF monoamine metabolites, patients with schizophrenia vs schizoaffective vs minor vs major depressive vs hypomanic disorder, 19082
seasonal fluctuations of CSF 5-HIAA & HVA & other monoamine metabolites & neuropeptides, normal adults, 7695
sensitization of locomotion & stereotypy & brain monoamines produced by repeated dextroamphetamine or restraint stress, ovariectomized or castrated rats, 11107
serum levels of CNS catecholamine regulating enzymes & aggressive & antisocial behavior & sensation seeking & impulsiveness & substance use, 21–23 yr old males with childhood history of hyperactivity, 16140
sexual refractoriness & locomotion, 5-HT & 5-HIAA & dopamine & DOPAC & norepinephrine levels in brain, male rats, 636
social interaction with vs without physical contact, behavior & BP & plasma corticosterone & catecholamines, male rats, 4178
stress & ethanol induced changes of plasma catecholamines, emotional state & cognitive performance, male medical students, 35909
subjective stress & catecholamine excretion during night rest, teachers assesed during autumn term, 10022
substance P into lateral ventricles or cisterna magna, locomotor activity & plasma catecholamines, guinea pigs, implications for mediation of opiate withdrawal response, 14820
swim test & escapable shock, regional brain concentrations of adrenal monoamines & precursors & metabolites, alcohol preferring vs nonpreferring rat strains, 25253
symptoms of attention deficit disorder & 24 hr urinary catecholamines & their metabolites, emotionally disturbed & conduct disordered males with high vs low dopamine-b-hydroxylase activities, 36545
task with noise, plasma catecholamines & cardiovascular changes & performance efficiency, college age vs 65–75 yr old males, 18519
tetrabenazine, monoamine transmitter depletion, patients with Huntington's disease, 16614
tranylcypromine or 4-fluorotranylcypromine vs clorgyline, brain monoamine metabolism, male rats, 39310
TRH, TSH & prolactin & catecholamines & depression & heart rate & BP & anxiety, panic disorder patients, 5168
urinary catecholamines & D-type scores, diagnostic differentiation, patients with unipolar vs bipolar depression, commentary, 26151
urinary catecholamines & their metabolism & D type scores, diagnostic discrimination, 17–73 yr olds with unipolar vs bipolar vs schizophrenia related vs other depression, 26166
urinary catecholamines & their metabolites & serotonin metabolites, mentally retarded 10–17 yr olds, 12303

urinary excretion of catecholamines during sleep & sleep disturbances, healthy 25–26 yr old males confined to continuous bed rest, implications for Morita therapy, 28660
urinary free & conjugated catecholamines & metabolites, autistic 3–10 yr olds, 15622
work conditions, urinary excretion of catecholamines, adult male prison guards & administrators & supervisors, Sweden, 7725
Categorizing [See Classification (Cognitive Process)]
Catharsis
brief psychotherapeutic disclosure of past traumatic events, immune functioning & health care visits, adults, commentary, 5970
brief psychotherapeutic disclosure of past traumatic events, immune functioning & health care visits, adults, commentary reply, 5974
counseling techniques, cathartic disclosure of abandonment or sexual abuse or other traumatic experiences, children or adolescents in group care, 23613
spontaneous occurrence of catharsis, tension & anxiety, 28 yr old female, case report, 5184
Catheterization
behavioral training program, intermittent self catheterization skills, mildly retarded 6 yr old males, 26746
biofeedback & behavior therapy, self catheterization, anxious 7 yr old female with noncompliant bladder, 37428
iv catheter for nocturnal blood samplings, sleep EEG, 31–62 yr olds with major depression, 36623
Cathexis
perspectives on self & other cathexis in history of psychotherapy, 40639
Cathode Ray Tubes [See Video Display Units]
Catholicism (Roman) [See Roman Catholicism]
Cattell Culture Fair Intell Test [See Culture Fair Intelligence Test]
Caucasians [See Whites]
Cauda Equina [See Spinal Nerves]
Caudate Nucleus
adrenal medullary cell suspensions into caudate nucleus, metamphetamine induced circling & cell growth & morphology, female rats, 7771
apomorphine injections to caudate nucleus, motor pattern sequences, cats, 864
astrocyte density in caudate vs periventricular nucleus, postmortem brains of schizophrenic vs Huntington's chorea patients, 19027
carbachol vs GABA vs muscimol with vs without bicuculline vs atropine in caudate nucleus, apomorphine induced stereotyped rearing behavior, rats, 4341
caudate nuclei lesions, behavioral & personality changes & neuropsychological performance, 38–84 yr olds, 33597
caudate putamen lesions, maze learning, male rats, 14793
chronic haloperidol, reversible perforated postsynaptic densities in caudate nucleus vs nucleus accumbens, male rats, implications for drug tolerance & drug therapy, 39361
continuous unilateral caudate nucleus infusion of pyridine compound, permanent hemiparkinsonism, monkeys, implications for neuronal damage in Parkinson's disease, 21760
cortical & caudate atrophy & ventricle brain ratio, schizophrenic patients with tardive dyskinesia, 23458
delta-9-tetrahydrocannabinol, potassium evoked release of dopamine in neostriatum, male rats, implications for marihuana europhorigenesis & abuse, 11278
electrical stimulation of discrete regions of caudate nucleus, contraversive head turning, cats, 7796
electrical stimulation of internal capsule & substantia nigra, refractory period & conduction velocity & contraversive circling, rats, implications for connective continuous axon bundle, 4158
fixation on spot of light, visual & auditory responses of caudate nucleus neurons, monkeys, 35599
haloperidol with vs without apomorphine into caudate nucleus, switching motor patterns, male cats, 11225
hippocampus & amygdala & caudate nucleus, locomotor stimulating effect of corticotropin releasing factor, mice, 35612
injection of 12 antipsychotic drugs, dose response curves of HVA in prefrontal cortex & caudate, rats, 14827
intercaudate injections of haloperidol & apomorphine, motor expressions characteristic of substantia nigra reticulata &/or superior colliculus, cats, 848
lesions of caudate nucleus, instrumental differentiation of binaural sound lateralization, adult dogs, 11171
opioid peptide enkephalins vs kelatorphan into nucleus accumbens vs caudate nucleus, locomotor activity, male rats, 21730
posttraining bilateral lesions of caudate nucleus, retention of egocentric vs allocentric spatial learning, male rats, 7807
single cell activity in caudate nucleus related to saccadic eye movements during visuomotor tasks, monkeys, 35600
stereotactic subcaudate tractotomy, female patients with bipolar affective disorder, 2–4 yr followups, 6265
tritiated estradiol or metabolites, accumulation pattern in telencephalon & caudal nucleus vocal control regions, bay wrens, 28813
visual stimuli & reward, activity of sensory & motor & cognitive neurons in caudate nucleus, monkeys, 35601
volume & symmetry of caudate nucleus & other brain structures assessed using quantitative X-ray computed tomography, male 17–24 yr olds with severe obsessive compulsive disorder, 5715
5,7-dihydroxytryptamine vs 6-OHDA lesions of substantia nigra vs caudate putamen, substance P induced enhancement of passive avoidance retention, mice, 11124
Cells (Biology) [See Also Auditory Neurons, Blood Cells, Chromosomes, Cones (Eye), Connective Tissue Cells, Dendrites, Erythrocytes, Leucocytes, Lymphocytes, Motor Neurons, Neurons, Rods (Eye), Sensory Neurons, Sperm]
adrenal medullary cell suspensions into caudate nucleus, metamphetamine induced circling & cell growth & morphology, female rats, 7771
aging related changes in astrocytes or pericytes or neurons, blood brain barrier transport, elderly, commentary, implications for etiology of Alzheimer's disease, 2091
cation transport in lymphoblastoid cell lines, patients with bipolar manic depression, implications for etiology, 36560
cellular immune status & hypothalamic pituitary axis function, patients with major depression, 15657
desipramine, phospholipid metabolism & beta adrenoreceptor density & drug uptake & release, human fibroblast cultures, 11242
fetal hippocampal cell suspension injection to hippocampus, colchicine induced hypermotility & spatial learning, rats, 21674
immunoreactivity of nerve growth factor receptors in cell body & dendrites of cholinergic nuclei, aged rats, implications for etiology of Alzheimer's disease, 25040
transient minor negative & positive life events & mood states, immunological functioning measured by levels of natural killer cell activity, healthy 22–30 yr olds, 39159
Censorship
fame of A. Ellis as sexologist, censorship in media, 41117
issues in censorship of pornography, 11658
tradition of humor at expense of handicapped persons & censorship & other methods of countering prejudice in schools, children, 20420
Central America [See Also Belize, Costa Rica, El Salvador, Guatemala, Nicaragua]
forms & health & other effects & epidemiology of political violence, Central America & South Africa, implications for public health workers, 33360
person centered theory, international conflict resolution, Central America, 18736
Central Nervous System [See Also Amygdaloid Body, Auditory Cortex, Basal Ganglia, Brain, Brain Stem, Caudate Nucleus, Cerebellum, Cerebral Cortex, Cerebral Ventricles, Corpus Callosum, Diencephalon, Dorsal Roots, Extrapyramidal Tracts, Frontal Lobe, Geniculate Bodies (Thalamus), Globus Pallidus, Gyrus Cinguli, Hippocampus, Hypothalamo Hypophyseal System, Hypothalamus, Inferior Colliculus, Limbic System, Lumbar Spinal Cord, Medulla Oblongata, Mesencephalon, Motor Cortex, Neural Path-

ways, Occipital Lobe, Optic Chiasm, Optic Lobe, Parietal Lobe, Pons, Pyramidal Tracts, Reticular Formation, Somatosensory Cortex, Spinal Cord, Superior Colliculus, Telencephalon, Temporal Lobe, Thalamic Nuclei, Thalamus, Visual Cortex]
acute physical restraint stress, hormonal responses & CNS function & analgesia induced by activation of endogenous opioid system, animals, literature review, 4257
adaptive function of CRs & UCRs, evolution of higher nervous activity according to theories of Pavlov, 442
advances in psychoneuroimmunology including nervous & endocrine system regulation of immune functions, literature review, 32071
aging, neuroendocrine & CNS functioning & risk of depression, elderly, commentary, 1616
aging related changes in CNS & neuroendocrine functioning, risk of major depression, elderly, literature review, 1729
alcohol consumption & central neurotransmission, animals & humans, literature review, 25066
altered thyroid function & levels of iodothyronines, CNS & pathogenesis & treatment of affective disorders, 9 commentaries included, 15624
behavioral pharmacology of neurotensin & brain dopamine systems, literature review, 35592
central adrenoceptor subtypes, narcolepsy cataplexy REM sleep disorder, implications for noradrenaline in sleep regulation, 40465
chronic toluene vapor abuse, neurological functioning & brain stem auditory EPs, 21–44 yr olds, conference presentation, 22819
CNS actions of atrial natriuretic factors, conference presentation, 14700
CNS levels of 5-HT & 5-HIAA & tryptophan & dopamine & 3,4-dihydrophenylacetic acid & HVA & 3-methoxytyramine, male vs female rats, 4174
computerized tomography & magnetic resonance imaging & positron emission tomography assessment of CNS changes, 44 yr old male with Usher's syndrome & schizophrenia-like disorder, 16131
DSP4 lesions of CNS noradrenergic endings & forced attention vs event expectancy situation, attentive behavior & sensorimotor & parietal cortex EEG & locus ceruleus immunoreactivity, cats, 39211
excitatory amino acid receptor types & pharmacology, mediation of CNS neuronal transmission & synaptic plasticity & early learning, 35622
exercise, EEG changes accompanying CNS activation changes, 18–33 yr olds, conference presentation, 18175
holographic principle, organization of biological motivations in CNS, animals, 32055
interoceptive stimuli of brain bioelectrical activity, CNS rhythms & adaptation, conference presentation, 18141
medifoxamine vs atropine vs amitriptyline, antimuscarinic activity & CNS activity, healthy adults, 18416
microclimatic therapy, CNS activity, patients with occupationally induced information neurosis & experimentally neurotic dogs, 5874
neurobiological function of oxytocin in CNS, literature review, implications for role in neuropsychiatric illness, 35587
neurochemistry & immunochemistry of serotonin in CNS, nudibranch mollusks, implications for associative conditioning, 35577
Pavlovian conditioning of CNS & autonomic responses to baroceptor reflex, 18–25 yr olds, 21617
possible chronic infections process of CNS, etiology of schizophrenia, 15800
role of CNS in immune system, literature review, implications for psychosomatic disorders, 29883
somatostatin in neuropsychiatric disorders & as modulator of CNS, literature review, 37140
Strelau Temperament Inventory, assessment of CNS characteristics & relation to personality, college students, 11796
visual & kinesthetic input, nervous system control of target acquisition & related motor processes, 28203

Central Nervous System Disorders [See Also Acalculia, Agraphia, Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Ataxia, Bacterial Meningitis, Brain Concussion, Brain Damage, Brain Disorders, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chorea, Delirium Tremens, Encephalitis, Epilepsy, Epileptic Seizures, Huntingtons Chorea, Hydrocephaly, Korsakoffs Psychosis, Meningitis, Microcephaly, Minimal Brain Disorders, Neurosyphilis, Organic Brain Syndromes, Parkinsons Disease, Picks Disease, Poliomyelitis, Presenile Dementia, Senile Dementia, Toxic Psychoses]
accuracy of neuropathological diagnosis of demented 30–91 yr olds, neurologists, 26449
AIDS dementia complex & other manifestations of CNS infection, patients with HIV infection, 19487
CNS manifestations including encephalopathy & multiple sclerosis & psychiatric disorders, 7–82 yr olds with Borrelia burgdorferi infection, 40413
diagnosis & electrical stimulation treatment, 61 yr old male with brain stem mini discharge syndrome, 2581
EEG in diagnosis, 60 yr old with Creutzfeldt-Jakob disease, 5618
frequency of Alzheimer's & other CNS diseases in relatives, patients with multiple myeloma, 37035
Luria Nebraska neuropsychological assessment of lateralized hemispheric functional characteristics of functional CNS disorders, 16–71 yr olds with schizophrenia vs affective disorder, 19053
neuropsychology, 39 yr old female with choreoacanthocytosis, case report, 40463
penicillamine, 30 yr old female with advanced Wilson's disease & dementia, case report, commentary, 40779
perinatal asphyxia & intrapartum obstetric care, chronic neurodevelopmental handicaps, 20075
presence of periodic sharp wave complexes & myoclonus & pathologic EEG & topographical features, patients with Creutzfeldt-Jakob disease who died between ages of 48 & 75 yrs, 9242
quinone induced free oxygen radical production, patients with schizophrenic burnout or other neurological or psychiatric disorders, commentary, 1519
somatostatin in neuropsychiatric disorders & as modulator of CNS, literature review, 37140
treatable causes of CNS dysfunction, patients with AIDS, commentary with reply included, 37232
TRH, abnormal ocular movements, spinocerebellar degeneration patients, 2569
Central Nervous System Drugs [See CNS Affecting Drugs]
Central Tendency Measures [See Also Mean]
central tendency model of decision making under uncertainty, college students, 179
Central Vision [See Foveal Vision]
CER (Conditioning) [See Conditioned Emotional Responses]
Cerebellar Cortex [See Cerebellum]
Cerebellar Nuclei [See Cerebellum]
Cerebellopontile Angle [See Cerebellum]
Cerebellum
acquistion & performance & extinction of conditioned forelimb movement, Purkinje cell spike activity, decerebrated ferrets, 4123
brain acetylcholinesterase activity, patients with dominantly inherited olivopontocerebellar atrophy, 9109
cerebellar adenosine, acute ethanol induced motor incoordination & inhibition of motor activity & receptor binding, rats, 7836
cerebellar hemisphere size, vermal hypoplasia, autistic 14–39 yr olds, 40154
cerebellar lesions or atrophy, intellectual & associative learning abilities, brain damaged 20–74 yr olds, West Germany, 29874
cerebellar nucleus or cortex lesions, eyelid alpha & classical conditioning & responses, male rabbits, 11167
cerebellar vermis brain ratio, neuroleptic response, male schizophrenic patients, 20018
cerebellum, classical conditioning of discrete behavioral responses to aversive stimuli, mammals, 4161

cerebellum vestibular determined neurological & electronystagmographic parameters, learning disabled 7–50 yr olds, 29808
diazepam, icv somatostatin induced motor disturbances & mortality & cerebellar Purkinje cell loss, male rats, 14808
drug dose & plasma level & competition in neuroleptic drug for binding sites in striatal tissue, schizophrenic patients, 6197
electrical stimulation of fastigial nucleus, lateral hypothalamic responses, adult male rats, implications for food intake, 39204
evolution of red nucleus & rubrospinal tract, connectivity complexity & relation to cerebellum & motor performance, terrestrial vertebrates, conference presentation, 4159
exploration & habituation, Purkinje cell degeneration mutant mice, 25050
hypoplasia of cerebellar vermal lobules VI & VII, autistic 6–30 yr olds, 8577
hypotheses of functional role of red nucleus & automatization & learning capacity of cerebellar microcomplex, conference presentation, 4129
lesions in dorsolateral pontine nucleus, smooth pursuit eye movements, monkeys, 4290
lesions of cerebellar vermis, ventromedial hypothalamus lesion induced hyperdefensiveness & spontaneous mouse killing & freezing responses, male rats, 812
lithium serum levels, neurotoxicity & changes in cerebellum, literature review, 23405
optokinetic & perceptual span parameters & cerebellar vestibular dysfunction, 17–50 yr olds with anxiety disorders, 36635
positron emission tomography of cerebellum, autistic 19–36 yr olds, 22553
psycholinguistic diagnostic technique, cerebellar dysarthria, 28 & 37 yr olds with cerebellar tumor or multiple sclerosis, 26438
single unit activity in fastigial vs interpositive vs dentate nuclei induced by arm reacting movements, macaques, 647
spatially oriented behaviors, normal vs cerebellar mutant lurcher mice, 14788
stimulation of red nucleus or cerebellar nuclei as UCS, classical conditioning of nictitating membrane eyeblink response, rabbits, 4085
visual guidance & somaesthetic sensory imput, control of postural & kinetic tremor, patients with cerebellar system disorders, 16223
visuooculomotor tasks involving head vs smooth pursuit eye vs retinal image movements, target velocity related Purkinje cell activity in posterior vermis of cerebellum, monkeys, 4155
young vs old cerebellar grafts, norepinephrine responsivity, young vs old rats, 21629
Cerebral Aqueduct [See Cerebral Ventricles]
Cerebral Arteriosclerosis
subcortical arteriosclerotic encephalopathy as subcategory of cerebrovascular disease & etiology of dementia, 53–83 yr old patients, Hong Kong, 16267
time estimation of verbal task vs unoccupied interval, 50–70 yr olds with cerebral atherosclerosis vs remaining manifestations of right or left sided stroke, 40480
Cerebral Cortex [See Also Amygdaloid Body, Auditory Cortex, Basal Ganglia, Caudate Nucleus, Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Globus Pallidus, Gyrus Cinguli, Hippocampus, Limbic System, Motor Cortex, Occipital Lobe, Parietal Lobe, Somatosensory Cortex, Temporal Lobe, Visual Cortex]
adenosine triphosphate & dynamic synaptic changes, tracing circuit of neurons for descriptive memory, humans, 35608
alpha flupenthixol & 6-OHDA lesions of visceral cortex, morphine induced taste aversion of saccharin & acquisition of place preference, male rats, 14802
amygdala & insular cortex lesions by ibotenic acid, conditioned taste aversion & passive avoidance & neophobia, rats, 11141
aspartic acid aminotransferase activity, spiking vs nonspiking lateral cortex, epileptic patients, 9108
auditory signals & rhythmic photostimulation, electrical activity of occipital & sensorimotor & frontal zones of cerebral cortex & bimanual motor RT, 15–25 yr olds, 25047
background & disorder variables, neuropsychological aspects of simultaneous processing in posterior lobe & successive processing in anterior lobe, neurological vs brain damaged patients vs elderly, 8987
behavioral laterality in T maze & amphetamine induced rotation & open field behaviors, male vs female rats with asymmetric neocortical lesions, 21699
behavioral preservation in spatial head orientations for water seeking, water deprived male rats with unilateral vs bilateral anteromedial cortex lesions, 4301
benzodiazepine antagonist, diazepine induced retardation of recovery from somatosensory asymmetry after unilateral lesions of anteromedial cortex, male rats, 39318
caffeine, cerebral blood flow, schizophrenic inpatients, 8657
calm wakefulness vs pseudoconditioning, discharge delay in neuron pairs working in correlation in visual & sensorimotor neocortex regions, rabbits, 21540
catecholamine innervation of cerebral cortex & neural projections, control of attention & related behaviors, animals & humans, literature review, 610
central vs peripheral injections of muscarinic cholinolytics, hippocampal & neocortical EEGs, male rabbits & cats, 39308
cerebellar cortex lesions, food intake & body weight, male rats, 28779
cerebellar cortex lesions, taste preferences & fluid intake, male rats, 28780
cerebral cortex neuronal correlates of verbal memorization, patients with Parkinsonism or epilepsy, 22933
cognitive functioning & abnormal cerebral blood flow distribution, alcoholic 40 yr olds & younger, 5488
cognitive gradient concept, macroscopic lateral neocortical brain behavioral analysis, 39093
cognitive tasks with vs without use of visual imagery, cerebral blood flow patterns, 21–37 yr olds, 35669
cortical aspiration lesions, behavioral effects of intraventricular substantia nigra grafts, rats, 39216
cortical EPs & regional cerebral blood flow, patients with somatization disorders, conference presentation, 16112
cortical homotopic or heterotopic grafts, disrupted taste aversion due to gustatory neocortex lesions, rats, 28763
cortical vs subcortical atrophy & neuropsychological deficits, adults with Huntington's disease, 23054
dendrite spines on apical dendrites of cortical pyramidal neurons, brain biopsies from patients with forms of dementia, 5599
dendritic correlates of cortical functioning, adults, 14702
depression of synaptic transmission in cerebellar cortex, memory & reflexes & posture & locomotion, literature review, 28610
detection & modulation by environmental conditions of behavioral impairment assessed by discrimination training, rats with large neocortical injuries, implications for animal models of cerebral stroke, 7804
elaborated CR to light vs sound, visual vs sensorimotor cortex neurons working in pairs & conjugation of unit activity, rabbits, 21541
electrical stimulation of striatum vs globus pallidus, local cerebral glucose utilization & behavior, male rats, 4268
estradiol, spontaneous & adenosine inhibition of firing rate of cerebral cortical neurons, male rats, 4457
ethylcholine mustard aziridinium ion infusion into frontoparietal cortex, long term cortical cholinergic hypofunction & memory deficits, rats, implications for Alzheimer's disease, 4437
hemidecortication during infancy vs adulthood, spatial navigation & cerebral anatomy in adulthood, rats, 11150
hippocampal & neocortical synapses, critical period for long term potentiation, rat pups, 28632
hypothesis of patterns of neural connectivity in cortico-hippocampal interaction in mammalian brains, implications for theta rhythm & learning & memory, 39108

incidence of cortical atrophy, schizophrenic 16–43 yr olds, Italy, 33209
iv amphetamine, cerebral blood flow & autonomic & behavioral arousal, male volunteers, 32217
laterality & frontality measures of cerebral blood flow & cerebral metabolic rate, symptom specificity, schizophrenic adults, 36600
learning, spatiotemporal organization & synchronization of cortical potentials & high frequency neocortical activity, animals, 21503
lesions of cerebellar cortex, retention of classically conditioned eyeblink response to stimulation of lateral reticular nucleus, male rabbits, 7764
multivariate statistical summary of synaptic plasticity measures of occipital cortical synaptic & cellural & vascular morphology, rats raised in complex vs social vs individual environments, 4152
N-methyl-D-aspartate receptors in hippocampus & neocortex, errors in maze retention, rats, 39122
neocortex & cingulate cortex ablations, tongue protrusion to obtain food, 1 day old vs adult female rats, 39239
neural network organization & activity in cerebral cortex & motor CR, cats, 21507
neural tissue transplants following hippocampal or cerebral cortex injuries, behavioral recovery, rats, 14792
neuronal maturation in postmortem cerebral cortex tissue, 19.5–24.5 wk old fetuses with vs without Down's syndrome, 33400
neuropsychological performance & cerebral perfusion, 42–65 yr olds with unilateral subcortical vascular lesions recovering from aphasia & neglect, 23064
nucleus basalis bilateral lesions using colchicine, food reinforced working memory & radial arm maze learning & neocortex neurochemistry, male rats, implications for Alzheimer's disease, 814
olfactory bulb vs cortical spreading depression induced by microinjection of potassium acetate, regional unit activity & olfactory functioning, male rats, 4309
physostigmine, metabolism & blood flow in neocortex, male rats, implications for memory in Alzheimer's disease, 32282
positron emission tomographic measurement of activity related regional cerebral blood flow changes & identification of active brain regions during auditory & visual word processing, adults, 11045
prefrontal cortex & parallel systems of distributed neural networks, cognitive operations, primates, 4102
prenatal ethanol, cerebral metabolism & morphology of thalamic & callosal connections & corticospinal projection neurons, rats, implications for fetal alcohol syndrome, 21788
prevalence of cerebrocortical microdysgenesis, brains from 3–87 yr old males vs previously studied males with developmental dyslexia, 22962
progression of ventricular enlargement & increased cortical markings assessed by tomography, chronic schizophrenic patients, 8 yr followup, 5228
radial arm maze training & subsequent nucleus basalis magnocellularis lesions with vs without cortical sympathetic ingrowth, spatial memory task relearning, male rats, 21692
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, 1553
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, replication, 1735
regional cerebral blood flow & oxygen & glucose consumption, 21–53 yr old autistic males, 26095
regional cerebral blood flow vs positron emission tomography procedure, controversy of cerebral metabolic hypofrontality in schizophrenia, 15809
relative distribution of cerebral blood flow measured using positron emission tomography, adult chronic cocaine abusing males, 8922
reversible cold prestriate cortex lesions, visual discrimination retention deficits, monkeys, 39228
septohippocampal vs innominate cortical cholinergic system lesions, learning & memory, rats, implications for memory disorders, conference presentation, 39229
shock aversive conditioning vs conditioned fear, regional cerebral glucose utilization, male rats, 4082
social isolation, cerebral cortical adrenoceptor binding & exploratory behavior, rats, 18136
somatostatinlike immunoreactivity & receptors in postmortem cerebral cortex, depressed adults, 11930
speaking vs singing vs humming of rote passage, regional cerebral blood flow, male college voice students vs nonsingers vs choir members, 35593
swollen choline acetyltransferase profiles in neocortex appearing as single axon enlargement of clusters of immunoreactivity, 6 vs 24–27 mo old rats, implications for Alzheimer's disease, 7636
symptoms & neuroleptic use & dosage, regional cerebral blood flow, depressed vs manic 19–83 yr olds, 26176
transplantation of embryonic ventral forebrain grafts to neocortex, spatial memory deficits induced by bilateral lesions of nucleus basalis magnocellularis, male rats, 18274
unilateral decortications & dopamine depletions, food wrenching & dodging behavior in robber victim interactions, female rats, 11175
unilateral devascularizing lesions of neocortex, responsiveness to apomorphine & methamphetamine, male rats, 35701
visual & tactile & auditory discrimination, monkeys with unilateral removal of posterior insula vs 2nd somatic sensory projection area ipsilateral vs contralateral to preferred hand, 799
2 stage cortical ablation, hopping response, rabbits, 25168

Cerebral Dominance [See Also Handedness, Lateral Dominance]
absolute auditory sensitivity & dichotic listening task performance of left vs right ear, left vs right handed male college students, implications for cerebral dominance, 4095
age, asymmetries in regional cerebral blood flow, male 19–68 yr olds, 39096
assumptions of hemispheric equipotentiality & asymmetrical neural development in brain in S. de Schoen & E. Mathivet's model of hemispheric lateralization of face recognition, infants, commentary, 36084
asymmetrical neural maturation in brain, mechanisms & hemispheric lateralization of face recognition, infants, commentary, 36069
asynchronous development of brain regions & hemispheric specialization in face recognition, infants, commentary, 36041
biofeedback & white noise beep during each REM vs continuous auditory stimulation, modification of EEG interhemispheric asymmetry, male college students, 662
biography of A. Wigan & hemispheric asymmetry theory in "The Duality of Mind", 611
brain lateralization & role of stress & neuroimmune interactions in depression, conference presentation, 40166
centrally vs laterally presented consonants, EPs & detection RT & errors measuring cerebral dominance, schizophrenic male 21–43 yr olds, 11955
cerebral artery infarct in nonlanguage dominant hemisphere ipsilateral to preferred hand, 69 & 78 yr old males with crossed buccofacial apraxia, 9136
cerebral asymmetry in semantic processes, psychopathy, right handed male criminals, 8801
cerebral dominance & functional localization & attentional bias, recognition of neutral vs emotional words presented to left vs right visual field, left vs right handed college students, 11033
cerebral dominance & repeated trials, performance on & validity of heart beat tracking measure using keypresses synchronized to heart beats, male vs female college students, 4177
cerebral dominance based on Your Style of Learning & Thinking scores, perception of Necker cube reversals & location of embedded figures & maze performance, adults vs college students vs 7–12 yr olds, 11369

cerebral dominance in representation of multiple languages, bilingual or multilingual adults, 25081
cerebral dominance, matching of melodies to rhythm sequences tapped in right vs left palms, right handed male college students, 11042
cerebral laterality & interhemispheric transfer & left hemisphere overactivation, college students with schizoid personality, 15760
cerebral laterality & testosterone levels, assessment of disorder subtypes, 30–59 yr old males with affective disorders, 33224
cerebral lateralization theory, neurosociological analyses of cognitive development & style, Aboriginal vs White school age children & adolescents & their parents, Australia, educational implications, 39579
cerebral specialization in dichotic listening & manual asymmetry & transfer of training & dual task studies, Down's syndrome patients, literature review, 5539
clear vs blurred letter stimuli presented to right vs left visual field, RT in perceptual vs imagery task, 22–38 yr old males, 18134
clinical depression, right vs left brain damaged stroke patients, 2161
cognitive functioning, Parkinson's disease patients with left vs right side motor symptoms, 5793
cognitive gradient concept, macroscopic lateral neocortical brain behavioral analysis, 39093
color vs shape words prior to presentation, interpretation of lateralized Rorschach inkblots, right handed male college students, 28617
construction & reliability & validity of Cognitive Mode Questionnaires, assessment of artistic vs thinking personality types & relation to cerebral dominance, adults, 17635
cortical EPs as evidence of task specific hemispheric activation in recovery from aphasia, patients with unilateral left hemisphere vs right hemisphere lesions, 9166
cortical serotonin receptors, severity of depression, patients with right vs left hemisphere strokes, 2065
covert right vs left hemisphere mental tasks, bilateral parieto-occipital EEG, high vs low hypnotizable female college students, 616
cued dichotic listening task measuring language lateralization, left vs right handed vs bilingual vs learning disabled 6.1–13.6 yr olds, 5548
cueing conditions & space positions & line length, line bisection task performance, 47–77 yr olds with vs without right brain damage & left unilateral spatial neglect, 30043
data misrepresentation & misinterpretation in cerebral dominance crossed aphasia studies, aphasic bilingual patients, 26644
diagnostic subtype of depression, perceptual asymmetry for dichotic listening & visual tachistoscopic tasks, adults with major depression, 29506
dichotic listening & visual half field tests, hemispheric asymmetry, right vs left handed 15.5–16.9 yr olds with dyslexia, 33411
dichotic listening task prior to & after hypnosis, aural left vs right hemisphere function shift & relation to somatic relaxation assessed by heart & respiration & EMG, college students, replication, 25067
differential growth rates of cerebral hemispheres, lateralization of face recognition, infants, commentary, 36025
differential neural maturation rates in brains & hemispheric specialization in face recognition, infants, commentary, 36066
digit recall in dichotic listening task, evidence for lateralization, males vs females assessed at 5 vs 7 vs 9 yrs old, 8012
directional bias in cerebral lateralization of visual perception, college students, 32028
distinction between "facedness" & "physiognomy" & hemispheric lateralization of face recognition, infants, commentary, 36104
dominance of left hemisphere logical thinking over image thinking, symptoms & pathogenesis of neurotic & psychosomatic disturbances, implications for psychotherapy, conference presentation, 19210
drawing ability at 2–4 vs 6–8 wks postonset, 35–85 yr olds with stroke & left vs right brain damage, 2136
dual task paradigm requiring divided attention, positive manifold for lateralized cognitive task, college students, 21561
early dominant hemispherectomy, language development, brain damaged children, support for cerebral plasticity of function & equipotentiality, literature review, 16748
EEG alpha contingent visual stimulation, assessment of cerebral lateralization of function, college students, 18097
emotional distractors in tachistoscopic half field display, right vs left hemisphere performance indicating right emotional hypersensitivity, schizophrenic males, 653
externally applied transcephalic weak direct currents, lateralization of choice reaction task responses, male college students, 4273
feedback processing & motor output variability & cerebral dominance, task superiority of preferred hand, 35583
freehand drawing deficits, 35–60 yr old right vs left brain damaged patients, 22938
functional properties of visual cortical areas & neural maturation, hemispheric specialization of face recognition, infants, commentary, 36037
geometric figure photographs presented to left &/vs right visual field, attention extinction & visual neglect, 56–73 yr olds with right brain damage & hemi-neglect, 5683
gradient account of lexical access, laterality effects in processing of monomorphemic words, commentary, 11013
hand preference & ability & hemispheric specialization, monkeys, 18091
handedness & correlated lateralized functions, right ear advantage in verbal dichotic listening, adults, 11012
handedness, perceptual asymmetries for cartoon vs real faces, college students, 21515
hemiretinal stimulation & ocular dominance, visual half field lexical decision, college students, 21498
hemispatial vs focused attention, dichotic listening, 6–13 yr olds with vs without learning disabilities, 5533
hemisphere asymmetries in pictures of emotional expressions, emotional ratings by college students, 7–13 mo olds, 22002
hemisphere related visual processing strategies, schizophrenic patients, literature review, 19117
hemispheric asymmetries in coordination of attention to visual & verbal targets, schizophrenic 17–46 yr olds, 8696
hemispheric asymmetries of long term semantic memory for incongruous scenes, college students, 10852
hemispheric asymmetries, perception of happy or sad vs neutral faces, college students, 25059
hemispheric asymmetry of EPs to tone pips, musically sophisticated vs unsophisticated females, Italy, 615
hemispheric differences in sensitivity, spatial frequencies in visual field, right handed adults, 18082
hemispheric language processing, right handed bilingual 15.5–17.4 yr old males in French immersion programs, 4107
hemispheric learning style, effect of creativity training, gifted adolescents, 11352
hemispheric specialization & affect & creativity, alexithymia, 19225
hemispheric specialization & face recognition & perception of facial expressions of affect, infants, commentary, 36068
hemispheric specialization & motor function, children with right vs left hemispheric cerebral palsy, literature review, 2133
hemispheric specialization, creativity vs alexithymia characteristics, priest vs nonpriest psychotherapy clients, 12665
hemispheric specialization, perception of similarity of tactile stimuli opposed by contralateral noise, college students, 18085
hemisphericity in mental imagery assessed with o'clock test, male 72 yr old with right posterior lesion & hemi-inattention & 56 yr old with imagery deficit due to occipital lesion, 40412
home environment & laterality of cognitive function, 4.2–6.5 yr old early readers vs nonreaders, 8062

hypnosis, lateral asymmetry in visual detection task, right handed college students, 3886
imagination of line length to left vs right of mark & subsequent line bisection error, college students, implications for cerebral dominance, 14710
inactivation of right vs left hemisphere, food getting & investigative activity & spatiomotor asymmetry, female rats, 32059
induced visual input lateralization hand certainty/sequence uncertainty vs hand uncertainty/sequence certainty condition, choice RT in finger sequencing task, right handed college students, 28630
innate preference for facelike patterns & plasticity of cortical functions, development of face recognition, infants, commentary, 36035
integrity of right temporal lobe, Seashore Rhythm Test scores, patients with right vs left vs generalized cerebral lesions, 33623
interaction between local & global visual orientation signals, right handed male stroke patients with right vs left hemisphere lesions, 2059
interhemispheric asymmetry, aggression & sociability, isolated mice, 25061
intermittent light stimulation, CFF in retinal areas with hemispheric specialization, 19–26 yr old males, 247
interstimulus interval in presentation of same concrete noun to left vs right visual field, recognition memory, college students, implications for cerebral dominance, 4089
intracarotid amytal test measuring speech & motor function lateralization, epileptic 12–41 yr olds with medically intractable facial seizures, 5767
intracarotid sodium amobarbital procedure, emotional & behavioral reactions, epilepsy surgery candidates, 16144
intrahemispheric locus of lesion, defective pantomime recognition, right handed & left hemisphere damaged aphasic patients, 26430
inverted faces, recognition & matching & hemispheric asymmetries, brain injured vs normal adults, 23063
lateral asymmetry in object spatial discrimination, male vs female chicks, 4162
lateral presentation of complex gratings at various distances from vertical meridian, choice RT for right vs left hemifield discrimination, right handed females, 7638
lateral tachistoscopic word-picture vs nonverbal shape matching performance, 50–74 yr olds with left vs right hemisphere stroke, 12481
laterality of omissions in color identification task, 52–79 yr olds with unilteral visual neglect, 33629
lateralization of expressive & discriminative facial emotion performance, college students, conference presentation, 25026
lateralization of language & memory functions after long recovery, 34 & 45 yr olds with infantile brain damage & left hemispherectomy at age 17–18, 16–28 yr followup, 16190
lateralized brain damage before speech & language development, equipotentiality hypothesis of language development in alternate hemisphere, literature review, 12340
lateralized peripheral visual stimuli during oculomotor task, simple RT measuring cerebral dominance in programing oculomotion, college students, Italy, 4149
left hemisphere & concurrent articulatory activity, motor decision making, college students, 18140
left hemisphere mechanisms, organization of complex motor behavior, 18096
left hemispheric interference, right hemispheric nonverbal performance, aphasic 47–76 yr old patients & data from split brain studies, 22945
left vs right &/vs integrated hemispheric preference, ability to solve high vs low imagery anagrams, college students, 11024
left vs right hemisphere EEG, males with history of pathological gambling, 8795
left vs right visual field, identification of Chinese kanji character with vs without pronunciation or meaning inducement, college students, Japan, 32040
lexical access in single word reading in both visual hemifields & verbal visual extinction, 9–81 yr old right vs left hemisphere damaged patients, 2124
lexical decision & linguistic processing & cerebral asymmetry, prelingually deaf signing vs hearing 12–18 yr olds, 37143
local vs global components of verbal & nonverbal stimuli, error rate in right vs left visual field, college students & teachers, 11056
localization & interaction of spheres & streams of consciousness, patients with commissurotomy, literature review, 808
low intensity electrical stimulation to left vs right index fingers, somatosensory EPs from scalp over posterior half of contralateral hemisphere, right handed adults, 39116
menstrual cycle phase, perceptual asymmetry in dichotic listening task, 18–45 yr old females with vs without repressive personality style, 32076
metabolic abnormalities & direction of asymmetries, patients with Alzheimer's disease vs multiple infarctions with cognitive disorder, 30010
methylphenidate, left vs right hemisphere processing of tachistoscopically presented word pairs, 6.1–16.3 yr olds with attention deficit disorder, 6164
model of cerebral interhemispheric specialization & relations, 11037
modularity & development of face processing, neonates, commentary, 36024
need to supplement clinical with experimental normal studies of laterality, 9237
neural development & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36064
neural development & visual perception & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36046
neural maturation & early experience, hemispheric lateralization in face recogntion, infants, commentary, 36087
neural maturation & experiences & other factors, hemispheric lateralization of face recognition & other functions, infants, reply to 20 commentaries, 36030
neural maturation & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36023
neural maturation & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36022
neural maturation & parent child interaction, hemispheric lateralization of face recognition, infants, commentary, 36070
noise, interhemispheric asymmetry in auditory EPs, 18–43 yr olds, 18107
ocular fixation with vs without patterned visual stimulation to left vs right hemifield, left vs right visual cortex metabolism, male 18–30 yr olds, 643
odor identification, patients with right vs left temporal &/vs frontal lobectomy, 5681
olfactory stimulation, unilateral neglect on left side of body, adults with right hemisphere lesions, 12336
orientation & maintenance of attention, hemispheric asymmetry for speech perception, right handed college students, 10759
overt & covert attention, vibrotactile RTs & gaze direction & spatial compatibility & hemispatial asymmetry, strongly dextral college students, 4077
perceptual reference frame & central fixation light followed by normal vs reflected vs rotated letters presented to left vs right visual field, stimulus judgment RT, male 21–30 yr olds, 4147
performance of visuospatial hemisphere tasks, regional cerebral blood flow, adults, 4092
perseveration & verbal retrieval, adults with left vs right anterior or posterior cerebral lesions, 37180
pharmacotherapy with right vs left hemispheric training, mental status & verbal vs nonverbal intelligence, 18–67 yr olds with major depression vs schizophrenia, 19678
pictoral &/vs verbal presentation of compound word parts to left &/vs right visual field, interhemispheric integration in word naming, adults, Switzerland, 24731

pictorial presentation of high vs low typicality instances of concepts to left vs right hemisphere, long term storage & retrieval of category members, college students, 4168
poses of positive vs negative facial expressions by verbal command or visual imitation, facial asymmetry ratings, adult males, test of right hemisphere emotionality dominance, 14664
prediction of relative vs absolute right hemisphere superiority, recognition of faces & geometrical figures, 22–28 yr old right handed females, 21495
premorbid intellectual & emotional impairment & hemispheric dominance & focal attention in schizophrenia, 29664
prenatal influences on development of hemispheric specialization, face recognition, infants, commentary, 36098
probability & frequency of presentation of abstract nouns vs random forms, differential hemispheric activation, college students, 18129
psychoanalytic theory of creativity as transferential process of verbalization of presentation symbols & synthesis of different cerebral planes, 35603
psychosis & cognitive processing & left hemisphere dominance & schizophrenia, 29592
psychoticism & extraversion & neuroticism & degree course, lateralized hemisphere activity on WAIS test, college students, 21497
qualitative & quantitative hemispheric asymmetries & cerebral lateraliztion of face recognition, infants, commentary, 36029
reading narrative text, right vs left hemisphere regional cerebral blood flow, male 23–39 yr olds, 28650
recognition & evaluation of unattended pictorial vs verbal advertisements placed to right vs left of text, graduate students, implications for preconscious influences in attitude formation, 7658
recognition & matching of familiar objects shown in rotated & angled photographs, 41–82 yr olds with stroke & left vs right hemisphere damage, 2047
reduplicative paramnesia, 30–76 yr old alcoholic inpatients with right vs left brain lesions, 12403
relationship between left & right hemisphere involvement in language & music & neutral task, auditory EP vs traditional behavioral measures, 40–65 yr old aphasic males, 37147
repetitive dichotic presentation of artificial unintelligible speech with positive vs negative emotional tone, rating of emotionality & intensity, college students, 7655
response to stimulation directed to other patients, right handed patients with severe right hemisphere stroke, 16030
responsivity & appropriateness & intensity of emotional facial expressions, adult males with left vs right brain damage, 12343
rest vs lateral tactile identification task, hemispheric EEG, males with Alzheimer's disease, 5780
right vs left hemisphere & degrees of visual angle, detection of target letters embedded in homogeneous letter arrays, college students, 14302
right vs left hemisphere task & increased mental load, arousal & RT as activation, college students, 28597
right vs left ventromedial hypothalamus implant of estradiol & subsequent progesterone, lordosis responses to male vs manual stimulation, female hamsters, 39292
right vs left visual field stimulation & feedback, temporal microintervals differentiation & EP, right handed adults, 21523
role of "gating" principles of intrinsic motivation in genesis & self regulation of cerebral asymmetry, hemispheric lateralization of face recognition, infants, commentary, 36096
rotated alphanumeric vs unfamiliar characters in left vs right visual field, RT & errors in comparison to standard stimulus, male college students, 622
same vs different judgment of familiar vs unfamiliar sequentially presented face pairs, left vs right hemisphere EPs, male 18–30 yr olds, 4074
self monitoring of memory encoding vs retrieval ability, adults with left vs right temporal lobe epilepsy, 12472
sensitivity of cerebral hemispheres to spatial frequency channels, 21–36 yr old right handed males, 661
sensorimotor activation, lateralized electrodermal activity & cortical EPs, male college students, West Germany, 7680
severe multimodal neglect syndrome & mutism & apraxia for right hand, 55 yr old male with right hemisphere stroke, case report, 26444
sex & Black vs White race of photo & hemispheric specialization, facial recognition, male vs female college students, 4084
sex & cerebral dominance & IQ, gifted 6th–8th graders, 31225
sex & handedness, laterality in visuospatial & verbal task performance, adults, 18118
sex, cerebral lateralization of spatial orientation vs visualization, high vs low spatial ability college students, 21491
sign language in classroom, right brain & creativity stimulation & education, students, 41228
simultaneous vs successive verbal vs nonverbal processing, 16–67 yr olds with left vs right anterior vs posterior brain damage, 8988
single vs paired odor types presented to left &/vs right nostril, olfactory extinction, adults with right brain damage & unilateral neglect, 5585
soft vs hard word intonation in left vs right ear, recognition of word & emotional intonations, right handed French vs Dutch-speaking 17–34 yr olds, 651
spatial frequency of gratings, visual discrimination, male patients with right vs left hemisphere damage vs neurological disorders, 33531
speech & nonverbal stimuli, hemispheric asymmetry, French Canadian vs Chinese college students, Canada, 32030
stimuli in non-neglected hemisphere & drawing over vs erasure task, hemispatial neglect, right hemisphere injured patients, 16163
stimulus size & eccentricity, vernier hyperacuity vs spatial resolution performance from fovea toward periphery, adults, evidence for nasotemporal asymmetry, 4096
studies of prosopagnosia in brain damaged patients as support for S. de Schonen & E. Mathivet's theory of hemispheric specialization in face recognition, infants, commentary, 37041
syllable vs melody recognition in dichotic listening task & handedness of self vs family, auditory laterality & cognitive ability, college students, implications for brain organization theories, 4083
symbolic play & cognitive development through interhemispheric integration & specialization model, children, literature review, 15134
tachistoscopic presentation, high vs low frequency verbs, vocal RTs, right handed adults, 11047
tachistoscopic stimuli to left vs right visual field, mental imagery & rotation RT, 34 yr old male with complete forebrain commissurotomy, 5605
tactuospatial stimuli in left vs right hand, matching to visuospatial display in left vs right visual field, male college students, 7660
task dependent hemispheric EEG, patients with left temporal lobe epilepsy, 9156
temporal relationship between neuronal maturation & experiential factors, hemispheric specialization in face recognition, infants, 36031
textural pattern discrimination, patients with right vs left parietal temporal lesions, 22940
theory of development of anomalous dominance, autism, literature review, 15718
time estimation of verbal task vs unoccupied interval, 50–70 yr olds with cerebral atherosclerosis vs remaining manifestations of right or left sided stroke, 40480
unfamiliar music during concurrent finger tapping, cerebral lateralization, left handed college students, 32037
unilateral & tachistoscopically presented concrete vs abstract words, reading RT, stuttering vs nonstuttering adults, 8967
validation of lateral limits technique, determination of visual testing fields using blind spot & fovea for lateralization of visual input, 27 yr old female with callostomy, 16247

verbal context & conventionality of wording, indirect auditory request comprehension, right handed 38–69 yr old stroke patients with right vs left hemisphere damage, 37184
verbal synonym vs spatial orientation task, preferred lateral eye movements & contralateral EEG, male 18–30 yr olds, 11040
viewing of commercial TV, hemispheric patterns of EEG activity, right handed adult females, 7681
visual field & presentation of lines & neutral word vs "vodka", cortical EPs, alcoholic 25–37 yr olds in vs out of withdrawal, 19349
visual field differences in magnitude of tilt aftereffect, right handed adults, 626
visual half field presentation of incongruent color words & speed vs accuracy, vocal RT & error frequency in word vs color recognition, right handed males, 25035
visual spatial vs linguistic priming stimuli, hemispheric processing style & product judgment, female vs male college students, 41556
visual stimuli duration times, visual EPs from symmetrical sites of occipital visual cortex, female 20–35 yr olds, 14703
visual vs auditory stimuli paired with verbal vs nonverbal tasks, hemispheric asymmetry of alpha wave suppression, 10–15 yr old right handed stuttering males, 29832
Wundt-Jastrow illusion perception measuring spatial unilateral neglect, 43–85 yr olds with left vs right brain damage, 5721
2 dimensional pattern vs 3 dimensional object visual discrimination, hemispherectomized adults, 2098

Cerebral Hemorrhage
auditory symptoms & identification through computerized tomography imaging, 22 yr old male with discrete hemorrhagic lesion in posterior body of corpus callosum, case report, 8978
basal ganglia vs thalamic lesions, depression, adults with acute thromboembolic infarction or intracerebral hemorrhage, 16233
cerebral vasculature & hemorrhage, post mortem brains of ex-boxers with dementia pugilistica, 33455
frontal head trauma, delayed blindness due to hemorrhage in optic nerves & chiasm, 49 yr old male, case report, 40379
presentation as transient global amnesia, 53 yr old male with left thalamic hypertensive hemorrhage, case report, implications for diagnosis, 23008
symptoms & neuropsychological findings & diagnosis of primary intraventricular hemorrhage, 25–79 yr olds, 1985
temperament & motor reflex processes & visual orientation, full term vs premature infants with vs without intracranial hemorrhage, 33459
word finding difficulty in confrontation naming functionally located after semantic processing & before phonological processing, male 25 yr old with left temporal lobe hemorrhage, 37051

Cerebral Ischemia
animal models of ischemic stroke & experimentation with drug therapy, 35711
basal ganglia vs thalamic lesions, depression, adults with acute thromboembolic infarction or intracerebral hemorrhage, 16233
complete inversion of visual image, 47 & 73 yr old males & 67 yr old female with vertebrobasilar ischemic disease, case report, 22998
degree of aphasia in postacute stage, severity of motor deficits, adult patients with ischemic stroke in left carotid artery, 14–122 mo followup, 19591
focal cerebral ischemia by middle cerebral artery occlusion, motor coordination & neurological deficits & learning behavior, male rats, 11131
idebenone, levels of acetylcholine & choline & free fatty acids & energy metabolites in brain & protection against amnesia, male rats with cerebral ischemia, 39334
levallorphan vs dynorphin vs naloxone, neurological impairment & motor function tested by inclined plane method, gerbils with unilateral carotid occlusion, 7857
ligation of right &/vs left common carotid artery, intraspecies behavior, mixed breed male rats, implications for assessment of ischemic brain damage, 25179
pathologic left handed mirror writing & movements during bimanual coordination, 59 yr old male with extensive right anterior ischemic infarction, case report, 1977
prevalence of cerebrovascular risk factors & prognosis, patients with transient global amnesia vs transient ischemic attack vs depressive neurosis, 32946
regional cerebral blood flow & metabolism, 52–71 yr olds with transient global amnesia vs cerebral transient ischemic attacks, 33524
severe vs moderate ischemia inducing pyramidal or hippocampal neuronal loss, memory loss on T maze discrimination learning, rats, 772
single photon emission computed tomography brain imaging, prediction of language & neurologic recovery, 51–70 yr olds with ischemic cerebral infarction, 40373
transient forebrain ischemia, hippocampal functioning & working memory in maze task, male rats, 11135

Cerebral Lesions [See Brain Lesions]

Cerebral Palsy
abnormal & immature spinal interneuronal circuits, spastic cerebral palsy, implications for segmental response & long term training for motor control, 29964
adaptive seating devices, early vocalizations, nonverbal 1.5–12.8 yr olds with cerebral palsy, 30793
behavior modification, lip closure & drooling, 14 & 21 yr old females with mental retardation & cerebral palsy, 12811
binary communication, validity of information, nonvocal mentally retarded severely palsied quadriplegic 32–47 yr olds, 36546
classification based on organic etiologies, persons with mental retardation due to Down's syndrome or cerebral palsy or other organic disorders, 15980
customizing Touch Talker with Minspeak system, cognitively intact preliterate 4.5 yr old female with athetoid cerebral palsy, case report, 41013
dance treatment program, mildly mentally retarded female 12 yr old with cerebral palsy & emotional problems, implications for school counseling, 30174
development of concrete & formal operational thought without sensorimotor stage, 9 vs 16 vs 40 yr old males with cerebral palsy & physical & communication impairment, 16026
disability parameters & chronic strain, adaptation, 6–11 yr olds with spina bifida or cerebral palsy, 30125
efficacy of electric feeder, mealtimes & percentage of food eaten, 24–48 yr old quadriplegic cerebral palsy patients, 34347
family stressors & types & resources & parental coping patterns & child health indices, 1 & 2 parent families of 3–22 yr olds with cerebral palsy, 37105
frames of reference & models for occupational therapy, quality of life, 35–47 yr olds with significantly limiting cerebral palsy, 41030
haloperidol & carbamazepine, drowsiness & slurred speech, 37 yr old female with cerebral palsy & bipolar disorder, case report, 2452
hard vs soft textual preferences, 3–5.8 yr olds with vs without cerebral palsy, 40382
hemispheric specialization & motor function, children with right vs left hemispheric cerebral palsy, literature review, 2133
mainstreamed nursery program, opportunity for social interaction & home play with mother, nonambulatory 3.5 yr old female twin with cerebral palsy, 38218
motor control deficits of orofacial muscles, adults with cerebral palsy, 9228
neuromotor & sensory facilitation techniques, tongue thrusting & tonic bite reflex, profoundly mentally retarded 8 yr old female with cerebral palsy, 20236
oral sensation & drooling, 5–21 yr olds with cerebral palsy, Canada, implications for occupational therapy, 33666
physical therapy with vs without stimulation, cerebral palsy, 12–19 mo olds with spastic diplegia, 9855

prediagnostic aided communication intervention, 6 yr old functionally nonspeaking female with severe spastic athetoid cerebral palsy, case report, 37850
progress through educational system & societal prejudices, female student with cerebral palsy & hearing impairment, Australia & England, case report, 17250
psychological adjustment & quality of social life, 15–19 yr olds with cerebral palsy or spina bifida, 26518
restricted bilateral cortical lesions, pure tone audiograms & discrimination of conspecific vocalizations, macaques, 21693
reversal of stimulus color in survival vocabulary, acquisition of vocabulary, 12.2–17.8 yr olds with cerebral palsy or mental retardation or multiple handicaps, 24122
role in working with parents of preschool age children with cerebral palsy, occupational therapists, 20238
self actualization profiles, 17–44 yr old male able-bodied vs elite athletes with cerebral palsy, 5785
serum levels of interleukin-2 receptors, adults with schizophrenia vs cerebral palsy, 25982
short term memory & rhyme judgments, 10–18 yr olds with cerebral palsy with vs without congenital anarthria vs dysarthria, 40361
spelling of words & nonwords, 10–18 yr olds with cerebral palsy with dysarthria vs anarthria, England, 29866
teaching use of self statements, job task performance, severely mentally retarded 16 yr old male with cerebral palsy, 13222
temperament characteristics & goodness of fit, behavior problems & social competence, 6–11 yr olds with spina bifida or cerebral palsy & their mothers, 19647
transdisciplinary therapy model & visual training, visual function, 19 yr old male with visual defects & cerebral palsy, case report, 2181
vocabulary selection in development of communication aid, nonreading severely physically disabled 36 yr old female with cerebral palsy, case report, 41054
written communication output using microcomputers, 13–22 yr olds with spastic &/or athetoid cerebral palsy, case report, 41050
Cerebral Vascular Disorders [See Cerebrovascular Disorders]
Cerebral Ventricles
age disorientation & mental status & cerebral ventricular enlargement, schizophrenic 20–53 yr olds, 15687
age of onset, ventricular enlargement & degree of cognitive & clinical impairment, schizophrenic vs other psychiatric patients, 36615
brain ventricular enlargement, 20 yr old male & his sister with multiple exostosis & schizophrenia, 36507
cerebral atrophy measured by cerebral/cranial area & ventricle/brain ratios, bulimic 19–28 yr old females, 37055
cerebral ventricular enlargement & family history & obstetrical complications, monozygotic twins with schizophrenia, conference presentation, 1685
cerebral ventricular enlargement, schizophrenic adults with family history of schizophrenia vs affective disorder vs unspecified functional psychosis, England, 40159
cerebral ventricular size & neuropsychological test performance, male 26–55 yr olds with AIDS, 26532
choice of comparison group, estimate of lateral ventricle enlargement in schizophrenia, 16–36 yr old normal volunteers vs medical vs schizophrenic patients, 26179
cholecystokinin octapeptide into cerebral ventricles vs nucleus accumbens, d-amphetamine induced hyperlocomotion & stereotypy, male rats, 18468
clinical & psychological assessment & computer tomography, detection of cerebral ventricular enlargement & cognitive dysfunction, elderly patients with late paraphrenia, England, 12028
cognitive impairment & ventricular size & negative symptomatology, chronic schizophrenic inpatients, 5244
colloid cyst of 3rd ventricle, 42 yr old female with delusional depressive syndrome, case report, 8738
computer tomography scan abnormalities & pink spot diagnostic test & enlarged ventricle hypothesis of schizophrenia, literature review, 19089
cortical & caudate atrophy & ventricle brain ratio, schizophrenic patients with tardive dyskinesia, 23458
cortical atrophy & ventricular enlargement, schizophrenic patients, 11918
electrodermal responsiveness, schizophrenic patients with enlarged 3rd ventricle, 8563
enkephalin inhibitor kelatorphan icv vs into nucleus accumbens, intracranial self stimulation, male rats, conference presentation, 7859
enlargement of brain CSF ventricles, benzodiazepine dependent adults, 5519
extrapyramidal symptoms & ventricular size & cognitive deficits, schizophrenic 55–75 yr olds, 2–4 yr study, 26097
family history & obstetrical complications & neonatal health & increased cerebral ventricular size in infancy & adulthood, schizophrenic 16–49 yr olds, conference presentation, 1641
hemispheric ventricular size & tests of cognitive & psychomotor performance & sensitivity to neuroleptics, schizophrenic adults, 40082
hormonal & metabolic mechanisms in development of cerebral pseudoatrophy, anorexic or bulimic patients, conference presentation, 16138
icv neurotensin into mammillary body vs central amygdaloid nucleus vs other brain nuclei, passive avoidance behavior, male rats, 4483
illness severity & cerebral ventricle size, schizophrenic adults in state vs university hospital, 33149
infusion of D-alanine-methionine-enkephalinamide with vs without naltrexone into rostral region of 4th cerebral ventricle, acquisition of classically conditioned heart rate, rats, 21750
lateral ventriculomegaly, schizophrenia, meta analysis, implications for choice of controls in research design, 8702
low birth weight & cerebral ventricle size predisposing factors, adolescent offspring of schizophrenic vs healthy mothers, 19226
low birthweight & cerebral ventricular enlargement, adults at high risk for schizophrenia, Denmark, 12064
magnetic resonance imaging, determination of ventricle brain ratio & corpus callosum area, chronic schizophrenic adults, 19208
magnetic resonance imaging of corpus callosum & ventricles, schizophrenic patients, 19209
magnetic resonance imaging technique for measurement of brain & CSF & other intracranial cavity volumes, 20–60 yr olds, implications for aging, 24534
methodological issues in computed tomography vs magnetic resonance imaging research, assessment of cerebral ventricular system, schizophrenic patients, 33212
neurological & neuropsychological findings, 25–60 yr olds with leukoaraiosis, 26614
neurotensin into lateral cerebral ventricle, water intake, water deprived male rats, 39316
pirenzepine injected into lateral ventricles, spatial learning of water maze task, male rats, 18355
pregnancy or birth complications & cerebral ventricular enlargement, etiology of schizophrenia, 11968
progression of ventricular enlargement & increased cortical markings assessed by tomography, chronic schizophrenic patients, 8 yr followup, 5228
season of birth, ventricle brain ratios & sulcal prominence as assessed by computed tomography, schizophrenic adults, conference presentation, 15660
shift work & decision latitude & job satisfaction, ventricular ectopy EKG readings, prison personnel, Sweden, 2968
size of 3rd & 4th cerebral ventricles & ventricular brain ratio & neuropsychological performance, chronic schizophrenic male patients, 8708
somatostatin vs SMS 201-995 infusion to intracranial subarachnoid space, neurotoxic effects including ataxia & dysmetria & bradykinesia, male monkeys, implications for Alzheimer's disease, 21768
sulcal & ventricular enlargement, schizophrenic patients, 1675

ventricle brain ratio & positive & negative symptoms, patients with schizophrenia, 22605
ventricle brain ratio & response to neuroleptic treatment, positive psychotic symptoms during Amphetamine Challenge Test, 21–49 yr olds with schizophrenia or schizoaffective disorder, 26143
ventricle brain ratios & plasma cortisol levels, patients with bipolar affective disturbance, 5188
ventricle-brain ratios & 3rd ventrical size & frontal atrophy, 18–42 yr olds with borderline personality disorder, 33116
ventricular & cortical size, elderly with late paraphrenia, 29508
ventricular-brain ratio & life course of illness, patients with recurrent affective disorder, 8713
ventricular brain ratio & structural changes & prefrontal cortical markings & atrophy & CSF HVA, adult schizophrenic vs medical patients, 33039
ventricular size & plasma triiodothyronine, 15–32 yr olds with bulimia vs anorexia, 29995
WAIS & Wechsler Memory Scale performance & brain atrophy & ventricular enlargement, 39–93 yr olds with presenile vs senile dementia, 2082

Cerebrospinal Fluid
body weight, CSF 5-HIAA concentration, adult females with anorexia nervosa, 2033
CSF ACTH & cortisol levels, bulimic or anorexic 16–32 yr olds, 19522
CSF choline levels & acetylcholinesterase, familial vs nonfamilial Alzheimer's disease patients, 12428
CSF concentrations of 5-HIAA & corticotropin releasing factor, adults with Huntington's disease with or without depression, 16141
CSF corticotropin releasing factor-like immunoactivity, adult chronic pain patients with vs without major depression, 1499
CSF endorphins, opiate addicted adults during methadone maintenance vs detoxification vs opioid antagonist treatment vs drug free state, 20306
CSF GABA, Alzheimer patients & their spouses, 33615
CSF HVA & 5-HIAA & sodium & potassium & calcium & magnesium levels, adults with mixed bipolar disorder vs mania vs major depression, 22650
CSF MHPG & HVA & 5-HIAA & biopterin levels, patients with Alzheimer's disease with vs without extrapyramidal signs, 9098
CSF monoamine metabolites & corticotropin releasing factor & somatostatin, 21–55 yr olds with major depression, 5356
CSF neurochemistry, schizophrenic inpatients with vs without tardive dyskinesia, Taiwan, 33115
CSF somatostatin, patients with Alzheimer's disease vs major depression, 18996
CSF zinc levels, 40–80 yr olds with primary degenerative Alzheimer's type dementia, 16222
elevation of TRH in CSF, drug free 17–70 yr olds with major depression vs peripheral neurological vs somatization disorder, 15620
enlargement of brain CSF ventricles, benzodiazepine dependent adults, 5519
haloperidol, acetylcholinesterase in lumbar CSF, schizophrenic patients, 19957
HIV 1 antigen in CSF, prediction of dementia & progressive encephalopathy, 24–62 yr olds & 2 mo to 10 yr olds with AIDS, 26610
insulin levels in plasma & CSF during 24 hour fast & refeeding, male rats during glucose infusion, 21600
lithium, delta sleep inducing peptide in CSF, affective disordered patients, 6185
lumbar puncture for research, objective & subjective side effects, 6.5–19.8 yr olds with disruptive behavior disorders, 16729
magnetic resonance imaging technique for measurement of brain & CSF & other intracranial cavity volumes, 20–60 yr olds, implications for aging, 24534
neuropeptide V, CSF concentrations in humans & open field & home cage behavior in animals, adults with major depressive disorder vs rats, 8751
prealbumin & albumin & neural cell adhesion molecule size & regional concentration in CSF, patients with endogenous vs non endogenous depression vs mania vs schizophrenia, 22567
trifluoperazine, CSF & plasma HVA, schizophrenic adults, 16633
2 dimensional electrophoretic maps of CSF proteins, schizophrenic patients, 15742

Cerebrovascular Accidents
affective disorders, stroke patients, 30095
altitudinal neglect, 41 yr old female with Balint's syndrome caused by bilateral parieto-occipital infarctions, case report, 2102
animal models of ischemic stroke & experimentation with drug therapy, 35711
antistroke candidate MK-801, alterations in regional brain metabolism & comparison with PCP effects, male rats, 25287
assessment of subjective & objective memory impairment, 39–79 yr old stroke victims & their relatives & friends, 30004
auditory EPs & magnetic fields, detection of auditory cortical damage, male 46–63 yr olds with temporal lobe infarct, 37092
automatic calendar, day & date recall as assessment of mental function, 46–80 yr old stroke inpatients, 16881
bilateral cerebrovascular accidents, 35 yr old female with anorexia nervosa, case report, 22935
bromocriptine, presleep behavior & apathy & memory disorder, 38 yr old female with bilateral thalamic infarction, case report, 9497
cerebellar lesions or atrophy, intellectual & associative learning abilities, brain damaged 20–74 yr olds, West Germany, 29874
cerebral artery infarct in nonlanguage dominant hemisphere ipsilateral to preferred hand, 69 & 78 yr old males with crossed buccofacial apraxia, 9136
cerebrovascular accident, family relations, family caregivers of victim, literature review, 16066
clinical & autopsy data, 77 yr old male with aphasia & right hemiparesis due to ischemia thalamic infarct, case report, 9218
clinical & neuroradiologic manifestations, 71 yr old male with transient global amnesia & acute infarction in left thalamus, case report, 5652
clinical depression, right vs left brain damaged stroke patients, 2161
cluster analysis, validity of neuropsychological syndromes, 21–80 yr old right hemisphere stroke patients, 19507
cognitive skills performance & activities of daily living, adult stroke patients who were in vs not in remediation program, 41015
compensatory processes, conversational speech, right handed 54 yr old male with stroke & neologistic jargon aphasia, case report, 2090
concurrent & predictive validity & interobserver reliability of Canadian Neurological Scale, elderly acute cerebrovascular accident patients, 35109
construction & validity & reliability of functional assessment instrument, systematic individualized care planning, 30–96 yr old stroke patients, Sweden, 1 yr study, 38637
contingent negative variation as neuropsychological index of cognitive dysfunction, 45–88 yr old cerebrovascular patients with vs without dementia, 26549
cortical serotonin receptors, severity of depression, patients with right vs left hemisphere strokes, 2065
crossed aprosodia & double crossed agraphia after left hemisphere infarction, strongly right handed 59 yr old male & 78 yr old female, case reports, 30073
deficit in lateral spatial position coding, adult male with stroke induced left hemisphere temporal-parietal damage & constructional apraxia, 12480
degree of aphasia in postacute stage, severity of motor deficits, adult patients with ischemic stroke in left carotid artery, 14–122 mo followup, 19591

demographic & other characteristics, prediction of poststroke language recovery, patients with language impairment following right vs left hemisphere stroke, 33546
diagnosis & clinical symptoms & pathophysiology of depression, stroke patients, 5726
differential recovery of spatial deficits, 18 yr old male with right frontoparietal infarct, case report, 5749
disinhibition syndrome affecting speech with manic delirium like symptoms, 72 yr old female with right hemisphere thalamic infarct, case report, 1965
drawing ability at 2–4 vs 6–8 wks postonset, 35–85 yr olds with stroke & left vs right brain damage, 2136
EEG in differential diagnosis, 40–81 yr old patients with dementia of Alzheimer type vs multi-infarct dementia, 16237
etiology & risk factors for stroke & cerebrovascular lesions, patients with multi infarct dementia, 26587
etiology & treatment, poststroke depression, literature review, 19600
evolution of aphasia, 22–93 yr old left hemisphere stroke patients, 1 yr study, 19595
family & personal predictors of adjustment following stroke, outpatients in rehabilitation, 30805
frontal lobe brain damage from tumor or infarct, transient compulsions, 43–62 yr olds, case report, 5824
hypnotherapy, recovery of left arm function, female 66 yr old stroke patient, 40818
imagery ability deficit, 64 yr old male with left posterior cerebral artery infarction & possible anoxic episode, case report, 22919
impaired upper limb motor control & bimanual coordination & "alien hand" symptoms, female 58–75 yr olds with anterior cerebral artery infarction, case reports, 5724
impaired verbal comprehension & speech production with spared automatic speech & singing, 69 yr old female with infarct induced transcortical aphasia, case report, 9217
independent shoulder movement measuring hemispheric dominance for motor activation or intention, 35–80 yr olds with left vs right hemisphere infarcts, 29898
interaction between local & global visual orientation signals, right handed male stroke patients with right vs left hemisphere lesions, 2059
interrater reliability of National Institute of Health Stroke Scale, patients with neurologic deficits resulting from stroke, 38620
interrater reliability of Rey figure copying test, assessment of visuo-spatial ability after brain damage, 44–81 yr old stroke & medical patients, 7079
lateral tachistoscopic word-picture vs nonverbal shape matching performance, 50–74 yr olds with left vs right hemisphere stroke, 12481
left basal ganglia infarct, foreign accent syndrome without aphasia, 41 yr old female, England, 5657
left parietal lesion of vascular etiology, accuracy & temporal characteristics of handwriting, 54 yr old right handed male, case report, 40477
left sided posterior cerebral artery infarctions, confusional states, adult patients, 5616
left vs right hemispace closed loop movement RTs using left vs right arm, males with left vs right hemisphere cerebrovascular accidents, 29956
lesion location & affective status & physical impairment, prognosis of poststroke depression, stroke patients, 1 & 2 yr followups, 9167
line midpoint identification, 54 & 63 yr old males with left visual neglect consequent to cerebral infarctions, 12406
lithium augmentation, refractory depression after stroke, 62 yr old male, case report, 40773
local cerebral glucose metabolism, 53 yr old male with pure alexia secondary to acute cerebral infarction, case report, 9196
localization of brain damage using tomography, syntactic production & sentence comprehension, 60–68 yr olds with left hemisphere stroke & Broca's aphasia, 2144
location & depth of lesion, depressed mood, 43–78 yr olds with right hemisphere stroke, implications for rehabilitation, 33520
locus & extent of lesion, subtypes of language comprehension defect, right handed aphasic 35–70 yr olds with left hemisphere cerebrovascular accidents, 37176
memory deficits, 42 yr old male with ruptured aneurysm of anterior communicating artery vs patients with Korsakoff syndrome vs lesion induced amnesic syndrome, 11893
mental rotation vs imagery performance using numbers vs letters vs drawings, 56 yr old male with right hemisphere stroke & brain damage, implications for object recognition, 12383
methylphenidate, elderly patients with poststroke depression, 6160
mortality & quality of life & recurrence, 34–74 yr olds with reversibile ischemic attacks, 7 yr study, Denmark, 33648
multiple oral reading technique, 23–57 yr old dyslexic stroke patients, 20251
neuroendocrinological & neurochemical activity, patients with Alzheimer's disease vs senile dementia of Alzheimer type vs multi-infarction dementia, 9064
neuropathology & neurological & cognitive & affective functioning, right hemisphere stroke patients, 9040
neuropsychological performance & cerebral perfusion, 42–65 yr olds with unilateral subcortical vascular lesions recovering from aphasia & neglect, 23064
neuropsychological performance, 42–93 yr olds with mild or moderate Alzheimer's disease vs fluent & nonfluent stroke induced aphasia, 29856
nonverbal communication, aphasic stroke patients, 5789
norms of Bell Test, quantitative & qualitative assessment of visual neglect, patients with right vs left brain damage, 31545
pathogenesis of "nocturnal" & "diurnal" cerebral ischemic strokes, 35–69 yr olds with atherosclerosis &/or hypertensive disease, 19601
pattern of sentence production & language disruption, 55 yr old left handed female stroke victim, case report, 36982
patterns of verbal memory impairment in free recall tasks, elderly inpatients with multi-infarct dementia vs Alzheimer's disease, Italy, 33610
perceptions of & resources used in caregiving, family caregivers of 65 yr old & older stroke patients, 2646
perceptual dysfunction, self care, communicative long term stroke survivors, 33475
persistent denial of hemiplegia, 89 yr old female with infarct of right hemisphere subcortical lesions, case report, 2022
personal & family or caregiver variables, prediction of personal adjustment, stroke patients, 23013
post eclamptic intravascular disseminated coagulation & bilateral stroke, denial of cortical blindness & amnesia, 18 yr old pregnant female, case report, 29907
post-stroke mood disorder, literature review, 16108
poststroke depression & psychosis, 9037
poststroke major depression & pseudodementia, left vs right hemisphere stroke patients, conference presentation, 29871
progress in physical abilities & activities of daily living, 36–88 yr olds admitted to stroke unit, 9 mo followup, 37800
psychosocial factors & role of life events, pathogenesis of depression, 70–75 yr old chronic poststroke outpatients, 33461
psychosocial impact of stroke & prediction of risk for depression, primary support persons of 1st stroke patients, 6 mo & 1 yr followups, 5812
recognition & matching of familiar objects shown in rotated & angled photographs, 41–82 yr olds with stroke & left vs right hemisphere damage, 2047
recovery of attention span & verbal recall & full visual perception as indicators of cognitive functioning, 26–80 yr old stroke patients, 2153
rehabilitation, stroke patients, 9857
response to stimulation directed to other patients, right handed patients with severe right hemisphere stroke, 16030
selective impairment of phonation of laryngeal apraxia presenting as Broca's aphasia & speech apraxia, 47 yr old

male with left hemisphere cerebrovascular accident, case report, 22991
selective Kana agraphia, 52 yr old right handed male after cerebral infarctions, Japan, case report, 26429
sensitivity & specificity of Center for Epidemiologic Studies Depression Scale, screening for poststroke depression, elderly patients, 2 yr followup, 14152
sensorimotor integrative vs functional occupational therapy, patients with cerebrovascular accidents, 41028
sensory inattention & directional motor deficits & suppression of inappropriate eye movements to visual stimuli, 63 yr old male with left side visual neglect following right frontal infarct, case report, 9001
severe multimodal neglect syndrome & mutism & apraxia for right hand, 55 yr old male with right hemisphere stroke, case report, 26444
sex differences in incidence & severity & type of aphasia, 22–80 yr olds with left hemisphere stroke, Norway, 30099
sexual frequency & satisfaction & quality & interest & ability 6–18 mo after accident, males with cerebrovascular accidents vs fractured hip or leg, 16083
short term storage, long term learning, 26 yr old female with short term memory deficit after left hemisphere stroke, 22882
site of lesion vs reaction to disability, poststroke depression, rehabilitation inpatients, 29918
social work intervention, service provision & functional independence, 50–81 yr old depressed stroke patients, 37764
speech & language alterations, patients with multiinfarct dementia vs dementia of Alzheimer type, 9169
speech & language functioning, literate vs illiterate lusitanophone adult victims of unilateral stroke, Brazil & Portugal & France & Canada, 9122
speech pathology evaluation, articulation & language problems or voice & stuttering problems, patients with stroke or tumor or head injury, implications for speech therapy, 12461
speech therapy, relearning of English & Greek, 45 yr old professor with aphasia after stroke, case report, 27040
stroke severity & cognitive adaptation & social support, depression & motivation, 24–80 yr old poststroke patients, 30107
symptoms & neuropsychological findings & diagnosis of primary intraventricular hemorrhage, 25–79 yr olds, 1985
time estimation of verbal task vs unoccupied interval, 50–70 yr olds with cerebral atherosclerosis vs remaining manifestations of right or left sided stroke, 40480
turning away from side of lesion, 39–96 yr old males with frontal or inferior parietal lobe strokes, implications for delayed striatal dopaminergic hyperactivity after anterolateral cortical lesions, 26451
upward & downward saccadic gaze palsy & vertical pursuit & vestibulo-ocular reflex & neuropathology, 64 yr old male with unilateral midbrain infarct, 2101
verbal memory loss, 69 yr old male with subcortical white matter infarct, 12426
visual & perceptual motor performance, patients assessed 2 wks after stroke, 9045
visual agnosia in right visual field, 68 yr old male with left cerebral artery infarction, case report, 12351
visual monitoring, arm movement control, 55–72 yr old stroke patients, conference presentation, 19563
visuospatial & perceptual abilities, left vs right hemisphere damage stroke patients with vs without dysphasia, England, 33647
wheelchair obstacle course performance, right hemisphere stroke patient with vs without left spatial neglect, 30128
writing errors & visual imagery & letter identification, 65 yr old male with left parieto-occipital infarction & agraphia & Gerstman's syndrome, 19557
Cerebrovascular Disorders [See Also Cerebral Arteriosclerosis, Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents]
amino acid sequence of amyloid subunit, patients with hereditary cerebral hemorrhage with amyloidosis vs sporadic cerebral amyloid angiopathy, implications for Alzheimer's disease & Down's syndrome, 19498
conservative treatment, neurological & neuropsychological outcome & occupational status, patients with cerebral arteriovenous malformation, 23087
eosinophil induced neurotoxicity characterized by axonal neuropathy & dementia & cerebral infarction, 41 yr old male & 52 yr old female with hypereosinophilic syndrome, case reports, 2155
etiology & risk factors for stroke & cerebrovascular lesions, patients with multi infarct dementia, 26587
idebenone, brain monoamine metabolism in CSF, 57–81 yr olds with chronic cerebrovascular dementia, 40775
idebenone enhancement of cerebral metabolism, memory impairment induced by 4-vessel occlusion & cerebral embolization, male rats, animal models of cerebrovascular disturbance, 39425
lithium & amitriptyline, mood disorder, 70 yr old male with Binswanger's disease, case report, 30462
lithium & carbamazepine & surgical resection, 16 yr old female with right frontal arteriovenous malformation induced maniclike disorder, case report, 5866
neuro-ophthalmologic symptoms, patients with rostral basilar artery syndrome, 9143
neuropsychologically assessed cerebral organization, left handed 51 yr old with left middle cerebral artery infarct, case report, 2148
pattern reversal visual EPs, 6.9–13.2 yr olds with moyamoya disease with vs without posterior cerebral artery occlusion, 40513
place disorientation sparing time orientation, 68 yr old female with right carotid artery stenosis, case report, implications for diffuse encephalopathy & nondominant hemisphere functions, 22963
prevalence of cerebrovascular risk factors & prognosis, patients with transient global amnesia vs transient ischemic attack vs depressive neurosis, 32946
serotonergic & cholinergic neurotransmitter disturbances in subcortical & cortical grey matter, postmortem brains of 73–92 yr olds with severe vascular dementia, 40526
Certification (Professional) [See Professional Certification]
Certified Public Accountants [See Accountants]
Cervical Plexus [See Spinal Nerves]
Cervix
psychiatric symptoms, 25–72 yr olds with cervical cancer, 37084
psychosocial stress & coping style, females at risk for cervical carcinogenesis, 8983
radiotherapy &/vs surgery, sexual functioning, 26–65 yr old female cervix carcinoma patients, Hong Kong, 23522
Chance (Fortune) [See Also Statistical Probability]
choice strategies & betting patterns in Pennsylvania Daily Number game, adults, 28295
event characteristics, perception & qualities of chance vs luck, college students, Netherlands, implications for gambling, 31869
rating of distinctive psychosocial features & chance vs skill distinction of games, multidimensional gambling drive concept, college students, Netherlands, policy implications, 24486
role of chance events in strategic therapy, clients, 33802
Change (Organizational) [See Organizational Change]
Change (Social) [See Social Change]
Character [See Personality]
Character Development [See Personality Development]
Character Disorders [See Personality Disorders]
Character Formation [See Personality Development]
Character Traits [See Personality Traits]
Charisma
charismatic vs structuring vs considerate leader & low vs high productivity coworkers, performance & adjustment & satisfaction & role conflict in group task, college students, Canada, 27885
inspirational leadership behavior, 25833
similarity between romantic love & charismatic followership, views of M. Weber & F. Durkheim & Freud, 18966

Charitable Behavior
affective & moral evaluations, attitudes toward giving blood, graduate & college students & faculty members, 39919
attitudinal barriers in psychology & relation to lack of research on organ donation, commentary, 16742
cooperative vs individualistic vs competitive social value orientations, number of hours volunteered for worthy cause, male vs female college students, 25849
donor ambivalence in identification of kidney transplant donor, families with 15 yr old male & 5 yr old female with end stage renal disease, case reports, 9662
factor structure of public vs private self consciousness scales, blood donors, US vs Poland, 21125
foot in door paradigm & 1st request with cognitive set implying continuous involvement with vs fulfilled obligation to charitable cause, compliance with 2nd set, housewives, 10461
gifts as signals of intention to invest in relationships, 11730
inclusion of large anchorpoints &/vs legitimization of minimal assistance, compliance with requests for charitable contributions, heads of households, 10458
influence source strength & foot in the door vs door in the face technique, zoo donation compliance, community residents, test of social impact theory, 32802
informational & normative influences, blood donation, community residents, 39930
knowledge level of & attitudes toward organ donation, Black 16–67 yr olds, 20083
modeled candy donation to needy children with vs without justification, attitudes toward model & reported vs actual imitative altruism, 10–11 yr old males, India, 36175
quantity of enclosed vs promised cash reward vs contribution to charity vs chance at large cash prize, mailed survey response rate, respondents, 14057
role identity & reasoned action, prediction of intention & repeated blood donation, adult blood donors, 25838
social compliance techniques, promotion of charitable contribution, adults, 32826
telephone messages/prompts, return rates, 1st time blood donors, Canada, 6 mo followup, 37680
voluntary compliance in donation of time or money to public & nonprofit human service agencies, compliers vs noncompliers, implications for agency effectiveness, 27122
Cheating
attitudes toward & experiences with plagiarism & role of social comparison, college students, 20547
attitudes toward & history of & intentions about cheating, cheating on proctored vs unproctored examinations, 1st yr medical students, implication for honor systems, 17075
cheating rate on study guide assignments, college students, 24091
classification & degree of seriousness & practice of cheating, 10th–12th graders, 38174
construction of attitudes toward cheating scale, college students & faculty, 17307
correlates of tax evasion, taxpayers, 8836
opinions about cheating in medical education & practice, medical students, 38024
premedical & medical school environments, cheating & fraud & dishonest behavior, conference presentation, 30933
social comparison & inequity & tax audit occurrence & attitudes toward law & sense of alienation in computer business simulation, tax evasion, adults, 22769
Chemical Brain Stimulation
acute lithium carbonate, brain lipid peroxide level, rats, 32221
brain enhanced chemical delivery system of estradiol, body weight & food intake, lean vs obese rats, conference presentation, 25310
electrical vs chemical stimulation of superior colliculus, heart rate & BP & respiration, male rats, 4392
FG7142 kindling & decrease in seizure thresholds, anxiety & aggression, male rats, 28980
oubain vs ethnacrynic acid vs diphenylhydantoin, cerebral cellular sodium transport & dehydrational water drinking, rats, 35908
Chemical Elements [See Also Calcium, Calcium Ions, Chloride Ions, Copper, Helium, Hydrogen, Iron, Lead (Metal), Lithium, Magnesium, Mercury (Metal), Metallic Elements, Nitrogen, Nonmetallic Elements, Oxygen, Potassium, Potassium Ions, Sodium, Sodium Ions, Zinc]
accessibility of pyridine nitrogen atom & steric hindrance, perceptual similarity of substituted benzene & pyridine pairs, adults, 38794
cognitive development & thyroid related disorders & other physiological factors, 7–15 yr olds in villages with heavy vs normal water iodine levels, China, 16120
dietary carbon disulfide & carbonyl sulfide, food preference, female rats, 734
Chemistry [See Also Biochemistry, Neurochemistry]
basis for response evaluation in computerized instruction in organic chemistry nomenclature, students, 27589
questions requiring vs not requiring decisions vs informational statements, recall of chemistry test reading, high school chemistry students, 3149
sex, patterns of attrition & retention behaviors, chemistry & math freshmen college students, 13547
Chemoreceptors
accessibility of pyridine nitrogen atom & steric hindrance, perceptual similarity of substituted benzene & pyridine pairs, adults, 38794
pheromone pulse duration & repetition rate, temporal pattern of olfactory receptor neuron activity, male moths, conference presentation, 39095
removal of vomeronasal chemoreceptive organ, incidence of infanticide of conspecifics, virgin male rats, 4292
sex pheromone discrimination in 1st order olfactory center neurons, male moth species, conference presentation, 39132
Chemotherapy [See Drug Therapy]
Chess
game theory & representation in payoff matrix, game involvement vs solution & termination in local vs global games, highly skilled chess players, 28173
recall of random vs meaningful chess positions, strong vs weak male chess players, 348
RETRO expert system using heuristic models & analysis of past games, retrograde analysis chess problem solving, 13906
Chest [See Thorax]
Chi Square Test
calculation & interpretation of chi-square test, analysis of contingency tables, 14199
computation of chi square noncentrality parameter for power calculations in behavior genetics research, 169
misuses of chi square contingency table test statistic, 14227
sample size & number of grouping intervals & item discrimination & difficulty, minimum logit chi square estimation procedure in item response theory simulation, 31722
split-plot designs as extension of McNemar's test for correlated proportions, 10669
Chicanos [See Mexican Americans]
Child Abuse
ability to give accurate evidence in sexual abuse & other criminal cases, children, 11672
abuse & neglect & aggressive behavior by alcoholic father, development of neurotic disorders & antisocial behavior, 4–14 yr olds, Bulgaria, conference presentation, 36822
abuse, infants, 19th century, Australia, conference presentation, 5466
abuse or neglect, prevalence & prevention & treatment & cognitive development & academic achievement, children, literature review, 15850
abuse severity & attributional style & adjustment, sexually abused 5–16 yr olds, implications for PTSD, 33358
abuser & victim characteristics & family dynamics & economic factors & prediction of child sexual abuse & effects on victim & treatment issues, literature review, 16467
activities of Acorn Club, parenting skills & prevention of child abuse & neglect, mothers, 12768
age & ethnicity & sex & source of report & physical vs sexual abuse case substantiation, 12–17 yr olds, 12172

age & sex & type & characteristics of sexual abuse, 12 yr olds & under, 15836
age & sex of parent & child & circumstances & patterns of mistreatment & report & substantiation rates, abused children, 1965–85, 15860
age, symptomatology of PTSD, children who are victims of school related abuse, 33293
aggressive stimuli, cognitive control of emotion, abused 4–9 yr olds, 29732
antisocial behavior & interaction with adults & peers during play, sexually or physically abused 36–55 mo olds, replication, 33266
anxiety & depression & self esteem & behavior problems, female sexually abused 6–12 yr olds, 29697
application of U. Bronfenbrenner's social ecological hierarchy to prevention & management of physical assaultiveness, children & families, 23158
approaches to conjoint therapy, adjustment, family members or children or significant others of rape or molestation victims, 26735
aspects & consequences of childhood sexual abuse by mother, male 22–35 yr old victims, 36769
aspects of group counseling, adult females molested as children, 33923
aspects of sexual abuse in day care centers, 1–9 yr old victims, 40217
assessment & psychotherapy, physically abused 7 yr old female, case report, 26773
assessment of behavioral & environmental interactions, treatment of dysfunctional systems & child abuse & neglect, families, 9411
assessment of child abuse potential, prevention of child abuse & neglect, literature review, 27102
assessment of mental age & competency to give testimony & coaching, cross examination testimony in child sexual abuse trial, 15 yr old female, 1269
assessment of severity of child sexual abuse, 12128
attachment theory, intergenerational transmission of maltreatment, literature review, 36813
attitudes & relations with others in case & physical & mental health & other stress reactions, 18–80 yr old parents falsely accused of child or adolescent sexual abuse, 40258
attitudes about effectiveness of sex abuse prevention programs, 23–63 yr olds incarcerated for child sexual abuse, 37204
attitudes toward & approaches to sexually abused children, male vs female school psychologists & child guidance staff, 41192
attitudes toward & use of anatomical dolls in sexual abuse investigations, physicians & mental health & police personnel & 2–5 yr olds who had not been sexually abused, 13295
attitudes toward child care & discipline, college students, Hong Kong, implications for child abuse, 12183
attitudes toward child sexual abuse, social work & judicial system professionals, 5458
attitudes toward child victims of sexual abuse, male 21–54 yr old perpetrators, 33275
attributions of responsibility, treatment strategies in father–daughter sexual abuse cases, social workers, 13402
bands around extremities or appendages as possible sign of child abuse, 14 wk to 13 yr olds, case reports, implications for physicians, 19298
behavior & interaction between mother infant pairs, 7–24 mo olds from abusing & nonabusing 2 parent families, 33241
behavior problems, 3–12 yr old sexually abused vs nonabused children from psychiatric outpatient vs well-child clinics, 1785
behavior problems, 3–8 yr old sexually abused vs conduct disordered males, 8791
behavior, 4–17 yr old sexually abused vs nonabused children, 1774
behavioral & emotional indicators of child sexual abuse, hospitalized sexually vs physically abused 5–14 yr olds, 29716
behavioral & verbal memories of early traumatic events, children who suffered trauma before age 5 yrs, conference presentation, 12199
behavioral responses to anatomically correct dolls, sexually abused vs nonabused 5–8 yr old females, 40201
bodily & external world & inner world experience, sexually abused children, 33355
brief diagnostic group treatment, sexually abused 9–10 yr old males, 23267
characteristics & abuse, adolescents at crisis shelters for homeless & runaways, 33340
characteristics & history, treatment vs sentence, male child molesters vs general prisoners, Australia, 13269
characteristics & need for help during counseling training, adult female counseling students who were sexually abused as children, 17032
characteristics & reasoning & conditions of incident, reporting of child abuse, school psychologists, 41210
characteristics & treatment outcome, 17–48 yr old parents who completed vs dropped out of child abuse treatment program, 26710
characteristics of event & victim & staff member attitude, willingness to report institutional abuse or neglect, residential care facility staff members, 30756
characteristics of false reports involving child sexual abuse allegations, 12155
characteristics of social welfare programs & community based treatment, sexually abused children, New Zealand, 6355
characteristics of speech directed at child, abusive vs neglectful vs adequate mothers & their infants, 22690
chemical dependency, child physical & sexual abuse & intimacy dysfunction, implications for alcohol & drug rehabilitation, 15911
child & parental characteristics & stress in etiology of child abuse & cognitive & emotional sequelae, children, implications for prevention & early childhood special education, 34247
child abuse & neglect, India, 40214
child abuse & neglect, Nigeria, 12178
child abuse perspective on Munchausen syndrome by proxy, 13 mo old & 6 yr old females, 19048
child abuse, self identity, F. Kafka, 5449
child personal safety program in day care setting, prevention of child sexual abuse, 3–12 yr olds & their parents & teachers, 34243
child sexual abuse & juvenile prostitution, adult female former prostitutes, Canada, 1752
child sexual abuse & pornography, literature review, 40237
child sexual abuse prevention program, 1st–6th graders, 10103
child sexual abuse, psychological functioning, adult females, 8826
child sexual abuse, 4–9 yr old perpetrators, implications for caution regarding sexual play between children, 29693
childhood incest, development of borderline personality disorder, 19 yr old female, 36644
childhood intrafamilial psychological & physical abuse, long term psychological symptoms, college females, multivariate analysis, 15825
childhood physical & sexual abuse, PTSD symptoms, children & adult survivors of abuse with psychopathology, 33279
childhood physical abuse & sexual victimization experience, illicit drug use, 10–18 yr olds in juvenile detention center, replication, 33368
childhood sexual abuse, development of alcoholism, adult females, 5504
childhood sexual experiences & abuse, psychoanalytic theories of personality maturation, 1811
childhood victimization, desensitization in later life, college students, implications for victims' risk of becoming perpetrators, 40222
childrearing practices & approaches to discipline & marital discord, violent conflict in homes, 13–17 yr old males, 5415

clinical & radiological characteristics & sociocultural factors, 15 mo & 3 yr olds with battered baby syndrome, Jordan, case report, 29725
clinical & research utility of contextual approach to self appraisals, abusive parents, 26275

family mediation, divorce & child custody disputes, 1282
legal & psychological criteria for determination of child custody, South Africa, literature review, 1252
legal child custody issues in surrogate motherhood arrangements, 18821
limits of judicial authority in determination of legal parents in surrogacy cases, Baby M case & others, 18814
parents' unresolved developmental issues, alternation of residence between divorced parents' homes, female 13–16 yr olds in therapy whose parents divorced during their early childhood, 12749
perception of divorce & custody & visitation, 7–18 yr olds, 36163
professional & personal influences, child custody recommendations, lawyers & pediatricians & physicians & social workers & psychologists & psychiatrists & clergy working with divorce, 29212

psychiatric history & marital status & alleged reasons for marital separation, custodial status of children, 20–54 yr old parents in custody disputes, 22248
psychosocial correlates of pregnancy development & child custody disputes mediation, teenage mothers & their mothers, 12758
psychosocial discrimination in child custody proceedings, lesbian mothers, 32701
role & function in child custody disputes & issues of privileged communication & confidentiality, mental health personnel, 39801
single vs joint custody as result of divorce, emotional & social behavior, 6–15 yr olds, 36129

Child Day Care

after school activity programs, elementary through high school students, 6685
after school care in home with mother vs alone or with siblings vs with sitters vs at day care centers, social & academic & emotional functioning, 3rd graders, 4739
aggression & activity level & anxiety, 6 yr olds who had attended preschool group day care for 4 yrs or longer, Canada, 32467
aspects of child care system, Sweden, 30632
aspects of sexual abuse in day care centers, 1–9 yr old victims, 40217
attitudes toward national family policies including income transfer & child care & social service programs, family policy experts vs family service professionals vs community residents, 22184
attitudes toward parent clientele & their childrearing abilities, child day care workers, 20126
benefits & consequences of employer initiatives for child care, 31424
characteristics & attitudes, caregivers in licensed center based day care vs licensed vs unlicensed family day care homes, 1231
child care vs academic needs, children in university campus child care centers, 31063
child personal safety program in day care setting, prevention of child sexual abuse, 3–12 yr olds & their parents & teachers, 34243
concordant & nonconcordant attachment relationships to mother & caregiver, behavior in child care, 12–24 mo olds, 29137
consistency & continuity in child care policy, 20135
continuity between home & day care & interactions with mothers & childcare workers, social development, 2.7–4.5 yr olds, 18671
curricula on human diversity in mainstreamed day care centers, stereotyped attitudes & interaction, 3.9–5.5 yr olds with Down's syndrome or language delays or developmental disabilities, 20647
day care & maternal separation, attachment & emotional security social adjustment, infants, 25724
day care during 1st yr, infant mother attachment & social development, literature review, 22001
day care, intellectual & emotional & social development & family system, preschool age children, policy implications, 6327
day care, mother infant attachment & social development, commentary on literature review, 22009
day care, mother infant attachment & social development, commentary on literature review, 22055
day care, mother infant attachment & social development, commentary on literature review, 22066
day care quality & social problem solving skills & free play behavior, 4–7 yr olds, 8106
day care quality, peer interactions & social skills, shyness, 4 yr olds, 4 yr followup, 11530
day care, social development & mother infant attachment, commentary on literature review, 22064
developmental concerns & options & solutions for child care crises & lack of affordable care, US, 36300
early childhood education & evolution of day care & impact on development, 1967–87, 13439
early childhood programs, political & socioeconomic context & development, 1981–82, Costa Rica, implications for government policy, 18734
ecological systems view of context & continuity of experience from early childhood through development, analysis of intervention day care, preschool age children, 20134
economic issues, affordable child care & early childhood education, 29215
emotional interactions & socialization, 0.8–3.0 yr olds & child care workers in family day care homes, 32647
entrance into & amount of day care, reunion-with-parent behavior & teacher & parent rating of behavior & play interaction, 23–68 mo olds, 29126
etiology & epidemiology of human bite injuries, 2–80 mo olds in day care, implications for aggressiveness reduction, 40505
family structure & process & type of day care, language development, 2.5 yr olds & older, Canada, 18566
family systems approach, residential child care, 23686
friendship & acquaintance & interaction patterns, families of 18 mo to 5 yr old handicapped children in mainstreamed day care, 38186
functions of constructive vs destructive humor, child care workers, 22221
home rearing vs high quality day care since infancy & demographic & other factors, receptive & expressive language development & IQ, 3 yr olds, 40878
home vs out-of-home day care, development of social competence, 11–24 mo olds, longitudinal study, Sweden, 29147
household crowding, activity & social behavior at crowded day care center, 21–51 mo olds, South Africa, 25614
intended vs implemented daily activities & caregiving responsibilities, family day care providers, implications for child development & licensing, 40890
interactions in classroom based intergenerational program, 65 yr olds & older & 4–5 yr olds in day care, 34684
intergenerational child day care services, elderly, 40892
issues & guidelines for research & instruction related testing for student training purposes, children in campus based child care facilities, 31278
labor force participation, attitudes toward child care, working vs nonworking 20–40 yr old mothers, Israel, 32736
lack of policies & funding for comprehensive system of day care, infants & children, Canada vs US vs Europe, 36294
measurement pattern match based on questionnaire responses, construct validity of questionnaire for evaluation of child care program, hospital employees & administrators, 28108
metaphors of child care & relationship between child & worker, 37703
model for expanded role in work with parents & families in child care practice, practitioners, 34539
model to determine importance of cohesion & communication with day care, families with children in day care, 22218
nature & role & definition of love in client interaction, child care workers, 2631
one to one reading of familiar vs new stories, comments & questions, low SES 4 yr olds in day care centers, 11415
opinions about corporate supported child care benefits & policies, employed parents of preschool age children, 38409
options for provision of child care, business organizations, 20869
parenthood status & child care availability & husband's participation in child care, psychological well being, wives employed outside home, 11626
perceptions of family dynamics & day care, dual-earner couples with preschool aged children, 29234
phenomenological approach to child care, 23552
program evaluation, child care, 23551
reciprocity in relations between mothers & teachers & parents' childrearing, prediction of behavior at home vs in day care, 3 yr olds in day care, 20552
research on sexual abuse, children, implications for child care, 23562

residential child care, physical & intellectual & emotional & sociocultural challenges, lower caste children, India, 30648
routine nonparental day care, mother child attachment, infants, 15145
social & cultural & religious & political implications for & psychological trends in alternative child care, 36285
social orientation to adults &/or peers, 13–24 mo olds in day care, 29127
socio-cultural & historical roots of mother care, implications for present social policy & familial roles & relationships, US & Canada, 36288
subsidized vs private vs unregulated child care services, family functioning, families with child under 5 yrs old, 20123
temperament & day care provision by relative vs babysitter vs nursery, socioemotional behavior, 18 mo olds whose mothers returned to full time employment, conference presentation, 4709
therapeutic child care, promotion of psychological & emotional well being & competency & growth & development & professional & parenting child care, children & parents & child care workers, 15281
type of day care, preschool intellectual development & IQ level, low SES children, 21931
type of public vs home day care & age at 1st entrance, cognitive & socioemotional development, infants followed to 8 yrs old, Sweden, 40879
types & differential expression of affectionate behavior, 20–50 yr old day care teachers of male vs female 3–6 yr olds, 13444
uses of Sage Hill Behavior Rating System, assessment of competency, children in day care, 21039
workshop on human development, child & youth care, 23580

Child Discipline [See Also Parental Permissiveness]
corporal punishment as children & attitudes toward legislation banning corporal punishment, college students, US vs Sweden, 8241
differential patterns of parental punishment of female vs male older vs younger children, sibling aggression, 4th–7th graders & their parents, 4837
history of conflicting childrearing attitudes about physical punishment, 19th century, Australia & US, 1241
inconsistent parenting behaviors, conduct problems, 3.0–5.2 yr olds & their mothers, 33273
maternal employment & nature of occupation & family size, perception of disciplinary tone, secondary school children, Nigeria, 25384
mild vs harsh punishment vs violent abuse, criminal deviance, adult prisoners, 12145
parental disciplinary practices & mental disorder & SES, alcoholic vs depressed 18–49 yr olds, conference presentation, 8505
parental discipline & opinions of peers & family turmoil, aggression & delinquency, 12–17 yr old delinquents, 5385
parental discipline, coercive & antisocial behavior, male 6–8 yr olds from recently separated single mother families, application of structural model, 15142
parental positive reinforcement, deviant children, commentary reply, 26895
parental positive reinforcement vs time out, deviant children, commentary, 26909
participative & humanistic alternatives to controlled discipline in home & school, mental & physical health, children, 25591
physical oppression & deprivation under Nazi persecution, use of physical punishment & authoritarianism in raising children, Holocaust survivors, 22217
proactive vs reactive maternal behavior, development of compliant behavior & self regulation, 2 vs 3 yr olds & their mothers, 22189
self report of childhood disciplinary experiences & family environment, college students vs abused & nonabused adolescents, 12096
teaching vs scolding or spanking to control child's aggression, urban vs rural high vs low SES mothers of 2–3 yr olds, 1197
TV exposure, effect of parent adolescent cohesion & parental control on conceptions of social reality, 10–14 yr olds, 1118
validity & reliability of Compliance Test 1 & 2, assessment of compliance with parental instructions, 2–7.2 yr olds, 24642

Child Guidance Clinics
action groups vs social skills training, child guidance clinic outpatients, 23578
analysis of Florida's statutory guidelines for children's mental health & substance abuse services, 36320
maternal mental health & child behavior problems & social adversity in family, families of 2.5–16 yr olds attending child guidance clinic, 30656
origins of child guidance clinic & multidisciplinary team, emotionally disturbed children & adolescents & families, 16817

Child Neglect
abuse & neglect & aggressive behavior by alcoholic father, development of neurotic disorders & antisocial behavior, 4–14 yr olds, Bulgaria, conference presentation, 36822
abuse or neglect, prevalence & prevention & treatment & cognitive development & academic achievement, children, literature review, 15850
activities of Acorn Club, parenting skills & prevention of child abuse & neglect, mothers, 12768
assessment of behavioral & environmental interactions, treatment of dysfunctional systems & child abuse & neglect, families, 9411
behavioral techniques, modification of home cleanliness, families adjudicated for child neglect, 2439
characteristics of event & victim & staff member attitude, willingness to report institutional abuse or neglect, residential care facility staff members, 30756
characteristics of speech directed at child, abusive vs neglectful vs adequate mothers & their infants, 22690
child abuse & neglect, India, 40214
child abuse & neglect, Nigeria, 12178
counseling techniques, cathartic disclosure of abandonment or sexual abuse or other traumatic experiences, children or adolescents in group care, 23613
decision making in interdisciplinary teams, treatment of child abuse & neglect, mental health professionals & volunteer foster grandparents, 12579
decision making instrument, assistance to reporting agencies & individuals with child abuse & neglect case referral, 6 wk to 17 yr olds, 21066
development of community based intervention program based on social learning theory & applied behavior & ecobehavioral analysis, child abuse & neglect, 20128
diagnostic guide with emphasis on head trauma & ocular aspects, identification of child abuse & neglect symptoms, optometrists, 19325
duplicate reports of child maltreatment, implications for prevention & intervention, 36766
ecological & community factors, child abuse & neglect, 40266
ethical responsibilities & clinical limit setting, decision to report child abuse & neglect, psychologists, 27459
ethics & other issues in protection of young children from & by society, conference presentation, 37210
evaluation of bruising as basis for suspecting accident vs child abuse or neglect, hemophiliac 11 & 44 mo olds, case reports, 15856
examination of "violence breeds violence" hypothesis, abused children, literature review, 36811
fetal neglect & abuse, 33339
hospital based primary prevention program, child abuse & neglect, mothers, 16896
incidence & prevention, child abuse & neglect, 33738
language comprehension deficits, abused vs severely vs generally neglected 3–8 yr olds, 5397
MADRE parent education program, prevention of child abuse & neglect, Hispanic 17–55 yr old mothers at risk for abusive or neglectful behavior toward their children, 16793

MMPI cluster profiles, child abuse or neglect assessment & treatment planning, perpetrators, 26248
need for specialized investigation units as response to abuse & neglect in foster or residential care, children, 30661
neglect & emotional & physical abuse, attachment relationships, 12 mo olds, 36740
neglect & emotional and/or physical abuse, socioemotional development, 5–11 yr olds in day camp setting, 36762
neglect & family dysfunction, hospitalization, asthmatic children assessed by pediatric psychosocial personnel, 30715
overview of current knowledge & prevention strategies for psychological maltreatment & neglect, children, conference presentation, 22709
participation in triangle model of child abuse & neglect, perpetrator & victim & O, 15872
perinatal intervention program, enhancement of interactions & prevention of child abuse & neglect, parents & infants, 1795
practice principles for complying with mandated child protective reporting while maintaining confidentiality, treatment professionals, 34449
problem solving training, social insularity & negative affect & stress & anxiety, 50 yr old multiply distressed & abusive & neglectful mother, case report, 40904
psychoanalytic interpretation, emotional neglect & abuse in C. Dickens's "Little Dorritt", 953
recidivism data & evaluation of in home ecobehavioral approach to treatment & prevention of child abuse & neglect, families in Project 12 Ways service, 2695
regularly planned home visits, engagement in & attitudes toward parent training, involuntary 18–56 yr old abusive & neglective protective service clients, 34202
relationship between Child Abuse Potential Inventory & Parenting Stress Index, male vs female maltreating parents, 26246
relationship distortion, child maltreatment, low income families with child less than 4 yrs old, 33254
risk factors & issues concerning abuse & maltreatment & neglect, handicapped children, literature review, 12326
role in child abuse &/or neglect prevention, school counselors, 10245
sex & race & age & education & occupation & income & personal childrearing experience, perception of severity of child neglect, rural adults, 36797
social casework, failure to thrive & attachment disorder, 37749
social group work, emotional & social adjustment & self confidence & personality, severely neglected and/or abused children, 16830
strategies for international approach to child abuse policy development, 5395
summary of First European Congress on Child Abuse & Neglect, 1987, Greece, 5371
systemic abuse & neglect, runaway behavior & homelessness, adolescents, conference presentation, 1810
systemic interviewing & inclusion of school personnel in family therapy, 8 yr old neglected male & his parents & teacher, 2388
voluntary vs court ordered treatment, abusive & neglectful parents & their 1–6 yr olds, 5869

Child Psychiatric Clinics [See Child Guidance Clinics]

Child Psychiatry
administrative issues, psychiatric hospitalization, children & adolescents, 27196
analysis of Florida's statutory guidelines for children's mental health & substance abuse services, 36320
application of APA ethical guidelines for inpatient psychiatric care & client rights, children, 34280
attitudes toward methods of teaching child & adolescent psychiatry, medical students, 13318
attitudes toward required residency experiences & length of training, child & adolescent psychiatry program directors, 27453
carbamazepine, children with affective or behavior disorders or psychosis or episodic dyscontrol, literature review, 6138
characteristics of noncompliance & dropouts from epidemiological child psychiatry research, 8 & 13 yr olds, West Germany, longitudinal studies, 8537
characteristics, senior medical students specializing in child psychiatry, 3016
child & family factors, referral to child psychiatrist, 7–12 yr olds, 11958
child psychiatry training programs, Canada, 20387
clinical approaches in child psychiatry vs family therapy, 23127
coding system for staff & patient interactions, assessment of adherence to behavior management contingencies, 21–46 yr old staff members & 5–13 yr olds on child psychiatric unit, 37793
cost effectiveness of family therapy oriented child psychiatry, hospitalized 1–16 yr olds with psychosomatic or somatic disorders & their families, 11–15 yr followup, Sweden, 16866
crisis in manpower & recruitment & training & research, child psychiatry, 34446
demographic & diagnostic characteristics, 3–24 yr olds in child & adolescent psychiatric partial hospital programs, administrative implications, 27192
development of child psychiatry, 19th century, Great Britain, 16323
focal inpatient treatment planning, child psychiatric patients, 27204
future interfaces between child neurology & child psychiatry, 40547
general practitioner & parental attitudes toward referral to psychiatric clinics, 7–12 yr olds with behavior or affective or educational problems, UK, 34201
history of child & adolescent psychiatry, 23141
history of relationship between pediatrics & child psychiatry, conference presentation, 26752
hospital reimbursement issues for Childhood Disorder DRG, 27189
hospital stabilization & goal directed planning in brief hospitalization, child & adolescent psychiatric patients, 27227
hypnotherapy in child psychiatry, 16678
major developments & new approaches in child & adolescent psychiatry, 1930s to present, 12559
need for research on nature & treatment of psychiatric disorders in psychiatric units & hospitals, children & adolescents, 27237
open communication with parents, child psychiatrist, 2219
predetermined period of psychiatric hospitalization & parent training, treatment effectiveness, 7–12 yr old patients, New Zealand, 1 yr followup, 23678
prevalence of psychiatric disorders & need for treatment, school age children, Finland, 30182
prevalence of undiagnosed language disorders, 5–12 yr old psychiatric patients, 26047
primary mental health prevention, implications for child psychiatrists, Canada, 20137
promotion of mental health & prevention of mental illness as components of child psychiatry prevention, conference presentation, 5985
reliability & validity of Hebrew version of Schedule for Affective Disorders & Schizophrenia diagnoses, 11–18 yr old psychiatric inpatients, Israel, 24565
reliability of multiaxial diagnostic system vs traditional multicategorical diagnoses, assessment of psychiatric syndrome, child psychiatrists, Denmark, 8725
rhetoric of occupational therapy & child psychiatry, 40552
teaching child & family assessment skills, medical students in psychiatric clinical clerkship, 20345
transactional risk model based psychiatric hospital treatment, relations with important interpersonal environment, child psychiatric patients, 27248
validity of Chinese translation of Rutter Parent Scale A2 & Rutter Teacher Scale B2, bilingual teaching hospital staff, Hong Kong, 14183

Child Psychology
analysis of child psychology handbooks & trends in & history of child psychology, 959

attitudes toward research & training & clinical trends, pediatric & clinical child psychologists, conference presentation, 20413
characteristics of & satisfaction with inpatient consultations & referrals, physicians & nurses & social workers at pediatric hospital, 20198
clinical psychology interventions, children, 16272
content analysis of articles in "Journal of Pediatric Psychology", 1976–85, 19675
developmental vs problem oriented behavioral approaches to counseling, children, 2739
future directions of pediatrics & clinical child psychology, child psychologists & pediatricians, implications for training & research & clinical service, 34485
optional preschool visitation & journal keeping program, college students in child psychology course, 10099
primary care based pediatric psychology service, 6.4–13.3 yr olds with recurrent abdominal pain, 34149
psychological test usage frequency & systems level approach in diagnostic evaluations by clinical child psychologists, 5 & 10 & 15 yr olds, 1521
qualitative research methods in university campus child development laboratory schools, child development research & training of early childhood teachers, 30975
statistical methods in assessment of interobserver & diagnostic agreement in child psychology practice & research, 22597

Child Psychotherapy [See Also Play Therapy]
analytic therapy, attachment problems derived from overwhelming aesthetic impact, female child born with brain damage, 2295
analytic therapy, extreme dominance & difficulty, 3 yr old male & his mother, 2310
assessment & psychotherapy, physically abused 7 yr old female, case report, 26773
collaborative metaphor techniques using principles of M. H. Erikson, therapeutic child & family care, 16399
communication & containment in analytic relationship, ego changes, 7 yr old female analysand, conference presentation, 19751
compliance with prescription for psychotherapeutic counseling for child, parents of referred children, 1–2 yr followup, 30251
consultation & assessment & postponement of psychotherapy, 3 & 5 yr old sisters who had been sexually abused, 2258
definition of psychotherapy dropouts in child psychotherapy & problems of generalization, commentary, 26776
developmental aspects, transference & countertransference & termination, 5 yr old male, conference presentation, 19733
diagnostic classification & psychotherapy, children with psychosomatic disorders, 33856
dropouts & refusers in child psychotherapy, commentary reply, 26826
emergence of capacity to symbolize, language development & communication, 3 yr old male in analysis, 2249
historical & narrative discourse in psychotherapy, children, 5926
infant observation, training, child psychotherapists, conference presentation, 27450
interpretation of client's acting out as symbolic of repressed trauma, children & adult clients, 19744
methods of teaching data collection in child assessment within clinical supervision, social work graduate students, 38037
nonverbal psychoanalytic psychotherapy, withdrawal & attachment problems, 7–21 mo olds & their parents, 2267
parameters of psychotherapy, 26 mo old female & 7 yr old male, 33783
play in psychotherapy, autistic 5 yr old female & neurotic 9 yr old male, 2288
preventive adoption vs psychotherapy, development of schizophrenia, children of schizophrenic mothers, Finland, implications for psychoanalytic factors in etiology, conference presentation, 37267
psychoanalytic interpretation of genital impulses toward analyst's body, 4 yr old male analysand, 33778
psychoanalytic psychotherapy group vs inservice training seminar for infant observation, clinical training & practice, mental health students, 5992
psychoanalytic theory, psychotherapeutic limitations & possibilities, female 10–14 yr olds, 9348
psychodynamic & developmental functions of fairy tales & use in psychotherapeutic setting, children, 37321
psychotherapeutic resistance & process, passive 10 yr old male with pathological identification with mother, case report, 26788
psychotherapy, 8 yr old male with brain damage due to surgical removal of malignant brain tumor, case report, 26786
PTSD & crisis intervention & other treatment & placement issues, 1.5–14 yr olds whose fathers killed their mothers, England & Wales, 26688
self psychology treatment approach, self containment, 9 yr old female & 13 yr old male, 33764
strategic therapy, female 10 yr old with psychosomatic complaints & 8 yr old with compulsive behavior, 9395
therapeutic context & techniques as conditions of change, child psychotherapy, 37272
transference & countertransference in psychotherapy, children & adolescents, 5921
validity of psychoanalytic reconstruction, 35 yr old female & 11 yr old daughter, 40603

Child Self Care
after school care in home with mother vs alone or with siblings vs with sitters vs at day care centers, social & academic & emotional functioning, 3rd graders, 4739
age & sex, utilization of community telephone service providing support & information & assistance, latchkey children, 2704
demographic characteristics & self care variables, adjustment & anxiety & social ability & behavior problems, latchkey children aged 8.5–12.4 yrs old, 32510
issues of & suggestions for research on school age child care, latchkey children, 36273
self care arrangement & impact on development, children, commentary, 32478
self care preparation & emotional reactions & adjustment & injury-risk prevention, latchkey children, 32659
social relationships & child's age, satisfaction with child self care arrangements, mothers, 32626
societal & developmental influences on self care, children & their families, 32660

Child Support
husband's ability to pay & child support awarded & wife's economic status, divorcing husbands & wives who had vs had not been teen mothers, 39836

Child Visitation
child visitation, Black vs White separated fathers, 15291
determinants of frequency of visits to children placed in foster or adoptive care, parents, implications for treatment planning & visiting policies, 15287
divorce & subsequent custody & visitation patterns, family restructuring, children, literature review, 4846
factors influencing decision to initiate or renew access to child for non custodial parent, clinicians in disputed family court cases, 39810
frequency & regularity of visitation in recently separated families, adjustment, children in custody of mother, 8111
geographic proximity & other factors, interaction with grandchild following adult child's separation or divorce, grandmothers, implications for service delivery, Canada, 1215
perception of divorce & custody & visitation, 7–18 yr olds, 36163
perception of frequency of child visitation with noncustodial parent, assessment of noncustodial parent & child relationship, single fathers vs mothers, 29232
problems & importance of mother child contact & visitation, incarcerated mothers & their children in foster care, 37939

Child Welfare
case manager home visitor model, health care delivery, low income families with handicapped &/or developmentally delayed or at risk children, 40937
causes of & strategies to prevent & cope with burnout, workers in children's agencies, 38014
computerized expert systems, protective services intake decision making, child welfare workers, 16846
decision making in interdisciplinary teams, treatment of child abuse & neglect, mental health professionals & volunteer foster grandparents, 12579
development & reliability & validity of Care Roles Attitude Questionnaire, assessment of attitudes toward professional roles in child care services, college students, Australia, 35141
epidemiology of psychopathology, 21 yr olds followed from birth with history of child welfare interventions or who had lived in social institution, Finland, 16849
ethics & other issues in protection of young children from & by society, conference presentation, 37210
family based child welfare services in public agencies, treatment & prevention of problems & family dissolution, troubled children, legislative & financial implications, 34208
home based family centered community program, child care counseling, families at risk of apprehension by protective services, 23574
Intergenerational Support System program, child welfare families, conference presentation, 40896
issues surrounding role in foster care & protective service system & therapeutic relationship, therapists, 13386
management of feelings in dealing with incompatible demands & decisions, child welfare workers, 23904
occupational stress, casework decision making, 24–60 yr old child protection workers, 38006
prevalence of psychiatric disorder & family dysfunction & perceived need for professional help, utilization of & expenditure on child welfare & mental health services, 4–16 yr olds, Canada, 16783
ratings of likely emotional trauma to victims of child sexual abuse by another child, child welfare workers, implications for training & investigation guideline development, 34260
review process of institutional placement decisions & protection of client's rights, children, Canada, 6456
source of sexual child abuse reports & age & sex & ethnicity of victim, decision to substantiate report, New York State Child Abuse & Maltreatment register, 16829
validity & reliability of Child Well Being Scales, assessment of child welfare service programs, commentary, 21134
young offender & child welfare & mental health caseload overlap, juvenile delinquents, Canada, 9919
Childbirth [See Birth]
Childbirth Training
failure of government sponsored obstetrics training courses, Mayan midwives, Mexico, 6 commentaries included, 34483
hospital or community based antenatal classes, knowledge & anxiety & confidence, primiparous females, 37631
imagery assisted relaxation vs prepared childbirth class, anxiety & labor & delivery pain & neonate's health, 18–33 yr old primiparous females & their babies, 9638
instructions to monitor contractions & LaMaze classes, coping with pain & negative moods during labor, 17–41 yr old females in childbirth, 30598
maternal characteristics & family resources & neonatal morbidity, mothers who did vs did not receive prenatal care, 20052
maternal characteristics & family resources & parenting behavior in neonatal intensive care unit, mothers who did vs did not receive prenatal care, 20053
Childhood Development [See Also Early Childhood Development]
academic ability & sex & SES & race, development of career preferences, 11 yr olds followed through age 17, 36141
age & task dependent development pattern, compositional strategies drawing, 3–14 yr olds, conference presentation, 11393
age, drawing development assessed by Goodenough Harris Draw A Person Test, 5–8 yr olds, 11439
age, nature & continuity of aggressive confrontation & physical conflicts & correspondence of evaluations by self vs others, 4th–7th graders, 6 yr study, 22005
age of ownership of 1st pet, self concept, male vs female college students, 22425
agreement on childrearing attitudes & values, child intellectual development & psychological functioning, mothers vs fathers of male vs female 11–24 mo olds, Sweden, 25483
applied child development vs teaching machines, educational reform, commentary, 38040
attachment theory, attachments & affectional bonds beyond infancy, conference presentation, 25551
birth order, motor activity level, children followed from birth to 8 yrs, 36034
caregiver attitudes toward parental childrearing, cognitive & language & social development, 3–5 yr olds in day care & their mothers, 35987
child & family sociodemographic variables, Metro Manila Development Screening Test performance, 1 mo–6.5 yr old chronically ill children, Philippines, conference presentation, 40059
child development at home vs school, academic learning, Black & Hispanic & Native American children, 38142
childhood development & learning & understanding & museum design, 18506
childhood development, research agenda & nature vs nurture question & social policy, 25388
childhood effeminate behavior, adult homosexuality, males followed from age 2, 10 yr followup, 18853
childhood peer relationships &/vs home life, schizophrenic vs depressed vs paranoid vs cyclic psychiatric patients, implications for treatment & early intervention, 5178
childhood stress, longevity, prehistoric remains of adolescents & adults, implications for use of dental enamel hypophlasia, 22398
childrearing practices, moral development, 1129

thinking & learning, children, implications for family therapy, 32406
trends in research of humor development, children, 35991

utility of Pediatric Early Education Exam, neurodevelopmental assessment, inner city males with behavioral disorders, 26255
validity & interobserver reliability & internal consistency of Kansas Infant Development Screen, 18–69 mo olds, 17592
Childhood Memories [See Early Memories]
Childhood Play Behavior
affordance perspective on psychological resources & functional properties of children's environments & outdoor activities, 39632
age & positive vs fearful message associated with toys, referencing behavior toward parent during stimulus presentations & free play, 6–22 mo olds, 11532
age & sex, social behavior in dyadic play, 3–4 yr olds, 18647
age, preference for same vs cross sex friends & social interaction & skill level, early vs late toddlers vs preschoolers, 8108
age, spatial grouping during spontaneous block construction, 1–4 yr olds, 1047
attachment classification & disposition toward inhibition, shifts in play with toys vs mothers vs peers, 40 mo olds, 15196
behavioral responses to anatomically correct dolls, sexually abused vs nonabused 5–8 yr old females, 40201
biotic vs abiotic settings of reconstructed schoolyard, play behaviors & attitudes, male vs female elementary school students, 18523
brain neuroendocrine events & sexual differentiation of CNS structures, social play, juvenile animals & children, 4130
child centered group play sessions & gender differences, self control & free play & sociometric ratings, bilingual Puerto Rican 3–6 yr olds, 30316
cognitive functioning & symbolic play behavior, 1.3–5.2 yr olds with mild vs moderate mental retardation vs autistic-like symptoms vs language disorders, 32973
cognitive play behaviors in natural & built-refuge play yard settings, preschoolers, conference presentation, 18666
competi[illegible]picture making task, interest in peers' work & delayed free play task interest measuring intrinsic motivation, 4–5 & 9–10 yr olds, Israel, 32480
contingency statement & time out vs verbal prompts, violent or aggressive play behavior, 3–5 yr old preschool students with behavior disorders in mainstream classroom, 10231
contingent access to free time & play materials, academic motivation & math performance, 6–9 yr old autistic females & males with serious behavior disorders, 20625
curiosity & mastery motivation during structured tasks & free play, physically handicapped 3.5 yr olds, 1 yr follow-up, 12420
day care quality & social problem solving skills & free play behavior, 4–7 yr olds, 8106
development of social coordinations in play behavior, 16–32 mo olds, longitudinal study, 22014
developmental sequence of social pretend play & relation to social play, 14–38 mo olds, 22029
diagnostic & therapeutic roles of rough & tumble play, prediction & prevention & remediation of aggression, elementary school students, implications for health care, 2218
differential reinforcement in individual or social context, self reported vs actual number of toys used in play, 3–5 yr olds, 39615
duration of free play periods, social & cognitive levels of play, 4–5 yr olds, 29114
dyadic play styles of 22–44 yr old mothers vs fathers vs 2.3–7.8 yr old siblings, cognitive development, infants assessed from 12–18 mo old, 18622
E & S verbalizations in correspondence training, play behavior with toys, 4 yr olds, 19879
educational value of rough & tumble play, elementary school students, 3238
entrance into & amount of day care, reunion-with-parent behavior & teacher & parent rating of behavior & play interaction, 23–68 mo olds, 29126
extent of involvement in fantasy related activities in early childhood, hypnotizability, 6–18 yr old cancer patients vs healthy 6–12 yr olds, 26556
factor structure of Smilansky-Parten matrix of play behavior, 2.2–5.6 yr olds, 17691
function of educational psychologists in toy libraries, families with handicapped children, 3316
functional vs construction vs dramatic vs rule governed play materials, dyadic interaction with nonhandicapped peers, autistic vs behavior disordered 5–18 yr olds, 11940
history & theory & practice of play interview therapy, 5 & 7 yr old females & 13 yr old male with fears & personality disorders, conference presentation, 40611
humor & play, coping with stress of illness & hospitalization, children, 37778
improvised musical play intervention technique, social play, developmentally delayed & nondelayed 3–5.5 yr olds in mainstreamed settings, 31208
integrated day care vs segregated special education settings, play behavior, hearing impaired 3.5 & 5 yr olds, 20595
interactive effects of social competence & other personal & environmental variables, effect of playground design on play behavior, children, 18527
intrapsychic & behavioral correlates, 3.8–5.2 yr olds with imaginary companions, 36159
make believe play vs verbal mode context & syllogisms, deductive reasoning, 5.2–5.8 vs 6.2–6.8 yr olds, 4588
maternal attention directing behavior, joint attention interactions in toy centered play, 12 mo olds with Down's syndrome & motor-age-matched preterm infants & their mothers, 22854
microcomputer in preschool classroom, free play choices & social interaction in large vs small classes, male vs female 4.2–5 yr olds, 3235
mother infant interaction & play behavior, middle income working mothers & their infants assessed from 1 mo to 2 yrs, 4838
mother vs father child play, handicapped twin males assessed between age 5 & 35 mo & their parents, 2067
motor activity & environmental interactions in natural play environment, blind vs partially vs fully sighted children, 40495
new tire playground, play attitudes & behaviors, K–3rd graders, 18528
object exploration & play, handicapped vs nonhandicapped 6 & 11 mo olds, 36523
object use & play styles in peer culture, 3–5 yr olds, 29121
organization & complexity of dyadic play, 3 vs 4.5 yr old males vs females, implications for Piagetian notions of development of planning & symbolic representation, 8096
parental involvement & social interaction & play patterns with feminine vs masculine vs neutral toys, parent child interaction, 18–23 mo olds & their parents, 22171
patterns of friendship within mainstreamed play groups, 4 yr olds with mild developmental delays &/vs nonhandicapped 3–4 yr olds, 1934
peer communication interventions based on social & play skills research, handicapped & nonhandicapped children in developmentally integrated settings, 16917
play & learning in 2 ponds connected by creek, children, 18522
play & symbolic expressive behavior, mastering developmental & critical experiences during hospitalization, children, implications for health care workers, 2823
play activities in early special education intervention programs, intellectually disabled children, 20616
play as assimilative exercise from transcultural perspective, 15193
play behavior & thinking strategies, learning & writing skills, children, 32391
play behavior, emotional adjustment, patients in pediatric bone marrow transplantation unit, 2610
play behavior requiring object transformations of toys vs objects, language impaired 37–49 mo olds, 16016
play behaviors, survival & preparation for adulthood, street children 5–17 yrs old, Colombia, 18700
play, cognitive development, literature review, 11384

play initiation training, social interactions with nonhandicapped peers, autistic or severely mentally retarded 4.8–6 yr olds, 37431
play leadership & following, young children, classroom implications, 11528
play material in ability integrated classroom, social & object related interactions, 22–26 mo olds with vs without Down's syndrome, 17261
play, physical & psychosocial & cognitive development, children, implications for parents & teachers, 961
play production & arrangement of toys, 10.3–11.6 yr old psychiatric patients in residential treatment, 1621
play skills, 4–6 yr old males with vs without sensory integrative dysfunction, occupational therapy implications, 33481
play with anthropomorphic vs nonanthropomorphic toys, verbal behavior, 5 yr old females, 39544
play with building blocks, physical & emotional & social & intellectual & intuitional development, children, 11462
play with mother vs familiar peer vs alone, skilled object play, 18 mo olds, 6 mo study, 39686
playground behaviors, prediction of peer status, preschoolers assessed over school yr, 4702
playground designed to accommodate risk taking needs, children, Norway, 21891
playing experiences in asphalt yard vs tire playground, artistic dimensions of drawings, K–3rd graders, 39468
preferences for parent vs parental play style, male 34–36 mo olds & their parents, 39666
prenatal exposure to medroxyprogesterone acetate vs synthetic progestogens &/vs estrogens vs pregnancy complications, sex dimorphic play behavior, 8–14 yr old males vs females, 19574
presence or absence of toys &/or barrier, social involvement with peers, 27–33 mo olds, 18669
psychoanalytic vs developmental theories of play, children, conference presentation, 25553
quality of mother child relations as observed during free play, mirror behavior, 6–38 mo olds, conference presentation, 4697
research methodology in studying role of play in health care settings, 2653
role of play & toys in inpatient & ambulatory units & home health care settings, 2659
role rehearsal/reversal & indirect medical play & fantasy play & medical art in health care setting, children, 2630
same age vs 48–67 mo old partner, social pretend play, 17–34 mo olds, 1090
self reported favored childhood games & toys & activities, male vs female college students in technical & engineering fields, implications for school counselors, 34853
SES & structured vs unstructured play & ordinal position, prosocial interaction, 4.5–10 yr old sibling pairs from married vs divorced families, 36152
sibling number & sex, play & peer directed behaviors, male vs female 32–66 mo olds with vs without siblings, 25657
social competence & rough & tumble play, K–4th graders, 8147
social context & real vs fantasy situation, physically assaultive behavior during dyadic free play, male vs female disruptive 7.1–9.1 yr olds, 19313
social interaction & imitation during play, mainstreamed Down's syndrome & mildly mentally retarded preschoolers & their nonhandicapped peers, implications for intervention programs, 15591
social interaction during social pretend vs nonpretend activities, 4–5 yr olds, 15157
socialization personality vs biological vs cognitive factors in gender differentiation, peer groupings & play styles & social influence, male vs female children, 8124
sociocultural factors & competition in games, female elementary school students, 36138
sociodramatic script training with role exchange & teacher prompting, social & communicative interaction in structured free vs theme directed play, normal & language delayed 3.7–6.7 yr olds, 20464
spatial density of free play area, social behavior during play, 3–4 yr olds, 18641
spontaneous & instructed & elicited play, relatively able autistic or learning impaired 5.8–15.7 yr olds, 12002
stability of temperament ratings & play interaction behavior, 3–20 mo olds, 4680
structured social interaction, play behavior in integrated preschool classrooms, 3–6 yr olds with mild to moderate mental retardation & behavior disorders & physical impairments, 20615
sucrose consumption, locomotion & task orientation & paired associate learning, 3.9–5.1 yr olds, 35997
symbolic play, child's social & emotional & cognitive development & family relations, parents & their children, 25613
symbolic play intervention, trainable mentally retarded 5.4–10.2 yr olds, 34746
taped vs live observations, coding of child's behavior & reactions & reactor, 19–31 yr old Os & 18–36 mo olds, 25584
teacher interpretation of classroom play vs deviant behavior, 2nd vs 4th vs 7th graders & their teachers, 31160
therapeutic play environment & symbolic play, hospitalized handicapped 2–13 yr olds, 2779
types of leadership relations in play groups & games, children, 18691
visual attention during toy centered play with vs without maternal involvement, high vs low risk preterm infants, 16143
2 wk &/vs 3 mo repeat intervals vs single play experience, event reenactment, 24 & 28 mo olds, 25453

Childhood Play Development

age & sex & classroom environment & play props, play behavior, female vs male 3–5 yr old preschoolers, 24105
development of pretend play with objects measuring decentration & decontextualization & integration, 2.4–4.6 yr olds with Down's syndrome, Japan, 36934
developmental sequence of social pretend play & relation to social play, 14–38 mo olds, 22029
free play observation & development, normal infants & normal or mentally retarded or autistic children, applications to nursing research & practice, 27070
habituation & maternal encouragement of attention, prediction of language & play & representational competence development, 5 mo olds, 8 mo followup, 32361
maternal directiveness & affective tone, cognitive development & competence & play, 3 yr olds & their mothers, 36052
modeling & contingent praise of play behavior by mother, generalized imitation in motor responses during play, male 10 mo olds & their mothers, 15102
parental responses to sex typed toy play, development of sex labeling schema & stereotyping & sex typed behaviors, male vs female 1.5 yr olds, 9 mo followup, 32490
philosophy & practice in traditional preschool program, social play development, 4–5 yr olds in middle class suburban private vs lower class inner city public school, 41259
play development & enhancing dramatic play & self development, hospitalized children, 2773
playground skills, mainstreamed moderately mentally retarded 6–11 yr olds, Canada, 17292
quality of attachment to mother, social responsivity in free play with mother & peer, 2 yr olds, 3 yr followup, 25628
social & dyadic & other mother child interaction & communication, child referential language & pretense play, mothers & their 13 mo olds, 39479
sociometric status, entry play behavior & group interaction, 1st vs 3rd vs 5th graders, 22052
structured modeling vs mother child play, development of pretend actions, 16–61 mo olds with Down's syndrome, 15999
symbolic play & cognitive development through interhemispheric integration & specialization model, children, literature review, 15134
symbolic play development & interactions with their adolescent or mentally retarded mothers, toddlers, 16007

transition from sensorimotor to representational functioning, object & social play development & cognitive ability, 2.3–7.8 yr olds with Down's syndrome, 36908
Childhood Psychosis [See Also Childhood Schizophrenia, Early Infantile Autism]
diagnosis of childhood psychosis, patients, 15–20 yr study, 11939
phenomenology & classification, 2–15 yr olds with autism or schizophrenia or other psychotic disorders, 5352
rehabilitation based on vulnerability stress paradigm, psychotic juveniles, conference presentation, 20257
Childhood Schizophrenia
parental communication deviance, 7–13 yr olds with schizophrenia vs schizotypal personality disorder vs major depression vs dysthymic disorders, 15616
premorbid adjustment & onset patterns & severity of impairment, 7–13 yr old inpatients with schizophrenia vs schizotypal personality vs dysthymic disorder vs major depression, 15614
prevalence of schizophrenia, male vs female children & 7 & 9 yr old males with co-occurring Tourette's syndrome, 29983
symptom development, schizophrenic children with onset before 10 yrs of age assessed from birth to 12 yrs, 15808
Childlessness
historical review of racial differences in fertility & childlessness, Blacks vs Whites, 1800s to present, 39754
lack of societal roles, life satisfaction & social support, 65–94 yr old childless widows vs single females, implications for social work, 32582
life satisfaction & adjustment, infertile adult females without children vs mothers with subsequent infertility in in vitro fertilization program, 12349
opinion on possibility of change & social desirability of kindergartners' vs adolescents' personality traits, mothers vs nonmothers, Japan, 15218
Childrearing Attitudes
age & number of children, childrearing expectations & developmental knowledge, adolescent or adult pregnant females vs mothers enrolled in family support program, 21904
agreement on childrearing attitudes & values, child intellectual development & psychological functioning, mothers vs fathers of male vs female 11–24 mo olds, Sweden, 25483
agreement on childrearing values, style of interaction within marriage & with sons vs daughters, mothers vs fathers of 5 yr olds, 2 yr followup, 1214
attitudes & knowledge & beliefs about breast & bottle feeding, 16–41 yr old mothers with mixed racial backgrounds, South Africa, 32629
attitudes toward parent clientele & their childrearing abilities, child day care workers, 20126
attitudes toward pregnancy & early infancy, 20–40 yr old primiparous mothers & their infants, Sweden, 15315
beliefs about influence over cognitive & social development of their male vs female 4–10 yr olds, mothers vs fathers, Australia, 18667
childrearing attitudes, Chinese vs Chinese American vs Anglo American mothers, Taiwan vs US, 4831
childrearing beliefs, mothers vs day care providers, Mexico, 15289
childrearing expectations, professional vs low income nonprofessional parents of preschool & primary grade students, Hong Kong, 8270
cross cultural differences in value of children, childrearing attitudes & behavior, parents, Asia vs US, 11616
family planning policy with one child maximum, parental childrearing attitudes & child development & behavior problems, male vs female 3–6 yr olds with vs without siblings, China, 15221
feeding issues & feeding practices & infant age, use & type of help, 17 yr old & older mothers, 32663
fertility patterns & level of agreement on value of children, once married couples, 1206
historical use & structure & content of questionnaires on parental attitudes toward childrearing, meta analysis, 35220
history of conflicting childrearing attitudes about physical punishment, 19th century, Australia & US, 1241
life stressors & perceptions of child adjustment & conduct problems & parenting behaviors, depressed mothers & their 3–8 yr olds, 1734
marriage & childrearing attitudes & behaviors, females in American vs Japanese vs cross national marriages, Japan, 8263
maternal attitudes of sharing & autonomy & restriction & demand, children's self perceptions, 25–41 yr old mothers from Kibbutz vs urban environments & their 5.8–6.2 yr olds, Israel, 25626
maternal control style & sensitivity & childrearing attitudes, attachment security, mothers & their infants observed at 12 & 20 mo old, 1213
maternal employment & nature of occupation & family size, perception of disciplinary tone, secondary school children, Nigeria, 25384
maternal employment, adjustment & perceptions of child rearing, 7th–12th graders, 22037
mother's behavior & knowledge in supervisory role, social skills, high vs low social status preschoolers & their mothers, 8247
opinion on possibility of change & social desirability of kindergartners' vs adolescents' personality traits, mothers vs nonmothers, Japan, 15218
parental childrearing attitudes, insecurity & dependence, 17–19 yr olds, India, 22044
patient personality traits & parental childrearing attitudes & practices, 5–19 yr old hemophiliac males & their parents, 6 yr followup, 33594
perceived social norms & preferences for division of paid work vs housework vs child care between husband & wife, male vs female college students, Japan, 25812
reliability & construct validity of Childcare Attitude Inventory, correlation with child abuse potential, parents, 28088
self reported childrearing attitudes & practices & actual child management, affective attitudes toward child & child's cooperation/resistance during interaction, 16–44 mo olds & their mothers, 22194
SES & early bottle vs breast feeding, childrearing attitudes, mothers of 7–11 yr olds, Canada, 39763
social support & depressive symptoms & developmental expectations & childrearing attitudes, mothers aged 16 yrs old or younger vs 17–19 vs 20–25 yrs old, 39663
theoretical framework of dysfunctional parental rearing practices & attitudes, development of psychopathological manifestations, implications for cross cultural differences, conference presentation, 22479
value of children & transition to parenthood, adults, 22181
Childrearing Practices [See Also Child Discipline, Parental Permissiveness, Toilet Training, Weaning]
adolescent aggressive & parental controlling behaviors in context of family interactions & traitlike measures of adolescents' general functioning, 9–14 yr olds & their parents, 11487
advances in childrearing practices & child abandonment in historical perspective, development of famous writers & scientists, 1600–1987, application of L. DeMause's evolution of childhood, 1209
aggressive vs punitive parenting, antisocial behavior & prevalence of annoyance vs affection & egocentricity, middle aged males first studied at 5-13 yrs old, conference presentation, 8820
attachment theory, intergenerational transmission of maltreatment, literature review, 36813
attitudes toward child care & discipline, college students, Hong Kong, implications for child abuse, 12183
attitudes toward childrearing practices & family life, alcoholic vs nonalcoholic male veterans, 12257
caregiver attitudes toward parental childrearing, cognitive & language & social development, 3–5 yr olds in day care & their mothers, 35987
changing evironment, infant care practices, parents & infants, Italy, 15302

childrearing & cultural meaning & life satisfaction, mothers, Japan, 18809
childrearing advice in Ladies Home Journal, parents of infants, 1900–05, 22200
childrearing expenses, families with 1.8–8.8 yr old with Down's syndrome, 8937
childrearing goals & fertility attitudes & behavior, parents, Turkey vs Indonesia vs Phillipines vs Korea vs Taiwan vs Singapore vs US, 15288
childrearing practices & approaches to discipline & marital discord, violent conflict in homes, 13–17 yr old males, 5415
childrearing practices & reservation life situation & aggression, Indian tribe, 25697
childrearing practices & restrictive environment, aggression, preschool & primary students, China vs Sweden, conference presentation, 22015
childrearing practices, moral development, 1129
coercive or abusive parenting & affective reactions to "difficult" children, perceived caregiver control over failure, college students & abusive mothers, 36739
commitment to work & parenting, socialization practices & perceptions of children's behavior, employed mothers vs fathers with employed spouse & 3–4 yr olds, 15285
comprehensive training program, response to child's illness, young parents at risk for infant abuse or neglect, 12562
constancy of structure of perceived parental rearing style, 12–71 yr olds, Spain vs Greece vs original Dutch sample, 15141
construction & psychometric properties of Child Activities Scale & Parental Role Preference Scale, assessment of parental involvement in child care, parents, 17572
contributions of J. Lind to research in pediatrics & childrearing & caregiver infant interaction, conference presentation, 8255
cross cultural differences in value of children, childrearing attitudes & behavior, parents, Asia vs US, 11616
demographic & personality variables, childrearing practices, mothers, implications for intervention, 1234
demographic & SES & cultural differences, infant care, mothers & their infants, Kenya vs Mexico vs Italy vs Sweden vs US, 15307
developmental theories & parenting behaviors, 15–17 yr olds, literature review, 11535
didactic parent training with vs without competency based procedures, instruction giving & time out skills, 28–60 yr old parents of 2.5–10 yr olds, 26879
disruption in upbringing & family dynamics, 8 & 14 yr old male siblings of severely handicapped children, therapeutic implications, 9195
division of parenting stress & tasks, life satisfaction, parents of autistic 7–14 yr olds, 8667
early & long term intervention, maintenance of child care & family relations, infants whose mother is alcoholic or drug addicted or with other physical disorder, France, 5859
early childhood trauma & stressful conception & birth & connotations of child's appearance & marital conflict, favoritism toward sibling, parents, 4822
education about calming techniques & encouragement of quiet alert state & resting from stimulation, interaction & communication, mothers & their low birth weight infants, 34195
essential requirements for cognitive & physical & social home environment, development, young children, 18505
explanations of interactions with child during family observations in home, parents of 6–7 yr olds, 22211
factor structure & reliability & validity of Swedish measure EMBU, assessment of parental rearing practices, 19–64 yr old psychiatric patients, Netherlands, replication, 35090
factor structure of short form of Children's Reports of Parental Behavior Inventory, assessment of perceived control & discipline, male vs female 5th–6th vs 9th–10th graders, 8116
family demographics & maternal childrearing practices, relative weight, male vs female 7–11 yr olds, Canada, longitudinal study, 15026
family environments, underachieving gifted 1st–11th graders, 24058
formal maternal handling routines, early gross motor development, Jamaican infants, England, 11401
formal support program, adaptation to transition from hospital to home care, mothers of high risk infants, 23482
gender stratification of familial social control, delinquency, 14–18 yr olds, 1796
group parent skill training using standardized information, satisfaction & home observed interaction, parents & their 1.4–7.6 yr olds with behavior problems, New Zealand, 33940
history of community planning & childrearing, 22208
home rearing vs high quality day care since infancy & demographic & other factors, receptive & expressive language development & IQ, 3 yr olds, 40878
hospital based parent training program, living circumstances & childrearing practices, parents & family members of 9 yr old severely mentally retarded female, Japan, 13167
household management & child care & financial contribution & return to work following birth of 1st child, household division of labor, married females, England, 32 mo study, 39755
infant care & protective strategies, Gusii mothers & infants, Kenya, longitudinal study, 15297
infant feeding & fertility, Yucatec parents & infants, Mexico, 15290
integration of literature on parent child relations & biblical model of God as parent, maturity empowering model of Christian parenting, 36264
interaction & egalitarian strategies & compensation mechanisms & adaptation, mothers & their twins followed from birth to 3 yrs, 32667
interpersonal aspects of social support, parenting competence, White vs Black families with 6 mo to 15 yr olds & mildly mentally retarded mothers, 40335
interspousal hostility & single parenting skills & environmental events & time since separation, behavioral & emotional adjustment to divorce, 6–11 yr olds, 36185
issues in parenting & sex & marriage, mentally handicapped, implications for sex education, 15991
issues in parenting, lesbians, 29312
literature of advice on childrearing & family relations, US, 1930–60, 18791
male participation in childrearing, public status of females, adults in nonindustrial societies, 4833
marriage & childrearing attitudes & behaviors, females in American vs Japanese vs cross national marriages, Japan, 8263
maternal characteristics & family resources & parenting behavior in neonatal intensive care unit, mothers who did vs did not receive prenatal care, 20053
maternal childrearing style & life stress & locus of control & marital status, child school adjustment & self concept & social problem solving, Black lower income mothers & their 3.5–4.8 yr olds, 8235
maternal control style & sensitivity & childrearing attitudes, attachment security, mothers & their infants observed at 12 & 20 mo old, 1213
mediation & perceptions of TV viewing, parents of gifted 4th graders, 32345
memories of parental rearing behaviors, conservatism, tribal vs nontribal college students, India, 22043
methodological issues in cross cultural comparative studies using instrument for assessing memories of parental childrearing practices, conference presentation, 22165
mild parental depression & marital satisfaction & family conflict & inconsistent childrearing, prediction of conflict between mother & child, intact families with 2 same sex 4.5–9 yr olds, 18805
mother vs child reported childrearing practices, development of perceived internal vs powerful others vs chance locus of control in problem solving, 11–13 yr olds & their mothers, 10 mo study, 36144

mother's behavior & knowledge in supervisory role, social skills, high vs low social status preschoolers & their mothers, 8247
multiple caretaking of infants, Efe vs Aka pygmies, Zaire, commentary, 36279
multiple caretaking of infants, Efe vs Aka pygmies, Zaire, commentary reply, 36298
mythological birth of hero through brutal childrearing practices & society disasters, 7975
needs & problems & practical solutions, female psychologists/mothers in private practice, conference presentation, 13436
norms for Children's Report of Parental Behavior Modified Form, assessment of perceptions & acceptance of parental behavior, 4th–6th graders, 7101
pacifiers &/vs swaddling, pain elicited distress & heart rate & crying, 2 wk olds receiving heel sticks vs 2 mo olds receiving injections, 39760
parent style, self regulation & adjustment & achievement & competence in school, 3rd–6th graders, 34682
parent training, delinquency prevention, children, 34423
parental attitudes & rearing practices, multiple drug addicted adults, 5490
parental attitudes toward genetic counseling & childrearing practices & sociocultural factors, mental health & prevention issues, adolescents, Greece, 7986
parental behavior, authoritarianism & prejudice, Muslim 10–11th graders, India, 22021
parental caring vs controlling & overprotectiveness, bulimic female outpatients, 19599
parental childrearing agreement during early childhood, psychological & personality characteristics, male vs female adolescents, 4740
parental childrearing practices & physical abuse, cognitive & behavioral problems, abused children, implications for treatment, 5373
parental influences, development & feeding & attachment disturbances, nonorganic failure to thrive infants & their fathers, implications for psychosocial management, 5620
parental involvement in childrearing & disciplinary practices, behavioral deviance, Chinese toddlers, Singapore, conference presentation, 22719
parental permissiveness vs authoritarianism vs authoritativeness, self esteem, children, 1205
parental rearing practices & personality traits, influence of biological vs cultural heredity in development of alcoholism, alcoholic males with vs without family history of alcoholism, 22833
parental rearing practices, development of obsessive compulsive neurosis, Greek & Italian & Anglo Australian college students, Australia, conference presentation, 22529
parental religious prejudice & rearing style, degree of religious prejudice, Muslim vs Hindu male vs female 10th–11th graders, India, 18516
parental role & childrearing patterns & child's response to parent, mothers vs fathers on family oriented TV programs, 4835
parental strategies for limiting TV viewing, parents of 3–16 yr olds, 25750
parental values & behavior, cognitive development, children, 1977–78, Fiji, 15 mo study, 15316
parental values, childrearing practices, middle class suburban mothers & their infants, 15308
parenting practices & needs, deaf parents of hearing 7–18 yr olds, 12514
parenting stress & family functioning & mental/motor development, infants with apnea vs low birth weight & their parents, 5586
patient personality traits & parental childrearing attitudes & practices, 5–19 yr old hemophiliac males & their parents, 6 yr followup, 33594
patterns in child care & teaching interactions & time spent, mothers vs fathers & their mentally handicapped 1.7–3.8 yr olds, 36929
perceived incidence & successful management of child's misbehavior, parents of hearing impaired 2–12 yr olds, 1956
perceived parental behavior, depressive symptoms, 13–18 yr olds, Canada, 29496
perceived parental rearing behavior & psychopathology, epileptic adults, 5717
perceived parental rearing practices & personality development & psychopathology, depressed adults, Hungary, conference presentation, 22545
perceived parental rejection & emotional warmth & overprotection in rearing style, Type A behavior, adults, Netherlands, 32853
perception of parents' childrearing style & role of Holocaust conditions, mental health & personality, adult children of Holocaust survivors, 22186
perceptions of childrearing roles during adolescent period, mothers vs fathers of 5th & 8th & 11th graders, 39783
perceptions of conflict with parents & parental childrearing practices & role expectations, TV viewing patterns & content preferences, 4th–6th graders, 4731
perceptions of efficacy & legitimacy of parental influence techniques, 2nd & 5th & 8th graders, 11513
perceptions of mother's vs father's childrearing, assertiveness, 18–28 yr old males vs females, 32633
perceptions of parental childrearing competence & needs, principals & special education teachers vs parents of mildly mentally retarded 7–12 yr olds, 36941
perceptions of parental childrearing patterns, depressed vs nondepressed 18–64 yr olds, Brazil, conference presentation, 22548
perceptions of parental childrearing practices, drug dependent vs nonaddicted male prisoners vs nonprisoners, Greece, conference presentation, 23803
perceptions of parental childrearing practices, homosexual vs heterosexual males, Australia, 11695
perceptions of parental rearing practices, high school students vs heroin addicted adults, conference presentation, 22776
perceptions of relationship with parents, 17–34 yr old male & female drug addicts, 36887
personality psychodynamics & parenting behavior, fathers of withdrawn vs expectation evading vs rebellious deviant students, India, 18782
physical proximity of parent & child, use of attachment object & thumbsucking, healthy infants, 32689
previous caregiving experience, solution of childrearing problem, 19–45 yr old mothers vs fathers vs nonparents, 25733
proactive vs reactive maternal behavior, development of compliant behavior & self regulation, 2 vs 3 yr olds & their mothers, 22189
psychohistory of Freudian psychoanalytic theory of oedipal infant period & 19th vs 20th century views on parenting, 22011
public housing vs suburban environments & crime & danger, parental attitudes & coping behavior, 19–65 yr old mothers, 22178
quality of maternal vs paternal parenting during early childhood, alcoholic vs heroin addicted adults, Australia, 40272
reactions to dissonant parental behavior regarding religious observances, 11–16 yr olds, 32623
rearing by parents as if female & male to female transsexual surgery, 20 yr old male, China, case report, 37663
reliability & validity of short form EMBU, assessment of memories of parental rearing behaviors, young adults, 35209
reliability of Autonomy Control Scale, measurement of perceived parental control, college students, 14110
reported parental styles, anxiety & Type A behavior pattern, college students, 25908
role changes & childrearing practices, Greek migrant mothers, West Germany & Greece, 15286
role of father/husband figure & mothering/parenting experience, development of narcissism, 29154
self reported childrearing attitudes & practices & actual child management, affective attitudes toward child & child's cooperation/resistance during interaction, 16–44 mo olds & their mothers, 22194

sex role attitudes, division of labor in housework & child care, families, Australia, 18772
sex role socialization & maternal childrearing practices, achievement motivation, Black preschool children, 8081
sharing & level of knowledge concerning parenting & infant development, low income White families with at least 1 13–30 mo old infant, 18804
short term parent training program, generalization of parenting skills to play situations & maternal teaching behavior, 21–31 yr old mothers of 15–34 mo olds with developmental disabilities, 33920
social support & depressive symptoms & developmental expectations & childrearing attitudes, mothers aged 16 yrs old or younger vs 17–19 vs 20–25 yrs old, 39663
sociodemographic family patterns & media exposure & access, parental mediation of TV & video cassette recorder use, 7th & 10th graders, 36149
stability of & change in divorce adjustment & postdivorce parenting, White custodial mothers & their 6–17 yr olds, 1 yr followup, 15182
stage of pregnancy, concern for learning infant care, 18–35 yr old primiparas, 4824
test retest reliability of Q-Sort Inventory of Parenting Behaviors, mothers of 3 yr olds, 28123
theoretical framework of dysfunctional parental rearing practices & attitudes, development of psychopathological manifestations, implications for cross cultural differences, conference presentation, 22479
therapeutic techniques & developmental stage, empowerment & adjustment & facilitation of coparenting, children or adolescents of divorcing families, 37335
verbal & social interaction & caregiving behavior in home, toddler development, Embu infants observed from 15 or 18 to 30 mo old, Kenya, 11358
view of paternal role & wife's employment status, involvement with children, jobless vs employed fathers of preschool children, 22207

Childrens Apperception Test
interrater reliability of need-threat scoring system for Children's Apperception Test, assessment of emotional status, 6–9 yr olds, 21074

Childrens Personality Questionnaire
predictive power of 16PF vs Children's Personality Questionnaire, 11 yr old twin pairs & parents, 18 mo study, 7149

Childrens Recreational Games
descriptive analysis of verbal behavior during youth soccer game, adult spectators, 3495

Chile
locus of control & residential satisfaction, job & housing search, adults, Chile, 6855
maximizing vs "satisfactory" job search models, unemployed males, US vs Chile, 3362
medical psychological program for psychotherapeutic work & research, victims of torture & political repression, Chile, 9259
perceived quality of care & satisfaction with medical services, frequent primary care users, Chile, 20086
personality traits, restraint & disinhibition & hunger, college students, Chile, 8467
sociological & psychological characteristics before & during & after experiencing torture & political repression, families who sought health assistance, Chile, 33250
Spanish preclausal utterance patterns measuring language development, 1–3 yr olds in day care, Chile, application of model by R. Hubbell, 39497

Chinese Americans [See Asians]

Chlordiazepoxide
behavioral factors, tolerance to chlordiazepoxide & midazolam, commentary, 14853
behavioral factors, tolerance to chlordiazepoxide & midazolam, commentary reply, 14861
benzodiazepine antagonist Ro15-1788, neuropharmacological actions of chlordiazepoxide vs ethanol, male mice, 4332
benzodiazepine receptor antagonist RO 15-1788 & pentylenetetrazole, mediation of CGS 9896 discriminative stimulus & generalization to chlordiazepoxide & pentobarbital, male rats, 28892
brief daily pairing of saccharin followed by sucrose solution & intersolution interval & chlordiazepoxide & amphetamine, anticipatory contrast & saccharin intake suppression, rats, 4356
chlordiazepoxide & controllable vs uncontrollable shock, nociception & contextual fear, rats, 7784
chlordiazepoxide before vs after uncontrollable stress, response latency in shock escape test measuring anxiety & learned helplessness, male rats, 11281
chlordiazepoxide, conditioned suppression of drinking conflict task, rats, animal model of anxiety, 39268
chlordiazepoxide, eating behavior, food deprived rats, 11284
chlordiazepoxide, hunger mimetic model of benzodiazepine induced hyperphagia assessed through food preference & intake, food deprived vs nondeprived male rats, 18218
chlordiazepoxide, learning & expression of classically conditioned fear & latent inhibition, male rats, 35808
chlordiazepoxide, lithium chloride vs shock based taste aversion, rats, 14838
chlordiazepoxide, punished & nonpunished responding & benzodiazepine receptor binding, male rats, 39326
chlordiazepoxide, taste reactivity, male rats with chronic mesencephalic decerebration, 7751
chlordiazepoxide vs buspirone, behavior in shock-probe/burying test for anxiolytics, male rats, 18460
chlordiazepoxide vs diazepam vs midazolam, defensive threat & attack behavior, wild rats, 32160
chlordiazepoxide vs imipramine vs haloperidol, maternal aggression, postpartum female mice, 32306
chlordiazepoxide vs pentylenetetrazol drug discrimination, determination of interaction & utility of paradigm in detection of homeostatic response to drug challenge, male rats, 18393
chronic chlordiazepoxide, ingestion of edible vs nonedible substances, food deprived vs satiated male rats, 4258
chronic ethanol, tolerance & chlordiazepoxide cross tolerance, male mice, 18303
d-amphetamine vs neophobia vs mild shock, chlordiazepoxide induced water drinking, water deprived male rats, 28971
fixed time schedule drug intake induction using cocaine vs ethanol vs chlordiazepoxide vs flurazepam solutions, fluid intake per food pellet, male rats, 35804
flumazenil prevention of chlordiazepoxide withdrawal, social interaction, male rats, animal model of anxiety, 32150
food deprivation, chlordiazepoxide induced consumption of saccharin flavored food, male rats, 728
naloxone, chlordiazepoxide induced locomotor activity, male mice, implications for opioid mechanisms, 28966
novel environment & habituation & chlordiazepoxide, plasma glucose levels, high vs low avoidance Syracuse male rats, 28576
Ro 15-1788 dosage, reversal of chlordiazepoxide induced discrimination impairment, male rats, 25203
sodium valproate & chlordiazepoxide, elevated plus-maze test of test anxiety, male rats, 39290
tetrabamate vs chlordiazepoxide, efficacy & safety of treatment, alcoholic 32–60 yr old males with acute or primary alcohol withdrawal syndrome, 37919
zolpidem vs chlordiazepoxide dosage, open field locomotion & punished operant responding & food intake, male rats, 28965
6-OHDA lesions of dorsal noradrenergic bundle, disinhibition by propranolol vs chlordiazepoxide of nonrewarded leverpressing, male rats, 35721

Chloride Ions
ammonium chloride with vs without charcoal, reduction of PCP intoxication, male rats, 18379
icv infusions of chloride vs bicarbonate solutions, water intake, euhydrated rats, 821
inescapable tailshock, GABA receptor mediated chloride ion uptake into isolated brain synaptoneurosomes & binding of agonist to brain benzodiazepine receptors, male rats, 39086

Chlorimipramine
chlorimipramine, increase of assertiveness, 22–64 yr olds with depressive neuroses, 37564
chlorimipramine vs maprotiline, anxiety induced by simulated public speaking test, 19–34 yr olds, 28862
chlorimipramine vs maprotiline, 21–75 yr olds with chronic pain syndromes, 19942
chronic clomipramine, behavioral despair & immobility in forced swim, rats, 39289
clomipramine & anti-exposure vs self exposure vs therapist aided exposure, obsessive compulsive rituals, obsessive compulsive disorder patients, 9285
clomipramine & self &/vs therapist aided exposure therapy, mood & ritual behavior, 18–60 yr old obsessive compulsive ritualizers, 2 yr followup, 23126
clomipramine dosage & exposure therapy, plasma level & side effects & outcome, patients with obsessive compulsive ritualization, 9274
clomipramine, hyponatremia, 64 yr old female with anxiety & depression, case report, 30497
clomipramine, nondepressed patients with obsessive compulsive disorder, 30427
clomipramine or desipramine, entrainment of circadian rhythms, male rats, conference presentation, 7830
clomipramine, pseudocyanotic pigmentation, 60 yr old female with unipolar depression, case report, 30525
clomipramine, sleep EEG & nocturnal penile tumescence, healthy 23 yr old male, 18450
clomipramine through iv or oral pulse loading, 21–57 yr olds with major depressive disorder, 20004
clomipramine vs fluvoxamine, patients with anxiety disorders, 26947
clomipramine vs imipramine, 17–74 yr olds with panic disorder, 6123
clomipramine vs maprotiline, TRH induced changes in plasma prolactin, patients with major depression, 12826
desipramine vs clomipramine, inhibition of 5-HT or noradrenaline reuptake & acquisition of conditioned avoidance response, rats, 21709
diagnosis & combined behavioral & clomipramine treatment, obsessive compulsive disorder, 5369
discontinuation of clomipramine, return of symptoms, obsessive compulsive patients, 16612
DST, prediction of response to clomipramine vs maprotiline, primary & secondary depressed 22–75 yr olds, 6135
early postnatal clomipramine vs alpha methyldopa dosage, radial maze learning & problem solving & sexual performance & sleep wake patterns, adult male rats, 35795
fluoxetine vs clomipramine, adults with major depression, 30476
fluoxetine vs clomipramine, 18–65 yr olds with major depression, 30506
fluoxetine vs clomipramine, 18–70 yr olds with severe endogenous depression & melancholia, 30445
imipramine vs desipramine vs amitriptyline vs clomipramine, social behavior, isolated vs nonisolated male mice, 35813
in vivo exposure & clomipramine & psychotherapy, hospitalized adolescents with obsessive compulsive disorder, 23633
lithium augmentation of clomipramine, treatment resistant 25 yr old male with depressive & obsessive & panic symptoms, case report, 23378
low vs flexible dose of clomipramine, 18–43 yr old patients with panic disorder or agoraphobia, 30446
maprotiline vs chlorimipramine, 18–65 yr olds with bipolar vs unipolar depression, 19990
metergoline after clomipramine treatment, 25–60 yr olds with obsessive compulsive disorder, 19927
neonatal clomipramine, shock induced fighting, rats, animal model of depression, 25323
previous chronic chlorimipramine treatment, physiological responses to stress, rats, 28797
research group for planning & implemention of drug studies & use of diagnosis & severity outcome for rating scales in chlomipramine trials, depressed patients, Denmark, 26937
sex & demographic & clinical severity & psychophysiologic variables, prediction of outcome with chlomipramine & exposure therapy, 18–60 yr old obsessive compulsive patients, 23089
type of chronic pain & depression vs anxiety & disability vs quality of life, response to clomipramine or mianserin, patients, conference presentation, 16618
5-HT reuptake blockers fluoxetine & clomipramine, 20–56 yr olds with body dysmorphic disorder, 34043
5-HTP vs clomipramine, patients with anxiety disorders, implications for role of brain serotonergic pathways, 26970
Chlorisondamine
chlorisondamine & hexamethonium pretreatment, corticotropin releasing factor induced alterations in grooming & locomotion & eating, rats, 28814
Chlorpromazine
amantadine, chlorpromazine vs reserpine induced behavioral depression & hepatic enzymes, male mice, 28917
chlorpromazine & lithium carbonate induced nephrotic syndrome, 14 yr old Black female with seasonal episodic psychosis, 20022
chlorpromazine &/or trihexyphenidyl, pituitary gonadal axis, males with paranoid schizophrenia, 16624
chlorpromazine, dichotic listening performance & lateral eye movements, lateralized facial expression, 18–55 yr old college students, 14859
chlorpromazine dosage, serum chlorpromazine & prolactin levels & clinical response, paranoid schizophrenic 23–60 yr old females, 16536
chlorpromazine dose, forgetting & performance in delayed matching to sample task, pigeons, 39416
chlorpromazine, plasma drug levels, 18–25 yr old males, implications for drug therapy, 28919
chronic chlorpromazine vs cocaine, behavioral response to bilateral intranigral muscimol infusion, male rats, 7819
clozapine vs chlorpromazine, treatment resistant schizophrenic patients, 9533
clozapine vs chlorpromazine, 25–44 yr olds with haloperidol refractory schizophrenia, 34039
conventional pharmaco-EEG profiles vs topographic maps, effect of diazepam vs amitriptyline vs chlorpromazine, adult males, conference presentation, 7837
daily chlorpromazine during gestation vs nursing period, discrimination & reversal learning & leverpressing, rat pups, 858
haloperidol, chlorpromazine induced bluish-grey skin discoloration, chronic psychiatric patients, 27018
history of neuroleptics & introduction of chlorpromazine & related research on tardive dyskinesia, conference presentation, 37491
im haloperidol vs chlorpromazine, management & treatment, acutely disturbed adult psychotic inpatients, 12824
imipramine or chlorpromazine or haloperidol, sodium & calcium & potassium ion channel currents in cultured neuroblastoma cells, mice, 25279
iv fluphenazine decanoate & chlorpromazine dosage, schizophrenic patients, 19958
left hemisphere dysfunction & arousal with vs without chlorpromazine, chronic schizophrenic patients, 9543
shock intensity & haloperidol vs chlorpromazine vs morphine, 1 way conditioned avoidance procedure, rats, 25150
sulpiride vs chlorpromazine, regional cerebral glucose metabolism, 19–41 yr olds with acute schizophrenia, 34123
thiothixene vs chlorpromazine, mania, bipolar psychiatric inpatients, 12868
Choice Behavior
accessibility & perceived relevance of stored attribute information, use of recalled attributes vs prior evaluations in consumer decision making, college students, 10466
accessibility & profitability of keypeck search outcomes, successive encounters choice behavior, pigeons, implications for delay reduction hypothesis & optimal diet models, 24978
accumulator model of 2-choice discrimination, analysis of response probabilities & decision process, college students, 14224

age & concurrent chain schedules of reinforcement, development of adaptive choice in self control, female 4–12 yr olds, 25640
age & food supply knowledge of previously visited location, food searching & stay vs shift choice in food depletion vs nondepletion conditions, red winged blackbirds, 450
age, choice between safe vs risky option, 20–76 yr olds, 11550
alcohol & response stimulus interval, choice response time, college students & technical staff, England, 39357
ANCOVA, probabilistic choice models, 189
application of A. Downs's & S. Kelley's rational choice theories to presidential election, voters, 1984, 22227
approval voting with vs without disapproval option, psychological satisfaction & role of decisiveness, 25776
associative frequencies of emotional responses to stimulus words during free & controlled forced choice word association tests, college students, France, 31860
attitudes & social choices regarding drinking & smoking & drug use, 4th–11th graders, 29156
belief value structure & simplifying heuristics & differential predictability of preference & choice, college students, 3814
benzodiazepine agonist RO 15-1788, anxiolytic properties of ethanol in light/dark choice procedure & staircase test, mice, 14814
choice behavior in learning mathematics from computer programs, 14–15 yr old students, 27584
choice making, self care activity, 15–26 yr old trainable mentally retarded males, 13218
choice of guilt or innocence condition & estimates of polygraph effectiveness, actual polygraph accuracy, college students, 4990
choice of involvement in recreational activities, institutionalized elderly, 20208
choice of local vs absolute rate of reinforcement, male pigeons, test of melioration theory of matching in concurrent schedules, 28440
choice of reinforcement high in probability vs amount, male rats, 7545
choice of surgery, preoperative & postoperative anxiety & depression, patients with early breast cancer & their husbands, 6257
choice sequence & delay, choice criterion shift in radial maze learning, male rats, implications for dual coding theory, 28404
choice set size & degree of product comparability, use of abstract attributes in comparisons & hierarchical relations in elimination of choice alternatives, 24–55 yr old consumers, 20945
choice strategies & betting patterns in Pennsylvania Daily Number game, adults, 28295
choice vs coercion in discharge planning process, hospitalized elderly patients, 13108
choice vs no choice between mastectomy vs wide excision & radiotherapy, psychosocial outcomes, patients with breast cancer, 16738
clear vs ambiguous risk, consumer choice behavior, college students, 10462
clonidine dosage, drinking conflict vs elevated plus maze models of anxiety, male rats, implications for adrenergic receptors, 18446
closed vs open food access & reinforcement delay reduction in concurrent chain schedule, CRs, pigeons, 38981
cognitive development, strategy choice in multiplication, children, 1040
commitment to mugshot identification, accuracy of eyewitness identification, college students, 18815
computerized game with concurrent chain reinforcement, time estimation & radar choice, college students, Hong Kong, 38906
conjoint expected risk function, measurement & prediction of perceived riskiness of choice alternatives using individual difference parameters, college students & high school teachers, 35372
consistency of J. L. Holland's individual interest & chosen occupational environment codes & persistence in college major, college students, 34686
context of problem, Allais Paradox type of choice & probability judgment, graduate business students, implications for independence axiom of utility theory, 24803
cues associated with gastric infusion of ethanol, free choice consumption of ethanol, rats, 28885
delay & probability of reinforcement, choice of alternatives, pigeons, 24952
delay in small vs large reinforcer, self control & choice behavior, male vs female rats, 3967
dietary tryptophan, nutrient selection, male rats, 11319
domain general & specific knowledge in adaptive problem solving strategy choices & model of rational decision processes, children, 21981
educational level & employment status & voluntary vs involuntary relocation, stress & perceived satisfaction with well being & control & marital relations, 22–51 yr old mothers, 11623
electrodermal lability & tasks requiring fast responding only vs additional discrimination & selection, errors & RT, college students, implications for motor impulsivity hypothesis, 4217
elimination by aspects vs suppression of aspects choice models, prediction of choice response time, 17665
environmental effects, quality & effort of choices, MBA student consumers, 41546
ethanol vs benzodiazepine antagonist RO 15-4513, light/dark test & motor performance, mice, 4431
ethical vs economic vs competitive contexts, intransitive choice, 4987
etiological factors in psychopathology of choice, psychiatric patients, 29447
experimental instructions, adherence to implications of previous response to choice of completely unacceptable level, college students, marketing implications, 3470
externally applied transcephalic weak direct currents, lateralization of choice reaction task responses, male college students, 4273
factors affecting decision to leave abusive relationship, limitations of research methodology & theoretical models, 1841
factors in course subject choices, male vs female secondary school students, 10155
failure vs no feedback on unsolvable problems with vs without freedom of choice in task strategies, performance, college students, Israel, implications for learned helplessness, 24835
food deprivation vs nondeprivation & consecutive vs nonconsecutive sessions & reinforcement frequency, impulsiveness & choice between larger & more delayed vs smaller & less delayed food, pigeons, 3935
freedom of choice while deciding to commit crime & loss magnitude, attribution of responsibility to swindler, college students, Poland, 19280
good news about environment, adoption of more pessimistic course of action, application of mathematical definition using Bayesian updating & stochastic dominance, 17835
gradual delay increase, self control in selection of larger delayed vs smaller immediate reinforcers, impulsive 3.5–5.7 yr olds, 21908
high vs low difficulty scenarios in motion base trainer with vs without concurrent secondary tasks, workload assessed through choice RT & time production, pilots, 24361
high vs low probability of 2nd choice, choice of small high probability vs large low probability reward, college students, 321
immediate vs delayed delivery of low vs high frequency electrical stimulation of brain, self control choice of small vs large reinforcer, male rats, 781
importance of recreation activity patterns, preferences for & choice of respective parks, adult state park visitors, 35016
individual differences & situation & store attribution, women's apparel store choice & loyalty, adult females, 17482

information about chosen vs nonchosen alternative, probability of conjunctive explanations for decision, college students, 3823
information processing vs affective choice mode, purchase of expressive products, graduate & undergraduate students, marketing implications, 38520
Inhibitor & Excitor scales of MMPI, White male psychiatric patients who later committed suicide using guns vs barbiturates/carbon monoxide, 5430
initial product choice with vs without concurrent verbalization, subsequent product choice, adults, 20932
inner & outer dimensions of nest boxes, exploratory behavior & nest establishment, male mice, 35489
insect prey presence & abundance & distance, hunting site choice, spiders, 28518
instruction in decision matrix construction & rule application, consistency in choice & decision making using written cases, college students, 17830
intensity & number of response alternatives, hue identification choice RT, college students, application of predictive models, 17790
interdependence structure & values & expectations of other's preferences, social decision making, college students, 1365
interstimulus interval in signaled vs unsignaled choice RT task, cardiac cycle time, adults, model of vagal excitation in attention demanding tasks, 4207
intertrial interval & trial onset conditions, risk aversion in gambling, adults, 21325
irrationality in hypothetical choice as challenge to principles of Bayesian decision theory, application of model by R. Zeckhauser, 17849
linear objective & nonlinear subjective probability in choice behavior under risk or uncertainty, 31704
logit & dichotomous choice models, contingent valuation of recreation benefits at specified price, recreationists, 10495
manipulations of visual & odor cues & availability of food sources, discrimination learning & choice behavior in foraging situation, male rats, 24954
mean–variance model for portfolio selection with monetary payoff contingent on performance, choice between risky assets, statistically knowledgeable college students, 10797
measure of risk aversion in cases of one vs many commodities, 7249
model of choice between simple lotteries, 38854
monetary incentive, goal choice & commitment & task performance, high school & college students, 4720
multiple components in FR schedule, choice responding, pigeons, 31918
naltrexone &/vs dextroamphetamine, accuracy & choice latency & food directed behavior, male rats, 18341
nested multinomial logit model of consumer choice, type & brand & size of coffee purchases, consumers, 24456
number of response alternatives, choice RT, college students, analysis of Hick's law, 314
numeric vs geometric vs facial representations of money vs satisfaction with money vs situation, social orientation & choice behavior, college students, Poland, 8388
operant control of access to patch of future food, time horizon of response suppression in progressive ratio schedule, implications for foraging behavior, 25013
parent choice, larval convict cichlids raised in presence vs absence of predators, 579
patriotism, choice of domestic vs foreign products, consumers, 3471
perceived certainty of punishment & severity & imperfectly informed choice, delinquent behavior, 10th graders, 1 & 2 yr followup, 36789
perceived freedom of choice & intrinsic vs extrinsic motivation of activities, flow experiences & leisure states, 55–88 yr old retirees, 36204
personal control over stimulation presentation rate & task complexity, performance & posttask anxiety & anger & curiosity, 15–16 yr old females, 32507
phenomenological analysis of experience of making decisions & choices, adults, conference presentation, 31846
practice & stimulus order & retinal displacement indicating visual attention, choice RT, college students, implications for intelligence, 28246
prediction of minority influence, risky vs cautious vs neutral choice dilemmas, psychology students in cautious minority/risky majority vs risky minority/cautious majority group, 32773
predictions of melioration & ratio invariance in reinforcement schedules, static & dynamic & quasi dynamic choice models, 3964
preference patterns of additive & additive difference & conjunctive & lexicographic strategies, decision making process, college students, Japan, 7428
prereinforcement delay & reinforcer size & density, choice behavior, 6 & 9 & 12 yr old females, 32446
prey color & movement & shape & site, prey selection, sticklebacks, 39030
price & promotion as reference points, brand choice behavior, consumers, 41550
probabilistic choice behavior models, marketing, 166
probabilistic choice theories, behavioral decision research, 156
probabilistic dominance measure, analysis of preference for multiattribute random weight models, experimental data, 14222
probabilistic multidimensional analysis of preference ratio judgments, 195
probabilistic unfolding item response theory model for pair comparison design, estimation of expectations & attitudes in choice process, college students, 38688
product level of familiarity & attributes, consumer choice behavior for noodle soup, college students, West Germany, application of information processing approach, 17483
psychological theory & communications in theory for risky choice & technological hazards & state lottery games, 15441
random utility model with ranking probabilities satisfying recursive formula, satisfaction of elimination-by-aspects model by associated choice probabilities, 21168
random utility models expressed in terms of multivariate Weibull distributions, closed form representations of predicted choice probabilities & RTs, 31727
ratio size & reinforcement magnitude in FR schedules, choice of schedule, college students, 196
reinforcement amount & delay, self control & choice behavior, severely mentally retarded 14–17 yr olds, 5551
reinforcement magnitude & frequency in concurrent VI VI schedule, choice behavior, 18–21 yr old male college students, 28292
reinforcement rate, choice of reinforcement schedules, pigeons, 7538
reinforcer frequency & duration in concurrent VI schedules, choice behavior, pigeons, 7531
reset contingency, choice of FR vs progressive ratio diminishing return schedules, pigeons, implications for optimal foraging theory, 25016
resident choice & control, adjustment & well being & service use & community integration, elderly in nursing homes vs residential care facilities vs congregate apartments, 34333
response deadlines & asymmetric monetary payoffs, response latency in line length discrimination task using random-walk binary choice model, college students, 35398
response element similarity & length in 2 choice motor task, response planning & choice, college students, test of hierarchical editor model, 10711
responses to "when" questions, assessment of directional preferences, 4 & 5 yr olds & adults, 21946
rights in choice of therapist or therapy, mental health clients, implications for practice, 6323
RO 15-4513 with vs without ethanol, choice behavior & locomotor activity & convulsions, male mice, 18290
robustness of linear models in mimicking noncompensatory processes in correlated environments in consumer choice behavior, 41542
same & different hand finger pairings, 2 choice RT, college students, 21200

sample-choice vs choice-reinforcement delay, stimulus discriminability, pigeons, 38985
search cost & rich vs poor opportunities, prey choice, female pigeons, 31978
self concept, product & brand choice, heads of households, 10467
SES, heal ı care choice, adults, 23498
sex & complexity level, preference choices, K–4th graders, 18630
sex, choice of animal as writing topic, 1st graders, 31174
signal intensity & quality & blocked vs mixed choice presentation method & stimulus response compatibility, 2 choice reaction task, college students, implications for experimental design, 35371
situational variables of brand choice in soft drink consumption, college students, implications for stochastic models, 24475
spontaneous place preferences in T mazes, female pigs, implications for research design, 4046
stimulus & response factors, choice between interval schedules of unequal segmentation, homing pigeons, 428
stochastic multidimensional scaling, choice behavior, consumers, 160
stochastic tree unfolding models, paired comparison choice research, 157
strategy choice on cognitive tasks, children, 15114
subjective belief value structures & housing attribute dimensions, residential preferences & choices, adults, Sweden, 8441
task complexity, disaggregate models of consumer choice behavior, farmers, 24466
terminal link pecking vs treadling chains, absolute response rate & choice proportions, pigeons, 31937
theories of momentary vs global maximization of reinforcement vs matching under dependent concurrent VR schedules, prediction of schedule choice, 20–27 yr old females, 21268
theory of prior behavior as predictor of voter behavior & candidate choice, 4889
transient state changeover behavior in concurrent reinforcement, pigeons, 21355
transitivity in choices between VI & FI schedules, pigeons, 38983
tree structured model of consumer choice, 3467
types of attributes or attribute combinations, category generalization, 4.6–7.6 yr olds vs college students, 21990
uncertain availability, food choice, chimpanzees, 31977
utility of advance specification vs programing interactions hypotheses as models of choice RT, commentary, 14249
utility of advance specification vs programing interactions hypotheses as models of choice RT, commentary reply, 14240
validity of orthogonal arrays with independently varying price levels in consumer decision task, prediction of holdout profiles, college students, 17672
visual vs auditory noise, visual choice RT in continuous flow paradigm, dental students, 7349
VR reinforcement vs concurrent extinction, transition state choice behavior, pigeons, 3945
win lose differentiation & access to nonlactating anesthetized dam, shift vs stay choice strategies & maze learning, 12–21 day old rat pups, 3925
2 choice decision under risk, rationale for apparent irrational decision paradox, test of classical theory of von Neumann, 17860

Cholecystokinin

cholecystokinin antagonist in nucleus accumbens, dark induced hyperlocomotion, rats, 21728
cholecystokinin antagonist proglumide & haloperidol, psychotic symptoms, refractory schizophrenic patients, 34040
cholecystokinin, copulatory & lordosis behavior, male rats, 11186
cholecystokinin, food intake & inhibition of sham-feeding & feeding, fasted cats, 28798
cholecystokinin-octapeptide, food intake & gastric emptying, nonobese males, conference presentation, 25274
cholecystokinin octapeptide into cerebral ventricles vs nucleus accumbens, d-amphetamine induced hyperlocomotion & stereotypy, male rats, 18468
cholecystokinin octapeptide, sleep parameters, fasted male rats, 39278
cholecystokinin, potentiation of rate decreasing effects of morphine on schedule controlled behavior, male rats, 14956
cholecystokinin, real vs sham feeding, rats with gastric vagotomy, 25133
cholecystokinin receptor antagonist levo-364,718, cholecystokinin induced food intake & exploratory activity level, male mice, 871
cholecystokinin receptor antagonist or proglumide, abdominal stretching induced by unsulfated cholecystokinin octapeptide, male mice, 35766
cholecystokinin, regulation of food intake & potential therapeutic efficacy for schizophrenia & other psychiatric disorders, literature review, 37468
cholecystokinin, schizophrenia, literature review, 19993
cholecystokinin secretion & postprandial subjective satiety, normal weight 16–39 yr old bulimic females, 19514
cholecystokinin, suppression of feeding, male rats, 18316
chronic icv cholecystokinin octapeptide, food & water intake, rats, 11299
continuous icv neuropeptide Y with vs without cholecystokinin, episodic food intake, satiated female rats with vs without adrenalectomy, 18221
dose of peptide cholecystokinin, high vs normal fat vs fat fortified intake of chow, obese rats, 14890
haloperidol & caerulein, amphetamine induced hyperlocomotion & stereotypy, male rats, 28932
hepatic portal cholecystokinin-8, food intake, male rats, conference presentation, 25231
icv cholecystokinin octapeptide, food intake & insulin & pancreatic polypeptide release, dogs, 25244
icv microinjections of sulfated octapeptide, contraversive circling, rats, 889
injection of cholecystokinin octapeptide into ventromedial hypothalamic nucleus, lordosis inhibition, female rats, 11177
ip cholecystokinin octapeptide with footshock, passive avoidance behavior & latencies, male rats, 731
iv cholecystokinin tetrapeptide, panic like attacks, healthy 20–34 yr olds, 35798
iv neuropeptide Y in hypothalamic paraventricular nucleus & peripheral cholecystokinin, feeding & satiation, male rats, 25295
long acting cholecystokinin agonist, food intake in naturalistic free feeding conditions, male baboons, 39294
nocturnal cholecystokinin octapeptide, sleep wake cycle & motor activity & brain temperature & EEG & food intake, male rats, 866
pyloroplasty, liquid phase gastric emptying & cholecystokinin induced satiety, male rats, 35750
satiation vs cholecystokinin vs lithium chloride, interoceptive sensory consequences assessed through freezing & feeding behavior, male rats, 11111
vehicle vs ip cholecystokinin neuropeptide analog, electrical brain self stimulation as reinforcement for discrimination, male rats, 18212

Cholesterol

androstenedione or cholesterol, monoamine levels in hypothalamic & vocal control nuclei & vocalizations, castrated male zebra finches, 18285
behavioral challenge using test & video game, serum cholesterol & triglycerides & BP reactivity & heart rate acceleration, male 28–69 yr olds with mild hypertension, 5682
behavioral contract of dietary guidelines, reduction of serum cholesterol, adults in health promotion program, 9470
endogenous opioid mediation of immobilization stress, hypercholesterolemia, female rats, 25119
guidelines for treatment of elevated cholesterol levels & patient & public education for cholesterol reduction, adults, literature review, 23111

high fat & cholesterol diet & restraint stress, serum triglycerides & nonsterified fatty acids & total cholesterol, male rats, 39177
Type A behavior & cardiovascular risk factors with potential to respond to environmental & lifestyle changes, 6–11 yr old monozygotic & dizygotic twin pairs, 26584
Type A behavior, cardiovascular & neuroendocrine reactivity & serum cholesterol & lipoprotein cholesterol density & triglycerides, healthy males vs females assessed during work day & induced stress, 7732
Choline
antidepressants & neuroleptics, choline uptake in human erythrocytes, 25191
choline acetyltransferase activity & acquisition & retention of maze task, male rats assessed 1 mo after ethylcholine aziridinium ion induced basal forebrain lesions, 11157
choline transport across blood brain barrier, 2 vs 18 vs 24 mo old male rats, 690
choline uptake & decline in hippocampal formation, spatial learning deficits, 4 vs 22–24 mo old male rats, 14672
chronic exposure to white noise, central cholinergic activity, rats, 748
citicoline, 60–79 yr olds with memory deficit, Indonesia, 34115
CSF choline levels & acetylcholinesterase, familial vs nonfamilial Alzheimer's disease patients, 12428
CSF choline, neurologically disturbed 1 mo to 17.5 yr olds, 26488
fibria fornix transection, neurofilament phosphorylation & choline acetyltransferase in medial septal nucleus, male rats, implications for development of Alzheimer's disease, 32134
lecithin, 21–73 yr olds with mild dementia of Alzheimer's type or Sjogren's syndrome or chronic obstipation or tardive dyskinesia or endogenous depression, conference presentation, 2559
lesions of nucleus basalis magnocellularis, cortical choline acetyltransferase activity & passive avoidance performance, male rats, 4281
nucleus basalis magnocellularis lesions & cholinesterase inhibitors, cortical choline acetyltransferase & passive avoidance, rats, 28786
persistent infection with lymphocytic choriomeningitis virus, regional brain choline acetyltransferase activity, mice, 7948
prenatal & postnatal choline chloride supplementation, long term enhancement of spatial memory on radial maze task, male mice, 7893
red blood cell plasma choline, REM & NREM sleep alterations, geriatric patients with major depression vs Alzheimer's disease vs mixed depression-dementia, 9269
Choline Chloride [See Choline]
Cholinergic Blocking Drugs [See Also Atropine, Homatropine, Nicotine, Scopolamine, Trihexyphenidyl]
anticholinergic benzhexol, learning & memory, medical students, 847
anticholinergic side effects of benztropine vs amantadine, free recall & time perception, 18–53 yr olds, 32200
antipsychotic & antimuscarinic potency of antipsychotics & tolerance to benztropine withdrawal, 15–65 yr old psychiatric inpatients, implications for prediction of side effects of antipsychotics, 26984
atropine & 2-PAM Cl, visual tracking & acuity & heart rate & BP & cognitive ability, 22–33 yr olds, implications for chemical warfare, 14919
atropine or azaprophen, rate of response on match to sample detection tasks, rhesus monkeys, 39301
atropine or glycopyrrolate pretreatment, effect of anesthesia & ECT on memory & concentration, depressed adults, 5873
benztropine & triphenhexidyl, memory loss & cognitive impairment, 59–95 yr olds, 34074
benztropine following bromocriptine treatment, muscle rigidity due to neuroleptic malignant syndrome, 33 yr old male, case report, 16631
benztropine vs physostigmine, ketamine induced linguopharyngeal motor activity, female rats, 25259
cholecystokinin receptor antagonist or proglumide, abdominal stretching induced by unsulfated cholecystokinin octapeptide, male mice, 35766
cholinergic agonists vs antagonists, mediation of pilocarpine induced chewing behavior, male rats, 32289
chronic diisopropylfluorophosphate, muscarinic binding in brain & spatial learning of Morris water task, DBA/2Ibg mice, 4500
concurrent benztropine & haloperidol, behavioral hypersensitivity & dopamine metabolism & receptor proliferation, male rats, 7834
dose of cholinergic agonist RS 86, mood & behavior, healthy adults, 18332
edrophonium, growth hormone, 55–72 yr old Alzheimer's disease patients, 2466
homatropine eyedrops, sleep & mood disorders resistant to tricyclic medication, 28–51 yr olds with major depression, Poland, 30519
im benztropine, neuroleptic malignant syndrome with delirium & dystonia & autonomic changes, 24 yr old male with paranoid schizophrenia, case report, 23374
long term lithium vs anticonvulsant vs anticholinergic drugs, development of memory impairment, psychiatric patients, 6165
muscarinic agonist RS-86 & anticholinergic glycopyrrolate, cognitive processes, 59–65 yr olds with presenile onset of Alzheimer's disease, 9550
neuroleptic drugs with low vs high anticholinergic properties, electrodermal response to soft tones vs loud noise, schizophrenic adults, 9517
neuroleptic drugs with vs without concomitant anticholinergic agents, patients with induced acute dystonia, 2444
pirenzepine injected into lateral ventricles, spatial learning of water maze task, male rats, 18355
posttraining ethylcholine aziridinium, working memory of radial arm maze vs simple discrimination task, male rats, implications for septohippocampal cholinergic function, 18306
rapid cholinergic REM sleep induction, affectively ill vs well 1st degree relatives of patients with primary affective illness, conference presentation, 1705
scopolamine, cholinergic muscarinic blockade in complex maze learning, 3 vs 23 mo old male rats, 35899
scopolamine vs benzhexol vs secoverine vs methylscopolamine, pilocarpine vs physostigmine induced purposeless chewing, rats, 18451
serum anticholinergic levels, extrapyramidal symptoms, schizophrenic 28–82 yr olds treated for drug induced parkinsonism with subsequent extrapyramidal symptoms, 23355
successive increasing neuroleptic dosage vs cholinolytic coma vs pimozide, 6–18 yr olds with form of Tourette's syndrome, 27000
thiothixene & benztropine, cholinergic syndrome following anticholinergic withdrawal misdiagnosed as psychotic decompensation, marihuana abusing schizophrenic 27 yr old male, case report, 40806
treatment mechanisms of beta carbolines with antagonist or partial inverse agonist properties at GABA benzodiazepine receptors, patients with senile dementia, 2528
vasopressin receptor & cholinergic nicotinic antagonists, hypertonic saline & vasopressin facilitation of retention of inhibitory avoidance task, male mice, 35774
ventral tegmental atropine or scopolamine or hemicholinium-3, frequency thresholds for lateral hypothalamic or brain stem self stimulation, male rats, 32222
Cholinergic Drugs [See Also Physostigmine, Pilocarpine]
abuse of antimuscarinic agents, literature review, 12223
age & sex, effect of cholinergic agonist RS 86 on REM & NREM sleep & mood, healthy 18–65 yr olds, 11290
beta endorphin &/vs oxotremorine with vs without scopolamine, retention test performance of conditioned emotional response, mice, 21719
bethanechol, modulation of estrogen binding sites & lordosis behavior, female rats, 14882

BM123 with vs without atropine, passive & active avoidance learning & spontaneous alternation, male rats, 28948
central & peripheral muscarinic actions of physostigmine vs oxotremorine, avoidance responding, squirrel monkeys, 32305
central vs peripheral injections of muscarinic cholinolytics, hippocampal & neocortical EEGs, male rabbits & cats, 39308
cholinergic agonist RS-86, motor abilities & eye movements & cognition, 60–74 yr olds with progressive supranuclear palsy, 23385
cholinergic agonist RS-86, REM sleep, 18–59 yr olds with acute vs remitted depression vs other psychiatric disorders, implications for diagnostic value of cholinergic REM induction test, 33006
cholinergic agonists carbachol or oxotremorine microinjection into lateral ventricle or preoptic area, sexual behavior, male rats, 25241
cholinergic agonists vs antagonists, mediation of pilocarpine induced chewing behavior, male rats, 32289
cholinergic muscarinic receptor ligands, food aversion conditioning, sea slugs, 18402
cholinergic nootropic WEB 1881 FU, EPs in memory tasks, 22–30 yr olds, 28935
cholinergic stimulation, mood & behavior & cognition, elderly with Alzheimer's disease, 30520
chronic oxotremorine, spatial learning & tolerance, mice, 39417
chronic physostigmine vs oxotremorine, water maze performance & motor habituation & learning & retention, male rats with basal forebrain lesions, 28922
chronic pyrithioxin administration, learned behaviors & cholinergic function, young vs old male rats, 11269
colchicine destruction of dentate gyrus cells, retention of radial maze task & sensitivity to cholinergic drugs, rats, 28740
cyclic vs stable exposure to ethanol during postnatal brain growth spurt, activity level & responsiveness to bethanechol measuring hippocampal muscarinic cholinergic receptors, rats, 39337
EEG sleep & cholinergic REM induction test, anorexic or bulimic patients, implications for link between eating disorders & depression, 22980
icv bethanechol, cognitive ability & daily living skills & mood & behavior, patients with Alzheimers disease, 2518
inhibitory avoidance or maze discrimination response training, post training epinephrine vs cholinergic drug induced memory modulation, mice, 4383
lesions of ventromedial hypothalamus, sexual receptivity following estradiol benzoate vs progesterone vs cholinergic agonist, ovariectomized female rats, 759
methylatropine vs pirenzepine, central oxotremorine antagonist properties in leverpressing responses, male rats, 7944
muscarinic agonist RS-86 & anticholinergic glycopyrrolate, cognitive processes, 59–65 yr olds with presenile onset of Alzheimer's disease, 9550
muscarinic agonist RS 86, REM sleep & plasma cortisol, 21–50 yr olds with major depression, 1635
organophosphates, spatial memory impairment & central muscarinic receptor loss, male rats, 28910
pyridostigmine bromide dosages, multiple avoidance task response & serum cholinesterase activity, monkeys, 21720
rapid cholinergic REM sleep induction, affectively ill vs well 1st degree relatives of patients with primary affective illness, conference presentation, 1705
ratio & dosage of arecoline & tacrine & oxotremorine & edrophonium 2-drug combinations, retention of footshock avoidance task, male mice, 7851
scopolamine vs oxotremorine vs propranolol vs phorbol myristate acetate, learning & retention in passive & active avoidance, male mice, implications for protein kinases & 2nd messengers, 877
stress, muscarinic mechanisms & depression, literature review, 8584

Cholinergic Nerves
aggression induced by electrical stimulation of hypothalamus, hindlimb & arterial BP, cats, implications for cholinergic muscarinic mechanisms, 18250
antidepressant drugs, peripheral anticholinergic side effects measured by inhibition of salivation, adults & depressed patients, 23367
atropine blockade of cholinergic muscarinic receptors, strategy selection & learning & retention of nonspatial visual discrimination tasks, rats, 7936
atropine with vs without parachlorophenylalanine, water maze performance measuring spatial memory & interaction of serotonergic & cholinergic neurotransmission, male rats, 25290
basal forebrain cholinergic system, memory, animals & humans, literature review, 21522
cell count of cholinergic subcortical nuclei & dorsal raphe nucleus & locus ceruleus, 51–91 yr olds with Alzheimer's disease or senile dementia of Alzheimer's type, 12534
central cholinergic effects, memory dysfunction, patients with myasthenia gravis, 16248
central cholinergic stimulation through iv nicotine, cognitive ability & physiological & behavioral measures, 58–80 yr olds with Alzheimer's disease, conference presentation, 12889
cholinergic hypothesis, etiology of major depression, literature review, 33037
cholinergic mechanisms of REM sleep, Flinders Sensitive Line rats, 32075
cholinomimetic interventions, body temperature, literature review, implications for utility & thermoregulation paradigms in research on effects of drugs or ECS on muscarinic mechanisms, 4234
chronic aluminum sulfate, cognitive consolidation & extinction of passive avoidance task & hippocampal muscarinic receptor quantity, male rats, 28833
chronic pyrithioxin administration, learned behaviors & cholinergic function, young vs old male rats, 11269
clozapine discrimination learning, cholinergic mediation of discriminative stimulus properties, male rats, 28943
combined cholinergic & serotonergic denervation of forebrain, spatial learning, female rats, 28775
density & distribution of muscarinic cholinergic receptors & pyramidal cells in hippocampus, patients with Alzheimer's disease, 12474
dorsal fornix or neurotoxic lesions with vs without clonidine, memory & behavior, rats, animal model of Alzheimer's disease, conference presentation, 39233
dysfunction of muscarinic cholinergic systems or abnormalities of cholinergic monoaminergic interaction & pharmacological perturbation, affective disorders, 29526
ethanol, deficiencies in subcortical noradrenergic & cholinergic systems & midbrain structure, male rats, implications for memory impairment in humans, 4313
ethylcholine mustard aziridinium ion infusion into frontoparietal cortex, long term cortical cholinergic hypofunction & memory deficits, rats, implications for Alzheimer's disease, 4437
haloperidol, CNS cholinergic marker enzymes acetylcholinesterase & choline acetyltransferase, rats, implications for pathophysiology & treatment of schizophrenia, 7883
high intensity artificial light, adrenergic & cholinergic systems, male rats, implications for antidepressant effects of bright light, 14763
immunoreactivity of nerve growth factor receptors in cell body & dendrites of cholinergic nuclei, aged rats, implications for etiology of Alzheimer's disease, 25040
intermittent ethanol, voluntary intake & muscarinic binding sites in striatum, male rats, 21825
kainic acid lesions & fetal striatum transplants, striatal muscarinic receptor development & locomotor activity & T maze alternation, female rats, 21635
lithium, amitriptyline induced supersensitivity of muscarinic networks measured by hypothermic effects of oxotremorine, male rats, 18317

maturation of forebrain cholinergic system, suppression of transport response intensity, 23–30 day old rat pups, 32061
medifoxamine vs atropine vs amitriptyline, antimuscarinic activity & CNS activity, healthy adults, 18416
muscimol & enkephalin analog into nucleus basalis magnocellularis, locomotor activity, rats, implications for role of cholinergic neurons, 11179
nicotine applied to tongue with vs without mecamylamine pretreatment, intensity of burning sensation measuring existence of cholinergic receptors, 20–35 yr old nonsmokers, 11247
role of cholinergic vs GABAergic neuronal systems, cycloheximide dosage induced amnesia for passive avoidance training, male mice, 28938
septohippocampal vs innominate cortical cholinergic system lesions, learning & memory, rats, implications for memory disorders, conference presentation, 39229
serotonergic & cholinergic neurotransmitter disturbances in subcortical & cortical grey matter, postmortem brains of 73–92 yr olds with severe vascular dementia, 40526
suprachiasmatic bungarotoxin, locomotor activity rhythms, male rats, 18412
swollen choline acetyltransferase profiles in neocortex appearing as single axon enlargement of clusters of immunoreactivity, 6 vs 24–27 mo old rats, implications for Alzheimer's disease, 7636
symptoms & management & pathophysiology of tricyclic antidepressant withdrawal & use as model of cholinergic abnormalities in depression, 25–52 yr olds, 26948
TRH analog, hippocampal cholinergic activity & memory deficit, male medial septal lesioned rats, animal model of Alzheimer's disease, 35705
vasopressin modulation of nicotinic cholinergic mechanisms, retention, male mice, 11215
Cholinesterase
plasma cholinesterase, 43–92 yr old patients with multi-infarct vs Alzheimer's dementia vs endogenous vs reactive depression vs schizophrenia, 15564
pseudocholinesterase levels & anxiety & depression, patients with obsessive compulsive disorder, 29485
pyridostigmine bromide dosages, multiple avoidance task response & serum cholinesterase activity, monkeys, 21720
Cholinesterase Inhibitors [See Also Neostigmine, Physostigmine]
acetylcholinesterase inhibitor galanthamine, spatial memory deficits, mice with vs without nucleus basalis magnocellularis lesions, 25315
acute arecoline &/vs tacrine immediately following footshock, retention of avoidance conditioning, aged mice, 844
atropine & clonidine, soman induced lethality & behaviors & suppression of stereotyped behaviors, male rats, 4327
chronic po tacrine, color discrimination task learning, female monkeys, 7848
clonidine vs atropine, soman induced acute vs chronic behavioral toxicity, male rats, 35782
diazepam or muscimol, locomotor activity, Flinders Sensitive Line rats with increased sensitivity to anticholinesterase diisopropylfluorophosphate, 25286
diisopropyl phosphorofluoridate, time discrimination & internal clock, rats, 18417
multiple doses of physostigmine vs tacrine vs metrifonate, acetylcholine metabolism, rats, implications for treatment of Alzheimer's disease, 35821
nucleus basalis magnocellularis lesions & cholinesterase inhibitors, cortical choline acetyltransferase & passive avoidance, rats, 28786
nucleus basalis magnocellularis lesions & cholinesterase inhibitors, Morris water task performance, rats, 28761
oral pyridostigmine, cognitive function, 58–84 yr olds with Alzheimer's disease, 37532
ratio & dosage of arecoline & tacrine & oxotremorine & edrophonium 2-drug combinations, retention of footshock avoidance task, male mice, 7851
scopolamine vs atropine pretreatment, physiological & psychological responses to physostigmine, male Ss & psychiatric patients, implications for chemical warfare, 863
summary of conference on use of cholinesterase inhibitors in treatment of Alzheimer's disease, 37472
tetrahydroaminoacridine & lecithin, depressive mood, 53–85 yr olds with Alzheimer's disease, 37574
tetrahydroaminoacridine vs 3,4 diaminopyridine vs physostigmine, memory impairments, 18–26 yr old cebus monkeys, animal model of Alzheimer's disease, 14811
tetrahydroaminoacridine vs 3,4 diaminopyridine vs physostigmine, memory impairments, 18–26 yr old monkeys, animal model of Alzheimer's disease, addendum, 35775
Cholinolytic Drugs [See Cholinergic Blocking Drugs]
Cholinomimetic Drugs [See Also Acetylcholine, Arecoline, Carbachol, Neostigmine, Physostigmine, Pilocarpine]
arecoline &/vs tacrine & age, retention, male mice, implications for memory dysfunction in elderly, 4357
bethanechol chloride prior to exposure therapy, psychogenic urinary retention patients, 6209
cholinomimetic vs nootropic drugs vs benzodiazepine inverse agonists vs psychostimulants, social memory & recognition, adult rats, 32264
REM sleep deprivation, cholinomimetic drug induced tremors & nicotine induced convulsions, male rats, 4262
Chorea [See Also Huntingtons Chorea]
features & associated psychiatric problems, 35 yr old male with benign hereditary chorea, case report, 5713
Sydenham's chorea & later psychopathology, medical patients, 15 yr followup, 19654
Choroid [See Eye (Anatomy)]
Choroid Plexus [See Cerebral Ventricles]
Christianity [See Also Fundamentalism, Protestantism, Roman Catholicism]
A. T. Boisen's moral psychology of conscience & Christian perfectionism, implications for pastoral counseling, 9743
A. T. Boisen's perspectives on Christian ministry, 9748
approach of personality theories & Christianity to need for forgiveness, 1472
attitudes toward Christianity, comprehensive school students, 1974–86, England, 39623
beliefs questionnaire, ingroup vs outgroup comparison condition vs self condition, Christian vs atheist college students, 36443
brief psychotherapy & Buddhism & Christian counseling, 23621
Christian approach to group psychotherapy, adult clients with interpersonal relationship problems, 26870
Christian base community self help & mutual aid groups, alleviation of effects of poverty & powerlessness, Latin America, 9430
Christian religiosity, attitude toward death & dying, dying female vs male 45–55 yr olds, West Germany, 8478
concept of Christian maturity in contemporary feminist theory, 11601
Confucian vs Taoist vs Christian traditions & sociocultural development, sexuality & love & marriage, Hong Kong, 8310
covenant of law & grace in Christian counseling, 2733
creationism & scientism & academic curriculum, attitudes toward Christianity, 16–24 yr old high school students, Kenya, 6752
demographic predictors of reverse culture shock, North American Church of Christ missionaries returning to US after working overseas, 1193
development of Christian Experience Inventory, empirical measurement of religious maturity, adult Presbyterians or seminarians or Catholics, implications for parish ministry, 35089
devotional Christian meditation vs progressive relaxation, physiological & psychological changes, college students, implications for clinical intervention, 26885
differential sociocultural & interpersonal patterns of action & influence, adults in Christian Pentecostal or neo-Pentecostal or charismatic or metaphysical spiritual healing groups, 15263
examination of conflicting interpretations regarding roles of evangelical Christianity & West African tribal culture, de-

termination of Black religious consciousness & experience, 22159
family therapy, reframing of identified patient as similar to role of historical Jesus Christ, 26865
frame intrusion & public witnessing, convert winning, evangelical Christians, 36241
gender issues in relation to God & Christ & humanity, 39743
home environment & abuse histories & context of offense, sexually abused daughters from conservative Christian homes, 12127
integration of literature on parent child relations & biblical model of God as parent, maturity empowering model of Christian parenting, 36264
issues in family therapy, evangelical Christian families, 12736
liberal vs fundamentalist Christian eschatologies, identity & motivation in nuclear context, 11602
literal vs analogical use of metaphors of Christianity, advocates vs opponents of prohibition, 32613
measurement of attitudes toward Christianity, 11–16 yr old Catholic school students, Scotland vs England, 31158
model of behavioral & cognitive & attitudinal & affective factors, altruistic behavior, Christians, 1387
moral development, evangelical college & seminary students, 27638
need for cross cultural awareness & attitudinal changes, Christian psychologists & missionaries, 3018
norms of Francis scale Form ASC4B, assessment of attitudes toward Christianity, 1st–11th graders, England, 31544
original sin as manifestation of preoedipal drive toward omnipotence arising from primary narcissism vs Jesus as anti-Oedipus, commentary, 36234
perceptions of desirable body shape, male non-US Muslim vs US Judaic-Christian college students, 25919
psychoanalytic account of Jesus & object use in resurrection myth, 25693
psychoanalytic interpretation of shift from Palestinian Judaism to Hellenistic Christianity & early Christian mythology in Freud's "Moses & Monotheism", 8213
psychodynamic & psychosocial & social influences & Christian theological perspectives on perfectionism, 39986
role of police & church & evolution of punishment, males arrested for sodomy, 18th century, France, 29308
role-sending to congregation of expectations of Christian perfection as counterfeit spirituality, church leaders & pastors, 25698
sanctification process in psychotherapy as similar to religious experience in Dante Alighieri's "Purgatorio", 26783
urban environmental psychology models, Christian spirituality, 3456
use & abuse of authority in Christian organizations, 39741

Chromosome Disorders [See Also Autosome Disorders, Downs Syndrome, Klinefelters Syndrome, Sex Chromosome Disorders, Trisomy, Trisomy 21, Turners Syndrome]
clinical features & mental disorder & abnormal dermatoglyphs, mentally handicapped 57 yr old female with unbalanced form of translocation deletion between chromosomes 6 & 22, case report, 36924
development of IQ & mental retardation, male 5–19.2 yr olds with fragile X syndrome, 5700
dyscalculia & right left orientation & dysgraphia & finger agnosia & constructional dyspraxia, 8 yr old male with Fragile X syndrome, case report, 2014
fragile X syndrome frequency, male autistic 3–15 yr olds with vs without mental retardation, 40112
localization of Alzheimer's disease & Down's syndrome gene & similarity to human chromosome 21, mice with chromosome 16 trisomy, animal model, 14649
mental & academic functioning, female 6.5 & 9.5 & 14 yr olds with ring chromosome 15 syndrome, case reports, 5590
mild cognitive & motor delay, male 59 mo old with chromosome disorder, case report, 19421
postnatal growth deficiency & craniofacial defects & neurological abnormalities, 6 mo old female with Miller-Dieker syndrome, case report, 36923
prevalence of fragile X syndrome & other chromosomal abnormalities, mentally retarded 5–20 yr old males, San Marino, 22837
prevalence of X chromosome aberrations & fragile X site, male 19–63 yr olds with chronic schizophrenia or schizoaffective disorder, 33034
psychodiagnosis & physical characteristics, 13 yr old female with 4 X chromosomes & diagnosis of schizophrenia, case report, 2085

Chromosomes [See Also Sex Chromosomes]
autosomal & heterosomal factors, behavioral components & body & testes weight, heterogeneous line of mice developed from cross between unrelated inbred strains, 602
chromosome effects & interactions over 600 generations, lines of Drosophila melanogaster selected divergently for geotaxis, 596
genetic linkage of DNA polymorphisms on chromosome 5, families with multiple schizophrenic members, England & Iceland, 22639
lack of genetic linkage of polymorphism markers on chromosome 5, family with multiple schizophrenic members, Sweden, 22575
localization of Alzheimer's disease & Down's syndrome gene & similarity to human chromosome 21, mice with chromosome 16 trisomy, animal model, 14649
5q11-q13 region of chromosome 5, autosomal dominant gene marker for schizophrenia, schizophrenic families, Scotland, 40179

Chronic Pain
adherence to behavior analytic principles in operant treatment of chronic pain, literature review, 12789
affective disorder, adult females with vs without endometriosis, 26672
alexithymia, chronic pain patients, 1974
applied relaxation with vs without biofeedback, 28–82 yr old females with chronic lower back pain, Australia, 40736
assessment & multidisciplinary approach to rehabilitation treatment & outcome evaluation, 43 yr old male with chronic pain, 9842
attitudes & fears, 17–66 yr old patients with pelvic pain syndrome, 9100
attitudes & treatment approaches to chronic pain & pain patients, physicians & psychologists & anesthesist, Netherlands, 41171
behavioral & cognitive strategies for coping with chronic pain, children, literature review, 16042
causal attributions, coping behavior, adults with chronic headache, 5694
chlorimipramine vs maprotiline, 21–75 yr olds with chronic pain syndromes, 19942
chronic pain, caudally directed biting & scratching induced by intrathecal substance P with vs without naloxone vs fluoxetine vs phentolamine, mice, 4403
cognitive & emotional & behavioral factors, 21–59 yr olds with chronic low back pain incongruent with physical pathology, 5766
cognitive behavioral mediation model of chronic pain & depression, adult pain patients, 23225
cognitive behavioral treatment with vs without hypnosis, activity & pain intensity, male chronic pain patients, 30151
cognitive biobehavioral assessment & management, chronic pain, children & adolescents with chronic diseases, 23159
cognitive style & anxiety & extraversion & neuroticism, response to acupuncture, patients with chronic pain, 33715
component analysis of group program using education & self hypnosis, management of chronic low back pain, 31–68 yr olds, 33740
construct & concurrent validity of Symptom Checklist-90, assessment of pain pathology & behavior, chronic pain patients, 100
coping strategies & emotional adjustment, family practice vs specialty pain clinic patients with chronic pain, 16054
coping strategies, adjustment to pain, patients with chronic low back pain, Netherlands, 37158

CSF corticotropin releasing factor-like immunoactivity, adult chronic pain patients with vs without major depression, 1499
demographic & clinical characteristics, patients with psychalgic depressive disorder vs psychogenic pain, 32930
demographic & MMPI characteristics, prediction of treatment outcome, chronic back pain patients, 9276
demographic & pain & personality characteristics, patients with chronic pain from spinal cord injury vs other conditions, 22902
depression & anxiety & family functioning, families with mother with chronic pain vs diabetes, 22914
depression & participation in or outcome of rehabilitation, chronic pain patients, 13204
development of motor performance methods, assessment of pain felt in wrist or elbow or arm or shoulder, healthy 20–27 yr olds with occupational cervicobrachial disorder or related diseases, Japan, 33637
diagnosis & treatment, myofascial & sympathetically maintained & phantom limb pain following trauma or surgery, 29850
diagnosis of psychiatric disorders, chronic pain patients, 9038
disability compensation, inpatient pain management outcomes, male chronic low back pain patients, 13227
DSM-III personality type psychiatric operational criteria diagnoses, mixed chronic pain patients, 2003
emotional & psychoendocrine responses, patients under age 55 with sciatica & low back pain, conference presentation, 19535
emotional distress & interference with daily activities, concentration & memory problems, 18–83 yr old chronic pain patients, 16114
facial expressions of pain & emotion, 23–40 yr old female patients with chronic temporomandibular disorder pain, 22984
factor structure of McGill Pain Questionnaire, discrimination of psychological disorders, chronic pain patients, 62
Family Drawing Depression Scale, interpretation of family drawings & assessing presence of & changes in depression, adult chronic pain patients, 19017
frequency of maladaptive health related behaviors & teacher ratings of conduct problems, 8–12 yr old children of chronic low back pain vs diabetic patients, 1526
group behavioral treatment with relaxation & operant activities, chronic pain patients, 20 mo followup, 16451
group cognitive behavioral coping skills treatment, adult chronic pain patients, implications for social work, 2228
hemorrhage into joint producing acute pain vs repeated bleeding & resulting chronic arthritic pain, pain perception, English vs French speaking 18–73 yr olds with hemophilia, Canada, 1980
hypnotherapy, acute vs chronic pain reduction, 20028
immunoreactive substance P in lumbar CSF, patients with chronic neurogenic vs idiopathic pain syndromes, 8980
inpatient vs outpatient treatment programs, health & psychological adjustment & disability as measures of quality of life, chronic pain patients, 8 mo followup, 26745
integrative medical & psychotherapeutic approach, 11 yr old male with chronic abdominal pain, case report, 33681
internal consistency of self administered cross modal pain intensity & unpleasantness scale & intelligence, patients with chronic pain, replication, 35166
lateralization of pain symptoms, psychiatric vs nonpsychiatric patients with atypical facial pain, 5703
learning, pain behavior & assessment & treatment of chronic pain syndromes, literature review, implications for limitations of pain behavior construct, 2147
locus of control, pain coping strategies & psychological distress, adult chronic pain patients, 22907
logotherapy, adults with chronic pain, 1 yr followup, conference presentation, 2282
Millon Behavioral Health Inventory &/vs MMPI, prediction of improvement in motor behaviors, adults in outpatient pain rehabilitation program, 14182
Millon Behavioral Health Inventory norms, chronic pain patients, 31626
MMPI & bodily concern & psychological denial subscale scores, chronic back pain patients, 2087
MMPI schizophrenia scale elevations, psychotic vs nonpsychotic psychiatric vs chronic pain patients, 1522
MMPI subgroup, long term treatment outcome, chronic pain patients, 1973–79 vs 1980–85, 2187
model for assessment of therapeutic adherence & recurrent pain, children & adolescents with diabetes mellitus or obesity or rheumatoid arthritis, 22880
multidisciplinary evaluation & treatment & education program, 18–62 yr olds with chronic low back pain, implications for vocational rehabilitation, 34358
Munchausen syndrome presenting with chronic pain, 35 yr old female, case report, 22921
music therapy & biofeedback, chronic pain patients, 12613
neurophysiology of acute vs chronic pain, 37054
nonmedical treatments, patients with chronic pain, meta analysis, 19707
nonmedical treatments, patients with chronic pain, meta analysis, 37235
occupational therapy, chronic pain management, 20244
pain dimensions & psychological status, adults with acute vs chronic low back pain, 29842
pain drawings & psychological state, adults with chronic pain, 22932
pain intensity ratings, desire for social & recreational activities & levels of depression, 20–73 yr old pain patients, 29912
pain management program, pain associated depression, 15–64 yr old patients, 34168
pain related self statements & perceived pain control, pain severity & disability, adults with chronic back pain vs rheumatoid arthritis, 5638
pain vocabulary & intensity & anxiety & depression, 39–66 yr olds with terminal cancer vs chronic pain, 12533
pastoral care & counseling, patients with chronic illness or pain, 23616
patient's chronic severe depression vs physical pain vs terminal bone cancer, acceptability of suicide, college students, 19279
perception of disability & objective measures of ability, adults with chronic back pain, 4–6 yr followup, 37029
personality & demographic factors & life events & health status & history, patients with temperomandibular pain & dysfunction syndrome, 16162
personality & mood disturbances & unexplained chronic pelvic pain, females with vs without pathology, 2093
physical & psychosocial factors, accuracy of remembering pain, 17–78 yr old chronic pain patients, 40426
physical symptoms & Type A tendency & exposure to stress, adults with chronic pain symptoms, 5834
primary care based pediatric psychology service, 6.4–13.3 yr olds with recurrent abdominal pain, 34149
psychiatric management & definition of pain & chronic pain, 33724
psychological adjustment & family environment & chronic musculoskeletal pain & disease activity, daily living & school & social functioning, 4–16 yrs olds with juvenile rheumatoid arthritis, 5820
psychological treatment of chronic pain, literature review, 40605
psychophysiology of chronic pain, meta analysis, 22923
psychosomatic & sexuality aspects in assessment & treatment, female patients with chronic pelvic pain, 9147
psychotherapeutic stance, 30 yr old female with alexithymia & chronic atypical pain, case report, 33874
rehabilitation model of hypnotherapeutic approach, chronic pain patients, conference presentation, 16666
relaxation & social skills training & cognitive restructuring, adult chronic pain patients, 2 yr followup, 30396
relaxation induction, benign chronic pain patients, 2427
reliability & validity & appropriateness of chronic pain assessment & treatment outcome research, literature review, 24666

reliability & validity of inventory, measurement of knowledge of pediatric pain assessment & intervention methods, pediatric nurses & residents & medical students, 31678
reliability & validity of MMPI, assessment of behaviorally oriented treatment outcome, patients with chronic back pain, 1 mo followup, 24629
reliability & validity of SCL-90-R subscales, assessment of cognitive & somatic aspects of depression, adult patients with chronic pain vs spinal cord injury in rehabilitation, 10567
self hypnosis training, shifts in self concept, 22–51 yr olds with pain, 1 & 6 mo followups, 23472
sociodemographic characteristics & psychiatric diagnosis, description of pain & physical diagnosis, 15–60 yr old chronic pain patients with vs without alexithymia, 22900
sociological aspects including medical treatment & patient's experience, chronic pain & chronic illness, 40353
stressful life events, depressed mood, chronic low back pain patients, 22879
subjective & physiological & behavioral measures, chronic pain, conference presentation, 19516
symptoms & biological markers & similarity to depressive disorders, patients with chronic pain syndromes, 9230
systematic desensitization, long term claustrophobia following magnetic resonance imaging, 24 yr old male & 39 yr old female with chronic pain, case reports, 2411
test retest reliability of pain drawing instrument, diagnosis & evaluation of treatment progress, patients in multidisciplinary pain treatment center, 7143
time limited vs unlimited compensation, pain behavior & treatment outcome, chronic low back pain male patients, 1 yr followup, 9272
type of chronic pain & depression vs anxiety & disability vs quality of life, response to clomipramine or mianserin, patients, conference presentation, 16618
utility of pentazocine vs butorphanol vs nalbuphine vs buprenorphine vs meptazinol in treatment of chronic pain, 2480
utility of Pilowsky Illness Behavior Questionnaire, patients with chronic low back pain, commentary, 3618
validity of clustering algorithm of P-A-I-N classification system in MMPI, chronic pain patients, commentary, 38657
validity of psychiatric & psychological questionnaires, assessment of psychiatric & psychological symptoms & disorders, patients with chronic pain, 28143
Visual Analogue Scale vs psychophysical ratio scale, measurement of chronic pain, outpatients, 33578

Chronic Psychosis

abnormal diurnal weight gain, chronically psychotic adults, implications for metabolic marker of illness severity & risk of water intoxication, 19252
abnormal diurnal weight gain, chronically vs acutely psychotic patients vs normal adults, 36709
chronic atypical psychosis without neuropathology, 24 & 42 yr olds with multiple sclerosis, case reports, 5693
fluid intake & urinary excretion patterns & creatinine concentration, polyuric vs nonpolyuric patients with chronic psychosis, 33207

Chronic Schizophrenia [See Schizophrenia]

Chronicity (Disorders)

age & duration & severity of disability, cognitive ability & reasoning & memory, patients with multiple sclerosis, 2017
age & sex & duration & modality of treatment, quality of life & medical & psychological & social adaptation, chronic dialysis patients, 13015
aging & chronic illness, sexual dysfunction, 65–75 yr old & older male veterans, 12468
appropriateness of medications, long term psychiatric day care patients, 9524
attitudes toward acutely or chronically mentally or physically ill persons, college students, 8524
benefits & goals & other aspects of acute hospitalization, chronically mentally ill patients, 13122
biofeedback therapy & relaxation training, 10–68 yr old chronic medical & psychiatric patients, 4–82 mo followup, 37450
brain behavior functioning & academic level, 16–39 yr old chronic psychiatric patients, 36717
child & family sociodemographic variables, Metro Manila Development Screening Test performance, 1 mo–6.5 yr old chronically ill children, Philippines, conference presentation, 40059
chronic sorrow, families with 12 & 13 yr olds with neurofibromatosis & scoliosis or amputation or other chronic disorders, 29882
chronicity & fatal outcome & handicap visibility, development of independence, 12–20 yr olds with cystic fibrosis vs asthma vs of small stature, Netherlands, 12504
classification & prevalence of chronic depression, literature review, 19218
comprehensive treatment approach in private psychiatry practice, chronically mentally ill patients, 40545
conceptual systems model of family dynamics & chronic illness, 5773
conflict between family & health care systems, course & treatment of illness, families with chronically ill member, 6247
consultation with patient agency system, maintenance of problems, chronic psychiatric patients, 34241
contextual concerns in development of services, chronic mental patients with substance abuse problems, 6286
counseling & support group, expressed emotion & family relations, family caregivers of 22–66 yr olds with severe long term psychiatric & social disabilities, 40696
cumulative trauma, chronicity, schizophrenic 24 yr old female & 30 yr old male, 26099
curriculum model for treatment of long term mental illness, social workers, 27446
demographic & admission & disease characteristics, long stay psychiatric patients, Switzerland, 34302
determining factors & complex decision rules, evaluation of impairment vs quality of life & treatment planning, chronically mentally ill patients, 26189
development & reliability & validity of quality of life interview, chronically mentally ill patients, 5263
difficulties in provision of support & care in chronic illness, husband caring for wife with cancer, 33667
disability & welfare benefits, severely impaired 18–35 yr old psychiatric inpatients, 19128
discrepancies in illness orientation & therapeutic goals & expectations & family involvement, family centered care, parents of children repeatedly hospitalized with chronic illnesses, 2836
education in treatment of long term mental illness, clinical psychologists, 27418
education in treatment of long term mental illness, psychiatric nurses, 27411
effectiveness of screening for somatization disorder, adults with chronic fatigue, 40456
emotional factors & performance of daily activities, adult patients with severe chronic obstructive pulmonary disease, rehabilitation implications, 12334
evolution of family paradigms dealing with chronic & life threatening illness, 6039
exercise, cardiovascular fitness & flexibility & strength, 64 yr old & older chronically ill veterans, 4 mo followup, 37241
family focused interventions, reduction of stressors during adjustment process, families of head injured & stroke patients, 9425
family-focused social skills development model, social interaction & impulse control & problem solving skills, chronically ill children & their families, 30780
family history & life events & clinical profile & treatment, patients with chronic major depression vs major depressive patients who had recovered within 2 yrs, 8586
family relations & chronic medical illness, implications for family therapy, 5797
formation & evolution & process of psychotherapy group, 29–63 yr old outpatients with chronic medical illnesses, 3 yr study, 9420
hardiness, physiological & psychosocial adaptation, chronically ill adults, nursing implications, 16198

health & self efficacy beliefs & prior hospitalization & participation in health education program, self management behavior, 7–17 yr olds with chronic asthma, 1 yr followup, 5602
health locus of control beliefs, knowledge of disease etiology & treatment & prevention, healthy children vs 5–16 yr olds with seizure disorders vs orthopedic conditions, 12490
health perception & experience of chronic disease, symptom recognition & reporting, elderly, implications for clinicians, 12438
health problems concomitant to mental illness, deinstitutionalized & chronic psychiatric patients, implications for nursing & health delivery, 27145
history of concept of chronicity in mental disorders, 22565
history of perinatal distress, schizophrenic patients with chronic vs good prognosis, 40 yr followup, 5358
housing & living skills & poverty & employment & stigma & aftercare, 16 yr old & older deinstitutionalized chronic psychiatric patients, Canada, 40898
intensive case management, hospitalization & functioning & care costs, chronically thought disordered 20–57 yr olds, 5 yr study, 37690
intensive inpatient psychiatric & rehabilitation program, young adults with chronic mental disorders & no response to traditional treatment, 37796
involvement in criminal justice system, homeless chronically mentally ill patients discharged from acute care, 20163
lifetime prevalence of preceding psychiatric disorders, patients with chronic fatigue syndrome, 29997
lifetime prevalence of preceding psychiatric disorders, patients with chronic fatigue syndrome, erratum, 37083
longevity & need for extended health care services, elderly with chronic developmental disabilities, 23484
mastery & intimacy & discomfort in seeking social support & support received, emotional distress, mothers of well vs acutely vs chronically ill children, Israel, 16106
model & methods & cost effectiveness of counseling support group, expressed emotion & family relations, family caregivers of 22–66 yr olds with severe long term psychiatric & social disabilities, 40695
model community curriculum for treatment of long term mental illness, psychiatric residents, 27409
multidisciplinary training program for family treatment of long term mental illness, clinical mental health personnel, 27433
nursing home day program using continuum of care & chronic vs terminal illness approach to health & social services, AIDS patients, 27224
objectivity in consensual domain & symmetry & irreversibility in family therapy, chronically mentally ill clients, 37389
one to one relationship as therapeutic tool in treatment of long term mental illness, mental health personnel in training, 27432
pastoral care & counseling, patients with chronic illness or pain, 23616
patient characteristics, risk for chronicity & long term dependence on extensive psychiatric care, 10 yr cohort of 1st time admitted psychiatric patients, Denmark, 9785
patterns of change in health & activity level & well being, patients 55 yrs old & older who had been hospitalized for chronic condition, 1–2 yr study, conference presentation, 37178
pediatric clinical nursing, adjustment & physical & emotional development, siblings of children with chronic illnesses, 16763
physician patient interaction, health outcomes, chronically ill patients, conference presentation, 37635
premorbid adjustment & chronicity & current functioning, paranoid vs nonparanoid nonorganic psychiatric inpatients, 15790
preservice training in treatment of long term mental illness, mental health personnel, 27382
prevalence of psychiatric disorder, adults with vs without chronic medical conditions, 1540
problems in public psychiatric treatment, chronically mentally ill, 12619
process of occupational group treatment, chronically mentally ill, 34371
programing guidelines for partial hospitalization, chronically mentally ill 18–35 yr olds, 20196
psychiatric nursing, chronically mentally ill at risk for homelessness, 23491
psychological & physical variables, prediction of coping strategies, 26–62 yr olds with chronic illnesses, 26541
psychological status, 26–70 yr olds with serological profile & clinical symptomatology indicative of chronic fatigue syndrome, 40466
psychosocial & client characteristics, chronic primary major depressive adults, 5327
psychotherapeutic intervention, transition from diagnosis of acute to chronic illness, patients & families, 23235
public opinion & legal & policy & other factors, implementation of current treatment knowledge, chronically mentally ill, 12623
quality of life, elderly outpatients with chronic diseases, 5752
quality of life in district general hospital acute vs hostel wards vs group homes, chronically mentally ill 16–65 yr olds, 27240
relationship between health care providers & recipients, members of families with chronically ill child or other adult member, 20094
reliability & concurrent validity of coping checklist & Kidcope, high school students & 10–18 yr old chronically ill patients or diabetic camp attenders, 17639
reliability of MMPI profiles, classification of chronic headache types, headache patients, replication, 9032
residential crisis services, long term mentally ill citizens, 20218
self assessments, adult chronic psychiatric patients in psychosocial rehabilitation center, 13226
short term structured psychoeducationally oriented discussion group, adjustment, 11–76 yr olds with chronic disabling medical disorders & their family members, 30336
sibling relationships & family adaptation, siblings of children with developmental disabilities & chronic illness, literature review, 11886
sociological aspects including medical treatment & patient's experience, chronic pain & chronic illness, 40353
stress, adult primary caretakers of chronic physically disabled children & adults, 12960
systemic developmental model of day treatment, young adult chronically mentally ill patients, 2799
systems oriented group program, parents of children with chronic illness, 37388
theoretical perspectives on sibling response & adjustment to chronic childhood disorders, implications for health care professionals, 16043
Type A behavior, 20–67 yr olds with chronic migraine vs mixed vs tension headaches, 5670
use of mental health services, persistence of mental problems & distress, community residents, 30640
ventricular-brain ratio & life course of illness, patients with recurrent affective disorder, 8713

Cigarette Smoking [See Tobacco Smoking]

Cimetidine
antihistamines chlorpheniramine vs cimetidine, analgesia & conditioned flavor aversion induced by centrifugal rotation, female rats, 35842

Circadian Rhythms (Animal) [See Animal Circadian Rhythms]

Circadian Rhythms (Human) [See Human Biological Rhythms]

Circulation (Blood) [See Blood Circulation]

Circulatory Disorders [See Cardiovascular Disorders]

Circumcision [See Birth Rites, Surgery]

Cirrhosis (Liver)
changes in number & type of alcohol outlets, liver cirrhosis & traffic accident mortality, Australia, 15 yr study, 36893
cognitive impairment, alcoholic vs postnecrotic cirrhotic patients without overt portal systemic encephalopathy, 36879

D,L-2,3-butanediol, healthy patients vs those with alcoholic cirrhosis, 29749
extrahepatic portacaval shunting, episodic confusion & tremor, 69 yr old male with cirrhosis associated with alcohol abuse, case report, 34182
neuropsychological test performance, alcoholic vs nonalcoholic males with cirrhosis, 22489
rates of Alcoholics Anonymous membership & per capita alcohol consumption, rates of cirrhosis & convictions for drunk driving & liquor law offenses, adults, 1974–83, Canada, 41090
Cities [See Urban Environments]
Citizenship
degree of family politicization, citizenship orientation, 14–18 yr olds, Israel, 22030
Civil Rights [See Also Equal Education]
antismoking movement & legislation, discrimination against smokers & lack of attention to other environmental pollutants, 1264
APA amicus briefs on decision making capacity & abortion, adolescents, implications for scientific authority & legal system, 32704
assumptions underlying drug testing, employee performance & rights, literature review, 20835
attitudes toward gay equality rights, 1968–86, Canada, 22278
categorical distinction of mental health vs abnormality, accordance of social rights & judgment of human & civil rights infractions for groups & individuals, adults, 32990
Civil Rights Act of 1964, testing & performance appraisal & selection, public sector employees, 1964–89, literature review, 38316
Civil Rights Act Title VII, use of screening devices in personnel selection & avoidance of discrimination, employers, 24311
constitutional issues in state regulation or restriction of noncoital reproduction, implications for surrogate arrangements, 18829
covert mini courts within judicial & law enforcement systems, behaviorology as scientific & philosophical foundation for criminal justice field, 29257
culture & reproductive technology & women's rights, 30568
development & standardization of test, assessment of citizenship rights & responsibilities knowledge, mentally retarded 12–73 yr olds, 17647
legal & ethical aspects of surrogacy, best interests of children, 18824
legal child custody issues in surrogate motherhood arrangements, 18821
marital separation or divorce & protection of children's rights, legal policy applications, 29262
perceived right of coresident friend to use & permit entry of friend vs repairperson vs housing inspector vs police person into common vs exclusive use areas, college students, 18825
role of psychology in promoting public policy & civil rights, homosexuals, 32719
Supreme Court decision in Griggs v Duke Power Co, conceptualization of & methods to alleviate employment discrimination, 1964–88, conference presentation, 24320
Supreme Court decisions regarding role of expert testimony & privilege against self incrimination & competence for execution, mentally ill criminal defendants, conference presentation, 1285
training in self advocacy skills, discrimination of & response to rights violations, mildly handicapped 19–27 yr olds, 12616
Civil Rights Movement
political attitude stability, 37–55 yr old civil rights activists, 10 yr followup, 15349
Civil Servants [See Government Personnel]
Clairvoyance [See Also Precognition]
background stimuli, displacement in ESP or clairvoyance, college students, 2
clairvoyance & psychokinetics, explanation of mind brain interaction, 35027
clairvoyance of location, 35 yr old female, 35030
psi ability, token object reading & psychokinetic influence on plant germination & protection of seeds from saline effects, shamans, India, 10508
signal detection methodology, envelope clairvoyance in relaxed vs normal state, adults, India, conference presentation, 21008
telepathic clairvoyant vs precognitive vs postmortem experiences & geomagnetic activity, adults, 38555
Class Attitudes [See Socioeconomic Class Attitudes]
Classical Conditioning [See Also Conditioned Emotional Responses, Conditioned Responses, Conditioned Suppression, Eyelid Conditioning, Unconditioned Responses]
age, classical conditioning, rabbits vs rats, 21496
age, classically conditioned eyeblink response, 18–83 yr olds, 4568
aggression eliciting cues, socially mediated classical conditioning, male fighting fish, 24935
aging in neural circuitry, classical conditioning, rabbits & humans, literature review, 21571
alcohol conditioning & expectancy, visuomotor integration task performance, adult males, 920
aluminum chloride vs hydrochloric acid, acquisition of nictitating membrane response & neurofibrillary pathology, rabbits, 7902
amphetamine vs pentobarbital in distinctive chamber, chamber preference measuring drug rewarding vs aversive effects, goldfish, implications for synaptic dopamine, 35843
artificially adorned female & inanimate toy dog as CSs, search & approach & consummatory sexual behavior, male Japanese quail, 24940
associative learning in classical conditioning, phototactic behavior, hermissenda, 3915
associative training, light responses & net input resistances of Type B photoreceptors, Hermissenda, 7648
attention instructions, preparedness phenomena in electrodermal & cardiovascular responses to phobia relevant stimuli in trace conditioning, college students, 21616
aversion conditioning, baroreflex control of heart rate, dogs, 21602
aversive noise UCS with green light CS, cardiovascular reactivity response during conditioning vs extinction & anxiety & introversion, college students, 22 mo followup, 32090
biological implications of differential-Hebbian learning rule, erratum, 32034
cerebellum, classical conditioning of discrete behavioral responses to aversive stimuli, mammals, 4161
classical appetitive differential conditioning, medial septal unit activity, male rats, 39125
classical conditioning & context of drug administration, tolerance & protection from lethality of pentobarbital overdose, male rats, 35907
classical conditioning of light CS to shock UCS onset, brain extracellular fluid levels of ependymin, goldfish, 35662
classical conditioning of nictitating response, dorsal cochlear nucleus uptake of radioactive glucose, rabbits, 7654
classical conditioning of reading responses, reading achievement, 36–67 mo olds, 27581
classical conditioning of scopolamine & distinctive environment with vs without pimozide pretreatment, horizontal & vertical motor activity, male rats, 21783
classical conditioning to odor CS with tactile stimulation as UCS, regional olfactory bulb mitral/tufted cell firing rate, young rats, implications for information storage, 11059
classical vs operant conditioning procedure, hearing assessment, 3.8–20.3 yr olds with multiple handicaps & mental retardation, 29451
classically conditioned forelimb flexation, formation of corticorubral synapses to red nucleus neurons, cats, conference presentation, 4132
cognitive perceptual process, classical & higher order conditioning, 28431
compound vs component stimuli under mixed CS–US intervals, acquisition of nictitating membrane response, rabbits, 28428

computer model of hippocampal lesions using aggregate prediction hypothesis, classically conditioned nictitating membrane response, rabbits, 4299
conditioned heart rate to olfactory stimulation, rat pups, 3959
conditioned olfactory stimulus prior to & during eating, plasma insulin, obese vs lean mice, animal model of non-insulin-dependent diabetes mellitus, 25088
conditioning factors related to dependence & relapse, heroin addicted vs alcoholic patients, 15944
conditioning processes in acquisition & modulation of learned fear, dental anxieties & phobias, college students, 19086
context & encoding & retrieval, reacquisition following extinction, rats, 14510
contingency awareness, attitudinal conditioning, business students, implications for commercial advertisements, 20930
contingency & information & inhibition & salience in classical conditioning, 3955
continuous vs partial reinforcement during Pavlovian serial conditioning with tone & light & food, response rate, rats, 14557
CS information value, electrodermal conditioning, college students, 21304
differential Pavlovian conditioning with 2 colored stimuli with vs without shock & complementary elements, skin conductance responses, 21–29 yr olds, 21302
discriminative classical conditioning task, food preferences, carnivorous leeches, 21379
distribution & number of preacquisition UCS presentation & UCS preexposures, magnitude of retardation of nictitating membrane conditioning, rabbits, 35475
dynorphin A, place conditioning, rats, 11246
D1 agonist SKF 38393 vs D2 agonist quinpirole vs amphetamine, place conditioning & conditioned taste aversion, male rats, 25238
electrical stimulation of medial vs lateral septal nuclei as CS, acquisition of classically conditioned eyeblink response, rabbits, 21679
electrical stimulation of spatial trigeminal nucleus, acquisition & extinction & differential conditioning of nictitating membrane response, rabbits, 11134
environmental cues paired with ip ethanol vs pentobarbital, conditioned tolerance & cross tolerance, male rats, 32188
environmental familiarity & acute vs chronic morphine, activity level & place preference conditioning & drug tolerance, male rats, 35894
errors in contingency models of operant & Pavlovian conditioning, commentaries & reply included, 21372
exposure to flavor with saccharin sweetened vs saccharin water solution & 10 min delay, hydrolysed starch flavor preference, rats, 28414
extended play Prisoner's Dilemma game using various opponent strategies, time & cost of cooperation training, simulated character who learns only by CRs, 35381
extinction & counterconditioning, acquired evaluative value, college students, replication, implications for behavioral treatment, 31872
extinction of differential heart rate classical conditioning to tone, rabbits with bilateral auditory vs visual cortex lesions, 28785
fentanyl with vs without conditioned environmental stimuli, dopamine & metabolite concentrations, male rats, 25216
forward vs backward CS-UCS pairing, olfactory bulb single unit neural responses & odor preferences, rat pups, 32056
haloperidol pretreatment, conditioned place preferences induced by iv vs ip cocaine, male rats, 912
haloperidol, reward value of lateral hypothalamic stimulation in place conditioning, rats, 7786
heart rate vs eyeblink conditioning model systems of associative learning, acquisition functions, rabbits, 24957
heroin conditioned auditory stimuli, cerebral functional activity, male rats trained to self administer vs receive yoked infusions of heroin, 18461
hippocampal lesions, latent inhibition of associability of footshock & neutral tone, male rats, 800
hippocampal manipulations, simulations by attentional associative model of classically conditioned nictitating membrane response, rabbits, 39234
history & status of classical conditioning as model of associative learning, 38930
hypocapnia, delayed extinction to classical conditioned anxiety, 19–34 yr olds, 19644
icv ethanol, environment dependent tolerance in Pavlovian conditioning paradigm, male mice, 18391
infusion of D-alanine-methionine-enkephalinamide with vs without naltrexone into rostral region of 4th cerebral ventricle, acquisition of classically conditioned heart rate, rats, 21750
instrumental vs Pavlovian contingencies, acquisition & maintenance of instrumental responding in discriminated instrumental procedure, homing pigeons, 438
integrated field vs behavior analytic units of respondent & operant behavior, 21310
integration of human & animal theories of Pavlovian conditioning, conference presentation, 3917
intensity of shock UCS & number of CS UCS pairings, changes in magnitude of conditioned fear following 24 hr posttraining interval, male rats, 780
lesions of auditory cortex, differential heart rate conditioning with acoustic stimuli, rabbits, 21703
LSD, classical conditioning of nictitating membrane reflex as function of interstimulus interval, rabbits, 18347
LSD-25, classical trace conditioning of eyeblink response as function of interstimulus interval, male rabbits, 18441
maturation & habituation & conditioned inhibition & classical conditioning & imprinting, development of species preference in pecking, herring gull chicks, 31910
MED-PC software system, programing to control & record events of operant & classical conditioning experiments, conference presentation, 35390
methoxamine as UCS in cardiovascular classical conditioning, BP & bradycardia & heart rate, rabbits, 11228
morphine into hippocampus, conditioned place preference, rats, 14831
motor reaction as CS in classical & instrumental conditioning, changes in excitability of motor cortex, dogs, 17950
multiple unit activity in agranular medical prefrontal cortex during classical conditioning of bradycardia, rabbits, 4100
naloxone or clonidine or pimozide, heroin induced conditioned place preference, rats, 39313
negative CS, stimulus selection in appetitive & aversive conditioning & short term retention, adult & infant rats, conference presentation, 28436
negative tilt as UCS, classical conditioning of heart rate deceleration, humans, literature review, implications for therapeutic applications of biofeedback, 32082
nervous system & nerve cells, contiguity detection in classical conditioning, aplysia & drosophila, 3900
neuronal characteristics, 2 way conditional connections after learning in visual motor & visual & motor hypothalamic coordinations, alert cats, 21383
nicotine, locomotor activity, rats, implications for role of Pavlovian conditioning, 28864
nonaversive RT task as UCS, conditioned heart rate & GSR, 20–37 yr olds, 21614
paired & random training in conditioning apparatus vs novel test chamber, heart rate, conditioned vs pseudoconditioned rats, 10909
paired vs unpaired CS-UCS, sexual performance, noncopulating male rats, 14521
pairing of distinctive dosing chamber as CS & lithium induced salivation as UCS, classically conditioned salivation to CS, male rats, 7542
parasagittal knife cuts lateral to thalamic nucleus severing prefrontal cortex afferents & efferents, classical conditioning of eyeblink & heart rate, female rabbits, 25164
Pavlovian conditioned inhibition in licking suppression, male rats, application of Rescorla & Wagner model, 21371
Pavlovian conditioning, drug tolerance & dependency & withdrawal & treatment issues, 16992

Pavlovian conditioning of CNS & autonomic responses to baroceptor reflex, 18–25 yr olds, 21617
Pavlovian conditioning of heart rate responses, female college students, test of H. J. Eysenck's incubation theory of phobic fear/anxiety, 19214
Pavlovian conditioning, reproductive behavior, blue gourami fish, 31922
pavlovian conditioning with alcohol, placebo response, male vs female college students, 32259
pentobarbital as CS & amphetamine as UCS, heart rate conditioning, rats, 28954
physostigmine, acoustically mediated trace conditioning & association of tone CS & shock UCS, rat pups, 14907
pimozide, role of neural mechanisms & UCS in conditioned vs unconditioned apomorphine vs dextro-amphetamine induced stereotypy, male rats, replication, 35825
postnatal classical conditioning of odor to maternal contact like tactile stimulus, odor preferences & olfactory bulb uptake of 2-deoxyglucose during normal vs E controlled respiration, rat pups, 21555
premenstrual phase of menstrual cycle, susceptibility to classically conditioned fear, 18–28 yr old females, 14747
presentation of reinforced previously classically acquired odor CS, electrical activity in olfactory bulb & cortex, rabbits, 7640
pretraining scopolamine, passive avoidance & place conditioning & retention in water maze, norepinephrine depleted male mice, 25205
psychological journal citations, relative influence of Pavlov vs J. B. Watson, 1911–43, US, 17949
pulse coded reformulation of A. H. Klopf's formal real time model of classical conditioning, neuronal capabilities, 18094
reexposure to environment previously associated with apomorphine injection, rotational behavior, male rats with unilateral denervation of nigrostriatal pathways, implications for drug addiction, 32099
reinforcement delay less than 100 msec in classical conditioning, auditory & somatosensory & motor cortex EPs & CR development, male dogs, 21490
reliable vs random CS-shock pairings, classical conditioning to novel CS & shocks in new context demonstrating proactive interference to learned irrelevance, male dogs, 28412
repeated sham feeding & latent inhibition, increased consumption & association between food's taste & postingestive consequences, male rats, 35481
research in classical conditioning processes, commentaries & reply included, 31897
reward value of stroking vs milk infusions in classical conditioning paradigm, 6 day old rats, 3965
saline vs clonidine discrimination training & pairing with anise/ethanol, BP reduction & introceptive stimulus effects, male hypertensive rats, 7917
scientific & financial & moral support of Pavlov by Rockefeller Foundation & Institute for Medical Research, 1920s & 1930s, 17959
sensory preconditioning & UCS inflation, differential aversive electrodermal CR, 18–35 yr olds, 24892
short vs long term imipramine, apomorphine or food induced conditioned place preference, male rats, 18410
signaled avoidance classical conditioning, eye withdrawal reflex, green crabs, 24932
single exposure to product paired with pleasant vs unpleasant music, classical conditioning of product preference, college students, 41544
single neuron function drive reinforcement neuronal model of classical conditioning, animals, 11030
stimulation of red nucleus or cerebellar nuclei as UCS, classical conditioning of nictitating membrane eyeblink response, rabbits, 4085
summation model of classical conditioning, assessment of sexual arousal in partial fetishism, 26 yr old male outpatient, case report, 33295
theory of classical conditioning integrating inductive learning & rule based hierarchical performance system, 24945
time of testing & level of stress & training, naloxone sensitivity of opioid conditioned stress induced analgesia, rats, 28708
tone CS with footshock UCS in conditioning vs pseudoconditioning, right foreleg flexion at different interstimulus intervals, 12 vs 28 mo old rats, model of age effects on associative learning, 35471
transfer of Pavlovian facilitators vs instrumental discriminative stimuli, reinforcement of target stimulus, rats, 14523
turbo pascal computer program, simulation of Rescorla-Wagner model of classical conditioning, 10537
UCS revaluation, classical CR strength & self observed changes, 17883
unexpected stimulus in given situation, orienting reflex, cats, 14558
ventral tegmental area lesions, appetitively motivated classically conditioned responses, female rats, 4306
views of W. H. Gantt vs Pavlov vs Freud on materialistic determinism & aggression & neurosis & heredity of behavior, 21
water deprivation, EEG assessed hippocampal responsiveness & behavior during acquisition of nictitating membrane conditioning, rabbits, 21628
5,7-dihydroxytryptamine induced lesions of nucleus accumbens, d-amphetamine vs morphine vs diazepam induced place preference, male rats, 11169
6-OHDA lesions of mesolimbic dopamine system, classically conditioned shuttling & escape response, rats, 18275

Classification (Cognitive Process)

ability to classify reinforcers flexibly, male rats, 406
ability to identify thematic & taxonomic matches, children at 26 vs 34 mo old, 39522
accuracy & RT categorization of tone into pitch classes, adults with vs without absolute pitch perception, 21243
additivity & noninterference & time invariance in prototype learning, graduate students, 7441
adult caregiver sentences, classification of transitive & intransitive action verbs, 2 yr olds, Japan, 39564
age & implicit vs explicit task instructions, taxonomic sorting response, middle vs lower class school age children, 39498
analytic vs synthetic stimuli, stylistic pictorial classification abilities, children, 8016
artificial intelligence systems, classification using knowledge based reasoning vs pattern recognition vs connectionist paradigms, 3797
basic level vs superordinate vs contextual categorization, 12–20.5 mo olds, 29075
categorical & comparative judgment & understanding of concepts "high" vs "low", 3–5 yr olds, implications for semantic congruity effects, 29094
categorization, bird song perception, swamp sparrow, 38963
categorization of multidimensional alternatives into 2 vs 4 classes, limits to decision making ability & strategy use, college graduates & research institute members, 3813
categorization of objects in isolation or scene, basic vs superordinate concept classification, college students, 31855
categorization of speech stimuli, 6 mo olds, 36043
categorization width preferences & judgment of ambiguous picture as representation of definite object, heart rate & vasomotor reactions, adults, 32079
category & modality specificity in semantic memory, 36 yr old male with prosopagnosia, 33517
category membership discrimination & feature generation & possession judgments measuring natural language category acquisition, K–5th graders vs college students, 32382
category usage, development of biological inferences using scientific concepts vs irrelevant superficial features, children, 32399
child vs adult articulated r–w phoneme continua pronounced correctly vs incorrectly, perceptual categorization & consistency, misarticulating 5.3–8 yr olds & adults, 16013
class & collection labels, cardinality & class inclusion & number conservation performance, 3–5.4 yr olds & kindergartners & 1st graders, 11400
classification context of target word during encoding, recognition of category words, college students, 10839

classification of consonants by place of articulation & type, 5 vs 7 yr olds, 32456
classification of unrelated words into subjective categories & selection of cue, cued vs free word recall, college students, 10843
classification task performance, pattern of cognitive deficits & social disturbances, autistic 5–8 yr olds, implications for assessment & intervention, 1706
cognitive development, classification of animals vs plants vs inanimate objects as living vs nonliving things, 6–15 yr olds, Israel, 32448
cognitive developmental shift from similarity to category based attribution, biological inference knowledge, children, 32410
cognitive hierarchies in spatial memory, college students, 24882
cognitive styles of categorization & conceptualization & motor system differentiation, 29–39 mo olds, 11428
color & form classification, children, literature review, 39521
color, categorical judgments of pictured object size & animation, college students, 14362
color of different letter pairs as redundant dimension, comparison vs classification RT, college students, 17762
color removal from stimulus array, schematically based sorting behavior, 2nd–6th graders, 39490
construction of external representations, understanding of class inclusion hierarchies, 2nd–6th graders, 39532
contextual composition of category triad words, recognition of semantically related words in category, college students, 14460
cue familiarity & information relevance, performance on analogies & classifications & series completions, college students, 24850
Cyrillic letters as contextual stimuli, classification of novel letters based on originals, college students, conference presentation, 38826
decision processes in the perception & categorization of multidimensional stimuli, adults, 7388
differentiation of whole vs subclass by labels of different words vs addition of adjective, classification judgments on collection vs class versions of part whole comparisons, 6.2–7.9 yr olds, Yemen, 18561
dimensional identity vs overall similarity categorization tendency & performance on cognitive measures, college students, 24854
directed attention to words or category membership or initial letter of words in orienting task, encoding of occurrence frequency, college students, 7452
disjunctively defined categories, ratings of category membership & typicality, college students, 17845
emergence of generalized vs specific sample comparison control in identity matching & oddity, 4.6–7.9 yr olds, 25530
epistemological & cognitive & other problems, medical & psychiatric disease classification systems, implications for International Classification of Diseases, 8508
error transformations, classification task performance, college students, 7412
estimation of set numerical means with vs without new information, category learning & mean estimation change, college students, 31887
evidence for holistic category learning, commentary, 345
evidence for holistic category learning, commentary reply, 364
exemplar based computer simulation of long term memory, storage & retrieval of specific experiences & reproduction of social priming & category accessibility effects, 14475
exemplar based system for heuristic classification & inductive reasoning & deductive problem solving, machine learning, 17421
exemplar memory vs single layer parallel processing network storage retrieval models, base rate in category learning, college students, 31838
exemplar similarity model for relating identification & categorization of separable dimension stimuli, college students, 31859
exposure to stuffed animals with varied features, free sorting & selection from distractors & naming of fuzzy categories, 3–6 yr olds vs adults, 11364
extension of Rescorla-Wagner model of associative learning in animals, category learning, adults, 340
familiarity with stimulus color & shape, preference for paired novel stimulus with same vs different color &/vs shape measuring categorization, 16–24 wk olds, 32383
family resemblance structure of schematic faces of boys vs figures of girls, analytic vs holistic classification learning, kindergartners, 11440
functionality & episodic memory model, concept construction & categorization, 4th–8th graders vs adults, 18608
gender conformity & infatuation & masturbation fantasies, differentiation & classification of sexual orientation, adult heterosexual & homosexual males, 36333
generation & blocking of category exemplars & extralist cuing, cued recall in categorical frequency estimation task, college students, 38892
hierarchical organization of memory, estimation of dates of events, college students, 10833
high vs medium hypnotizability, disorganized clustering & posthynotic amnesia, 18–60 yr olds, 28371
individual differences in prototypicality ratings of personality trait categories, college students, 1420
information measurement method using derivation of euclidian interstimulus distance, classification & perceived distinctiveness & similarity of photographs, high school & college students, 21217
item quantity & frequency in male vs female name classification task, saccade related EPs, adults, 32039
judgment of typicality & membership of items in conjunctive concepts, college students, 7402
knowledge of dinosaurs, inferred attributions & sorting of & number of causal statements made about novel dinosaurs, 5.9–6.3 yr olds, 21936
least mean squares learning model of networks vs competing learning models, simulated medical diagnosis task & discrimination learning, adults, 7449
left right vs middle edge position & discovery vs application instructions, classification of randomly positioned dot in square, college students, 35370
linguistic information & basic vs superordinate level categories, inferences about internal structure of objects & generalization of newly learned information, preschoolers vs 2nd graders, 4601
magnitude of distance & congruity of numbers, RT in classification vs selection tasks of numerical comparison, 18–30 yr olds, 38824
metacognitive knowledge & attributional beliefs & metamemory recall in sort task, gifted vs average 5th & 7th graders, West Germany, implications for causal modeling analyses, 39541
multidimensional scaling & cluster analysis of restricted vs unrestricted sorting of fragrance categories & ambiguous odors, adults, 38737
multiple referent & inclusion strategies for labeling of objects, interpretation of novel words, 3 & 5 yr olds, 21932
narrow vs wide sentences illustrating figurative meaning of proverbs, category learning, college students, 38897
nature of classification strategies, judgment of similarities among birds, Aguaruna & Huambisa informants & college students, 35335
nature of overinclusive thinking, schizophrenic vs neurotic adults, 5179
non-content job cues, job evaluations using categorization process & perceived motivating potential, college students, 34939
number of related birds & frequency of & similarity among bird species, typicality ratings & classification, college students, 7389
numbers of attributes & estimates & decision classes, multiattribute object classification, senior students vs pupils vs editorial board members vs physicians, conference presentation, 31849

numerical detection for different Markov chains of stimuli, college students, application of signal detection theory's expected value observer rule, 3681
other category exemplars vs neutral vs correct priming, retrieval of category members, college students, 14403
overall similarity vs part identity classification, 3.3–7.2 yr olds vs college students, 29056
paired stimuli with relevant & irrelevant dimensions in form or size or orientation & irrelevant disparity, classification task RT, college students, 3835
part set cuing, free recall & category names & examples, high school students, 7461
perceptual regression indicated by use of color vs form in matching task, schizophrenic 18–50 yr olds, India, support for regression hypothesis of schizophrenia, 36566
perceptual units, acquisition & representation of visual categories, college students, 7404
perceptual vs conceptual similarity of standard to match vs nonmatches, difficulty in basic vs superordinate category matching, 26 mo olds, 4597
perceptual vs imaginal presentation of letter pairs, use of visual mental images vs perceptual representations in same different judgments, college students, Italy, 3794
performance of verbal discrimination vs detection vs semantic classification tasks, auditory EPs, male 14–17 yr olds, 4124
pictorial presentation of high vs low typicality instances of concepts to left vs right hemisphere, long term storage & retrieval of category members, college students, 4168
pictures of objects from same semantic category, errors in auditory comprehension & naming & semantic paraphasias, aphasic 36–72 yr olds, 23027
practice & degree of attentional control, effect of alcohol on word categorization & visual search, adults, UK, 14897
preferential looking vs object manipulation task, sensitivity to categories of kitchen vs bathroom things based on spatiotemporal relatedness, 13.2–14.9 vs 19.3–20.1 mo olds, 1027
preferential representations in cognitive categorization, knowledge acquisition, humans, 21288
presence of audience, ability to categorically organize & recall word lists, college students, 22346
priming technique for assessment of prototype vs exemplar strategies of categorization, 31852
prior knowledge & contextual effects in priming cognitive price categories, categorization & automobile price judgments, college students, 41538
processing of trait words, category accessibility & implicit & explicit memory, college students, 21318
quality of pattern form, category discriminations & structure of category representations, 3 vs 5 vs 7 mo olds, 1058
rearrangement of serial or spatial positions of category members, inverse release from proactive interference, college students, replication, 28331
recategorization of aggregate representation, reduction of intergroup bias, college students, 39922
selective attention & identity vs dimensional valuation & magnitude of stimulus differences, similarity classification, 2–8 yr olds vs adults, test of model of perceptual classification, 15117
selective attention examplar vs rule based models, prediction of categorization & identification & recognition performance, college students, 24839
self generated associates vs category labels to target words, cued recall performance, 2nd vs 5th graders vs college students vs Ss over 65 yrs old, 4606
social deprivation & presence of observing audience, categorical organization & retention of words, male college students, India, 21285
spread of category level feature encoding, free recall of words & memory development, 2nd vs 6th vs 11th graders, Canada, 18553
stimulus categorization, judgment & accentuation of interclass differences & intraclass similarities, adults, 10803
stimulus similarity & frequency, classification & typicality ratings, adults, 7419
stimulus type & categorical blocking, free recall, college students, 17889
subject matter vs stylistic cues, judgments of similarity of paintings, 3–5 yr olds, 11436
subjective scaling of category width, responses to self referent vs non self referent questionnaire items, adults, 10808
summed similarity decision rule in exemplar based generalization model, classification learning & recognition memory & typicality judgments, 14466
training method, development of equivalence relations & auditory stimulus control in discrimination task, mentally retarded 11.3–23.7 yr olds, 5553
types of attributes or attribute combinations, category generalization, 4.6–7.6 yr olds vs college students, 21990
uncertainty orientation, individual differences in categorization in person perception, college students, 1409
use of spatial categorization as mnemonic strategy, 2–5 yr olds, 1001
word frequency in language, lexical decision & semantic & syntactic categorization & visual recognition naming RT, adults, 24836
words from ordered vs unordered sets, stimulus classification & cued recall, 2nd vs 5th graders vs college students, 4574

Classification Systems [See Taxonomies]

Classmates

conflict with teacher vs classmate regarding quality of academic work, method for dealing with criticism including problem definition & actions & feelings, 7–12 yr olds, Iceland, 34671
interactions during cooperative academic learning task, 3rd & 7th graders paired with friends vs other classmates, 17208

Classroom Behavior

"acting" or group resistance to teachers at beginning of school yr, low income preschool through 3rd graders, Hawaii, 13563
age & sex & classroom environment & play props, play behavior, female vs male 3–5 yr old preschoolers, 24105
anger & perceived control & school behavior, 9–19 yr olds with learning problems, 17284
approving vs disapproving responses & student behavior & time spent on task, secondary school teachers, England, 41309
attitudes toward troublesome classroom behavior, elementary school teachers, 6669
aural/oral modality & spontaneity & vervistic experience preferences, classroom behavior, Black students, 20539
causes of & techniques to manage classroom conflict, adolescent students, 38066
classroom behavioral characteristics & academic outcome, learning disabled 1st & 2nd graders, 3 yr study, 24168
classroom crowding & aggressive behavior, 7–16 yr old handicapped students & moderately retarded 12–15 yr olds, 24166
classroom group maturity, collective behaviors & affective reactions & performance, college students, 13582
classroom observation research, appraisal in classroom & conditions for learning & change, teachers, 30983
cognitive behavioral techniques in school counseling setting, 15 yr old male student with history of aggressive & oppositional behavior, case report, 6823
constructive vs misbehaving peer model, classroom behavior, middle vs working class male 63–73 mo olds, 41298
control theory & reality therapy principles, development of discipline & responsibility, preschool & elementary students, 38128
depression &/vs hyperactivity & family history of affective disorders & school behavior problems, 6–15.9 yr olds with developmental specific symbol language disabilities, 34792
development & reliability of self report instrument, assessment of class participation apprehension, college students, 20696
development & validity of short form of My Class Inventory, assessment of psychosocial environment of mathematics classrooms, 6th graders, 31261

early malnutrition, behavior at home & school, 9–15 yr olds, followup study, 33525
efforts to achieve classroom goals & standards for performance & academic achievement, high school students, 34665
environmental determinants & classroom intervention, aberrant classroom behaviors, special education students, 34756
ethnicity & educational standing, interethnic relations & acceptance in classroom, integrated Western & Middle Eastern 7th–9th graders, Israel, 24096
ethnographic study of writing & language in school, conference presentation, 24089
expectations of student behavior & types of problems that require technical assistance, 24–56 yr old regular or special education elementary or secondary school teachers, 41197
expressive classroom activities, identification of underlying causes for behavior problems, special education teachers & learning disabled students, 10200
factor structure & reliability of Devereux Elementary School Behavior Rating Scale, 3rd–6th graders, 34806
gender differences in classroom interaction, 4–7 yr olds, 6760
gender differences in classroom interaction, 8th graders, implications for research methodology, 6749
home environments at 6 mo vs 2 vs 10 yrs, achievement test scores & classroom behavior, 10 & 11 yr olds, test of models of environmental action, 6725
home visit & psychological & medical examinations, disruptive school behavior, 7 yr old Hmong refugee with language handicap & hearing loss, 34750
intellectual abilities & achievement & teacher ratings of classroom & social behavior & peer acceptance or rejection, 3rd–5th graders with learning disabilities, 34747
internal external control & verbal behavior in classroom, college students, 13609
interpersonal & work related classroom behavior, teacher identification of risk & problem behavior, kindergartners, 10386
intervention by educational psychologist based on student perspective, classroom behavior problems, elementary school students & their teachers, 3239
lesson evading & dissembling vs engaging & rejecting ego strategies in classroom, elementary school students, 3 yr study, 38169
mainstream vs special education setting, academic task use, learning disabled vs emotionally & behavior disordered vs educable mentally retarded vs regular education, 91–146 mo old students, 27746
mainstreaming training program, attitudes toward mainstreaming & classroom management style & student behaviors, elementary teachers with mainstreamed students, 20443
meaning of alternating languages in ongoing bilingual discourse in classroom & communicative competence, bilingual students, implications for bilingual teachers, 10139
microcomputer in classroom, self selected activity preferences, preschoolers, 3222
Misbehavior Reaction Checklist for Teachers, implications for use, 31330
motivation & familiarity & interpersonal vs group vs public speaking context, anxiety & avoidance behavior, college students with high vs low communication apprehension, 23964
music as teaching aid in cross age training in special education setting, disruptive 4th–5th graders with learning &/or behavior disorders & kindergartners low in social & academic skills, 24164
neurological & motor & language & behavioral screening status between 30 wks & 3 yrs of age, prediction of educational achievement & behavioral adjustment, 6.5–7.5 yr olds, Scotland, 13697
observation of videotapes of self vs peer engaged in appropriate classroom behavior, disruptive classroom behavior, 9–11 yr olds with behavior disorders, 17272
parent style, self regulation & adjustment & achievement & competence in school, 3rd–6th graders, 34682
perceptions of classroom behavior & adaptive functioning of seriously emotionally disturbed 13–16 yr olds, special education vs regular classroom teachers, 27726
perceptual thinking & body movement intervention program, classroom behavior, 6th grade underachievers, Pakistan, 3218
performance analysis of speech events, Black female teachers at urban community college, 34567
principles of reality therapy & control theory, classroom behavior management, 5–12 yr olds, Australia, 38077
psychological test observations & teacher ratings on Stanford Binet Observation Schedule, kindergartners, 13707
reality therapy & teacher directed vs independent seatwork instruction, on task behavior, 9–11 yr olds, 38270
rear vs front classroom seating position, social vs academic orientation & knowledge of classmate's names, college students, 41302
reciprocity in relations between mothers & teachers & parents' childrearing, prediction of behavior at home vs in day care, 3 yr olds in day care, 20552
responses to child advocacy situations, teacher-counselors vs high school principals, South Africa, 3074
role in development of teacher inservice program for reduction of student disruptive behavior, educational psychologists, 23940
school anger & perceived control & classroom behavior & academic motivation, students with learning disabilities, 20608
self perceptions of academic standing & classroom interactions with teachers, high vs low achieving 3rd graders, 20520
standards & expectations for classroom behavior, regular vs special education high school teachers, 20441
systemic family therapy, families with school related problems, 2368
teacher attention training in reflection/impulsivity perspective, teacher classroom behavior & student attention, 5th–6th graders & their teachers, West Germany, conference presentation, 24114
teacher interpretation of classroom play vs deviant behavior, 2nd vs 4th vs 7th graders & their teachers, 31160
technique for classroom demonstration of prediction & control of environmentally determined classroom, college students, 23984
use of shadows to teach concept of total behavior in control theory, 3rd graders, 38101
validity of Willingness to Communicate scale, prediction of classroom participation, college students, 20667
value of show & tell in kindergarten & elementary school classrooms, 3148

Classroom Behavior Modification

attitudes toward effectiveness of rewards & punishments, 13–15 yr old students & their teachers, England, 24081
attitudes toward traditional behavior modification & classroom use, educational psychologists, UK, 41190
behavior modification, undesirable & aggressive behavior, 4 yr old male nursery school student, 34608
Behavioral Approach to Teaching Package, inservice behavioral classroom management training course, middle school teachers, 3094
behavioral conceptual framework for collaborative problem solving, teacher behavior, counselors & teachers, 31242
behavioral consultation & development of prereferral intervention strategies, behavior problems, school consultants & difficult to teach 5th–6th graders, 34810
behavioral home school support system, treatment of behavior problems, pupils in mainstream schools, 10209
behavioral objectives, achievement & retention, 10th graders with high vs medium vs low GPA in social studies classrooms, Jordan, 20535
behavioral self monitoring & relaxation training & class meetings & life space interviewing, mainstreamed behaviorally disordered secondary school students, teaching training implications, 31187

behavioral techniques, management of classroom behavioral difficulties, low social status male 3rd yr secondary school students, Wales, 31037
choice of behavioral intervention strategy based on hypothesized cause of behavior, stereotypic or self injurious behavior, severely retarded 6–7 yr olds, 13660
classroom based social skills intervention, positive peer interaction, deaf 5.5–5.10 yr olds, 27663
classroom behavior management strategy using W. Glasser's reality therapy & control theory, teachers, 20469
classroom behavior management techniques, behavior disordered or emotionally disturbed 6–13 yr old special education students, 38238
classroom behavior modification, reading achievement, 11–14 yr old normal & special education students, 20597
classroom positive reinforcement programs, aggressive & noncompliant behavior, visually impaired multiply handicapped male 11 & 18 yr old special education students, 6782
classroom social skills training, maintenance & generalization of social skills, blind 9.1–12.5 yr olds with mental retardation &/or other handicaps, 6 mo followup, 27731
compliance training, attention to & compliance with instructions, nursery school students, England, 13517
consistent vs inconsistent reprimands & permissive responses, 2nd–3rd grade males with behavior problems, 17126
Contingencies for Learning Academic & Social Skills program, acting out 8–12 yr old elementary students, Costa Rica, replication, 3250
contingency statement & time out vs verbal prompts, violent or aggressive play behavior, 3–5 yr old preschool students with behavior disorders in mainstream classroom, 10231
contingent access to free time & play materials, academic motivation & math performance, 6–9 yr old autistic females & males with serious behavior disorders, 20625
contingent reinforcement of socially significant behavior, 18 yr old retarded female with autistic like & aggressive behavior, application of R. J. Herrnstein's law of effect, 27711
coursework, acceptability of differential reinforcement of incompatible behavior vs home based reinforcement vs time out vs ignoring interventions, prospective teachers, 31017
effectiveness of procedure & 8 vs 13 yr old target child, acceptability of school based behavioral interventions, college students, 41256
environmental determinants & classroom intervention, aberrant classroom behaviors, special education students, 34756
free time contingency, verbal & behavioral interruptions, 13–16 yr old high school students with behavior disorders in residential school, 27706
functionally based classroom behavior modification, self injurious behavior, moderately & severely mentally retarded 9–15 yr olds, 27680
goal setting & student teacher contract, on task behavior & academic performance, 4 yr olds with behavior problems or developmental disabilities, 20465
guidelines & standards for time out use in public schools, 10037
individualized good behavior game, type & frequency of behavior, severely behaviorally disturbed adolescent students, 27728
jogging & exercise sessions, talking out & out of seat behaviors, behaviorally disordered 7–10 yr old students, 6800
misconceptions regarding practicality of resistance to classroom behavioral interventions, teachers, implications for teacher accountability in student performance, 31018
model for planning & implementing classroom behavior change programs, special education teachers, 20646
modeling & rehearsal, aggressive behavior & social science responses in special & regular class settings, 13 & 14 yr old special education students, 17265
observation method, rate of swearing, students in residential school, 6707
prediction of behavior alteration techniques used by best vs average vs worst teachers, high school principals, 23924
rewarding series of easy requests, compliance with subsequent difficult task, 7–10 yr old moderately or severely retarded elementary school students, 3293
self evaluation training, generalization of classroom rules & work behaviors across settings, 9–11 yr old emotionally disturbed students, 34717
self managed response cost system using free tokens, on task behavior modification, mainstreamed emotionally disturbed 4th grader & learning disabled 6th grader, 20636
self management, disruptive & off task behaviors, behaviorally disordered or learning disabled 13–15 yr old students, 6794
social problem solving training program, behavioral adjustment & self efficacy & peer acceptance, 3rd–4th graders, 6 mo followup, 6696
social skills training course, disruptive behavior, male elementary school students, 6688
student locus of control & personal constructs, teachers' use of behavioral alteration techniques in classroom management, college students, 20568
systems approach in behavioral consultation & classroom behavior change, 24007
target social skill problem & behavior modification method & outcome strength in vignettes, rating of treatment acceptability & effectiveness, regular & special education elementary school teachers, 24134
type & frequency of misbehavior, selection of pro- vs antisocial classroom compliance strategies, elementary vs secondary experienced vs student teachers, 20440

Classroom Discipline

age, symptomatology of PTSD, children who are victims of school related abuse, 33293
assertiveness training, self esteem & classroom discipline & assertive behaviors, teachers, UK, 17112
attitudes toward discipline & expected rule differences following transition to secondary school, students in last yr of primary school, England, 6748
attitudes toward praise & rewards & punishment, secondary school students, Great Britain, 31165
causes of & techniques to manage classroom conflict, adolescent students, 38066
classroom management systems & curricular & instructional adjustment & counseling & support services & alternative educational programing, juvenile delinquents, 20681
control theory & reality therapy principles, development of discipline & responsibility, preschool & elementary students, 38128
development of content analysis coding scheme, assessment of constructionist vs selectionist approach in compliance gaining messages in teaching, teachers, 38181
Education for All Handicapped Children Act & recent court rulings, available legal disciplinary remedies, handicapped students, 17248
expulsions & suspensions of handicapped students, principals, 13663
factor analysis of teacher manageability, assessment of beliefs about ability to manage classroom maladaptive behaviors, regular & special education teachers, 6838
intervention by educational psychologist based on student perspective, classroom behavior problems, elementary school students & their teachers, 3239
L. Canter & M. Canter's assertive discipline approach to education, commentary reply, 38163
L. Canter & M. Canter's assertive discipline approach to education, literature review, 38176
mediation as control or conflict resolution, school discipline, 31159
moral elements in reforms of secondary urban vs suburban schools, academic achievement & discipline & racial integration & differentiation & intelligibility, school administrators vs teachers, 38050
participative & humanistic alternatives to controlled discipline in home & school, mental & physical health, children, 25591

ratings of acceptability & intrusiveness & efficacy of punishment procedures, public school special educators of severely &/or multiply handicapped elementary or secondary school students, 20613
reality therapy strategies in educational environment, 27762
rules & rewards & sanctions, control of pupil conduct, secondary school senior teachers, UK, 13587
stability & variability in teaching styles, classroom management & academic achievement, junior high school teachers & students, 31045
strategies & attitudes & school policies, management of classroom interruptions, junior high school teachers, England, 41306
teacher control orientation & interpersonal vs task demands socialization domain, problem solving ability, 3rd–4th graders, 20482
type & intensity of male vs female student misbehavior, compliance message selection, male vs female elementary school teachers, 3232
views on students' poor discipline, college teachers vs students, India, 10166

Classroom Environment

academic engagement behaviors in regular vs resource classroom, mainstreamed learning disabled 8–12 yr olds, 17255
active vs traditional classroom environment in city vs kibbutz schools, interactive & noninteractive behaviors, 3rd graders, Israel, 20550
age & sex & classroom environment & play props, play behavior, female vs male 3–5 yr old preschoolers, 24105
assessment of mainstream learning environment, educational placement, mildly & moderately handicapped students, 24120
C. Roger's humanistic influence on education & classroom environment, 27479
class climate scales, evaluation of inservice program to enrich classroom instruction of gifted students, 3rd–6th grade teachers, 3319
class seating arrangement & grades earned in art appreciation course, college students, 27655
class size & student-to-instructor ratios, academic achievement, students, 31150
class size & student-to-teacher ratios, academic achievement, students, commentary, 31179
class size & verbal teacher immediacy, learning, college students in communication courses, 20546
classroom context in videotapes, teacher evaluation bias generated by learning disabled label, elementary school teachers, 34728
classroom crowding & aggressive behavior, 7–16 yr old handicapped students & moderately retarded 12–15 yr olds, 24166
classroom environment & teaching methods, self directed learning, elementary school students, 3168
classroom environment, creativity performance, 6th graders, Barbados & Grenada & St. Vincent, 13598
classroom environment, self control & problem solving & generalization of learning & reading & writing skills, learning disabled 4th grader, 41351
classroom environment with emphasized vs deemphasized normative evaluation, self rating of current vs predicted academic achievement, kindergartners vs 4th graders, 3246
classroom instructional characteristics & mathematics aptitude, mathematics achievement, 5th graders, West Germany, 31080
classroom learning environment, creative performance, 6th graders, Barbados & Grenada & Saint Vincent, 27658
classroom socioemotional factors, academic achievement, students, 17186
classroom stress & learning environment, coping & adaptive learning, elementary school students, 3202
classroom task environment, self competence & sense of control & attitudes toward value of school tasks, 3rd & 4th graders, 3214
computer implementation & classroom organization & planning & practice, learning, 3rd–8th graders, Canada, 2 yr study, 41243
computerized data collection system, assessment of effects of mild thermal stress on academic performance, 7–15 yr old students, implications for market research surveys & opinion polls, 20705
conceptions of fairness in school learning, 1st–12th graders & college students, 24113
context & collective recall & reconstruction of shared knowledge in classroom discourse, 9–10 yr olds & their teachers, implications for teacher's role, 41290
cool white vs full spectrum fluorescent vs color adjusted diffuse light, classroom behavior, severely physically & mentally handicapped 3–21 yr old students, 3262
curricular format & content & student & teacher behaviors, instructional environment in vocational preparatory vs exploratory courses, learning disabled high school students, 3290
demographic & psychosocial & classroom environment factors, stress & burnout levels, gifted & talented 5th–9th graders, 13626
development & validity of short form of My Class Inventory, assessment of psychosocial environment of mathematics classrooms, 6th graders, 31261
differences in knowledge or class or sexuality, personal & interpersonal struggles, faculty & students in feminist classrooms, 31157
differentiated & uncertain teaching technology & classroom management & student communication, achievement, low SES Spanish-English bilingual 2nd–6th graders, 34590
direct instruction vs seatwork & task difficulty & student ability level & teacher behaviors, time on task, 3rd & 4th graders in single vs mixed age classes, Netherlands, 17239
dispositional stress, classroom climate preferences & academic achievement, college students & teachers, 6753
ecological congruence of family & classroom dynamics, learning & adjustment at home & school, special needs children, 17254
educational climate including shared decision making & communication patterns, perception of quality of learning experience, college students in elective physical education courses, 27640
environmental context, recall & test performance, college students taking final exam in lecture vs different room, 13689
ethnography & socialization in preschool classroom, research implications, 31154
family environment & perceived personality stress, classroom cognitive & social climate, college teachers & their students, 6646
field dependent vs indiscriminant cognitive style, math achievement in traditional vs computer assisted learning environment, college students, 27578
home & classroom environment, metamemory & learning & achievement, 1st & 3rd graders, India, 13540
homogeneous ability grouping, expectations & behaviors & climate in English vs social studies vs mathematics vs science classes, 10th–11th grade teachers, 3221
interpersonal spacing patterns & social interactive style & parent child interaction & preschool environment, 22–32 mo olds & their teachers, 31147
interpretation of problem behavior in cooperative vs traditional context, perceived climate, student teachers, 17224
introduction of microcomputers, classroom organization & teacher student relations & group participation & curriculum, 2nd–6th grade teachers, 31067
learning & signal to noise ratio enhancing equipment & educational management strategies, speech language pathologists working with mainstreamed hearing impaired elementary school students, 31204
Learning Environment Inventory vs Classroom Environment Scale vs Individualized Classroom Environment Questionnaire, assessment of perceptions of psychosocial environment, students, 24230
maternal expectations & beliefs & classroom activities, mathematics achievement, kindergartners & their mothers, Japan vs US, 20500

microcomputer in preschool classroom, free play choices & social interaction in large vs small classes, male vs female 4.2–5 yr olds, 3235
microcomputer use for instruction, classroom environment & student involvement, secondary school special education teacher 27725
perceived constraints on asking questions of teachers vs peers during mathematics instruction vs seatwork, 3rd & 5th graders, Netherlands, 3248
perceptions of classroom environment before & after transition to junior high school, 6th graders & teachers, 1 yr followup, 20544
person centered & humanistic education, open education & experiential & cooperative learning & teacher affect & classroom environment, 27482
preferred classroom environment & learning strategies, 12–17 yr old students, Australia, 20549
propositional & procedural & conditional components of classroom management knowledge, teachers, implications for teacher education, 6648
readiness & success in school & classroom communication interactions & textbook language, hearing impaired school age children, 34788
rear vs front classroom seating position, social vs academic orientation & knowledge of classmate's names, college students, 41302
reliability & quality of classroom observational data, 34832
role of school psychologist, development of classroom communication, stuttering students & their teachers, 3288
school & classroom climate, student attitudes & achievement & teacher job satisfaction, 8th grade mathematics teachers & students, Netherlands, 17238
self contained vs integrated class, self vs peer rated social competence & feelings about school, gifted 5th–10th graders, 31177
situational & predispositional correlates of public speaking anxiety, college students in speech class, implications for classroom environment, 20537
task conditions & cognitive plans, academic task performance, elementary school students, implications for instruction, 3139
task structure & grading & ability grouping, self perceived math ability, 5th–6th graders, 17227
teacher training, student perception of classroom environment, math teachers & 2nd graders, Netherlands, 13467
technique for classroom demonstration of prediction & control of environmentally determined classroom, college students, 23984
use of computers in classroom & inquiry learning approaches & socially mediated learning, students, 34623
use of humor, student attention & enjoyment & performance & classroom environment, teachers, 38072
utility of Individual Classroom Environment Questionnaire, assessment of perception of classroom learning environment, students & teachers, 41358

Classroom Instruction [See Teaching]

Classroom Teachers [See Teachers]

Claustrophobia
systematic desensitization, long term claustrophobia following magnetic resonance imaging, 24 yr old male & 39 yr old female with chronic pain, case reports, 2411

Cleft Palate
attitudes toward & beliefs about genetic counseling & birth defects, highly orthodox Jewish families of Down's syndrome or oral cleft 1–10 yr olds, Israel, 6277
conversational style & discontinuity in communication with child, mothers & their 3 yr olds with cleft palate, 29834
intervention & prevention of communication problems, children & adults with cleft palate, 9291
phonetics of first 50 words spoken & role of speech production ability, 13.5–22 mo olds with vs without cleft palate, 26484

Clergy [See Also Ministers (Religion), Priests]
Christian orthodoxy & problem solving style, use of psychological &/vs spiritual counseling techniques, male Protestant clergy, Canada, 6371
conjunction of national holidays with birth date, self perception, government personnel vs clergy, 25871
knowledge of & referral to self help groups before vs after educational consultation, clergy, 6314
marital strain & family & clergy role problems, dual clergy couple, 11620
perception of unmet needs & church based aging programs, clergy, 13057
perceptions of spiritual health of adult, females vs males, priests & pastors, 11589
professional ethics in counseling, clergy, 6365
self perception of authority or charisma, use of power strategies to influence congregation, Southern Baptist & Roman Catholic clergymen, 8218
variables affecting referral rates, clergy & psychologists, literature review, 3029

Clerical Personnel
administrative vs sharing vs confidential performance appraisal rating, leniency, supervisors of female secretarial & clerical employees, 31358
description of office tasks using hierarchical task analysis method, development of task analysis ability in expert system, experienced office workers, 13926
development & validation of modified clerical job specific Position Analysis Questionnaire, bank employees, 3657
economic utility estimates based on noninteractive vs interactive vs independent multiplicative vs Taylor Series Approximation generalized validity coefficients, selection, clerical personnel, 17664
marital & parental status, perception of quality of work & family roles, female clerical workers, implications for vocational counseling, Canada, 39774
open vs closed physical office environment, work attitudes & perceptions & interpersonal relations, university clerical/administrative personnel & counselors, 17387
perceptions of work & divorce during 1st 24 months of marriage, job satisfaction, married vs divorced vs single working women in clerical vs professional jobs, 13872
sex role socialization & personality orientation & work attitudes & values, 25–35 vs 45–55 yr old female clerical workers, 24396
social relations, job stress & health & social support, 20–66 yr old female clerical & secretarial workers & their bosses, 24359
test validation criteria, measurement of clerical abilities, meta analysis, 3613
utility of Armed Services Vocational Aptitude Battery composite scores & subtests, job performance prediction, male vs female clerical personnel in US Marine Corps, 3459
video display terminals in office, work load & time urgency, clerical workers, 17409

Clerical Secretarial Skills
age & sex, intensive computer keyboard training, 11–18 yr old students, Australia, 41225
cognitive structure, learning typing skills on chord typewriter, Hebrew speaking male college students, Israel, 20890
description of office tasks using hierarchical task analysis method, development of task analysis ability in expert system, experienced office workers, 13926
forced revision & trigger distance, motor system adaptation in fast typing, highly skilled typists, 14251
light vs dark eye color, typing speed & class grade, female vs male high school students, 6723
line editor vs screen editor text editing software, negative vs positive skill transfer, female 18–30 yr old secretarial students, 10847
motor pattern & number of key strokes, digit keying response latency & execution time measuring motor organization, college students, test of motor processing models, 35253
predictive strategies in eye head coordination during text scanning & checking, female 20–37 yr old skilled touch typists, 17425
progressive part vs whole methods of practice & hemispheric preference for information processing, speed & accuracy in typewriting, high school students, 36053

training, acquisition & generalization of labeling & data entry skills, moderately mentally retarded 18–25 yr olds, 20266
typing transcription of prose texts vs random words, interstroke intervals measuring language processing at perceptual vs motor level, professional typists, US vs Netherlands, 7400
Client Attitudes
acculturation & counseling style, perceptions of counselor attributes & willingness to seek treatment, Hispanic college students, 19809
acculturation & counselor ethnicity & directive vs nondirective counseling style, attitudes toward & willingness to see counselor, Anglo vs Mexican American college students, 27171
advantages & problems of 3 types of group psychotherapy structure & processes & perceptions of staff role, 16–18 yr old long term inpatients with personality disorders or psychosis or depression, 23268
affect toward occupational therapy activities, 24–49 yr old chronic schizophrenic males, 13183
analyst's geographic termination of private psychoanalytic practice, clients' reaction & analyst's counterreactions & countertransference, 30271
anticipated consequences of communicating corrective feedback in group counseling, college students, 23286
anticipated vs actual benefits of hospitalization, 12–17 yr old surgical patients, 27241
anxiety & resistance to participation in psychoanalysis & countertransference & individuation, adolescents & their analysts, 40673
attitudes & fears, 17–66 yr old patients with pelvic pain syndrome, 9100
attitudes & social normative beliefs, prediction of relapse, 21–75 yr old alcoholic inpatients, 30834
attitudes toward & discussion of life prolongation measures, 60–84 yr old outpatients & health care personnel, 20064
attitudes toward at home vs hospital medical vs surgically induced abortion methods, females, Sweden, 6281
attitudes toward autonomous decision making about refusal of treatment, involuntarily medicated hospitalized psychiatric patients, conference presentation, 20213
attitudes toward child victims of sexual abuse, male 21–54 yr old perpetrators, 33275
attitudes toward hospital based respite program, 54–87 yr old female family caregivers vs 60–95 yr old male veterans, 2790
attitudes toward hospitalization & treatment, voluntary vs involuntary state psychiatric hospital patients, 23637
attitudes toward narcotic addiction & treatment, clients & staff of drug treatment clinics, 20304
attitudes toward occupational therapy activities on psychiatric unit, patients 15 yrs old & older, 2851
attitudes toward partial hospitalization program, treatment outcome, psychiatric patients, 20221
attitudes toward psychiatric patient discharge from psychiatric hospital, family vs hospital staff vs community workers vs patients, 6631
attitudes toward speech, stuttering 18–72.2 yr olds, 5569
attitudes toward student doctors' provision of health care, maternity patients, 13143
attitudes toward their disorders, 20–69 yr old inpatients with schizophrenia in relative remission, 33219
attitudes toward treatment in hospital child department, patients recovered from anorexia nervosa, 4–22 yr followup, 23642
attitudes toward university counselors & counseling services, US vs Taiwanese graduate students, US, 20690
attorney's perceived social power & interactional style & competence & satisfaction with professional relationship dyad, divorce clients, 39822
attributions about relapses, adult married alcoholic males in group behavioral marital therapy, 2 yr followup, 2927
attributions for cause & cessation of panic attacks & preferred coping strategies, adults with panic disorder, 19141
attributions for sexual dysfunction, adults & their partners in sex therapy for erectile or female orgasmic dysfunction or premature ejaculation, 6016
attributions of cause of illness, 18–62 yr olds with inflammatory bowel disease, 9128
behavioral & self report & psychophysiological measures, assessment of fear reaction to detoxification, opioid addicts in methadone maintenance program, 6550
belief systems, social work practice, 34 yr old male recovering from heart attack, 30697
belief that one was dead or near death, report of near death experiences, 11–76 yr old patients with vs without life threatening illnesses, implications for accuracy of self report vs medical records, 40052
beliefs about impact of impairment, participation in daily life activities, able bodied vs wheelchair using 18–65 yr old males, 19489
beliefs about symptoms of lower urinary tract infections & interaction with & management by health professionals, female 18–60 yr olds, 2095
biopsychosocial factors & psychological profile, depression, females undergoing hysterectomy vs other gynecological operations, conference presentation, 6254
bipolar rating scales, assessment of organizational image of public & nonprofit health & human service programs & agencies, adult clients, 23586
boredom as prelude to creation of personal meaning, 40 yr old male & 29 yr old female psychotherapy clients, case reports, 12711
boredom in times of transition & change, 43 yr old male unable to cope with his wife's degenerative disease, clinical implications, 12706
breast self examination attitudes & behaviors & perceived susceptibility, females with breast cancer vs benign breast disease, 40842
Caucasian vs Native Indian vs East Indian counselor, perception of nonverbal behavior & effectiveness, 11th & 12th graders, Canada, 40667
characteristics & clinical variables & attitudes toward treatment, compliance with aftercare, psychiatric patients, 6 mo followup, 37768
choice vs no choice between mastectomy vs wide excision & radiotherapy, psychosocial outcomes, patients with breast cancer, 16738
client expectations about counseling, 17–79 yr olds, Mexico, implications for cross cultural research, 37752
client motivation, affective growth in short term psychotherapy, 42 yr old female who felt dominated by her husband, 26759
client responsibility in behavior therapy, clinical psychologists, 33962
clients' attitudes & feelings in psychotherapeutic transference, commentary, 26808
clinical ramifications of & reactions to death of analyst, analysands, 37273
cognitive mediation & negative attitudes, adults with psychiatric disorders, verification of cognitive content-specificity hypothesis, 33030
community based vocational & life & social skills training program, personal & skill development & attitudes, adolescent male offenders, Ireland, 34435
concept & usefulness of client satisfaction measurement in program evaluation, clients participating in government residential rehabilitation program, Canada, 6303
conceptualization & assessment of client centered counseling relationship, clients, 23216
cost effective behavioral parent training programs, perceived child improvement & overall satisfaction, parents of children with conduct problems, 23350
counselor reassignment, anxiety, 16–59 yr old university based counseling clinic clients, 16366
counselor self disclosure & actual knowledge of client-counselor similarity, clients' perceptions of counselors, counselors & female college students, 20154
counselor's reflection of feeling & interpretation & probe & confrontation, endorsements of coping & defense responses

in simulated counseling session, female college students, 33807
cross cultural validity of French version of client satisfaction questionnaire, 18–60 yr old mental health clinic outpatients, Canada, 10646
cultural beliefs concerning psychiatric illness & interventions, neurotic & psychotic patients & their families, India, 37247
demographic characteristics & memory & perceptions of seclusion treatment, hospitalized schizophrenic patients, conference presentation, 40972
depression & anxiety & somatic symptoms & hypochondriacal attitudes, patients perceived by physicians as hypochondriacal, 9099
development & validity of multidimensional measure of patient satisfaction with pharmacy services, clients of family practice clinics, 38641
development of Client Assessment of Mediation Services scale, evaluation of attitudes & satisfaction with processes & outcomes, divorcing clients in family mediation, 10606
development of Recovery Attitude & Treatment Evaluator, profile of illness severity & treatment progress & matching, chemically dependent 13 yr old & older patients, 17616
development of structured recall technique for identification & rating of significant therapy events & psychotherapeutic change, 29 & 32 yr old male clients & their therapist, 12647
development of Vocational Evaluation Satisfaction Scale, 17–51 yr old rehabilitation clients, 17634
diagnosis & belief in medical vs psychosocial vs supernatural cause of illness, psychiatric outpatients, Nigeria, 19135
differential characteristics, attitudes & beliefs & intentions to use predictive test presymptomatically or prenatally, adults at risk for Huntington's disease, 12459
directive vs nondirective counseling style & counselor–client age differences, perception of counseling performance, 17–60 yr old Koreans, US, 26774
dominance & affiliation as nonverbal communication functions, satisfaction with health care & perceptions of physician interaction patterns, 17–72 yr old patients & 28–35 yr old family physicians, 27087
eating attitudes & plasma glucose & insulin & unesterified fatty acid & growth hormone & cortisol responses to oral glucose, 21–40 yr olds with anorexia nervosa, 8 yr follow-up, 19491
etiological beliefs & drug treatment compliance, White vs West Indian hypertensive 35–55 yr olds, England, 26987
evaluation of ingroups vs outgroups during vs after rehabilitation, physically vs emotionally disabled rehabilitation patients, 20271
expectations for primary care physician to diagnose & treat sexual problems, female patients, 16737
expectations, rural vs urban parents applying for children's services at community mental health centers, 30659
exploratory vs prescriptive therapy, client's vs counselor's evaluation of session & client postsession mood, clients, 5989
family members' satisfaction with health care system, compliance & health outcomes, adolescents with insulin dependent diabetes mellitus, 20059
fear of change in psychoanalysis or psychotherapy, clients, 26764
feasibility of & reactions to nonsmoking ward in psychiatric hospital, staff & patients, 30754
gap analysis of provider vs client perspectives on evaluation of professional service quality, primary care physicians & their patients, 34143
group counseling & perceptions of social support, distress, clients assessed pretreatment vs posttreatment, 26859
group development stage & interpersonal orientation, perceptions of therapeutic factors in group counseling, college students, 23273
group social skills vs problem solving training vs cognitive restructuring vs unstructured therapy, perception & explanation of change, shy or socially anxious clients, 30236
hardiness & ego strength as components of resilience & role of optimism & health denial in coping, patients with terminal or cardiac illness or congenital disability, case reports, 9036
health perceptions & health care utilization, 17–88 yr old primary care patients, conference presentation, 37609
helping & hindering critical incidents of job search group counseling, unemployed adults, 20727
home based family support program evaluation, assessment of client satisfaction & child abuse potential & self esteem, families & social workers, 23296
hospital environment, conception & inhibition of sexuality, 19–97 yr old males in long term care, 34292
housing & living skills & poverty & employment & stigma & aftercare, 16 yr old & older deinstitutionalized chronic psychiatric patients, Canada, 40898
identification of & strategies to use with myths & fears about group counseling, 40681
initial myocardial infarction or unstable angina, well being & functional status & body confidence & emotional response, adult cardiac patients, 33494
intentions in primary care, views on usefulness of specialists or other services, general practice patients, England, 40864
interaction with & attitudes toward computerized sex therapy, college students, 33679
interpersonal attitudes & therapeutic processes, male vs female physicians & their female patients, 13009
interpersonal complementarity, perception of psychotherapeutic alliance, 18–57 yr old clients & their therapists, 33808
introduction of dog to nursing home, perceptions & social interactions, 57–94 yr old residents & staff members, Australia, 22 wk study, 37830
judgment of results after neurosurgery, patients vs doctors, 8–24 mo followup, 30571
knowledge about etiology & behavioral treatment of agoraphobic symptoms, adult patients before vs after treatment, 33112
knowledge of & attitudes toward diagnosis & prognosis, 15–76 yr old cancer patients, Greece, 29999
manifestations of boredom in marital therapy, clients & therapists, 12754
Millon Behavioral Health Inventory scores, welfare & satisfaction with & adjustment to dialysis, renal disease patients undergoing treatment at home vs in hospital, 16771
model Modest Proposal Nursing Home, recognition of humanization, nursing home residents, 2758
model of lay evaluation of health care, England, 23489
model of satisfaction with outpatient rehabilitation services, patients treated for stroke or brain or spinal cord injury or other disability, 20270
past or current mental health treatment, treatment fearfulness & avoidance, college students, 40631
paternalism & maternalism & shared decision making concepts, interactional styles & influence on patients' decision making, physicians & nurses, 30617
patient & therapist & treatment variables, prediction of distress response to rotation of psychiatric resident therapists, psychiatric patients, 2256
patient attitudes & physician vs nurse effectiveness in diagnosis & treatment, community health center patients with acute upper respiratory tract infections, Sweden, 40825
patient beliefs about alcoholism & expectations of success, prediction of detoxification outcome, alcoholic & drug abusing adults, 34380
patient's information preferences & satisfaction & physician's perceptions of patient preference, 13–80 yr old patients & their general practitioners, 12977
perceived helpful vs unhelpful events in & outcome of psychotherapy, clients vs their therapists, 9349
perceived importance of counselor characteristics, vocational rehabilitation clients vs counselors, 9862
perception of benefit from patient's admission to geriatric assessment & rehabilitation unit, medical & nursing staff vs patients & caregivers, New Zealand, 27257

perception of disability & objective measures of ability, adults with chronic back pain, 4–6 yr followup, 37029
perception of presenting problems, intake counselors vs clients 16 yrs old & older, 9341
perception of sleep wake states, patients with obstructive sleep apnea vs narcolepsy, 8998
perceptions of helpful behaviors of telephone volunteers, crisis center callers with interpersonal or emotional problems, 30679
perceptions of helping processes in client centered experiential psychotherapy, clients & therapists, 26794
perceptions of interaction over course of treatment, patients with Parkinson's disease & their doctors, 30607
perceptions of Microcomputer Evaluation & Screening Assessment, vocational evaluation, rehabilitation clients, 41012
perceptions of normal eating behavior, anorexic & bulimic patients vs helping professionals vs normal adults, 40404
perceptions of obsessive beliefs, response to clomipramine & live exposure, 18–60 yr olds with compulsive rituals, 19704
perceptions of physician knowledge & attitudes & frequency of referral of sexual partner for counseling & HIV antibody testing, 24–48 yr old males with AIDS, 16765
perceptions of therapist empathy, college students, 2244
perceptions of use of seclusion rooms, adult hospitalized nonsecluded psychiatric patients with vs without prior seclusion experience, 13166
personal vs vocational therapy focus, perceived career counseling outcomes, clients vs career counselors, 20737
personality characteristics & illness attitudes, bronchitis & emphysema patients with vs without alexithymia, 9050
physicians' affiliation vs control communication styles & social characteristics of medical interviews, satisfaction, medical patients, 2590
prediction of regrets following sex reassignment surgery, transsexual homosexual males vs females vs heterosexual males, 30567
predictions of elderly patients' resuscitation preferences, primary care physicians vs spouses, 16764
predictive validity of Krantz Health Opinion Survey, assessment of preferences for various medical treatment approaches, female college students, 31586
predictors of satisfaction with parent training, parents with noncompliant 1.4–9 yr olds, 16469
preference for & ranking of activity groups, psychiatric patients vs staff of partial hospitalization day program, 2821
preference for directive vs nondirective approach to counseling for emotional adjustment problems, 18–32 yr old Chinese college students, US, 9737
preference for vacuum aspiration vs prostaglandin suppositories administered in nursing ward vs self administered at home, state anxiety, 21–48 yr old females, 6269
preferences for counselor characteristics, Asian- vs Mexican- vs Caucasian-American college students, 19737
preferences for information & participation in decision making with oncologists, hospitalized adult cancer patients, 16697
preferences for roles in treatment decision making & control, adults with cancer, 23101
presurgical coping behavior & expectations, postsurgical experiences & attitudes & mood & satisfaction with outcome, 14–43 yr old dentofacial surgical patients, 8 yr study, 12978
pretherapy information about counselor values & orientation, client perceptions & preferences, 16–82 yr old females, 37319
professional community vs lay recovery networks, perceptions of cause & severity & prognosis of mental illness, chronic psychiatric patients, 30673
psychotherapist's title, perceived competence, 16–55 yr old psychiatric inpatients, 23223
psychotherapy, boredom as defense or as developmental ego defect, 32 & 33 yr old female clients, case reports, 12666
psychotherapy by radio program vs child guidance clinic, expectations & attitudes & satisfaction, children & adults, Israel, 26807
psychotherapy, feelings of longing, schizophrenic males, case reports, 12635
quality of life, elderly outpatients with chronic diseases, 5752
questionnaire design & interview techniques, appropriateness & rate of responses & satisfaction with community based services, mentally handicapped 19–79 yr olds, Wales, 16924
reactions before vs after ultrasound examination, pregnant females with normal vs raised serum alpha fetoprotein, 30621
reactions to & issues in use of video recording in doctor's consulting room & psychiatric hospital, patients, literature review, implications for occupational therapy, 23139
reactions to community mental health center no smoking policy, patients, 16 mo followup, 40905
reactions to mandatory surgical second opinion program & extent & determinants of physician patient communication, surgical patients, 40861
reactions to use of humor in psychotherapy, obsessive or hysterical or depressed 21–49 yr old females, 33791
reading preparatory booklet on radiation therapy, treatment worries & satisfaction with information, cancer patients, 9615
reasons for accepting & motivation in treatment, alcoholic adults, replication & extension, 37902
reasons for joining & perceptions of effectiveness of mutual help organization, former mental patients, Australia, 19876
reasons for premature termination of group psychotherapy, 22–52 yr olds, 37371
receptivity to & feasibility of patient education service, 18–49 yr old patients & private practice primary care physicians, 23502
religious concerns & biblical teachings, counseling process, battered female clients from fundamentalist Christian backgrounds, 6370
resuscitation decision making, coronary care unit patients, 30558
satisfaction & involvement with vocational program, parents of developmentally disabled 15–24 yr olds, Canada, 34361
satisfaction with accessibility of medical services in low income community, heads of household, Brazil, 20079
satisfaction with clinical encounters, internal medicine residents vs geriatric patients, 12946
satisfaction with counseling & reasons for mutual vs client initiated nonmutual termination of counseling, college students, 27765
satisfaction with diabetes education program, 18–70 yr old inpatients vs outpatients, 20056
satisfaction with hospitalization, adolescent vs adult psychiatric inpatients, 6438
satisfaction with medical care, patients, meta analysis, 9628
satisfaction with medical care, patients, meta analysis, 23503
satisfaction with therapist & degree of help received at outpatient clinic, psychiatric patients, 40885
satisfaction with ward physical & social characteristics & treatment, 23–84 yr old psychiatric patients in extended stay psychiatric hospital, England, 27222
self deception & impression management components of social desirability, assessment of satisfaction with mental health treatment, former outpatients, 35185
self report regarding receipt & effectiveness of counseling & urges to molest children, 17–70 yr old convicted child molesters on parole from prison, 37951
self vs client perception of competence & acceptance of expanded role in primary health care delivery, nurses & clients, Nigeria, 34175
session-by-session satisfaction over course of psychotherapy, successful vs unsuccessful therapist client dyads, 33869
sex & familiarity with therapy, ratings of male vs female psychologists, college students, 30270
sex, defensive behaviors & attitudes toward oral dependency conflicts, implications for psychoanalysis & transference, 40621
sex role attitudes, perception of sociocultural vs personal counseling intervention for weight & body image concerns,

female college students, implications for feminist counseling, 19762
smoking ban, patient related problems & staff & patient perceptions, medical & nursing staff & psychiatric hospital patients, 30764
social desirability, reports of client satisfaction vs self reports of psychological distress, 18–52 yr olds in therapy, implications for test validity, 37348
social impact & cultural meaning of amniocentesis, genetic technicians & counselors & patients, 20081
sociocultural & familial & intrapsychic perspectives of health care belief systems, compliance, health care patients, 9657
symptoms & coping behaviors & beliefs, 20–76 yr olds with tinnitus, 9073
symptoms & mood & self estimation of systolic BP, medicated vs nonmedicated normotensive vs hypertensive patients, 16196
test retest reliability & attitudes towards self administered computerized Diagnostic Interview Schedule, psychiatric patients, 8554
theoretical justification for commitment to collaboration in behavior therapy, 33961
therapist age & problem intimacy, client perceptions, 60–85 yr old females, 37306
therapist's cancer, reaction & trauma, psychotherapy patients, 19758
therapist's perception of requests during crisis intervention interview, stress & arousal level, patients, 16378
therapist's pregnancy, transference & countertransference, nurse psychotherapists & their clients, 40610
therapist's self disclosure & physical barrier, perception of therapist, college students, 40638
therapy group interactional focus, perceptions of helpful events, psychiatric patient participants in inpatient vs outpatient group psychotherapy, 40698
transference reactions & other responses to married couple working as therapists, adolescent inpatients & ancillary & professional staff, 23188
treatment & normative attitudes & behavioral intentions, prediction of lithium therapy compliance, 20–89 yr old outpatients with bipolar disorder, 6126
treatment options & rating of their relative usefulness, adults attending alcoholism treatment unit, 6 mo followup, 34409
treatment satisfaction assessed by questionnaire, adult psychiatric outpatients, 2234
ultrasound scanning with vs without visible monitor screen, attitudes toward procedure, White primiparous 18–32 yr olds, 13001
understanding of coverage & satisfaction with care, enrollees in HMO Medicare plans, 2656
use of verbal vs nonverbal cues in judgment of competency vs trustworthiness vs attractiveness, counselors vs clients, 2741
utility of Elaboration Likelihood Model, application to pretreatment attitudes, 17–23 yr olds with high vs low eating restraint, treatment implications, 40472
validity of Gortner Values in Choice of Treatment Inventory, assessment of values in choice of surgical treatment, coronary artery bypass or valve replacement surgery patients, 14122
verbal & vocal cues of counselor self confidence, client perceptions & satisfaction, college students, 13072
views of vocational rehabilitation success & failure, rehabilitation counselors vs their clients, 6491
views on problems of confusion & depression & wanting to return home, nursing home staff vs elderly residents, 37772
vocational evaluation program length, expressed satisfaction with services, 17–59 yr old vocational rehabilitation clients, 27266
warm bath during labor, subjective experience of pregnancy & delivery, primiparas vs multiparas with normal vs pathological pregnancy & delivery, 2609

Client Centered Therapy

C. Roger's person centered approach, client centered psychotherapy & student centered education, 26785
challenges in cross cultural application of person centered group work, South Africa, dialog with C. Rogers, 9399
client centered therapy & technical & artistic aspects of self knowledge, 30303
client centered therapy vs problem solving skills training with vs without in vivo practice, home & school behavior, 7–13 yr olds with antisocial behavior, 1 yr followup, 40564
conceptualization & assessment of client centered counseling relationship, clients, 23216
desensitization & person centered discussion group, fear of death & dying, 18–72 yr olds, 26881
directiveness vs nondirectiveness in client centered therapy or student centered teaching or other person centered approaches, 37287
genuineness & empathy & unconditional positive regard & psychotherapist personal power, growth in client centered therapy, 26801
history of development of & research in client centered group psychotherapy, 26867
holding technique within person centered therapy, restoration of parent child contact, father & his autistic male 7 yr old, 26795
humanization & self actualization of person centered approach of P. Freire & C. Rogers, 24530
integration of aspects of other psychotherapy orientations, client centered relationship, 19816
issues in person centered therapy, 23175
methodology & usefulness & purpose & tools of person centered psychodiagnosis, 36565
modification of Adjective Checklist, client centered career assessment method, career counselors & clients, 27842

perceptions of helping processes in client centered experiential psychotherapy, clients & therapists, 26794
person centered approach, structure & implementation of counseling programs, parents of handicapped children, 37386
person centered group therapy, positive goal attainment & symptoms & group climate & personality change, mental health professionals & graduate students, 37375
person centered groups, 1970–86, Japan, literature review, 23281
pre-therapy & empathic techniques, hallucinating schizophrenic or mentally retarded male clients, 23221
reality therapy principles in supervision, adoption of person centered theoretical orientation, therapist trainees, 10003
representation of Rogerian motivational constructs of actualization & self actualization in psychology textbooks, 34594
self concept in client centered career counseling, 19 yr old female, 13769
self theory perspective in client centered therapy, feelings of mastery, clients, 26832
therapeutic change processes in client centered vs rational emotive vs experiential psychotherapies, 12684
validity & reliability of instruments & client centered therapy, psychodiagnostic process, commentary, 36689
validity of long standing criticisms & life centered approach using assessment of client's circumstances, psychodiagnosis, 36584
views of self actualization & psychotherapeutic techniques expressed by C. R. Rogers vs M. Buber in 1957 dialog, 26775

Client Characteristics [See Also Client Attitudes, Health Behavior, Illness Behavior]

adjustment to institutional treatment, incarcerated delinquent 12–18 yr olds classified as buoyant or "beset", implications for usefulness of classification typology in treatment, 27356
admission patterns in district general hospital psychiatric department, patients under 65 yrs old, 6421
age & dementia & use of tricyclic antidepressants vs neuroleptics, likelihood of accidental fall, 62–100 yr old psychiatric patients, 15791

age & demographic & therapist & treatment variables, premature termination of child & family therapy, 3–68 yr olds, 19710
age & sex & diagnosis & functional status & treatment type & duration, outcome, 60–94 yr olds in community mental health outreach program, 13035
age & sex & hypnotizability, behavioral treatment outcome, 6–17 yr olds with migraine vs tension vs mixed headaches, 37460
age & sex & patterns of drug use & sexual behavior & medical status, prevalence of HIV infection, White vs Black or Hispanic methadone maintenance patients, conference presentation, 12100
age & sex & type & characteristics of sexual abuse, 12 yr olds & under, 15836
age at diagnosis & psychological symptoms & good vs poor treatment adjustment, identification of need for psychotherapy, young adult survivors of Hodgkin's disease, 9005
alcohol drinking & alcoholism, suicide attempts, male vs female 16 yr olds & older, 32948
alcoholic subtype, drinking status & psychosocial outcome, adult male alcoholism treatment inpatients, 18 mo study, 9896
analyst's response to pervasive negativism, literary analogy with H. M. Melville's "Bartleby the Scrivener", 48 yr old male, 30267
antecedents & course of violent behavior, 14–69 yr old psychiatric patients referred to psychiatric unit for mandated psychiatric assessment, Canada, 20171
assessment of treatability, mentally ill offenders, 27373
attitudes toward death & biographical & diagnostic characteristics, 18–25 yr old psychiatric patients who are offspring of Holocaust survivors, Israel vs US, 8719
attitudes toward patients with combined medical & psychiatric problems & treatment recommendations, nurses, 2818
attributional pattern for success/failure, self esteem & drug abuse rehabilitation, male vs female patients, implications for treatment outcome prediction, 27315
background & abuse & help seeking characteristics, Anglo vs Black vs Hispanic battered female shelter residents, 12129
behavioral & psychological similarities, bulimic adult patients classified by current & historical weight implications for eating disorders classification, replication, 5809
biographical & psychosocial characteristics, injured 23–65 yr olds referred for psychovocational evaluation, 27297
biological & personality & comorbidity & demographic & drug therapy factors, treatment resistant patients with major depression, 40777
biosocial correlates, mentally retarded vs handicapped 3–21 yr olds, India, 8944
Bridge Over Troubled Waters agency, methods for street survival & assistance with effects of street life, homeless & runaway adolescents & those involved in prostitution, 27134
case management service provision & change in number & severity of client problems, chronically mentally ill, 13026
changes in suicidal behavior & psychosocial functioning during hospitalization, 6–12 yr old psychiatric inpatients, conference presentation, 40994
characteristics & abuse, adolescents at crisis shelters for homeless & runaways, 33340
characteristics & capacity for play within therapeutic context, creative patients, 12669
characteristics & clinical symptoms, children & adolescents with obsessive compulsive disorder, 29657
characteristics & clinical variables & attitudes toward treatment, compliance with aftercare, psychiatric patients, 6 mo followup, 37768
characteristics & diagnosis & treatment, 56–67 yr olds with late onset schizophrenia, 19123
characteristics & ECT frequency & length of hospitalization & average time between admission & ECT & adequacy of preceding medication trials, psychiatric patients, 1970 vs 1980–81, 27243
characteristics & expectations & other factors, joiners vs nonjoiners in worksite smoking cessation program, 38458
characteristics & functioning, cocaine abusing adults accepted for research vs outpatient treatment, 41085
characteristics & history, schizophrenic patients who committed suicide, Hong Kong, 29695
characteristics & illness outcomes, schizophrenic 15–45 yr olds, India, 2 yr followup, 36708
characteristics & mental health treatment in comprehensive medical facility vs community mental health centers, Black clients, 13028
characteristics & predictors of psychological distress before vs 3 mo after surgery, adult surgical patients, 40855
characteristics & prevalence of risk factors for aggressive behavior, 20–78 yr old acute illness patients involuntarily admitted to psychiatric clinic, Sweden, 20202
characteristics & psychiatric admission with vs without infant, mentally ill postpartum mothers, Canada, 2 yr followup, 30766
characteristics & treatment outcome, 17–48 yr old parents who completed vs dropped out of child abuse treatment program, 26710
characteristics & vocational rehabilitation & counseling needs, adults with specific learning disabilities, implications for client employability & employer acceptance, 37854
characteristics at 1st admission, prediction of "revolving door" outcome, psychiatric patients, 10 yr study, Denmark, 2803
characteristics, compliance in cognitive therapy & stimulant medication treatment program, 6–13 yr olds with attention deficit disorder, 12551
characteristics consistent with personality disorder criteria, male spouse abusers, literature review, treatment implications, 12133
characteristics of & impediments to recognition, gifted clients with disabilities, implications for rehabilitation counseling, 36550
characteristics of family subtypes of pure vs sporadic depression vs depressive spectrum, clinical course & additional diagnoses & social maladjustment, depressed adult females, 11 yr followup, 5331
characteristics of participants in career change workshops, 18–60 yr old farm family members, 1987–88, 27839
characteristics of vocational success, 17–68 yr old visually impaired vocational rehabilitation clients, 37873
characteristics, prison inmates transferred to state mental hospital from maximum security prison vs other inmates, 6399
characteristics, psychiatric hospital patients who committed suicide, implications for prevention, 30735
characteristics, 14–71 yr old female habitual self mutilators, 33267
characteristics, 15–69 yr old patients admitted to psychiatric hospitals, Botswana vs South Australia, 20165
characteristics, 18–60 yr olds with social phobia with vs without dual diagnosis of alcoholism, 29474
characteristics, 24–94 yr old medical & surgical patients with organic mental disorder, 29959
child & family factors, referral to child psychiatrist, 7–12 yr olds, 11958
childhood & precipitating events & other characteristics, 18–59 yr olds with major depression with vs without dysthymic or cyclothymic disorder vs dysthymic or cyclothymic disorder, 32998
childhood sexual & physical abuse & suicidal tendencies & number & type of personalities, patients with multiple personality disorder, 40170
child's characteristics & other sources of stress, parents of trainable mentally retarded 5–21 yr olds, Canada, 36912
civil commitment standards & patient eligibility criteria, England & Wales vs Italy vs US, conference presentation, 23691
client & clinical characteristics, patients 65 yrs old & older with late onset depression with vs without delusions, 5147
client & community variables & level of coping & satisfaction & quality of life, chronically mentally ill in aftercare program, Canada, 5243

client & demographic characteristics, psychosexual clinic clients, 33606
client & facility characteristics, directors of vocational rehabilitation facilities, 16911
client & family characteristics & coping strategy & response to social skills training, shy adults, 6050
client & service & provider characteristics, service utilization & outcome, 13–17 yr olds attending mental health clinic, 6348
client & setting characteristics, person environment fit, elderly mentally retarded in community based settings vs nursing homes, 27080
client & therapist experience, psychotherapeutic transference, commentary, 26811
client admission data, prediction of treatment compliance & term of residence & discharge status, adult patients in alcohol treatment facility, 9893
client age & race & educational level & drinking patterns & other characteristics, success of DUI intervention strategies as determined by recidivism rates, DUI offenders, 9 yr followup, 37937
client biography & story of biblical Samson, adult male with obsessive behavioral disorder in psychotherapy, 40632
client characteristics & design of behavior modification vs normalization interventions, self injurious behavior, mentally retarded clients, commentary, 33963
client characteristics & help seeking behavior, alcoholic patients of community based agency vs hospital drug treatment unit, Scotland, 20273
client characteristics & history & psychosocial factors, rehospitalization, patients in psychiatric day treatment program, 2782
client characteristics & problems, callers to suicide hotline & other telephone counseling services, US vs West Germany, 40935
client characteristics & psychotropic drug use & drug target behaviors, successful vs unsuccessful community residential placements, mildly to profoundly mentally retarded institutionalized adults, 27121
client characteristics & risk factors, 1st time & repeated attempted suicide, hospitalized patients, 1972 vs 1977 vs 1982, Scotland, erratum, 40240
client characteristics & serious suicide threat or attempt before admission, prediction of suicide, severely ill psychiatric inpatients, 15 yr followup, 5386
client characteristics & treatment & DSM-III criteria, differential diagnosis, patients with depression with vs without melancholia or psychotic features, 22547
client characteristics & treatment & treatment outcome, 65–91 yr olds in geriatric psychiatric unit, Australia, 23656
client characteristics, effectiveness of disulfiram, alcoholic patients, literature review, 23742
client characteristics, outpatient alcohol withdrawal, alcoholic 21–63 yr olds, 20320
client characteristics, participation in outpatient treatment, alcoholic Black vs Puerto Rican adults, social work implications, 34391
client characteristics, patients referred from general practice to psychiatrists in hospital vs primary care outpatient clinics, 16852
client characteristics, patients with panic disorder vs agoraphobia with panic attacks, 15673
client characteristics predicting emergency psychiatric hospitalization, patients under vs over 18 yrs old attending hospital psychiatric emergency service, 16722
client characteristics predictive of successful rehabilitation counseling outcomes, disabled Black workers, 27253
client characteristics, psychiatric clinics in different settings, Scotland, 16883
client characteristics, psychiatric inpatients receiving ECT, 19706
client characteristics, psychiatrist's offer of continued treatment, neurotic patients, 5852
client characteristics, referral for & progress in individual vs family therapy, 5–18 yr olds referred to mental health service, 12755
client hostility & rejection & function of professional supervision in coping with injuries to self esteem, novice clinical psychologists, 41143
client population typology for day programs, psychiatric patients, 2813
client pretreatment characteristics, prediction of therapeutic alliance in behavioral vs cognitive vs brief dynamic psychotherapy, elderly depressed outpatients, 5946
client problem type & counselor gender, counseling response mode, 29–52 yr old novice counselors, 37745
client profiles, treatment program design & effectiveness, DWI vs alcoholic clients, 20322
client SES, counselor perception of presenting problem & counseling process & predicted outcome, college counseling center clients, 13716
client's religiosity & presenting problems, perceived use of spiritual guidance techniques in psychotherapy, Christian counselors & psychotherapists, 23250
clinic environment & administrative style, psychotherapeutic process & premature termination, difficult clients, 20142
clinical & actuarial variables, prediction of criminal behavior, adult male sexual offenders, 8800
clinical & demographic & psychosocial factors, help seeking & health care utilization, depressed females, 9258
clinical & demographic characteristics & symptoms, psychotic vs nonpsychotic depressed adolescents vs adolescent inpatients with other diagnoses, 1604
clinical & demographic factors, schizophrenic patients in voluntary vs forensic remanded treatment, 34276
clinical & demographic variables & symptoms, patients with bipolar illness with vs without organic factors, 1572
clinical & social problems & care provided, psychiatric patients making quarterly visits to psychiatric ward or day hospital, 9764
clinical characteristics & prevalence of borderline personality, 16–43 yr olds with eating disorders, 19538
clinical characteristics & response to treatment & personality profiles after recovery & family history, 21–65 yr old unipolar vs bipolar II outpatients, 8636
clinical condition at admission & early improvement, psychiatric inpatients, 34319
clinical criteria for homogeneity in trials for memory enhancing drugs, patients, conference presentation, 40792
clinical features & mental disorder & abnormal dermatoglyphs, mentally handicapped 57 yr old female with unbalanced form of translocation deletion between chromosomes 6 & 22, case report, 36924
clinical history & neurological & EEG & intelligence & psychiatric data, patients with multiple personality disorder, 8574
clinical predictors of course & outcome of delusional psychosis, 17–84 yr olds, Denmark, 8620
clinical presentation & characteristic patterns of sexual abuse, children aged less than 7 yrs seen at community mental health center, 12126
clinical profile & therapist relationship, development of relaxation induced panic, psychiatric patients, commentary, 2440
clinical psychiatric symptoms, industrial or motor vehicle accident victims referred for evaluation by attorneys, 1511
clinical variables, DST response, depressed adults, 8709
clinical variables, 63–88 yr old patients with early vs late onset depression, 11969
cluster analysis of neuropsychological assessment batteries, identification of patient subgroups & relation to diagnostic & case history variables, neuropsychiatric patients, conference presentation, 12057
cognitive semantic typology for analysis of client language, assessment of clinical processes, clients in therapy, 26812
commonalities of characteristics & reasons for referral, 8–17 yr olds with emotional & learning difficulties referred for testing, recommendations for school personnel & parents, 40338
comorbidity & clinical characteristics, alcoholic females with borderline vs schizotypal personality disorder, 32983

compulsiveness & identity confusion & relationship problems, 19–38 yr old males sexually abused as children, treatment implications, 15835
concurrent validity & clinical utility of Schroeder-Block-Campbell Adult Psychiatric Sensory Integration Evaluation, psychiatric patients, implications for occupational therapy, 7112
confidence in perceptions of dangerousness & mental illness & treatability & criminal responsibility of accused criminals, lay vs professional personnel, expert testimony implications, 11653
congruence of expectations on vocational factors about referred clients, vocational evaluators vs referral sources, 16907
construction & reliability & validity of 5 factor scale, measurement of perception of difficult psychiatric outpatients, therapists, 3623
containment & reciprocity in therapeutic alliance, patient & therapist, 33868
content & combinations of delusions, depressed patients who had made medically serious suicide attempt, 15866
correlates of hypochondriacal traits, adult medical inpatients, 12448
correlates of medical lethality of suicide attempts, 7–18 yr olds, 5 yr study, 5378
correlates of nonresponse to ECT, depressed elderly, 23135
correlates of reabuse, abusive parents in treatment, implications for research & clinical interventions, 5394
correlates of seriousness of self destructive behavior or suicidal intent or attempt, development of risk prediction profile, female 18–42 yr old borderline inpatients, 15781
counselor education, counseling, visually impaired clients, 23828
criteria to determine intermittent medication eligibility, schizophrenic 19–60 yr old outpatients, 34008
cultural characteristics, provision of vocational rehabilitation services, disabled Native Americans living on vs off reservations, 27284
cultural characteristics, rehabilitation counseling, disabled Chinese Americans, 27259
culture & patient functional status & psychosocial factors & health care delivery system, rehabilitation, elderly, literature review, 13175
definition of homeless, psychiatric patients, 19215
deinstitutionalization, clinical characteristics & commitment legal status & treatment duration, state mental hospital patients, 1977–87, 6300
demographic & admission & disease characteristics, long stay psychiatric patients, Switzerland, 34302
demographic & clinical & psychosocial characteristics, 13–19 yr olds with acute psychiatric symptoms in general hospital psychiatric unit, 2825
demographic & clinical & social & vocational data, therapeutic process, 19–49 yr old psychiatric patients admitted to mental health center day hospital, 13116
demographic & clinical & treatment & neuropsychological variables & orofacial & limb truncal dyskinesias, schizophrenic patients, 26087
demographic & clinical & treatment characteristics, prevalence of tardive dyskinesia & its subsyndromes, mentally ill inpatients receiving neuroleptic therapy &/or ECT, Nigeria, 37223
demographic & clinical characteristics, patients admitted to general hospital psychiatric ward from emergency vs consultation services, 2822
demographic & clinical characteristics, patients with psychalgic depressive disorder vs psychogenic pain, 32930
demographic & clinical characteristics, repeated users of psychiatric emergency room services, Canada, 37813
demographic & clinical characteristics, suicidal vs nonsuicidal 14–17 yr olds, 5420
demographic & clinical characteristics & treatment outcome, patients in chemical dependency program, 6541
demographic & clinical profile, 60 yr olds & older admitted to general hospital inpatient psychiatry unit, 1979–84, 27190
demographic & clinical variables, patients transferred from medical consultation liaison service to psychiatry unit, 37799
demographic & clinical variables, treatment continuation, community mental health center clients, 30654
demographic & criminal justice characteristics, prison inmates requiring psychiatric hospitalization vs general prison population, 20334
demographic & diagnostic & hospitalization data, psychiatric inpatients, 1942–82, 2761
demographic & diagnostic characteristics, adopted children & adolescents admitted to psychiatric hospital, conference presentation, 6439
demographic & diagnostic characteristics, 3–24 yr olds in child & adolescent psychiatric partial hospital programs, administrative implications, 27192
demographic & familial & educational characteristics & other drug use & criminal history, delinquent adolescent males who were vs were not regular solvent abusers, 19360
demographic & medical & social characteristics, refusal of hospitalization, patients 65 yrs old & older, conference presentation, 13094
demographic & orthopedic & psychometric factors, prediction of orthopedic & rehabilitation outcome, adult candidates for 1st lumbar surgery, 2599
demographic & other characteristics & treatment received, male vs female 11–19 yr olds who attempted suicide presenting to pediatric emergency room, 40844
demographic & other characteristics, prediction of poststroke language recovery, patients with language impairment following right vs left hemisphere stroke, 33546
demographic & psychiatric/psychological characteristics, criminal behavior, schizophrenic or affective disordered adults in forensic setting, 19148
demographic & psychological & interactional variables, retention & success, adults in residential drug treatment center, 37925
demographic & psychological characteristics & social functioning & relationship to victim, 13–47 yr old sexually abusive females, 12120
demographic & psychological variables, treatment success, obsessive compulsive neurotic patients, Netherlands, 9268
demographic & psychosocial & clinical factors, suicide, depressed patients, 19177
demographic & psychosocial characteristics, patients with hemophilia, 1978 vs 1983, implications for treatment planning & role of risk for AIDS, 40419
demographic & social & health factors, rate of seeking medical consultation, 20–45 yr old female general practice patients, England, 9614
demographic & social functioning & drinking & personality characteristics, continuous vs episodic drinking males, 22808
demographic characteristics & cultural diversity & stereotypes, rehabilitation counseling, disabled Asian Americans, 27279
demographic characteristics & employment variables, homeless adults in voluntary day program, implications for service needs, 41024
demographic characteristics & history of drug abuse & treatment outcomes, 15–34 yr old heroin addicts, Spain, 1 yr followup, 20313
demographic characteristics & medical & psychiatric history, suicide attempt & depression, terminally ill 26–76 yr olds, 9124
demographic characteristics & medical history & personality traits & family background & short term outcome, outpatients with major depression & dysthymia vs episodic major depression, 8628
demographic characteristics & personality traits & dermatological &/or pharmacological treatment, patients with delusional parasitosis, 5311
demographic characteristics, clients enrolled in community support program, 1980 vs 1984, 30658
demographic characteristics, clients seen at alcoholism day treatment program, implications for service model, 34407

demographic factors & smoking habit & pattern variables & stress & social support, participation & success in worksite smoking modification program, 18–57 yr olds, 6 mo followup, 6913
demographics & history & precipitants & institutional issues & diagnoses & treatment factors, 12–16 yr olds absent without leave from residential treatment centers, 30761
demographics & outcome & functional skills, positive vs negative vs mixed symptoms subtypes of institutionalized schizophrenic patients, 13106
depression & anxiety & somatic symptoms & hypochondriacal attitudes, patients perceived by physicians as hypochondriacal, 9099
depression & somatic complaints & trait anxiety & psychological adjustment, 8–17 yr olds with recurrent migraine headaches, 16021
description of preoedipal personality & resistance in group therapy, 33927
design & evaluation of continuing education program on needs & concerns of elderly, business & professional service providers, 41411
development of self report questionnaire & rating scale, assessment of commitment & psychosocial factors & values & understanding & skills & conflict, divorcing couples seeking mediation, 10656
developmental differences in personal characteristics & symptoms & other maladjustments, 5–11 vs 12–19 yr olds with overanxious disorder, 5338
dichotomies in suicidology research strategies vs types of suicidal individuals, 26260
differential evaluation, Black vs White therapists rating Black vs White clients, 16421
DRG based classification into resource utilization groups, nursing care needs assessment, elderly nursing home residents, implications for reimbursement, 30730
DST suppression vs nonsuppression & clinical variables, depressed inpatients vs outpatients, 36589
duration of treatment & symptoms & course of illness in fictional patient description, medication decisions based on symptom control & risk of tardive dyskinesia, psychiatrists, 9508
early family relations & social adjustment & clinical characteristics, nonpsychotic patients referred to hospital consultation psychiatric services, 2806
efficacy of treatment & therapist & client characteristics, relaxation & stress reduction therapy & hypertension, conference presentation, 30387
ego identifications & character formation & psychic & objective reality, clients, 23184
emotional & physical characteristics & substance abuse, female vs male 15–19 yr olds who attempted suicide, Finland, 5 yr followup, 8809
emotional reactions & coping behavior & characteristics of cancer & personal situations & feelings of uncertainty, 34–75 yr old females with breast cancer, 22951
establishment of batterer typologies, wife assaulters, Canada, 26221
estrangement & noncommunication & other issues in building therapeutic framework with clients who don't "fit" psychoanalytic situation, homosexual male & 11 & 13 yr old males, 37301
etiological & developmental & treatment considerations, bulimic college students, 37071
expanded assessment approach incorporating client & provider environmental factors, psychotherapists providing short vs long term therapy, conference presentation, 40634
extra dimension to being Jungian analyst because of patient cultural background, US, conference presentation, commentary included, 23837
factors associated with suicidal behavior, 13–19 yr old psychiatric inpatients, 12169
familial & life situational characteristics & interpersonal problems & attitudes toward & health during pregnancy, females with vs without postpartum psychosis, 15737
family & personal characteristics, 14–17 yr old female borderline patients, 22602
family & psychiatric history & mental status & drug use & experience, 15–35 yr olds with acute PCP intoxication vs chronic PCP use, 8896
family background & development & social & school & delinquency history & clinical interventions, West Indian vs Canadian adolescent offenders referred to family court clinic, Canada, 23581
family demographic & clinical characteristics & type of early intervention, cognitive development, 3–3.3 yr olds hospitalized as infants for nonorganic failure to thrive, follow-up studies, 5621
group psychotherapy, heterogeneous short term psychiatric inpatients, 37815
guidelines for diagnostic interview, assessment of patient's suitability for psychoanalysis, psychoanalysts, 26765
heart rate & heart rate variability, depressed vs nondepressed coronary artery disease patients undergoing elective cardiac catheterization, 12350
hemispheric specialization, creativity vs alexithymia characteristics, priest vs nonpriest psychotherapy clients, 12665
heterogeneity vs homogeneity of group, 15–75 yr olds with pedophilia, Canada, 22683
hierarchy of characteristics of depressive symptoms, elderly urban community residents, 22574
historical context & normalization interpretation in professional/client relations, mentally handicapped, 27256
history of school psychological services, children & adolescents, Norway, 41387
hospital & DRG characteristics, length of stay, patients in mental hospitals, implications for Medicare prospective payment systems, 16895
hospitalization & client characteristics, resiliency, children, 9757
identification of rapid cycling, bipolar/episodic schizoaffective patients & their relatives, 12032
identification of risk factors associated with development of delirium, hospitalized 60 yr olds & older, 27220
illness & hospitalization & patient & environmental characteristics, depression, 18–59 yr old medical inpatients, 20084
immunochemical profiles, 17–45 yr old schizophrenic males, 26135
incidence & severity of sexual abuse, 3 mo to 16 yr olds evaluated in pediatric emergency room, 12114
incidence rates & diagnoses & length of stay & readmittance & other characteristics, elderly males vs females admitted to psychiatric institutions, Denmark, 16873
indices of suicide, identification of clients at risk, adolescents who had attempted suicide, 1790
individual characteristics, prediction of relapse, male vs female ex-smokers, 6–12 mo followup, 13262
individualized treatment strategies, 30 yr old with social phobia, 2195
injury outcomes & related factors, workers disabled due to injuries, 3 yr followup, implications for vocational rehabilitation, 36972
institutional & client characteristics, psychotropic drug administration patterns, 45–74 yr old nursing home residents, 12832
interpersonal complementarity, perception of psychotherapeutic alliance, 18–57 yr old clients & their therapists, 33808
intropunitiveness, responsiveness to cognitive intervention, parasuicidal inpatients, 26777
irrational thinking & negative emotionality, college students vs 16–65 yr old client applicants for mental health services, 29458
Jungian theory of psychological types as system for understanding therapist's personal biases, psychotherapy process & outcome, self contained patients, 33840
knowledge of pregnant client's marital status, perceptions of client attributions of group stereotype & predicted client behavior & data sought & verbal responses to client, nursing students, 20367

leaving child welfare system, vulnerability to drug abuse & transiency & unemployment, homeless 14–24 yr olds vs those in care of welfare system, Canada, 27135
legal status, drug rehabilitation & long term outcome, clients in Drug Abuse Reporting Program, 6 & 12 yr followups, 16993
length of care & subjective feelings & needs & patient's functional ability, subjective feelings of burden, 55–91 yr old caregivers of patients with Alzheimer's disease, 27072
lesion location & affective status & physical impairment, prognosis of poststroke depression, stroke patients, 1 & 2 yr followups, 9167
life satisfaction & physical & psychological & employment status, adult male cardiac rehabilitation patients, West Germany, 1 yr followup, 27287
lifetime psychiatric comorbidity & familial correlates, less than 20 to over 60 yr old alcohol rehabilitation patients, 22797
long term prognosis & characteristics, 4–15 yr olds who had had neonatal tetanus, Turkey, 29847
long term psychotropic drugs, 30–92 yr old psychiatric patients in general practice health center, England, 6124
magnetic resonance imaging abnormalities & clinical characteristics, 9 mo to 18 yr olds with neurofibromatosis, 33507
male predominance & childhood & self injurious behavior, firesetters in prison or hospital, Ireland, 1827
management crisis precipitated by case of 14 yr old who killed his younger brother, adolescent psychiatry unit staff, implications for reorganization, 27246
manifest psychopathology & life events & family history & personality traits, 17–47 yr olds with reactive psychosis, India, 26043
matches between psychological defense & reactance potential & psychotherapeutic approaches, treatment outcome, 16–71 yr old psychiatric inpatients, 9319
medical model vs societal reaction theory, criteria for admission to detoxification center, adults, 1979–80, 23743
methodological problems with aptitude treatment interaction research, identification of characteristics related to treatment outcomes, therapy clients, 2254
methods for maintaining client medical self determination when unable to make autonomous decisions, implications for social workers, 34265
modified cost benefit analysis of hostel ward, long stay psychiatric patients, England, 2798
nature of manifest anxiety, patients with peptic ulcer vs neurosis vs outpatients, India, 37160
nature of therapeutic relationship & psychological compatibility, psychiatrist & patient, 30192
need & predisposing & enabling factors, specialty vs general mental health care services utilization, community residents, 2694
need for limits within psychotherapeutic setting, entitled clients, 19741
needs assessment in vocational evaluation & client & job characteristics, job placement, rehabilitation clients, 16922
neurodevelopmental profiles, 13 yr olds with deficits in attention &/or motor control & perception, Sweden, 6 yr followup, 29443
neurological & psychiatric & demographic variables, prediction of violence, hospitalized neuropsychiatric patients, 25985
noise making behavior, elderly long term care residents, 9808
nontreatment factors, treatment outcome for drug or alcohol addiction, literature review, 30852
normal & psychopathological personality characteristics, hospitalized alcoholic males, 37903
number of previous episodes & sex & age of onset & time since episode & depression level, relapse following recovery from episode of depression, adults, 29583
object relations & Oedipal complex differences & clinical interpretation, client characteristics & conformance to Freud's neurotic model, analysands, 16339
order of presentation of positive vs negative clinical information, judgment of clients' mental health, counselors in training vs practice, 19801
organic & developmental & social variables, aggressive vs nonaggressive patients with temporal lobe epilepsy, 1974–83, England, 12413
panic or obsessive compulsive vs drug related symptoms, discussion of depression during therapy, psychiatric patients, 30213
parental divorce or separation or premorbid obesity, 16–28 yr old Black females with bulimia or anorexia nervosa, Great Britain, 9082
parental relationship of intact vs high conflict marriage vs divorce, clinical judgment of child case analogs, 29–72 yr old clinical psychologists, 30140
parents' attitudes toward child's hospitalization & behavior, 16–32 yr old psychiatric inpatients, 23653
participant & leader factors, outcomes in group psychotherapy, 40694
participants' gender, psychotherapeutic processes, female psychotherapists & psychoanalysts working with male clients, commentary, 37315
patient & economic characteristics, outcome of inpatient vs outpatient vs inpatient to outpatient treatment, alcoholic adults with vs without concurrent drug use disorders, 6530
patient & family characteristics, completion of day care treatment, multiple drug abusing adolescents, conference presentation, 2909
patient & suicide characteristics, 14–25 yr olds, 26270
patient behaviors & circumstances, emotional reactions, 34–71 yr old internists, 10005
patient characteristics & age & referral source, motivation in alcoholism treatment & recovery, Black vs Puerto Rican 19–70 yr old males vs females, 34400
patient characteristics & diagnostic data, assignment to compulsory admission vs voluntary inpatient vs outpatient treatment, 14–90 yr old psychiatric patients, Germany, 13153
patient characteristics & family background & velocity of DSM-III criteria, outpatients with primary early onset dysthymia vs primary nonbipolar nonchronic major depression, 6 mo followup, 11993
patient characteristics & forensic assessment & treatment & release process, male mentally ill offenders, Canada, 6570
patient characteristics & pharmacotherapy, cocaine abuse, 41069
patient characteristics, discharge to level III vs IV nursing home vs community based vs independent living arrangements, deinstitutionalized mentally ill 60–74 yr olds, 20143
patient characteristics, lack of access to community care, psychiatric patients hospitalized longer than therapeutically necessary, 2585
patient characteristics measured by MMPI, prediction of treatment completion, males in residential alcoholism treatment program, 6557
patient characteristics, prediction & completeness of symptom reporting, 18–85 yr old colorectal cancer patients, 22929
patient characteristics, risk for chronicity & long term dependence on extensive psychiatric care, 10 yr cohort of 1st time admitted psychiatric patients, Denmark, 9785
patient characteristics, treatment recommendations, physicians treating end-stage renal disease, Canada & US, 30576
patient characteristics, 29–89 yr olds committed to private psychiatric hospital, 13160
patient chart variables, prediction of improvement & need for long term care, 13–18 yr olds in short term psychiatric hospitalization, 27197
patient demographics & psychosocial factors & health & development, infants & children with HIV or AIDS in 1st foster boarding home program, conference presentation, 37726
patient demographics & satisfaction & compliance & objectively measured provider behaviors, medical patients & their health care providers, meta analysis, 12971

patient profile of sexual dysfunction training clinic, couples, 1972–87, 12607
patient race, use of physical restraint in response to violence, White staff members of psychiatric hospital for adolescents, 23641
patient status & caregiver perceptions, caregiver burden, elderly psychiatric patients & their caregivers, 6262
patient variables & environmental factors, adjustment & management & health status, children with diabetes, 16119
patients' age & sex & education & anxiety level, nonverbal communication patterns, 17–72 yr old patients & their family practice physicians, 23541
patterns of actions & acts in counseling ineractions, counselors & clients, counseling psychology implications, 19790
patterns of psychiatric consultations & client characteristics, inpatients, Israel, 13151
paygrade levels for active duty & previous psychotic condition, hospitalized 17–52 yr old enlisted Navy personnel with functional vs organic psychotic diagnoses, 34305
perception of clinical traits of patients most likely to benefit from tricyclic antidepressants, psychiatrists, 12859
perception of psychological characteristics of patients with strong vs weak will to live & rating of activities used to strengthen will to live, nurses & physicians, 34484
perceptions of patient behaviors felt to interfere with adolescent dental care, professional satisfaction, male vs female dentists, 27406
personal characteristics & mental impairments, filicidal males, 5380
personality & demographic characteristics, 18–68 yr old problem drinkers in community day treatment center, 27338
personality & sociodemographic factors, success of suggestion therapy by faith healer, nicotine withdrawal, heavy smokers, Switzerland, 12 yr followup, 2913
personality characteristics, economic costs of treatment, alcoholic adults, 6549
personality dynamics & psychotherapeutic processes, self contained clients, 33843
personality factors & social support, treatment compliance, hemodialysis patients, 13008
physical status & maternal rating of psychosocial adjustment, 4–16 yr olds with spina bifida, 30124
policies & staffing & performance of general hospital based psychiatric acute observation unit, 20166
preadmission adaptive functioning, prognosis, adult general hospital psychotic patients, 2816
prediction of assault & violent behavior, juvenile psychiatric inpatients, 2805
predictors of & outcome characteristics related to against medical advice discharges, 20–62 yr old males discharged from psychiatric hospitals, 34312
predictors of participation & attrition & outcome in workplace smoking cessation program, 24–58 yr old smokers, 6 mo followup, 31419
predictors of suicide, patients with borderline personality disorder, followup study, 29615
predictors of violence, civilly committed acute psychiatric patients, 2815
predisposing factors & treatment outcome, depressed Hmong refugees, 8748
preference for type of clientele & location of their residential treatment facilities, community residents, 37786
prerequisites for surgical procedure & postoperative psychiatric problems, alcoholic patients who are candidates for liver transplantation, conference presentation, 2651
presenting complaint & personal characteristics, number of outpatient visits, male vs female Whites vs Blacks vs Hispanics using low income inner city mental health clinic, conference presentation, 6297
presenting symptoms & family history & personal characteristics, 2.5–14 yr old psychiatric clinic patients, India, 6 mo longitudinal study, 19194
pretreatment characteristics & marital adjustment & alcohol treatment outcomes, couples recruited through radio advertisements vs traditional clinic sources, 41078
pretreatment symptomatology & treatment length, therapeutic alliance & outcome, 20–57 yr old clients, 19752
prevalence & severity & presenting symptoms & seasonality of depression, general medical practice patients, Great Britain, 8553
prevalence of late vs early onset, demographic & clinical & familial characteristics, dysthymic patients, 5251
problems & characteristics & programs & differential treatment, female juvenile offenders, 33239
program & client characteristics of treatment system based on minimal institutionalization, bed utilization, urban psychiatric patients, 20212
psychiatric & demographic characteristics, females with nonorganic psychosis with vs without postpartum psychotic episodes, 15736
psychiatric diagnosis & EEG & psychological test data & social history, violence, male forensic hospital patients, 27362
psychobiological & social & pharmacological factors, evaluation & individualized treatment, cocaine abusing patients, conference presentation, 6538
psychodiagnosis & physical characteristics, 13 yr old female with 4 X chromosomes & diagnosis of schizophrenia, case report, 2085
psychological & behavioral factors & psychoanalytic interpretations of dermatitis, implications for research, 1992
psychological & demographic variables, completion vs dropout from violence treatment program, 19–53 yr old male spouse or female partner abusers, 16292
psychological characteristics, 18–35 yr old males who had been sexually abused as children or sexually assaulted as young adults, treatment implications, conference presentation, 40250
psychological correlates of ability to cope with tinnitus, 19–75 yr old patients, 33566
psychological mindedness & alexithymia construct, detection of clients unlikely to benefit from analysis, commentary, 40665
psychological problems & duration of consultation, psychologists & general practitioners rating medical patients, 16753
psychopathological vs psychobiological vs clinical psychological variables, prediction of short vs medium term outcome, schizophrenic inpatients before drug therapy, 36699
psychopathology & retrospective diagnosis & treatment outcomes, mentally ill patients at 3 asylums, 1880–84, UK, 36679
psychopathology, adult cocaine abusers, 19397
psychosexual behavior & client characteristics, adolescent males attending public health contraceptive service, 34153
psychosocial & clinical factors, prediction of paraphrenic outcome, schizophrenic patients at 1st admission, 5–9 yr followup, 12033
psychosocial & demographic factors & patient characteristics, institutionalization of dementia victims, primary caregivers, 6427
psychosocial & psychiatric factors, alcohol usage, alcoholic 16–60 yr olds, 36876
psychosocial adjustment to illness, adult cancer patients who dropped out of vs completed chemotherapy, Israel, 23391
psychosocial characteristics & life experiences, low vs high dose users of benzodiazepines, 1901
psychosocial characteristics & willingness to seek treatment, Chinese vs Malay vs Indian residents seeking treatment at government mental health facilities, Singapore, 2668
psychosocial correlates of gastric stapling surgery, morbidly obese patients awaiting or after surgery, 12955
psychosocial factors & client characteristics, pain of 1st trimester abortion, 13–34 yr old females, 34141
psychosocial factors & differential rating on Older Americans Resource & Services interview, elderly medically disabled patients with outplacement problems at discharge from VA hospital, 9795
psychotherapeutic challenges, resistance behavior & self containment, clients, 33837
psychotherapeutic process & techniques, self contained clients, 33821

psychotherapeutic strategies, engagement in therapeutic alliance, difficult clients, 19757
psychotherapeutic technique, emotional turmoil & self containment, adolescent clients, 33798
psychotherapy, ex-cultists, 40625
psychotherapy models & techniques, creative patients, 12645
psychotherapy, New Age clients who are often cultists, 40616
psychotherapy, self containment as neurosis vs structural personality deficit, clients, 33751
psychotherapy, treatment of loneliness while preserving solitude, creative clients, 12719
psychotherapy, 23–63 yr olds who suffered real or imagined rejection from previous therapists, case reports, 33773
psychotic withdrawal & character pathology & violence-agitation & suicide depression, difficult to treat organically impaired vs nonimpaired long term psychiatric patients, 4 commentaries included, 16848
quantity & duration of antidepressant drugs or lithium or ECT & patient characteristics, treatment outcome, 18–64 yr olds with major depression, 5865
race & clinical characteristics & postdischarge service needs & community mental health service utilization, adult psychiatric patients, 2649
race & gender match to psychiatrist, levels of self reported self disclosure, Asian vs British psychiatric outpatients, England, 33757
reassessing profiles & needs of clients at Battered Women's Advocacy Clinic, Canada, 27118
referral source & nature & duration of problem & waiting period & sociodemographic characteristics & parental attitudes, failure to keep 1st appointment, children referred to child guidance clinic, 16806
rehabilitation counseling needs, disabled ethnic minority clients, implications for counselor education, 27300
rehabilitation vs nonrehabilitative treatment, posttreatment characteristics & outcome, patients with severe traumatic brain injuries, 27252
relationship & social factors & events, treatment outcomes, patients with anorexia nervosa, England, followup study, 2222
relaxation training vs attention control vs problem discussion & personal characteristics, prediction of treatment outcome, 16–18 yr olds with recurrent headaches, 9279
residential re-education treatment & role of client characteristics, aggressive behavior, 10.9–17.4 yr olds with behavior disorders, 20190
restraining paradoxical interventions, procrastination or test anxiety, high vs low reactant clients, 5939
retrospective study of distinctive features of initial symptoms, patients with Alzheimer's disease, 19579
risk factors & diagnosis & antecedents & prevention, aggressive & assaultive behavior toward mental health personnel, psychiatric inpatients, 40967
risk factors at intake, prediction of remission, patients with unipolar depression, 1 yr followup, 11996
Rorschach correlates of treatment difficulty, hospitalized psychiatric patients, 30723
self concept in client centered career counseling, 19 yr old female, 13769
self containment as form of resistance, psychotherapy patients, 33173
self efficacy & motivation & reasons for & history of smoking, long term posttreatment smoking cessation, adult smokers, 2930
self harm behavior survey results, adult chronic self mutilators, implications for community mental health professionals & services, 8788
self psychology treatment approach, self containment, 9 yr old female & 13 yr old male, 33764
sensorimotor & play & language developmental level in infancy, prediction of IQ & behavioral functioning, preterm vs full term 5 yr olds initially tested at 13.5 & 22 mo, followup study, 29456
SES & other characteristics, psychiatric disorder, hospitalized patients, 2 yr followup, 8600
sex & age & other characteristics, suicide, persons under 26 yrs old, 19293
sex & demographic & clinical severity & psychophysiologic variables, prediction of outcome with chlomipramine & exposure therapy, 18–60 yr old obsessive compulsive patients, 23089
sex & use of client characteristics, prognostic judgments, 34–82 yr old marital therapists, 23914
sexual & social behavior & male & female relations & psychotherapy, transvestite males, 30287
similarities & differences in symptoms & treatment experiences, 40 yr old male Vietnam veteran with PTSD vs 40 yr old female with accident induced PTSD, 11925
similarities & differences, 18–40 yr old female bulimic patients vs symptomatic volunteers recruited through newspaper advertisements for bulimia research, 23005
social & clinical characteristics of parasuicide, oil company employees, Saudi Arabia, 15831
social demographic & clinical characteristics, post discharge aftercare service utilization, 18–65 yr olds with psychiatric &/or substance abuse problems, 37735
social profile & service recommendations, 55 yr old & older offenders on probation, 37942
social work agency outpatient interventions, client utilization characteristics, 6–87 yr old cancer patients & their families, 30701
sociodemographic & clinical characteristics, psychiatric inpatients who discharged themselves against medical advice or were discharged while absent without leave, 23644
sociodemographic & clinical characteristics, 60 yr old & older psychiatric patients, Nigeria, 36611
sociodemographic & family & clinical & hospital variables, prediction of psychiatric hospitalization outcome, 20–29 yr olds, conference presentation, 27202
sociodemographic & personal characteristics, life satisfaction & rehabilitation status, 17–74 yr olds with spinal cord injury, Israel, followup study, 27277
sociodemographic & prior clinical course characteristics, amitriptyline or imipramine treatment response, unipolar depressed patients 19 yrs old & older, 19937
sociodemographic characteristics & psychiatric diagnosis, description of pain & physical diagnosis, 15–60 yr old chronic pain patients with vs without alexithymia, 22900
sociodemographic characteristics in primary care center usage, 3–60 yr old psychiatric clients, Kuwait, 33195
sociodemographic characteristics, length of psychiatric hospital stay, patients with neuroses vs psychoses, West Germany, 9790
sociodemographics & patterns & effects of drug use & depression, male vs female hospitalized cocaine abusing 21–52 yr olds, 22794
symptom experience & fluctuations in psychosocial correlates & quality of life, end stage cancer patients, 26670
symptom profiles & personal characteristics, 3–31 yr olds with Tourette's syndrome, 29880
symptoms & characteristics & past & present sources of help, agoraphobic patients in self help groups, 15681
symptoms & characteristics, male 19 & 27 yr olds with Zelig phenomena, 1655
symptoms & etiological factors at 1st admission & relation to later compulsory treatment, alcoholic patients ordered into treatment, longitudinal studies, Sweden, 6509
tentative vs absolute interpretation & dogmatism & locus of control, perception of counselor & interpretation & willingness to see counselor, clients, 5955
therapeutic challenges, negative reaction & resistance, pseudo self sufficient patients, 33862
therapeutic worth of client, social casework, 37758
therapist & client variables & treatment context, conduct of family therapy, clients, 12730
therapists' vs clients' locus of control & symptoms & sex of client, therapists' clinical judgment & expectations of success, clinical psychologists, Australia, 40618
theraplay treatment approach, intimacy avoidance due to early disruption in attachment & bonding experience, self contained 14 yr old male & adult female, 33805

thought inhibition, pseudostupidity & potential analyzability, 33 yr old male, 30217
trait & state psychological characteristics, 19–70 yr old breast cancer patients, 26506
treatment & client characteristics, exhibitionistic or voyeuristic clients, 30150
treatment considerations & resistance, patients who hate psychotherapist, 30233
treatment considerations, borderline alcoholic clients, 30843
treatment factors & experiences of Alcoholics Anonymous, 29–70 yr old Jewish alcoholics, 37907
treatment model, lesbian & gay alcohol abuse clients, 30845
treatment of client characteristics, alcoholic patients in residential center, 1982–87, Israel, 37909
type of problem & treatment & outcomes, patients referred to clinic for sexual problems, 3 yr study, 2237
use of poetry in psychotherapy, creative patients, 12709
validity of long standing criticisms & life centered approach using assessment of client's circumstances, psychodiagnosis, 36584
variations in service provision & client characteristics, help seeking behavior, 16–40 yr olds & older in voluntary drug agencies, England, 37890

level of training in study of AIDS in clinical & counseling psychology & predoctoral internship programs, psychology faculty & students, 41109
policy statement on core requirements & policies for internship issued by National Conference on Internship Training in Psychology, 17013
predoctoral psychology internship program at university mental health institute, 17085
ratings of actual & ideal psychotherapy supervision, clinical psychology interns, 13337
standardization vs individualization, clinical psychology internship training, 34481
Clinical Supervision [See Professional Supervision]
Clinicians
demographics & values, choice of administrative vs clinical role, occupational therapists, 20344
interclinic discrepancies in identification of fluent vs stuttered syllables, experienced clinicians, 8963
methodology to assess dangerousness, clinicians in criminal justice system, 2974
psychopharmacology extramural training program, clinicians & nonclinicians, 30895
role conflict in community mental health centers, clinicians & administrators, 9678
training in assessment of tardive dyskinesia, clinical personnel, 20382
Clinics [See Also Child Guidance Clinics, Psychiatric Clinics, Walk In Clinics]
characteristics & diagnosis, 51–55 yr olds presenting with multiple somatic complaints to rural health clinic, India, implications for diagnosis of mental disorders, 27142
clinic environment & administrative style, psychotherapeutic process & premature termination, difficult clients, 20142
counseling needs, couples attending infertility clinic, 1975–85, 27160
development of quality assurance system for patient health education in public health clinics, 23591
evaluation & assessment of stress factors, stress management, patients at Maudsley Stress Clinic, 9729
mental health services in primary care clinics, American Indian & Native Alaskan communities, 23564
need for sex education & school based health clinics & information concerning sexual desire & victimization, adolescent females, 6813
public service clinic approach to smoking cessation, 34397
reassessing profiles & needs of clients at Battered Women's Advocacy Clinic, Canada, 27118
telephone intake procedures, initial appointment keeping, parents of children referred to outpatient behavior management clinic, 16529
Cliques [See Social Groups]
Clomipramine [See Chlorimipramine]
Clonidine
adjunctive clonidine after gradual alprazolam discontinuation, patients with panic disorder, 16564
atropine & clonidine, soman induced lethality & behaviors & suppression of stereotyped behaviors, male rats, 4327
chronic exposure to bright artificial light, hypothermic effect of clonidine, rats, implications for treatment of seasonal affective disorders, 840
clonidine & bright artificial light, nocturnal increases in plasma melatonin, 29–43 yr olds, 853
clonidine & chlormethiazole efficacy, management of acute alcohol withdrawal, adult patients, 34410
clonidine & citalopram vs indalpine vs fluvoxamine, swim induced immobility & spontaneous motility, mice, 18382
clonidine & naltrexone & diazepam, withdrawal time & dropout, patients addicted to heroin or other opiates, 20277
clonidine, alcohol withdrawal, literature review, 2904
clonidine, anxiolytic & sedative effects of benzodiazepines, male rats, 11325
clonidine, behavioral syndrome of manic type, 44 yr old female with traumatic bilateral orbitofrontal & right temporoparietal injury, 40748
clonidine, central adrenoceptor sensitivity, 19–51 yr olds with panic disorder, 22610
clonidine, detoxification of opiate dependency, literature review, 2941
clonidine dosage, drinking conflict vs elevated plus maze models of anxiety, male rats, implications for adrenergic receptors, 18446
clonidine doses & immobilization stress, hypoactivity, male rats pretreated with naltrexone, implications for alpha 2 adrenoceptor reactivity, 25196
clonidine, drug free paranoid schizophrenic 21–50 yr old males, 37573
clonidine, growth hormone response, 18–50 yr olds with neurotic vs endogenous major depressive episode, 19061
clonidine hypothermia, abstinent vs alcoholic males undergoing withdrawal, 6524
clonidine induced self biting & automutilation, mice, model for clinical self injurious behavior, 7823
clonidine infusion into locus ceruleus, behavioral & neurochemical changes induced by naloxone precipitated morphine withdrawal & hippocampal MHPG levels, male rats, 18455
clonidine into paraventricular hypothalamus, food intake & carbohydrate preference, male rats with vs without 6-OHDA paraventricular hypothalamus lesions, 18238
clonidine loading test for growth hormone release, CSF metabolite levels, 61–83 yr olds with dementia of Alzheimer type vs multi-infarct dementia, 33991
clonidine, memory function independent from psychosis, 21–50 yr old schizophrenic males, 34023
clonidine, memory impairment, aged cebus monkeys, 14812
clonidine, opiate withdrawal syndrome, literature review, 20291
clonidine or growth hormone releasing hormone stimulation, growth hormone & somatomedin C plasma levels, 14–35 yr olds with anorexia nervosa, implications for alpha 2 adrenoceptor sensitivity, 26452
clonidine, plasma cortisol, adults with major depression vs panic disorder, conference presentation, 12918
clonidine, plasma growth hormone levels, adult panic disorder patients, 5325
clonidine pretreatment, physiological & subjective effects of marihuana, adult male chronic users, treatment implications, 5485
clonidine, spontaneous morphine withdrawal as measured by daytime vs nighttime locomotor activity patterns, male rats, 14947

clonidine, tardive dyskinesia, 31 yr old female with schizophreniform disorder, case report, 40739
clonidine vs apomorphine, growth hormone response, major endogenous vs minor depressive patients, Belgium, 12822
clonidine vs atropine, soman induced acute vs chronic behavioral toxicity, male rats, 35782
clonidine vs chlordiazepoxide & chlorpromazine, heroin withdrawal symptoms, 16–43 yr old males, India, 20292
clonidine vs diazepam vs placebo, smoking cessation & withdrawal symptoms, 18–80 yr old cigarette smokers, China, followup study, 23781
clonidine vs growth hormone releasing hormone, growth hormone output, 27–67 yr olds with major depression, West Germany, 19154
clonidine, 19–41 yr olds with PMS symptoms & moderate to severe cyclic decreases in beta endorphin levels, 2476
clonidine, 27 yr old male with mixed bipolar disorder, case report, 34056
diazepam vs clonidine with vs without yohimbine, vibration induced hyperalgesia, rats, 4243
disorder type & psychotropic drug treatment, clonidine challenge test for assessing alpha-2-adrenoceptor sensitivity, patients with various mental disorders, literature review, 34033
dosage of clonidine & age, locomotor activity & wall climbing & catalepsy & rectal temperature, 10–42 day old rats exposed prenatally to ethanol, 28865
dose of clonidine & food deprivation, sucrose or water intake, male rats, 39291
droperidol or clonidine or other catecholamine active drugs, processing capacity & activation & arousal & attention, adult males, implications for noradrenaline & dopamine, 832
growth hormone response to clonidine, differential diagnosis, 64–81 yr olds with major depressive disorder or senile dementia of Alzheimer type, 36522
growth hormone response to clonidine, drug free adults recovered from endogenous depression, 5284
growth hormone response to clonidine, untreated vs tricyclic drug free patients with major depression, 40802
growth hormone response to L-dopa & clonidine, male 8–18 yr olds with attention deficit hyperactivity disorder vs major depressive disorder, 8509
idazoxan or clonidine, cerebral spread of memory, mice, 39264
iv clonidine, alpha-2-adrenoceptor function assessed by growth hormone & cortisol & BP & pulse rate & psychological symptom rating, abstinent alcoholic inpatients vs social drinkers, 19352
lesions of median raphe nucleus & chronic desipramine administration, serotonin & motor behavior, male rats given intrahippocampal clonidine injection, 11160
lithium, clonidine induced hypoactivity, C57 & BALB & DBA & C3H mouse strains, 4486
m-chlorophenylpiperazine vs fenfluramine vs clonidine, exacerbation of symptoms, 19–46 yr old obsessive compulsive male patients, conference presentation, 2481
methadone vs clonidine vs guanfacine dosages & schedule, prediction of detoxification success vs failure, heroin addicted adults, 20312
morphine, antinociceptive effects of intrathecal clonidine, male rats, 4345
physostigmine vs clonidine, dexamethasone suppression of cortisol release, 71–95 yr olds with Alzheimer's disease, 1987
platelet 3H-clonidine & 3H-imipramine binding & DST & depression severity, depressed adults, 40187
rapid clonidine-naltrexone detoxification, opioid abusers, 13266
saline vs clonidine discrimination training & pairing with anise/ethanol, BP reduction & introceptive stimulus effects, male hypertensive rats, 7917
scopolamine, footshock & clonidine induced wall climbing & its ontogenetic decline, infant to adult rats, 11265
scopolamine or clonidine, learning & performance of tracking task, 18–50 yr olds, 39299
short term clonidine hydrochloride, 57–76 yr olds with mild to moderately advanced Alzheimer's disease, 37530
short vs long term clonidine, noradrenergic function, 23–58 yr olds with panic disorder, treatment implications, 22657
stressful convulsant pentylenetetrazole, clonidine induced hypokinesia, male rats, implications for etiology & treatment of panic disorder, 39243
systemic vs intrahypothalamic noradrenaline vs clonidine, food intake & eating time with vs without propranolol pretreatment, male rats, 35905
transdermal clonidine patches, detoxification, 22–45 yr old heroin addicts in outpatient treatment, 34414
utility of clonidine-growth hormone test as biological marker, patients with depression or panic disorder or obsessive compulsive disorder, literature review, 8587

Closedmindedness [See Openmindedness]

Closure (Perceptual) [See Perceptual Closure]

Clothing Fashions
apparel classification, attitudes toward advertised apparel & apparel shopping, female college students, 38519
attire of female authority figure, compliance with request to help target, 16–70 yr olds, 22363
conservative vs sexually provocative female clothing styles, estimates of opposite sex first impressions, male vs female college students, 39920
cultural influences & values, clothing choices & appearance, 28–32 yr old Mexican American females, 36242
form of dress, role enactment, 25–92 yr old Catholic priests, 32612
garment hue & value & style, assessments of employment potential, personnel recruiters, 25870
hot vs cold environment & rest vs exercise, physiological & psychological responses to clothing fibers, adults, 35675
image vs quality/information oriented advertising for classic vs trendy apparel, advertisement favorability, high vs low self monitoring female college students, 41534
interest in & satisfaction with ready to wear apparel, female 18–46 yr olds wearing large size clothing, 13959
ratings of stutterer wearing vs not wearing T shirt with message concerning stuttering, college students, 1951
self concept & body image & use & importance of clothing, emotionally disturbed 12–15 yr olds, 40185
self reported fashion consciousness & innovativeness & opinion leadership, Black vs White male vs female 17–63 yr old consumers, 6982
sex & style of uniform hat, perceived authority of police officers, college students, 29377
social cognition theory & methodology, perspectives on clothing & human behavior, literature review, 32810
user oriented product development of clothing fasteners, 63–93 yr old long term care patients, Sweden, 40589
wearing uniforms vs street clothes, identification of hospital nursing staff, elderly patients, 2830

Cloze Testing
cloze analysis scoring criteria & rater's educational level, predictability of speech, patients with schizophrenia vs affective disorder, 29593
cloze procedure, cross cultural communication, high school students, India, 8083
induced nearpoint visual stress, reading comprehension, 3rd yr optometry students, 25124
performance on "maze" reading test, 4th–6th graders with fusional or accommodative visual abnormalities, 30098
reading vs listening modes of cloze test, responses & scores, 8–9 vs 11–12 vs 13–14 yr olds, Scotland, 38293
textbook independent vs standardized interview vs cloze test, assessment of achievement in English language, 8th grade technical school students, Germany, 6844

Clubs (Social Organizations)
experience as volunteers in child care vs community service, social & personal responsibility, male vs female 11–17 yr olds, 15170
homosexual clubs, college students, 19th century, Netherlands, 29314

Cluster Analysis
algorithm using 2 dimensional cluster generalization, prediction of cognitively driven eye movements during visual numeric monitoring task, pilots vs nonpilots, 14252
application of model selection criteria to cluster & factor analysis & other multivariate assessments, 17697
applications of constrained latent class models, 31709
cluster analysis, emotional concerns & personality characteristics, freshman college students, 3234
cluster analysis of Children's Depression Inventory scores, 6–17 yr olds with affective vs conduct disorder, 31655
cluster analysis of MMPI profiles, chronic PCP abusing patients, 19357
cluster analysis of neuropsychological assessment batteries, identification of patient subgroups & relation to diagnostic & case history variables, neuropsychiatric patients, conference presentation, 12057
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, commentary, 36910
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, commentary, 36915
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, commentary, 36926
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, 36938
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, commentary reply, 36937
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, commentary, 36948
cluster analysis of structural dimensional mode, assessment of typologies, inpatients with depression, 8568
cluster analysis of subtypes of rapists & child molesters, adjudicated male sexual offenders, 36799
cluster analysis of symptom profiles, autistic & autistic-like 3–5 yr old males, 15764
cluster analysis of Therapist Personal Reaction Questionnaire, assessment of reactions to clients over course of counseling, practicum trainee graduate students & their clients, 24659
cluster score performance on Woodcock-Johnson Psycho-Educational Battery, identification of learning disabilities & aptitude, previously identified 5.7–14.3 yr old learning disabled students, 24268
comparison of 7 different clustering algorithms, statistical analysis of psychological & sociological data, children, 162
hierarchical clustering of rows & columns of contingency table, 7228
methods for replicating cluster analysis, 31705
multidimensional scaling & cluster analysis of restricted vs unrestricted sorting of fragrance categories & ambiguous odors, adults, 38737
Omega, generalization of Rand index of cluster recovery for nondisjoint solutions, 158
ordered tree algorithm & development of nonsemimodular graded latice, dissimilarity measure for classification of single or multiple recall strategies, adults, 170
procedures & software for visual presentation & cluster analysis of eye movement data, 18112
Q type factor vs hierarchical cluster analysis, predictive validity of conventional conjoint analysis of attributes & likelihood of renting ratings, college & graduate students, 38697
recovery characteristics of beta flexible clustering method, 31730
reliability & independence of cluster scores for Piers-Harris Children's Self Concept Scale, 6th & 8th graders receiving vs not receiving special education services, 20670
response coincidence technique & cluster analysis, assessment of individual differences in response style in perception of Mandarin dialect, Chinese exchange students, Canada, 31699
scale item correlations reflecting semantic overlap & clusters for formalizing content overlap, maximization of reliability, commentary, 28126
statistical test for detection of clustering patterns, patients who attempted suicide, 15891
validity of clustering algorithm of P-A-I-N classification system in MMPI, chronic pain patients, commentary, 38657
visual cluster continuum & measurement in pattern & numerosity discrimination, college students, 14275
Clustering [See Cluster Analysis]
CNS Affecting Drugs [See Also Amobarbital, Amphetamine, Barbital, Caffeine, Chlorpromazine, Clonidine, CNS Depressant Drugs, CNS Stimulating Drugs, Dextroamphetamine, Haloperidol, Methamphetamine, Methylphenidate, Pemoline, Pentylenetetrazol, Scopolamine, Strychnine]
CNS prophylaxis, behavior problems, children under 16 yrs old with acute lymphoblastic leukemia, 33744
CNS Depressant Drugs [See Also Amobarbital, Barbital, Chlorpromazine, Haloperidol, Scopolamine]
GM1 ganglioside, behavioral & morphological changes induced by colchicine into dental gyrus, rats, 28985
Mikania cordata root extract, exploratory & aggressive behavior & residual curiosity & muscle relaxation, mice, 14815
organic solvents, synaptosome membrane bound integral enzymes inhibition & CNS, male rats, 21764
repeated toluene exposure, tolerance measured by responses to multiple reinforcement schedule using discriminative stimuli, male rats, 35884
CNS Stimulating Drugs [See Also Amphetamine, Caffeine, Clonidine, Dextroamphetamine, Methamphetamine, Methylphenidate, Pemoline, Pentylenetetrazol, Picrotoxin, Piracetam, Strychnine]
amphetamine vs cathinone vs cocaine with vs without CGS 10746B pretreatment, drug discrimination, male rats, 18429
benzodiazepine receptor inverse agonist S-135, glucose utilization in brain areas with memory & arousal functions, rats, 21780
caffeine vs salbutamol vs propranolol, attentional effects in free word association test, college students, 7905
cellular & molecular mechanisms of opiate & cocaine & psychostimulant & ethanol dependency, 21763
cholinomimetic vs nootropic drugs vs benzodiazepine inverse agonists vs psychostimulants, social memory & recognition, adult rats, 32264
compliance with stimulant drug treatment, teacher ratings of symptom severity, elementary & middle school students with hyperactivity & inattentiveness, 40798
dextroamphetamine or methylphenidate, depression & cognitive impairment, 26–37 yr old homosexual males with AIDS related illnesses, case reports, 12854
fluprazine hydrochloride, play & social grooming behavior, juvenile male rats, 18434
methylxanthines, psychomotor stimulant effects under FI schedule of stimulus shock termination & adenosine antagonism, squirrel monkeys, 7916
pharmacological assessment of Khat, literature review, 29331
prenatal exposure to oxiracelam, open field behavior & response to novel stimuli & radial maze learning, mice assessed at ages 1 & 3 mo, 4310
psychosocial & medical histories, 5–14 yr olds with attention deficit disorder treated with psychostimulants, 23402
psychostimulant properties of TRH vs dextroamphetamine, healthy 18–35 yr olds, 18376
reinforcing properties of amfonelic acid assessed in self administration paradigm, male rats, implications for abuse potential in humans, 32268
stimulant drugs, manifestation & severity of tics, children with attention deficit disorder & Tourette syndrome, 12860
Coaches
advantages in playing field setting & potential for classroom implementation, coaches & teachers, 30984

assessment of psychological strengths & weaknesses, elite field hockey players & their coaches, 24483
athletes behavioral &/or body language cues & coaching experience, estimation of state & trait anxiety levels, 23–65 yr old coaches & 17–44 yr old athletes, practical coaching implications, 24484
attitudes toward pregame sex & its effect on athletic performance, coaches, 13985
burnout, secondary school teacher coaches, 17121
competitive level & situation, social reinforcements of performance process or outcome, elementary or junior or high school varsity males' basketball coaches, 20434
elite coaching strategies, enhancement of self efficacy in athletes, intercollegiate wrestling & national team coaches, 41574
goals for 6–10 yr olds participating in recreational basketball program, coaches, 41580
internal consistency of leadership in sports scale, wrestling coaches, 28083
leadership behaviors, junior vs senior high school vs college vs Amateur Athletic Union head basketball coaches, 10483
leadership style, burnout, male & female high school & college coaches, 31496
model of interactions, coaches & parents & athletes, training implications, 20980
perceptions of coach's game vs practice behaviors, 11–14 yr old soccer players & their coaches & trained coders, 11533
psychological principles & strategies of coaching, intercollegiate wrestling coaches, 20977
purposes & value of psychological tests, athletes & coaches, implications for athletic performance, 24497
sex & quality requirement & coach information & problem complexity & acceptance requirement & team integration, basketball coaches vs players, 41571
sex of coach & team win-loss record, evaluation of & perferences for coach, female high school basketball players, 17242
sport psychology program, college athletes & coaches, 20480
validity & applicability of P. Chelladurai & T. R. Haggerty's normative model for decision styles in coaching, players & coaches of intercollegiate soccer teams, Canada, 10017
views on sport psychology consultants & services, Olympic coaches, Canada, 20990
workshop on use of mental skills training in figure skating lessons, coaching effectiveness, 17–65 yr old coaches, Canada, 41575

Coalition Formation

coalition formation & maintenance, social work practice, 9740
coalition formation & mediation & scapegoating, work groups, US vs Sweden vs Norway, 39910
implicit coalition in Prisoners Dilemma game, adults, 11736

Coast Guard Personnel

flight simulator training, adverse symptoms & possible flight risk 24 hrs or longer after session, Coast Guard pilots, 24450
temperament & personality & interest score profile, prediction of completion vs attrition, female vs male Coast Guard Academy cadets, 34995

Cocaine

acceptance of HIV antibody testing, adults seeking outpatient treatment for cocaine abuse, 20321
acute amantadine, cocaine craving, cocaine abusers, 34386
acute vs chronic cocaine, behavior chain completion rate & accuracy of operant performance, food deprived male squirrel monkeys, 14819
acute vs daily cocaine, behavioral & neurochemical effects, rats, 11252
age & sex differences, patterns of cocaine use, 12–18 yr olds, 3 yr study, 1920
amount of time on waiting list for treatment, social behavior & risk taking behaviors related to AIDS, cocaine abusing adults, 41057
amphetamine vs cathinone vs cocaine with vs without CGS 10746B pretreatment, drug discrimination, male rats, 18429
apomorphine, inhibition of cocaine or amphetamine induced behavioral hypersensitivity, male mice, 4465
arsenic intoxication, cocaine abusing 18 yr old male, 36853
attitudes toward & use of cocaine, senior medical students, 27399
behavior modification or desipramine, cocaine addicted patients, conference presentation, 6543
beliefs about drugs & predictors of intention to use cocaine, 14–19 yr olds, Australia, 36851
binding site action of self administered cocaine, reinforcement & addiction, animals & humans, conference presentation, 7910
bromocriptine, cocaine craving during withdrawal, 17–42 yr olds, 34415
bromocriptine, crack cocaine withdrawal symptoms, 20–35 yr old males, 27308
bromocriptine vs desipramine, abstinence & withdrawal symptoms, cocaine addicted young adults, 20284
career cocaine use patterns, cocaine using 27–40 yr olds, 11 yr followup, 36869
cellular & molecular mechanisms of opiate & cocaine & psychostimulant & ethanol dependency, 21763
characteristics & family history, alcohol & cocaine dependent inpatients, implications for predisposition, 19374
characteristics & functioning, cocaine abusing adults accepted for research vs outpatient treatment, 41085
characteristics & treatment of cocaine abuse, 36835
chronic chlorpromazine vs cocaine, behavioral response to bilateral intranigral muscimol infusion, male rats, 7819
chronic cocaine, response rates & behavior, squirrel monkeys trained under FI schedule of stimulus shock termination, 28871
chronic cocaine, self stimulation train duration thresholds, rats, conference presentation, 28855
chronic cocaine with vs without pretreatment with D2 dopamine receptor antagonist sulpiride, defensive behavior, male mice, 25215
chronic enkephalin analog injection into A10 dopamine neurons, cocaine induced motor activity, male rats, 843
clonidine or guanabenz or naltrexone or other pharmacological adjuncts, opiate or cocaine addicts, 23761
cocaine & drug discrimination training & dopamine antagonist SCH 23390, dose related response rate on drug appropriate lever, monkeys, 14879
cocaine &/vs ethanol, heart rate & BP, 21–45 yr old males, 32196
cocaine, cerebral glucose utilization, rats, 32267
cocaine dose & routes of administration, abuse & dependency & toxicity, freebase cocaine abusing patients, 19395
cocaine drug discrimination training, substitution & cross tolerance effects of diethylpropion & methylphenidate & phenmetrazine & phentermine & fenfluramine, male rats, 14959
cocaine hydrochloride dosage during pregnancy, food & water intake & toxicity & offspring mortality & birth weight & postnatal growth, rat dams & their pups, 35829
cocaine induced panic disorder, 25–36 yr olds, 19371
cocaine self administration with vs without concurrently available glucose & saccharin drinking solution reinforcer, acquisition & maintenance of cocaine reinforced behavior, male rats, 28822
cocaine use & psychopathology, 19–24 yr olds, 1894
cocaine vs alcohol addiction & treatment implications, 19392
cocaine vs caffeine & ephedrine & phenylethylamine, dose related stimulus generalization in drug discrimination, male rats, 25223
cocaine vs pentobarbital, FI & random interval performance, male monkeys, 7863
combination of cocaine & nonprescription cold medicine, homicidal psychosis, male 27 yr old, case report, 36895
continuous cocaine infusion, operant responding & motor activity & stereotyped behavior & neurochemical processes, rats & monkeys, conference presentation, 11258
crack culture & economy, spread of HIV & AIDS, 33363
curtailment of cocaine epidemic & prevention of future drug epidemics, 20318

daily amphetamine to mesencephalon vs nucleus accumbens vs striatum, sensitization to peripheral amphetamine vs cocaine & activity level, male rats, implications for paranoid psychosis, 11253
daily cocaine vs footshock stress, acute footshock or sham shock induced mesocorticolimbic concentration of dopamine & its metabolites, male rats, 35710
demographic surveys via telephone hot line service on cocaine use in workplace, adults, 1983 vs 1985 vs 1987 vs 1988, 19358
demographic variables, recreational use of marihuana vs cocaine, college students, 8870
demographics, 17–77 yr olds with diagnosis of alcohol &/or cocaine or other drug dependency, 36863
depression & poor health as antecedents & consequences of cocaine use, adolescents, 4 yr followup, 29750
desglycinamide-9 (Arg)-8 vasopressin vs vasopressin antiserum, learning of iv cocaine self administration, male rats, 11207
desipramine, initiation of abstinence, cocaine abusing adult outpatients, 23756
development of Cocaine Trigger Inventory, identification of cues that precipitate cocaine hunger, cocaine addicted hospitalized patients, 38667
dopamine & cocaine physiology & abuse, treatment implications, 19400
dose of amphetamine vs cocaine vs pentobarbital vs promazine & discriminative stimulus in FI schedule, color vs position response bias, pigeons, 32219
duration of FI food schedule & acute vs chronic cocaine, key pecking measuring tolerance, male pigeons, 35891
dynamic psychotherapy, cocaine abusing adults, 20314
education & treatment strategies for relapse prevention, cocaine addicted patients, conference presentation, 6563
epidemiology & treatment referral problems, cocaine using 21 yr olds & younger, 37881
epidemiology of marihuana & cocaine abuse, employed adults, 5486
ethanol &/or cocaine, locomotor activity, mice, 39355
experimental cocaine self administration, heart rate & diastolic BP & drug effects, 31 & 32 & 35 yr old males, 25218
fixed time schedule drug intake induction using cocaine vs ethanol vs chlordiazepoxide vs flurazepam solutions, fluid intake per food pellet, male rats, 35804
flupenthixol decanoate, craving following withdrawal, crack cocaine addicted 22–37 yr old outpatients, 30826
food vs electrical self stimulation of lateral hypothalamus vs amphetamine or cocaine reward, extracellular dopamine in nucleus accumbens, male rats, 4241
haloperidol pretreatment, conditioned place preferences induced by iv vs ip cocaine, male rats, 912
haloperidol, subjective & physiologic response to iv cocaine, 28–41 yr olds with cocaine abuse, 34102
historical & epidemiological & clinical characteristics & treatment of cocaine & amphetamine abuse, literature review, 12229
history & pharmacological properties & patterns of use & user characteristics & health consequences of cocaine, implications for addiction & psychiatric complications & treatment, 26328
history of cocaine abuse & treatment & prevention methods, US & England, 19366
IES Arrow-Dot test scores, prediction of successful completion of detoxification program, cocaine abusing patients, 30849
im cocaine hydrochloride pretreatment, responses to small vs medium vs large FR food reinforcement values & drug tolerance, pigeons, 39321
imipramine, cocaine induced intracranial self stimulation, rats, 7852
in utero cocaine, deviant psychological behavior, infants, 40284
intranasal cocaine dosage with vs without serial learning task, heart rate & BP, male 21–38 yr olds with history of cocaine use, 28854
iv cocaine, subsequent BP & pulse rate responses to cocaine placebo in same environment, 21–43 yr old males, implications for cocaine conditioned effects, 25197
iv cocaine with vs without bromocriptine, cocaine craving, male 27–43 yr old iv cocaine users, 29766
iv cocaine with vs without haloperidol pretreatment, subjective & cardiovascular effects & suspiciousness & plasma catecholamines, addicted 21–41 yr old males, 22825
iv infusions of cocaine, suspiciousness & paranoia, experienced male users, 905
iv vs ip cocaine dosage & biased vs unbiased compartment procedure & training amount & temporal contiguity of CS vs UCS & novelty & state dependent learning, place conditioning, rats, 28944
maprotiline, cocaine abuse, patients, 16941
marihuana or cocaine use, palpitations, 18–44 yr olds, 1 yr followup, 40301
marital therapy, drug abuse related to family of origin & marital dynamics, couples with cocaine abusing husbands, 6546
metaphit pretreatment, cocaine vs amphetamine induced locomotor hyperactivity & dopamine transporter activity & monoamine metabolites, male mice, 904
methadone vs naltrexone vs buprenorphine maintenance, concurrent iv cocaine abuse, opioid dependent patients after 1–6 mo in treatment programs, 34394
naloxone, interaction of haloperidol & cocaine with endogenous opioids in ventral tegmental electrical self stimulation, male rats, 14949
neurochemistry of cocaine dependence, implications for pharmacotherapy in cocaine abuse treatment, conference presentation, 6522
neuropsychological functioning following partial complex status epilepticus, 20 yr old cocaine abusing female, case report, 22809
operant responding for iv cocaine & marihuana self administration in residential laboratory, adults, 15922
patient characteristics & pharmacotherapy, cocaine abuse, 41069
pentobarbital vs cocaine, punished vs nonpunished CRs, male rats, 32187
personality traits, cocaine vs heroin addicted males, 1866
phenelzine, cocaine abuse, 21–48 yr old patients, 23758
pimozide & previous dosage level, iv self administration of cocaine or heroin, rats, 39303
positron emission tomography, neurochemical effects of cocaine abuse, humans, treatment implications, conference presentation, 5480
prefrontal cortex lesions, cocaine reinforced conditioned place preference & conditioned taste aversion, male rats, 28770
prenatal cocaine exposure, dam weight gain & litter size & weight & behavioral development & other measures, rat pups, 35896
prenatal cocaine exposure, litter size & birth weight & physical & reflex development & association learning, rat pups, 35900
pretreatment with fixed dosage haloperidol, iv cocaine self administration behavior, male rats, 35886
prevalence of cocaine use, 47–54 yr old methadone outpatients, 20281
prolonged exposure to cocaine, dependency & tolerance, monkeys, 28996
prolonged partial complex status epilepticus, 20 yr old female with chronic cocaine abuse, case report, 1890
psychobiological & social & pharmacological factors, evaluation & individualized treatment, cocaine abusing patients, conference presentation, 6538
psychological & demographic factors, cocaine abusing adults, 36826
psychological & environmental determinants of relapse, adult crack cocaine smokers, 33394
psychopathology, adult cocaine abusers, 19397
psychopharmacology of cocaine, 19342
psychosocial correlates, cocaine & other drug usage, male vs female 7th vs 9th vs 11th graders, 8904

psychosocial factors in cocaine use & abstinence & relapse, opiate addicted adults, 2.5 yr followup, conference presentation, 13252
reinforcement schedule of food with vs without cocaine or diazepam, adjunctive drinking, rhesus monkeys, 4371
reinforcing properties of amantadine, cocaine self injection behavior, male baboons, 18428
relation of features to familial illness, cocaine abuse, national hotline callers, 19388
relative distribution of cerebral blood flow measured using positron emission tomography, adult chronic cocaine abusing males, 8922
risk factors of cocaine use, adults, 19339
role of multiple neurotransmitter systems in drug use & effectiveness of macronutrient tropamine treatment, cocaine addicts, literature review, 23778
selective dopamine D_2 receptor agonist N-0437 vs dextroamphetamine vs cocaine, sucrose sham feeding, rats, 39270
self administered reinforcement by food & cocaine in multiple component schedule, SCH 23390 vs pimozide dosage induced leverpressing, monkeys, 39424
self administration of cocaine, animals, conference presentation, 4355
self psychology model, narcissistic psychopathology, cocaine addicted patients, treatment implications, 19399
self reported symptoms vs DSM-III-R criteria, amphetamine or cocaine withdrawal, VA Medical Center patients, 16942
sex, negative stereotyping in popular & scientific literature, female cocaine users, 36830
sexual behavior, adult heavy users of cocaine, 8893
sexual dysfunction, cocaine & alcohol abusing males, neurochemical implications, conference presentation, 15910
short term multimodal treatment, psychological functioning, Black male opiate & cocaine abusers, 30820
sociodemographics & patterns & effects of drug use & depression, male vs female hospitalized cocaine abusing 21–52 yr olds, 22794
subchronic methamphetamine, methamphetamine vs cocaine induced extracellular efflux of striatal dopamine & its metabolites, male rats, implications for drug behavioral & cross sensitization, 35837
theoretical proposition of common brain reward system, cocaine & alcohol addiction, 1858
use of & attitudes toward marihuana & cocaine & cigarettes & LSD & barbiturates & amphetamines, 4th yr medical students, 20349
white noise & cocaine, response rate on FI schedule, squirrel monkeys, 39323

Cochlea
auditory brainstem EPs, assessment of retrocochlear involvement, 25–51 yr old males with permanent noise induced hearing loss, 8979
cochlear implant, use of assistive communication & alerting devices, 42–69 yr old males with profound adventitious sensorineural hearing loss, 2048
deficits in ability to understand speech in quiet vs background noise, 19–74 yr olds with moderate unilateral or bilateral cochlear hearing loss, 40407
early vs delayed aural rehabilitation, speech perception, deaf 29–68 yr olds with cochlear implants, 37856
electrically stimulated auditory sensations & speech perception & language skills, prelingual vs postlingual cochlear implant patients, 20095
impulse noise effects, cochlear microphonics & EPs from inferior colliculus & medical geniculate nucleus, rabbits, conference presentation, 18090
magnetic field evoked by stimulation through cochlear prosthesis, 68 yr old postlingually deaf female, 37056
selective attention, click evoked oto-acoustic emissions, adults, 7708
speech perception abilities, profoundly hearing impaired children & adolescents with cochlear implants vs tactile vs hearing aids, longitudinal study, 37865

Code Switching
code switching across conversation as power for speaker, adults, 25359
meaning of alternating languages in ongoing bilingual discourse in classroom & communicative competence, bilingual students, implications for bilingual teachers, 10139
parental language mixing, interlinguistic confusion, 14–28 mo olds & their parents, 32403
perceptions of lexical diversity level & style changes in conversation, college students, 25347
principle language & experience level & language & nature of verbal task, recall, bilingual teachers & college students, Canada, implications for dual coding theory, 17877

Codeine
codeine doses, stimulus effects & generalization to pentazocine vs buprenorphine vs tilidine in self administration vs 2-lever discrimination task, monkeys, 4380
codeine vs morphine, excessive grooming, 25 vs 45 day vs 6–7 mo old male rats, 11245

Codeine Sulfate [See Codeine]

Coeds [See College Students]

Coeducation
single sex vs coeducational Catholic high school, achievement & attitudes & behavior & sex differences, high school students, followup study, 31064

Coffee [See Beverages (Nonalcoholic)]

Cognition
affect, cognitively oriented person-environment-behavior frameworks, conference presentation, 20907
affect vs cognition in quality of life, postsurgery breast cancer patients, 5612
agency & certainty & attention & differences in appraisals & emotions during unpleasant past experiences, college students, 18950
anxiety & perception & meaning of input personality factors, development of PTSD, treatment & prevention implications, 33100
appraisals of effort & cause & certainty, differentiations of pleasant emotional experience, college students, 28352
characteristics & function of emotion & cognition from epistemological perspective, 325
cognition & emotion, test anxiety coping strategies, high school students, 3240
cognition & personality & situational & functional factors, emotion, 370
cognition as mental event vs symbolic vs unreportable behavior vs pragmatic convention vs hypothetical construct, rational emotive therapy, 40648
complementarity of domain specific & general aspects of cognitive development & link between cognition & personality & context, commentary, 21911
conceptions of knowledge, adolescents, 32459
connectionist vs traditional models of cognitive architecture, 3804
context & encoding & retrieval, reacquisition following extinction, rats, 14510
creativity & schizotypal thinking, college students, replication, 40172
development of & differences between behaviorism vs cognitive psychology vs new cognition theories, 17
emotional & cognitive factors, anxiety, 20–69 yr old female surgical patients, 2616
emotions & cognition & affect, commentary, implications for cognitive therapy for affective disorders, 24906
group vs single case studies of disordered populations, theories of normal cognition & neuropsychology & pathophysiology, commentary, 25975
individual differences in emotion & cognition, appraisal of reading & arithmetic tasks & achievement, 12 yr olds, 983
invisible displacement object permanence tasks, assessment of sensorimotor intelligence, cats & dogs, 10916
involvement & need for cognition, beliefs & attitudes & behavioral intentions toward large scale nuclear energy & coal use in electricity production, adults, Netherlands, 39939
Marxist-Leninist theory of cognition as origin & contemporary problems & understanding, cognitive psychology & its methodology, 35049

mental algorithms & their implementation, methodology for understanding cognition, humans, includes 22 commentaries & reply, 291
mental imagery & inference, solution of frame problem of cognitive science, 17855
metacognition & quantitative problem solving, learning disabled students, 20579
metacognition & reading, review of literature published 1981–87, 24053
modification of A. Ellis's rational emotive model for clinical use, clients with various emotional problems, 30220
need for cognition, comprehension of course material, college students, 27612
object-centered vs O-centered mental rotations of novel wire objects, college students, 28309
odor detection vs identification & role of olfactory system in memory & cognition, literature review, 28221
ontology of explaining & reality & cognition, social phenomena & ethics, 14031
parallel distributed processing model using neural network vs traditional symbolic models using rule based processes, simulation of human cognition & information processing, 24842
peripheral autonomic feedback & cognition, emotional intensity, 367
personal power & injustice attitudes, social participation as means for social change, college students vs single mothers vs day care vs health care personnel, 25676
reliability & validity of shortened measure of need for cognition, medical patients, 10635
similarity of thought-feeling content in natural unstructured same sex dyadic interactions, male vs female college students, 29338
single case vs group data, determination of structure of normal cognition, brain damaged patients, commentary, 26590
single patient vs group methodology, inferences about normal cognition from brain damage research, commentary reply, 26579
SOAR computer program using specific knowledge & learning from experience for problem solving, application of A. Newell's unified theory of cognition, 10821
social & nonsocial cognition, 12–16 yr olds, Ireland, 39556
structure of implicit theories of intelligence, 17–79 yr olds, replication, 298
summary of D. Sperber's & D. Wilson's "Relevance: Communication and Cognition" & attention & cognitive & inferential processes, with 25 comments & author's reply, 11337
symmetrical relationships vs cognitive mechanisms, reciprocity in agonistic interventions, chimpanzees vs rhesus vs stumptail monkeys, 7578
temperament, emotionality & social cognition, infants, 4733
theoretical assumptions underlying expectation states & status characteristics, social cognition & status generalization models, 22370
theory of radical constructivism & cognition & language & communication, 14048
transformation function of model of mind, 40635
union of cognition & affect in unconscious & preconscious wishes, development of knowledge, 17870
views of G. H. Mead & L. S. Vygotsky on social nature of human cognition, 10820

Cognitions [See Also Expectations, Irrational Beliefs]
accessibility & perceived relevance of stored attribute information, use of recalled attributes vs prior evaluations in consumer decision making, college students, 10466
achievement goals & means & structure of cognitions, male vs female 10th & 12th graders & college students, India, 8210
action theoretical model of personality & situation constructs & self referential cognitions & person-situation interactions, 32872
activities with close vs nonclose individual at home & continuation at school, intrusive thoughts & emotions, female college students, 15534
activity type, appropriation of ideas or concepts, hospital staff & college students, 10823
affective-cognitive consistency, attitudes & behavior, college students, 29410
aggressive thoughts & behaviors, 30 yr old male & 28 & 32 yr old females with panic disorder, case reports, implications for antidepressant treatment, 40105
anxiety & depression, cognitions, college students, 11833
application of information processing model of positive & negative cognition, cognitive balance & psychopathology, normal vs anxious vs depressed adults, meta analysis, 36686
assessment of content specificity hypothesis of depression & anxiety through trait rating & incidental free recall paradigm, anxious vs depressed vs psychiatric patients, 19115
attribution style & self referent importance of negative events, self reported depression, college students, 1451
attributional biases & dysfunctional attitudes & automatic thoughts & other cognitive processes, symptomatically depressed vs clinically remitted vs normal adults, 40093
automatic negative thoughts, development of dysphoric mood, female college students, 33191
brief psychotherapy, correspondence between maternal behavior & representations of infant, mothers & infants, 5934
calorie restricted diet, emotional states & cognitions about food & eating, adults, 7783
causal isomorphism & simultaneity & time in formulations of complementarity & metatheory of mind body interaction, commentary, 35061
cognitions & feelings & moods, differences between self & other trait ascription & attribution, adult volunteers & college students, 11792
cognitions & heart rate during normal daily activity, 22–37 yr olds with panic disorder, 29567
cognitions & self talk & behavioral acts & outcomes, computer anxiety, college students, 3808
cognitions during nonsimulated counseling session, 29 yr old female counseling student, 17017
cognitions, light vs heavy social drinking in bar, adults, 1334
cognitive & emotional & behavioral factors, 21–59 yr olds with chronic low back pain incongruent with physical pathology, 5766
cognitive & personality characteristics, bulimic vs drug abusing females, 5093
cognitive & physiological correlates of panic attacks, agoraphobic 35–46 yr olds, 5246
cognitive action theory of PTSD, treatment implications, 19070
cognitive appraisals, adjustment to illness, adult cancer patients, 5678
cognitive assessment instruments, social phobia & anxiety, literature review, 19047
cognitive assessment, socially withdrawn & fearful & test anxious children, literature review, 11952
cognitive bias & irrational beliefs, avoidance behavior, patients with anxiety disorder, 26200
cognitive changes, adult migraine patients in biofeedback training, conference presentation, 12800
cognitive correlates of anger & anxiety & sadness, college students, 3882
cognitive self statements assessed by video assisted recall vs thought listing during marital problem solving, distressed couples, 16441
cognitive style & imagery vs rational thoughts vs expectancy coping training, pain tolerance, 18–35 yr olds, 4210
cognitive therapy, content analysis of thoughts & emotions toward self & world & future, depressed adults, 37278
cognitive variables including number of known cases of unwanted pregnancy & sexual guilt, contraceptive behavior, sexually active college students, 36366
complementarity & causal isomorphism in monist mind brain philosophies & behavioral response variables, 15
complementarity & causal isomorphism, interrelation of mental & physical processes, commentary reply, 7010

complementarity & causal isomorphism in understanding interrelation of mental & physical processes, commentary, 7016
complete vs partial cognitive vs comprehensive distancing group psychotherapy, depression & dysfunctional attitudes, depressed 22–64 yr old females, 2 mo followup, 33950
concept of work feelings vs thoughts as emotions arising from work activity vs judgments about work, 27961
concurrent validity of Rust Inventory of Schizotypal Cognitions, English speaking pre-university students, Hong Kong, 14169
construct validity of checklist vs thought listing method, assessment of positive vs negative thoughts following classroom test & relation to test anxiety, college students, 14091
daily contents of thoughts & daydreaming, college students, 309
dealing with cognitive & affective behavior patterns brought into group therapy, alcoholic clients, 37891
decision autonomy & referent cognitions, perception of unfair treatment, college students, implications for equity theory, 25867
deliberative vs implemental mind sets, perceived degree of personal control over target light onset, college students, 25917
development & maintenance of individual & jointly held beliefs, families, implications for treatment, 39752
development & reliability & validity of positive automatic thinking scale, adults, 10602
dysfunctional attitudes & stressful life events & social support, depression & psychological distress symptoms, female college students, 18937
ego development, in-session cognitions, 1st practicum student supervisees, 27393
epistemology & typology of thought sequences, 21279
ethical considerations in therapy with rational client, suicidal quadriplegic 39 yr old female, 5984
factor structure of 2 thought sampling rating scales, college students, 10638
formulation & utility of states of mind in psychotherapy, 40 yr old male with anxiety neurosis & social phobia, 30248
functional approach to relationship between emotion & cognition, commentary, 371
gender & achievement domain, locus of standards & conceptual focus & initial expectations for success or failure, college students, 29429
global vs assertion specific measures of irrational beliefs, prediction of assertion deficits, college students, 28114
goal setting training program, perceived ability & competitive cognitions & performance, collegiate swimmers, 41568
hardiness as cognitive style & neuroticism, cognitive & BP & heart rate & finger pulse volume responses to evaluative threat, male college students, 18936
hypnotizability & hypnotic induction, covert self statements generated during persuasive communication, college students, 28367
instruction to imagine rational vs irrational beliefs about spiders & entering light vs dark room alone vs with someone, inferences, college students, test of rational emotive theory, 31834
interactionist & positivist analysis of cognitions & reflexivity & emotions, 8449
intrusiveness of cognitions, test anxiety, medical students, longitudinal study, 20517
knowledge vs appraisal, empirical & theoretical concepts & relationship of cognition & emotion, 28194
limited vs unlimited stakes, motivational & cognitive activities, roulette players, 15526
lying awake with vs without auditory stimulation vs being wakened from REM sleep, mentation, 16–41 yr olds, 28387
mental action, objective vs concrete realization of thoughts & images, 35344
milkshake vs no preload, disinhibitive cognitions & self talk during ice cream intake, female restrained vs unrestrained eaters, 5049
mood state introspection & mood sensitive judgment & metamood experiences & mood related personality traits, 17–73 yr olds, 22413
off task cognitions, performance following failure at unsolvable problems, college students, Israel, 31902
pain related self statements & perceived pain control, pain severity & disability, adults with chronic back pain vs rheumatoid arthritis, 5638
personality variables, random thought content & mood in classroom setting, college students, 8447
positive thinking & visualization, speech anxiety, college students in public speaking classes, 18482
positive vs humorous mood induction, mood & cognition, clinically depressed 18–65 yr olds, 26136
prevalence & characteristics of types of panic, body sensations & cognitions, patients with panic disorder with agoraphobia, 26185
problem solving efficiency & family relationships & behavioral interactions & cognitions, fathers of aggressive vs well behaved male 2nd–6th graders, 39782
problematic thought & behavior patterns, emotional & interpersonal & vocational functioning, Vietnam combat veterans with PTSD, implications for cognitive therapy & psychotherapy, 32996
psychodynamics of occurrence of & urge to share new idea, conference presentation, 31516
role of cognitions in marital relationships, spouses, 25719
self criticism & high standards & generalization & depression, 19–54 yr old college students & psychiatric inpatient, West Germany & US, 29513
self discrepancies in cognitive structures, depressed vs social phobic patients, 19236
self efficacy cognitions, attributions for performance in competitive motor task, 9–12 yr olds, 25619
self intimating consciousness states, 35419
semantics & cognitions of force dynamics, 7429
sex & environmental dependence & task difficulty, problem solving thoughts & daydreaming, 17–28 vs 60–82 yr olds, 17859
sex of E & S, task unrelated imagery & thought, 17–92 yr olds, 35345
social & emotional alienation & cognitive distortions & adaptive resources & life stressors & loneliness & depression, suicidal ideation, college students, 19273
social cognition & perception & self concept as cognitive mediators of social behavior, literature review, 25832
social structure & economic & cognitive variables, decision to buy vs rent home, household decision makers, 10473
task irrelevant negative self deprecatory thoughts, performance in testlike situation, high vs low test anxious college students, 41270
thought content instructions, skiing performance, adults, 24496
thought organization & object representation assessed by Rorschach Test, male 5–12 yr olds with gender identity disorder, 22656
thought processes during interactive classroom teaching, elementary & middle school teachers, Spain, 20449
thoughts about victims & others including differences toward males vs females & use of egoistic constructs, male 19–45 yr olds incarcerated for child sexual abuse, Canada, replication, 36759
validity of articulated thoughts during simulted situations paradigm, cognitive assessment in prediction of smoking relapse, adult ex-smokers, 35131
word typicality vs long vs short term novelty vs mere exposure, aesthetic preference for different semantic categories, female college students, 3817
worry as negative cognitive component of anxiety, females vs males, implications for females & treatment, 1713

Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]

ability to develop theory of mind at advanced level, autistic 10.8–18.8 yr olds vs 9.3–17.5 yr olds with Down's syndrome, UK, 29790

ability to form mental representations in conditioned sequential discrimination & comprehension & cognitive skills, sea lions & dolphins, commentary reply, 31920
ability to recognize & perform affect, mentally retarded vs autistic adults vs nursery school children, 33071
abnormal hemispheric asymmetries & cognitive decline, alcoholic elderly, literature review, 36829
accuracy of geriatric functional score scale, assessment of physical & cognitive & motivational functioning, 68–98 yr olds, Canada, 10614
acquisition of domain specific knowledge, performance of complex computer data entry job, 32 yr old female with organic amnesia, implications for vocational rehabilitation, 2874
adolescent social & cognitive functioning, parents' vs child's perception of interparental conflict, 10.8–15.6 yr olds, 15228
adoption of judge role, cognitive deficits associated with token status as only male or female in group interaction, college students, 25855
advances in augmentative & alternative communication research & intervention, children & adults with severe intellectual disabilities, literature review, 13221
affective abnormalities & mental functions, patients with right cerebral hemisphere damage, 9089
affective disorder & cognitive impairment, 59–75 yr olds with normal pressure hydrocephalus, conference presentation, 40483
age & amount & length of alcohol drinking, memory & cognitive functioning, Alcoholics Anonymous members vs patients with Korsakoff's psychosis vs alcoholism, West Germany, 36846
age & cognitive impairment & body temperature, 68–89 yr olds with mild to moderate primary degenerative dementia, 37006
age & complexity phenomenon, commentary, 14406
age & duration & severity of disability, cognitive ability & reasoning & memory, patients with multiple sclerosis, 2017
age & duration of alcohol consumption, brain morphology changes & cognitive performance, alcoholic males, 5511
age & intellectual ability, microcomputer proficiency, 49–67 yr olds, 21950
age & IQ & educational level & sex, Trail Making Test performance, nonclinical White 10–15 yr olds, South Africa, 36081
age & IQ & SES & history of brain injury, neuropsychological impairment & behavior problems, 8–16 yr old male psychiatric patients, 22654
age & pattern of intellectual decline, adults with Down's syndrome vs mental retardation, 29804
age & SES, Piagetian quantity task performance, 5–7 yr olds, India, 7996
age & sex & geographical location & levels of physical & cognitive functioning, receipt of professional & residential & support & day care services, handicapped 45–60 yr olds, Canada, 12990
age & sex differences, cognitive development, rural 2.5–6.4 yr olds, India, 25476
age & working memory & task complexity, reasoning & spatial ability, 20–79 yr old males, 25516
age at disease onset, cognitive & memory & psychomotor performance & dementia, 32–86 yr olds with Parkinson's disease, 5668
age at puberty, dichotic listening performance & spatial & verbal & reasoning ability, male vs female college students, 18555
age, computed tomographic scan measurements & cognitive function, healthy 31–87 yr old males, 4153
age of onset, memory & learning & problem solving & language & visuoconstruction skills & visual discrimination & orientation, 46–89 yr olds with Alzheimer's disease, 1957
age, P300 component of cortical EPs & cognitive processing RTs, elderly, meta analysis, 32557
age specific norms for Mini-Mental State Exam, 40–89 yr olds, 17565
aging & auditory cognitive factors, speech understanding, 60–87 yr olds with dementia, commentary, 33552
aging & training & experience, capacity for improvement in cognitive efficacy, elderly, 4756
alcohol & simulated altitude, monitoring & cognitive performance & breathalyzer readings, male 30–39 vs 60–69 yr olds, 11198
alcohol, cognitive-perceptual & psychomotor task performance & body sway, female 21–25 yr olds with vs without alcoholic 1st degree relatives, 11264
altitude during simulated climb of Mount Everest, cognitive functioning, adults, 21646
amitriptyline dosage, cognitive performance & alertness & hypotension & tachycardia or bradycardia, male 20–40 yr olds, 837
analogical reasoning ability & mastery of LOGO computer programing language, high school students in programing course, 3181
analytic & quantitative cognitive abilities, prediction of success in computer programing class, 4th–10th graders, 10113
antipsychotics, neuropsychological test results & cognitive functioning, schizophrenic patients, literature review, 16601
anxiety & depression & reports of cognitive deterioration after coronary artery bypass surgery, 37–71 yr olds, 40852
anxiety, performance on neuropsychological assessment tests, college students, 28685
anxiety, storage & processing capacity of memory, college students, 10855
assessment & treatment of metacognitive & executive & communication impairments, children & adults with severe head injuries, 23739
assessment of cognitive communicative impairment, 35 yr old male with severe closed head injury, implications for cognitive rehabilitation, 23052
assessment of mental status & daily living skills, cognitively impaired elderly patients in own homes, 5238
atropine & 2-PAM Cl, visual tracking & acuity & heart rate & BP & cognitive ability, 22–33 yr olds, implications for chemical warfare, 14919
attentional & information processing & other cognitive disorders, schizophrenic patients, literature review, 5321
baseline function & mental status, outcome of cataract surgery, 70 yr olds & older, 1 yr followup, 16710
behavior changes & cognitive deficits, 13 yr old female with frontal syndrome secondary to partial complex seizures, case report, 8996
behavioral style indicators & basic function capabilities, Elderhostelers, 4784
benztropine & triphenhexidyl, memory loss & cognitive impairment, 59–95 yr olds, 34074
between vs within family factor analysis, assessment of cognitive abilities & general intelligence, adolescent or older sibling pairs of European vs Japanese descent, Hawaii, 1466
blood sugar level changes, cognitive functioning & emotional states & somatic symptoms, adults with suspected hypoglycemia, 5808
brain behavior functioning & academic level, 16–39 yr old chronic psychiatric patients, 36717
brain reactive antibodies, age related cognitive decline, mice, literature review, 21524
brain skill management program, organizational & individual productivity, 24333
bromazepam doses, visual attention task & digit symbol substitution test performance & smooth pursuit eye movements, young adult males, 39330
carbamazepine & other antiepileptic drugs, mental ability, patients, conference presentation, 9506
carbamazepine concentrations with vs without other anticonvulsant drug, psychomotor & cognitive functioning, epileptic patients, 16569
carbamazepine vs phenytoin during monotherapy & withdrawal, cognitive functions, epileptic adults, 16565

carbon monoxide & physical work & work load, cognitive ability including interference task & visual search performance, 18–29 yr olds, 14822
carbon monoxide exposure & prior physical work in hot environment, cognitive task performance & metabolism, male 18–29 yr olds, 28703
caregiver cognitive instructional strategies, patient problem solving level, dyads of caregivers & patients with dementia, 36988
category & modality specific semantic knowledge deficit, 63 yr old male with cerebral abnormality in left temporal lobe, 16167
category structure & generalizability of short term memory skills for dinner orders, male waiter, 7447
central cholinergic effects, memory dysfunction, patients with myasthenia gravis, 16248
central cholinergic stimulation through iv nicotine, cognitive ability & physiological & behavioral measures, 58–80 yr olds with Alzheimer's disease, conference presentation, 12889
central processing time & neuropsychological performance, older adults with supranuclear palsy vs Parkinson's disease, 22913
cerebellar lesions or atrophy, intellectual & associative learning abilities, brain damaged 20–74 yr olds, West Germany, 29874
cerebral vascular transit time & relation to cognitive ability, 52–73 yr olds with presenile dementia of Alzheimer's type or Korsakoff's psychosis, 40024
cerebral ventricular size & neuropsychological test performance, male 26–55 yr olds with AIDS, 26532
changes in cognitive ability found in neuropsychological examination as early symptoms, HIV positive male 23–45 yr olds, 16200
characteristics & educational needs, high vs average cognitive ability learning disabled 4th–6th graders, 27665
characteristics & stress & effect of caregiving on personal & work life, employed caregivers of elderly with Alzheimer's disease or other cognitive impairment vs physical impairment, 40865
characteristics of calendar calculation skills, 14 yr old male idiot savant, 15992
childhood attention deficit or conduct or learning disorders, impaired face name learning, alcoholic adults, 15921
childhood intellectual ability & adolescent aspirations & social status attainment, Anglo Australian vs Greek vs Southern Italian 21 yr olds, Australia, 10 yr study, 39728
cholinergic agonist RS-86, motor abilities & eye movements & cognition, 60–74 yr olds with progressive supranuclear palsy, 23385
cholinergic nootropic WEB 1881 FU, EPs in memory tasks, 22–30 yr olds, 28935
chronic hypoxemia from high altitudes, psychosocial & cognitive functioning, 29–40 yr old female mountaineers, 25139
chronic low level formaldehyde exposure, cognitive & emotional functioning, adults, 1982
chronic occupational exposure to ethylene oxide, memory & emotional lability & cognitive function & thermal & vibrating sense in distal limbs, 29 yr old female, case report, 9016
circadian body temperature critical shifts & flight across 9 time zones, psychomotor & RT & cognitive ability, young adult males, 39138
classification & discrimination judgments & definition of concepts & verbal thoughts, adults with vs without schooling, 17871
classification task performance, pattern of cognitive deficits & social disturbances, autistic 5–8 yr olds, implications for assessment & intervention, 1706
clinical & psychological assessment & computer tomography, detection of cerebral ventricular enlargement & cognitive dysfunction, elderly patients with late paraphrenia, England, 12028
clobazam vs clonazepam, blood drug levels & cognitive functioning, adult males, 835
clomiphene & TRH, cognitive performance, elderly patients with senile dementia, England, 12892
clorezepate, depression & cognitive functioning, anxiety patients, 12849
cluster analysis, validity of neuropsychological syndromes, 21–80 yr old right hemisphere stroke patients, 19507
coding deficits for phonological features of language, severe poor performance on verbal memory span tasks, learning disabled 4th–5th graders, 16005
cognition & health status & age, depression, adult alcoholic males in treatment unit, 1878
cognition & language function & behavior & emotional reactions, 41–70 yr olds with frontal lobe degeneration of non-Alzheimer type or Pick's disease, conference presentation, 37070
cognitive & affective aspects of institutional learning & perception of demands & ability to meet them, students, 31112
cognitive & demographic factors & levels & patterns of moral judgments, 17–81 yr old college applicants, Israel, implications for cross cultural generalizability, 4570
cognitive & interpersonal skill enhancement, drug use prevention, 6th graders, 10055
cognitive & language & sensorimotor & self care abilities, institutionalized elderly with late stage dementia, implications for developmental congruence of skill decline, 19587
cognitive & memory & psychomotor functions, patients with left vs right untreated hemiparkinsonism, 33543
cognitive & motor performance & depression, patients with multiple sclerosis, 2055
cognitive & neuropsychological test scores, achievement, 10–12 yr olds referred for school learning problems, 20639
cognitive & perceptual & personality traits, experienced Navy sonar instructors vs trainees, implications for personnel selection, 6970
cognitive & psychological deficits & clinical issues in psychotherapy, head injured patients, 9318
cognitive & psychomotor characteristics, alcohol abuse, adult children of alcoholics, conference presentation, 15971
cognitive & psychosocial predictors of academic performance, medical students, 27423
cognitive & visual processing models of cognitive deficit in schizophrenia, 29573
cognitive abilities & personality traits, fathers vs mothers vs sons vs daughters, Egypt, 4820
cognitive abilities & styles associated with bilingualism, K-ABC scores, Mexican American 1st–2nd graders, 18526
cognitive abilities, adolescents with reading disabilities, 4 yr followup, 12292
cognitive abilities profiles, families of European vs Japanese ancestry, Hawaii, implications for role of genetic factors, 25946
cognitive abilities vs job knowledge & work task proficiency, performance prediction in 6 job clusters, 27870
cognitive ability & academic achievement, deaf vs hearing 11–18 yr olds, India, 19593
cognitive ability & education & personality traits, mate selection, couples, 15306
cognitive ability & expository vs narrative text, reading comprehension & recall, 18–80 yr olds, 28314
cognitive ability & information processing, individual differences in skill acquisition, adults, 331
cognitive ability & job performance & motivation, training on air traffic control tasks, Air Force trainees, 41520
cognitive ability & neuropsychological impairment, 18–50 yr olds with Wilson's disease, 9141
cognitive ability & perception & social interaction, male schizophrenic vs alcoholic 21–44 yr olds, Yugoslavia, 25992
cognitive ability & personality characteristics, Yugoslavian 11–15 yr olds living in West Germany vs Yugoslavia, 21885
cognitive ability & primitive reflexes & extrapyramidal symptoms & reflective apraxia, 58–99 yr olds with Alzheimer's disease, 26439

cognitive ability & scholastic aptitude & academic achievement, children with left vs right hemisphere brain lesions, 22877
cognitive ability & school achievement & emotional functioning & family relations & behavior problems, sexually abused vs nonabused 6–14 yr old females, 26229
cognitive ability profiles measuring single vs multiple etiology of school failure, 8–16.9 yr olds with dyslexia vs specific reading retardation vs general reading backwardness, 36917
cognitive ability, 8–17 yr old sons of alcoholic vs depressed fathers, 36898
cognitive capacity & communication skills, referential communication task performance, 13–13.9 yr olds, Wales, 4580
cognitive communicative & physical & behavioral & emotional problems, reentering head injured students, implications for teaching strategies, 24121
cognitive correlates of memory & intelligence, implications for process theory, 38903
cognitive deficit assessed by Luria Nebraska Neuropsychological Battery, limbic epileptic outpatients, 2079
cognitive deterioration vs concept formation & maintenance & shifting, measurement of selective frontal function deficit, patients with demented vs nondemented idiopathic Parkinson's disease, 33486
cognitive disability theoretical model with behavioral hierarchy, assessment of self care competence & psychosocial intervention, patients with dementia of Alzheimer's & other types, 13206
cognitive disability theory & human occupation model, assessment, 12–18 yr old psychiatric patients, Israel, 22463
cognitive efficiency, time perception, female 17–19 yr old college students, India, 21185
cognitive function & motor performance assessed by RT & movement time, parkinsonian patients, 9060
cognitive function & neuropathology, 19–55 yr olds with anoxic brain injury, 22890
cognitive function & serum calcium, 88 yr old female with hyperparathyroidism, 16046
cognitive function, preschool age children of mothers in methadone treatment during pregnancy, conference presentation, 13251
cognitive functioning & abnormal cerebral blood flow distribution, alcoholic 40 yr olds & younger, 5488
cognitive functioning & impairment & prognosis for adjustment to family & profession, alcoholic 25–55 yr olds, India, 29784
cognitive functioning & mental health & memory impairment, 60 yr olds & older, India, 36537
cognitive functioning & personality & psychocultural factors, chronic marihuana users vs nonusers, Costa Rica, 4 yr followup, 8831
cognitive functioning & special education placement as criteria for external validity of Personality Inventory for Children profile typology, learning disabled or mentally retarded 5–16 yr olds, 3322
cognitive functioning & symbolic play behavior, 1.3–5.2 yr olds with mild vs moderate mental retardation vs autistic-like symptoms vs language disorders, 32973
cognitive functioning & thought disorders & depression, 16–31 yr old females with anorexia &/vs bulimia, 2134
cognitive functioning, chronic schizophrenic 26–55 yr olds, 19168
cognitive functioning, community living skills, geriatric patients with suspected dementia, 33641
cognitive functioning, haptic visual discrimination, 22–78 yr old emotionally disturbed or mentally retarded Goodwill work activity program clients, 11867
cognitive functioning in developmental domains & social & interpersonal competence, 5th graders, Italy, 7981
cognitive functioning of evaluator, assessment of knowledge acquisition, 10779
cognitive functioning, Parkinson's disease patients with left vs right side motor symptoms, 5793
cognitive functions, newborns, 32384
cognitive gradient concept, macroscopic lateral neocortical brain behavioral analysis, 39093
cognitive impairment & depression & anxiety, elderly mental & geriatric hospital & nursing home patients, UK, 2804
cognitive impairment & DST, 60–83 yr olds with major depression, 26174
cognitive impairment & striatal degeneration, 22–62 yr olds with Huntington's disease, 40351
cognitive impairment & ventricular size & negative symptomatology, chronic schizophrenic inpatients, 5244
cognitive impairment, alcoholic vs postnecrotic cirrhotic patients without overt portal systemic encephalopathy, 36879
cognitive impairment, female vs male rural residents 65 yrs old & older, Korea, 4778
cognitive impairment, patients with Alzheimer's disease who had normal vs increased platelet membrane fluidity, 23084
cognitive impairment, patients with Parkinson's disease of less than 3 yrs duration, 37095
cognitive level & degree of abstractness, multiple choice achievement test scores, college students, 6843
cognitive level & dispositional stress, perception of relationship with & supervisory ability of cooperating teachers & their evaluation of Ss, student teachers, 17110
cognitive level & stimulus color, intentional vs incidental visual memory, educable mentally retarded vs average ability children & adolescents, 12287
cognitive loss, 27–49 yr olds with multiple sclerosis, 29937
cognitive performance assessed at start vs 8 mo following treatment & robustness of observed statistically significant relationships, male detoxified patients in alcohol rehabilitation, 6518
cognitive processing, 50–120 mo olds with Williams syndrome, 22906
cognitive profiles on British Ability Scales, poorly reading vs dyslexic 8–16.9 yr olds, 22868
cognitive reasoning level & restructuring & disembedding ability & working memory capacity & prior knowledge, balancing equations by inspection, high school chemistry students, 27632
cognitive reasoning level, achievement test scores, middle school students, 13553
cognitive recovery & psychological adjustment, 18 yr old female with closed head injury, 37153
cognitive restructuring ability & teacher guidance & continuous perceptual distractors, rational number task performance, 4th graders, 27603
cognitive skill acquisition in concept identification, college students, 295
cognitive skills performance & activities of daily living, adult stroke patients who were in vs not in remediation program, 41015
cognitive skills prerequisites, augmentative & alternative communication use, severely disabled children, 27037
cognitive slowing demonstrated by visual discrimination test, 38–79 yr olds with Parkinson's disease treated with levodopa, 40793
cognitive status & conceptualization of death & religious beliefs, 6–7 vs 9–10 yr old Muslim females, 25554
cognitive task performance, phonologically disordered 3–5 yr olds with delayed vs deviant vs deviant inconsistent errors, 26420
cognitive tasks with vs without use of visual imagery, cerebral blood flow patterns, 21–37 yr olds, 35669
cognitive vs attentional deficits, 6–12 yr olds with vs without reading disabilities, 19413
collaboration with adult vs peer vs individual problem solving, planning skills, 5 vs 9 yr olds, 15071
coma duration, memory & intelligence test performance, head injured adults, 23071
complex cognitive task performance, flexible vs rigid vs field dependent vs independent college students, 3799
comprehension of mental states, autistic 7.1–18.5 yr olds, 11999
computer programing courses for 2 yrs, mathematical & reasoning ability & cognitive skills & understanding of

programing, high school students, implications for learning transfer, 3136
computer programing instruction, cognitive skills, students, 10093
computer use in education, growth in cognitive skills & research methodology & curriculum problems, literature review, 10069
computerized Automated Psychological Test system for psychopharmacological research, patients with cognitive impairment, 5116
computerized diagnostic system measuring volitional processes & decision making & mental condition, cosmonauts, conference presentation, 38354
computerized tomography scan & neuropsychological function & deterioration, schizophrenic patients, 33009
concept formation & mental reorganization & flexibility & abstract & divergent thinking ability, monolingual vs bilingual college students, 39436
concurrent validity of Mini Mental State Examination, cognitive impairment, 63–90 yr olds with dementia of Alzheimer's type or multi infarct dementia, 38654
concurrent validity of OBD-168 measured against MMPI vs MMPI-168, high school & college students, implications for brain damaged populations, 14123
conditional sequential discrimination & comprehension & classification in training performance, sea lions & dolphins, commentary reply, 31933
conditioned sequential discrimination & cognitive skills in sentence like instruction comprehension, sea lions & dolphins, commentary, 14533
conditioned sequential discrimination & cognitive skills in sentence like relational instruction comprehension, sea lions & dolphins, 14554
congruent validity of Allen Cognitive Levels test & WAIS, 17–79 yr old psychiatric inpatients, 38643
conservative treatment, neurological & neuropsychological outcome & occupational status, patients with cerebral arteriovenous malformation, 23087
construct equivalence method, replacement of validated cognitive ability tests for personnel selection with new experimental tests, applicants for position with petrochemical company, 20753
construct validity of PPVT-R vs WAIS-R, intellectual screening, 18–48 yr olds, 35088
construction & factor structure of set of tests, measurement of simultaneous & successive cognitive coding & development, K–2nd graders, 14175
construction & validation of Short Form Impairment Index, measurement of age related cognitive differences & impairment, patients with psychiatric & neurological disorders, 99
contingent negative variation as neuropsychological index of cognitive dysfunction, 45–88 yr old cerebrovascular patients with vs without dementia, 26549
correlates of categorical syllogistic reasoning, 6th–12th graders & college students, 25457
correlation between parent's ratings on Child Behavior Checklist & teacher's ratings & direct observation & personality & cognitive measures, clinically referred 6–11 yr old males, 11887
correlation of scores on Cognitive Failures Questionnaire & Self Consciousness Scales, determination of relationship between cognitive failure & self focused attention, college students, 28298
cranial irradiation, cognitive ability, children with acute lymphoblastic leukemia, meta analysis, 16705
daily aspirin therapy, cognitive performance, elderly with multi-infarct dementia, 1–3 yr followup, 40786
deep cerebral venous thrombosis, cognitive functioning & memory & abulia & disorientation, 18 yr old female taking oral contraceptives, case report, 26507
deficits in cognitive functioning & conduct disorder, 17 yr olds originally assessed at 7 yrs old, test of causal hypothesis, 5459
deficits in thought patterns, adults with Alzheimer's disease, conference presentation, 5625
demographic characteristics & cognitive ability & life events & personality traits, 12–16 yr old 1st time vs recidivist runaways in center for juvenile status offenders, 19328
demographic characteristics & motivation & associative & dissociative cognitive strategies, runners 40 yrs old & older, implications for physical activity programing, 3491
dental office chemicals, neurophysiological dysfunctions, 26–57 yr old dentists & dental assistants, 34505
dentine lead levels & cognitive ability & school performance, children assessed from birth to 9 yrs old, 16075
depression & social skills & intellectual function, mildly to severely mentally retarded 17–57 yr olds, 12286
depression of self &/vs mother, prediction of social & cognitive functioning, 11–14 yr olds, 5202
descriptive & inquiry task performance related to game playing, disadvantaged vs middle class male 4th vs 8th graders, 4657
development & validation & reliability of High Sensitivity Cognitive Screen, bedside identification of cognitive dysfunction, 15–69 yr old psychiatric & neurological patients, 17576
development of neuropsychological & neuropathological symptoms of Alzheimer's disease, 85 yr old male clinically healthy at age 82, case report, 2078
development of pocket computer, self administration of cognitive tests, soldiers, 17549
development of telephone administered test battery, measurement of verbal & spatial & perceptual & memory abilities, 9–15 yr olds, 102
diagnosis of cerebral vitamin B12 deficiency using regional cerebral blood flow, mental disturbances & cognitive impairment, B12 deficient 54–94 yr olds with vs without anemia, 26486
diagnostic utility of Scales of Independent Behavior, discriminant analysis of intellectual ability, educably vs trainably mentally retarded special education students, 10273
dimensional identity vs overall similarity categorization tendency & performance on cognitive measures, college students, 24854
discourse features, perception of speakers as mildly mentally retarded, 20–69 yr olds, 22852
disease severity, motor & intellectual impairment & depression, 37–77 yr olds with Parkinson's disease, 12415
disorder course, IQ & cognitive & motor ability, 13–17 yr olds with undifferentiated vs paranoid schizophrenia vs schizophreniform vs atypical psychosis, 33058
disproportionate memory impairment with relatively preserved intellectual functioning, 18–30 yr olds with closed head injury, 22985
dissociation between choreoathetoid movements & cognitive impairment, 38 & 46 yr old females with early symptoms of Huntington's Disease, 33471
distance from death, vocabulary & numerical facility & perceptual speed, 51–91 yr olds who died within 7 yrs of testing, 22111
dosage of cranial radiotherapy in & age at time of CNS prophylaxis, intellectual ability & neuropsychological functioning, surviving children with acute lymphoblastic leukemia, 27077
double dissociation of frontal dysfunction, patients with diencephalic or bilateral medial temporal lobe amnesia or Korsakoff's psychosis, 15579
drinking patterns & cognitive impairment & unemployment & homelessness, male Black vs Hispanic vs White detoxifying alcoholic inpatients, 12217
DST & cognitive functioning, 51.5–74.7 yr olds with early onset Alzheimer's disease with vs without depression, 22971
dual mental functioning, split brain patients, 9090
dualistic vs relativistic epistemological orientation, cognitive skills, college students, 11851
dynamics of mental processes during aging, elderly, 1160
educational background & demographic characteristics, prevalence of cognitive impairment & Alzheimer's disease, elderly, China, 40533

educational level, neuropsychological test performance, 55–70 yr olds, 15236
educational level, validity of Mini-Mental State Examination as measure of cognitive ability, elderly, 17599
educational readiness, nondisabled survivors of neonatal encephalopathy, 1–2 yr followup, 12482
EEG assessed auditory EPs, neurocognitive functioning, survivors of acute lymphoblastic leukemia 18 yrs old & younger, followup, 5667
EEG during verbal & visuospatial cognitive performance, patients with closed head injuries, 33619
effectiveness of instructional metaphors & ability to comprehend figurative language, children, 38133
electrophysiological abnormalities in alpha rhythm & cognitive function, schizophrenic adults, 33082
epidemiology of depression & cognitive impairment, aged nursing home vs institutional congregate apartment residents, 29462
EPs & RT & movement time & neuropsychological tests measuring cognitive performance, patients with idiopathic Parkinson's disease during on vs off phase, 33650
estimates of heritability of mental traits, 29421
estimation of performance on WAIS subtests of male vs female 21 vs 71 yr old, male vs female college students, 15462
estrogen &/vs androgen replacement therapy, cognitive functioning, surgically menopausal females, 20012
excessive daytime somnolence & sleep related hypoxic events, cognitive functioning, 41–52 yr old habitually snoring males, 26657
executive function skill limitations & cognitive rehabilitation, traumatically brain injured clients, 23727
experimental approaches, age related cognitive deficits, rats, literature review, 21505
explanatory model for sex differences in cognitive ability, high school students, commentary on meta analysis, 39526
extrapyramidal symptoms & ventricular size & cognitive deficits, schizophrenic 55–75 yr olds, 2–4 yr study, 26097
factor analysis, assessment of cognitive abilities & processes, 14359
factor analysis of Halstead Reitan Neuropsychological Test Battery & relation to cognitive status & psychiatric diagnosis, adult patients referred for evaluation, 14117
factor structure of 17 psychometric tests, assessment of age differences in cognitive abilities, 22–95 yr olds, 35188
factors predictive of cognitive disturbance, institutionalized vs hospitalized 66–99 yr olds, 20207
familial alcoholism, abstracting ability & childhood conduct disorder, alcoholic male inpatients, 22822
familial resemblance in cognitive abilities, high school or college students & mothers vs fathers vs siblings, 29051
family counseling, family relations, head injured patients with cognitive communicative disorder & their family members, 23262
family social status & parental achievement orientation, cognitive performance & perceived family environment & educational & occupational aspirations, 11 yr olds, Australia, 5 yr followup, 11412
fenfluramine, serotonin levels & cognitive & communicative abilities, autistic children, 9 mo study, 9500
fluvoxamine, neurochemical & cognitive effects, 51–75 yr olds with alcoholic organic brain disease, 40782
formal reasoning ability & mental capacity & verbal intelligence & cognitive style, biological misconceptions on genetics & natural selection assignment, 7th graders, 27611
formal vs self instructed training strategies, cognitive performance on figural relations problems, 62–92 yr olds, 8166
framework for observational evaluation of mental functioning, elderly, 26537
frequency of dementia & clinical characteristics & cognitive impairment patterns, patients with Parkinson's disease, 26498
frontal lobe pathology, memory & cognitive impairment, amnesic patients with vs without Korsakoff's syndrome vs frontal lobe lesions, 40026
functional competency to make informed decisions, depressed vs cognitively impaired 60–85 yr olds, 11899
functional M capacity & field dependence & formal reasoning ability & information processing demand of chemistry problem, problem solving performance, college students, Venezuela, 21274
gamma-glutamyl transferase & visuoperceptual & visuoconceptual functioning, alcoholic males, 33375
genetic vs environmental influences, specific cognitive abilities, adopted children at ages 3 & 4 & their parents or guardians, longitudinal study, 7998
genetic vs environmental transmission of cognitive abilities, adopted vs nonadopted 4 yr olds & their biological & adoptive parents, test of conditional path model of assortative mating, 36079
genetics of intellectual abilities & personality & psychopathology, literature review, 11004
grade & yr of standardization, cognitive abilities assessed by scores on Differential Aptitude tests & SAT, male vs female high school students, commentary on meta analysis, 41370
group vs individual administration of Piagetian tasks, assessment of cognitive development, 6th–10th graders, Pakistan, 38648
guided practice in cognitive skills & problem solving strategies, plasticity of fluid intelligence, 63–90 yr olds, 32556
gum containing 0 vs 2 vs 4 mg nicotine following 12 hr cigarette deprivation, performance on computerized cognitive performance tasks, 27–50 yr old healthy male smokers, 28973
haloperidol, cognitive shifting & motor task performance, adults with idiopathic spasmodic torticollis, 37480
haloperidol dose levels, symbol digit substitution task performance & prolactin levels, adult males, 35848
health & demographic characteristics, Mini-Mental State Examination scores, Black vs White community residents aged 60 yrs & older, 19506
health, intellectual functioning, 59–79 yr olds, 14 yr followup, 15242
health status & cognitive abilities & adaptive behaviors, children of alcoholics, conference presentation, 15975
health status & memory & neuropsychological test performance, 65–79 yr olds, 15254
hearing & verbal cognitive abilities, preterm 4–36 mo olds prone to otitis media with effusion, implications for speech & language assessment & medical intervention, 16195
hearing impairment as predictor of cognitive decline, 62–89 yr olds with dementia, longitudinal study, conference presentation, 23022
hemispherectomy, EEG & intelligence, 6 yr old male with left hemiplegia, case report, 9661
hemispheric ventricular size & tests of cognitive & psychomotor performance & sensitivity to neuroleptics, schizophrenic adults, 40082
history & development of science based ability measurement system for personnel selection, 13946
home environment & laterality of cognitive function, 4.2–6.5 yr old early readers vs nonreaders, 8062
hospital respite program, cognitive & functional status levels, 57–81 yr olds with Alzheimer's disease, 6449
hypoglycemia induced by iv insulin & normalization, P300 cognitive EPs, normal volunteers, 18333
identification of cognitive or neuropsychological deficits, 13 yr old males with attention deficit disorder &/or reading disability, New Zealand, 26581
imagery ability & control, 25–39 vs 65–79 yr old females, 11556
impairment of cognitive functions, heavy marihuana vs hashish smokers, 1972–73, conference presentation, 15943
implicit memory ability, densely amnesic post encephalitic male vs Korsakoff syndrome patients, 11868
improved drinking habits, cortical & central atrophy & cognitive ability, alcoholic adults, 5 yr followup, 33382
increased emotional & intellectual stimulation, cognitive functioning & CSF monoamine metabolites & DST re-

sponses, elderly nursing home residents with moderate dementia, 6416
induced success vs failure on mental flexibility test, attribution of ability & effort & causal sources to outcome, Type A vs Type B college students, 25961
information processing ability, response to low vs conventional fluphenazine doses, male schizophrenic outpatients, 9483
information processing RT, patients with multiple sclerosis, conference presentation, 40484
Initiation & Perseveration subscale of Dementia Rating Scale, prediction of decline in cognitive ability, 53–88 yr olds with mild or moderate Alzheimer's disease, 31609
inorganic mercury vapor exposure, memory & perceptual motor performance & learning disabilities & subjective symptoms, 26–56 yr old male chlorine alkali workers, 23025
inquiry base Logo instruction, planning task performance & metacognitive skills & computing attitudes & working memory, 3rd graders, 17155
instrumental enrichment program of cognitive education, cognitive functioning & intellectual level, 12–16 yr olds in residential schools for deaf, 10195
integrated theoretical & methodological framework for diagnosis & treatment of learning abilities & disabilities, 12294
intellectual & academic & personality & neurologic status after surgical resection & irradiation, 5.7–15.5 yr old patients with temporal lobe astrocytoma, 2–7 yr followup, 2634
intellectual & memory functions measured by IQ tests, 18–35 yr olds with generalized vs partial epilepsy, India, 23032
intellectual & personality functioning, 43–84 yr old continuing vs experimental dropouts, longitudinal study, 1430
intellectual abilities, autistic 8.5–29.2 yr olds, 15721
intellectual ability & educational achievement, prediction of defensiveness, male patients with excessive anxiety, 22523
intellectual ability & school attitudes & family environment, reading performance, 11 yr olds, Australia, 25491
intellectual function, performance on Benton Visual Retention Test, 18–30 yr olds ranked from mentally retarded to superior, 10844
intellectual impairment, acute psychotic adolescents vs chronic schizophrenic adults, 15688
intellectual level, 53–75 yr old patients in early stages of Alzheimer's disease, 12384
intellectual performance assessed by WAIS item responses, 18–61 yr olds, intergenerational longitudinal study, 25518
intelligence & cognitive processes & learning difficulties & clinical findings, 4.3–18.7 yr olds with neurofibromatosis vs normal 4.7–20.9 yr old siblings, 12525
intelligence & creative thinking ability & computer assisted training, response latency & error rates in color naming, college students, South Africa, 35334
intelligence & music aptitude, mentally retarded adults vs advantaged vs disadvantaged 1st–3rd graders, 26370
internal consistency & reliability & validity of Informant Questionnaire on Cognitive Decline in Elderly, elderly, 28100
interpersonal understanding & moral judgment & cognitive ability, adolescents with emotional or cognitive or behavioral disorders, conference presentation, 19026
interrater reliability & validity of subjective experience of deficits in schizophrenia rating scale, measurement of cognitive disorganization & impoverishment, adult inpatients, 7138
Inventory of Childhood Memories & Imaginings & Cognitive Failures Questionnaire, fantasy vs accident proneness measurement, 18–46 yr olds, England, implications for hypnotic susceptibility assessment, 36468
IQ & visual motor integration & receptive & expressive language abilities & SES, preschool age males with hyperactivity with vs without language delay, Canada, 1958
IQ &/vs RT &/vs inspection time, measurement of intellectual ability, college students vs trade apprentices vs mentally retarded adults in work training center, 26389
irrational thinking, performance on Trail Making Test, college students, 36479
isocapnic hypoxemia, neuropsychological performance, college students, 28286
issues in pharmacological enhancement of cognition, implications for Alzheimer's disease, conference presentation, 19947
iterative & recursive behaviors during problem solving & artificial intelligence model, capacity for language, chimpanzees, 17939
job experience & mental ability, job performance, army personnel, 10449
joint factor analysis of K-ABC & McCarthy Scales of Children's Abilities, assessment of cognitive abilities, 4–8.5 yr olds, 3609
knowledge & misconceptions about constructs in BASIC programing language, development of high level cognitive skills, high school students taking computer programing, 3200
language & motor & sensory perceptual & receptive abilities, normal 65–75 yr olds, Australia, 1152
language development & neurodevelopmental status, low birth weight infants evaluated at 8 mo & 2 yrs of age, 23073
learning task performance, 15–74 yr old patients with Parkinson's disease vs frontal or temporal lobe lesions, 33487
leukocyte & fibroblast assays & cognitive & developmental abilities, brothers with mannosidosis & mild mental retardation followed through age 10 yrs, 40474
level of cognitive functioning, level of agitation, elderly nursing home residents, 30721
levels of functioning & negative influences in ontogeny & relation to reward schedule effects & psychobiological development, 4552
levodopa, neuropsychological performance & cognitive abilities, 22–77 yr old inpatients with idiopathic Parkinson's disease, 30054
limitations & problems of cognitive testing in group therapies, adult schizophrenic & manic depressive males, 33897
lithium or carbamazepine, cognitive functioning, adults with primary bipolar affective disorder, 23404
local X-ray irradiation to head followed by pyritinol, behavioral & cognitive disorders, rats, 765
locus of control & mental ability & self esteem, alienation, college students, 8424
LOGO computer programing training vs computer assisted instruction, academic achievement & cognitive ability, 1st graders, 18 & 23 mo followups, 10047
long term benzodiazepine use, cognitive function, psychiatric patients, England, 12862
long term benzodiazepine use, cognitive impairment & development of drug dependency, 34034
lorazepam & diazepam, subjective & psychomotor & cognitive effects, 20–35 yr old males with history of recreational benzodiazepine use & abuse, 26330
low vs high dosage piracetam, 20–55 yr olds with alcohol induced cognitive impairment, Austria, 2474
malnutrition & adverse effects of foods & food additives, behavior & cognitive function, children, 22491
maprotiline vs mianserin vs nomifensine, cognitive & psychomotor functioning, 67–83 yr old patients with major depression, West Germany, 2532
maternal attachment at 1 yr old, receptivity & obedience to maternal instruction & problem solving performance in Type B vs Type C infants assessed at 23 vs 32 mo of age, 15217
maternal perceptions of social behavior & developmental progress at 13 & 24 mo old, prediction of cognitive competence & social adjustment, 6 yr olds, 5 yr study, 39654
memory & cognitive abilities & neuropsychological assessment, 26–49 yr old members of Mount Everest expedition studied before vs after climb, 21644

memory & cognitive functioning & living skills & confusion, 74 yr old female with hepatic dementia, case report, 30023
mental & academic functioning, female 6.5 & 9.5 & 14 yr olds with ring chromosome 15 syndrome, case reports, 5590
metabolic abnormalities & direction of asymmetries, patients with Alzheimer's disease vs multiple infarctions with cognitive disorder, 30010
metalinguistic ability, learning to read, 1st graders, 2 yr study, 13554
methodology, evaluation of relationship between cerebral lateralization & cognitive ability, 25054
microcomputers in home &/vs school, reading & mathematics readiness & Piagetian operations & keyboard knowledge, kindergartners, 10064
mild cognitive & motor delay, male 59 mo old with chromosome disorder, case report, 19421
mild or moderate hearing loss, performance on verbal vs written cognitive tests, patients with Alzheimer's disease, 30113
mini mental status exams as part of Aviation Medical Exam, neuropsychological screening of cognitive ability, pilots, literature review, 27821
model for determination of mental competence using decision making responses & cognitive performance, adult patients, 1484
models of cognitive deficits in Alzheimer's disease, commentary, implications for research & clinical practice, 2032
moderate alcohol consumption following intoxication, mental ability, social drinking college students, 4915
monoamine metabolite CSF levels & neuropsychological test performance, 51–78 yr olds with Alzheimer's dementia, 2084
motivation, performance on neuropsychological measures, depressed outpatients, 29625
motor & intellectual functioning, female 2.5–23 yr olds with Rett syndrome, 22924
motor & neuropsychological impairment, 44–86 yr olds with idiopathic Parkinson's disease, 16148
motor & speech & language & intellectual functioning, 2 yr old male who survived near drowning accident, 5 yr study, 12366
motor proficiency & neuropsychological functioning, depressed 12–18 yr olds, 26086
multiple regression analysis of PPVT-R & Peabody Individual Achievement Test, prediction of general intellectual functioning, 11.9–16.9 yr olds with academic or behavior problems, 20709
N-terminal ACTH fragments, cognitive functions & CSF beta endorphin & ACTH & beta lipoprotein levels, 51–64 yr old patients with presenile Alzheimer type dementia, 19997
negative symptoms including attentional impairment & neuropsychological performance, schizophrenic 17–45 yr old inpatients, 1667
neuroleptic withdrawal, agitation level & dyskinetic movements & cognitive ability, elderly dementia patients, conference presentation, 12904
neurolinguistic & cognitive profiles, 53 yr old male with mixed transcortical aphasia & nonfamilial dysphasic dementia, 26583
neurological & neuropsychological findings, 25–60 yr olds with leukoaraiosis, 26614
neurometric brainmapping, discrimination & treatment of dementia or mild cognitive impairment or head injury or drug abuse or addiction or learning disorders, 26005
neuropathology & neurological & cognitive & affective functioning, right hemisphere stroke patients, 9040
neurophysical & cognitive & personality changes, patients with closed head injury, 23007
neuropsychological & neuropathological findings, 64 & 75 yr old male Korsakoff amnesia patients, 19373
neuropsychological assessment & cognitive testing, bipolar patients with vs without antecedent neurologic factors, 8614
neuropsychological assessment of neurological status, 612
neuropsychological assessment of temporohippocampal & frontohippocampal dysfunctions & learning & memory deficits, patients with remitting schizophrenia vs affective disorders, conference presentation, 1601
neuropsychological cognitive impairment assessed by short term memory test, 25–85 yr olds with PTSD, 40098
neuropsychological correlates of intellectual impairment & magnetic resonance imaging, 17–64 yr olds with myotonic dystrophy, 40424
neuropsychological deficits, 51–70 yr olds with paramedian thalamic infarctions, 26652
neuropsychological functioning & computed tomography results, head injured patients with vs without visual field defects, 5818
neuropsychological functioning & depression & perceived quality of life before vs after carotid endarterectomy, 54–73 yr old males with carotid stenosis, 8 mo study, 2598
neuropsychological functioning following partial complex status epilepticus, 20 yr old cocaine abusing female, case report, 22809
neuropsychological performance after detoxification treatment, adult heroin addicts, 5494
neuropsychological performance, nondrinking vs social drinking vs alcoholic 23–42 yr old males sober for less vs more than 30 days, 22787
neuropsychological screening battery & brain magnetic resonance imaging, patients with chronic progressive multiple sclerosis, 22925
neuropsychological test performance, alcoholic vs nonalcoholic males with cirrhosis, 22489
neurpsychological correlates of episodic violent behavior, neuropsychiatric patients, 5741
nicergoline, contingent negative variation & RT, patients with presenile idiopathic cognitive decline or Alzheimer type dementia, 9594
noise & length of residence in noisy areas, mental attention & cognitive tasks performance, male vs female college students, 32119
nonverbal reasoning ability & creativity & academic achievement, gifted minority 1st–8th graders, 25449
norms & decision making rules & reliability & interpretation of Cognitive Behavioral Drivers' Inventory, patients with brain damage, 24589
nortriptyline, treatment response & platelet membrane fluidity, depressed elderly patients with probable Alzheimer's disease, 6210
novel vs well memorized nonverbal visual pattern, left vs right hemisphere EPs, 8–15 yr olds with specific visual cognitive disability & dyslexia, implications for visual learning & pattern analysis, 33401
nutritional status, mental ability, healthy Chinese 60 yr olds & older, Hong Kong, 29188
occupational exposure to organic solvent mixtures, neurobehavioral functioning & cognitive ability & cacosmia, male blue collar workers, 17413
occupational lead vs carbon disulphide vs organic solvent intoxication, neurobehavioral syndromes, 20–60 yr olds, conference presentation, 22943
oral pyridostigmine, cognitive function, 58–84 yr olds with Alzheimer's disease, 37532
oral vs visual retrieval cue & word vs photo stimuli, memory for frequency of occurrence, educable mentally retarded vs nonretarded 14 yr olds, 40339
otitis media history, neuropsychological & information processing functions, learning disabled 5.8–16.6 yr olds, 19452
parental childrearing practices & physical abuse, cognitive & behavioral problems, abused children, implications for treatment, 5373
perceived importance of intellectual abilities for studying physics, college professors & researchers & teachers, 27483
perception of driving abilities & cognitive skills & actual driving performance, male 65 yr old & older drivers, 39710
perceptual & cognitive factors, failures in solution of Piagetian water level horizontality task, college students, 3713

perceptual regression indicated by use of color vs form in matching task, schizophrenic 18–50 yr olds, India, support for regression hypothesis of schizophrenia, 36566
performance on occupational therapy perceptual cognitive assessment battery, 18–72 yr old brain injured vs psychiatric patients, Israel, 22445
performance on Wisconsin Card Sorting Test, adults with dementia of Alzheimer's type vs major depression, 1504
personality & cognitive ability, job performance, current & past employees of accounting firm, 27859
personality correlates & self consciousness & anxiety, cognitive failure & stress vulnerability, 18–33 yr olds, 10857
physical exercise, cognitive abilities, elderly, 32562
physostigmine, scopolamine induced cognitive deficits & plasma ACTH levels, 19–41 yr olds, implications for treatment of Alzheimer's disease, 25288
Piagetian cognitive abilities vs reading & mathematics achievement, learning disabled 4th–5th graders, 41341
plasma ethanol level, subjective intoxication & cognitive perceptual task performance, 21–25 yr old females, 4408
plasma folic acid & cognitive impairment, depressed 63–82 yr olds, commentary included, 36685
postmortem brain volume & premorbid intelligence level, chronic schizophrenic patients, 26190
predictive validity of performance on single vs competing tasks, measurement of intelligence, adults, 3805
prednisone, improvement of cognitive impairment due to cortisol deficiency, 79 yr old female in rehabilitation, case report, 26933
premenstrual tension, cognitive ability, female 20–30 yr olds, India, 37108
premorbid school performance & physical treatments, age disorientation, 15–42 yr old chronic schizophrenic inpatients, 8562
prevalence of & cognitive deficits associated with reading disabilities, 5th graders, Japan, 19422
prevalence of behavior problems, cognitive ability & activities of daily living, 58–82 yr olds with Alzheimer's disease, 30105
problems with psychometric test scores adjusted for age & other variables, diagnosis of intellectual impairment & neuropsychological aspects of aging, 21071
prompted learning, maintenance & transfer of problem solving strategy, mentally retarded vs nonretarded 11.3–16.0 yr olds, 26375
psychobiological analysis of cognitive changes in depression & anxiety, conference presentation, 19261
psychological & physiological cognitive performance, patients with presenile dementia Alzheimer type or alcoholic Korsakoff syndrome, 1 yr study, 5129
psychological adjustment & cognitive & neuropsychological impairments, patients with amyotrophic lateral sclerosis, 9152
psychological skills educational program, closed skill performance enhancement, 20971
psychometric & vigilance & reading & spelling abilities, 5.9–11.9 yr old males with attention deficit & conduct disorder, implications for diagnosis & treatment, 36531
psychometric assessment, parents & 4 yr old & older siblings of autistic probands, 26073
psychometric characteristics & utility of McCarthy Scales of Children's Abilities, Puerto Rican & Mexican American children, literature review, 17651
psychoticism vs extraversion vs neuroticism vs lie scale scores on Eysenck Personality Questionnaire, spiral maze performance, elderly psychiatric patients, 32972
P3 amplitude of auditory EPs & language impairment & intellectual ability, autistic 18–19 yr olds, 15659
radio vs TV, stimulation of imagination & information transmission, Black vs White middle vs working class 1st–2nd vs 3rd–4th graders, 11397
rapid cognitive decline, 42 yr old male with AIDS, case report, 16177
rate of cognitive decline, 45–89 yr olds with Alzheimer's disease, longitudinal study, 40476
reading & symbol processing & sequential memory measuring cognitive ability, reading disabled 8–18 yr old monozygotic & dizygotic twins, 5541
reality orientation & behavioral treatment programs, cognitive function & self feeding, 43–88 yr old nursing home residents, 27231
recovery from neuropsychological impairment, 10 yr old female with severe carbon monoxide poisoning, 16093
red blood cell folic acid levels, cognitive function, 51–93 yr olds consulting memory clinics, 12510
relative numerousness judgments on subitizing or estimation or counting, processes in numerical competence, animals, 25 commentaries & reply included, 24938
reliability & validity of Cognitive Behavioral Driver's Inventory, assessment of ability to operate motor vehicle safely, neurologically impaired clients, 21082
reliability & validity of Kew Test of intellectual impairment & correlation with Mini-Mental State Examination, 48–94 yr old patients, 7188
reliability & validity of Lowenstein Occupational Therapy Cognitive Assessment battery, 20–70 yr olds with traumatic head injuries or cerebrovascular accidents, 31618
reliability & validity of rating scale, assessment of cognitive & behavioral ability in occupational therapy setting, elderly patients, England, 7137
reliability of assessment of cognitive impairment by family caregivers, patients with mild to moderate dementia, 35120
reliability of concurrent & longitudinal correlates of preschool rating scale & nomination sociometric measures, assessment of social acceptance & cognitive & social ability, 4–5 yr olds, 1 yr study, 21119
reliability of DSM-III clinical diagnosis of dementia, 58–90 yr olds with memory impairment or intellectual deterioration, France, 1 yr study, 40401
reliability of standard mental space measures of mental capacity & prediction of role taking development, 1st vs 3rd vs 5th graders, 25484
reliability of validity generalization & sample sizes of Wonderlic Personnel Test & Otis-Lennon Mental Ability Test data bases, 21179
repeated exposure to extreme altitude, cognitive functioning, 21660
reported symptoms in structured interview, cognitively impaired 65 yr olds & older, 29905
residual effects of cigarette smoking, cognitive performance, 64–83 yr olds, 32569
response latencies to visual cognitive tasks, hearing vs deaf high school & middle school students, implications for teaching, 27677
risk for intellectual & socio-emotional problems, extremely low birth weight infants with no major handicaps at age 2 yrs, 23028
role change & participation in Young Pioneers group, academic & cognitive ability & ability self concept, 10–11 yr olds, China, 38164
RT & general cognitive ability factor on Semantic Verification Test, college students vs Navy recruits, 7405
safety & lack of efficacy of vinpocetine, rate of cognitive decline, elderly with Alzheimer's disease, 40808
Sandoz Clinical Assessment-Geriatric vs Brief Cognitive Rating Scale, assessment of pharmacological treatment, demented 40–85 yr olds, 14135
scopolamine, information detection & processing & reasoning & CFF & alertness & memory, male college students, implications for geriatric memory loss, 928
scoring nonresponse on Mini-Mental State Examination, assessment of ability to perform daily living activities, 60 yr olds & older, 24592
screening test, evaluation of perceptual functions & deficits of brain damaged patients, occupational therapists, conference presentation, 19578
selection bias, cognitive performance, sober alcoholic adults, 8905
self concept & cognitive & behavioral achievement, 7 vs 9 yr olds of Anglocelt vs Aboriginal vs European heritage, Australia, 15039

self vs external instruction, performance on complex sequencing task, mild to moderately mentally retarded 18–46 yr olds in vocational training, 27298
sensorimotor development, severely mentally handicapped 3–18 yr olds, 19430
sensory or motor deficits, age related decrements in intellectual functioning, 40–61 yr olds, 32584
service use & caregiver experience & response, impaired elderly with Alzheimer's disease vs other vs no cognitive impairment & their primary caregivers, 1 yr followup, 34172
services provided by independent living centers, clients with mental retardation or mental illness or traumatic brain injury or age related cognitive disabilities, 6482
SES & intellectual ability, self ideal disparity, 17–19 yr olds, 36113
sex & achievement level, cognitive & affective ability assessed by Stroop Color & Word Test, 2nd vs 3rd graders in schools teaching English vs Oriya, India, 6729
sex & SES, verbal & abstract & spatial numerical & mechanical skills, 7th vs 12th graders, Portugal, 36008
sex differences, brain & cognition, humans, literature review, 39102
sex, neuropsychological skill & strategy, left vs right handed 17–20 yr olds, 39543
sex steroid hormones in umbilical cord blood, cognitive ability, neonates, 6 yr followup, 15085
sibling variables & family environment & ability level, educational & occupational aspirations, 16 yr olds from Anglo-Australian vs Greek vs Southern Italian families, Australia, 8128
situated cognition vs personal & social epistemologies vs conceptual competence framing assumptions, research on development of general thinking abilities, children, 25464
sleep deprivation, cognitive ability & skills performances, pediatrics residents, 34528
sleep deprivation induced fatigue, cognitive performance on ability tests, Army soldiers, Great Britain, 7416
sleep wake function & personality patterns & cognitive performance, 28–61 yr olds with vs without chronic insomnia, 23043
slowing of speed of intelligent thought, psychometric intelligence test performance, college students vs 43–89 yr olds, 36048
smoking patterns, performance on learning & memory tasks, smokers, 11717
social & cognitive functioning & personality change following head injury, literature review, 5650
social class & cognitive ability, academic achievement & behavior, high school students, England, application of differentiation polarization theory, 38137
social skills approach to cognitive communicative rehabilitation, community reentry, patients with head injuries, 23722
spatial ability & cognitive set shifting, 21–53 yr olds with obsessive compulsive disorder, England, 36603
specialized cognitive function, military pilot selection, student naval aviators, 10441
stage of HIV infection & personality & attention & mood, cognitive functioning, 24–65 yr olds, 26553
strategies of sentence recognition & plausibility judgment of inferences, high vs low ability critical thinking college students, 35383
strategy training vs unstructured practice, performance on WAIS-R block design test, alcoholic males, 15967
strengths & weaknesses of cognitive impairment screening tests, elderly, 35077
stress & ethanol induced changes of plasma catecholamines, emotional state & cognitive performance, male medical students, 35909
stress inoculation vs induction training, cognitive skills performance, community living elderly, 26899
sucrose, activity level & cognitive performance, preschool & elementary school students, 4261
surgery & intensive radiation therapy, cognitive functioning, 8 yr old females with pineocytoma, 7 wk & 9 & 14 mo followup, 30564
surgical extracranial shunting of CSF, cognitive functioning & tomographically assessed brain morphology & visual EPs, 37–82 yr olds with hydrocephalus, 23540
syllable vs melody recognition in dichotic listening task & handedness of self vs family, auditory laterality & cognitive ability, college students, implications for brain organization theories, 4083
symptom levels & threatening life events & dysfunctional attitudes & cognitive failure susceptibility, 23–66 yr olds, 4 mo followup, 10860
symptoms & performance on Luria-Nebraska Neuropsychological Battery, schizophrenic inpatients, 22534
systemic with vs without CNS chemotherapy, cognitive function & fine motor coordination & visuospatial & tactual perception, 6–16 yr olds with leukemia vs sarcomas, 1 yr followup, 6130
task irrelevant negative self deprecatory thoughts, performance in testlike situation, high vs low test anxious college students, 41270
task presentation medium & test format & numerical content, performance on Piagetian reasoning tasks, 7th vs 9th vs 12th graders, 8057
taxonomy of cognitive skills & questions, assessment & development of higher level cognitive skills through questioning technique, speech & language disordered students, 38241
teacher control orientation & interpersonal vs task demands socialization domain, problem solving ability, 3rd–4th graders, 20482
test-retest assessment, cognitive deficits & thought disorder, manic vs schizophrenic patients, 8609
testing of cognitive abilities, children from different cultural backgrounds, 24557
textual proximity, metacognitive awareness & strategic comprehension behavior, learning disabled 10.3–12.7 yr olds, 16000
thallium poisoning, intellectual function, 20 yr old male, case report, 19637
thought inhibition, pseudostupidity & potential analyzability, 33 yr old male, 30217
thought listing vs inventory approaches & sequences vs frequency counts & task difficulty effects & reactivity of thought listing, college students, implications for cognitive assessment, 24537
tiapride, cognitive performances, 7–18 yr olds with multiple tics or Gilles de la Tourette syndrome, 16558
tobacco abstinence, cognitive performance, male 23–42 yr old cigarette smokers, 40309
toxic atmosphere emissions, sensory & perceptual & cognitive abilities, 7–8.5 yr olds, Czechoslovakia, 15045
trainer vs self guided practice & difficulty of speeded vs power test, locus of plasticity in fluid intelligence, 63–89 yr olds, West Germany, 1147
training in asking categorical questions, use of referential inquiry strategies in listener or 20 questions task, 4 vs 5 vs 7 yr olds, 39506
transcranial magnetic stimulation, motor & cognitive performance & serum prolactin, 19–52 yr olds, 32125
treatment for isolated systolic hypertension, cognitive status & depression, 60 yr olds & older, 1 yr followup, 23395
trial & error method of teaching vs systematic formation of actions & concepts & mental capacity, learning & academic achievement, children, 38082
triazolam at start of long airflight, cognitive performance & mood & sleep, 18–51 yr old male soldiers, 34083
triazolyl benzophenone CGP 11.952, cognitive functioning, epileptic adults, 26927
triglyceride levels, RT & cognitive ability, 55–74 yr old patients with noninsulin dependent diabetes mellitus, 30052
types of cognitive communicative impairments & rehabilitation options in acute trauma center, patients with traumatic brain injury, 23730

types of physical anomalies & age of disease onset & cognitive deficits, schizophrenic patients, implications for prenatal injury, 33065
use of imagery as control process in solving series problems, 20–39 vs 40–59 yr olds, 4599
use of secondary task paradigm in developmental studies of age differences in resource requirements for cognitive tasks, literature review, 32404
utility of Kendrick Cognitive Tests, assessment of cognitive ability, 72–92 yr olds with Alzheimer's disease or multi-infarct dementia, 17554
validity & utility of & age differences in WISC-R Verbal & Performance Factorial IQs, learning disabled 6–11 yr olds, 10624
validity of cognitive abilities tests & role of test score range, prediction of job performance, 18–74 yr olds, 24663
validity of Continuous Performance Test, diagnosis of or screening for attention deficit disorder and/or impulsivity, 5.6–14.5 yr olds, 14179
validity of indices derived from WAIS-R & WISC-R, assessment of cognitive impairment, learning disabled adults, 21102
validity of K-ABC & Stanford-Binet Intelligence Scale, differentiation of lower vs higher cognitive ability & risk of learning problems, 3.3–6.7 yr olds, 10562
validity of Luria Nebraska Neuropsychological Battery, assessment of neurologic cognitive deficit parameters, 1978–86, literature review, 121
validity of neuropsychological dysfunction scores from Halstead Reitan Neuropsychological Test Battery, 18–40 vs 41–75 yr old male neuropsychiatric patients, 135
validity of standardized informant interview, assessment of cognitive decline, 58–102 yr olds, 4765
value of tests for assessment of mental ability & prediction of IQ, infants, 21048
very low birth weight, IQ & cognitive ability & reading & mathematics achievement, 9 yr olds, 22968
visitation program, cognitive functioning & morale, elderly nursing home residents, replication, commentary, 13104
visitation program, morale & cognitive functioning, elderly nursing home residents, commentary reply, 13142
visual discrimination & memory tasks, wintering over staff, Antarctica, 3830
Woodcock Johnson Psycho Educational Test Battery, assessment of cognitive & academic ability, college freshmen with vs without learning disabilities, 13692
12 hours of sedentary computer tasks wearing full chemical warfare protective gear, cognitive performance, male Marine Corps personnel, 20925
125 vs 250 mg caffeine, performance on recall vs RT vs Stroop tasks, male college students, 39296
5 vs 10 mg buspirone with 10 mg clobazam, cognitive function & psychomotor performance, healthy 20–45 yr old females, 35856
72 hr sleep deprivation & time of day, perceived sleepiness & affect & motivation & cognitive difficulties & waking dreams, 22–32 yr olds, Israel, 39186
Cognitive Behavior Therapy [See Cognitive Therapy]
Cognitive Complexity
cognitive complexity, speeches arguing for peace & war, Prime Ministers, Israel, 15348
cognitive complexity, speeches arguing for peace vs war, Prime Ministers, Israel, commentary reply, 15347
cognitive complexity, speeches arguing for peace vs war, Prime Ministers, Israel, data reanalysis & commentary, 15371
cognitive development & differentiation & integration, ratings of instructor's performance, college students, 24240
cognitive model of visual display complexity, simulated aircraft bombing mission performance, adults, 27973
cognitive structure, vocational behavior, application of G. Kelly's personal construct theory, 17337
complexity & style of written narratives based on TV vs real life stories, 3rd & 5th & 8th grade low vs high TV viewers, 39585
conceptual vs integrative complexity, attitudes toward capital punishment, college students, 1254
goal in conversation with partner, accuracy & complexity of personality impressions & trait attribution, college students high vs low in attributional complexity, New Zealand, 29364
level of cognitive task demands, accountability for life science academic activities, 7th graders, 3197
measurement of divergent production vs complex thinking during writing tasks & social competency, 5th & 6th graders, 20688
sexual maturity & cognitive complexity & style, 11–19 yr olds, 11355
Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]
A. Binet's contributions to developmental psychology & cognition, 25411
ability to develop theory of mind at advanced level, autistic 10.8–18.8 yr olds vs 9.3–17.5 yr olds with Down's syndrome, UK, 29790
ability to identify thematic & taxonomic matches, children at 26 vs 34 mo old, 39522
ability to verbalize understanding & affective meaning in music, 4–6 yr vs 18–24 yr olds, 25437
abuse or neglect, prevalence & prevention & treatment & cognitive development & academic achievement, children, literature review, 15850
acquisition & use & content & organization of knowledge about agriculture, 10 yr olds, Sudan, 21957
acquisition of spatial information derived from maps, 4–7 yr olds, 15126
adult vs peer collaboration, independent errand planning, 9–10 yr olds, 8047
age & familiar vs novel events, immediate & delayed recall for temporal order of events, 16 & 31 mo olds, 21925
age & processing speed, operation of mechanisms mediating speed-accuracy regulation, elementary school students & adults, 39493
age & sex differences, cognitive development, rural 2.5–6.4 yr olds, India, 25476
age & task complexity, prediction of & relationship between simple physical & social domain task performance, 1.5–4.5 yr olds, 21896
age, attribution of human characteristics to animate & inanimate objects, 4 yr olds through college students, 8023
age, development of intention perception using habituation-dishabituation ball movement paradigm, preschoolers, 25438
age differences & knowledge about criminal justice system, 5th & 8th graders, 21975
age differences, assessment of frontally mediated executive functions, children, literature review, 17552
age, internal representations of sizes of buttons vs plates vs shoes, 2–4 yr olds vs adults, 25520
age, overflow movement norms, right vs left vs mixed handed 7–10 yr old females, implications for assessment of cognitive & behavioral & motor disturbances, 30104
age, Piagetian concrete operations tasks & attentional capacity, 6–9 yr olds, West Germany, 25431
age, reasoning about distances, 3.5–5 yr olds, 977
aggressive stimuli, cognitive control of emotion, abused 4–9 yr olds, 29732
agreement on childrearing attitudes & values, child intellectual development & psychological functioning, mothers vs fathers of male vs female 11–24 mo olds, Sweden, 25483
amount of training varying in time & number of sessions, retention & memory of mobile conjugate reinforcement study, 3 mo olds, 25506
analytic vs synthetic stimuli, stylistic pictorial classification abilities, children, 8016
appearance vs reality distinctions on conservation tasks, 5–7 yr olds, 25421
artificial intelligence tools & human cognition stimulation, 10813

attention to spatial distribution of retrieval cues in stimulus array, mobile pattern retention & forgetting measuring memory development, 2 vs 3 mo olds, 39568
basic level vs superordinate vs contextual categorization, 12–20.5 mo olds, 29075
beliefs about influence over cognitive & social development of their male vs female 4–10 yr olds, mothers vs fathers, Australia, 18667
bilateral lesions as intact hippocampal formation, A not B & object retrieval performance & memory, monkeys, implications for cognitive development, 39212
birth status & developmental outcome, visual attention & memory, full term vs high risk premature infants, longitudinal study, 37133
birth weight & symptomatic intracranial hemorrhage, motor skills & cognitive performance, 4.5 yr olds born prematurely, longitudinal study, implications for cerebral palsy, 1983
brain ultrasound appearance, prediction of neurodevelopmental impairment, preterm infants assessed at age 4, 29906
breast feeding, cognitive development, infants, 2 yr study, 4627
categorical & comparative judgment & understanding of concepts "high" vs "low", 3–5 yr olds, implications for semantic congruity effects, 29094
category theoretic formulations of cognitive development by Piaget, 8005
category usage, development of biological inferences using scientific concepts vs irrelevant superficial features, children, 32399
causal reasoning & inference making in judgment of importance of story statements, 8–18 yr olds, 21988
cephalocaudal stroking &/vs placement on multisensory hammock, cognitive & temperament development, healthy infants, 4 & 8 mo followups, 4561
cerebral lateralization theory, neurosociological analyses of cognitive development & style, Aboriginal vs White school age children & adolescents & their parents, Australia, educational implications, 39579
change mechanisms that contribute to cognitive development, children, literature review, 25523
classical Piagetian theory & rise of neo-Piagetian theories, 15054
cognitive & linguistic & scholastic development, bilingual Hispanic children, US, commentary reply, 21942
cognitive & psychosocial development, 14 yr old male with BS degree, 29041
cognitive & social & emotional profiles, extremely gifted children under age 4 yrs, 29038
cognitive & social-emotional developmental theories, understanding & diagnosis & treatment of psychopathology, commentary, 1560
cognitive development & conceptual changes, parent child relationship, adolescents, 21963
cognitive development & differentiation & integration, ratings of instructor's performance, college students, 24240
cognitive development & IQ decline in early adolescence, 3–35 yr old males with fragile X syndrome, 37015
cognitive development & reading achievement, 2nd graders with pervasive vs situational attention deficit disorder, Canada, 16036
cognitive development & sleep onset insomnia, 18–59 yr olds, 26638
cognitive development & thyroid related disorders & other physiological factors, 7–15 yr olds in villages with heavy vs normal water iodine levels, China, 16120
cognitive development & undergraduate education, graduate education & professional practice & achievements, MSW graduate students with BA vs BSW degrees, 41127
cognitive development, children, German speaking countries, literature review, 39574
cognitive development, classification of animals vs plants vs inanimate objects as living vs nonliving things, 6–15 yr olds, Israel, 32448
cognitive development, life judgments & beliefs about attributes of living things, K–4th graders vs adults, Japan vs US, implications for classification, 32434
cognitive development of trainees, utility of case presentation approach in clinical supervision, commentary, 6595
cognitive development, strategy choice in multiplication, children, 1040
cognitive development task performance, congenitally blind 4–11.9 yr olds, 37066
cognitive development, use of landmarks & integration of spatial information, children, conference presentation, 11421
cognitive developmental approach to representations of environment, children, 39531
cognitive developmental shift from similarity to category based attribution, biological inference knowledge, children, 32410
cognitive developmental smoking prevention program, intention to smoke & smoking behavior & knowledge of health effects of smoking addiction, 6th–8th graders, 18 mo study, 31056
cognitive functioning in developmental domains & social & interpersonal competence, 5th graders, Italy, 7981
cognitive processes involved in horizontal decalage, 5.8–7.3 yr olds, 29065
cognitive reasoning levels, validation of hierarchical relationships among Piagetian cognitive modes & integrated science process skills, 7th–12th grade science students, 8070
cognitive restructuring & political cognition, 12–17 yr olds, 25536
cognitive skills & mastery of language inflectional forms, 2.6–4.3 yr olds, Finland, 8034
cognitive structures used during event occurrence, understanding of life events & memory transformation & dysfunction in developing personality structures & psychopathology, 1665
cognitive task battery, assessment of developmental levels, primary school students, Pakistan, 3318
cognitive theories of drawing development, children, 1885–1986, 25531
common resources hypothesis & mental effort model, assessment of memory development & cognition in dual tasks, 5th graders, commentary, 18548
complementarity of domain specific & general aspects of cognitive development & link between cognition & personality & context, commentary, 21911
complexity of required cognitive processing in geometry tasks, acquisition in hierarchical sequence & problem solving development, 4–8 yr olds, 4641
comprehension of beliefs vs desires, prediction of behaviors & reasoning & emotions, 3–5 yr olds, 25544
comprehension of mental states, autistic 7.1–18.5 yr olds, 11999
comprehension of projective size on TV, 3–4 yr olds, 32367
conception of ability, academic self perception, 1st graders, 1 yr followup, 8038
concepts of seeing & knowing, 5 vs 6 vs 9 yr olds, Canada, 1031
conceptual level & intelligence, student vs working status & occupational aspirations & life satisfaction & emotional adjustment, female 12th graders, Canada, 3 yr followup, 11518
conceptual reasoning & oral language, reading ability, K–4th graders, Australia, 5 yr study, 18629
conceptualization of pragmatic function of mental terms to express certainty or reliability, 3.1–8.9 yr olds, Canada, 21971
concrete to formal operations in Piagetian tasks, psychiatric outpatients, Israel, occupational therapy implications, 22464
conservation of weight vs movement, causal explanation of inertia problem, 8–14 yr olds, test of horizontal decalage hypothesis, 39583
construct validity of Science Reasoning Tasks, assessment of Piagetian formal reasoning, 14–15 yr old junior high school students, teaching applications, 31269

construction & factor structure of set of tests, measurement of simultaneous & successive cognitive coding & development, K–2nd graders, 14175
counterfactual markers in English vs Afrikaans vs Sepedi, counterfactual reasoning, 3rd vs 5th vs 7th graders vs college students, South Africa, replication, 36099
counterfactual reasoning & acceptance of contrary to fact premises in fantasy context, K–12th graders, 32416
counting strategy, solving problems of set quantification vs comparison vs generation, 3–4.5 yr olds, 1045
criteria for theoretical models of problem solving development, commentary reply, 11404
cross cultural & differential perspectives on neo-Piagetian theories & research, 15062
day care, intellectual & emotional & social development & family system, preschool age children, policy implications, 6327
definition & rating of neonatal status, long term neurological & hearing impairments & mental ability, very low birth weight infants, 4 yr study, 23040
delayed response task performance as measure of frontal cortex maturation, 6–12 mo olds, longitudinal study, 32394
development of & cognitive processes used in analog & digital clock display reading, 1st–5th graders, 21947
development of ability to share sets of blocks equally & to infer equivalence of cardinal value of 2 shared sets, 3.9–6.1 yr olds, England, 29057
development of analogical reasoning, 48–71 mo olds, 29042
development of arithmetic cognition, preschoolers, 18585
development of biological concepts, children, commentary, 32451
development of comprehension of semantic relations, 2nd–8th graders, 29067
development of concept of arithmetic mean, 8–14 yr olds, Israel, 1048
development of domain specificity & structured knowledge & social & moral judgments, recognition of existence of multiple languages, preschool age children, 35984
development of nonverbal cognitive ability & receptive language, mildly & moderately mentally retarded school age children, 26366
development of number knowledge, preschool age children & infants, educational implications, 25509
development of object permanence, 28–150 day old kittens, 31917
development of pretend play with objects measuring decentration & decontextualization & integration, 2.4–4.6 yr olds with Down's syndrome, Japan, 36934
development of the concept of secrecy & deception, 3–5.5 yr olds, Australia, 25497
development of understanding of attribution & affect & intended social behavior, 5–6 vs 7–8 vs 10–11 yr olds, 7982
development of visual spatial ability & musical talent, male vs female adolescents, 3 yr study, 1013
developmental change in subjective probability, 12–23 yr olds, Japan, 32422
developmental changes in speed of cognitive transfer, central limiting mechanism vs skill transfer hypothesis, commentary reply, 4614
developmental limitations on ability to distinguish good vs bad touching, young children, implications for sexual abuse prevention programs, 2729
developmental patterns in conservation skills, 4.1–11 yr olds, replication, 18569
diagnostic phenylalanine levels & age at dietary treatment initiation & quality of control, cognitive development, 1 day through 3.3 yr olds with phenylketonuria, 22885
dialectical framework for understanding between Piagetian & Vygotskian theories of development, 18547
discourse analysis of Logo instruction, teachers & pairs of 5 yr olds, implications for self monitoring development, 23976
domain general & specific knowledge in adaptive problem solving strategy choices & model of rational decision processes, children, 21981
domain specific & general aspects of cognitive & social development, commentary, 21880
domain specific approach to social & moral & cognitive development & cultural influences, children, 21915
dual exposure to Piagetian control of variables tasks & pair choice vs control task between task exposure, elicitation of control of variables strategy & performance, 7th & 9th graders, 4603
dyadic play styles of 22–44 yr old mothers vs fathers vs 2.3–7.8 yr old siblings, cognitive development, infants assessed from 12–18 mo old, 18622
early event representation development, 11–21 mo olds, 29082
early stressful life events, subsequent cognitive development & incidence of behavior disorders, infants from low SES families, 9 yr study, conference presentation, 5441
educational TV, learning & cognitive development, nursery & primary school students, Great Britain, conference presentation, 6676
endogenous opioid functions, early development & later life cognitive & social & personality development & adaptation to stress & pain, 35673
event covariation, causal judgment, junior high school vs college students, 8056
event sequences, reasoning about location of hidden object, 2.5–6 yr olds, 25528
example of toy being hidden in model room, retrieval of toy hidden in corresponding location in actual room, 2.5 vs 3.3 yr olds, 1000
expert system shells as instructional tool, problem solving & cognitive skill development, 7th graders, 17180
factors affecting achievement test scores & grades & cognitive development, Black vs White 1st graders, 13528
family communication patterns & parent mediation, cognition & aggression & comprehension of TV content, 6–7.7 yr olds, 2 yr study, 15040
family demographic & clinical characteristics & type of early intervention, cognitive development, 3–3.3 yr olds hospitalized as infants for nonorganic failure to thrive, follow-up studies, 5621
family eating behavior, mental development, 4–5 yr olds, Japan, 15112
family resemblance structure of schematic faces of boys vs figures of girls, analytic vs holistic classification learning, kindergartners, 11440
feeling of knowing accuracy & reliability of feeling of knowing judgments, 6–93.4 yr olds, 986
formal operations & integrative complexity & logical consistency, 3rd vs 8th vs 11th graders, 15022
formal vs concrete operational level & knowledge of subject matter, predictive services during computer simulated learning sequence on water pollution, 15–18 yr olds, 8031
forward search strategies in route planning, 4 vs 5 yr olds, 25450
functional measurement methodology, assessment of attention to number of alternative vs target outcomes in probability estimation, 1st & 3rd & 5th graders, 39483
genetic vs environmental contributions, IQ change, adopted vs biological 3–14 yr olds, 10 yr followup, application of path model, 39545
Gesell Developmental Exam vs Bracken Basic Concept Scale, academic achievement prediction, 5.8–6.8 yr olds, 10306
habituation & visual fixation & cognitive ability & development of information processing ability, infants, commentary, 29100
health & long term growth & neurosensory integrity & cognitive development & learning ability, low birth weight surviving 5–9 yr olds, followup, 8513
hierarchy of structure mapping rules, cognitive developmental stages, 15079
home environment, cognitive & social & emotional development, 4.9–5.7 yr olds born with medical complications, longitudinal study, 12414
humor, cognitive & social development & emotional adjustment, children, 35992

ideas of K. Young regarding determinants of intelligence & contributions to social psychology, 22314
identification of common materials & familiar objects & prediction of magnetic attraction, 3–5 yr olds, conference presentation, 25444
identification of emblematic gestures, kindergartners & 1st & 3rd graders, 25475
inadequate oxygenation of brain at birth, developmental outcome & clinical manifestations, educational implications, 29868
individual differences in development & structure & function of cognition, emotional experiences & interpersonal problem solving, children & adolescents, 964
information search behavior in decision making, 12–23 yr olds, Japan, 32421
information transfer & mental states, 2.9–4.9 yr olds, commentary, 39570
information transfer & mental states, 2.9–4.9 yr olds, commentary reply, 39561
instruction in Piagetian concepts of classification & seriation, intelligence & achievement, educable mentally retarded 6–8 yr olds, 31192
integration of experiential structuralism & neo-Piagetian theories in cognitive childhood development, 15064
intellectual & political sophistication & self esteem, racism & ideological deviance, college students, 36323
intellectual & social development, 14 yr old male with Klinefelter's syndrome, case report, 8951
intellectual development & family effects, 6 wk to 21 yr olds with Down's syndrome, longitudinal study, 15981
interaction between E & S, cognitive performance in conservation experiment, children, 4594
interbehavioral analysis of concrete operational Piagetian tasks, interaction of antecedent stimuli & setting events & basis of cognitive behavior, 15052
intrauterine growth retardation, intellectual performance, preschoolers who were premature vs full term, 15585
isolation of variables task, problem solving performance, language learning disabled 9th graders, 19462
knowledge & use of memory strategies, 4–7 yr olds, 21943
knowledge level & development of life concept, judgment of object attributes & life status, 6 yr olds vs college students, 32426
L. Kohlberg's levels of moral development & Piaget's stages of cognitive & moral development & levels of spiritual development & denominational choice, 11353
L. Vygotsky's social formation theory of mind & language & cognitive development, commentary, 32460
landmarks, development of spatial orientation & knowledge, conference presentation, 11422
learning task performance, prediction of standardized IQ test performance at ages 2–4, 6 mo olds at risk for developmental delay & mild mental retardation, 25451
learning to program in Logo, reasoning skills, 7th & 8th graders, 13493
lexigram graphic symbol learning, nonlinguistic gains attributable to specific intervention, severely mentally retarded 6.2–22.7 yr olds, commentary, 27272
limitations or immaturity in formal operational skills, dysfunctional social adaptation & interpersonal interaction & affective disturbances, adolescents, 1598
linear & other models of memory development, interpretability of dual task performance, commentary, 18576
linguistic processes in disagreements during goal directed dyadic problem solving, 7–9 yr olds classified as joint vs disjoint collaborators, 4559
list length & frequency of rehearsal, serial recall strategies, K–3rd graders, 21968
looking behavior in early infancy, prediction of problem solving & verbal & general intelligence, 6 wk olds, 8.5 yr study, implications for continuity models, 36089
low level prenatal & postnatal lead exposure & blood content & SES, mental development, infants assessed at 6–24 mo old, 29045
make believe play vs verbal mode context & syllogisms, deductive reasoning, 5.2–5.8 vs 6.2–6.8 yr olds, 4588
maternal adolescent interaction & class & ethnicity & sex, continuity of cognitive development following early antipoverty intervention, mothers & their 12–15 yr olds, 10 yr followup, 29055
maternal alcohol consumption during pregnancy, cognitive & motor & behavioral development, infants assessed at ages 6 & 12 mo, conference presentation, 11359
maternal directiveness & affective tone, cognitive development & competence & play, 3 yr olds & their mothers, 36052
maternal responsiveness during infancy, childhood cognitive development, mothers & their infants, 32379
maternal responsiveness during infancy, intellectual & social competence & self esteem in early adolescence, preterm infants followed from birth to 12 yrs, followup study, 32372
maturation of frontal cortical functions, development of sustained attention & ability to inhibit responding to external stimuli, 8 vs 10 vs 12 yr olds, 36071
mediated learning theory of cognitive development through interaction with adults, children, implications for traditional school psychology, 24217
metaphor interpretation, 6–12 yr olds vs college students, implications for cognitive developmental theory of semantic mapping, 39537
model of social & cognitive development using structural developmental perspective, continuity & change in childhood developmental psychology, commentary, 36179
models of cognitive development & knowledge, comprehension of mathematical word problem semantics, K–3rd graders, 15108
mothers' interactive behavior, self concept & cognitive & language development, Maori & Pakeha 3 yr olds & their mothers, New Zealand, 29088
motor & mental development, high risk 3 mo olds, 5 yr study, 22480
motor task performance, 7–12 yr olds, support for dialectical causal theory of cognitive development, 15098
music, intelligence & cognitive development, infants, 29048
neo-Piagetian cognitive based interventions, acceleration of cognitive development & academic achievement, 12–14 yr old students, 17166
neo-Piagetian theories of cognitive development, 15119
neurodevelopmental exam, prediction of neuropediatric & motor & psycholinguistic & cognitive & school achievement problems, neonatally at risk children assessed at birth & 7 & 9 yrs, 29809
neurophysiological & hormonal influences in cognitive development & differentiation, spatial ability & language representation & brain lateralization, males & females, 35363
neuropsychological & behavioral functioning, 6–15 yr olds exposed to narcotics in utero, 12221
nonalgebraic rule use, theories of problem solving development, commentary, 11449
nonverbal cognitive development & language development, infants, 18592
nonverbal mental capacity & conceptual repertoire & performance in Spanish & English, cross language transfer & metaphor interpretation, 7–12 yr olds, 39536
object type & orientation, interpretation of word "big", 3 vs 5 yr olds, 21937
"ordinary" creativity & reconceptualization & assessment & development of creativity, implications for education, 36494
output interference theory of dual task deficits, method for assessing specialization of memory pools, implications for common resources hypothesis, 18554
output interference vs resource theory, dual task studies of memory development, commentary, 18570
output interference vs resource theory, explanation of cognitive development, commentary reply, 18607
overall similarity vs part identity classification, 3.3–7.2 yr olds vs college students, 29056
paradox between Piagetian & proximal landmark research in spatial representation, preschool age children, conference presentation, 11417

parent child relationship & disciplining strategies & stimulation & other family variables, social & cognitive competence, children, literature review, 21909
parental childrearing agreement during early childhood, psychological & personality characteristics, male vs female adolescents, 4740
parental role, cognitive & emotional development, adults, 21901
parental values & behavior, cognitive development, children, 1977–78, Fiji, 15 mo study, 15316
partitioning problem solving & development of fraction knowledge, 3.8–4.8 yr olds, 4611
passive vocabulary in 1st language & derivation of relations & knowledge of language structures, bilingual 6–10 yr olds, 32402
perception of performance vs concept of musical norms in representations of songs, 5–10 yr olds vs adolescents vs adults with vs without musical training, 25439
perceptions of 9 mo olds' cognitive development & capacity, Jewish mothers vs fathers, Israel, 32655
perceptual & cognitive development, ability to copy geometric forms, rural 3–5 yr olds, India, 8053
perceptual motor & cognitive development & utility of myoelectric arm prostheses, children with congenital upper limb deficiency, 12991
perceptual role taking & protodeclarative pointing ability, 3.4–17 yr olds with autism vs Down's syndrome, implications for conceptual role taking, 36509
performance on number conservation vs successive information tasks, forward vs backward processing 5.5–6.5 yr olds, 1050
permission & obligation pragmatic schemas, reasoning performance on selection task, 9–15 yr olds, France & Italy, implications for development, 29059
Piagetian based learning set procedure, academic gains & self perceived cognitive & peer competence & perspective taking abilities, kindergartners, 1 yr followup, 39559
Piagetian variables, development of scientific reasoning abilities, 7th vs 10th–12th graders, 29097
Piagetian vs motivationally based constructivist perspective on subject object relationship in development of knowledge, infants, 29077
play behavior & thinking strategies, learning & writing skills, children, 32391
play, cognitive development, literature review, 11384
prebirth & postnatal parent & infant characteristics & concurrent influences, attention & IQ & verbal expressiveness & task orientation & capacity for relationships, 4 yr olds, 4.5 yr study, 32352
predictive & concurrent validity of global measure of cognitive development, assessment of early school achievement, middle class 1st graders, Canada, 6847
preferential looking vs object manipulation task, sensitivity to categories of kitchen vs bathroom things based on spatiotemporal relatedness, 13.2–14.9 vs 19.3–20.1 mo olds, 1027
prelocomotor with vs without walker assisted experience vs hands & knees creeping, spatial search performance, 8.5 mo old, 4616
premature cognitive closure, reasoning in multiple solution problems, 1st–6th graders, 21952
prenatal exposure to marihuana & alcohol & cigarettes, home environment & motor & mental & language development, 12 & 24 mo olds, 18514
process oriented investigational approach to teaching fractions & ratios, test scores, 12 yr olds with vs without concrete operational thinking ability, Canada, 38090
propositional & proportional reasoning tasks as tests of formal operational thought, college students, Canada vs South Africa, 32515
protein energy malnutrition in infancy, conservation task performance, 9–15 yr olds, Barbados, 5641
psychoanalytic theory of paraconscious as form of cognition from early intrauterine existence to 1st year of life, psychic development, 36032
psychological & mental impairment, very low birth weight infants with vs without seizures, followup at 1 vs 2 vs 5 yrs, 9234
questionable value of concepts of general intellectual ability & preservation of individual differences from infancy to later childhood, commentary, 36054
race & age & sex & SES, development of spatial representation, 5–13 yr olds, South Africa, 15077
rates of cognitive & psychosocial development & salient life experiences, college students, 27654
reading & spelling & phoneme segmentation & auditory categorization & letter sound knowledge & short term memory & IQ, 4–5 yr olds, 18559
reasoning & perceptuomotor function, memory patterns & development, 6–14 yr olds with memory deficiencies & reading disabilities, 22870
release from proactive interference, short term memory development, school age children & adolescents, 994
reliability & variety of measures & definition of intelligence, continuity of cognitive development, commentary, 35177
reliability of standard mental space measures of mental capacity & prediction of role taking development, 1st vs 3rd vs 5th graders, 25484
representational capacity of data & conceptual system vs Piaget's sensorimotor schemas in perceptual development & object concept formation, infants, literature review, 25490
research on childhood cognitive development, 1980s, German speaking countries, literature review, 32445
responses to "when" questions, assessment of directional preferences, 4 & 5 yr olds & adults, 21946
reward vs command situation & experience of extrinsic vs intrinsic motivation, use of discounting principle in social perception task, 5–7 vs 8–10 yr olds, test of social developmental model, 4695
scaling & factor structure, concrete operational task performance data, 6–12 yr olds, England vs Greece vs Australia vs Pakistan, 11432
schooling & tracking, IQ, males assessed at ages 13 & 17 yrs, Israel, 3205
selective attention & identity vs dimensional valuation & magnitude of stimulus differences, similarity classification, 2–8 yr olds vs adults, test of model of perceptual classification, 15117
sequential change in reflective judgment model, high school & college & graduate students, 6 yr study, 36056
sequential decision vs information integration theory, development of problem solving skills in compensation tasks, literature review, 11405
SES & quality of parental relationships & home environment, cognitive development, 1–3 yr old Whites vs Blacks vs Mexican Americans, 21930
sex & SES & cultural background, beliefs about cognitive maturation of infants, pairs of parents vs nonparent adolescents vs young adults, Israel, 8044
sex, cognitive development & approaches to learning & perception of knowledge, college students, 41274
sex steroid hormones in umbilical cord blood, cognitive ability, neonates, 6 yr followup, 15085
similarity in developmental speed of processing on cognitive tasks, test of R. Kail's central limiting mechanism hypothesis vs models of skill transfer, commentary, 4651
situated cognition vs personal & social epistemologies vs conceptual competence framing assumptions, research on development of general thinking abilities, children, 25464
social & cognitive development, construction & perception of self & peer social reputations, popular vs average vs neglected vs rejected male vs female 1st–5th graders, 32522
social & nonsocial cognition, 12–16 yr olds, Ireland, 39556
social learning & cognitive developmental theories of political learning, 5 yr olds, 5 yr study, 25501
social rules, spatial cognitive development, 5–6 yr olds, 8007
socio-cognitive conflict in task pairs of differing cognitive development, conservation task performance, 5–7 yr old pairs, US vs USSR, 36097

spatial ability development, comprehension & manipulation of right vs left turn commands in Logo computer language, children, 8013
stability of cognitive performance, 25–42 mo olds with delayed development, 6 yr study, 1924
stability of verbal & spatial processing abilities, males with severe reading &/or spelling disabilities initially assessed near end of 6th grade, 2–11.6 yr followup, 19456
stage by stage model of intellectual development, children, 36040
statistical significance error in study of intellectual development & family effects, 6 wk to 21 yr olds with Down's syndrome, longitudinal study, erratum, 22838
stimulus characteristics, problem solving strategies in mental rotation tasks, 1st vs 5th graders, 39567
story organization or presentation modality, developmental & individual differences in reading comprehension & recall, 3rd–6th graders, 15083
structural model of intellect & cognitive development, Blacks, 36062
structural transformations & optimal conditions, skill acquisition & generalization, 15067
symbolic concepts of spatial relations of landmarks, 9–13 mo olds, conference presentation, 11363
symbolic play, child's social & emotional & cognitive development & family relations, parents & their children, 25613
task demand reduction, use of preoperational functions to solve Piagetian tasks of concrete operations, 6–9 yr olds, West Germany, 990
teacher empathy & congruence & positive regard, development & higher order cognitions needed in information age, students, 27635
teacher questioning strategies to promote cognitive development, preschool students, 27538
temporal & spatial distinctions among matters of intellectual convention vs personal preference vs logic vs physical laws, 1st vs 3rd vs 5th graders, implications for schooling process, 4629
test of cognitive development vs achievement test score & mathematics achievement & teacher recommendations, prediction of success in algebra course, 8th graders, 6804
theory of activity perspective on instrument & intellectual development, children, 18617
training in mass vs volume vs weight conservation, acquisition & generalization to mass vs violence vs weight, 5 yr olds, 15097
trait anxiety & cognitive development, correspondence between attributions & behavioral prescriptions for failure of others, college students, 15014
transient states & personality traits, cognitive & affective aspects of behavior & development, implications for sex differences, 29021
transition from sensorimotor to representational functioning, object & social play development & cognitive ability, 2.3–7.8 yr olds with Down's syndrome, 36908
type of public vs home day care & age at 1st entrance, cognitive & socioemotional development, infants followed to 8 yrs old, Sweden, 40879
types of attributes or attribute combinations, category generalization, 4.6–7.6 yr olds vs college students, 21990
ulterior motive information, cognitive processes, 5 & 7 yr olds, 1003
understanding of internal vs external psychological causes of behavior, infants & preschool age children, literature review, 21969
use of height & width rule in rectangle area judgment tasks, conserving vs nonconserving 1st–2nd graders, France, test of N. H. Anderson & D. O. Cueno's developmental model, 25485
use of Logo computing language, cognitive development, 5–7 yr olds, 8021
validity & usefulness of stage of reading acquisition & word recognition, normal & slow developing children followed from preschool through 3rd grade, Scandinavia, 29061
validity of 4th revision of Stanford-Binet Intelligence Scale, evaluation of verbal & quantitative & abstract/visual reasoning & short term memory, 2–6 vs 7–11 vs 12–23 yr olds, 7127
verbal & nonverbal skills, reading achievement, male students with reading abilities measured in kindergarten & 2nd & 5th grades, 34734
"way stations" in development of proportionality concepts, 3rd–8th graders, 999
weight vs substance vs volume conservation understanding, mentally retarded vs nonretarded 4–16 yr olds, 40328
zone of proximal development & socio-instructional dynamics, strategic learning, children, 25419
6 mo postnatal chronic lead exposure, cognitive dysfunction, rhesus monkeys, 7879

Cognitive Discrimination
believable vs unbelievable conclusions in syllogistic reasoning tasks, alternative representations & putative conclusions, college students & staff, 38845
detection of intraword vs interword letter repetition in words vs nonwords, college students, test of word unitization hypothesis, 24825
development of & knowledge about attention strategies, same different judgments, 3 vs 4 yr olds, 1029
dichoptic masking of priming word, evaluation of good vs bad connotation of target word, college students, 24813
discrimination procedures & role of subliminal stimuli, awareness & unconscious & implicit learning, commentary, 38873
failure reactance vs learned helplessness & environmental cue utilization, cognitive discrimination task, college students, 38842
hierarchy of orientations as cognitive discrimination processes, definition of personality, 29434
hypnosis, cognitive boundaries between visual & auditory & emotional sensations, college students, 35417
model for repeat paired comparison preference tests, assessment of abstentions & discrimination ability & proportionate preference, 3660
normative data from Hebrew language version of Stroop Color & Word Test, college educated 24–36 yr olds, Israel, 24553
salience of stimulus word pairs preceded vs followed by comparative, congruity effect in comparative judgments, college students, implications for expectancy hypothesis, 24848
size of word vs letter string & other stimulus characteristics & practice & mapping, RT for positive vs negative string matching, college students, Spain, 3792
time taken to discern comparative length of 2 lines, intelligence, college students, West Germany, 3812

Cognitive Dissonance
act of voting for president, optimism concerning outcome of race, voters entering vs departing polling place, implications for cognitive dissonance theory, 15356
cognitive dissonance reduction, behavior change, adults with snake phobias or speech anxiety, implications for psychotherapy, 37271
drug capsule color preferences & relation to cognitive dissonance, college students, implications for treatment compliance, 19934
induced compliance vs choice among alternatives experimental designs, cognitive dissonance, college students vs older church members, 4944
perceived self concept discontinuity, defensive information processing in conditions of threat to self, 19–25 yr olds, 15516
responsibility for proattitudinal vs counterattitudinal essay with aversive consequences, cognitive dissonance measuring motivational basis without attitudinal discrepancy, college students, 32822
structuralist reconstruction of cognitive dissonance theory, 17533

Cognitive Functioning [See Cognitive Ability]

Cognitive Generalization
example of toy being hidden in model room, retrieval of toy hidden in corresponding location in actual room, 2.5 vs 3.3 yr olds, 1000

sentence actor & patient animacy & verb prototypicality, actor/patient identification & sentence generalization, 2 & 4 yr olds, 29052
Cognitive Hypothesis Testing
acquisition context, prediction vs verification judgments using causal rules, college students, 38821
competing alternatives & context & diagnostic information & need for closure & fear of invalidity motivation, hypothesis testing, college students, 7409
database query writing as hypothesis testing activity & error analysis of constructed query, college students, 7406
group consensus processes, solutions for cognitive bias tasks, college students, test of social decision scheme theory, 11758
multiple noncomplimentary competing hypotheses, probability judgment & opinion revision, college students, 31866
prior base & hit rate, pseudodiagnosticity & prevalence of false alarm in judgment under uncertainty, college students, 10809
rule discovery task, cognitive hypothesis testing, college students, 31848
rule discovery vs hypothesis evaluation task, hypothesis testing skills, college students, 31839
verbal vs imaginal mediators, hypothesis testing & problem solving, college students, 324
4-card logic task & its negated variant, confirmation & ignorance of falsifying evidence for relational hypotheses, adults, test of information processing vs dual process reasoning models, 10776
Cognitive Maps
cognitive maps & perceptions of crowding in city center, Black vs White urban residents, South Africa, conference presentation, 20912
computer simulated travel vs conventional map study methods for learning spatial network, demonstration of efficient routes, college students, Israel, 3858
construction & retention of mental representations & cognitive maps in problem solving, high school students & 29–43 yr olds, Czechoslovakia, 21977
degree of angularity of turns while walking on pathways in laboratory, estimation of angularity & spatial memory, college students, 28340
direction estimation of target position with finger movement vs imagined location, congenitally vs adventitiously blind vs blindfolded sighted adults, 5579
evaluative & affective & meaningful dimensions & formal properties of map images of novel environment, 17 yr old female, 32462
forward search strategies in route planning, 4 vs 5 yr olds, 25450
graphic interface with partial map of hierarchy & analog file position indicator, individual differences in use of computerized hierarchical file system, 18–27 yr olds with low vs high spatial ability, 17438
group cognition & belief systems & policy preference, thinking & decision making in oil policy game, government officials, Norway, 22226
international communication experiences & travel & living abroad, cognitive maps of international images, college students, US vs Japan vs Hong Kong, 29378
manipulation of visual & proprioceptive spatial dimensions using prism glasses, learning & generalization of arm movements to visual stimuli, college students, 31752
mapping & language thinking & behavior, children, implications for preschool & elementary education, 18549
mapping of musical thought, sounded performance, pianists, 31746
negative-positive-neutral logics & relations & model of generic system for cognitive map development & decision analysis, 35237
nondirectional distance to target represented by tone, escape latency in Morris water maze, blinded male rats, implications for cognitive mapping, 4283
race & age & sex & SES, development of spatial representation, 5–13 yr olds, South Africa, 15077
route finding strategies & decision making & cognitive mapping, congenitally blind adults, 26602
sex & route network exposure & frequency, RT & accuracy of angle & distance judgment, college students, 28327
social psychological variables, cognitive evaluations of distance in urban retailing environment, community residents, England, 3466
spatial memory & cognitive mapping, 15–47 yr olds with right vs left temporal lobectomy, 33529
stimulus consistency in memory/visual search tasks, response flexibility, college students, 3803
temporospatial discontinuity induced by environmental scenes in scrambled order, route learning & distance estimation, college students, 24856
Traveller computational model of spatial network learning, 41507
Cognitive Mediation
cognitive mediation & negative attitudes, adults with psychiatric disorders, verification of cognitive content-specificity hypothesis, 33030
cognitive mediation, response to life stress & anxiety & depression, college students with vs without unrealistic views of life, 22397
cognitive mediation theory of self efficacy & performance & individual goals, college students, 1 wk study, 10786
cognitive style & control, divergent production, gifted 4th–6th graders, 18550
foot in door paradigm & 1st request with cognitive set implying continuous involvement with vs fulfilled obligation to charitable cause, compliance with 2nd set, housewives, 10461
off task cognitions, performance effects of global vs specific failure attributions, college students, learned helplessness implications, 1403
positive mood, attitude change & deficits in processing of persuasive messages, college students, 31851
rational emotive therapy, perception of illness & treatment & coping strategies for emotional distress, adults with coronary heart disease, 2293
research on cognitive mediation, impact on counseling & psychotherapy, 26798
role learning vs provided vs self generated images vs verbal mediation conditions, paired associate learning, adults with amnesia vs Korsakoff's syndrome, 26559
role of subjective evaluations & skills in social problem solving, high vs low aggressive male 2nd–3rd vs 5th–6th graders, 36134
social cognition & perception & self concept as cognitive mediators of social behavior, literature review, 25832
verbal vs imaginal mediators, hypothesis testing & problem solving, college students, 324
Cognitive Processes [See Also Abstraction, Anagram Problem Solving, Associative Processes, Choice Behavior, Classification (Cognitive Process), Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Concentration, Concept Formation, Connotations, Contextual Associations, Decision Making, Divergent Thinking, Group Decision Making, Group Problem Solving, Ideation, Imagination, Inductive Deductive Reasoning, Inference, Intuition, Logical Thinking, Management Decision Making, Naming, Problem Solving, Reasoning, Schema, Thinking, Transposition (Cognition)]
A. Ellis's theory of organization of thought processes, improvement of life satisfaction, clients in psychotherapy, 40617
ability to identify & remember source of knowledge about contents of drawer, 2.8 vs 5.5 yr olds, 11395
ability to judge social situations & thought processes from attribution theory perspective, paranoid schizophrenic 20–51 yr olds, 15770
acceptance of statements without evidence, revision of beliefs by rejection with new evidence vs assignment & updating of probabilities using reasoning & inference, 17852
accountability & shared responsibility, cognitive effort in judgment task, college students, 8369

achievement motivation &/vs anxiety, performance on cognitive task, 18–21 yr olds, 7496
activity type, appropriation of ideas or concepts, hospital staff & college students, 10823
aerobic activity & stress, cognitive performance, 19–65 yr olds, 21613
affective cognitive interface & functions of affect & economic & consumer behavior, literature review, 17479
age & diotic vs dichotic presentation, recall of words presented in semantically vs phonemically organized vs unorganized lists, school age males, 1049
age & fitness level & aerobic vs anaerobic exercise training, RT in memory search task, 30–58 yr old males, 6989
age & processing speed, operation of mechanisms mediating speed-accuracy regulation, elementary school students & adults, 39493
age & task dependent development pattern, compositional strategies drawing, 3–14 yr olds, conference presentation, 11393
age, cognitive processes in construction of main points in written composition, 4th–11th graders vs adults, Canada, 11371
age, strategy & types of spelling errors, 1st graders through college students, Canada, 34633
alcohol consumption &/vs cigarette smoking, visual information processing & psychophysiological functions, 18–30 yr old females, Switzerland, 28918
alcohol usage & addiction, stress & self awareness & evaluation & cognition, applications of social cognition approach, 40269
alcohol vs tobacco, mental performance, female smokers, conference presentation, 18394
alternative context closure hypothesis of P3 EPs & working memory, commentaries & reply included, 21564
amount of stimulus information to be processed during RT tasks, negative EPs, adults, 4146
analysis of parallel distributed processing model, acquisition of past tense in English language, children, implications for neuroscience, 8046
anticholinergic benzhexol, learning & memory, medical students, 847
anxiety, inclusiveness of information processing, college students, 32876
Apple-Psych system, assessment of cognitive processes involved in language comprehension research, conference presentation, 7951
appraisals of effort & cause & certainty, differentiations of pleasant emotional experience, college students, 28352
arithmetic calculations, cortical steady potentials, 20–22 yr old females, conference presentation, 18183
associations vs dissociations between skilled problem solving & verbalizable knowledge of task performance, college students, 31863
attentional & information processing & other cognitive disorders, schizophrenic patients, literature review, 5321
attitude accessibility, evaluation of attitude relevant information, college students, 35349
attribution of memory to internal vs external source, elderly vs young adult females, 4605
auditory stimuli location cues & other parameters, visual perception response selection & information processing stages, adults, 38748
augmented vs BASIC computer programing instruction, cognitive outcomes, junior high school students, 6680
automatic vs effortful information processing on verbal memory tasks, 6–12 yr old males with attention deficit/hyperactivity disorder, 1925
automaticity of information processing, occupational efficacy, counselors, implications for counselor education, 6620
background & disorder variables, neuropsychological aspects of simultaneous processing in posterior lobe & successive processing in anterior lobe, neurological vs brain damaged patients vs elderly, 8987
backward alignment of alphanumeric stimulus, holistic transformation to upright orientation, college students, Israel, 24824
behavioral science research on normal thinking & emotional expression & motor functioning in schizophrenia, 22557
behaviorism vs cognitive psychology & folk psychology, mental models, 24801
beta carboline ZK 93 426, sedation & lormetazepam induced vigilosomnogram & cognitive changes, 20–40 yr old males, 14842
bias in RT & mental processing research, non-White adults, commentary, 306
body mass index vs cognitive factors, cumulative food intake, obese vs normal weight females, 26678
brand name comparative vs noncomparative advertisements & central vs peripheral cognitive processing, consumer attitude change, college students, 34999
caffeine, BP & heart rate & digital blood volume pulse & pulse transit time at risk vs during mental arithmetic task, college students, 21737
characteristics of captioned cartoons, cognitive processes of humor appreciation, 16–43 yr old college students, 28296
cholinergic stimulation, mood & behavior & cognition, elderly with Alzheimer's disease, 30520
classic inductivist vs knowledge structure approaches to causal attribution, high school & college students, 8019
cognition & learning mathematics in 2nd language, Black secondary school students, South Africa, 38140
cognition & use of computer spreadsheet software, experienced Lotus 1-2-3 vs Multiplan users, 31466
cognitive & emotional processes, satisfaction with training & commitment to teaching, secondary school student teachers, Finland, 31002
cognitive & motivational aspects, progression through stages of intentional change in weight loss & control, college students, 17923
cognitive activity during sleep, responsiveness to auditory stimuli, female 18–25 yr olds, 21606
cognitive components of locating information in computer documents, college students, 10788
cognitive demands of information abstraction, utility of various graphic representations of data, college students, 31467
cognitive determinants of interests, college students or vocational assessment center job applicants, implications for career development & counseling, 34852
cognitive effort & word frequency, word recognition following lexical decision vs recognition tasks, college students, 14396
cognitive effort, memory, 38914
cognitive evolution & social development perspective of neo-Vygotskian cultural historical school of psychology, 17511
cognitive factors affecting mood & cognitive therapy vs tricyclic antidepressants, depressed patients, conference presentation, 26702
cognitive factors in clinical anxiety states, 12011
cognitive factors, night sleep & nap lengths & period of circadian temperature rhythm & sleep wake cycle, 23 yr old male in isolation protocol, 21588
cognitive factors of self development, adults, 15037
cognitive functioning of evaluator, assessment of knowledge acquisition, 10779
cognitive functioning, 6–18 yr old children of recovering alcoholics vs nonalcoholics, conference presentation, 15933
cognitive implications of literacy, 14988
cognitive information integration model & assessment system, children with learning & neurological problems, 15984
cognitive learning theory & instructional design, 27590
cognitive models of depression, 11913
cognitive operations in aesthetic appreciation & emotional experience of music, conference presentation, 31829
cognitive processes & memory functioning, elderly, implications for gerontology treatment & education, 25660
cognitive processes during reading & writing, above vs below average 17–18 yr olds, 8133
cognitive processes in lexical decision, discrimination between word & nonword sounds, college students, 21264

cognitive processes in social skills, schizophrenic patients, implications for treatment, 29670
cognitive processes, interpretation of scientific & mathematical concepts, teaching applications, 322
cognitive processes involved in horizontal decalage, 5.8–7.3 yr olds, 29065
cognitive processes, learning disabled elementary school students with average vs high IQ, 12308
cognitive processing of map learning, instructional implications, 10814
cognitive processing of 1st vs 2nd mentioned sentence participants, RT in word recognition task, college students, 21263
cognitive reasoning & integrated science processes, analysis of learning hierarchy, 7th–12th grade science students, commentary, 41268
cognitive reasoning levels, validation of hierarchical relationships among Piagetian cognitive modes & integrated science process skills, 7th–12th grade science students, 8070
cognitive regulation of food intake, dieters, implications for eating disorders, conference presentation, 30126
cognitive representation of computer software, computer assisted instruction effectiveness with vs without tutorial help, student teachers, 27497
cognitive responses, mediation of belief & attitude cognitive structure of advertised brand, college students, 41537
cognitive science & psychology, literature review, 24820
cognitive simulation mathematical model of antisubmarine warfare commander, data fusion in estimation of enemy submarine tracks & interaction, experienced Navy personnel, 27981
cognitive strategies in hypotheses generation, college students, 7407
cognitive strategies, verbal fluency & comprehension, 3rd & 6th graders, 1043
cognitive structure, learning typing skills on chord typewriter, Hebrew speaking male college students, Israel, 20890
cognitive tasks in counseling, counselors, commentary, implications for counselor training, 27428
cognitive vs affective processing of neutral vs emotional stimuli, right vs left hemisphere parietal EEGs, male vs female college students, 18135
communicative adaptability & interaction involvement, primary & secondary teachers, implications for cognitive dream for competence, 36400
complex cognitive models using analysis of verbal reports vs productions vs response latencies, simple mental arithmetic including multiplication, 28291
componential model, mental addition, college students, 38862
comprehension of mental states, autistic 7.1–18.5 yr olds, 11999
computational stages & processes underlying gestural vs speech production, commentary, 14972
computational stages & processes underlying gestural vs speech productions, commentary reply, 14984
computer conferencing system, information processing & exchange & organizational structure, 13839
computer learning environments, cognitive accomplishments & problem solving skills, students, 3137
computer model of unconscious spread of anxiety linked inhibition in cognitive networks, female college students, implications for psychodynamic vs cognitive methods, 24804
computerized measurement of information processing RT & social value orientation, college students, 31629
concept development & teaching model & problem solving, conference presentation, 27545
concept of mind based on structural differentiation & integration of functions & domain specificity of mental processes, 7410
conceptual framework for concurrent cognitive processing streams in visual cortex, monkeys, 7645
conceptual models & cognitive task representation, use of computer command language, college students, France, 17432
conceptual therapy, cognitive processes & decision making, implications for organizational consultant, 13887
connectionist & parallel systems of cognitive modeling & functionalism, commentary, 38848
connectionist &/vs symbol processing models of cognition & learning, 7394
connectionist framework for modeling psychological processes & role in research on nature of information processing, 7417
connectionist framework, music cognition & perceptual facilitation, 3778
connectionist vs traditional models of cognitive architecture, 3804
consciousness & attention & intention & control & automaticity in motor skills, implications for speech, 10713
consciousness & cognitive processes, commissurotomized patients, 30037
consideration of nonprescribed behaviors, dollar judgments of work performance of employees, supervisors, 20769
consistency of display augmenting cues, performance on & mental models of secondary tracking task, college students, 20887
construct & criterion validity of planning & simultaneous & successive cognitive processing tasks, assessment of academic achievement, 2nd vs 6th vs 10th graders, 3328
construction & factor analysis of Constructive Thinking Inventory, self report of automatic constructive & destructive thinking, college students, 38613
construction integration & construct readiness, schizophrenic vs nonschizophrenic psychiatric inpatients, 15712
context of previous questionnaire items, cognitive processes & response bias in attitude surveys, 14082
contrasting views of consciousness held by existential vs cognitive psychology, 17529
contribution of M. Merleau-Ponty's phenomenology to information processing approach to perception, 7387
convergent & discriminate validity of simultaneous successive planning model using multitrait multimethod procedure, college students, 3798
conversations memory organization packets & scene order in cognitive vs actual discourse structure in informal initial conversation, college students, 38834
counselor mediation & metacognition & school learning, 6828
covert right vs left hemisphere mental tasks, bilateral parieto-occipital EEG, high vs low hypnotizable female college students, 616
creation of new mental worlds & alternate realities, 38835
cue consistency & numerical value & population narrowness, base rate utilization during Bayesian probability judgments, college students, 17856
dendritic correlates of cortical functioning, adults, 14702
development of & cognitive processes used in analog & digital clock display reading, 1st–5th graders, 21947
development of semantic & syntactic cognitive processes, learning symbols for decimal fractions, 4th–6th graders, 20493
developmental changes in speed of cognitive transfer, central limiting mechanism vs skill transfer hypothesis, commentary reply, 4614
difficulties with & cognitive effects of learning to program computers, literature review, 27608
difficulty of verbal vs spatial question, individual styles in lateral or vertical or bidirectional eye movements, college students, 14363
dimensions of restrictive relative clause processing, college students, Hungary, 14390
discrete vs continuous models of human information processing, 14395
discrimination of attention as independent form of mental activity, 35412
discrimination procedures & role of subliminal stimuli, awareness & unconscious & implicit learning, commentary, 38873
display size & background texture, parallel vs serial processing in feature discrimination task, college students, 17761

distraction & time pressure & familiarity & personality, quantity & content of consumer product label information recall, 18–34 vs 35–59 vs 60 yr olds & older, 17474
double trade off curve dual task method for equating task performance & capacity & developing mental work load scales, college students, 17836
droperidol or clonidine or other catecholamine active drugs, processing capacity & activation & arousal & attention, adult males, implications for noradrenaline & dopamine, 832
dynamics of mental processes during aging, elderly, 1160
ease of learning judgment &/or feeling of knowing, allocation of self paced study time, college students, 14397
efficient market hypothesis vs personal construct theory of judgment, earning forecasts, financial analysts, 10791
elaborative activities & orienting instructions, comprehension & recall & metacognitions, 12.5–14.1 yr old students, 31119
empirical evidence, cognitive representation & conditional reasoning performance on concrete task, college students, 14393
EPs of EEG, psychological processes, commentary, 21563
estimation of future position of moving visual target during tracking task, monkeys, 430
estimation of letter string length, differential P300 amplitude, 21–26 yr olds, support for adaptation level theory of P. Ullsperger et al, 25077
evaluation of computer mediated program for remediation of attentional deficits in speed of information processing, severely head injured 17–38 yr olds, 16929
evolutionary psychology computational theory of social exchange & natural selection & adaptive cognitive processes in problem solving, 25687
executive strategy training, metacognitive knowledge & ability to generate problem solving strategies & classroom grades & self reliance & work quality, learning disabled 10th–12th graders, 20592
experimental investigation of chromatic-lexical synesthesia, 76 yr old female, Great Britain, case report, 14232
experimental sleep disruption, sleep & cognitive performance & vigilance & mood, 18–28 vs 55–70 yr olds, 35693
exposure to circuit diagrams with components displayed as symbols vs squares, recall of pattern vs sequence of elements, 10th–12th graders, 8067
exposure to unsolvable problems, performance on low vs high importance test tasks, college students, Israel, test of learned helplessness vs cognitive interference vs egotism explanations, 24904
factor analysis, assessment of cognitive abilities & processes, 14359
factor analysis of WISC-R performance, simultaneous & successive cognitive processes, gifted & learning disabled Navajo elementary school students, 24169
factor structure including cognitive & affective & positive & negative dimensions of subjective well being, 29388
features of parent literate discourse & labels & paradigmatic organization in child's thought, parents & 2–3 yr olds, 39586
field dependence & skeletal vs detailed instructor provided vs personal notes, factual learning & higher order cognitive processing of lecture material, college students, 10125
field independence, simultaneous processing, 3–5.9 yr olds, 11398
fine motor skills & visual & visuospatial performance, right vs left vs mixed handed 54–76 mo olds, 32444
fluoxetine or trazodone or imipramine, thinking styles, depressed adult inpatients, conference presentation, 9583
fluoxetine vs amitriptyline with vs without diazepam, cognitive performance, 21–40 yr old males, 18401
flurazepam vs temazepam vs triazolam, plasma concentration & sedative intensity & performance impairment & memory, healthy 20–45 yr olds, 28861
fragmentary apprehension & recall & construal of aural & visual messages, instructional methods & media, 24008
frequent or infrequent summarization or personal study, text processing & recall, college students, 7482
gain analysis as formulation of heuristic rules for evolutionary changes & coordination with psychological processes, inventions including sewing needle & assembly line, 38329
general intelligence & RT on semantic verification test, academically gifted children & adolescents & their siblings, 25478
general intelligence, musical accuracy test performance, 9–11 yr olds, 25489
genetic & environmental influences, intelligence & speed of cognitive processing, 8–18 yr old dizygotic twins, 8020
Gestalt theory of cognitive restructuring & insight in information processing & problem solving, commentary, 24837
global & local information processing in memory system, college students, 38925
goal level & specificity, performance level & variability on RT & idea generation tasks, college students, 24901
habituation & information processing & attention, infants, commentary, 32442
habituation & information processing, infants, commentary, 32387
habituation & information processing, infants, commentary, 32443
habituation & operant visual fixation, infants, commentary reply, 32415
habituation & responses to new vs familiar stimuli, infants, commentary, 32417
habituation & responsiveness to visual novelty, estimates of intelligence, infants, commentary, 32396
habituation of visual fixation, infants, commentary, 32438
habituation rate & visual fixation variations & cognitive abilities, infants, 32414
hemisphere tested during rest vs spatial geometric task, alpha EEG reactivity, male vs female 15 yr olds & older with schizophrenia vs schizoid personality disorder, 33032
hemispheric language processing, right handed bilingual 15.5–17.4 yr old males in French immersion programs, 4107
hemispheric specialization for mental calculation & verbal tasks using time sharing paradigm, abacus experts, 21513
hidden surface removal & multiple light sources & shading, speed & accuracy of object mental rotation & perceived realism of computer generated 3 dimensional image, adults, 17422
high load information processing task for stress research, 3801
Human Cognitive Reliability model, assessment of probability of successful time constrained response to accident sequence, industrial crews, 38328
human information processing & evaluation of alternative unemployment measures, voters, 36308
hypotheses for connectionist vs traditional approach, cognitive modeling & relation to neuroscience, commentaries & reply included, 21024
hypotheses on information processing functions & endogenous & P300 components of EPs, commentaries & reply included, 21502
imagery, electrical recording of eye movements & covert lip & preferred arm response & EEG, right handed 22–40 yr old females, implications for neuromuscular model of information processing, 39157
imagination of line length to left vs right of mark & subsequent line bisection error, college students, implications for cerebral dominance, 14710
immediate context & meaning of task as pedagogical, group performance on arithmetic task, 6th graders, Sweden, 13551
impairments within & specialization of semantic processing system, commentary, 3826
implicit learning independent of awareness & methodological problems in experimentation, commentary reply, 38921
imputing knowledge vs hunger to story character, 2.9–4.9 yr olds, implications for understanding of information transfer & mental states, 11420
increasing detection task difficulty & mental effort, P300 brain EP & RT, 20–25 yr olds, 7689

individual differences in problem solving strategies, 10–11.6 yr old gifted vs learning disabled vs average students, Canada, 34789
individual differences, standards for cognitive editing of arguments in compliance gaining task, college students, 302
induced nitrogen narcosis with vs without lithium carbonate pretreatment, cognitive & psychomotor performance, adult divers, 14762
information characteristics, confidence & uncertainty in predictions about unknown quantity, college students, 7420
information processing & habituation & fixation times, infants, commentary, 32437
information processing & planning functions & intelligence, gifted students who had completed 7th grade, 17270
information processing associated with motor learning of arm kinematics & dynamics, literature review, 28199
information processing, clients with anxiety disorders, literature review, implications for clients with PTSD, 29591
information processing during habituation & visual fixation as operant conditioning, infants, commentary, 32428
information processing model, assessment of orienting response & psychophysiological measurements, humans, conference presentation, 4201
information processing theory vs phenomenology of perception, conference presentation, 7432
information processing vs affective choice mode, purchase of expressive products, graduate & undergraduate students, marketing implications, 38520
information processing vs operant model for habituation, infants, commentary, 32390
information transfer & mental states, 2.9–4.9 yr olds, commentary, 39570
information transfer & mental states, 2.9–4.9 yr olds, commentary reply, 39561
instance theory as alternative to modal theory, cognitive & behavioral aspects of skill acquisition & automaticity, 10838
instruction of metacognitive strategies, poor readers, 6697
instructional strategy planning model, linking of cognitive thinking & learning processes with computer instruction strategies using meta learning theory, conference presentation, 17173
integration of biological & social & habitual & reflective processes, concept of habit, commentary, 1169
integration of cognitive & motor performance & reasons for individual differences, motor skill learning, 28345
integration of psycholinguistic & neurological & psychological approaches, research in syntactic processing, 35340
integrative framework using cognitive knowledge representation & associative networks & judgmental heuristics, option generation for evaluation in formal decision analysis, 24823
intelligence & cognitive encoding speed & habituation, infants, commentary, 32393
intention & attention paid to dreams & recall & REM vs other sleep stages, self reflectiveness & lucid dreaming as learned cognitive skills, college students, 28372
intentional stance strategy of prediction of future behavior in living & nonliving systems, commentaries & reply included, 21258
interaction & constraints between selective attention & memory storage, information processing, humans, 336
interaction of cognitive & excitatory processes in anger & aggression, 7499
intercorrelation of Jensen & Keyboard RT tasks & correlation with WAIS-R, assessment of information processing speed & intelligence, 18–39 yr olds, 3634
interdisciplinary approach to & methodological conflicts & modularity & naturalness in cognitive sciences, 7392
interhemispheric transfer & unilateral processing of information, patients with depression vs schizophrenia vs schizoid tendencies, 19197
interpretive vs procedural coping in problem solving, application of production systems model, 39969
interruption method, analysis of structuring of symbolic content of literary text, 25 yr old female graduate student, 14425
interstimulus interval in vertical & oblique spatial frequency gratings, preattentive deficit, chronic schizophrenic patients, 5326
introspective access & accuracy of metacognitive causal reports, literature review, 3837
intuitive similarity of mood & cognitive structures of emotions & action readiness, 19–36 yr olds, 35396
iv infusion of norepinephrine & isoproterenol, forearm & total body norepinephrine pharmacokinetics assessed during video game or cognitive task, adults, 851
judgments about relationships between mental activities, 24843
knowledge acquisition using cognitive models of context & scene, second hand perception from books & pictures, 17862
knowledge structure & semantic transference of analogies & metaphors, 305
knowledge vs appraisal, empirical & theoretical concepts & relationship of cognition & emotion, 28194
language skills & cognitive processes, reading comprehension, learning disabled 15–18 yr olds, 19448
lateral dominance in cognitive processes & personality traits, college students, 28611
learning of complex cognitive skill, 64 yr old male with Korsakoff's amnesia, 22781
level of system automation & task complexity, performance & subjective workload ratings, 17–31 yr olds, 21282
lexical structure of primitives in backward counting task, multidigit number omission errors in speeded performance, Walloon French speaking college students, 21278
lexical vs personal meaning, cognitive processes & pathology on Rorschach protocols, hospitalized schizophrenic patients vs normal adults, 8633
limitations of linguistic performance models & connectionist models of cognitive processing, 7415
linguistic vs spatial preferred strategies, solving 3 term series problems, college students, 330
local interaction based representation system for human & computer interface & inferred user cognitive states, 41495
localization of cognitive operations in human brain, 14695
locus of semantic context effect in spoken word processing, native speakers of Dutch, Netherlands, 38863
lofepramine vs other antidepressants, information processing & motor responses & psychodynamic effects & toxicity, patients, conference presentation, 30456
Logo vs commercial interactive software, problem solving & metacognition & composition skills, 1st graders, 10077
mapping strategies with basal reader stories, reading comprehension & writing performance, 5th graders, 17201
maternal education, cognitive processing ability as reflected in vocal responsiveness to mother vs stranger, 3 mo olds, 8050
mathematical & spatial & verbal task difficulty & anxiety & vigilance, EEG alpha asymmetry, right handed college students, 39087
memory for generated vs read mathematical stimuli, college students, 31875
memory load in sensory vs cognitive tasks, performance & subjective effort & GSR, college students, Netherlands, test of R. Parasuraman's taxonomy of vigilance tasks, 24913
mental action, objective vs concrete realization of thoughts & images, 35344
mental algorithms & their implementation, methodology for understanding cognition, humans, includes 22 commentaries & reply, 291
mental arithmetic, heart rate & BP, Black vs White male, 11088
mental arithmetic problems, respiratory resistance, male college students, 713
mental arithmetic task, dark focus of accommodation, 19–35 yr olds, 21519
mental control abilities & strategies, depressed vs nondepressed college students, 15811

mental model of risk assessment, interpretation of patient package inserts with information about possible side effects, pharmaceutical drug users, 9532
mental readiness & control, sports performance, Olympic athletes, Canada, 20989
mental rotation, judgment of clockwise vs counterclockwise direction, 18–50 yr olds, 17837
mental rotation task induced EPs, 19–31 yr olds, 28621
mental rotation vs imagery performance using numbers vs letters vs drawings, 56 yr old male with right hemisphere stroke & brain damage, implications for object recognition, 12383
mental structures & events & unconscious processes, 8430
metacognitive awareness of strategy efficacy before vs after use of mnemonic keyword method vs semantic context generation for vocabulary learning, 24–39 vs 60–88 yr olds, 4579
metacognitive knowledge about expository writing & text organization, learning disabled vs low vs high achieving 4th–5th graders, 10188
method of task analysis, cognitive processes in software development, implications for expert systems, 24382
methodology for research in content specific cognitive changes during mathematics instruction, 6691
methylphenidate dosage, attention & information processing, male adults with minor depression &/or personality disorder, 9491
milkshake preload, ice cream consumption, female college students with high vs low cognitive restraint & weight suppression, 15527
mindfulness/mindlessness cognitive model of responses, visitors to interpretive centers in public forests, 38538
model of affective & cognitive processes in close relationships & marriage, 1347
model of parameters of information processing & intelligence assessment, 17853
modular & explicit information processing theory of cognition, inferences about normal cognitive processing & neuropsychology from cognitive deficit research, commentary, 26012
modular functional architecture & internal numerical representation, model of cognitive number processing & calculation system, commentary reply, 24849
modularity vs unity of cognitive architecture for attentional processes & mechanisms of semantic & perceptual priming, 17931
movement related cortical EPs, early communication between neural stimulus evaluation & response systems, humans, 25029
multidimensional information processing model for assessment of intelligence, learning disabled students, reprint, 10310
multiple choice categorical syllogistic problem solving, use of diagrammatic vs elemental vs verbal mental representation strategies, college students, 10799
multiple choice test items, assessment of memorization & interpretation & problem solving cognitive domains derived by J. J. Guilbert, medical students, Canada, 13701
multiple resources model of task sharing within & between hemispheres, implications for human factors, 17861
naloxone dosage, behavior & cognitive processes, normal 44–74 yr olds, implications for Alzheimer's disease, 919
narrative vs editorial reader vs stream of thought generator computer models, comprehension &/vs generation of emotional behavior through cognitive processes, 35342
nasopharyngeal EEG assessment of information processing disorders of limbic structures, schizophrenic patients, 29635
nature & familiarity of event & amount & type of processing during presentation, frequency judgments, college students, 17850
nature & functions & processes of problem definition & relation to creativity, 17868
necessity of inference & mapping processes as components of analogical reasoning, 8th grade vs college students, 18618
negative vs positive & length of wh-questions of prose, search processes & response RT, adults, test of J. R. Anderson's ACT theory, 28310
neural & neurobiochemical & endocrine components of neurophysiological typology of behavior, 11022
neurological migraine, prodromes, interhemispheric attentional processing & balance, adults, 19568
neurophilosophical discussion of existence & brain & information processing machines, 28021
neurophysiological & cognitive aspects of theory of depression, 22655
neuropsychological evidence for multiple semantic systems, commentary reply, 3809
neuropsychological evidence for single amodal semantic system vs modality specific perceptual recognition systems, 3825
neuropsychological processes & hemispheric specialization of mental imagery, 14682
noise, multiplication task efficiency & skin resistance, postgraduate students, India, 21605
noun negation, activation of mental representation of same vs associated noun, college students, 31850
number matching task, obligatory activation of arithmetic facts, college students, 346
ocular motility & specific cognitive processes, college students, 3718
parallel distributed processing model using neural network vs traditional symbolic models using rule based processes, simulation of human cognition & information processing, 24842
parallel vs separate processing of consistent vs varied mapping tasks, RT & P300 response latency, college students, model of skill acquisition & automaticity, 24880
partial stimulus information in response preparation measured by EPs, RT, 19–25 yr olds, implications for models of choice reaction performance, 10785
PAST software package, assessment of cognitive processes during programing, programers, 17863
pathogenetic role vs cognitive perception of stressors, conceptualization of cardiovascular reactivity in development of hypertension, conference presentation, 30072
pattern structures & task condition, production of figural patterns, college students, 10792
perceptual fixity vs mobility, interpretation of pictorial stimuli, adults, 11850
performance on number conservation vs successive information tasks, forward vs backward processing 5.5–6.5 yr olds, 1050
pharmacokinetic & encephalotropic & psychotropic properties of anxiolytic imidazo-pyridine alpidem or lorazepam, healthy 19–38 yr olds, 25300
physical practice, imagery ability & physiological correlates of mental rehearsal & skill learning, novice conductors, 21249
physical vs nominal matching task RTs, learning disabled elementary school students vs normally achieving 2nd–7th graders & college students, 26380
physiological aging, visual perception & information processing, implications for everyday vision, 8196
pictorial &/vs lexical stimulus pairs controlled for vs varying in size, information transfer RT & same different judgment of meaning, college students, test of theoretical model, 14409
planning of motor skill performance, clumsy 6–9 yr olds, 8040
political decision making framework, cognitive processes in dealing with mythical government's large budget deficit, experts vs novices in 3-person groups, conference presentation, 32724
positron emission tomographic measurement of activity related regional cerebral blood flow changes & identification of active brain regions during auditory & visual word processing, adults, 11045
postural change with mental arithmetic & isometric handgrip tasks, BP & heart rate & skin conduction, adult males,

implications for management of orthostatic hypotension, 7723
predictive validity of information processing measures of habituation in early infancy, individual differences & stability in mental development & intelligence, infants, 35096
prefrontal cortex & parallel systems of distributed neural networks, cognitive operations, primates, 4102
prefrontal cortical blood flow during cognitive tasks vs rest, 25–61 yr olds with Huntington's disease, 2157
primed word recognition & emotional experiences & situational knowledge, organization of emotional concepts in memory, 19–60 yr olds, 35395
priming by cue statements following presentation of 3-letter Hindi words & high vs low intensity white noise, cognitive processing & retention & recall, male 13–17 yr olds, 36033
problem oriented computer managed simulation, higher order thinking strategies, students, 10101
process oriented models of cognitive aging, 4644
processes in identification of word pairs as antonyms or synonyms, college students, 14380
processing & representation of sentences with object vs event anaphoric references, college students, Ireland, 14404
processing & retrieval of speechread information, normal hearing infants & adults, 21940
processing of emotional stimuli & cognitive change mechanisms, cognitive behavior therapy, 37284
processing of flattering vs unflattering personality feedback, depressed vs nondepressed female college students, 5320
processing of memories & knowledge in REM & NREM dreams, adult males, 35410
processing of semantic categories, brain damaged 38 yr old male, 5777
professional experience & construction of explanation for event, judgment of event probability in financial auditing context, college students vs novice vs experienced auditors, 3793
progressive part vs whole methods of practice & hemispheric preference for information processing, speed & accuracy in typewriting, high school students, 36053
propositional & proportional & combinational formal operational reasoning, college students, Africa, 21253
prosodic factors, information processing during reading evaluated by error analysis, dyslexic adults, commentary reply, 40319
prosodic factors, information processing during reading evaluated by error analysis, college students vs male with surface dyslexia, commentary, 40322
prototypes for simple concepts, construction of prototypes for composite concepts, college students, 28312
provision of additional processing time, memory for specific text in rapid sequential reading, college students, 24888
pseudoautomatization in user machine system, dual task interference without secondary task effects on cognitive processes, simulation, 17427
psychoanalytic model of process of primary learning & development of cognitive & perceptual processes, 36051
psychometric characteristics of habituation & processing of stimulus information, infants, 32378
psychometric properties & comparison of measures assessing social cognitive processing & relation to depressive symptoms, 8–12 yr olds, 26159
psychophysiological & developmental perspectives of habituation, infants, commentary, 32457
psychosemantic theory, curiosity behaviors & role of cognitive antecedents, 5–8 yr olds, Israel, 21961
psychosis & cognitive processing & left hemisphere dominance & schizophrenia, 29592
public vs private format, response latency for certainty ratings of conservation judgment of older peer, K–1st graders, Canada, 32435
question & answer teaching method & understanding of resultant student cognitive processes, student responses, student teachers, 6650
quiet wakefulness vs verbal vs numerical tasks, spatial distribution & factor structure of regional EEG parameters, adults, 18114
reading patterns at word & line & sentence levels, fast vs slow reading college students, 38894
reading processes for narrative & expository text, illiterate adults vs 2nd & 4th grade low vs regular readers, 15066
reading vs generation of target items during study, performance on data driven vs conceptually driven memory tasks, college students, 31873
recall of computer programs, assessment of knowledge organization & expertise, novice vs experienced programers, implications for personnel selection, 7485
recognition of words previously supplied by E in complete form vs generated by S from fragments, college students, 14357
regional cerebral glucose metabolism & memory & attention & abstract reasoning, 45–77 yr olds with mild dementia of the Alzheimer's type, longitudinal study, 9065
reinforcement in operant habituation paradigm, infants, commentary, 32412
relationship between pitch & loudness vs volume & brightness perception, integrality in cognitive processing, college students, 14327
relaxation vs mathematical calculations vs acoustic stimuli, electrodermal reactivity of forefingers vs middle vs little fingers of right vs left hand, 19–22 yr olds, 14725
relaxation vs mental arithmetic task vs cold pressor test, BP & cardiac interbeat interval measuring baroreceptor reflex, female nurses & paramedical staff, 35684
release from proactive interference, short term memory development, school age children & adolescents, 994
reliability & validity of visual fixation & habituation & later cognitive ability, infants, commentary, 32420
research on reading comprehension process, children, 25466
research paradigm utilizing endogeneous components of EPs, study of cognitive processing, 25038
research strategies & techniques in cognitive neuroscience, 21499
response element similarity & length in 2 choice motor task, response planning & choice, college students, test of hierarchical editor model, 10711
responsibility for relationship maintenance, cognitive processes in adapting to breakup, college students, 39861
role of cognitive processes in medical diagnosis & assessment of mathematical talent, 323
role of theory in cognitive psychophysiology research, 702
route complexity, secondary task performance as measure of mental effort, blindfolded sighted adult, implications for blind pedestrians, 19494
RT & anticipation time in information processing, 13–30 yr old athletes specializing in closed vs open skill sports, 39591
RT & mental arithmetic & cold pressor tasks, cardiac output & forearm blood flow, male college students, 698
secondary cognitive task, performance & relearning of primary verbal task requiring interaction with 2 computer personalities, college students, England, 3855
"seductive details", recall of important information & comprehension & matching pictures with text, graduate students vs 7th graders, 38888
selective attention examplar vs rule based models, prediction of categorization & identification & recognition performance, college students, 24839
self as information processing system, literature review, 21261
self attribution, Stroop color naming response times, college students, implications for cognitive structure of self, 17846
self organization theory of speech development & acquisition, implications for teaching deaf children to talk, 11403
self rated tolerance for mental effort, performance on high demand cognitive task in quiet vs noise & task related perceptual measures, college students, Sweden, 24808
semantic priming, naming semantically related target word, college students, 14361
semantics & cognitions of force dynamics, 7429
sequential &/vs simultaneous remedial processing training, cognitive processing & academic achievement, mildly mentally retarded primary school students, 17257

sequential vs simultaneous composites of imaginal transformations, 17–28 yr olds, Canada, 28195
sequential vs simultaneous processing performance, 2.5–8.5 yr olds, Japan vs US, 8024
serial vs dual processing model of discourse & taxonomy of humor & wit, 7963
sex & general intelligence, information processing, 2.5–12.5 yr olds, 8002
sex & sport type, amount & error & rate & consistency of mental concentration, 13.5–16.5 yr old athletes, 39578
sex, clerical speed of serial comparison vs encoding/recognition processes, college students, 14391
sex, cognitive & attributional & behavioral responses & perceived competence, college students competing in actual competitive win/lose situation, 39912
short vs long response stimulus interval, error priming in simple multiplication, college students, 38820
signal detection analysis of information processing during lithium therapy, manic depressive patients, 9530
similarity in developmental speed of processing on cognitive tasks, test of R. Kail's central limiting mechanism hypothesis vs models of skill transfer, commentary, 4651
simultaneous vs successive bilateral stimulus presentation, interhemispheric cooperation & activation during integration of verbal information, adults, conference presentation, 14662
simultaneous vs successive verbal vs nonverbal processing, 16–67 yr olds with left vs right anterior vs posterior brain damage, 8988
single patient studies of acquired cognitive disorders, validity of inferences about normal cognitive processing structure & neuropsychology, 25976
single patient studies vs bootstrapping model, formation of normal cognitive processes models from disordered population research, commentary, 25974
single vs dual task visual tracking & average integrated error, college students, 14260
situational information, predictions of behavior, kindergartners vs 3rd graders, 8052
smoking with vs without noise, attention in rapid information processing & EEG & plasma cortisol & prolactin & growth hormone levels, 19–37 yr old females, 39176
social cognition theory & research on stress & coping, 39949
social cognitive theory & organizational behavior & management decision making, 38387
social competence & information processing skills, males with severe closed head injury more than 18 mo previously, 37031
social marking consistent vs inconsistent with social norms, ordering task performance, 6th graders, 11477
social perception & problem solving & self monitoring & other cognitive skills, social interactions & competence, children, implications for social enhancement programs, 4726
somatotype & piracetam, working capacity & performance on visuomotor tracking & memory & RT & arithmetic tasks, 18–20 yr olds, 18444
spatial & temporal representations of nursery school routine & novel unidirectional route, preschool students, 25455
spatial features, serial search & same different comparisons of imagined vs perceived objects, college students, 318
spatial organization of information in spreadsheet calculation, memory load, college students, Finland, 31894
spatiotemporal orientation & concentration & visual memory before vs after elective surgery with general anesthesia, middle aged vs elderly patients, 2648
speech shadowing techniques & rate of presentation & grammatical acceptability of sentences, language processing & reading ability, 2nd–8th graders with good vs poor reading ability, 18583
speed of information processing assessed through timed substitution tests & IQ assessed through cognitive aptitude tests, college students, 14386
speed of processing & intelligence under conditions requiring divided attention, 15–46 yr olds, 14405
stages of semantic processing in picture identification, brain damaged male, 5675
stimulus probability, late components of saccade related brain potentials during cognitive tasks, adults, 4157
story comprehension & rehearsal, hemispheric alpha amplitude & narrative production, 8.1–10.9 yr olds with vs without learning disabilities, 33406
story learning & recall context, ease of retrieval measuring incorporation into existing world knowledge, college students, 35388
Stroop Color Word Test, automatic vs effortful processing & cognitive inertia, mentally retarded adolescents & adults vs college students, 22840
structure & vividness of image & cognitive functions of imagery, 28360
success vs failure feedback, expectancies of & performance on word construction, high vs low irrational college students, 38850
suggestions vs instructions under varied attentional focus conditions, involuntary responses & thought content under hypnosis, hypnotic vs nonhypnotic college students, Canada, 7509
summary of argumentative text & goal of information memorization vs preparation for support of opinion, text interpretation, high school students, 15058
superficial similarity between earlier & test problem, access to & use of earlier problem, college students, 24844
supported & nonsupported static object view, recall of object position consistent with physics laws, implications for mental representation of forces in equilibrium, 14372
symbolic interactionist vs G. H. Mead's theory of habit, emotion & self consciousness, 8412
task action grammar model using mental representation of task languages, prediction of learnability for lexical computer command language structures, adults, 24425
task complexity, speed of processing & intelligence, male 17–34 yr old Navy recruits, implications for vocational aptitude, 14385
task conditions & cognitive plans, academic task performance, elementary school students, implications for instruction, 3139
task factors & teacher behavior, involvement in science lessons & use of learning strategies, 4th–6th graders, 3179
task format & spatial ability, cognitive strategy on sentence verification task, adults, 21254
task processing level & strategic factors & prime-target modality, cross form vs within form facilitation of picture &/ vs word name vs category verification, adults, 14356
taxometric analysis of cognitive & neuromotor variables, 7–12 yr olds of schizophrenic or depressed parents, 40097
technique for analysis of verbalizations, assessment of cognitive processes during solving of mathematics problems, 10th grade male, Australia, conference presentation, 24050
thematic role assignment & content based expectations, individual word reading time in processing prepositional phrases, college students, 21854
theoretical controversies of automaticity & resource processing vs memory, implications for design of training programs, 17895
theory of exaggerated cognitive & personality characteristics, schizophrenia, 1571
theory vs prototype problem solving approach, motion problems, college students, 17875
thinking aloud during production of highway related formulas, moment by moment measurement of & changes in intuitive vs analytical cognition, highway engineers, 24816
time & mental workload in adaptive interface design, 20891
time limits of cyclical events, activity organization, male farmers, 35368
topic vs vehicle imagery, metaphor comprehension & processing & RT, college students & workers, implications for dual coding theory, 3821
Trail Making Test & Brown Peterson Auditory Memory Test & Paced Auditory Serial Addition Test, measurement of information processing ability, 16–69 yr olds, 142

training in self questioning & answering about salient features, performance on constantly changing matching task, 4.4–5.3 yr olds, 15070
trauma learning model of thinking & information processing, female 3 yr old victim of sexual abuse, 26244
typing transcription of prose texts vs random words, interstroke intervals measuring language processing at perceptual vs motor level, professional typists, US vs Netherlands, 7400
ulterior motive information, cognitive processes, 5 & 7 yr olds, 1003
unconscious cognition & implicit learning & status in cognitive psychology, commentary, 38907
unconscious cognition implicit learning, artificial grammar, probability learning, 38920
underestimation or overestimation vs false consensus in social projection & contributions of cognitive & motivational mechanisms, adults, meta analysis, 25880
unintentional cognitive processes, moods & attitudes & emotions, 376
unrelated pairing vs semantic vs repetition priming of sequential word pairs, perceptual fluency of word recognition & apparent stimulus duration, college students, 316
upright posture & cognitive challenges, sympathetic activation & plasma catecholamine & cardiovascular responses, adult males with early Alzheimer's disease, 29872
use of verbal-nonverbal consistency principle to judge truthfulness & lying, 5–9 yr olds, 21976
validity of Speed of Information Processing subscale of British Ability Scales, 6th graders, US, 38594
validity of Test of Attentional & Interpersonal Style, prediction of attention related visual information processing, college students, implications for sport psychology, 38607
value sequence anchoring & primacy effect, factual & self efficacy judgments & cognitive tasks, college students, 35358
variations in mental processing tendencies assessed by K-ABC, circle drawing directionality, right vs left handed 5–12.5 yr olds, 1019
verbal ability & selective attention & cognitive structures, accuracy of social perception in selection interview, male vs female college students, 41407
verbalization of cognitive processes, performance on computer assisted clinical simulation, pediatric nurses, 41129
visible persistence & visual analog representation, performance in partial report task & visual information processing, adults, 10724
visual acuity & motor speed & dexterity, performance on Trail Making Test-Part B & performance subtests of WAIS, 21–73 yr old male neuropsychiatric patients, 29472
visual guidance, cognitive representations & observational learning & modeled actions, college students, 200
visuospatial processing, chronic alcoholic adults, 36848
word length & consonant & vowel & syllabic structure & meaning, phonemic segmentation performance, elementary school students, Netherlands, 36085
word perception & symbolic & semantic processing, development of methodology for determining brain neuron electrophysiology & spatiotemporal organization, adults, 18095
word primes, latency in naming of primed vs unprimed word vs letter, college students, 17844
word recognition & intuitive similarity & cognitive structure & experiences of mood & emotions & action readiness & situational knowledge, mental representation of emotion, commentary, 35406
word vs text level transfer following different reading experiences, college students, Australia, 24827
work history & belief structures & information processing, managers, 17378
zipiclone vs nitrazepma, arousal level & muscle strength & psychomotor performance & memory tested 1 day after dosage, male college students, 887
1-desamino-8-D-arginine-vasopressin, memory & information processing, 18–60 yr olds recovering from minor head injury, 34024
3 macrological vs 3 micrological thinking skills curricula, 31023

Cognitive Psychology

behaviorism vs cognitive psychology & folk psychology, mental models, 24801
behavioristic & cognitive approaches, development of effective educational technology, 23968
bias in literature review of clinical judgment, commentary, 5945
circulation of concepts between biological & cybernetic disciplines of cognitive science & systemic family therapy, 30360
clinical judgment in cognitive psychology & use of tetrahedral framework, methodology of clinical judgment studies, commentary reply, 5977
cognitive & evolutionary psychology & psychological mechanisms & interactions of individuals' private cultures in social groups, 25709
cognitive & legal psychology framework, analysis of recompense as stimulus & response, 11651
cognitive behavioral approaches to organizational behavior, 1984–87, literature review, 27940
cognitive goals & strategies & techniques, individual & group school counseling, mildly mentally retarded mainstreamed students, 31244
cognitive models & paradigms of intelligence, 1982–85, 3822
cognitive models of skill acquisition in group supervision environments, counselor trainees, 20377
cognitive nature of pictorial representation, commentary, 39440
cognitive psychology & achievement test development in education, 38282
cognitive psychology & advertising & marketing research, 38523
cognitive psychology & usability of interactive computer systems, 41494
cognitive psychology, performance discrepancies, learning disabled children, conference presentation, 19464
cognitive psychology principles & statistical methods, sample survey design to reduce sources of variability, 31536
cognitive psychology research & consultation problem solving, novice school psychology students vs expert school psychologists, training implications, 38304
cognitive psychology research & consultation problem solving, school psychologist, commentary, implications for training & school services, 38265
cognitive psychology research in consultation problem solving & counselor education, school psychologists, commentary, 38289
cognitive psychology research in consultation problem solving, school psychologists, commentary reply, 38303
cognitive psychology theories & methods, knowledge elicitation & factors constraining exhibition of competence, literature review, 7395
cognitive science & engineering, design & use of expert systems, 13911
cognitive science & psychology, literature review, 24820
cognitive science vs behavioral constructs as models for learning & skill development in military training, Air Force aircrews, implications for teaching methods, 17459
cognitive theories of psychology applied to economic systems, 32715
cognitive theories vs therapies of depression, 26032
cognitive/behavioral theories & cognitive distortions as vulnerability factors, understanding of depression in females, commentary, 29641
cognitive/behavioral theories & coping with problem solving & stress, understanding & differences in prevalence of depression, females vs males, commentary, 29606
cognitive/behavioral theories & self perpetuating statistical probability model, overdiagnosis of depression in females, commentary, 29652
cognitive/behavioral theories & sense of control in psychotherapy, understanding & treatment of depression in females, commentary, 29611

cognitive/behavioral theories, methodology & relevancy of findings & treatment of depression in females, commentary reply, 29655
cognitive/behavioral theories, understanding & description vs definition of depression in females using social context & feminist perspective, commentary, 29584
cognitive/behavioral theories, understanding of depression in females vs males & "fuzzy" nature of label & influence of employment & demographic groups, commentary, 29621
cognitive/behavioral theories, understanding of depression in females, commentary, 29519
cognitive/behavioral theories, understanding of depression in females, commentary, 29527
cognitive/behavioral theories, understanding of depression in females, commentary, 29549
cognitive/behavioral vs feminist theories, explanation for prevalence of depression, females, 29654
cognitively based method, evaluation of computer aided design task performance, implications for software utility in architectural design, 24330
complementarity & causal isomorphism, interrelation of mental & physical processes, commentary reply, 7010
complementarity & causal isomorphism in understanding interrelation of mental & physical processes, commentary, 7016
constructivist vs cognitive psychology vs philosophy of science models of reality & knowing, 35329
contrasting views of consciousness held by existential vs cognitive psychology, 17529
contributions of computer vision & perceptual psychology & philosophy of mind to study of modules in vision, 3770
critique of Piaget's views of cognitive child psychology based on M. Merleau-Ponty's phenomenology, 8051
current convergence of behavioristic & functional & cognitive perspectives in experimental psychology, 14028
defeasible reasoning, theories of epistemology vs artificial intelligence vs cognitive psychology, 320
definition of cognitive engineering as application of cognitive psychology, person-machine systems design & interaction of cognitive & computational technology, 6956
demographic characteristics & beliefs about methodological & theoretical issues, behavioral vs cognitive psychologists, 17034
development of & differences between behaviorism vs cognitive psychology vs new cognition theories, 17
ecological approach to perception & memory in cognitive psychology, 24701
ecological validity of H. Ebbinghaus's work in learning & memory & view of R. C. Bartlett, conference presentation, 17713
empirical support for cognitive/behavioral theories, understanding of depression in females, commentary, 29543
integration of biology & cognition & epistemology in "The Tree of Knowledge" by H. R. Maturana & F. J. Varela, 35037
interdisciplinary approach to & methodological conflicts & modularity & naturalness in cognitive sciences, 7392
Listmaker programing language, generation of stimulus lists for cognitive psychology experiments, conference presentation, 7401
Marxist-Leninist theory of cognition as origin & contemporary problems & understanding, cognitive psychology & its methodology, 35049
methodology & cognitive/behavioral theories, investigation of sex differences in psychopathology & understanding of depression in females, commentary, 29601
model of social interaction between cognitive & market failures, 13758
music therapy & psychology of music, 12553
naturalistic psychology vs behaviorism, commentary, 21248
naturalistic psychology vs behaviorism, commentary, 21281
parallel distributive processing, psychophysiology, 21619
philosophical & historical & theoretical foundations of schema theory in cognitive psychology, 37332
response order effect, cognitive theory in survey measurement of values, respondents, 11825
role of cognitive psychology & language development, reformulation of developmental psychology, African American children, 1950s–70s, 25396
Skinnerian vs Piagetian vs existential phenomenological approaches to poetic or artistic or aesthetic experience & behavior, 28022
software package for cognitive psychology & perception research methods laboratory, conference presentation, 38117
terminology used to describe states of mind in cognitive psychology, 14042
theories & approaches in cognitive & developmental sciences, psychotherapy practice, 12682
unconscious cognition & implicit learning & status in cognitive psychology, commentary, 38907

Cognitive Rehabilitation

assessment & selection & use of augmentative communication systems in rehabilitation, brain injured patients with cognitive language deficits, 13186
assessment & treatment considerations & rehabilitation utilizing computer assisted cognitive training, neuropsychologically impaired alcoholic 30–65 yr olds, 13246
behavior management programs in residential rehabilitation center, head injury patients, 2871
cognitive map for diagnosis & treatment of interpersonal deficits in inpatient setting, 19 & 30 yr old males with head trauma, 2867
cognitive rehabilitation & neuropsychological counseling in private practice, patients with mild to moderate cognitive impairments, 2171
cognitive rehabilitation outcome, head injured patients, literature review, 13219
cognitive rehabilitation using drug therapy or biofeedback or cognitive behavioral therapies, posttraumatic headache symptoms, patients with minor head injury, 9831
cognitive remediation, visuospatial problem solving, alcoholic males in treatment program, 6525
cognitive retraining, cognitive deficits following brain injury, 9853
cognitive skills remediation training, 68–93 yr olds with Alzheimers disease or mixed dementia, 20226
computer assisted therapy in rehabilitation, cognitive communicative impairments, brain injured 33 yr old male with impaired verbal skills, 13225
computer assisted vs noncomputerized cognitive rehabilitation, severely closed-head-injured patients, 16904
development & evaluation of effectiveness of cognitive rehabilitation programs, head injured patients, 30797
efficacy of external cuing system, initiation & range of affect, 39 yr old right handed male with severe frontal lobe damage, 16935
emerging issues in cognitive rehabilitation, head injured clients & their relatives, implications for private practice psychotherapy, 30786
ethical issues in microcomputer assisted cognitive rehabilitation, 27282
evaluation of computer mediated program for remediation of attentional deficits in speed of information processing, severely head injured 17–38 yr olds, 16929
executive function skill limitations & cognitive rehabilitation, traumatically brain injured clients, 23727
family reactions & relations, rehabilitation, head injured family members with cognitive communication impairments, 13185
Halstead Reitan Neuropsychological Test Battery & REHABIT, retraining neuropsychological abilities, children & adults with cognitive impairment, 13217
holistic cognitive & interpersonal & vocational neuropsychological rehabilitation program, employment & vocational adjustment, head injured 18–55 yr olds, 3 yr followup, 9832
interaction between neuropsychology & occupational therapy, functional living skills rehabilitation, patients with traumatic brain injuries, 6490
interdisciplinary neurodevelopmental team assessment model & planning for early childhood treatment, brain injured 33 mo old female, 13173

issues in outpatient cognitive retraining of clients with neuropsychological deficits, psychotherapists in private practice, 30785
language processing approach to treatment & rehabilitation, aphasia, brain injured patients, 13198
maintenance & generalization following problem solving strategy training, 24–31 yr olds with closed head injuries, 23713
microcomputer task guidance system as compensatory device for cognitive impairments, 28 yr old female with herpes encephalitis, 9847
multiple oral reading technique, 23–57 yr old dyslexic stroke patients, 20251
neurobehavioral approach to cognitive rehabilitation planning, brain injured patients, 30807
neurobehavioral systems approach to assessment & treatment of cognitive communicative impairments, closed head injury patients, 13223
neurometric brainmapping, discrimination & treatment of dementia or mild cognitive impairment or head injury or drug abuse or addiction or learning disorders, 26005
neuropsychological assessment & behavior therapy, head trauma rehabilitation, 38 & 40 yr old males with head injuries, implications for behavioral neuropsychology model, 6480
neuropsychological assessment, rehabilitation planning, patients with traumatic brain injuries, 6473
neuropsychological test results, interdisciplinary cognitive rehabilitation, adults with head injuries, 6499
outpatient cognitive retraining vs residential treatment, community readaptation, 16–53 yr old patients with traumatic brain injury & persistent cognitive deficits, 27268
rehabilitation interventions, organismic health & cognitive functioning, 14–55 yr olds with traumatic brain injury, 3 & 6 & 12 mo followups, 27296
rehabilitation, subtle cognitive communication deficits, 35 yr old traumatically head injured male, 13210
REHABIT retraining program, verbal development, brain damaged 6 yr old male, 25 mo followup, 9834
social skills approach to cognitive communicative rehabilitation, community reentry, patients with head injuries, 23722
speech treatment procedures & rehabilitation, social conversation skills, chronic brain injured 21 yr old male with spastic dysarthria, 13172
structured cuing method using target words in narrative, recall of recent personal history information, amnesic 49 yr old male with chronic alcoholism & Korsakoff's syndrome, case report, 30788
structured memory remediation, head injured adults with mild to moderate neuropsychological impairments, 9858
training vs environmental support cues, reality orientation program, senile demented 70–89 yr olds, 2416

Cognitive Restructuring

cognitive reeducation tutorial program, adaptive & cognitive functioning, head injured 4.0–10.9 yr olds, 10208
cognitive restructuring & political cognition, 12–17 yr olds, 25536
exposure therapy with vs without cognitive restructuring, patients with social phobia, 23214
Gestalt theory of cognitive restructuring & insight in information processing & problem solving, commentary, 24837
multidimensional treatment utilizing cognitive restructuring & self help group & behavioral & psychodynamic treatment, bulimic female 19 yr old college student, case report, 37211
progressive retention training & cognitive restructuring & desensitization, 32 yr old male with psychogenic urinary frequency, case report, 2–10 mo followup, 6091
relaxation & social skills training & cognitive restructuring, adult chronic pain patients, 2 yr followup, 30396
respiratory retraining vs in-situ relaxation vs cognitive modification, psychophysiological changes associated with panic & anxiety & negative cognitions, agoraphobic 26–41 yr olds, 6 yr followup, 37425
self monitoring vs cognitive restructuring, laboratory binge eating, adult female restrained eaters, 2217
sequential combination of distancing & cognitive restructuring & behavioral homework components of cognitive therapy, 22–64 yr old depressed females, 2337
strengths of systematic desensitization & anxiety management & stress inoculation training & rational restructuring, anxious clients, implications for treatment/client match & decision making, 6070
theoretical assumptions & research base for utility of rational restructuring techniques, anxiety disorders, 6081
utility of Elaboration Likelihood Model, application to pretreatment attitudes, 17–23 yr olds with high vs low eating restraint, treatment implications, 40472

Cognitive Style [See Also Cognitive Complexity, Conceptual Tempo, Field Dependence, Impulsiveness]

ability to diagnose learning style preference, experienced middle & junior & senior high school teachers & their student teachers & students, 38058
achievement level & varied vs unvaried presentation of problem solving tasks, learning performance incorporating cultural specific attributes, Black 3rd–4th graders, 31111
achievement level, cognitive skills & study behavior & motivation, high school students, 13533
actual vs self estimates of Kirton Adaptation Innovation Inventory scores, college students, 25940
age & ability, capacity of central attentional mechanism & learning & cognitive style, 8 vs 10 yr olds, 21985
apprehension in processing information & need for cognition, college students, 11728
assessment of cognitive reading comprehension strategies, teachers of ineffective readers, instructional planning implications, 27604
association dissociation cognitive patterns, US Olympic Marathon Trial contestants, 35021
aural rehabilitation program &/vs information about individual cognitive style, perception of hearing handicap, 30–90 yr old hearing aid candidates, 37869
career choice & cognitive style & personality, foreign language learning strategies, male vs female adult language students, 17885
career choice & learning style, residents, 13350
categorization width preferences & judgment of ambiguous picture as representation of definite object, heart rate & vasomotor reactions, adults, 32079
category width as range of instances included in cognitive category & optimism & neophilia as openness to novel information, college students, 39990
cerebral lateralization theory, neurosociological analyses of cognitive development & style, Aboriginal vs White school age children & adolescents & their parents, Australia, educational implications, 39579
choice of teacher vs self directed learning situations, 24 yr olds & older in traditional vs nontraditional baccalaureate program, 13544
cognitive & attributional patterns & self perception & feelings of hopelessness, depressed 6.8–13.6 yr olds, 15615
cognitive & personality & motivational variables of psychological empowerment, community participation, 16–74 yr olds, 25684
cognitive abilities & styles associated with bilingualism, K-ABC scores, Mexican American 1st–2nd graders, 18526
cognitive adaptors vs innovators, consumer behavior, female supermarket shoppers, 6980
cognitive appraisal, life event stress & physical & mental health & coping, adults, 25916
cognitive attributes, depressed vs nondepressed 7–17 yr old psychiatric patients, 12015
cognitive factors, choices of coping strategies for home & career stress, female 25–40 yr olds, 41464
cognitive strategies & style, accuracy of overhand volleyball serves, female college students, 10478
cognitive style & abnormal pain drawings, back pain patients, 30005
cognitive style & ambiguity/rigidity, authoritarianism & conservatism & racism, commentary, 11858

cognitive style & ambiguity/rigidity, authoritarianism & conservatism & racism, commentary, 11853
cognitive style & ambiguity/rigidity, prediction of authoritarianism & conservatism & racism, 11843
cognitive style & anxiety & extraversion & neuroticism, response to acupuncture, patients with chronic pain, 33715
cognitive style & configurable computerized game, business students, 24028
cognitive style & control, divergent production, gifted 4th–6th graders, 18550
cognitive style & coping & learned helplessness during computer work, 20–55 yr old female administrative assistants, 38353
cognitive style & drawing & clay modeling & storytelling, 1st graders, lack of support for covariance structure model of symbolic functioning, 11441
cognitive style & empathic traits & academic achievement, 7th & 8th graders, 21919
cognitive style & field independence, proportional reasoning, college students, Venezuela, 32888
cognitive style & imagery vs rational thoughts vs expectancy coping training, pain tolerance, 18–35 yr olds, 4210
cognitive style & musical training, left vs right ear judgment of number of notes in musical chord, male college vs music students vs professional musicians, England, 39081
cognitive style & perception of control, 48–79 yr old coresident spouse caregivers of adults with dementia, 40469
cognitive style & problem solving, antisocial rapists, 26240
cognitive style & psychological defense, females with anorexia nervosa vs bulimia nervosa vs those undergoing reduction mammoplasty, 16101
cognitive style & type of target, ESP displacement, college students, 3503
cognitive style & vocational orientation in framework of Holland's theory of career choice & Witkin's theory of psychological differentiation, 10th–12th graders & college students, Canada vs Pakistan, 21995
cognitive style, alcohol drinking behavior & alcoholism, treatment & prevention implications, 12273
cognitive style, broadcast telecourse achievement, 17–64 yr old community college students, 24064
cognitive style, child centered vs teacher structured teaching ideology & classroom behaviors & occupational stress, kindergarten teachers, 6660
cognitive style of managerial functions & subfunctions & adaptive vs innovative management, management personnel, UK vs Australia, 41431
cognitive styles of categorization & conceptualization & motor system differentiation, 29–39 mo olds, 11428
cognitive vs emotional elements, compositions written in different styles, 12 yr olds, Finland, 972
cognitive vulnerability to persistent depression & role of environment & social support & biology, 19238
cognitve style & performance on context independent fault diagnosis task, college students, 21273
construction & reliability & validity of Cognitive Mode Questionnaires, assessment of artistic vs thinking personality types & relation to cerebral dominance, adults, 17635
construction & validity & reliability of cognitive orientation questionnaire, prediction of decision to go for medical examination for cancer, 20–74 yr old females, 31685
construction & validity & reliability of interactive videodisc Learning Style Survey, low literate 16–55 yr old entering community college students, 31266
convergence & construct validity of Learning Styles Questionnaire & Learning Style Inventory II, 18–55 yr old college students, 31314
coping style & cognitive hardiness, physical & psychological health status, 22–64 yr old professional employees, 36488
creativity & cognitive style, academic achievement, college students, India, 13523
depression & cognitive style, bulimic 18–40 yr olds, 40494
development & reliability & validity of life concerns checklist, measurement of response style & rates, hypertensive vs normotensive college students, 38601
dualistic vs relativistic epistemological orientation, cognitive skills, college students, 11851
ease of learning judgment &/or feeling of knowing, allocation of self paced study time, college students, 14397
emotionality, Matching Familiar Figures Test scores, college students, 1434
explanatory style for positive vs negative events in youth vs later adulthood, 57–90 yr olds, 18713
factor & item analysis & cross cultural & cross language validity of Inventory of Learning Research, college students, Israel, 7131
factor analysis of Verbalizer Visualizer Questionnaire, assessment of style of cognitive processing, college students, 35161
factor structure & internal consistency of Gregorc Style Delineator & relationship to M. J. Kirton's adaptive-innovative distinction, college students, 17597
field dependence vs independence & spatial orientation in cognitive style, young children, implications for education, 18612
field dependent vs indiscriminant cognitive style, math achievement in traditional vs computer assisted learning environment, college students, 27578
formal reasoning ability & mental capacity & verbal intelligence & cognitive style, biological misconceptions on genetics & natural selection assignment, 7th graders, 27611
goal orientations & learning strategies, cognitive engagement in science classroom activities, 5th–6th graders, 17194
hemispheric learning style, effect of creativity training, gifted adolescents, 11352
ideology & integrative complexity, cognitive & rhetorical styles, politicians, USSR, 39848
illustrations & social & cognitive factors & thinking about task, problem solving performance assessing Einstellung effects & cognitive rigidity, children & college students, 18588
individual & contextual factors, career exploration, college students, 10326
instructional materials & teachers' ratings & students cognitive style & parental reading habits, reading attitudes & achievement, 1st–6th graders & their teachers, 10070
interactionist & positivist analysis of cognitions & reflexivity & emotions, 8449
learning style & Logo vs computer assisted instruction, achievement & reflectivity & self esteem, Black vs White 1st graders, 13476
learning style, college students in liberal arts college vs technical institute, 34657
learning style, communication skills course performance, educationally disadvantaged college students, 20602
left vs right hemisphere selective activation of lateral attention, perceived control & cognitive processing strategies, right handed college students, 11018
level of creative ability & style of creative action, college students, measurement implications, 1445
linguistic & nonlinguistic factors, differential language learning styles, children, 25495
literacy & thinking style, right handed dyslexic adolescent males, 8969
low vs average vs high achievement status, learning & cognitive strategy usage, Black male vs female 10th graders, 13532
model of intelligence as mental self government involving cognitive & personality styles & their development, 8159
models of fit between teacher's instructional & student's intellectual style in transmission of thinking skills, 13509
multiple choice categorical syllogistic problem solving, use of diagrammatic vs elemental vs verbal mental representation strategies, college students, 10799
nature of overinclusive thinking, schizophrenic vs neurotic adults, 5179
neuropsychodynamic model, assessment of ego autonomy & creativity & cognitive style, implications for psychopathology, 18969

noncourse based learning patterns & emotional cost & motivation, managers & administrators, England, implications for managers' selection of learning style, 31380
object relations & defensive operations & cognitive & behavioral styles, psychopathic criminals, 26237
perceptual & cognitive responses to ambiguous stimuli identification task, college students with paranoid vs other dysfunctional personalities, 8737
performance on number conservation vs successive information tasks, forward vs backward processing 5.5–6.5 yr olds, 1050
private self consciousness, test retest reliability of self reports, college students, 32887
problem formulation & individual characteristics & managerial & cognitive style, managers, 34905
problem solving appraisal, state trait personality factors of anxiety & anger & curiosity, 17–47 yr old college students, counseling implications, 32848
psychological mindedness & alexithymia construct, detection of clients unlikely to benefit from analysis, commentary, 40665
psychological tools & reality monitoring & cognitive flexibility, word memory & discrimination, monolingual vs Russian-English bilingual adults, 14982
recognition of learning styles, student achievement & personality development, school personnel, teaching implications, 13471
reliability & validity & Israeli norms & cross cultural equivalence of Hebrew version of D. Kolb's Learning Style Inventory, college students, Israel, 17600
right vs left cerebral hemispheric functioning & styles of thinking, male vs female college students, Kuwait, 38858
Rorschach EB & Verbal Visualizer Questionnaire, prediction of imaging style, college students, 39944
self directed learning readiness & personality type, 26 yr old & older college students, 13535
sex & career choice & cognitive style & personality, language learning strategies, Foreign Service language students & instructors & professional language trainers, 32311
sex & cognitive style & choice of major, college students, 20558
sex & handedness, cognitive strategies & spatial ability, college students, 28289
sex & personality & learning style, French & German language learning, secondary school students, Great Britain, 17203
sex & quality requirement & coach information & problem complexity & acceptance requirement & team integration, basketball coaches vs players, 41571
sex, cognitive development & approaches to learning & perception of knowledge, college students, 41274
sex, English language acculturation & learning strategies, Vietnamese 40–92 yr olds, 36095
shared paranoid belief system & cognitive subculture, members of sectlike group, 22606
similarity judgments among concept pairs from geometric concepts & mathematical expressions from ratio & proportion & similarity lesson, concrete vs formal operational 10th graders, 27616
social class & ethnicity, cognitive & learning & motivational style, children & adolescents, 21922
spatial ability & cognitive set shifting, 21–53 yr olds with obsessive compulsive disorder, England, 36603
strategy choice on cognitive tasks, children, 15114
test retest reliability of revised Learning Style Inventory, college students, 10555
test retest reliability of revised version of Learning Style Inventory, college students, 38586
time orientation & locale & reasoning & choice making & thinking & interpretation of events, lower vs middle class adults, implications for marketing, 24464
traditional vs nontraditional education with problem based curriculum, learning style, medical students, 13389
tutorial program & teaching & learning styles, teacher student interaction, psychiatry faculty members & students, 13348
visual vs nonvisual cognitive style, test anxiety, right handed 18–28 yr old nursing students, 38033
zone of proximal development & socio-instructional dynamics, strategic learning, children, 25419

Cognitive Techniques [See Also Cognitive Restructuring, Cognitive Therapy, Self Instructional Training]
anger coping cognitive behavioral group intervention with vs without teacher consultation, aggressive 9.1–13 yr old male students, 31290
applied relaxation & perceptual restructuring behavior therapy, tinnitus loudness & discomfort & depression & irritation, adults with severe tinnitus, 9 mo followup, 2423
attentional strategies, coping with anxiety, adults with agoraphobia, 33872
attribution retraining, self concept & attributions for deteriorated arithmetic performance after failure, 4th–6th graders classified as learned helpless or motivated to protect self worth, 10116
behavioral &/vs elaborative training procedures, acquisition of fire emergency skills & relevant knowledge, 7–10 yr olds, 33965
cognitive affective stress management training program, 19 yr old volleyball players, 6 mo followup, 41572
cognitive affective stress management training, affect & cognition & performance, 16–18 yr old volleyball players, Canada, 23318
cognitive behavioral model of counseling supervision, 13362
cognitive coping strategies, association & dissociation & performance time & injury & reasons for running, 13–55 yr old marathon runners, 41578
cognitive learning strategies training, resource room teachers of learning disabled students, 41205
cognitive modification vs psychophysiological treatment, presleep cognitive intrusions, 23–49 yr olds with persistent psychophysiological insomnia, 16519
cognitive retraining, RT on attention training tasks, schizophrenic inpatients, 33678
cognitive skill training, enhanced hypnotizability & responding during trance, college students, 24918
cognitive skill training, hypnotic susceptibility, adults, 9–30 mo followup, 10883
cognitive strategies & metastrategies, learning & performance of self paced motor skills, athletes, 20993
cognitive strategies of dissociation &/vs analgesic suggestion, pain perception during muscular endurance task, 15–17 yr olds, sports performance implications, 18533
cognitive strategy training & goal specification, perceived pain intensity & tolerance latency, college students, clinical implications, 31773
cognitive structuring intervention, computer assisted career guidance, adults, 17338
cognitive therapy, clients with different forms of psychosexual dysfunctions, 12547
cognitive training, spatial ability, male vs female 64–95 yr olds, 14 yr study, 8198
cognitive vs noncognitive techniques, alleviation or prevention of fright responses to TV programs, children, literature review, 19883
covert rehearsal vs induced affect coping skills rehearsal, test anxiety & performance, college students, 20711
home based program of cognitive stimulation, functional status & caregiver well being, 55–75 yr olds with Alzheimer's disease & family caregivers, 37659
imagery vividness & attitudes toward hypnosis & receptivity toward training, enhancement of hypnotic susceptibility by cognitive skill training, college students, 28361
instruction induced involuntary processing strategies during reading, comprehension, recall of narrative texts, 5th vs 7th vs 9th graders, 18609
mental rehearsal, walking balance & reactions & foot placements, 67–90 yr old females, 40729
mental training vs physical practice, dart throwing performance, college students, 41581
mnemonic techniques & learning exercises, clients with age related memory disorders, conference presentation, 40722

muscle relaxation & assertiveness training & systematic desensitization & cognitive methods, control & reduction of worrying, conference presentation, 37437
neo-Piagetian cognitive based interventions, acceleration of cognitive development & academic achievement, 12–14 yr old students, 17166
operant & cognitive behavior modification, impulsive aggressive responding in interpersonal problem situations, hyperaggressive 7.9–11.6 yr olds, Australia, 16502
pharmacotherapy with right vs left hemispheric training, mental status & verbal vs nonverbal intelligence, 18–67 yr olds with major depression vs schizophrenia, 19678
positive feedback & stress inoculation training, cold pressor pain tolerance, female college students, 28202
"psyching-up" vs associative vs dissociative strategies, long distance running times, college students, 3496
reality orientation & behavioral treatment programs, cognitive function & self feeding, 43–88 yr old nursing home residents, 27231
reasoning & rehabilitation program for social adjustment through cognitive skills training, probationers at high risk for recidivism, 9916
relaxation &/vs imagery techniques, basketball free throw shooting performance, 10.2–12.4 yr old male athletes, 39590
strengths of systematic desensitization & anxiety management & stress inoculation training & rational restructuring, anxious clients, implications for treatment/client match & decision making, 6070
stress inoculation cognitive techniques in university course, motivation & positive energy & attention control & athletic performance, college varsity & recreational athletes, 20450
systematic desensitization & cognitive modification & skills training, public speaking anxiety, college students, 19877
tapes of identity vs visual cues intervention strategies, fear of "The Incredible Hulk", 3–5 vs 6–7 vs 9–10 yr olds, 16480
teaching of cognitive behavioral skills in group setting, occupational therapists, application with 34 yr old male with paranoid schizophrenia, 2879
theory & research & procedures of stress inoculation training, 6094
thinking skills training program, transfer of cognitive skills, mentally handicapped 21.7–43.3 yr old clients in sheltered workshop, 16903
thought stopping, academic & social efficiency & reduction of stress & anxiety, students, 3247
training in cognitive monitoring strategies, test anxiety, 4th–5th graders, 13711
use of mental preparation in training & competition, 19–35 yr old female World Cup lacrosse players, Australia vs Canada vs England vs US vs Wales, 31499
workshop on use of mental skills training in figure skating lessons, coaching effectiveness, 17–65 yr old coaches, Canada, 41575

Cognitive Therapy

adjuvant psychological therapy using cognitive behavioral techniques of A. T. Beck, depression & anxiety & development of fighting spirit, distressed 32 & 34 yr old cancer patients, 40642
Adlerian concepts in cognitive therapeutic process, 23166
assessment of cognitions in outcome studies of marital therapy using communication skills training vs cognitive techniques, commentary reply, 16432
attribution & judgmental processes & social perception & cognitive behavioral treatment approaches, literature review, 37305
behavioral vs cognitive therapy, geriatric patients with insomnia, 3 & 12 mo followup, 9287
behavioral/cognitive approach to spirituality, alcoholism treatment, conference presentation, 30816
behavioral/cognitive spiritual model, alcohol/addiction aftercare, conference presentation, 30817
brief intensive cognitive behavior therapy program designed for patients in rural areas, depressed 38–59 yr olds, Australia, 1–20 mo followup, 5980
caffeine intake reduction as adjunct to cognitive behavioral therapy, anxiety & irritability & sleep & headaches & abdominal symptoms, 16–71 yr old anxious patients, 9471
characteristics, compliance in cognitive therapy & stimulant medication treatment program, 6–13 yr olds with attention deficit disorder, 12551
client centered therapy vs problem solving skills training with vs without in vivo practice, home & school behavior, 7–13 yr olds with antisocial behavior, 1 yr followup, 40564
client therapist relationship in cognitive behavioral psychotherapy, depressed female in mid-30s, 40629
cognitive & academic skills training, academic achievement & cognitive performance & self esteem, male 7.4–12.3 yr olds with attention deficit disorder & hyperactivity receiving stimulant medication, 5837
cognitive & behavioral treatment, social phobia, literature review, 19671
cognitive & behavioral treatments, patients with social phobia, 1976–88, literature review, 19689
cognitive & educational therapy, hypochondriasis, 9246
cognitive & rational emotive therapies, depression & suicidal tendency, 9323
cognitive behavior modification program, self statements & self esteem, 9th graders, 19781
cognitive behavior therapies, guilt, adult females, Western industrialized societies, 9345
cognitive behavior therapy & imipramine, 10 yr old female with psychotic subtype major depression, case report, 5 yr followup, 5840
cognitive behavior therapy, pain perception & coping, 43–76 yr old veterans with rheumatoid arthritis, 16327
cognitive behavior therapy vs diazepam, adults with generalized anxiety, 33731
cognitive behavior therapy with vs without methylphenidate treatment, attribution, 5.7–11.9 yr olds with attention deficit disorder, 33682
cognitive behavioral & drug therapy, male pedophilic incest offender, 12618
cognitive behavioral approach to hypnosis, female with multiple personality disorder, 23470
cognitive behavioral group approach, bingeing episodes & eating attitudes & depression & anxiety, females with bulimia nervosa, 3 & 6 mo followup, 9389
cognitive behavioral group counseling in elementary & secondary schools, 13719
cognitive behavioral group therapy, dating anxiety, heterosexual males, 16453
cognitive behavioral interventions, Type A behavior, 37–63 yr old coronary patients, 1 yr followup, conference presentation, 19910
cognitive behavioral mediation model of chronic pain & depression, adult pain patients, 23225
cognitive behavioral model of relaxation, 37459
cognitive behavioral perspective on etiology & maintenance & treatment of anorexia nervosa & bulimia, adult females, implications for psychotherapists, 9315
cognitive behavioral program for coping skills education, prevention of school absenteeism following major flood, students & teachers, 38259
cognitive behavioral program of relapse prevention, adults convicted of child molestation or rape, 34432
cognitive behavioral relapse prevention & aftercare services, alcoholism treatment outcome, alcoholic adults, 41063
cognitive behavioral skills training, violence recidivism, male spouse abusers, 1 yr followup, 16361
cognitive behavioral smoking modification programs with controlled smoking vs cessation goals, cigarette smokers, 23757
cognitive behavioral techniques in school counseling setting, 15 yr old male student with history of aggressive & oppositional behavior, case report, 6823
cognitive behavioral techniques, panic disorder, 16403
cognitive behavioral therapy &/vs desensitization training, visually induced motion sickness, 16–69 yr olds, 26893
cognitive behavioral therapy, anger coping, aggressive boys, 7 mo followup, 9350

cognitive behavioral therapy vs imipramine, self monitored caloric intake, 18–65 yr old bulimic females, 16312
cognitive behavioral therapy, 26 yr old female with panic disorder, 2285
cognitive behavioral therapy, 26 yr old female with panic disorder & 32 yr old male with agoraphobia with panic, 2315
cognitive behavioral training procedure, social problem solving & impulse control skills, 15–17 yr old male delinquents with conduct disorder, 3 wk followup, 27361
cognitive behavioral treatment & gradual vs abrupt cessation, benzodiazepine dependence, long term users, 2942
cognitive behavioral treatment, anorexia nervosa, 22 yr old female with diabetes mellitus, case report, 19806
cognitive behavioral treatment, compulsive gambling, 33797
cognitive behavioral treatment, obese patients, conference presentation, 30209
cognitive behavioral treatment, obese 30–60 yr old females, conference presentation, 19889
cognitive behavioral treatment program, recidivism, familial vs nonfamilial child molesters, 10 yr study, Canada, 16391
cognitive behavioral treatment, rheumatoid arthritis, 22–75 yr old females, 30282
cognitive behavioral treatment strategies for anxiety, children, literature review, 12671
cognitive behavioral treatment with vs without hypnosis, activity & pain intensity, male chronic pain patients, 30151
cognitive behavioral treatment with vs without response prevention, 18–61 yr old females with bulimia nervosa, 26754
cognitive behavioral treatment, 5 yr old female with phobic reactions to thunderstorms, case report, 12797
cognitive behavioral vs relationship oriented psychotherapy, treatment outcome, professional & managerial workers with depression or anxiety, 2314
cognitive factors affecting mood & cognitive therapy vs tricyclic antidepressants, depressed patients, conference presentation, 26702
cognitive psychotherapy & milieu therapeutic processes, hospitalized psychiatric patients, Sweden, 40993
cognitive restructuring group therapy, coping & distress & anxiety & symptom recurrence, patients with genital herpes, 12752
cognitive theoretical vs in vivo exposure, treatment outcomes, agoraphobic patients, 37197
cognitive theories vs therapies of depression, 26032
cognitive therapy as counseling model, rehabilitation counselors, 5925
cognitive therapy, attaining & maintaining positive identity, lesbian clients, 30286
cognitive therapy, battered females with history of domestic violence toward them, 9325
cognitive therapy, content analysis of thoughts & emotions toward self & world & future, depressed adults, 37278
cognitive therapy vs biofeedback training, BP & anger control, hypertensive 25–60 yr olds, 33674
cognitive therapy vs other therapies, therapeutic change, depressed patients, meta analysis, 30221
cognitive therapy, 21 yr old male with paranoid personality disorder, case report, 19833
cognitive therapy, 21–62 yr old patients with morbid jealousy, 33761
cognitive therapy, 34 yr old female with bipolar affective disorder who discontinued lithium treatment to become pregnant, case report, 40608
cognitive vs rational emotive therapy approaches, 12650
combined cognitive behavioral & insight oriented psychotherapy, 11 yr old male with recent onset obsessive compulsive disorder, case report, 12 & 18 mo followups, 5997
competency in cognitive therapy vs general skills, therapists, 40668
complete vs partial cognitive vs comprehensive distancing group psychotherapy, depression & dysfunctional attitudes, depressed 22–64 yr old females, 2 mo followup, 33950
development of weight control program utilizing cognitive behavioral & nutritional approaches, adults at risk for obesity, 6087
didactic vs facilitative cognitive behavioral social skills training, college students, 16471
exploratory vs prescriptive therapy, client's vs counselor's evaluation of session & client postsession mood, clients, 5989
exposure plus response prevention treatment, female patients with bulimia nervosa, 6 mo followup, 6090
generalization & maintenance & side effects of cognitive behavioral treatment, 6–12 yr olds with recurring abdominal pain, 26810
group cognitive behavioral coping skills treatment, adult chronic pain patients, implications for social work, 2228
group interpersonal cognitive problem solving program, heroin addicted or alcoholic patients, 41082
guided imaginal coping technique, 36 yr old female with panic disorder with agoraphobia, case report, 16530
history of cognitive approaches to counseling & psychotherapy, literature review, 12683
history of cognitive approaches to psychotherapy & agency & constructivism in neocognitive psychotherapy, commentary, 12716
history of cognitive approaches to psychotherapy & mind as metaphor, commentary, 12696
history of cognitive approaches to psychotherapy & principles of constructivist vs experiential therapy, commentary, 12660
history of cognitive approaches to psychotherapy & unresolved issues in constructivism, commentary, 12673
history of cognitive approaches to psychotherapy, commentary, 12718
inclusion of psychophysiological hyperventilation profile in assessment, breathing retraining & cognitive therapy, patients with anxiety or panic attacks or agoraphobia or somatic symptoms, 40620
information processing vs constructivist models of cognitive therapy, 16390
integrated brief dynamic & cognitive behavioral therapy, patients with anorexia or bulimia, 33863
integrated cognitive behavioral & focused psychodynamic treatments using sexual fantasies, paraphiliac 42 yr old male, 5976
integrated psychotherapy & cognitive behavior therapy & pharmacotherapy, bulimia, 25–33 yr old females, 33709
integration of traditional formulations of self concept into cognitively oriented clinical therapies, 26 yr old female with no psychiatric history, 16394
integrative approach to cognitive behavioral & family systems, treatment of spouse abuse, 37407
interdependence theory of client therapist relationship in cognitive psychotherapy, 40613
interpersonal/psychodynamic psychotherapy vs cognitive/behavioral therapy, verbal response mode profiles, therapists & mentally ill clients, 9373
intropunitiveness, responsiveness to cognitive intervention, parasuicidal inpatients, 26777
limitations of cognitive behavior therapy & its complementarity with psychodynamic therapy, clients, 40614
marital therapy utilizing communication skills training vs cognitive techniques, marital problems & communication & behavior, severely distressed couples, 16433
meaning in cognitive therapy vs logotherapy, 16352
measurement of session change throughout cognitive therapy process, clients, 12703
Morita therapy, dogmatic self containment, anxious & nervous clients, 33804
need for attention to role of assessment & technique selection of cognitive behavioral approaches, anxiety reduction, commentary, 6077
need for emphasis on theoretical & conceptual bases of stress inoculation training & other cognitive behavioral approaches, commentary, 6083
negative vs positive self schemata, facilitative vs debilitative self talk before & during & after coping/achievement task,

clinical & nonclinical adults, implications for cognitive behavior therapies, 9317
nondirective supportive vs cognitive behavioral group therapy, bulimic female 17–43 yr olds, 37390
nondirective vs cognitive vs coping desensitization therapy, patients with generalized anxiety or panic disorder, 6 or 12 mo followups, 12548
paradoxical intention vs cognitive approach & instructional sets geared to personality style, performance on cold pressor task, information monitoring vs blunting college students, 37424
paradoxical intention vs graduated exposure vs progressive relaxation training, clients with agoraphobia with panic attacks, 30384
pharmacological vs psychological vs cognitive behavioral therapy, bulimia nervosa, 2182
physical & psychological causes & cognitive behavioral treatment, chronic fatigue, 2163
predictors of dropout & outcome in cognitive therapy, depressed private practice patients, 19805
pressures in career cycle & applicability of rational emotive therapy & cognitive career counseling to work related issues, adult females, 9364
problem solving skills & self evaluation education, social dilemma & problem solving ability & self rating, institutionalized delinquent 15–17 yr olds in cognitive behavioral therapy, followup study, 2967
processing of emotional stimuli & cognitive change mechanisms, cognitive behavior therapy, 37284
progressive muscle relaxation & cognitive therapy & temperature biofeedback training, musical performance anxiety, college music students, 37447
psychiatric assessment & cognitive behavioral treatment, patients with hypochondriasis or somatizing disorders referred to psychiatric clinic, 37060
racial & ethnic & cultural factors in use of cognitive behavioral approaches, anxiety reduction, commentary, 6068
relapse prevention oriented cognitive behavioral vs nonbehavioral treatment emphasizing social support & group discussion, marihuana dependency, adult patients, 9891
relaxation & cognitive restructuring & behavioral techniques, psychogenic vomiting, 33 yr old female, case report, 1 & 3 yr followups, 16291
relaxation therapy &/vs exposure to somatic cues combined with cognitive therapy, 18–65 yr olds with panic disorder, 33676
relaxation therapy with vs without cognitive behavior therapy, 17–41 yr olds with tension headaches, 6108
relaxation training vs stress-coping training, 19–59 yr olds with migraine, 3 yr followup, 30394
research methodology in studies of marital therapy utilizing communication skills training vs cognitive techniques, commentary, 16434
resistance in psychoanalysis vs cognitive & behavior therapies, 12679
self management program, emotional arousal & aggressive responses to aversive situations, behavior disordered adolescents, 2265
sequential combination of distancing & cognitive restructuring & behavioral homework components of cognitive therapy, 22–64 yr old depressed females, 2337
social problem solving therapy, coping with stressful life events, depressed adults, 30280
standard treatment with vs without cognitive therapy vs social skills training, 18–65 yr old depressed inpatients, 23217
standardized instruction in hypnosis vs active cognitive strategy, procedurally induced pain & anxiety, 5–18 yr old oncology patients, 30194
systematic desensitization & cognitive behavior therapies, rape trauma, adult female early vs late treatment seekers, 6076
systematic desensitization & cognitive behavior therapy, rape trauma, adult female early vs late treatment seekers, commentary, 6086
systematic desensitization with vs without cognitive coping treatment, fearful & extremely anxious 21–50 yr old dental patients, 40720
theoretical model & cognitive behavioral intervention strategy, self punitive habit syndrome, 25–30 yr olds, 16368
therapist differences, outcome of cognitive behavioral prescriptive vs interpersonal psychodynamic exploratory treatment in Sheffield Psychotherapy Project, 27–62 yr old patients, 33855
treatment levels cognitive behavioral approach, depressed children & adolescents, 2331
treatment model using cognitive therapy, depressed adolescents, 12725
use of treatment manuals in cognitive therapy, 9324
2 plus 1 prescriptive psychotherapy model using brief cognitive behavioral techniques, clients, 40604

Cohabitation
cohabitation, marriage license applicants, 29240
cohabitation patterns between generations, Scandinavia vs Australia vs West Germany vs UK vs US, 39789
effects of PTSD in spouse or significant other, female 24–38 yr olds, 5351
family of origin problems & social rejection & AIDS, primary intimate relationship & couples therapy, male homosexual couple in mid 40s, 6027
food consumption preferences, cohabitating vs single male vs female adults, Australia, 39794
legal perspective on cohabitation, elderly, implications for family therapy, 33909
perceived emotional support from family & friends, married vs heterosexual vs female vs male homosexual cohabiting couples, 1312
premarital cohabitation, commitment & marital stability, 20–44 yr old females, Sweden, 1202
relationship duration & quality & sexual exclusivity, cohabitating gay males vs lesbians, 15386

Cohesion (Group) [See Group Cohesion]

Cohort Analysis
age & sex & birth cohort, familial transmissibility, alcoholic psychiatric patients & convicted felons, 15952
age distribution, mentally retarded, 1973 vs 1982, Sweden, 19466
age, recognition of major depression as mental disorder, 22–90 yr olds, implications for cohort effect for persons born after WWII, 19126
clinical profile & long term outcomes, 16–55 yr old hospitalized severely ill psychotic patients, 1950–55 vs 1970–75, 13128
cohort analysis of suicide rates, 10–69 yr olds, 1921 to present, Canada, replication, 26259
cohort vs age-period-cohort analysis, assessment of suicide rates, Canada, 19309
completed suicide, male vs female 14 yr olds & younger vs 15–19 yr olds, 1975–79 vs 1980–85, 22714
demographic surveys via telephone hot line service on cocaine use in workplace, adults, 1983 vs 1985 vs 1987 vs 1988, 19358
intergenerational differences in sexual behavior, male vs female college students, 1938–47 vs 1966 vs 1981, US vs West Germany, 39860
knowledge of age cohort factor, activities program planning, elderly, implications for cultural paradigm shift, 22109
life goals & values, high school seniors & 1st yr college students, 1976 vs 1986, 18648
National Youth Survey of age & period & cohort size effects for alcohol &/or marihuana &/or polydrug usage, 11–24 yr olds, longitudinal study, 40293
patient characteristics, risk for chronicity & long term dependence on extensive psychiatric care, 10 yr cohort of 1st time admitted psychiatric patients, Denmark, 9785
recruitment bias for questionnaire data, IQ, cohorts of male twin pairs, Norway, 25534
SES & age related experience, work values & paths of occupational mobility, 9th & 12th grade & college students & adults, Israel, 27840

sex & year of birth & education & religiosity, causal attributions for marital problems, married vs divorced or separated adults, 1957 vs 1976, 4847
sexual behavior, unmarried male vs female college students, 1975 vs 1980, Colombia, 39858
utilization of psychiatric inpatient facilities, alcoholic adolescents & adults from 1972 vs 1982 cohorts, Denmark, 13257
Coitus [See Sexual Intercourse (Human)]
Coitus (Animal) [See Animal Mating Behavior]
Cold Effects
acceleration of water cooling through psychokinesis, 3502
cold pressor pain apparatus, experimental design, 6–12 yr olds, implications for experimental ethics, 39542
cold pressor tonic pain model, individual differences & psychological correlates of pain responsivity, 17–40 yr old pain tolerant vs sensitive males, 38726
cold stress, metabolic rate & temperature & TSH & thyroxine & triiodothyronine & growth hormone & prolactin & cortisol responses, 19–50 yr olds with endogenous depression, 1550
conditioned responding with auditory go vs no go signal & red nucleus cooling, electrical activity measuring triggering & setting of motor responses, cats, conference presentation, 4150
electrical stimulation of hypothalamus "rewarding" areas, habituation to cold, male mice, 35741
heating & cooling exposures in Finnish sauna, autonomic functions & relaxation, 28–50 yr old males, 18243
paradoxical intention vs cognitive approach & instructional sets geared to personality style, performance on cold pressor task, information monitoring vs blunting college students, 37424
photoperiod & cold exposure melatonin, thermoregulatory nesting & burrowing activity, hamsters, 757
removal from cold room, timing of vaginal estrus & mating behavior, captive female squirrels, implications for hibernation, 25131
reversible cold prestriate cortex lesions, visual discrimination retention deficits, monkeys, 39228
RT & mental arithmetic & cold pressor tasks, cardiac output & forearm blood flow, male college students, 698
sex & season, rectal temperature responses to exposure to ambient cold, 18–26 yr olds, Japan, 18165
simulated offshore climate conditions & workload & working with dry vs wet vs no gloves, performance & dexterity & reasoning & heart rate, North Sea offshore personnel, 27969
systematic habituation/dishabituation to cold, male mice, 28738
tyrosine, stress due to cold & hypoxia in simulated high altitude, 18–20 yr old Army personnel, 40749
visual discrimination & memory tasks, wintering over staff, Antarctica, 3830
5 vs 20 mg/kg morphine in warm vs cold environment, core temperature & locomotor activity & oxygen consumption, rats, 28876
Colitis [See Ulcerative Colitis]
Coll Ent Exam Bd Scholastic Apt Test
accurateness of assessment of & inferences about changes in SAT performance & self identification of ethnicity, minority examinees, 1980–85, 10315
background characteristics, children who scored 700–800 on mathematics portion of SAT before age 13 yrs, 21984
change in SAT performance, gifted adolescents in academic summer residential program, 31188
differential item difficulty on braille edition of SAT mathematics section, blind students, 34803
history & importance of SATs & improving scores with coaching & curriculum, Black students, 3304
language & cultural test characteristics, differential item functioning on Verbal SAT, White vs Mexican American vs Puerto Rican students, 6839
low income, SAT scores, gifted students, 27742
misuse of standardized testing including SAT scores as qualifications for collegiate athletic participation, integration & merit evaluation process, 24209
scores on SAT, visually impaired vs physically handicapped vs learning disabled vs hearing impaired high school students, 34802
sex, scores on individual items of Swedish Scholastic Aptitude Test, high school students, Sweden, 24258
time limits & phrasing of directions, SAT scores, gifted 8th–10th grade males vs females, 38257
Collaboration [See Cooperation]
Collective Behavior [See Also Riots]
"acting" or group resistance to teachers at beginning of school yr, low income preschool through 3rd graders, Hawaii, 13563
amount of group structure & importance of performing group behaviors & ownership of group functioning & perceived group cohesion, college students participating in self help groups, 20678
characteristics & factors inducing incidents of streaking on college & university campuses, support for emergent norm framework of collective behavior of fads, 18911
classroom group maturity, collective behaviors & affective reactions & performance, college students, 13582
collective sanctions vs rewards, model of responses & prisoner's dilemma norm formation, 22330
collectivism, ingroup influences & allocentrism, male employees in banking organization, India, 11765
collectivist vs individualist society, interpersonal & group & task interactions & self & other disclosure, college students, US vs Hong Kong, 32801
common concern method for treatment of group violence in schools, students, 41383
communitas as shared emotional experience of social unity & identity, Wales, 11599
community & group processes, impact on personal & social development, implications for psychological research, conference presentation, 36407
computer simulation of Commons game, psychology college students, 1368
concepts of individualism & collectivism in cross cultural training programs, 22156
cultural & collective dimensions of food, identity formation, 15166
cultural collectivism, distributive behavior, college students, US vs Japan vs South Korea, 4966
different mobilization processes in political activism after Three Mile Island nuclear power plant accident, activists from community protest organizations, 8336
genetics & frustration-aggression, group propensity for violence, commentary, 36225
group fantasy & unconscious factors, clinical decision & policy making in biomedical education & practice, medical conference participants, 10007
individual motivations & organizational incentives, involvement in collective action organizations, members, 8391
intrinsic interest of task & competitive motives, individual effort in cheering task with collective responsibility, 15–17 yr old female high school cheerleaders from same vs different squads, 13572
location of simulated loud vocalization, group movement, mantled howling monkeys, 35560
organizational game in development of collective thinking activity, USSR, 18899
reliability & dimensionality of Interpersonal Rating Forms, assessment of group structure & behavior, commentary, 35176
reliability & validity of individualism collectivism scale, social scientists & college students, US vs China, 3591
selective perception & opinion assertion & quiescence & computer simulation of behavioral contagion & public opinion dynamics, 18870
sociocultural factors, individualism & allocentrism, college students, Brazil, 1460
statistical criteria for false consensus effect as overestimation of others' agreement with own position, 25841

theory of social action systems & development of leisure collectives for recreation, 10489
typology of decision paths, small groups, 32793
College Academic Achievement
academic achievement & attrition, Black vs White urban college commuter students, 1979–85, 27613
academic behaviors & satisfaction & use of time & other variables, attrition & academic success, college students at technological university, 17234
academic performance & depressed mood, medical students, 13308
academic self efficacy, scholastic aptitude & performance & persistence, college students, 41266
access & adjustment to & achievement in higher education, Black college students, 1965 to present, 38160
achievement in required 1st yr composition course, traditional college students vs underprepared Black students admitted through community access program, 17197
achievement motivation & behavioral & college outcomes, college students, 10130
achievement motivation, academic performance, college students, Zambia, 31106
achievement strivings & impatience/irritability, academic achievement, college students, 1 yr followup, 20528
adjustment of GPA for differential grading standards, predictive validity of high school grades & SAT & achievement test scores, college students, implications for sex & race, 27774
background rock music, academic achievement, college students, 6740
causal attributions & type of instruction, perceived control & achievement, college students, 34655
causal attributions for success, 1st college term performance, college students in honors engineering program, 17198
class seating arrangement & grades earned in art appreciation course, college students, 27655
cognitive & psychological & traditional variables, prediction of freshmen yr GPA, female college students, 41271
college GPA, adult achievement measured by job satisfaction & salary, college vs masters level business graduates, meta analysis, 27856
college GPA, predictor of job success, meta analysis, commentary, 38355
communication competence, success in college, college freshmen, 20523
completion of psychology course taught by different methods, performance on test of general psychology content, college students, 4 mo followup, 24057
component analysis of effects of reciprocal peer tutoring, academic achievement & psychological adjustment, college students, 34592
computer anxiety, achievement in computer skills, college students, 13546
computer based educational support center, academic performance, college students with physical or learning disabilities, 17281
computerized practice tests with separate vs combined feedback, multiple choice exam performance, psychology college students, conference presentation, 38283
computerized vs conventional workbook study guides, exam performance, college students, 17163
contingency strategies, procrastination in personalized system of instruction course, college students, 34642
creativity & cognitive style, academic achievement, college students, India, 13523
demanding vs supportive lecture style of female vs male teacher, learning & preferences for teacher, college students, 17150
employment & personal problems & effort & reading skills & persistence, prediction of academic success, community college students, 31122
evaluation of cognitively oriented support program, prediction & improvement of college academic performance, high risk 17–19 yr old Black vs Oriental vs White prefreshmen, 3 yr study, 27631
examination types & anxiety state & academic achievement in science education, college students intending to be science teachers, Israel, 31105
family dynamics & anxiety & academic achievement, prediction of vocational identity, college students, 41300
feedback vs no feedback & choice vs forced looping, performance on computer assisted instructional modules, college students, 13507
field dependence & external locus of control & impulsivity, achievement & adjustment, college students, teaching implications, 13586
high school psychology & natural science courses, performance in college introductory psychology course, college students, 24042
humor, statistics & psychology achievement, college students, 20497
individual differences in motivation, academic achievement, college students, implications for improving teacher effectiveness, 13527
instructional material with vs without advance organizer, performance on learning task, college students, India, 10100
interactions with peers & faculty & counselors, academic success or dropout, Black 17–55 yr old 1st yr students at predominantly Black urban community college in discovery counseling program, 10259
item & factor analysis, dimensionality & utility of Achievement Anxiety Test & correlation with other variables related to academic achievement, college students, 17325
learner characteristics & teaching strategies requiring learner generations & elaborations, academic achievement in large class settings, college students, 10058
marketing simulation game participation, knowledge acquisition & final exam performance, business students, 34666
need for cognition, comprehension of course material, college students, 27612
Nelson Denny Comprehension score & reading strategies, prediction of performance in psychology course, college students, 27606
open attention focus training & biofeedback sessions vs conversation "rap session" for stress reduction, GPA, college students, 31322
perceived purposes of & traits measured by college grades, college faculty vs parents vs corporate personnel directors, 20522
person environment fit & GPA, 20–34 yr old premedical students, support for J. L. Holland's hypothesis, 34683
preconscious visual linguistic & symbolic cues & learning style & personality, academic achievement, male vs female college students, 10127
prediction of persistence & attrition at predominantly White university, Black vs White students enrolled under normal conditions vs special consideration for educational & economic disadvantages, 10159
predictive validity of Florida College Level Academic Skills Test, prediction of GPA, college seniors & recent graduates, 20664
predictive validity of GRE, failed preliminary examinations & composite as measure of academic success, clinical psychology graduate students, 23832
prior computing experience, prediction of computer programing course performance, male vs female college students, 17190
racial identity & self efficacy & vocational interests & college environment vs SAT & college & high school GPA, completion of BS degree, Black computer science & engineering students, 10138
religiousness of home atmosphere & self religiousness & belief in God & ritual observance, GPA, college students, 34670
review of own vs instructor's notes & higher order practice questions, factual & higher order learning, college students, 3193
scholastic variables, prediction of GPA & success on licensure examination, nursing students, 34467

self efficacy & outcome expectancy beliefs & reading & writing achievement, college students, 31137
self esteem & academic achievement, successful vs remedial college students, 38149
sex & computer & mathematics attitude & aptitude & experience, course grades in computer language class, college students, 10118
sex & precollege & college achievement, prediction of persistence in majors in computer related fields, college students, 13534
sex & roommate characteristics & residence hall racial composition & high school grades, performance & persistence, Black students at predominantly White college, 31141
sex bias & prediction of individual course grade vs GPA, college students, 27794
social class & American College Testing & SAT scores, academic achievement, business students, 6722
sources of psychopathology, underachievement & failure, college students, 3177
status & academic performance, independent vs dependent female college students in SEEK program, 20509
strict vs lenient grading scales, test performance, college students with high vs low SAT scores, 24046
success vs failure on midterm examination, mood changes, college students, 10122
thesis & dissertation supervisory system, performance, graduate psychology students, 30890
Type A vs Type B personality & attitudes toward leisure, academic performance & leisure activity, college students, Taiwan, 10134
weekly formative quizzes, semester examination performance, college students, 3178
College Degrees [See Educational Degrees]
College Dropouts
academic & social college integration, persistence vs withdrawal process, college students, 9 yr followup study, 13607
academic achievement & attrition, Black vs White urban college commuter students, 1979–85, 27613
academic behaviors & satisfaction & use of time & other variables, attrition & academic success, college students at technological university, 17234
multimethod individualized advising program & study skills training & tutorial center, academic performance & retention, Black college students, 41223
quality of learning experience indicators, prediction of persistence & attribution, college juniors & seniors, 31134
university Board of Regents summer program, preparation for graduate education, Black students, 41240
College Education [See Undergraduate Education]
College Environment
academic stress & social support, salivary concentrations of secretory immunoglobulin A, college students, 10154
approaches to PTSD after college campus violence, student personnel professionals, 41388
college experiences, leadership capacities & skills, female college students, 24107
comprehensive drug & alcohol education & prevention policy, college students, conference presentation, 10059
design elements, perceptions of safety of campus areas, college students, conference presentation, 20554
experiences with & responses to sexual harassment by faculty, graduate students, 22731
factor analysis of University Residence Environment Scale, college students, 58
function of college bars as setting for heterosexual contact, college students, 36367
gender role strain in collegiate environment, male college students & student affairs professionals, 13602
incidence of debilitating anxiety in public speaking classes, Black vs White male vs female college students at predominantly White university, 24110
internal processes & student quality, effectiveness of university departments, West Germany, commentary, 13506
Minority Artists Residency Program, provision of supportive social & cultural & learning environment, Black college students in fine arts program of urban university, 13469
needs & coping strategies & experiences, Black college students attending all White institutions, 13573
organization of work, wage variation within departments, college academic departments, 27510
perceived educational environment & orientation in undergraduate medical school, faculty course & topic supervisors, Canada, 34516
perceived residence halls' student-environment fit & sense of competence, college students, 13577
perception of social environment, homosexual vs heterosexual male college students, 27657
perceptions of campus experience & self concept, college students volunteering as student orientation leaders, 13567
perceptions of quality of campus life & level of satisfaction, university faculty members, 6662
personal background & educational aspirations & psychosocial factors & institutional integration, probability of transferring from 2 yr to 4 yr college, junior college students, 38182
personality traits & college life, college students, implications for counseling, 6767
racial identity & self efficacy & vocational interests & college environment vs SAT & college & high school GPA, completion of BS degree, Black computer science & engineering students, 10138
size & management of contingencies, effectiveness of university departments, West Germany, commentary reply, 13475
social support & positive college events, college satisfaction, community college students, 38184
social support from campus community & family, retention vs dropout decisions, Black vs White college students, 10157
teacher supported vs unsupported positive vs negative school events & perceived quality of academic life, Anglo & Mexican American community college students, 13593
values, college students at Christian liberal arts college vs state university, 24073
College Graduates
applicant organization balance of power, proposed vs traditional psychometric method of personnel recruitment, college graduates, UK, 24317
cognitive & psychosocial development, 14 yr old male with BS degree, 29041
development & validity of work involvement measure correlated with lifestyle & family & work variables, college educated females, 28129
exit interviews, graduating psychology majors, 31040
expectations regarding 1st job, college graduates, implications for college level career counseling, 17308
factors affecting specialty choice in occupational therapy, 22–53 yr old graduates of occupational therapy schools, 37975
sex & other factors, adjustment & mental health, college students, 1965, Finland, 13 yr followup, 22403
sex, evaluation of psychology curriculum & faculty & personal & occupational benefits of psychology major, graduates with BAs in psychology, 1973–83, 24017
transition-to-business program, work socialization & adjustment, new professionals, 34881
College Major [See Academic Specialization]
College Students [See Also Community College Students, Education Students, Junior College Students, Nursing Students, ROTC Students]
abstract diagrams, recall relations in text, 19–30 yr old college students, Israel, 17145

academic behaviors & satisfaction & use of time & other variables, attrition & academic success, college students at technological university, 17234

academic comfort & personality, college students, 41284
achievement motivation, academic performance, college students, Zambia, 31106
adherence to societal beliefs regarding drinking behavior & alcohol & alcoholism, male college students, implications for development & prevention of problem drinking, 18859
alcohol & drug abuse education & treatment programs, college students, 27772
alcohol & drug education program model as primary prevention, college students, 27558
alcohol drinking patterns & attitudes, Chinese & Malay & Indian college students, Singapore, 15407
alcohol use, behavior changes & problems, 1st yr college students, implications for prevention, 36836
algebra competency & critical thinking skills, prediction of freshman & sophomore physics course performance, male vs female college students, 17193
anxiety concerning scientific research, college students, 10146
assertion training, conformity to peer pressure, college students, 17327
athletic participation, affective development, college students, 31176
attitudes about & knowledge level of in vitro fertilization & possible extension & legal issues, 16–46 yr old college students, 27660
attitudes toward & beliefs about & personal experience with suicide, college students, 8858
attitudes toward Blacks, White college students on deep South campus, 31171
attitudes toward mental patients, college students in psychology vs science vs medical curriculum, Turkey, 22530
attitudes toward peace & problems facing humanity, college students, Romania, 17229
bereavement group psychotherapy, acute grief over family death, college students, reprint, 27751
brief psychotherapy using focal analytic technique, internal developmental pain & adaptive stress, college students, 31296
caffeine consumption, college students, 24101
campus alliance model, leadership development, female college students, 24108
causal attributions & success expectancies & sex, level of persistence in premed programs, college students, 27643
causal attributions & type of instruction, perceived control & achievement, college students, 34655
cheating rate on study guide assignments, college students, 24091
choice of teacher vs self directed learning situations, 24 yr olds & older in traditional vs nontraditional baccalaureate program, 13544
classroom demonstration of self serving bias in self descriptions, discussion of attributional processes, social psychology college students, 34631
cluster analysis, emotional concerns & personality characteristics, freshman college students, 3234
cognitive & psychological & traditional variables, prediction of freshmen yr GPA, female college students, 41271
cognitive development & differentiation & integration, ratings of instructor's performance, college students, 24240
college adjustment & enrollment trends in historically Black vs White higher learning institutions, Black college students, implications for role of parents, 17236
college experience participation in sex education class, autoerotic attitudes & practices, male vs female college students, 2 yr followup, 20460
college experiences, leadership capacities & skills, female college students, 24107
college major decidedness & expressed interests & perceived competencies in career development & Myers Briggs Type Indicator scores, college students, 31144
communication apprehension & anticipated interaction, recall of lecture material, college students, 20538
communication competence, success in college, college freshmen, 20523
community outreach program sponsored by hearing impaired college students, knowledge of mainstreaming & postsecondary education options, parents & their hearing impaired children, 38262
complaints about mothers vs fathers & nature of stress, college student counseling service clients, 6801
completion of psychology course taught by different methods, performance on test of general psychology content, college students, 4 mo followup, 24057
component analysis of effects of reciprocal peer tutoring, academic achievement & psychological adjustment, college students, 34592
comprehensive counseling group, school adjustment, adult students entering or reentering college, 34844
computer assisted calculus concept vs skill learning & practice, comprehension, college students, 3128
computer assisted career guidance system, career indecision, 19–55 yr old physically disabled college students, 31236
conceptualization & testing of theory based causal model of disciplinary offender status, college students with offender vs nonoffender status, 41305
condom sales & availability of educational materials on AIDS prevention on campus, college bookstore managers & student union directors, 30065
confidence about performance on multiple choice tests of reading comprehension, college students, 13737
consumption of alcohol & probation vs noprobation status, male vs female 1st yr college students enrolled in agriculture vs arts & sciences vs engineering vs business administration, 38162
contact with physically disabled peers, attitudinal changes, college students in weight training class, 2130
coping style & social climate variables, formation of social networks during transition to campus residence halls, college freshmen, 13595
counseling & psychotherapy services, male college students, 13738
counseling program, academic achievement & persistence, Black freshmen at predominantly White college, 27814
counseling rationale & strategies for support & intervention, college students with alcoholic parents & developmental dysfunctions, 27789
counseling service model, college student adult children of alcoholics, 13690
creativity & cognitive style, academic achievement, college students, India, 13523
criteria used in selection of course sections, male vs female college students, 10153
decision making process for college selection, college students, implications for school counselors, 34823
defense mechanisms & environment, resistance to drug abuse education, college students, 27546
delivery of single good vs poor lecture in series of average performances, immediate vs delayed performance evaluations of instructor, college students, implications for personnel evaluation, 20562

research productivity of graduate psychology departments based on number of articles published in APA journals & reputational ratings, commentary, 27435
research productivity of graduate psychology programs based on number of articles published in APA journals & reputational ratings, commentary, 27400
research productivity of graduate psychology programs based on number of articles in APA journals & reputational ratings, commentary reply, 27426
research productivity of graduate psychology programs based on number of articles published in APA journals & reputational ratings, commentary, 27463
responses to sex questionnaire administered by psychologist vs priest vs rabbi, students at nondenominational university vs Catholic college, 11706
resurgence of racially motivated harassment & violence against minority students at predominantly White institutions of higher education, 38165
review guidelines for selection committees, identification of candidates with high academic potential, learning disabled high school students, 20708
risk factors & needs assessment for EAP, state university employees, 41474
role in colleges & universities, foreign educators, time of Quing dynasty to 1980s, China, 23947
services & programs offered by 4 yr colleges & universities, learning disabled college students, 41356

sex, research & publication experiences, 23–67 yr old members of American College Personnel Association, 23946
solicitation of funding for educational programs, small institutions of higher education, 27488
sport psychology program, college athletes & coaches, 20480
structural & functional & behavioral organizational strategy & implementation, performance improvement, university, 13455
successful vs unsuccessful state-university collaborations on mental health programs, 13064
training & staffing & accountability of student counseling services & need for self evaluation activities, university counselors, UK, 38274
types of state-university collaborations on mental health programs, 13061
university & school district consortium for gifted education, knowledge & attitudes, educational personnel, 34779
Colombia
characteristics of phonological paraphasias, Spanish speaking 21–74 yr olds with Broca's vs Wernicke's vs conduction vs anomia aphasia, Colombia, 40349
intelligence & emotional & neurological functioning & life style & peer groups & coping skills, homeless street 7–16 yr old males, Colombia, 29683
lifestyles & adjustment patterns, street children, Colombia, 21997
screening for emotional distress, victims of volcanic eruption, Colombia, 7 mo followup, 1643
sexual behavior, unmarried male vs female college students, 1975 vs 1980, Colombia, 39858
Colon Disorders [See Also Constipation, Diarrhea, Fecal Incontinence, Ulcerative Colitis]
attributions of cause of illness, 18–62 yr olds with inflammatory bowel disease, 9128
bowel sound biofeedback, control over bowel activity & diarrhea severity, 25–38 yr olds with irritable bowel syndrome, 23030
hypnotherapy, irritable bowel syndrome patients, 16681
trait anxiety & coping style, prediction of preoperative anxiety, patients undergoing colonoscopy, 30582
Color [See Also Achromatic Color, Hue]
achromatic luminance polarity vs chromatic color of ambiguous motion display, apparent motion perception, adults, 24744
age & isolation of stimulus by color, free recall of lists of words, 8–14 yr olds, 39589
amnestic color blindness as sensory aphasia for color names, 50 yr old male with possible left occipital lobe damage, 40385
association of pitch with color, trained 29–45 yr old musicians with absolute pitch, 284
associations of color to emotionally loaded vs neutral stimuli, 4th graders, 15087
Baker-Miller pink vs white environment, BP & pulse rate & grip strength & Digit Symbol test performance, adults, 25125
chromatic difference & line separation & width & luminance contrast of isoluminant chromatic patterns, illusory contour perception, adults, 28234
color & graphics & animation, computer assisted learning tutorial lesson effectiveness, 9th–12th graders, 27529
color added to relevant letters for initial vs ending trials, spelling & selective attention, hyperactive 3rd–6th grade males, 33672
color, categorical judgments of pictured object size & animation, college students, 14362
color differences, visual search of videotex displays, 14313
color preferences, adult depressed patients, 11960
color preferences, adults, Netherlands, 4817
color preferences, schizophrenic inpatients, 26040
color priming & prototypicality, color preference, adult males, 10737
color removal from stimulus array, schematically based sorting behavior, 2nd–6th graders, 39490
computer animation, calibration of color video projectors, 21032
CRT color & luminance contrast & character matrix densities, proofreading rate & accuracy & other tasks, adults, 31465
CRT color phosphors, speed & accuracy of target search & color preference, 20–57 yr olds, 31463
depth differences & element density & color & orientation, perceptual segregation of stereoscopic transparency, adults, 17743
drug capsule color preferences & relation to cognitive dissonance, college students, implications for treatment compliance, 19934
energetic vs tense arousal dimensions, preference for high arousal color, college students, test of R. E. Thayer's arousal theory, 38946
evaluation of colorized vs original black & white movie, college students, 7971
eye color & motor task performance, male vs female 6–12 yr olds, 39488
genetic mechanism & role of environment in inheritance of color preferences, Japanese quail chicks, 18071
graph type & color vs monochromatic coding scheme, graph interpretation performance, adults, 3796
home nest odors, black-white preference, 17 vs 30 day old rats, implications for developmental learning, 21386
illusion magnitude for real vs subjective contour Poggendorff figures, dark vs light eyed college students, 17748
immediate color memory assessed by verbal vs visual stimuli & responses, reading disabled children with perceptual motor vs general vs memory verbal disorder subtypes, 29826
intelligence & creative thinking ability & computer assisted training, response latency & error rates in color naming, college students, South Africa, 35334
intensity of water flavor & color cue compound, potentiation vs overshadowing in visually mediated toxicosis conditioning & avoidance, pigeons, 28426
key colors, positional response vs conditional discrimination, pigeons, 31936
least squares filter using mathematical models of colors & images, computer simulation of restoration of blurred color images, 3753
monochrome vs color cues vs indiscriminate color in microcomputer teaching software & mathematical aptitude, learning geometric concepts & computer attitudes, 9th graders, 17148
nonrelevant color stimulation, impulsivity & activity, hyperactive 2nd–3rd graders, 33432
number of visual fixations & eye color of live vs videotaped model, accuracy & interrater agreement in observation of direction & duration of fixation, college students, 38773
order of response categories, color naming, college students, evidence for elemental nature of brown, 3759
prior stimulus presentation of word vs color, recognition of & RT to target stimulus, college students, implications for human information processing, 35389
real vs induced color, orientation contingent color aftereffects, adults, 7366
room painted pink vs red, state anxiety & grip strength & motor precision, college students, 3684
selection of colors imagined to correspond to written vowels & letters, native Russian speaking college students, USSR, 10818
selective processing of color stimuli under different memory load conditions, EPs, 18–27 yr olds, Netherlands, 28635
sex & color of questionnaire & verdict, emotional responses to murder or rape, college students, 22770
sex & race, color & number preferences, White vs Black college students, 5078
sex dimorphism in human skin color & its social perception across cultures, 21472
sound frequency & color change, rhythm & depth of respiration, 16–20 yr olds, 18182
synesthetically correspondent color & auditory stimuli pairs, ratings or response latencies of similarity judgments, college students, 31745

text subdivision into sections with different colors on paper vs CRT, retrieval of information, 18–47 yr old females, England, 3839
visual stimulation following adaptation, retention of color linked aftereffects, college students, 10735
Color Blindness
contrast level, matching of line drawings in photocopy vs ditto reproductions, normal 3.5–10 vs visually impaired 5–30 yr olds with vs without blue purple color deficit, 26546
duration of stimuli precluding eye movements, color identification, female carriers of color blindness vs males with normal color vision, 29892
light frequency & wavelength using photic driving technique, CFF for color vision, protanopic & deuteranomalic male college students, 10732
test retest reliability & validity of solid state anomaloscope, assessment of red & green color vision defects, color defective adults, 30
Color Constancy
adaptation at sensor & reflectance channel stages of color vision, support for 2 stage model in computation of color constancy, 24738
color constancy, literature review, 24747
simulated illuminant & reflectance changes, color constancy, 9 & 20 wk old infants, 21939
target & adjacent chromatic surround with vs without separation by achromatic gap, target color constancy assessed using forced matching, Os, 17749
variations in space constant of Gaussian blur, minimally distinct border judgments, 37–49 yr olds, 28248
Color Contrast
adaptation for color & luminance gratings, orientation & spatial frequency selectivity in color contrast thresholds, adults, 14254
contrast & background luminance of isoluminant vs isochromatic stimuli, latency & amplitude of saccadic eye movements, adults, implications for oculomotor control models, 14311
luminance & color contrast EPs in right eyes, human males, 642
Color Perception [See Also Color Constancy, Color Contrast]
acquisition of color taste pairings, 6.5–7 mo olds, 15106
adaptation for color & luminance gratings, orientation & spatial frequency selectivity in color contrast thresholds, adults, 14254
adaptation of short wavelength sensitive cones, red & green color perception, adults, 28627
age & experiential deprivation & color encoding/decoding, development of color competence, 4–8 yr olds, 11433
age, processing & short term memory of color & contour & patterns of computer digitized pictures, 1st–5th graders, 25492
alcohol intake, acquired dyschromatopsia, alcoholic clients 20 yrs old & older in detoxification, 1889
area vs separation vs dichotic presentation, perception of acromatic color, college students, 3773
associative strength & compound component & conditional discriminiation of colors & odors, honeybees, 3914
attending to location & color & shape, selective visual processing of targets, college students, 7356
auditory presentation of color names vs color neutral adjectives, cross modal Stroop interference, college students, commentary reply, 24707
binocular vs monocular variability, response to 100 Hue Test, adults, 7361
box position &/vs color, color & spatial discrimination, chicks, 24958
brightness matched chromatic letters on high resolution red or green or blue monitor, ocular accommodation, 22–35 yr olds, 21529
brightness matched monochromatic vs multichromatic stimuli & target size & clarity & distance, ocular accommodation, 22–35 yr olds, 21528
chromatic aberration & defocus & spatial frequency, mathematical model of chromaticity of retinal image, implications for visual physiology & colorimetry, 28236
chromatic opponency in color vision thresholds, 11–13 wk olds vs adult, 29046
chromaticity & luminance & spatial frequency of background stimuli, perceived color of afterimages from figure ground configurations of colored lights, Os with normal color vision, 7352
color & form classification, children, literature review, 39521
color blend retrievals in color recognition tasks, college students, 14418
color, deterioration of correct visual accommodation & resting point of accommodation, adults, 35311
color discrimination & operant conditioning, deer, 31935
color match area & Stiles Crawford effects, 50–78 yr olds with age related macular changes, 25526
color naming of violence related words using special version of Stroop Color Word Test, Irish vs English college students, England vs Northern Ireland, implications for coping with political violence, 29189
color odor compound manipulation, discrimination, honeybees, test of continuity model, 35443
color of different letter pairs as redundant dimension, comparison vs classification RT, college students, 17762
color sorting performance in FM 100-hue test, patients with left vs right sided visual field disorders, 23083
color vs shape words prior to presentation, interpretation of lateralized Rorschach inkblots, right handed male college students, 28617
compound induction patterns with vs without prior conditioning, overprediction vs blocking in McCollough aftereffect, college students, implications for associative learning, 28261
conditional discrimination training of 2 color groups, nonspecifically trained reflexivity & symmetry & transitivity of same group colors, macaques, 38986
cone mediated flicker & color detection thresholds by dark adapted rod system, 15 & 38 yr old males with congenital stationary night blindness, 8977
congruency & configurality & redundancy of color & pitch stimuli, cross modal dimensional interaction in speeded classification of color & pitch, college students, 17729
context of modally pure color vs picture vs word stimuli, Stroop-like effects in naming & reading & categorization tasks, college students, West Germany, 24812
continuous vs pulsed wave & color of laser flash, color discrimination measuring suprathreshold cone functioning, rhesus monkeys, 400
correspondence & spatial frequency of microstructure vs macrostructure in red vs green vs gray random dot & stripe patterns, compound binocular rivalry, experienced adults, 17758
cultural factors, primary vs derived color terms & naming, Japanese 12–15 yr olds, Japan vs West Germany, implications for neurobiological basis of color vision, 29101
development & validity of self report behavioral inventory, assessment of color vision, male college students, 3571
differential brightness & color of halves of rotating disc as body orientation cue, determination of upright position, college students, implications for space station, 17717
discrimination among & habituation to mid & long wavelength chromatic squares, 1–7 day olds, 18540
duration of stimuli precluding eye movements, color identification, female carriers of color blindness vs males with normal color vision, 29892
ecological environment, color sense and spatial relations performance on Kohs Block Design Test, male vs female Auca Indians, Ecuador, implications for homology to neuropathological syndromes, 39111
evaluation of color & ethnic identification, preschool age children, Jamaica vs Ghana vs England vs Canada, 21875
experimental investigation of chromatic-lexical synesthesia, 76 yr old female, Great Britain, case report, 14232
factor analysis of physiological bases for individual differences in color matching, Os, 17801
familiarity with stimulus color & shape, preference for paired novel stimulus with same vs different color &/vs shape measuring categorization, 16–24 wk olds, 32383

field juxtaposition vs separation, chromatic discrimination, adults, 38764
fixed achromatic vs 2 color orthogonal circular & radial figures, binocular rivalry, 26–43 yr olds, 17795
foveal cone thresholds & L/M cone ratio modeled with hypothetical retinal mosaic, adults, conference presentation, 28619
fruit coloration, ability to descriminate colors across spectrum, cotton top tamarins vs human adults, 10920
gestalt framework for analysis of achromatic transparency models, 10727
grid width & fixation preferences, color aftereffects, adults, 7332
high altitude, diurnal variations of acute mountain sickness & color vision & plasma cortisol & ACTH, 25–40 yr olds, 21661
historical overview of visual psychophysics & research on color vision, Japan, 17744
hue vs saturation vs brightness of color stimuli, dissimilarity judgment & spontaneous & instructed classification, college students, 7314
illusory conjunctions & neon colors, 17–22 yr old college students, development & test of functional theory, 31796
importance of & diagnostic tests for color perception standard, civil airmen, 6861
impulsivity & time of day, color preference & stimulus complexity & selective attention to visual stimulation, female adults, 8479
incidental conversation, memory for focal colors, college students, 21305
incremental photometrically matched color stimuli & spatial contour between test & background fields, response pooling between chromatic & luminance systems, adults, 28263
individual variability & long term drift in unique blue & yellow, male 34 & 45 yr olds, 16 mo study, 24753
intensity & number of response alternatives, hue identification choice RT, college students, application of predictive models, 17790
interaction of luminance & chrominance masking gratings, contrast dependence, Os, 14308
irrelevant speech, cross modal interference of visual Stroop task, adults, commentary, 24715
judged differences between color pairs using 3 dimensional configuration scaling & KYST algorithm, college students, 24757
Lanthony D-15 color discrimination test, early identification of solvent neurotoxicity, printshop workers, 29875
light frequency & wavelength using photic driving technique, CFF for color vision, protanopic & deuteranomalic male college students, 10732
luminance & color contrast EPs in right eyes, human males, 642
luminance contrast, color spreading & illusory contours in neon color spreading effect, 25–29 yr olds, 35312
mapping of color sensitive zones in peripheral retina measuring anomalous cone distribution, dyslexic 18–24 yr olds, implications for eye movements & differential diagnosis, 40327
memory for stationary vs moving visual color shape compounds, 4–10 mo olds, 11377
method for studying color-form responses in visual perception, adults, 3724
models of color vision, 7359
multidimensional studies of Munsell color solid perception, 10730
noninduced patterns, pattern contingent color aftereffects, college students, implications for Lie transformation group theory of neuropsychology, 28244
number of stimulus set & reinforcer frequency ratios, discrimination of different color wavelengths, pigeons, 38972
opponent mechanisms in models of brightness perception & nonlinearity, adult males, 14297
order of response categories, color naming, college students, evidence for elemental nature of brown, 3759
oriented luminance vs nonoriented chromatic & luminance vs pure chromatic clues, motion perception, adults, 35278
pattern of change in CFF fusion & accommodation relaxation time during experimental repetitive tasks with CRT display screens, female 22 yr olds, 31792
patterned targets different in color &/or luminance from background, discrimination of orientation & magnification, adults, 21223
personality & background, color preferences, elementary & secondary school students & cancer & cardiac & lung disease patients & prisoners & nearsighted adults, 1948–75, Hungary, 1537
photopigment bleaching & resulting cone plateau period, differential chromaticity thresholds for 3-color stimuli, experienced 28 & 30 yr olds, 7325
physiological bases of color vision, literature review, 10720
preference for colors of plastic leg bands worn by opposite sex conspecifics, wild caught female zebra finches, replication of findings with domesticated finches, 14514
preneural optical & photoreceptor immaturities, spatial & chromatic vision, neonates vs adults, 25417
presentation of "warm" vs "cold" colors, body temperature on right vs left side, female college students, 7741
red & green & yellow & blue & white color stimuli, visual EPs, 15–28 yr olds, 4136
saturation & lightness, spatial balance of color pairs, 17–31 yr olds, 21230
school achievement, 8–16 yr olds with normal vs defective color vision, Spain, 6788
"sensation luminance" as term for individual spectral sensitivity measures, 3737
sensitivity of foveal color mechanisms, 10–84 yr olds, 25545
sensory perceptual & neuropsychological & musical abilities, 17 yr old male with colored hearing synesthesia, 39565
shape & color disparities, determining 2 or 3 dimensional perceptual rotation & apparent motion, college students, 3752
shape or color of visual targets, parallel processing RT for target location, adults, 7308
short wave cone adapting levels, red-green detection sensitivity, adults, 14705
silence vs spoken color words, cross modal Stroop interference, college students, commentary reply, 24714
spatial & temporal parameters of 2 color threshold visual stimulation, foveal vs parafoveal isolation of pi-4 mechanism & spectral sensitivity & cone interaction, Os, 3731
spatial properties of visual mechanisms under light vs dark adaptation, turtles, 28629
spectral sensitivity & chromatic discrimination, 3 & 7 wk olds, 25433
spectral sensitivity for flicker & acuity, magnocellular vs parvocellular visual perception channels & their cone inputs, 14678
spoken color words, cross modal Stroop interference, collge students, commentary reply, 24706
stimulus intensity & reinforcement contingency, color preference, pigeons, 3904
stimulus wavelength, sensitivity of red vs yellow retinal fields, head fixed pigeons, 21548
Stroop-like interference in color & shape naming task, college students, 7414
Stroop priming task presentation duration above vs below conscious threshold, naming of subsequently presented color patches, college students & 19–29 yr olds, 3722
substitution of white light vs addition of long wave desaturant of increasing luminance to original monochromatic blue light, color discrimination in 455 nm region, Os, 3749
tachistoscopic presentations of color stimuli over increasing stimulus onset asynchronies, stimulus integration vs masking in peripheral vs hemispheric visual system locations, college students, 640
target background similarity & heterogeneity, visual search for chromatic targets among colored backgrounds, adults, Canada, 28254
training in same vs different shapes & different colors, knowledge of names & uses of tableware, 36–67 mo olds, 29085

trichromatic vs opponent process theories of color vision, commentary, 21538
viewing of achromatic gratings before vs after McCollough effect induction, strength of apparent color aftereffects contingent on spatial features of patterns, females, 17794
visual half field presentation of incongruent color words & speed vs accuracy, vocal RT & error frequency in word vs color recognition, right handed males, 25035
visual mechanisms & 2 color increment thresholds, turtles, 28603
weight & color & numerosity of imagined vs perceived objects & familiarity, mental manipulation, college students, 24822
yellow & green isoluminant vs nonisoluminant compound gratings, phase discrimination thresholds, adults, implications for neural representation, 17798
Columbia Mental Maturity Scale
concurrent validity of Spanish versions of Woodcock-Johnson Achievement Battery & WISC-R & Columbia Mental Maturity Scale, 1st graders, Puerto Rico, 38651
Coma
coma duration, memory & intelligence test performance, head injured adults, 23071
forgetting & perceived attention, outpatients with brain injuries with vs without coma & their family members, 26576
hypoglycemic coma, anorexic 41 yr old female, case report, 23049
prognosis, 6–16 yr olds with serious closed head injury & subsequent mesencephalic vs diencephalo-mesencephalic coma, 2 yr followups, 9171
sensory stimulation therapy by occupational therapists, severely head injured 22 yr old male in coma, 9845
short latency somatosensory EPs after median nerve & posterior tibial nerve stimulation, infants & children in coma or with progressive encephalitis, literature review, 26497
state medical legal framework for treatment termination decisions, 37–90 yr old patients who were competent vs incompetent in prolonged coma vs incompetent in limited environmental contact, 11661
talking to comatose patients, physicians, 2619
value & limits of rehabilitative optometric services, 35 yr old female emerging from coma following brain injury, 41021
Comfort (Physical) [See Physical Comfort]
Commerce [See Business]
Commissioned Officers
construction of Air Force Officer Qualifying Test Form P, psychometric properties & content & style resemblance to Form O, airmen & officer cadets in training, 21067
psychological identification with husband's career & role identification, wives of military officers, Australia, 34989
reasons for resignation, commissioned Army officers, Australia, 17455
use of hypnosis or nonhypnotic coercive tactics, alleged coercion for homosexual relations, male military officer & enlisted personnel, 1846
Commissurotomy
ability to compare visual & tactile stimuli interhemispherically & intrahemispherically, 10.5–24 yr olds with callosotomy vs callosal agenesis, 19554
commissurotomy, visuospatial functioning, 21 yr old right handed male with interactive seizures, 6231
consciousness & cognitive processes, commissurotomized patients, 30037
dual mental functioning, split brain patients, 9090
figures presented at retinal midline & 2.5 degrees from midline in same vs opposite visual field, similarity judgment measuring foveal splitting, 33 yr old female with commissurotomy, 33518
left hemispheric interference, right hemispheric nonverbal performance, aphasic 47–76 yr old patients & data from split brain studies, 22945
mental rotation & right hemisphere advantage, 35 yr old commissurotomized male, 36999
olfactory stimulation & ipsilateral vs contralateral nostril plug, heart rate measuring discrimination & habituation, pigeons with anterior commissure or lateral olfactory nerve lesion, 4286
partial section of corpus callosum, interhemispheric transfer, 17–30 yr olds with medically intractible epilepsy, 37129
partial vs total corpus callosotomy, neurological & neuropsychological outcomes, 12–39 yr olds with uncontrolled epilepsy, 2644
tachistoscopic stimuli to left vs right visual field, mental imagery & rotation RT, 34 yr old male with complete forebrain commissurotomy, 5605
transection of optic chiasm with vs without forebrain commissure, hemispheric specialization & interhemispheric communication during visual memory tasks, male macaques, conference presentation, 14785
validation of lateral limits technique, determination of visual testing fields using blind spot & fovea for lateralization of visual input, 27 yr old female with callostomy, 16247
viewing of film symbolically depicting death, EEG measuring interhemispheric coherence & alexithymia, completely vs partially commissurotomized 21–64 yr olds, 2139
Commitment
affective & continuance commitment to organization & job satisfaction, job performance, 1st level managers in food service company, 20805
age & sex & labor market position, occupational commitment & mobility, adults, implications for vocational guidance, 38341
age, work commitment & values, 21–61 yr old plant employees, US vs Japan, 27949
career exploration & beliefs, vocational choice commitment, college students, 31337
causal model of antecedents of organizational commitment, professionals & nonprofessionals, 34949
classroom demonstration of self monitoring orientation, commitment in dating relationships, 6710
cognitive theory of commitment, implications for therapy, 33817
commitment & personality variables, classification into occupations, 25–51 yr old soccer vs track & field referees, Israel, 17492
commitment attitudes & study behavior, prediction of academic achievement, college students, 34640
community actions, investment behavior, low income Black adolescents, 37721
concepts of internal & external commitment in study of leisure, 13995
conceptual framework for understanding alienation & commitment, urban high school students & teachers, implications for policy, 31155
confirmatory factor analysis, assessment of exploratory power of 2 vs 4 factor structure of Union Commitment scale, blue collar workers, replication, 24657
construct validity of involvement commitment model of ego & purchase involvement & brand commitment in soft drink consumption, college students, 24455
corporate ethical values, loyalty of commitment, marketing managers & researchers & advertising agency managers, 41435
cross cultural nonfinancial employment commitment, workers, 7 countries, 34932
decision to continue in priesthood, diocesan priests, comparison with 1970 data, application of role commitment model based on social exchange theory, 25710
demographic characteristics & work values, organizational commitment, workers at subsidiary of US multinational corporation, Singapore, 27958
ego identity formation, career exploration & commitment, college students, 25565
existential psychoanalytic perspective of socialization for organizational commitment as ontological function, potentiality for antisocial action, organizational participants, 3441
expert report on hypothetical project with vs without devil's advocacy for questioning assumptions, commitment to failing project, males vs females, implications for management decision making, 17371

factor analysis & validity, professional commitment measure of N. Aranya et al, professional & scientific university employees, 24627
familial & social & personal & organization factors, job commitments in work organization dominated by male values, male vs female employees, 31431
goal publicness & origin & individual achievement need & locus of control, commitment to different academic goals, college students, 20515
group & leader related & organizational constructs, group & organizational commitment, university military cadets organized in horizontal groups, 38508
job involvement & organizational commitment & demographic characteristics, prediction of turnover & absenteeism, insurance company employees, 27847
job satisfaction or involvement or organizational commitment, employee turnover, financial institution employees, replication, 6917
LISREL analysis, commitment to school, college students, 31180
membership in feminist group & perceived poor test performance relative to other feminists, attitudinal persistence on feminist issues & score induced subjective threat, college students, Canada, 15381
methodology for assessment of conviction & commitment, commentary on conference presentation, 39924
monetary incentive, goal choice & commitment & task performance, high school & college students, 4720
mutual monitoring & cost of group exit, "free riding" & role of cultural collectivism, college students in task groups, Japan vs US, 22353
opportunity to win prizes, pledged commitment & use of safety belts, college faculty & staff & students, 24278
organizational autonomy, commitment to schools & job satisfaction, school administrators vs teachers, 31005
organizational commitment & burnout & social support & work setting aspects, unionized nurses, Canada, 17053
perceived procedural vs distributive justice, organizational commitment & payment satisfaction, manufacturing plant employees, 17398
perceptions of equity & occupational stress & employee commitment, hospital staff members, 17402
performance feedback with vs without goal setting using behavior observation vs graphic rating appraisal instruments, work satisfaction & organizational commitment, airport employees, Israel, 31357
personal & organizational factors, job satisfaction & organizational commitment, early childhood educators, 30995
personal values & self image & career prospects & family relations, organizational commitment, male military officers, Australia, 38416
prediction of organizational commitment, volunteer Army technical professional personnel, Israel, 31481
predictive validity of Commitment to Physical Activity Scale, assessment of commitment & actual participation relationship, college students, 21081
premarital cohabitation, commitment & marital stability, 20–44 yr old females, Sweden, 1202
prototypes of love & commitment concepts, adults, 4996
satisfaction or investment or social support or alternatives, relationship commitment, 17–42 yr old couples, 25818
sex & integrative process model of organizational commitment, employees, 20833
sex & sex role identity & family status, commitment to career vs family or home life, working MBA students, 41442
situational constraints in work setting, job performance & dissatisfaction & frustration & reenlistment plans, enlisted Air Force personnel & supervisors, 34991
social change & identity formation & commitments in work & family & religious & political life, adolescents, implications for intergenerational relationships, 8143
supervisory style & perceived rewards & work values & parental SES & role stress & commitment, job satisfaction & performance, entry level sales personnel, 41451
task based vs interpersonal attraction group cohesion, paper folding performance & interaction, college students, 18910
task focused self disclosure, group cohesiveness & commitment to task & group productivity, college students, implications for organizational development, 29336
theoretical justification for commitment to collaboration in behavior therapy, 33961
trust & commitment & other orientation & dependency & comparative resources, perceived egalitarianism in dating relationships, unmarried college students, 1357
volunteering for follow up, expressed commitment toward organization, police, Israel, 27946
work experiences & organizational commitment, newly hired college graduates assessed at 6 & 11 mo, longitudinal study, 13878
work motivation & job satisfaction, organizational commitment, executives, India, 38385

Commitment (Psychiatric)

analysis of discourse organization & interactions, determination of court ordered incompetence & involuntary commitment, attorneys & witnesses & patients in courtroom, 22233
attitudes toward hospitalization & treatment, voluntary vs involuntary state psychiatric hospital patients, 23637
biological basis of schizophrenia & efficacy of drug therapy & civil liberties & laws, involuntary psychiatric commitment, 8707
case of J. Brown on involuntary medication & hospitalization of homeless mentally ill living on streets, 37775
changes in civil commitment law, literature review, 6413
characteristics & prevalence of risk factors for aggressive behavior, 20–78 yr old acute illness patients involuntarily admitted to psychiatric clinic, Sweden, 20202
civil commitment process, drug abusing clients, various countries, 23748
civil commitment standards & patient eligibility criteria, England & Wales vs Italy vs US, conference presentation, 23691
civil commitment with vs without methadone maintenance, narcotics addiction, clients, 7 yr followup, 23741
clinical & demographic factors, schizophrenic patients in voluntary vs forensic remanded treatment, 34276
commitment rationale & medication refusal & admission to forensic hospital, mentally ill inmates, 1977–84, 30860
commitment to psychiatric hospitals, children, 37766
community characteristics & availability of facilities, rate of involuntary psychiatric admissions, adult patients, Canada, 23673
complaint procedures of Control Commissions concerning involuntary psychiatric hospitalization, Norway, 9779
conservatorship provisions of California Civil Commitment Statute, gravely disabled patients, 1297
cost benefit analysis of civil commitment, 6448
dangerous behavior & disability & functioning levels, Black vs White 18–64 yr olds voluntarily vs involuntarily admitted to public psychiatric institution, 34311
dangerousness of patient & decisions to certify for involuntary hospitalization, social workers & psychiatric patients, 27159
dangerousness oriented commitment criteria laws, restricted hospitalization, nondangerous mentally ill 15–60 yr olds in need of treatment, 34288
dangerousness standards & mental disorders, civil commitment & decision to release or retain, psychiatric emergency room patients, 2845
developmental antecedents & adult adaptations, adult male rapists committed to treatment facility, 2970
diagnosis & reason for commitment & duration of hospitalization, psychiatric patients involuntarily committed before vs after state institution of outpatient commitment, 6458
efficacy of mandatory drug treatment programs & review of New York's civil commitment program, 16967
emergency commitment process & impact of local detention facility, 1981–85, conference presentation, 23650
ethical considerations, involuntary detention, mentally ill, conference presentation, 13133

evaluation & outcomes of civil commitment approaches to treatment of narcotics addiction, 16938
evaluation of Competency Screening Test vs interdisciplinary fitness interview, assessment of defendants in state hospital, competency to stand trial, mental health professionals & lawyers, 1292
experience level, attitudes toward serving as qualified examiner in involuntary hospitalization cases, social workers, 30726
funding issues & biological basis of schizophrenia & drug therapy & civil liberties & laws, involuntary psychiatric commitment, commentary, 8706
grounds for involuntary psychiatric hospitalization, psychiatrists, Norway, 27212
history & operation & ethical issues, medical model of psychiatric commitment, 2809
interrater reliability & validity of assessment of dangerousness & application of legal criteria for commitment, psychiatric inpatients, conference presentation, 23669
involuntary commitment to community outpatient treatment without initial hospitalization or preventive detention, legal & policy implications, 13068
legal & ethical issues in involuntary psychiatric treatment, 2238
legal & nonlegal factors in civil commitment recommendations, psychologists & psychiatrists, 6457
legal aspects of competency & patient rights, voluntary vs committed psychiatric patients, 27219
legal coercion vs civil commitment vs voluntary treatment, outcome, opiate addicted patients, 23768
legislative reform, civil commitment admission rates, literature review, 6377
Massachusetts v Stone criteria for civil commitment in emergency settings, conference presentation, 23657
mediatory myths, mitigation of ideological contradictions & explanation of complex reality in outpatient commitment, community mental health centers, 9718
medical & legal concerns in inpatient treatment, 30 yr old male with dual diagnosis of substance abuse & mental illness, 37906
mental disorders & dangerousness criteria, evaluation for civil commitment, psychiatric emergency room patients, 2844
morbidity & mortality, voluntary vs involuntary adolescent psychiatric patients, 4 yr followup, Canada, 20216
outcome, patients with chronic mental illness who were committed to outpatient treatment vs released vs involuntarily hospitalized, 6 mo followup, 27207
overview of civil commitment laws, 19th century, 6397
overview of efficacy of civil commitment & mandatory drug treatment programs, implications for transmission of AIDS virus, 16975
paternalistic model of commitment of A. A. Stone vs dangerousness criteria, commitment decisions, emergency room & self referred psychiatric patients, 2797
patient characteristics & dangerousness assessment & length of stay & outcome, committed patients whose appeal was accepted vs rejected by Commission des Affaires Sociales, Canada, longitudinal study, 6436
patient characteristics & diagnostic data, assignment to compulsory admission vs voluntary inpatient vs outpatient treatment, 14–90 yr old psychiatric patients, Germany, 13153
patient characteristics, 29–89 yr olds committed to private psychiatric hospital, 13160
patient dangerousness, evaluation for civil commitment, psychiatric emergency room patients, 2846
predictors of violence, civilly committed acute psychiatric patients, 2815
procedures for civil commitment, mentally ill American Indians, 2811
psychiatric & criminal history & length of hospitalization or imprisonment, females acquitted by reason of insanity vs convicted vs involuntarily hospitalized without criminal involvement, 5409
right to refuse nonemergency medication & competency, involuntarily committed psychiatric patients, 37817
statistical methodology for quantification of civil commitment detention time & cost, 2781
statutory & regulatory developments & right to refuse treatment & confidentiality & duty to warn 3rd parties, psychiatric patients under civil commitment to outpatient treatment, 6434
statutory change allowing involuntary commitment of neglect induced health deterioration vs assaultiveness, dangerousness, patients, 16886
treatment refusal, hospitalized forensic psychiatric patients, 2862
trends in commitment related disability litigation, schizophrenia, 6385
views on confidentiality laws & compulsory hospitalization vs outpatient treatment & compliance & community resources for mentally ill, judges & civil commitment investigators, 36312
voluntary vs civil commitment to treatment, opioid addicted patients, 16976
Communes [See Also Kibbutz]
prevalence & incidence of severe mental disorders in communes & state farm, 1974–77, China, 1746
Communication (Privileged) [See Privileged Communication]
Communication (Professional) [See Scientific Communication]
Communication Apprehension [See Speech Anxiety]
Communication Disorders [See Also Hearing Disorders, Language Disorders, Speech Disorders]
adaptive seating devices, early vocalizations, nonverbal 1.5–12.8 yr olds with cerebral palsy, 30793
assessment & instrumental procedures during implementation of augmentative & alternative communication device, 11 yr old male with severe communication & visual & cognitive impairments, 6487
assessment & treatment of metacognitive & executive & communication impairments, children & adults with severe head injuries, 23739
assessment of cognitive communicative impairment, 35 yr old male with severe closed head injury, implications for cognitive rehabilitation, 23052
augmentative & alternative communication intervention models, adults with acquired severe communication disorders, 13177
augmentative & alternative communication systems, acquisition & generalization of communication skills, severely disabled children & adults, 13180
aural rehabilitation, communication problems, hearing impaired elderly, 20240
cognitive communicative & physical & behavioral & emotional problems, reentering head injured students, implications for teaching strategies, 24121
communication disorders, Caribbean & sub-Sahara Africa, implications for Black Americans & for teaching Standard English, 8971
community based 5 mo vocational training program, work task performance & break time skills, learning disabled & mentally retarded & communicatively disabled 16 & 17 yr olds, 37846
comprehension of impaired communication of head injured 18 yr old female, parent vs speech therapists, 12370
computer assisted therapy in rehabilitation, cognitive communicative impairments, brain injured 33 yr old male with impaired verbal skills, 13225
correlates of anxiety disorder diagnosis, linguistically impaired children with anxiety vs behavior disorders, 4 yr followup, 12320
customizing Touch Talker with Minspeak system, cognitively intact preliterate 4.5 yr old female with athetoid cerebral palsy, case report, 41013
deinstitutionalization, speech-language pathology & audiology service delivery, mentally retarded or developmentally disabled clients, 34343
development of concrete & formal operational thought without sensorimotor stage, 9 vs 16 vs 40 yr old males with

cerebral palsy & physical & communication impairment, 16026
ecological framework for assessment of effect of societal attitudes toward disablement on individuals' sociocommunicative skill development, patients with communication disorders, 6502
expectations & intent in supervision process, students in field of communication disorders & their supervisors, 13395
family counseling, family relations, head injured patients with cognitive communicative disorder & their family members, 23262
family history of developmental communication disorders, developmental language impairments, 4 yr olds, 33450
family reactions & relations, rehabilitation, head injured family members with cognitive communication impairments, 13185
homophone retraining, writing, dysgraphic 53 yr old female, 6219
implementation of augmentative & alternative communication systems based on changing needs & skills of client & support & training for family, 13 yr old head injured female, case report, 6486
intervention & prevention of communication problems, children & adults with cleft palate, 9291
intervention framework, learning disabled students with communication disorders, reprint, 10233
judgments of tracheoesophageal talker intelligibility, naive listeners vs speech language pathologists, 29831
limitations of scientific research, communication disorders, commentary, 33444
limitations of scientific research, communication disorders, commentary, 33445
need for bilingual education, limited English proficiency students with communication disorders, 10225
neurobehavioral systems approach to assessment & treatment of cognitive communicative impairments, closed head injury patients, 13223
overview of augmentative & alternative communication applications, children & adults with cerebral palsy or mental retardation or autism or developmental verbal apraxia or language disorders, 37860
rehabilitation, subtle cognitive communication deficits, 35 yr old traumatically head injured male, 13210
research on interaction patterns, physically handicapped using augmentative & alternative communication systems, literature review, 12440
social skills approach to cognitive communicative rehabilitation, community reentry, patients with head injuries, 23722
speech pathology evaluation, articulation & language problems or voice & stuttering problems, patients with stroke or tumor or head injury, implications for speech therapy, 12461
speed & flexibility & expense & vocabulary preparation time, evaluation of utility of computerized augmentative & alternative communication program, clients with communication & motor handicaps, 6496
summary of data from Ninth Annual Report to Congress on the Implementation of the Education of the Handicapped Act, implications for speech language therapy & audiology, 31195
theory & practice, treatment of communication difficulty, young children, 23160
theory & research on & therapy of communication disorders, commentary, 33434
theory & research on & therapy of communication disorders, commentary reply, 33441
types of cognitive communicative impairments & rehabilitation options in acute trauma center, patients with traumatic brain injury, 23730
written communication output using microcomputers, 13–22 yr olds with spastic &/or athetoid cerebral palsy, case report, 41050

Communication Skills [See Also Language Proficiency, Writing Skills]
assessment & augmentative & alternative communication intervention, 35 yr old male with advanced multiple sclerosis, case report, 41046
assessment & selection & use of augmentative communication systems in rehabilitation, brain injured patients with cognitive language deficits, 13186
back channel listener responses to messages & collaborative feedback from listener & speaker, 7.5–11.9 yr olds, 25386
cognitive capacity & communication skills, referential communication task performance, 13–13.9 yr olds, Wales, 4580
cognitive skills prerequisites, augmentative & alternative communication use, severely disabled children, 27037
communication competence & assessment & pragmatics & semantics, hearing impaired children, special education implications, 33572
communication competence, clinical education/supervision process, supervision staff, 30884
communication competence, roommate satisfaction, college students, 8340
communication competence, success in college, college freshmen, 20523
communication of referential information to listeners, aphasic 50–72 yr olds, 16045
communication rehabilitation issues, 20 yr old male with traumatic brain injury, case report, 37839
communication skills, parents of schizophrenic vs mentally retarded patients, Spain, 8518
communication styles & competence, nursing relationships, nurses in public & city & private hospitals, 20183
communicative adaptability & interaction involvement, primary & secondary teachers, implications for cognitive dream for competence, 36400
communicative competence in augmentative & alternative communication systems, 41036
communicative competence, mentally handicapped adults from community vs hospital settings, 37828
communicative profiles, 19–52 mo olds with Down's syndrome or autism or language impairments, implications for early identification, 32989
communicator competence & listening ability & frequency of task related talk, performance, 22–48 yr old insurance claims adjusters, 38359
computerized iconographic communication system, 47–64 yr old males with severe aphasia, replication, 37871
computerized symbol processor system, receptive & expressive language skills, nonspeaking 5–23 yr olds with mental retardation or multiple disabilities, 6786
computerized visual communication system, processing of visual syntax, 57 yr old male with global aphasia vs patients with Broca's aphasia, 37591
construction & reliability & validity of Conversational Skills Rating Scale, college students, 17640
conversation control component of management development, 13812
conversational skills, inpatient conduct disordered 8.7–16 yr olds, implications for social skills training, 19290
customizing Touch Talker with Minspeak system, cognitively intact preliterate 4.5 yr old female with athetoid cerebral palsy, case report, 41013
daily living skills vs communication & socialization, institutionalized vs noninstitutionalized 3–51 yr old males with fragile X syndrome, 37014
development of Behavioral Assessment Scale for Intercultural Communication effectiveness, college students, conference presentation, 21097
development of Communicative Effectiveness Index, measure of functional communication, recovering & stable aphasic patients & their spouses, 28106
ecological framework for assessment of effect of societal attitudes toward disablement on individuals' sociocommunicative skill development, patients with communication disorders, 6502
estimation of hearing family members' competence in sign language & deaf child's loneliness, mothers of deaf 5–14 yr olds, 26566

exposure practice & marital satisfaction & communication patterns during couples behavioral therapy, females with agoraphobia with vs without panic disorder, 26890
extraversion, decoding of nonverbal communication, college students, 22317
facilitative intervention approach, social & communicative competence, students with autism & severe behavioral disorders, literature review, 6770
fenfluramine, serotonin levels & cognitive & communicative abilities, autistic children, 9 mo study, 9500
group psychotherapy for feeling identification & communication skills & anger management, child vs parent vs teacher ratings of problem behavior, 7–14 yr olds with recently divorced parents, 6005
implementation of augmentative communication program, 8 yr old female with developmental apraxia, case report, 37838
inferential models & traits &/vs behaviors & competence prototypes, prediction of judgment of target's communicative competence immediately after observation vs 1 mo delay, college students, 39909
information technology, communication skills & information management, 25332
instruments for assessment of communication & language skills, Spanish speaking children, 7050
knowledge & skills training in communication development, facilitators working with 27 yr old female with severe mental retardation in day & group home programs, case report, 37858
learning style, communication skills course performance, educationally disadvantaged college students, 20602
linguistic capacities, mentally retarded 14–20 yr olds, 26382
M. Mahler's stages of separation individuation in psychotherapy, psychic structuring & attendant communication skills, 8 yr old male with severe speech & language deficits, case report, 12713
maternal communication style, child vocal & communicative behavior, mentally retarded 1–3 yr olds & their mothers, 1936
model for augmentation & alternative communication evaluation & system selection, 27041
multimodal augmentative communication system, 74 yr old male with Broca's aphasia, case report, 37588
music therapy, language development & communication related concerns, hearing impaired children, 30161
nosological & nosographical issues in presence vs absence of language deficits, patients with Alzheimer's disease, literature review, 5661
overt activity with vs without feedback in active &/vs passive training conditions, generalization of speaking skills, 5.4–7.3 yr olds, Canada, 11423
overview of augmentative & alternative communication applications, children & adults with cerebral palsy or mental retardation or autism or developmental verbal apraxia or language disorders, 37860
past trends in & recommendations for improving patient physician communication, literature review, 6272
pattern of interaction involvement & communicative competence, use of cohesive devices in conversation, dyads, 4981
peer culture routines, development of communication & social skills, 2.1–6 yr olds, US vs Italy, 1072
perception of incongruent communications in videotaped counseling vignette, dysphoric female college students, 19129
perception of self vs peer vs other communication effectiveness, college students, 36491
personality traits including dependency & introversion & limited communication skills, neurotic depressive outpatients, West Germany, 5261
prediagnostic aided communication intervention, 6 yr old functionally nonspeaking female with severe spastic athetoid cerebral palsy, case report, 37850
prototype expert system to prescribe augmentative & alternative communication devices, nonspeaking 3–58 yr olds, 41041
provision & effectiveness of literacy/numeracy skills service, psychiatric inpatients, Great Britain, implications for occupational therapy, 30713
reasons & treatments for poor communication skills, eating disordered patients in therapy, 23145
receptive & expressive matrix training with known vs unknown word combinations, recombinative generalization, severely mentally retarded 7.4 vs 9.3 vs 18.9 yr olds, 27035
referential communication ability, normal vs learning disabled vs language learning disabled 5–13 yr olds, 5558
self monitoring, mock & actual employment interview performance, speech & language impaired 17.9–19.6 yr olds, 20260
self vs other reported communicative style & ability, communication satisfaction, college students, 18486
self vs supervisory perception of communication proficiency, organizational effectiveness & promotability, female employees, 3442
self vs vocational educators' perceptions of communication performance, 18–24 yr olds with severe learning disabilities, 10203
sex & grade level & birth yr, perceptions of communication skills & leadership strategies, high school students participating in substance abuse prevention programs, 24082
sex & sex role differences, smiling & verbal & nonverbal communication consistency, college students, 39867
social or communication skills, ability to deceive, college students, 1408
social status, discourse skills in free play with peers, acquainted 43–66 mo olds, 39631
sociolinguistic assessment model, communication problems, hearing impaired students, 34742
standard vs user vocabulary lists, source of vocabulary items for augmentative & alternative communication users, nonspeaking 20–42 yr olds, 27042
storytelling & communication skills, working vs middle class school age children, England, implications for school language instruction, 41218
structural analysis of subtraction lessons & explanations, formulation of expert instructional explanation model, expert 2nd grade teacher, 13490
structuring strategies & tactics to encourage constructive interaction patterns, divorce mediators, 4529
student patient communication project, development of communication skills, medical students, 13300
suggestions for communicative strategies, hearing impaired elderly patients in extended care facilities, 34297
tactual & visual & auditory communications media & technology, blind & visually handicapped, 37834
teacher estimates vs direct observation, estimation of spontaneous language performance, developmentally delayed 2–5 yr olds, 41337
temperament & communicative competence, kindergarten adjustment, 5–6 yr olds, conference presentation, 3243
training in asking categorical questions, use of referential inquiry strategies in listener or 20 questions task, 4 vs 5 vs 7 yr olds, 39506
training program for teaching subordinate oriented communication skills, supervisors & managers, 38383
understanding of belief & communicative intention, 4–7 yr olds, Austria, 1035
validity of self report scales, measurement of communicative competence, 35159
verbal communication skills, learning disabled vs nondisabled 9–13 yr olds, 5544
vocabulary selection in development of communication aid, nonreading severely physically disabled 36 yr old female with cerebral palsy, case report, 41054
willingness to communicate & communication apprehension & competence, college students, Australia, comparison with US data, 36391

Communication Skills Training

alternation of total communication & oral speech methods, ability to combine words to form sentences, moderately mentally retarded 5.3 & 13 yr olds, 27032

assessment of cognitions in outcome studies of marital therapy using communication skills training vs cognitive techniques, commentary reply, 16432
augmentative & alternative communication intervention models, adults with acquired severe communication disorders, 13177
augmentative & alternative communication systems, acquisition & generalization of communication skills, severely disabled children & adults, 13180
behavioral approach to acquisition of Makaton sign language symbols, severely learning disabled 22 yr old male, 9438
coding manual for communication skills training program, face to face talk process raters, 23303
cognitive & learning factors in & strategies for augmentative communication training, children with autism, 16687
communication skills training, reliable measurement instrument for attentional & communicative behaviors, mentally retarded patients, commentary, 27289
communication skills training vs marital-discussion-only program, communication effectiveness & marital satisfaction, spouses with one chronically mentally ill member in day treatment program, 2344
communication training, relatives & friends of institutionalized elderly, 23692
communication training vs self help group, 20–65 yr old males who sexually abused their children, 19867
community based training program, receptive language skills, profoundly mentally retarded 15–19 yr olds, 20036
computer assisted instruction, communication skills, mentally retarded students, literature review, 27699
computer controlled laser videodisc programs, speechreading & assertive listening skills, hearing impaired children & adults, 37589
concomitants of lexigram acquisition & measurement & prediction of acquisition success, mentally retarded patients, commentary reply, 27250
contingency management vs communication skills training with vs without child's participation, parents of 6–15 yr olds with conduct disorders, 26902
conversation skills training, inappropriate social interaction, mentally retarded 14–16 yr olds, 9844
cues-pause-point training with generalization assessments, use of signed labels in question answering, moderately & mildly mentally retarded male 18 & 20 yr olds, 12784
curriculum decision making based on developmental & operant research, teaching of social & communication skills, handicapped or autistic children, 24141
development & effectiveness of psychoeducational intervention, reduction of negative communication, schizophrenic residents of hostel for psychiatric patients, 13115
evaluation of marriage enrichment program, couples, New Zealand, 6013
functional communication training, reduction of severe aggressive & self injurious behaviors, male 27 & 36 yr olds with autism & profound mental retardation, 37416
generalized case training procedure, telephone usage, learning & generalization, 17–21 yr old severely mentally retarded special education students, 27697
generalized training procedure, information requesting behavior & conversation, 46–63 yr olds with chronic Broca's aphasia, 37587
group conversational skills training, 11.8–16 yr old behaviorally &/or emotionally disturbed inpatients, 26898
group counseling & communications skills training, antisocial behavior & underachievement resulting from loss experiences, 1st–12th graders, 3311
group discussion course using computer mediated communication, speech skills & computer training for group problem solving & decision support & idea exchange, college students, 38113
group interpersonal cognitive problem solving program, heroin addicted or alcoholic patients, 41082
group relations training workshop, educational psychology trainees, implications for professional practice, 3088
identification & enhancement of nonsymbolic communication, children with severe multiple disabilities, 37841
implementation of augmentative communication program, 8 yr old female with developmental apraxia, case report, 37838
implementation of Reticence Program using special skills training approach, communication & public speaking skills, college students with communication fear & avoidance, 38096
innovations in behavioral language research & instructional context & content, generalization, severely disabled persons, literature review, 9444
interview & interpersonal skills training, listening & talk time during interviews, 35–46 yr old school principals & teachers, 31015
issues in & strategies for communication intervention, adolescents with autism, 16923
knowledge & skills training in communication development, facilitators working with 27 yr old female with severe mental retardation in day & group home programs, case report, 37858
language intervention in natural environment, students with moderate & severe handicaps, 27674
language training using signs &/vs speech, language comprehension & production & spontaneous use, high vs low verbal imitating moderately to severely autistic 3–9 yr olds, 2881
learning of topographically identical verbal operant tact & mand repertoires using graphic symbols, 28 & 36 yr olds with Down's syndrome or profound mental retardation, 34366
lexigram graphic symbol learning, attention & intentional communication & sociability in dyadic interaction, severely mentally retarded 6.2–22.7 yr olds, 27249
lexigram graphic symbol learning, nonlinguistic gains attributable to specific intervention, severely mentally retarded 6.2–22.7 yr olds, commentary, 27272
life skills training, communication & social interaction, male psychiatric inpatients, 1 yr followup, 2374
management communication training program, management personnel, 13813
marital therapy utilizing communication skills training vs cognitive techniques, marital problems & communication & behavior, severely distressed couples, 16433
multimodal augmentative communication system, 74 yr old male with Broca's aphasia, case report, 37588
natural environment language training, acquisition & use of nouns in sign language, autistic 5.3 yr old male, 16688
parent participation in behavioral vs communication skills training, parental attitudes & children's self concept & behavior, parents & children, 3 mo followup, 6053
peer communication interventions based on social & play skills research, handicapped & nonhandicapped children in developmentally integrated settings, 16917
problem-solving & conversational skills training, initiation & maintenance of friendships, partial hospitalization after care clients with schizophrenia vs bipolar disorder vs major depression, 2769
programs from school to adult life, severely handicapped students, 16913
reasons & treatments for poor communication skills, eating disordered patients in therapy, 23145
Rebus symbol communication training, comprehension & expression & generalized symbol use, 53 mo old female with Down's syndrome, 9605
referential communication skills game, 3rd & 5th graders with learning disabilities, 30553
referential speech, sign language training, severely mentally retarded 5.4–9.8 yr olds & 12.1 yr old male with phenylketonuria, 20033
relationship enhancement, troubled children & adolescents & their family & para-family members, 33906
requesting & reinforcer selection training with preferred rewards, match between verbal request & item selected, severely mentally retarded blind 17 yr old female, 37455
research methodology in studies of marital therapy utilizing communication skills training vs cognitive techniques, commentary, 16434

retrospective pretesting in pretest posttest design, response shift bias in evaluation of communication skills training, hospital employees & dental students, 26880
Say It Straight school based program using communication training & peer support & self esteem enhancement, prevention of destructive behavior & criminal offenses, 9th–12th graders, 41220
self instruction &/vs self vs external reward vs behavioral training, acquisition & maintenance & refinement of telephone emergency skills, 5.7–8.2 yr olds, 19908
signal &/or spoken symbols, language development, 2.5–4.8 yr olds with Down's or Klinefelter's syndrome or autism, 27038
social cognition & persuasion training, promotion of energy conservation during home audit program, home energy auditors, 27976
social skills program, conversational skills, elderly in residential care home, 3 mo followup, 13109
speechreading communication skills, severely & profoundly hearing impaired, 23725
spontaneous communication instruction through interrupted behavior chains, severely mentally retarded or autistic or multiply handicapped students, 16492
student patient communication project, development of communication skills, medical students, 13300
systematic desensitization & cognitive modification & skills training, public speaking anxiety, college students, 19877
teaching families conflict management skills, child care workers, 23570
teaching strategy using modeling & reinforcement, learning & generalization & maintenance of question answering skills, autistic 5.6–9.2 yr olds, 38231
time limited microskills training, nurses who did vs did not volunteer for training, 37994
tracking technique for learning speechreading, aurally handicapped, 23709
traditional stimulation therapy vs Promoting Aphasics Communicative Effectiveness, naming, female 66 yr old with conduction aphasia, 16686
training in facilitative communication skills, self perception of helpfulness, elderly retirement community residents, 9429
training in manual searching in response to "where" questions, blind multiply handicapped 3.5 yr old male, 6475
training in self advocacy skills, discrimination of & response to rights violations, mildly handicapped 19–27 yr olds, 12616
training method, empathic ability & perceived spousal empathy & marital satisfaction, married couples, 23307
training of social assertion & interviewing skills & conversational ability, handicapped & behaviorally disordered children & adolescents, 26888
underlying processes & value of systematic communication teaching & augmentative communication symbols, mentally retarded patients, commentary, 27281
utility of Luria's regulatory concept in verbal-nonverbal correspondence training, children, 9460

Communication Systems [See Also Telephone Systems]
accomplishments & difficulties & potentials for social network research using new interactive communication technologies, conference presentation, 4974
advances in augmentative & alternative communication research & intervention, children & adults with severe intellectual disabilities, literature review, 13221
attitudes toward computer mediated communication system, registered users, Sweden, 6936
augmentative & alternative communication intervention models, adults with acquired severe communication disorders, 13177
augmentative & alternative communication systems, acquisition & generalization of communication skills, severely disabled children & adults, 13180
communication networks, cooperative games, 22344
computer conferencing system, information processing & exchange & organizational structure, 13839
computer mediated communication, computer network users, 25339
context of oral & written language, communication medium & mode choice & switching, project manager, implications for computers in workplace, 18478
interleaving nonlinearities in human sequential behavior & linguistics & concepts that underlie nonlinear phonology in human computer interaction, implications for computer design, 31455
long distance electronic networks, science education, students, 41236
research on interaction patterns, physically handicapped using augmentative & alternative communication systems, literature review, 12440
symbol representativeness & conceptual concreteness, interpretation of meaning of Blissymbols, college students, implications for communicative rehabilitation, 4541
system of communicating through computer using P300 cortical EPs, 20–36 yr olds, implications for augmentative communication, 21835
use of & attitudes toward communication technologies, professionals vs managers vs clerical staff vs blue collar workers in information jobs, 13888

Communication Theory
communication theory & case study method, clinical social work practice instruction, 13332
ecological theory & depiction & communication, development of language systems, commentaries & reply included, 32309
integration of communicative & literary analysis in practitioner–patient communication course, college students in health professions, 23896

social routines, perceived competence vs deterioration of self, Alzheimer's disease patients, 40400
standard vs simplified vs storybook formats of informed consent information on high or low risk medical procedures, decision making ability, elderly in long term care facility, 13159
standardization & dependability & validity of criterion referenced EKG certification test, measurement of competence, physicians, 7161
substituted judgment decision, intrusive or extraordinary treatment, mentally incompetent adolescents in residential treatment facilities, 23672
therapist competence in conducting interpersonal psychotherapy, treatment outcome, depressed outpatients, 5972
Competence (Social) [See Social Skills]

Competency To Stand Trial
assessment of adaptive behavior & malingering, competence to waive rights & possible mental retardation, Native American murder & child abuse defendant, case report, conference presentation, 15330
assessment of mental age & competency to give testimony & coaching, cross examination testimony in child sexual abuse trial, 15 yr old female, 1269
clinical & legal outcome, schizophrenic patients remanded for assessment of competency to stand trial, 1541
community evaluation & treatment program for incompetent & mentally ill forensic clients, community mental health center & state hospital administrators & staff, 13056
competency to stand trial, referred vs nonreferred 16–71 yr old criminal defendants, 33238
criminal & clinical & sociodemographic characteristics, fitness to stand trial evaluations, mentally ill offenders, 8840
diagnosis & patient history & hospital course, length of hospitalization & restoration of competency to stand trial, maximum security forensic hospital patients, 23806
difficulties in evaluating competency to stand trial, 33 & 39 & 61 yr old male defendants not seeking defense against charges, 1280
discussion of forensic evaluations with defendants prior to trial, courtroom behavior & fantasies & fears, male defendants in competency evaluation trials, 36316
dismissal based on incompetence to stand trial & "abolition" of insanity defense, 25796
evaluation of Competency Screening Test vs interdisciplinary fitness interview, assessment of defendants in state hospital, competency to stand trial, mental health professionals & lawyers, 1292
expectations of competency evaluations, trial judges, 1284
historical perspective of competency to stand trial & psychiatric hospitalization as social control, mentally ill offenders, 39847
historical perspective on competency to stand trial & psychiatric hospitalization as social control, mentally ill offenders, commentary, 39854
model of assessment of competency to stand trial, 1256
reliability & validity of screening instruments, assessment of competency to stand trial, defendants admitted to state hospital for court ordered pretrial evaluation, 3615
retrospective evaluation of competency to stand trial, defendants & legal personnel, 11659
role in determination of competency to stand trial, psychiatrists, 22241
surreptitious surveillance of forensic psychiatric examination, 32 yr old female patient assessed for competency to stand trial, 22232

Competition
achievement motivation & competitiveness, females, literature review, 22399
actor's vs O's role, causal attributions for success & failure under competitive situations, college students, Japan, 25971
adaptive significance of nonparental nest attendance, barn swallows, 31960
age & sex & assigned cooperative vs individualistic goals, cooperative & competitive behavior with peers during play, 6–13 yr olds, 1121
aggressiveness & self confidence, cardiovascular reactivity as measured by BP & pulse rate during competitive performance, 15 yr old males, 15178
anger & other moods, success in Karate tournament, adolescents & adults, 36157
anxiety & levels of aspiration, competitive task performance, police trainees, India, 7497
attitudes toward cooperative & competitive & individualistic situations, psychological health & life stress orientation & marital satisfaction, couples in 2nd marriages, 15292
beginning vs main vs end phases of each half of basketball game, psychological crisis during competition, male basketball experts, 10479
believed religion of noncontingent opponent, exploitive & competitive behavior in computerized prisoner's dilemma & chicken games, Catholic vs Protestant college students, Northern Ireland, 22335
burrow mud pillar function in competitive courtship signaling, fiddler crabs, 10938
competition & physical traits, male choice & mating success, female pinyon jays, 14600
competition for egg laying sites, female marine iguanas, 25002
competition induced anxiety, positive impact of assimilation of positive outgroup member, college students, 15451
competitive behavior & physical traits, female choice & mating success, male pinyon jays, 14599
competitive feeding situation & dominance hierarchy, eating behavior & food intake & aggression & evaluation of potential risks, rhesus monkeys, 17976
competitive foraging, seed preferences & resource partitioning, pigeons, 502
competitive level & situation, social reinforcements of performance process or outcome, elementary or junior or high school varsity males' basketball coaches, 20434
competitive picture making task, interest in peers' work & delayed free play task interest measuring intrinsic motivation, 4–5 & 9–10 yr olds, Israel, 32480
competitive status, distribution across sites, goldfish, 14629
competitive trait anxiety & perceived importance of winning, performance attribution, college students who won vs lost table tennis match, 13971
competitive vs cooperative instructions, verbal communication during game playing, delinquent vs nondelinquent 14–17 yr olds & their parents, implications for family therapy, 15821
concentration during relaxed training vs high arousal competition, heart rate patterns, highly skilled 22–58 yr old miniature golf players, implications for attention, 39158
construction & factor structure of Cooperative/Competitive Strategy Scale, 17–66 yr olds, 7178
cooperative vs competitive or independent goals, innovative communication & progress in problem solving, staff members of postsecondary educational institution, 38061
cooperative vs competitive task judged on ability vs effort, justice rule allocation preferences in contributive vs retributive settings, college students, 18882
copulation frequency & stage of estrus & retaliatory copulations, intermale sperm competition, coursing vs defending bighorn rams & ewes, 497
degree of fairness & officials' response & interaction, individual crisis vulnerability in crisis vs noncrisis conditions in competitive situations, male basketball experts, West Germany, 32835
determinants of group entitativity in Prisoner's Dilemma Game, interindividual vs intergroup interaction & competition & discontinuity, college students in groups, 22334
diazepam, aggressive behavior in competitive RT task, college students, 21738
educational & motivational components of health promotion competitions, 2589
entry behavior & social interaction in competitive vs cooperative contexts, popular vs unpopular 4th grade males & their classmates, 3225
escalatory bids & cooperation strategies, abstract auction game performance, competitive adversaries, 36412
expectations of cooperation vs competition, skin conductance & heart rate & EMG & vicarious emotional responses to facial expressions, college students, 25934
female choice vs male competition, maintenance of polygyny, yellow headed blackbirds, 519
fertility advertisement, male-male competition, female red junglefowl & Lapland longspurs, 35531
food competition, defensive vs testosterone dependent aggression, castrated male rats with medial hypothalamic vs sham lesions vs with testosterone vs sham implants, 11104
food supply depletion, social spacing & competition, water fleas, 504
foraging party size, food competition, black spider monkeys, conference presentation, 10991

frontal shield & other body traits & display, competitor assessment, moorhens, 14612
game standing, vulnerability to psychological crisis during competition, male basketball players, 35014
goal perspectives & competitive sport involvement & behavioral intensity & persistence, male vs female college students participating in intramural team sports, 10486
group size & dominance hierarchy, energy expenditure & food intake & competition, female longtailed macaques, conference presentation, 10996
group size, food competition & foraging rates & nutrition, primates, conference presentation, 10961
identification with either vs both vs neither ingroup vs outgroup, reward allocation equity in group competitions, male college students, Japan, 29356
impetus & dynamics & impact of organizational change as competitive strategy, business organizations, 31425
individual differences in competition for sucrose pellets within familiar triads, male rats, 482
individually competitive vs cooperatively reward structured learning environments, academic achievement, high school biology students, 31138
integrated competitive strategy & human resource management model, organizations, 27902
internal consistency of Sport Competition Anxiety Test, 18–27 yr old college student athletes, 24571
intrapersonal & parental & coach influences & self esteem, sport competition anxiety, 9–14 yr olds in wrestling program, 36147
intrauterine position, competition for limited food & preference for male during estrus cycle & social & sexual behavior in presence of female, male vs female mice, 547
intrinsic interest of task & competitive motives, individual effort in cheering task with collective responsibility, 15–17 yr old female high school cheerleaders from same vs different squads, 13572
kin group residence & intergroup competition, survival & reproductive success, female vervet monkeys, 14567
kin recognition & nepotism, competition in production of queens & division of labor, honey bees from biochemically distinct subfamilies, 35571
male competition & female dominance, male selection & mating behavior during artificial menstrual cycle, rhesus monkeys, 39070
male help in burying carcasses & guarding larvae, paternity assurance & sperm competition, burying beetles, 35533
medial hypothalamic lesions & defensiveness, competition with intact females in limited water supply situation, male rats, 788
method for measuring food competition, primates, conference presentation, 10962
nesting phenology, nest site competition, Red headed vs Red bellied woodpeckers vs European starlings, 39031
new composite scoring procedure for Competitive Orientation Inventory & sex differences in sport confidence & competitive orientation, high school vs college vs elite class athletes, 21141
perceived levels of competitiveness & combativeness & efforts to gain control in courtship, male college students, 36440
perceptions of coach's game vs practice behaviors, 11–14 yr old soccer players & their coaches & trained coders, 11533
perceptions of value differences & predisposition to help, performance in competitive vs cooperative conditions, college students, 15454
personal vs competitive self efficacy & expectations & differential outcome feedback, subsequent self efficacy & physical endurance performance, male college students, 25962
postcompetitive behavior, male vs female Arab Olympic gymnasts, Africa vs Middle East, 38528
presence of other ovipositing females vs previous patch visit by other wasps, sex allocation during oviposition, parasitic wasps, 14633
Prisoner's Dilemma interaction with other with competitive vs conciliatory strategy of graduated & reciprocated initiatives in tension reduction, integrative bargaining, male college students, 15414
purchasing services via competitive bid, community mental health boards, 9691
serotonergic drugs, performance in competition for sucrose pellets, triads of male rats, 18336
sex & competitive vs noncompetitive EMG biofeedback training, relaxation, Type A vs Type B college students, 28677
sex & competitiveness & win orientation, intercollegiate athletes vs nonathletes, 24481
sex, cognitive & attributional & behavioral responses & perceived competence, college students competing in actual competitive win/lose situation, 39912
sex, competitive achievement orientation & sport participation, high school & college students, 22018
social values & egocentric bias, perception of cooperative vs competitive behavior, college students, 4989
socially conveyed information about appropriateness of competition, competition between merely categorized groups, college students, 15432
sociocultural factors & competition in games, female elementary school students, 36138
sole vs shared decision making & cooperative vs competitive context, openmindedness & interpersonal relationships in simulated interdepartmental business task, college students, 4979
sources of sport enjoyment during competitive phase of career, 22–49 yr old former elite figure skaters, 31505
sport competition anxiety & self efficacy & gender role endorsement, male vs female college students, 3499
stuttering like behavior while playing flute in competitive situation, stuttering adult female, case report, 26426
subjective & objective competitive outcomes, intrinsic motivation after basketball jump shooting competition, college students, 31500
subliminal oedipal vs nonoedipal competitive stimuli, dart throwing performance, males, replication, 17742
subliminal primes & behavioral predisposition, prisoner's dilemma game, competitive vs cooperative male college students, 18892
suckling behavior & teat preferences & disputes, early neonatal piglets, 31963
territorial fidelity & retaining or reclaiming breeding territory from preceding year, male warblers returning vs new to study area, 505
theoretical model of psychological crisis during sport competition, basketball experts, 35015
theory predicting response time to competitive strategic actions, organizational performance & sales growth, top managers of high technology electronic firms, 38382
unequal resources & relative group size, intergroup competition for public goods, college students in small groups, Israel, 25852
use of mental preparation in training & competition, 19–35 yr old female World Cup lacrosse players, Australia vs Canada vs England vs US vs Wales, 31499
validity of Sport Orientation Questionnaire, measurement of achievement orientation & discrimination of competitive sport participants vs nonparticipants, high school & college students, 10590
value of competitive vs cooperative style in courtship, unmarried college students, sex role implications, 39871
viewing competitive vs violent ice hockey action, aggression, male college students, 38543
win vs loss feedback in competition with male vs female confederate, RT, female college students with internal vs external locus of control, 8410
Complexity (Cognitive) [See Cognitive Complexity]
Complexity (Stimulus) [See Stimulus Complexity]
Complexity (Task) [See Task Complexity]
Compliance [See Also Treatment Compliance]
angry vs happy vs neutral mood, compliance with messages, college students, 8397
attire of female authority figure, compliance with request to help target, 16–70 yr olds, 22363

attitudes & habits & intentions & cognitions, seat belt use, adults, 6 wk followup, 27828
attributions of compliance and noncompliance, parents of children with attention deficit disorder with hyperactivity, 37156
behavior in foot-in-the-door compliance induction procedure, adults, France vs West Germany vs Netherlands, implications for self perception theory, 32869
characteristics of noncompliance & dropouts from epidemiological child psychiatry research, 8 & 13 yr olds, West Germany, longitudinal studies, 8537
child noncompliance & oppositional & complaining behavior & parental instruction giving & maternal aversiveness, families of 2.4–7 yr olds with conduct disorders, 33343
compliance vs noncompliance with breast cancer screening program, female 40 yr olds & older HMO members, 16752
compliance with Section 4 of learning disabilities exclusionary clause, educational diagnosis, school psychologists, 13713
compliance with US Dietary Guidelines, female vs male 14–18 yr olds, 7991
development & reliability & internal consistency of compliance questionnaire for work on interrogative suggestibility, 35128
development of content analysis coding scheme, assessment of constructionist vs selectionist approach in compliance gaining messages in teaching, teachers, 38181
discriminative properties of rule governed behavior & compliance & problem solving, 31874
elapsed time between 1st & 2nd requests, compliance with telephone requests for information, heads of household, implications for foot in door effect, 8377
enhanced traffic enforcement, stoplight compliance, cyclists, 6857
entrance & adherence to structured physical fitness programs, healthy 65–91 yr old females, 18717
eye & physical contact with & sex of interviewer, compliance with & attitudes toward interview, adult shoppers, 1363
foot in door paradigm & 1st request with cognitive set implying continuous involvement with vs fulfilled obligation to charitable cause, compliance with 2nd set, housewives, 10461
foot-in-the-door vs door-in-the-face compliance manipulation, spontaneous vs asked-for helping, college students, 18869
gaze & touch techniques in mall intercept interview, compliance & response bias & rate & quality & volunteer bias, adult shoppers & male vs female interviewers, 31489
guided compliance procedure, performance of previously acquired vocational & domestic tasks, mildly retarded & emotionally disturbed 27 & 63 yr old males, 37420
inclusion of large anchorpoints &/vs legitimization of minimal assistance, compliance with requests for charitable contributions, heads of households, 10458
influence source strength & foot in the door vs door in the face technique, zoo donation compliance, community residents, test of social impact theory, 32802
instructional format using actual vs synthetic breast modeling, compliance with instructions for regular breast self examinations, female college students, 1 mo followup, 16757
interaction with abusive &/vs neglectful mother, development of compliant behavior pattern in infancy, 1–36 mo olds & their 15–38 yr old mothers, 12111
item desirability & procedural & statistical problems & response set, social compliance gaining behavior research, commentary reply, implications for social desirability theory, 22309
item desirability & procedural & statistical problems & response set, social compliance gaining behavior research, commentary, implications for social desirability theory, 22312
item desirability & procedural & statistical problems, social compliance gaining behavior research, commentary, 22315
legal knowledge, compliance with drinking & driving legislation, drivers, US vs Norway, conference presentation, 25795
message framing, motivation to comply with health recommendations, 13014
minority dissenter, willingness to abstain from smoking, college students, implications for behavioral conversion, 32788
model of mass marathon organization training program using iatrogenic dynamic & required compliance, psychodynamics & emotional reactions to indoctrination, 20–51 yr olds, 23260
monetary reward for resistance, ability to voluntarily resist neutral suggestion, hypnotized college students & staff, 38952
moral development & reasoning & refusal to serve, 23–46 yr old reserve soldiers in Lebanon war, Israel, 3461
organizational directives, managerial decision making & compliance decisions, employees, development of cognitive expectancy model, 17362
organizational noncompliance with environmental law, 38486
parental power bases & processes, conformity to expectations, junior & senior high school students, 29220
potential self harm upon request compliance, obedience to request of authority figure, college students, 11787
proactive vs reactive maternal behavior, development of compliant behavior & self regulation, 2 vs 3 yr olds & their mothers, 22189
product familiarity & hazard type & written warnings with vs without symbols, noticing vs recalling vs complying with warning & perceived hazards, college students, 6981
reasons for noncompliance with special education law in correctional setting, administrators, 23798
receiver's decoding ability & speaker's voice tone, compliance with fast vs slow requests for help, college students, 4948
rewarding series of easy requests, compliance with subsequent difficult task, 7–10 yr old moderately or severely retarded elementary school students, 3293
role as sender vs receiver & size of request, selection of compliance gaining strategies, college students, 36431
room time outs vs spanking, subsequent escape efforts from chair time outs, 2–6 yr olds with behavior problems, 19909
selection vs construction procedure, social desirability bias in assessment of use of message strategies in compliance gaining research, college students, 15421
self reported vs observed compliance with mandatory seat belt law, college students vs drivers over age 55 yrs, 1258
sequential request strategies, differential perception of source legitimacy in telephone survey & compliance, adults, 29347
size of request made by friend vs stranger, expectations of compliance to foot in door technique, friends vs strangers, 4961
social compliance techniques, promotion of charitable contribution, adults, 32826
social factors & characteristics of intensity controlled dance exercise class, exercise adherence, moderately overweight 35–58 yr old females, 5864
social influence, compliance & internalization in group cohesion & decision making or groupthink, 39907
subject selection, self reported & hypothetical taxpayer compliance, adults, 38319
Theory X vs Theory Y management style, compliance gaining strategy selection, managers, 20806
type & frequency of misbehavior, selection of pro- vs antisocial classroom compliance strategies, elementary vs secondary experienced vs student teachers, 20440
validity & reliability of Compliance Test 1 & 2, assessment of compliance with parental instructions, 2–7.2 yr olds, 24642
warning to wear & accessibility of laboratory mask & social influence, mask wearing compliance, college students, 38331

Comprehension [See Also Number Comprehension, Verbal Comprehension]

age & memory load & study time, comprehension of & memory for information on prescription labels, 18–80 yr olds, 37534
age & music training, figural & metric understanding & rhythm, 7–12 yr olds, 11443
age, understanding of maternal anger, 4–14 yr olds, 8003
audiovisual vs video vs audio narrative, comprehension, 5–12 yr olds, 36049
breadth & depth & meaningfulness of category names of sequence control menus in computer assisted instruction, comprehension & retention & attitude, college students, followup study, 13482
childhood development & learning & understanding & museum design, 18506
communication in consultation with general practitioner, understanding of doctor's instructions & advice, patients, 23530
comprehension & miscomprehension of editorial vs advertising content of magazine, adult readers, 41540
comprehension of drawings showing touch, 3–4 yr olds, 29060
comprehension of impaired communication of head injured 18 yr old female, parent vs speech therapists, 12370
comprehension of mental states, autistic 7.1–18.5 yr olds, 11999
computer program background knowledge, strategies & work methods during COBOL program inspection, computer students & programers vs COBOL experts, 28317
construction of external representations, understanding of class inclusion hierarchies, 2nd–6th graders, 39532
context, understanding & solving mathematics word problems, junior high school & college students, Switzerland, 27627
demographics of aging & social variables & social control perspective of deviance, understanding of alcohol abuse, elderly, 12248
educational instruction, ability to recognize & understand styles of artworks, 6–8 vs 10–12 yr olds & college students, 27569
elaborative activities & orienting instructions, comprehension & recall & metacognitions, 12.5–14.1 yr old students, 31119
experimental information giving vs investigator disclosure, information quality & understanding of informed consent, 18–76 yr olds with schizophrenia vs depression vs borderline personality disorder, 15631
expository TV programs, recollections & thoughts, 20–78 yr olds, Sweden, 35936
family communication patterns & parent mediation, cognition & aggression & comprehension of TV content, 6–7.7 yr olds, 2 yr study, 15040
film montage linearity, comprehension & recall & character perception & aesthetic response, adults, Canada, 21289
frequency & type of questions asked during home storybook reading, 2.9–4.8 yr olds & their parents, 32464
genetic vs environmental factors, general & technical comprehension & arithmetic skills abilities, 18–19 yr old male twins Army recruits, 1950–54, Norway, 13955
hermeneutics of H.-G. Gadamer & P. Ricoeur, 17505
illustrations in scientific text, systematic thinking & understanding & learning, college students, 34646
inferred cause of events, comprehension & recall of visual nonverbal story, mildly mentally retarded 21–50 yr olds, implications for experimental methodology, 33412
knowledge levels, misunderstandings in learning science & mathematics & programing, students, 34654
levels of context, metaphor comprehension, 6–12 yr olds, 39571
loss of helium balloon as metaphor for father's death, female 4.4 yr old, case report, implications for early physical-psychological metaphoric ability, 21898
manipulations of point of view in videotaped narratives, recall of story events, adult males of Pokot tribe with little visual media experience, Kenya, 21838
metaphor comprehension, monolingual vs bilingual 8 & 11 yr olds, Canada, 15050
narrative vs editorial reader vs stream of thought generator computer models, comprehension &/vs generation of emotional behavior through cognitive processes, 35342
otological & metaphysical & epistemological & metaphorical aspects of hermeneutics, 18494
program comprehension using feedback with vs without translation from English, transfer learning of BASIC programing language, college students, 31042
psychoanalytic methodology of explaining & understanding, 2259
recognition & understanding of different emotional states, mentally handicapped 14–25 yr olds, 36931
redundancy between auditory vs visual channels, auditory vs visual recall & comprehension of TV news story, college students, 35933
rock music lyrics & videos, lyric comprehension & imagination, 4th–12th graders & college students, 1010
role of understanding in artistic expression & perception, 24840
simplification, understanding models, 35024
social & motivational bases, mathematical understanding, students, 20514
spatial bandpass filtering of dynamic images of American Sign Language signs & signal masking by noise in other bands, intelligibility, deaf adults fluent in sign language, 4537
strategies for enhancing comprehension of informed consent information, medical patient research participants, 5786
structured conceptualization, framework for understanding concept of feminism, self defined feminists, 29296
syntactical competency & language comprehension, apes, conference presentation, 39056
taxonomy of cognitive skills & questions, assessment & development of higher level cognitive skills through questioning technique, speech & language disordered students, 38241
textual proximity, metacognitive awareness & strategic comprehension behavior, learning disabled 10.3–12.7 yr olds, 16000
understanding directions for manipulation task, addressees vs overhearers, 28311
understanding of belief & communicative intention, 4–7 yr olds, Austria, 1035
understanding of communication process & nature of knowledge & research as intervention vs observation of communication vs social processes, 25335
understanding of coverage & satisfaction with care, enrollees in HMO Medicare plans, 2656
understanding of force & energy concepts prior to teaching, 11 yr olds, implications for teaching methods, 27553
understanding of intention & promises, 5–11 yr olds, 32370
understanding of mistaken belief & inference of knowledge & pragmatic verbal ability, autistic 7–18 yr olds, England, conference presentation, 33155
understanding of prices & wages & investments & strikes, 11–16 yr olds, England, 36038
understanding time concepts, historical understanding, children, implications for teaching history, 18623
verbal context & conventionality of wording, indirect auditory request comprehension, right handed 38–69 yr old stroke patients with right vs left hemisphere damage, 37184
visual attention, understanding behavior toward visual narrative, 3.5–8 yr olds, 15128
word knowledge & features, comprehension of modified noun phrases combining simple concepts to form complex concepts, adults, 28306
written &/vs spoken dental health message in formal unfamiliar vs informal familiar language, comprehension of & affect toward message, 12–14 yr old slow learners, Great Britain, 12986

Comprehension Tests

revised scoring methods for Token Test & Reporter's Test, sensitivity to errors, normal vs language disordered K–4th graders, 35135

Compressed Speech
brief prior exposure to time altered speech, preferred listening rate & comprehension, Army enlisted personnel, 35315
single channel speech compression using hearing aid, phoneme perception, hearing impaired 13–18 yr olds, 12377
time compressed speech, comprehensive & interpretive & short term listening performance, college students, 31819
Compulsions [See Also Compulsive Repetition]
basal ganglia or limbic system disturbances, compulsive behavior, animal models, 39110
biofeedback assisted relaxation training & self monitoring & in vivo exposure & response prevention, compulsive playing of video games, 18 yr old male, 9451
codependent relationships, adult compulsive eaters vs drinkers & their spouses, implications for family therapy, conference presentation, 29465
definition & etiology & treatment of sexual compulsivity, chemically dependent individuals & their families, 16947
degree of obesity, binge eating, obese 23–65 yr olds, 2138
developmental precursors & psychodynamics, female adults who compulsively shop & spend, 29575
early childhood developmental assessments & projective identification, psychotherapy, 17 yr old psychotic male with compulsion to spin or roll on the floor, case report, 33755
frontal lobe brain damage from tumor or infarct, transient compulsions, 43–62 yr olds, case report, 5824
processes of self control, overcoming compulsions & addictions & resisting temptations, implications for treatment, 37434
response facilitation, test of theory of compulsive sexuality as function of interrupted or frustrated approach behavior, males with exhibitionism or peeping behavior, 26904
scores on MacAndrew Scale, adult alcoholics vs compulsive gamblers vs smokers vs joggers, 25988
sociological perspective on sexual addiction & compulsion, 5435
strategic therapy, female 10 yr old with psychosomatic complaints & 8 yr old with compulsive behavior, 9395
Compulsive Gambling [See Pathological Gambling]
Compulsive Neurosis [See Obsessive Compulsive Neurosis]
Compulsive Personality Disorder [See Obsessive Compulsive Personality]
Compulsive Repetition
memory & recall & repetition of stories, 18–31 vs 60–87 yr olds, 1157
memory deficits, 19–62 yr old compulsive checkers, replication, 19223
Computer Applications [See Also Artificial Intelligence, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Assisted Testing, Computer Simulation]
acceptance or resistance to computer technology, public school speech language pathologists, 38212
acquisition of domain specific knowledge, performance of complex computer data entry job, 32 yr old female with organic amnesia, implications for vocational rehabilitation, 2874
advantages & drawbacks of computerized clinical assessment & consultation programs, 9707
algorithm for feature point matching in computational vision, implications for computer assisted manufacturing, 41500
allocation of system functions between machines & humans in computer integrated manufacturing, 38470
anecdotal documentation, computer based systematic decision making, implications for organizational effectiveness, 31407
application of expert systems to special education, students with learning disabilities, reprint, 10197
attitudes toward & impact & specific uses of computers in clinical psychology, practicing psychologists, 34465
attitudes toward computer mediated communication system, registered users, Sweden, 6936
attitudes toward computers vs system cost as reasons for low computer use in service organizations, managers in hospitality industry, UK, 13805
automated Modified Binary Search procedure, measurement of resting states of eyes & other psychophysiological threshhold phenomena, conference presentation, 7358
barcode technology using data menu, automated data collection of events & observation time for transfer to personal computer, implications for behavioral monitoring, 28037
bootstrap & approximate randomization computer intensive correlational analysis techniques, 31735
clinical & administrative & research & financial computer applications in social work private practice, 9736
cognitive structuring intervention, computer assisted career guidance, adults, 17338
cognitively based method, evaluation of computer aided design task performance, implications for software utility in architectural design, 24330
commercially available word processing software, accommodation for writing deficiencies, high functioning learning disabled college students, 20582
computer aided design vs manual drafting, job designs & work group structures & performance, designers & supervisors, 10345
computer aided program, supervision of occupational engagement, 7 & 17 yr old institutionalized severely mentally retarded males, 34308
computer aided system of monitoring & evaluating family interventions, integration of data collection & analysis with clinical practice, social work trainees, 9927
computer aided system, unsupervised household & occupational locomotor activities, institutionalized low functioning blind 16.8–27.5 yr old females, 33969
computer aided vs earlier forms of manufacturing technology, safety & well being & activities, machine operators, 38406
computer algorithms for integration of visual processes & cues, 17692
computer animation, calibration of color video projectors, 21032
computer applications for graphical & statistical analysis of variations in music performance, conference presentation, 35261
computer applications in mental health services, Great Britain, 34218
computer applications in private practice, psychotherapists, 13408
computer assisted assessment & progress monitoring & outcome evaluation, social work practice, 16841
computer assisted career guidance system, career indecision, 19–55 yr old physically disabled college students, 31236
computer assisted Guidance Information System, career maturity, 14–19 yr old students, 38263
computer assisted therapy in rehabilitation, cognitive communicative impairments, brain injured 33 yr old male with impaired verbal skills, 13225
computer assisted vocational assessment, 41018
computer assisted vs manual curriculum based measurement of student progress, instructional planning strategies, 2nd–9th grade special education teachers, 20599
computer assisted vs noncomputerized cognitive rehabilitation, severely closed-head-injured patients, 16904
computer assisted vs tip sheet behavioral health counseling, behavior change in weight & exercise & smoking & diet, high school students, 20454
computer based decision support systems, retail management, 31361
computer based educational support center, academic performance, college students with physical or learning disabilities, 17281
computer based system for simultaneous recording of locomotor activity & body temperature rhythms, applications to circadian biology research, 11078
computer conferencing system, information processing & exchange & organizational structure, 13839
computer connectionist model for solving diagnostic problems, implications for computer assisted manufacturing, 38847

computer controlled adaptive procedure, performance-intensity function using consonant vowel stimuli, normal vs sensorineural hearing impaired 17–47 yr olds, 33452
computer data collection system, recording of sexual behavior & general events, rodents, 28494
computer driven video motion analysis, dextroamphetamine induced stereotypy, male rats, conference presentation, 35893
computer enhanced EMG biofeedback, motivation & goal attainment in occupational therapy, orthopedic patients, England, 9838
computer framework for definition of EP paradigms, conference presentation, 35605
computer generated 3-dimensional graphics, analysis of EEG data in neuropsychological hypothesis testing, conference presentation, 7693
computer interactive video system, analysis of team behavior, field hockey players, 38535
computer interfaced operant measurement device & stimulus control package, sleep onset latency & time slept, male 22 yr old with insomnia, 2417
computer literacy, attitudes & values & opinions toward information technology, college students, 4 mo study, 38173
computer mediated communication, computer network users, 25339
computer mediated communication, private & public self awareness & interpersonal communication, college students, 22336
computer models & applications in perceptual experiments & pattern recognition & learning & clinical psychology, 7028
computer program for data collection & analysis in behavioral assessment, 38575
computer programing instruction, cognitive skills, students, 10093
computer software, creativity & learning in mathematics classroom, students & teachers, 34616
computer supervised exposure treatment, phobic patients, 6066
computer systems, mental health administration, 9720
computer technology in mental health program management & decision making, 34205
computer uses, managers at private sector firms, 41475
computerization & cognition & language style, shortcomings of computer mediated psychodiagnosis & therapy, 5969
computerization of clinical services in hospital department of psychiatry, 2810
computerized assessment for determination of leisure preferences, severely retarded 7 yr old male, replication, 8933
computerized data collection system, assessment of effects of mild thermal stress on academic performance, 7–15 yr old students, implications for market research surveys & opinion polls, 20705
computerized databases & spreadsheets, introduction to statistical practices & investigative learning, college students in social sciences, 41258
computerized expert systems, protective services intake decision making, child welfare workers, 16846
computerized fuzzy graphic rating scale using semantic differential, individual differences in imprecise ratings of occupation prestige & sex type, 18–45 yr olds, 10549
computerized hormonal monitor, instruction geared to hormonal variability, students, 31086
computerized iconographic communication system, 47–64 yr old males with severe aphasia, replication, 37871
computerized information management systems for mental health service providers, 9689
computerized information management systems, man machine systems design, 24428
computerized record keeping & National Institute of Mental Health priorities, mental health service delivery, chronically mentally ill, 9725
computerized self help clearinghouse for nonprofit support networks, 33951
computerized tail suspension test, measurement of escape & immobility responses to different psychotropic drugs, male mice, 25313
computerized visual communication system, processing of visual syntax, 57 yr old male with global aphasia vs patients with Broca's aphasia, 37591
computers & social psychology of workplace, literature review, 10397
computers, rehabilitation, hospitalized elderly, 13192
concerns about different applications of educational computing, elementary school teachers, 17178
construction & testing of microcomputer controlled bicycle ergometer apparatus, heart rate maintenance for psychophysiological research, male 30–35 yr olds, 35674
curriculum based measurement with enhanced vs unenhanced feedback, spelling achievement of learning disabled or emotionally disturbed or educable mentally retarded students, special education teachers, 27778
description & applications of machine learning systems, 13927
development of computerized database of patient history & related information, schizophrenia research, conference presentation, 8627
development of database for day psychiatric treatment center, clinical decision making & program evaluation & research, emotionally disturbed children, 9829
developments in computer science & technology, mental health research, 9727
digital system, real time elicitation of EEG envelope, 7650
digitally controlled low pass filter block, EEG & EMG & EP recording of biosignals, 21557
dilemmas associated with use of computers, clinical psychologists, 30924
DISCOVER career guidance computer program, career indecisiveness & decision making efficacy, college students, 6814
educational computer simulation of clinical interview, college students, 10080
educational computer use, learning & motivation & social behavior, students, 27576
electronic spreadsheet analysis, applications to mental health administration, 9703
elicitation of alcohol drinking history via computer vs nurse vs psychiatrist during hospital screening interview, 16–60 yr old newly admitted patients, 37770
emergence of computerization psychology, artificial intelligence & human computer interactions, 10429
engineering psychology & computer technology, design of visual displays & assessment of mental work load & training complex skills, literature review, 27825
ethical issues in microcomputer assisted cognitive rehabilitation, 27282
ethics of quantitative measurement in & assessment & delivery of therapy by microcomputers, implications for private social work practice, 6366
evaluation of computer mediated program for remediation of attentional deficits in speed of information processing, severely head injured 17–38 yr olds, 16929
evaluation of computerized job matching systems, visually impaired clients, implications for vocational evaluators, 37857
evaluation of speech from normal adults vs hearing impaired 9 yr old, human judges vs microcomputer, treatment implications, 33453
exclusion of face to face contextual cues using computer mediated communication, social pressure to conform to majority judgments of line lengths, college students, 29353
experimentation set up for computer control of psychoacoustic experiments, 35316
extended applicability of computer aided program for normal & supplemented supervision of occupational activities, deaf & low functioning 13.7–17.1 yr olds, 41033
feasibility study of applying computer conferencing to research on homosexuality & variant sexuality, 22268

flight helmet with electrodes for noncontact EEG monitoring, airline pilot, implications for aircraft autorecovery systems, 41487
formalized performance rule system for judgment of musical quality of computer performances, musically trained listeners, Sweden, 35976
gender differences in computing, high school students, Great Britain, 6679
handwritten vs word processed English language & literature essays, grading, secondary school teachers, 24250
history of computer applications, psychophysiological research, 14738
human vs computer conflict in community mental health agencies, 9680
identification of target faces using traditional album vs computerized mug shot search, college students, implications for police investigations & witness descriptions, 29255
implementation & evaluation of university computer workstation network systems for academic & research purposes, 41231
implementation & utilization of microcomputers in secondary special education program, mildly handicapped high school students & high school special education teachers & school administrators, 34764
importance of semantic information in narrative, temporal load of computer assisted recall, college students vs 10–11 yr olds, 4636
inexpensive hardware & software protocol for conditioning & testing of hearing, gerbils, 35432
informational newsletter & computerized feedback, prescription costs & knowledge of charges & therapeutic issues, medical residents, 3017
interaction with & attitudes toward computerized sex therapy, college students, 33679
interactive computer, scientific information exchange, 25340
interactive knowledge based system, group problem solving, educational & management & expert systems applications, 20900
interleaving nonlinearities in human sequential behavior & linguistics & concepts that underlie nonlinear phonology in human computer interaction, implications for computer design, 31455
knowledge based computer aided materials handling systems, 41488
knowledge based learning machine for systems control, 38860
knowledge level & relations with nonexperts in market research, computer specialists, 20954
licensing structure parsing computational model, 35946
local interaction based representation system for human & computer interface & inferred user cognitive states, 41495
manual vs automatic computer aid, visual target identification & compensatory tracking & task preferences, Air Force personnel, 6971
menu availability & method of command entry, computer performance, college students, 38471
method for interfacing Apple IIe computer with programing modules & automated collection & analysis of animal behavior data, 10889
microcomputer assisted vs tabletop management activities, response stabilization of speech management, 3.5–8.8 yr olds with speech delay, 34135
microcomputer based evaluation & redesign of multiple choice test instrument, college students, 13731
microcomputer based system for generating machine & human readable numbers for recording with visual information on videotape, medical applications, 38571
microcomputer controlled system, measurement of startle response to acoustic stimuli, animals, 18075
microcomputer device with image processing peripheral board, detection & control of peck location during operant conditioning, pigeons, 422
microcomputer leisure preference assessment, nonspeaking 10–12 yr olds with Down's syndrome or severe mental retardation, 1926
microcomputer ownership & use, psychologists vs social workers, US vs Canada, 34522
microcomputer task guidance system as compensatory device for cognitive impairments, 28 yr old female with herpes encephalitis, 9847
microcomputer technology in dedicated augmentative & alternative communication devices & software, computer usage, nonspeaking or disabled patients, 30798
microcomputer video digitizers, monitoring of spontaneous locomotion & moving appendages, animals, 17941
multiperspective view on human-computer interaction, 10426
NEWSART & NEWLIL digital filters, real time binomial weighted spectral analysis using personal computers, implications for EEG & automobile steering movements applications, 38695
observation & simulation of real work environment, identification of cognitive features of process control, blast furnace conductors, implications for computer support design, 20892
online voyeur method, collection of objective electronic communication data, Information Technology Center members, conference presentation, 35070
open question vs method choice vs sequential vs true/false questioning method, rate of computer aided learning of Dutch-English word pairs, students, 35376
optical & electronic computer systems, spatial & temporal analysis of video images for visual perception experiments, 28245
optical disc based computer controlled multimedia environment, encouragement of exploration & self directed information gathering, 8–14 yr olds & their families, 39482
organizational climate, implementation of computers in local mental health agencies, 9699
paradigm for assessment of student learning using computer screen display time for graded text, elementary school teachers, 6809
perceived helpfulness of work values inventory vs job bank vs decisions exercise computerized vocational guidance intervention, client needs, 15–36 yr olds, implications for counselor training, 38273
personal computers & other motivating factors, teachers, literature review, 3077
position type & interview by computer vs warm vs cold mannered interviewer vs paper & pencil measure, social desirability & accuracy of responses & affective reactions, college students, 20749
problem solving in computer controlled manufacturing systems & reasoning, electricians, 41414
process of learning to be counselor & use computers, 23864
programable computer software system for experimentation in psychoacoustics & speech perception, conference presentation, 35326
pros & cons of computer assisted short term psychotherapy, 23174
psychology course on use of computer concepts & techniques in study of mental phenomena conference presentation, 38075
psychometric issues in computerized career information & guidance systems, 13767
questions administered by computer vs personal interview vs self completion methods, responses to various question types, adult shoppers, marketing research applications, 13965
rating system for computer based career information delivery systems, high school students & personnel & parents, 27533
recording system based on video system & memory card & personal computer, tracking of movements, isolated microorganisms, 3895
relationship between behavioral & computer technology, implications for coping with resistance to computerization of human service organizations, 30646
reliability & validity of microcomputer signal processing system, monitoring of cardiovascular functions during mental tasks, adults, Canada, 7731

simulated air traffic control monitoring task with vs without computer aiding, alertness & detection efficiency, 18–29 yr olds, 41501
simulated natural language interface, input miscommunication, clerical & junior management staff, 24426
social influences & job skills, computer controlled lathe technology, industrial workers, implications for system designer role & values, 10427
space scale analysis & computer vision & graphical display of 3 dimensional experimental data or images, 38755
spatial organization of information in spreadsheet calculation, memory load, college students, Finland, 31894
specifications & uses of microcomputers, adolescent residential treatment facility, 16869
speech interface vs full word typing vs single keystroke vs mouse clicks, speed & productivity in computer use, graduate students, 31464
speed & flexibility & expense & vocabulary preparation time, evaluation of utility of computerized augmentative & alternative communication program, clients with communication & motor handicaps, 6496
standard paper questionnaire vs DISKQ survey method, adults, 3533
system of communicating through computer using P300 cortical EPs, 20–36 yr olds, implications for augmentative communication, 21835
system response times in error detection task, physiological & performance variables & subjective measures, 18–36 yr olds, 32085
task characteristics, research & technical development & implementation of computer applications in mental health service settings, 9721
technically improved computerized projection tachistoscope, 17537
technological sources of & involvement in feedback, utilization of performance feedback, business students, 35357
topology based geometry representations for computer applications requiring geometric reasoning, 38715
use of word processor, writing skills, 8.6–12 yr old students with learning difficulties enrolled in special education center, 10220
utility of Marital Satisfaction Inventory computerized report, clinical assessment & treatment planning, couples, 26871
validity of computer based personality & psychodiagnostic assessment, 7134
validity of computer scoring procedure for continuous monitoring of sleep & wakefulness, 1–5 day olds, 21914
validity of Millon's computerized interpretation system for Millon Clinical Multiaxial Inventory, psychotherapy outpatients, commentary, 24581
validity of Millon's computerized interpretation system for Millon Clinical Multiaxial Inventory, psychotherapy outpatients, commentary reply, 24625
video task paradigm with computer generated stimuli for obtaining discrimination learning set data, rhesus monkeys, conference presentation, 35480
word processing program vs pen & paper, attitudes toward writing, 7th graders, 27636
word processing software packages, reading & writing skills, 3836
word processing vs handwritten language use, severely emotionally disturbed 7–20 yr olds, conference presentation, 36719
word processing, writing productivity & revision, 5th–8th graders, 41275
written communication output using microcomputers, 13–22 yr olds with spastic &/or athetoid cerebral palsy, case report, 41050
3-dimensional computer generated graphics, multivariate analysis of psychological data, conference presentation, 7277

Computer Assisted Diagnosis

AGECAT computerized diagnosis procedure, detection of dementia & depression & neurosis, elderly males vs females in urban communities, US vs England, 15566
applications of computed tomography & magnetic resonance imaging & positron emission tomography to psychiatry, 9244
brain neuroimaging & neuropathology, schizophrenia research, 22666
CLASS.LD2 expert system, learning disability classification & special education placement, 10288
clinical validity of computerized self report vs clinician diagnosis of PTSD, adult soldiers, Israel, 31670
computer assisted assessment & progress monitoring & outcome evaluation, social work practice, 16841
computer assisted neuropsychological assessment, 3540
computer assisted tomographic & topographic techniques, assessment of anatomical & physical changes, patients with language disabilities, literature review, 33436
computer generated Vocational Personality Report in vocational rehabilitation, 20228
computer guided psychoeducational diagnosis, educational problems, elementary school students, 38287
computer program for analysis & interpretation of Halstead-Reitan Neuropsychological Battery, 28047
computer tomography scan abnormalities & pink spot diagnostic test & enlarged ventricle hypothesis of schizophrenia, literature review, 19089
computerization & cognition & language style, shortcomings of computer mediated psychodiagnosis & therapy, 5969
computerized psychological assessment programs for residential & day care facilities, 35087
computers, assessment of attention, elderly or patients with Parkinson's or Alzheimer's disease, 12491
concordance between Geriatric Mental Scale & AGECAT computerized diagnosis, community residents over 65 yrs old, replication, 3569
construction & reliability & validity of computer administered Adult Diagnostic Interview Schedule-Present, psychodiagnosis, psychiatric inpatients, China, 3656
consultative expert computer system, diagnosis of 4th grader with reading disability, teacher, 38247
cross time stability of computer based version of Austin Maze, neuropsychological assessment, male college students, Australia, 2 yr study, 14144
development & basic principles of neurometrics, computer assisted differential diagnosis, patients with brain dysfunctions, 2028
development & validity of computerized measure, assessment of neurotic symptoms, 18–85 yr old patients, 17612
development of computerized psychosexual assessment laboratory, diagnosis & treatment planning & outcome, convicted sex offenders, 50
diagnostic utility of magnetic resonance imaging vs computer tomography, female 43 yr old with multiple sclerosis presenting as major depression, case report, 19607
expert systems technology & diagnostic system for infectious diseases & Diagnostic Interview schedule & clinical decisions for psychiatric disorders, 32966
general standing of computer assisted psychological evaluations as legal evidence in courtroom criteria, 36306
imaging brain structure & function & diagnosis, alcoholic patients, 29757
knowledge acquisition tool without certainty factors, differential diagnosis, 15571
legal & ethical codes & standards for school based computer assisted assessment, 31281
limitations of prior scoring system & utility of Rorschach Comprehensive System & computerized interpretation in reanalysis, assessment of personality disorder types, Nazi war criminals, 22775
magnetic resonance brain images, schizophrenic 18–44 yr olds, 8583
magnetic resonance imaging abnormalities & clinical characteristics, 9 mo to 18 yr olds with neurofibromatosis, 33507
magnetic resonance imaging vs computerized tomography, visualization of brain structure, medication free schizophrenic 18–28 yr olds, 36569

mental impairment or focal neurological or other clinical signs, prediction of computed tomography findings, psychiatric patients, 11915
methodological issues in computed tomography vs magnetic resonance imaging research, assessment of cerebral ventricular system, schizophrenic patients, 33212
neuroimaging, detection of structural &/or metabolic brain disorders, patients with late life psychosis, 8668
neuropsychological correlates of intellectual impairment & magnetic resonance imaging, 17–64 yr olds with myotonic dystrophy, 40424
nonlinear mathematical model for computerized analysis of mood curves, schizophrenic vs endogenous vs neurotic depressive inpatients, 7248
perceptions of Microcomputer Evaluation & Screening Assessment, vocational evaluation, rehabilitation clients, 41012
problem based learning tutorial &/vs computer presented medical problems, medical history taking & speed of diagnosis, 1st–2nd yr medical students, 27465
PROQSY computerized psychiatric assessment techniques, screening for psychiatric morbidity in general practice, 15–69 yr old patients, 32992
real data simulation of computerized administration of MMPI, 16–72 yr old candidates for pilot positions of psychiatric inpatients, 24550
test retest reliability & attitudes towards self administered computerized Diagnostic Interview Schedule, psychiatric patients, 8554
utility of Minnesota Assessment of Chemical Health software package as standardized instrument for 2nd professional opinion, clients in EAPs, commentary, 31416
utility of Minnesota Assessment of Chemical Health software package, assessment of degree of drug or alcohol dependency & recommendations for level of care, clients in EAPs, 31389
validity of computer based personality & psychodiagnostic assessment, 7134
X-ray computerized tomography & magnetic resonance imaging & positron emission tomography, diagnosis of dementia, elderly, 30015

Computer Assisted Instruction

active teaching using basals vs interactive videodisc curriculum design, ratio & proportion word problem learning, low performing & special education 9th–11th grade mathematics students, 38222
adaptation of software for instruction in psychodiagnostic decision making, conference presentation, 38030
advantages of local area network vs stand alone microcomputer system, undergraduate psychology teaching, 31029
adventure game as instructional reading activity, reading & study skills, 6th graders, 13480
age & sex, intensive computer keyboard training, 11–18 yr old students, Australia, 41225
application of artificial intelligence to intelligent tutoring systems, 27585
artificial intelligence & computer assisted instruction, performance on open sentence mathematical problems, 2nd–3rd graders, 23961
artificial intelligence, development of computer assisted instruction, 10086
artificial intelligence system, grammar & spelling instruction, 10–15 yr olds, Netherlands, 10089
artificial intelligence techniques & knowledge level analysis, design of computer assisted instruction systems, 13908
artificial intelligence tools & human cognition stimulation, 10813
attitudes toward teacher vs menu based partial vs fully learner controlled computer assisted instruction, dental students, Denmark, 27421
basis for response evaluation in computerized instruction in organic chemistry nomenclature, students, 27589
breadth & depth & meaningfulness of category names of sequence control menus in computer assisted instruction, comprehension & retention & attitude, college students, followup study, 13482
characteristics & attitudes, use of microcomputers in classroom, primary school teachers, England, 27499
choice behavior in learning mathematics from computer programs, 14–15 yr old students, 27584
classroom instruction & use of computerized LOGO interactive microworld for plotting in Cartesian space, concept knowledge & transfer ability, 6th graders, 17174
cognitive representation of computer software, computer assisted instruction effectiveness with vs without tutorial help, student teachers, 27497
cognitive structures & conflict & engagement in activity, differentiation & generalization of mathematics concepts, students in LOGO environment, longitudinal study, UK, 31057
cognitive style & configurable computerized game, business students, 24028
color & animation & sound in microcomputer software, learning of geometric concepts, 9th graders, 3126
color & graphics & animation, computer assisted learning tutorial lesson effectiveness, 9th–12th graders, 27529
communicative & supportive computer assisted 2nd language tutoring program, 7–15 yr olds, 38073
component skills task sequencing model & computer tutor, basic algebra instruction, 27580
computer & software as composition aid, children with dysphoria experiencing school failure, 36591
computer aided program, performance of unsupervised activities, multihandicapped adolescents, commentary, 6062
computer aided program, performance of unsupervised activities, multihandicapped adolescents, commentary reply, 6089
computer aided program, performance of unsupervised activities, multihandicapped adolescents, educational applications, commentary, 6097
computer aided vs teacher led instruction, mathematics achievement, 6th graders, 3122
computer applications in language instruction based on transactional model of language learning, 13477
computer as organizational/memory aid to learner generated strategies, problem solving, college students, 3165
computer assisted approach to employability skills training in rehabilitation, disabled individuals, 13170
computer assisted calculus concept vs skill learning & practice, comprehension, college students, 3128
computer assisted instruction & teacher's personality, mathematics achievement, remedial 7th–8th graders, 20628
computer assisted instruction, arithmetic problem solving, 2nd grader, Israel, 10063
computer assisted instruction, communication skills, mentally retarded students, literature review, 27699
computer assisted instruction, effectiveness of direct reading instruction & student motivation & learning, 3160
computer assisted instruction, expository writing, high school seniors, 31081
computer assisted instruction in general psychology lab course, college students not majoring in psychology, 10061
computer assisted instruction, kindergartners, case report, 23981
computer assisted instruction, learning, students, literature review, 10084
computer assisted instruction, performance on New York State Regents Competency Test in Mathematics, remedial high school students, 20596
computer assisted instruction, reading skills, learning disabled 9.6–13 yr old 4th & 5th graders, literature review, 13675
computer assisted instruction using interactive vs noninteractive videodisc vs videotaped lecture & practice, electromechanical maintenance task performance, college students, 20751
computer assisted instruction with vs without reinforcement or formal classroom instruction, achievement in math vs reading, remedial 4th–8th graders, 10192
computer assisted language & concept enrichment program & role of speech language pathologist as consultant, kindergartners, 31079

computer assisted learning packages, matching tasks to students, infant & junior students, England, 27588
computer assisted system analysis, interaction in problem based learning groups, teachers & students in medical school, 20388
computer assisted vs keyboard vs robot instruction, programing & word processing skills, K–2nd graders, 10040
computer assisted vs traditional written alcohol education, alcohol attitudes & awareness, college students, 34402
computer based drill vs voluntary flashcard strategies, word number pairs learning, 10th graders, 27587
computer based group work, English education, primary & middle school students, 31044
computer based instructional program, creativity & higher level thinking strategies, students, 17159
computer based laboratory for introductory psychology, conference presentation, 10067
computer based modeling of electrical circuits, confrontation of misconceptions & learning, 1st–9th grade males, Scotland, 17134
computer demonstration of word fragment completion effect, comprehension of experimental paradigm in cognitive psychology, college students, 10095
computer environments, paired associate learning, adults, 14431
computer experience, comprehension of mathematical functions & compositions, college students, 10039
computer game with low vs high processing demands, strategic planning, low vs high ability 7th & 8th graders, implications for educational software, 10081
computer implementation & classroom organization & planning & practice, learning, 3rd–8th graders, Canada, 2 yr study, 41243
computer learning environments, cognitive accomplishments & problem solving skills, students, 3137
computer literacy school programs & design of computerized instruction systems, secondary schools, USSR, 10072
computer managed mastery learning instructional format, mathematics scores, 5th graders, 17133
computer model instruction in Newtonian dynamics, 16 yr old male students, England, 10042
computer program & simulated channel system, probabilistic thinking & understanding tree diagrams, 11–16 yr old students, 27559
computer program, identification of misconceptions in genetics problem solving, college education majors, 27536
computer program using graphic representation &/vs synthetic speech for word presentation, word recognition, 1st–3rd graders with learning disabilities, 3295
computer simulated case study program, instruction in ethics in psychology, 10082
computer simulation of perceptions of static equilibrium, conceptual change, 8th–10th graders, Israel, 23979
computer software tools, comprehension of natural phenomenon in physical sciences, high school students, 31041
computer software, understanding graphs of mathematical concepts, 7th–8th graders, 27597
computer supported intentional learning evironments, 5th–6th graders, teaching implications, 31078
computer text instructions, learning & thinking aloud protocols, 1st yr high school students, 23971
computer use in education, growth in cognitive skills & research methodology & curriculum problems, literature review, 10069
computer viruses, academic programing & laboratories, conference presentation, 38122
computer vs learner control vs minimal reading assistance on computer presented text, question answering performance, 5th graders, 38085
computerized algorithmic vs discovery teaching programs, mathematics achievement & computer attitudes, field dependent vs independent college students in algebra course, Puerto Rico, 17135
computerized audiovisual interactive devices, knowledge acquisition, students, 23980
computerized data management & progress monitoring, goal based vs experimental data evaluation & student achievement, special education teachers & learning disabled vs emotionally disturbed students, 17256
computerized databases & spreadsheets, introduction to statistical practices & investigative learning, college students in social sciences, 41258
computerized file management program & social science activities, information processing & problem solving skills, 7th–12th graders, 10107
computerized instruction & researcher intervention, conceptions of variables in mathematics, 13 yr old students, 31069
computerized instruction in integers & integer addition & negation & expressions using transformation technique, mental operation learning, 6th graders, 6714
computerized instruction in vocabulary & logic & health knowledge, academic achievement, mildly handicapped secondary school students, implications for special education, 17295
computerized partially animated network representations, teaching & understanding of mathematical & geometrical deductive proofs, students, 23992
computerized patient education programs, 9616
computerized study guide vs note taking achievement in mainstream geography class, remedial education & learning disabled 9th graders, 20611
computerized symbol processor system, receptive & expressive language skills, nonspeaking 5–23 yr olds with mental retardation or multiple disabilities, 6786
computerized test system to facilitate questioning strategies & reading ability, reading vocabulary & comprehension & prediction of performance, 3rd graders, 20476
computerized text presentation, reading time & comprehension & subjective estimation of learning, 5th–6th grade good vs poor readers, 13502
computerized vs conventional workbook study guides, exam performance, college students, 17163
computers as teaching machines, 34618
computers in counselor education, current vs 1984 literature, 23861
computers in Head Start curriculum, achievement & teacher & peer training & parent education, 4–5 yr olds & their friends, 41211
computers, learning & learning environments & academic motivation & cognitive skill development & methodology, literature review, 27574
concept & components of artificial intelligence educational system, 13909
concept mapping methodology, planning & evaluation of program for integrating computer technology into conventional education, pubic school teachers, 31058
concerns about different applications of educational computing, elementary school teachers, 17178
cooperative mixed ability grouping during computer based instruction, concept learning, 8th graders, 27564
criticisms of computer assisted instruction, reading education, 23959
decision support computer system vs hand scored planning, attitudes toward planning & decision making in business games, business students, 23995
delay in response to computer generated test items, test performance, college students, 17170
density of text in computer video display, reading time & task performance & user preferences in computer assisted instruction, college students, 17158
design & selection of authoring systems, computer assisted learning packages, 27532
design of computerized instructional spelling programs, 38074
design of instructional overlay for computer based simulations for optimum learning, 38118
development & formative evaluation of graduated series of 4 graphics based programing environments or microworlds, computer researchers & elementary school students & teachers, 2 yr study, 27540

development of computer based LEGO/Logo environment, classroom design & invention activities, elementary school students, 41246
development of interactive videodisc based instructions, efficiency of object assembly during vs after training, college students, 20885
development of microcomputer laboratory for undergraduate psychology education, conference presentation, 38069
development of Monitor for Initial Reading software, global word recognition & initial reading, students, 38129
direct instruction curriculum design & mastery learning & videodisc technology & computer assisted instruction, teaching cognitively complex skills, learning disabled students, 27673
disadvantaged group status, experience with & knowledge of & attitudes & intentions toward computers, elementary & secondary school students, 10141
Drexel Disk Hypertext instructional software in constrained knowledge space, conference presentation, 38092
education about computer use in problem solving skills development & implementation of computers in school, teachers & administrators, 38060
educational computer modes for word processing & practice & creating & advances in computer assisted instruction, gifted students, 38239
educational computer use, learning & motivation & social behavior, students, 27576
educational technology & development of creativity, literature review, 38071
engaged time & interactions with teachers & peers during computer assisted instruction vs independent seatwork, 9–12 yr olds with learning disabilities, 3283
establishment of undergraduate psychology computer laboratory & software development, conference presentation, 10078
estimation of bivariate normal data correlation in computer scatter diagrams, MBA students employed in technical or managerial positions, 38426
evaluation of computer program for use in problem solving processes in health & fitness assessment, college students, 27586
evaluation of computer program variations, speed & accuracy of word recognition, reading disabled 9.2–12.7 yr olds, 17253
evaluation of computerized laboratories, psychology students & faculty, 2 yr followup, conference presentation, 38086
expert & intelligent tutoring systems, knowledge base for performance of specialized tasks & instruction similar to human tutor, Air Force personnel, 13917
expert system shells as instructional tool, problem solving & cognitive skill development, 7th graders, 17180
expertise requirements, development of intelligent computer assisted instruction systems, students, 24427
feedback vs no feedback & choice vs forced looping, performance on computer assisted instructional modules, college students, 13507
fidelity in design of computer instructional simulations & transfer of learning, 13468
field dependent vs indiscriminant cognitive style, math achievement in traditional vs computer assisted learning environment, college students, 27578
forgetting & assessment factors in medication nonadherence & use of computer assisted instruction in medication recall training, elderly patients, 23420
grant process for funding microcomputer psychology lab for teaching research skills, conference presentation, 38103
graphic feedback in spelling drill program, learning motivation, 4th & 5th graders, 13510
group discussion course using computer mediated communication, speech skills & computer training for group problem solving & decision support & idea exchange, college students, 38113
grouping & self esteem & academic locus of control, mathematics performance & help seeking using problem solving programs, learning disabled & mildly mentally retarded 3rd–6th graders, 10183
Guided Discovery LOGO instruction, mathematical readiness & visual motor integration & attendance, 1st graders, 17162
guided discovery method of teaching LOGO computer language, learning & transfer to other contexts, 1st graders, 20474
implementation & evaluation of university computer workstation network systems for academic & research purposes, 41231
improvements in PIXIE tutoring system using artificial intelligence & defined subject rules, 13496
individual vs dyad microcomputer vs workbook assisted instruction, achievement scores & attitudes toward computer instruction, 3rd–6th graders, 10087
individualized computer system, knowledge acquisition vs text comprehension or memorization based on prior knowledge, 7–11 yr olds, 24027
inequality of educational achievement & computer mediated learning, students, 34599
information technology, education & cognitive science & developmental psychology, students, 41248
inquiry base Logo instruction, planning task performance & metacognitive skills & computing attitudes & working memory, 3rd graders, 17155
instruction in LOGO programing, learning of microcomputer terminology & commands, male vs female 3.3–5.3 yr olds, 8054
instructional strategy & screen design & human factors, improvement in teaching ability of educational software, 17157
instructional strategy planning model, linking of cognitive thinking & learning processes with computer instruction strategies using meta learning theory, conference presentation, 17173
intrinsic motivation, prediction of mathematics achievement in computer assisted instruction setting, 4th–6th graders, Israel, 13548
introduction of microcomputers, classroom organization & teacher student relations & group participation & curriculum, 2nd–6th grade teachers, 31067
introductory psychology laboratory using computerized research tools, conference presentation, 10048
knowledge acquisition methods, development of computer assisted instruction & expert systems, 24429
learner control in computer assisted instruction systems, 3450
learner vs programed control of science computer assisted instruction, learning time & test score, 8th graders, 3134
learning & retention & generalization & language ability & computer assisted instruction, mentally retarded, implications for teaching & computer software, 10178
learning Logo programing, mathematics achievement & cognitive development, middle school students, 27591
learning of Logo positioning commands, kindergartners, 3180
learning style & Logo vs computer assisted instruction, achievement & reflectivity & self esteem, Black vs White 1st graders, 13476
learning theory, computer applications in schools, 20489
learning to program in Logo, reasoning skills, 7th & 8th graders, 13493
lesson element keystroke oriented approach, estimation of authoring software efficiency, implications for education, 13491
Logo & Prolog computer programs, problem solving & reasoning skills, 4th–8th graders, 3105
LOGO computer programing training vs computer assisted instruction, academic achievement & cognitive ability, 1st graders, 18 & 23 mo followups, 10047
LOGO programing instruction, mathematics learning & problem solving & programing ability, 8–11 yr olds, UK, 27582
Logo vs commercial interactive software, problem solving & metacognition & composition skills, 1st graders, 10077
Logo vs computer assisted instruction, problem solving skills, 4th graders, 10054

Logo vs instructional software, problem solving & skill acquisition, special needs preschool students, 3281
long distance electronic networks, science education, students, 41236
LOTUS worksheet teaching files, analysis & interpretation of ANOVA problems, students, 10102
methodology for design of knowledge based computer aided learning system, instruction & evaluation according to individual understanding & aptitude, 13931
microcomputer assisted instruction in reading & mathematics, acquisition of basic skills, low achieving 4th–6th graders, 3255
microcomputer assisted learning program software, dialogue in student & teacher dyads & mathematical division learning, teachers & students, 41212
microcomputer curriculum, health related knowledge & behaviors, 4th–5th graders, 34587
microcomputer dynamic modeling, learning A level physics & academic ability, high school students, 27595
microcomputer dynamic modeling, level A physics instruction, high school students, 27594
microcomputer experiment building software & Excel worksheet, support for undergraduate psychology research apprenticeship, conference presentation, 38091
microcomputer generated vs printed text, reading comprehension, 4th–12th graders, 13478
microcomputer instructional goals & perceptions of effectiveness, special education & elementary school teachers, 10015
microcomputer lab based on hierarchical learning model, software applications in psychology courses, conference presentation, 38112
microcomputer mathematics problem solving, learning handicapped & nonhandicapped 4th–6th graders working in pairs vs alone, 10207
microcomputer presentation of spreadsheet program, statistics instruction, conference presentation, 38119
microcomputer telecommunication with hearing impaired vs normal hearing partner, scholastic achievement & literacy & language skills, hearing impaired 6th & 8th graders, 38192
microcomputer use & type of software in primary schools, headteachers & teachers, England, 2 yr followup, 27567
microcomputer use for instruction, classroom environment & student involvement, secondary school special education teachers, 27725
microcomputer vs textbook instruction, American College Test scores, high school students, 17153
microcomputers in study skills instruction, mildly handicapped students, 27681
model for tracing computerized instructional methods to specific learning processes, improvements in learning, 17137
monochrome vs color cues vs indiscriminate color in microcomputer teaching software & mathematical aptitude, learning geometric concepts & computer attitudes, 9th graders, 17148
motivation & learner control & collaboration features of computer mediated text system, reading performance, 3rd graders, 6694
multidisciplinary application of QUEST software, 10–11 yr old students, England, 24024
networked computer environment for communication & data collection & analysis, earth science curriculum for small group activities, 6th graders, 41242
online computers in experimental psychology course, conference presentation, 38121
partial vs complete feedback for reading correction errors, learning in computer assisted instruction program, 7 yr old students, Netherlands, 17169
Pascal routines for DECtalk text-to-speech conversion program, computer mediated reading instruction, 41237
peer interaction during & attitudes toward microcomputer use in schools, 11–12 yr olds, 27541
peer interaction, learning with computers, students, literature review, 10104
performance based intelligent tutoring systems, learning needs, students, 24002
performance on math tasks administered by paper & pencil vs computer assisted instruction methods, 3rd–6th graders, 17147
personal computer program, instruction in DSM-III differential diagnosis, medical or graduate students, conference presentation, 10008
personality style, learning performance in self paced computer assisted instruction, college students, 17151
philosophical & pedagogical principles, selection & use of computer assisted instruction in reading & langauge arts education, 38067
potential educational value of interactive video systems, children, 3163
precision spelling course supported by computer text scanning program, writing skills & spelling proficiency, students, 31068
predictive validity of sequential probability ratio test, assessment of knowledge mastery, graduate students, implications for computer based instruction, 31262
prior knowledge & computerized text reading with vs without questions & explanation of value of requiring vs optional text review, learning, high school students, 31090
problem solving in microcomputer based task, learning disabled vs nondisabled 5th–6th graders, 17297
problems with software for instruction in psychology, conference presentation, 10051
program brevity & consistency & flexibility & compatibility & responsiveness, ease in using computer aided instruction & training progress, college students, implications for military training, 20905
PROGRAM command in the Proforma computer language, implications for computer aided instruction, 31453
psychocognitive aspects of exploratory mathematics dynamic model building using LOGO programing language, models of population growth & predation, secondary school students, 17176
QUERIOUS expert system using functional analysis & Socratic methods, teaching machine as consolidation of learning, students, 10094
reading strategies & online definitions, comprehension of technical material read from CRT, college students, 27575
rewards & mixed vs uniform ability groups, individual vs cooperative computer assisted instruction, junior high school students, 13520
role of expert systems in education as tools vs tutors vs tutees, 38099
role of structural learning theory & relativistic knowledge & learner models in intelligent tutoring system, flexible assessment of learner capability, 17164
self instructional strategy training, revising behavior & length & quality of written essays, 10–11 yr old learning disabled students, 10193
sex & collaboration & math concepts & role of teacher, LOGO computer assisted mathematical learning & thinking, same vs mixed sex pairs of 11 & 12 yr olds, 3 yr study, 27566
software package for cognitive psychology & perception research methods laboratory, conference presentation, 38117
software tools for exploratory learning, 10–16 yr olds, 31031
stimulus equalization using abrupt complexity reduction in computer presented stimuli, visual discrimination learning, preschoolers, 20471
structural display flow chart before vs after instruction, learning of computer based editing task, students, Wales, 13498
subtraction & ballet genetic graph student model component of intelligent computer assisted instruction system, implications for role of school psychologist, 10041
survey of intelligent computer aided instruction research & issues, 38481
synthetic speech feedback system in remedial reading, word recognition ability & attitudes toward reading, reading disabled 3rd–6th graders, conference presentation, 38242

teacher characteristics associated with computer assisted instruction, 23994
text presentation methods in computer based instruction, reading comprehension, 13479
text vs computer program training, heterosexual interaction & conversational skills, shy adult females, 12770
TEXTVISION computer program, representation of conceptual relations in text, educational applications, 23998
training using computer assisted simulation, management performance, managers, 17374
transfer of computer based microworld ecology learning to other educational settings, 5th–6th graders, 41238
use of Bayesian decision making in Minnesota Adaptive Instructional System, 13515
use of computerized case simulations in undergraduate psychology courses, college students, 24000
use of computers in classroom & inquiry learning approaches & socially mediated learning, students, 34623
use of metaphor in computer instruction, 41244
use of Micro Experimental Laboratory & network software in computer assisted psychology course, conference presentation, 38130
verbal behavior during microcomputer vs group work vs recitation, 1st–2nd vs 4th–5th vs 8th–9th graders vs teachers, 3224
verbal interaction & problem solving behavior, 9–10 yr olds in high & average academic ability groups performing computer assisted problem solving task, 31127
videocassette recording of interaction with microcomputer & science software, studying concepts & problem solving strategies, college chemistry students, 3195
visual imagery & software design, computer assisted instruction of graph interpretation, mathematics students, 23982
well vs poorly designed computer assisted instruction in technical writing, computing behavior & quality of prewriting & attitudes, junior & senior level college students, 13474
word processing systems, writing skills & self concept & social interaction, emotionally & behaviorally disturbed students, 38228
word processing use, instruction in writing composition & revision strategies, 17182
word processor use, creative writing, 8.6–12 yr olds with learning disabilities, 27717
word processors, writing disabilities, learning disabled students, 41324
workbook tasks vs computer game exercises, ratings of effectiveness & interest level of vocabulary instruction & time on task & achievement, college students in developmental reading course, 34706

Computer Assisted Testing

administration time & concurrent validity of paper & pencil vs computer versions of Self Directed Search, assessment of occupational interests, college students, 17628
availability of information on & standards for software applications in psychological tests, practicing psychologists & software vendors, 35081
cognitive structures & sex role schemata, RT & free recall & faking on & predictive validity of computerized personality assessment, college students, 31638
computer aided task simulation & questionnaires for achievement motivation & personality traits & work satisfaction, selection, robotic manufacturing operators, 13779
computer assisted vocational assessment, 41018
computer based test scoring procedure for diagnosis of knowledge gaps, design of effective academic support programs, athletes & other special action college students, 6807
computer based testing development & implementation decisions for criterion referenced tests, 10553
computer interpretation program vs clinical judgment, detection of faking on Rorschach test, psychiatric patients & college students, 1620
computer testing & life history & physical ability tests & medical standards & other personnel selection methodology, literature review, 17345
computer vs conventional MMPI administration, literature review, 14077
computerized Automated Psychological Test system for psychopharmacological research, patients with cognitive impairment, 5116
computerized practice tests with separate vs combined feedback, multiple choice exam performance, psychology college students, conference presentation, 38283
computerized vs paper & pencil test administration, test anxiety & performance, college students, 10285
computerized vs paper & pencil test form, random responding on attitude measure, college students, 28058
computerized vs paper & pencil version of attitude assessment in organizations, civilian Navy personnel, 38659
construction & validity & reliability of interactive videodisc Learning Style Survey, low literate 16–55 yr old entering community college students, 31266
criterion validity of computerized Programable Questionnaire System, assessment of psychological morbidity, 15–69 yr olds, UK, 35208
development & reliability & concurrent validity of computer assisted occupational interest inventory, functionally illiterate or academically disadvantaged adults, 21096
development & validity of computerized psychomotor & cognitive test battery for personnel selection, prediction of dropout from or non-recommendation after pilot training, Air Force pilot candidates, 13950
development of computer administered measure of conformity, college students, 28059
development of microcomputer based performance battery, 18–25 yr olds, implications for repeated measures in environmental & behavioral toxicology studies, 3598
development of pocket computer, self administration of cognitive tests, soldiers, 17549
estimation of reliability of computerized adaptive tests, 38693
factor analysis of computerized tests that simulate everyday learning & memory tasks, 50–75 yr olds with age associated memory impairment, 35150
general standing of computer assisted psychological evaluations as legal evidence in courtroom criteria, 36306
internal consistency & equivalence & discriminant validity of computer vs paper based measurement of semantic knowledge, naval aircraft crew members, 24591
microcomputer system, scoring of College Level Examination Program, college students, 31285
Microtest computer vs written administration of MMPI, validity & reliability & scale scores measuring test format equivalence, adults, 28097
operational characteristics of guided response model based computerized adaptive testing, 38694
paper & pencil career maturity assessment instrument programed on microcomputer, measurement of career plans, Army recruits, 13945
pencil & paper vs computer administration of Western Personnel Test versions, adults, 17544
question order & repeated testing using written vs computerized MMPI, item vs scale level effects, college students, 28052
rationale & procedure for computer administered test in professional ethics, counseling students, 23910
reliability & validity of HyperCard block design task vs WAIS-R subtest, psychology college students, conference presentation, 35156
reliability & validity of paper vs computer based measurement modes, assessment of recognition of aircraft silhouettes, male Navy student pilots, 38615
software design for computerized version of Weighted Application Form, nursing students & polytechnic tutors receiving written vs verbal instruction for entering data, 13789
standards for educational & psychological testing in APA's "Guidelines for Computer-Based Tests & Interpretations" & validity of computer interpretations, 35189
test retest reliability of computer based modified confidence weighted admissible probability measurement vs conven-

tional forced choice test scoring, elementary & junior high school students, 38244
validity & reliability of computer aversion scale, prediction of individual differences in performance on computer administered tasks & tests, college students, 21113
validity & reliability of multidimensional self report assessment using SENOTS software package, cognitively able elderly, 24653
validity of computerized version of Gollin incomplete figures test, measurement of visual recognition development, 28–60 mo olds, 1007
validity of computerized version of Setting Conditions for Anorexia Nervosa Scale, adults, 28066
verbal intelligence scores, response latencies to computer presented verbal ability test items, college students, 11830

Computer Attitudes
acceptance or resistance to computer technology, public school speech language pathologists, 38212
analysis of 1st experience with microcomputer, novice users, training implications, 34974
attitudes & phobias towards computers, managerial & professional personnel, 38371
attitudes toward & impact & specific uses of computers in clinical psychology, practicing psychologists, 34465
attitudes toward & performance in computer interaction task, 55–86 yr olds vs college students, 8165
attitudes toward computer mediated communication system, registered users, Sweden, 6936
attitudes toward computers, college students, 6761
attitudes toward computers vs system cost as reasons for low computer use in service organizations, managers in hospitality industry, UK, 13805
attitudes toward use of computers, high school counselors, 31010
characteristics & attitudes, use of microcomputers in classroom, primary school teachers, England, 27499
cognitions & self talk & behavioral acts & outcomes, computer anxiety, college students, 3808
cognitive style & coping & learned helplessness during computer work, 20–55 yr old female administrative assistants, 38353
communication technology class enrollment with parents vs peers, computer attitudes & achievement, 6th–7th graders & their parents, 3188
computer anxiety & training, work performance, college students, 27936
computer anxiety, achievement in computer skills, college students, 13546
computer aptitude & attitudes & literacy, male vs female junior high school students with vs without learning disabilities, 13636
computer literacy, attitudes & values & opinions toward information technology, college students, 4 mo study, 38173
concerns & attitudes toward computers, elementary & secondary school counselors, 20662
concerns about different applications of educational computing, elementary school teachers, 17178
construction & reliability & validity of Computer Technology Hassles Scale, college students, 38631
convergent validity of Attitudes Toward Computers & Computer Anxiety Index & Computer Anxiety Scale & Blomberg-Erickson-Lowery Computer Attitudes Task, college students, 28082
development & evaluation of Practitioners' Attitudes Toward Computer Applications Scale, psychologists, 21083
development & validity of Bath County Computer Attitudes Scale, 4th–12th graders, 7067
development of & normative data for computer literacy test & computer anxiety index, college students, 7179
disadvantaged group status, experience with & knowledge of & attitudes & intentions toward computers, elementary & secondary school students, 10141
factor structure of Attitudes Toward Computer Usage Scale, elderly, 7076
formal instructional vs informal use of computers before & during high school years, male vs female high school students, 1071
grade level & sex, computer attitudes, elementary through high school students vs teachers, 10167
individual vs dyad microcomputer vs workbook assisted instruction, achievement scores & attitudes toward computer instruction, 3rd–6th graders, 10087
peer interaction during & attitudes toward microcomputer use in schools, 11–12 yr olds, 27541
personality & social factors, attitudes toward computers, electrotechnical vs philosophy students, Czechoslovakia, 17225
ratings of design & operational characteristics affecting user interface, computer users, 20896
relationship between behavioral & computer technology, implications for coping with resistance to computerization of human service organizations, 30646
sex & computer & mathematics attitude & aptitude & experience, course grades in computer language class, college students, 10118
sex & grade level & availability of computer in home or school, computer anxiety, 5th & 12th graders, 17210
sex & prior computer exposure, attitudes toward computers, 8–10th graders, Israel, 31168
sex, intentions to take computer courses & self efficacy expectations in & past experience with computer use, secondary school students, Australia, 3249
social meaning of personal computers, managerial & professional personnel, 38379
validity & reliability of computer aversion scale, prediction of individual differences in performance on computer administered tasks & tests, college students, 21113
validity of & temporal stability issues in computer aptitude & attitudes measures, computer science teachers, 20703

Computer Games
adventure game as instructional reading activity, reading & study skills, 6th graders, 13480
biofeedback assisted relaxation training & self monitoring & in vivo exposure & response prevention, compulsive playing of video games, 18 yr old male, 9451
cognitive style & configurable computerized game, business students, 24028
computer arcade games in behavior management, 6103
computer game with low vs high processing demands, strategic planning, low vs high ability 7th & 8th graders, implications for educational software, 10081
computer games using spatial skills, spatial ability measured by mental rotation test, male vs female 5th–9th graders, 8037
computerized game with concurrent chain reinforcement, time estimation & radar choice, college students, Hong Kong, 38906
decision support computer system vs hand scored planning, attitudes toward planning & decision making in business games, business students, 23995
gambling & video game playing behavior, 15–21 yr old offenders in youth custody center, 1803
microcomputer based game C.I.T.I.E.S., empirical research on strategic distributed decision making, 17874
real time audiovisual feedback, psi effect in computer games, 13–58 yr olds, conference presentation, 14004

Computer Peripheral Devices [See Also Video Display Units]
design & modifications of EMPRESS expert system interface, usability in mission planning & scheduling on board space shuttle, 20894
graphical interface, automatic programing system, 20899
halftone patterns, gray scale rendition of images & digitization of images between aspect ratios for computer display or printer, 28039
IntroVoice I & II voice recognition boards with Apple-Psych system, conference presentation, 7023
microcomputer device with image processing peripheral board, detection & control of peck location during operant conditioning, pigeons, 422

Computer Programing Languages
ability & experience & perception of performance & classroom instruction, achievement in computer programing course, male vs female middle school students, 10128
analogical reasoning ability & mastery of LOGO computer programing language, high school students in programing course, 3181
analytic & quantitative cognitive abilities, prediction of success in computer programing class, 4th–10th graders, 10113
augmented vs BASIC computer programing instruction, cognitive outcomes, junior high school students, 6680
BASIC program & machine language timing routines for Apple II computers, control in tachistoscopic slide presentation & response latency collection, 27
BASIC programing class for 1 semester, mathematical word problem solving & logic test performance & strategies used, 8th graders, 6724
C language functions, millisecond timing on IBM PC, 21027
computer program background knowledge, strategies & work methods during COBOL program inspection, computer students & programers vs COBOL experts, 28317
computer program plan structure perceptual cues, plan related or unrelated task performance in BASIC vs Pascal, experienced college students, England, 14376
computer programing courses for 2 yrs, mathematical & reasoning ability & cognitive skills & understanding of programing, high school students, implications for learning transfer, 3136
computer programing instruction, mathematical thinking & fundamental concept development, 6th graders, 24015
computer programing language, development of expert systems with recognition of problem solving demands, 17435
computer simulation model, assessment of LOGO computer programing language debugging skills, 7–9 yr olds in LOGO course, 989
conceptual model, reasoning in database query writing task & computer reply prediction, college students, 10794
conceptual models & cognitive task representation, use of computer command language, college students, France, 17432
evolution of English language & development of FORTRAN computer language, 21840
FORTRAN callable subroutines for running laboratory experiments, conference presentation, 35067
FORTRAN 77 program, M. J. Mokken's nonparametric item response theory model, 17681
guided discovery method of teaching LOGO computer language, learning & transfer to other contexts, 1st graders, 20474
individual instruction vs same & mixed sex dyadic & triadic group instruction, social interactions & LOGO learning & problem solving, 4th graders, 10062
inquiry base Logo instruction, planning task performance & metacognitive skills & computing attitudes & working memory, 3rd graders, 17155
instruction in LOGO programing, learning of microcomputer terminology & commands, male vs female 3.3–5.3 yr olds, 8054
knowledge & misconceptions about constructs in BASIC programing language, development of high level cognitive skills, high school students taking computer programing, 3200
knowledge levels, misunderstandings in learning science & mathematics & programing, students, 34654
knowledge of 1 vs 2 computer programing languages, transfer to problem solving skills, high school students, 27617
learning Logo programing, mathematics achievement & cognitive development, middle school students, 27591
learning to program in Logo, reasoning skills, 7th & 8th graders, 13493
Listmaker programing language, generation of stimulus lists for cognitive psychology experiments, conference presentation, 7401
logical ability & mental representation of computer, learning of conditional structures in computer programing, 10th graders, 41277
LOGO computer programing training vs computer assisted instruction, academic achievement & cognitive ability, 1st graders, 18 & 23 mo followups, 10047
Logo programing experience, problem solving & spatial relations, 5th–6th graders, 10129
LOGO programing instruction, mathematics learning & problem solving & programing ability, 8–11 yr olds, UK, 27582
manual emphasizing syntactic features with vs without semantic conceptual models, BASIC computer programing & problem solving & conceptual knowledge, college students, 3099
MED-PC software system, programing to control & record events of operant & classical conditioning experiments, conference presentation, 35390
PAST software package, assessment of cognitive processes during programing, programers, 17863
Petri nets modeling technique for man-machine dialog specification, 10434
positive/negative & true/false conditions & loop taxonomy & task learning, program readability performance, programers vs programing students, 3810
problems & usability of menus vs SQL computer language, computerized database query performance, new system users, 31454
PROGRAM command in the Proforma computer language, implications for computer aided instruction, 31453
program comprehension using feedback with vs without translation from English, transfer learning of BASIC programing language, college students, 31042
programing language C & serial interface for timing & stimulus response signaling in real time RT & conditioning experiments, 7279
programing practices & language use, members of Society for Computers in Psychology, conference presentation, 7040
pros & cons of logical & computer languages in psychology, 28002
psychocognitive aspects of exploratory mathematics dynamic model building using LOGO programing language, models of population growth & predation, secondary school students, 17176
recall of computer programs, assessment of knowledge organization & expertise, novice vs experienced programers, implications for personnel selection, 7485
sex & computer & mathematics attitude & aptitude & experience, course grades in computer language class, college students, 10118
simple IBM AT C language timer, 21028
simulated natural language interface, input miscommunication, clerical & junior management staff, 24426
spatial ability development, comprehension & manipulation of right vs left turn commands in Logo computer language, children, 8013
task action grammar model using mental representation of task languages, prediction of learnability for lexical computer command language structures, adults, 24425
teaching mathematical functions through example vs direct instruction, learning & transfer to abstract problems & other functions, college students in introductory Pascal class, 20494
use of Logo computing language, cognitive development, 5–7 yr olds, 8021
Computer Programs [See Computer Software]
Computer Simulation
application of restricted asymmetric dissimilarity model & algorithm to symmetric dissimilarity matrix, simulated data, 172
artificial intelligence model using symbol driven search activity, simulation of organizational decision making, implications for "garbage can" model, 34906
computer generated visual masks on stimuli simulating human gait, identification of walker's direction, college students, 17757

computer model of hippocampal lesions using aggregate prediction hypothesis, classically conditioned nictitating membrane response, rabbits, 4299
computer model of relative retinal illuminance, application of wide angle eye model, 4138
computer model of unconscious spread of anxiety linked inhibition in cognitive networks, female college students, implications for psychodynamic vs cognitive methods, 24804
computer models & applications in perceptual experiments & pattern recognition & learning & clinical psychology, 7028
computer models of language acquisition, 15093
computer program & simulated channel system, probabilistic thinking & understanding tree diagrams, 11–16 yr old students, 27559
computer program model based on inflection learning theory, conference presentation, 7962
computer simulated conversation in remedial instruction, deaf vs language impaired 10–13 yr olds & adolescents, 38237
computer simulated travel vs conventional map study methods for learning spatial network, demonstration of efficient routes, college students, Israel, 3858
computer simulation & algorithmic vs heuristic problem solving, Einstellung effect & water jar problems, college & junior high school students, 25488
computer simulation & neural network model of adaptive visual motor coordination of multijoint arm for single postures & topographic sensory inputs, 4114
computer simulation, complex problem solving, West Germany, literature review, 17842
computer simulation, evaluation of stopping rules for ascending audiological test procedures, 31820
computer simulation model, assessment of LOGO computer programing language debugging skills, 7–9 yr olds in LOGO course, 989
computer simulation model of catlike behavior & shaping & adaptation to experience, 17942
computer simulation model of patient flow in public hospital psychiatric emergency service, 9781
computer simulation of C. A. Wegman's system dynamics model of Freud's counterwill theory, relationship rules & dyadic outcomes, 1352
computer simulation of Commons game, psychology college students, 1368
computer simulation of neuronal resting & action potentials for courses in physiological psychology & neuroscience, 6712
computer simulation of phoneme to grapheme correspondence strategy used in French language, 25364
computer simulation, theory construction & applications in social psychology, 15415
computer simulations of source models vs human data, distribution of estimates for mental rotation threshold, 10782
computer software for microcomputer emulation of tachistoscope on Hercules display controller, 38766
computerized management simulation game, group oriented & performance & analytical orientation, college business vs MBA students, 34900
construction of mathematical model & computer simulation, prediction of psychophysical responses at any stimulus range, 17714
DATASIM software for simulated data in experimental & multivariate & contingency table designs, conference presentation, 35213
deprivation & subsequent smoking, mood during computer simulation of air traffic control task, college students, 21632
design criteria for training objectives & performance measurement & simulation, automated battle simulation systems, 17460
design of instructional overlay for computer based simulations for optimum learning, 38118
DISCUSS computer simulation of information flow using theories of individual information recall & integration, model of group discussion & decision making, 15447
educational computer simulation of clinical interview, college students, 10080
exemplar based computer simulation of long term memory, storage & retrieval of specific experiences & reproduction of social priming & category accessibility effects, 14475
fidelity in design of computer instructional simulations & transfer of learning, 13468
formal vs concrete operational level & knowledge of subject matter, predictive services during computer simulated learning sequence on water pollution, 15–18 yr olds, 8031
FORTRAN neural network simulator for supercomputers, backpropagation method of changing weights in connectionist models, conference presentation, 35618
homeomorphic mathematical modeling & computer simulation, neurological control of human movements, 28220
least squares filter using mathematical models of colors & images, computer simulation of restoration of blurred color images, 3753
microcomputer based simulation training, intervention with preschool stutterers, student speech clinicians, 38008
Monte Carlo simulation of effects of data transformation on average correlations between Job Descriptive Index scores, assessment of job satisfaction, 28182
parallel algorithm for real time computation of optical flow, 31780
parameter estimation in computer models of individual differences, 8433
pattern contrast & motion, transient & steady state responses of movement sensitive brain intervention vs computer simulated visual system, female blowflies, 25033
PM-1 computer simulation of judgment processes & associative network memory, model of person memory, 14444
point light computer simulation of arm movement & timing, action identification & movement reproduction, male 12 yr olds, 39588
problem oriented computer managed simulation, higher order thinking strategies, students, 10101
real data simulation of computerized administration of MMPI, 16–72 yr old candidates for pilot positions of psychiatric inpatients, 24550
rule based expert system for music perception, conference presentation, 7377
selective perception & opinion assertion & quiescence & computer simulation of behavioral contagion & public opinion dynamics, 18870
sensitivity analysis in connectionist modeling of short & long term memory retrieval, conference presentation, 7479
simulated air traffic control monitoring task with vs without computer aiding, alertness & detection efficiency, 18–29 yr olds, 41501
systematicity of mental model & surface similarity, transfer of learning to operate computer simulated devices, college students, 17907
training using computer assisted simulation, management performance, managers, 17374
turbo pascal computer program, simulation of Rescorla-Wagner model of classical conditioning, 10537
use of computerized case simulations in undergraduate psychology courses, college students, 24000
view of navigation area with vs without rotational movement or spatial trajectory visual cues, performance on computer simulated harbor navigation, adults, implications for motion perception, 17730

Computer Software

adaptation of software for instruction in psychodiagnostic decision making, conference presentation, 38030
adaptive human computer interfaces & software design, literature review, 41499
antialiasing technique & software, smoothing of jagged line on personal computer graphics images, 28041
APL computations for common statistical critical probability values, 7204
Apple-Psych hardware & software solutions, control of frequency & duration & location of auditory signals in attention research, conference presentation, 7504

Apple-Psych system, assessment of cognitive processes involved in language comprehension research, conference presentation, 7951
approaches & computer programs for determination of common factors, 7219
APT PC & APT II systems for creating & running psychology experiments without programing, conference presentation, 7045
ASYST computer program, waveform moment analysis, 21026
attitudes toward teacher vs menu based partial vs fully learner controlled computer assisted instruction, dental students, Denmark, 27421
availability of information on & standards for software applications in psychological tests, practicing psychologists & software vendors, 35081
BASIC ANOVA computer program for group summary means & standard deviations & sample size data, 7259
BASIC computer program for computation of sensitivity & specificity & predictive values of screening tests, 28094
BASIC computer program for making presentation slides of verbal material for experiments, 7357
BASIC microcomputer programs to record & store & handle animal behavioral data, 7516
BASIC or FORTRAN computer program for detection of errors in course & instructor performance ratings, 31234
BASIC program & machine language timing routines for Apple II computers, control in tachistoscopic slide presentation & response latency collection, 27
BASIC program, computation of Kruskal-Wallis H statistic, 7214
BASIC program implementing A. F. Tellegen & P. F. Briggs's formulae, assessment of reliability & validity of short form tests, 28055
CANPOW program, estimation of effect or sample size in canonical correlation analysis, 7268
circuit & software for connection of microphone to Apple Macintosh computer, voice activated key for visual perception & vocal RT experiments, adults, 28226
cognition & use of computer spreadsheet software, experienced Lotus 1-2-3 vs Multiplan users, 31466
cognitive representation of computer software, computer assisted instruction effectiveness with vs without tutorial help, student teachers, 27497
commercially available word processing software, accommodation for writing deficiencies, high functioning learning disabled college students, 20582
COMPsych computerized information system about psychology related software, conference presentation, 7021
COMPsych system for collection & dissemination of information about psychology software, conference presentation, 37959
computer & software as composition aid, children with dysphoria experiencing school failure, 36591
computer aided vs traditional analysis, knowledge extraction for computer program modification, college students, 3451
computer assisted learning packages, matching tasks to students, infant & junior students, England, 27588
computer automated social psychology research tasks, 22316
computer bug location, debugging performance, professional vs college student computer programers, US & Australia, test of model of M. E. Atwood & H. R. Ramsey, 20903
computer implemented expert system, reasoning & problem solving & inferencing, 7411
computer literary instruction, mildly handicapped vs resource room vs mainstreamed K–9th graders, 3258
computer menu as metaphor, 38479
computer program & algorithm for generation of random line figures & mirror images of variable complexity & size & orientation, perceptual learning, college students, 7307
computer program & IBM XT microcomputer interface, examination of sequential ordering of simple movement patterns, 7289
computer program & simulated channel system, probabilistic thinking & understanding tree diagrams, 11–16 yr old students, 27559
computer program, calculation of parametric & nonparametric signal detection parameters for sensory sensitivity & response bias, 10696
computer program compilation of empirical human knowledge & reasoning, 24807
computer program for computing J. von Neumann & O. Morgenstern's characteristic function of cooperative n-person transferable utility games in normal form, 10544
computer program for data collection & analysis in behavioral assessment, 38575
computer program for meta analysis manipulation of probabilities & effect sizes & correlations, 7260
computer program for online scoring of electrodermal activity, 7747
computer program for orthogonal comparisons in a priori statistical approach, 7275
computer program menu option & frame quantity, speed & accuracy in selecting target word, college students, 13924
computer program model based on inflection learning theory, conference presentation, 7962
computer program presenting transcribed music, listening durations to assess preferences, 9–13 yr olds vs college music vs elementary education majors, 947
computer program, systematic desensitization therapy, 21–51 yr olds with phobias, 30372
computer program to convert PsycLIT CD-ROM abstracts to APA format bibliographies, 38573
computer program using graphic representation &/vs synthetic speech for word presentation, word recognition, 1st–3rd graders with learning disabilities, 3295
computer program using intraclass correlation coefficient, determination of reliability of dimensionally scaled variables when number & set of judges vary, 7213
computer program utilizing sentence verification technique, test construction, 38680
computer programs for determination of probability distribution & ex-Gaussian equation estimation of RTs, 159
computer simulated case study program, instruction in ethics in psychology, 10082
computer software for construction of repertory grid design & analysis associated with G. A. Kelly's personal construct theory, 8450
computer software for microcomputer emulation of tachistoscope on Hercules display controller, 38766
computer software, understanding graphs of mathematical concepts, 7th–8th graders, 27597
computer subroutine, calculation of exact confidence limits for number of successes in random sample drawn from finite population, 7205
computer viruses, academic programing & laboratories, conference presentation, 38122
computerized method of establishing time intervals to precision of less than 1 msec & tachistoscopic applications, 10534
computerized vs printed documentation system, performance & system satisfaction, college students, 20904
conceptual design of comprehensive support system for operator of complex systems, 10432
construction & validity of documentation questionnaire, assessment of subjective evaluation of application software, high level management information systems managers, 31604
construction kit & design environment software, problem solving as human problem to domain communication vs human to computer communication, 13910
CRITREL program, computation of coefficients for estimating reliability & validity of criterion referenced tests, 7062
data entry & selection methods for specifying dates, time accuracy of performance, experienced vs inexperienced computer users, 38474
DATASIM software for simulated data in experimental & multivariate & contingency table designs, conference presentation, 35213
DEFINE & SOLVE programs, definition of multidimensional problem domain & qualitative description of judgmental policy within that domain, conference presentation, 35355

design & modifications of EMPRESS expert system interface, usability in mission planning & scheduling on board space shuttle, 20894
design & selection of authoring systems, computer assisted learning packages, 27532
design of computerized instructional spelling programs, 38074
design of high school introductory computer programing courses, 3170
development & operating environments for network of experiment controllers on Macintosh computer, conference presentation, 7522
development of Artificial Concern Realization System as computer program emotionally responsive to operator machine interaction, test of functionalist approach to emotions, 38473
development of Monitor for Initial Reading software, global word recognition & initial reading, students, 38129
differences in statistical software, errors in interpretation of results, 21172
difficulties with & cognitive effects of learning to program computers, literature review, 27608
Difsim program in BASIC or FORTRAN, computation & determination of statistical significance of ratings in small samples, 28150
discourse analysis of Logo instruction, teachers & pairs of 5 yr olds, implications for self monitoring development, 23976
Drexel Disk Hypertext instructional software in constrained knowledge space, conference presentation, 38092
enhanced Micro Experimental Laboratory software for advanced psychological experimentation, conference presentation, 35075
EUREKA microcomputer statistical program, development of psychological causal models, naive & sophisticated users, 7203
evaluation of software packages for computer run experiments without programing requirements, conference presentation, 7027
FACSTRAP program, computation of bookstrap estimates of factor structure from correlation or variance-covariance matrices, 7269
FORTRAN computer program for exact & normal approximations for lower & upper & 2 tailed tests of significance of nonrandom groups in runs test, 7239
FORTRAN 77 program, M. J. Mokken's nonparametric item response theory model, 17681
FORTRAN 77 SPSS-X & standalone programs for Mokken scale analysis, nonparametric item response theory model, 28048
global overview &/vs detailed step by step documentation, word processing, college students with low vs medium vs high computer experience, 38476
graphic interface with partial map of hierarchy & analog file position indicator, individual differences in use of computerized hierarchical file system, 18–27 yr olds with low vs high spatial ability, 17438
graphical interface, automatic programing system, 20899
hardware & software system, direct to disc quantization of musical bandwidth signals for psychomusical research, conference presentation, 7378
hardware interrupts, presentation & timing of visual displays & controlling RT keys, 38
heuristic method, placement of labels in computer generated scatterplots, commentary, 17690
HyperCard program for psychological research, conference presentation, 35069
IBM-BASIC computer program for time lag sequential statistical analysis of dyadic social interaction, 7266
idiomatic English, factors affecting difficulty of translation of computer programs & applicability on other countries as human factors problems, 31468
improvements in PIXIE tutoring system using artificial intelligence & defined subject rules, 13496
inexpensive hardware & software protocol for conditioning & testing of hearing, gerbils, 35432
instructional strategy & screen design & human factors, improvement in teaching ability of educational software, 17157
interests & computer experience, characteristics of computer graphics devised with BASIC language, 10–13 yr olds, 11452
IntroVoice I & II voice recognition boards with Apple-Psych system, conference presentation, 7023
KEKADA computer program, modeling of heuristics used by H. Krebs applied to scientific experimentation, 14060
knowledge based successive linear programing method, linearly constrained optimization problems in industrial systems, 17439
knowledge based vs conventional software systems, conference presentation, 35352
latent structural analysis application computer program, processing of nominal or rank data matrix, applications in psychology & sociology & medicine & biology, 14229
learning of Logo positioning commands, kindergartners, 3180
lesson element keystroke oriented approach, estimation of authoring software efficiency, implications for education, 13491
library of FORTRAN algorithm subroutines for implementation of P. J. Burt's hierarchical discrete correlation method of filtering visual images, 7032
line editor vs screen editor text editing software, negative vs positive skill transfer, female 18–30 yr old secretarial students, 10847
linear structural relations computer program, implementation of structural equation models & goodness of fit, 21176
LOGIST vs BILOG computer programs, parameter estimation for 3 parameter logistic item response model, 31732
Logo & Prolog computer programs, problem solving & reasoning skills, 4th–8th graders, 3105
LOGO computer experience, ability to solve rule learning problems, kindergartners, 3116
Logo programing vs computer assisted instruction, programing skills & error detection, 4–6 yr olds, 3144
Logo vs computer assisted instruction, problem solving skills, 4th graders, 10054
Logo vs instructional software, problem solving & skill acquisition, special needs preschool students, 3281
LOTUS worksheet teaching files, analysis & interpretation of ANOVA problems, students, 10102
MacArthur Network III software for collaborative research, measurement of attentional dysfunction associated with schizophrenia & attention deficit hyperactivity disorder, conference presentation, 36549
Macintosh program, comprehension monitoring of text, 17858
MacLab software program for psychology laboratories, conference presentation, 7029
mathematical programing framework, inference & implementation of default rules in expert systems, 17440
MED-PC software system, programing to control & record events of operant & classical conditioning experiments, conference presentation, 35390
Medical Research Council machine usable dictionary of words & their linguistic & psycholinguistic attributes, 945
menu availability & method of command entry, computer performance, college students, 38471
method of task analysis, cognitive processes in software development, implications for expert systems, 24382
methodology & educational vs technological criteria for evaluation of educational microcomputer software, literature review, 27570
Micro Experimental Laboratory software for psychological research, conference presentation, 7048
microcomputer assisted learning program software, dialogue in student & teacher dyads & mathematical division learning, teachers & students, 41212
microcomputer based software package, collection of eye behavior data, conference presentation, 7334
microcomputer experiment building software & Excel worksheet, support for undergraduate psychology research apprenticeship, conference presentation, 38091

microcomputer use & type of software in primary schools, headteachers & teachers, England, 2 yr followup, 27567
MOKSCAL program in Fortran 77 using nonparametric item response model, unidimensional Mokken scale analysis, 38711
monochrome vs color cues vs indiscriminate color in microcomputer teaching software & mathematical aptitude, learning geometric concepts & computer attitudes, 9th graders, 17148
musical composition computer software, development of musical skills & abilities, children & adults, 25519
narrative vs editorial reader vs stream of thought generator computer models, comprehension &/vs generation of emotional behavior through cognitive processes, 35342
NEWSART & NEWLIL digital filters, real time binomial weighted spectral analysis using personal computers, implications for EEG & automobile steering movements applications, 38695
OFMspert expert system, operator intent inferencing & problem solving, 20897
online visual memory laboratory, picture perception & memory, 21184
organization of inductive reasoning in parallel expert system programs, 20901
package of routines to support experiment control FORTRAN programs, 38569
Pascal function for selection & display of pictures produced by Macintosh computer, applications to psychological experiments, 38572
Pascal routines for DECtalk text-to-speech conversion program, computer mediated reading instruction, 41237
PAST software package, assessment of cognitive processes during programing, programers, 17863
peak detection computer program, scoring of EPs, 11009
perceived accuracy of personal vs general Mind Prober computer generated personality profile, college students, 5019
peripheral interface & communications software, experiment control of animal learning research, conference presentation, 7529
personal computer program, calculation of statistical tests of significance for categorized data for normality, 7200
personal computer program, instruction in DSM-III differential diagnosis, medical or graduate students, conference presentation, 10008
portable computer program, behavioral treatment of obsessive compulsive disorder, 58 yr old female, case report, 23313
positive/negative & true/false conditions & loop taxonomy & task learning, program readability performance, programers vs programing students, 3810
problems with software for instruction in psychology, conference presentation, 10051
procedures & software for visual presentation & cluster analysis of eye movement data, 18112
program brevity & consistency & flexibility & compatibility & responsiveness, ease in using computer aided instruction & training progress, college students, implications for military training, 20905
program for alternating least squares algorithm with optimal scaling features, epidemiological survey data, 3679
programing practices & language use, members of Society for Computers in Psychology, conference presentation, 7040
pros & cons of logical & computer languages in psychology, 28002
reading of instruction manual for text editing program with vs without opportunity for questions, text editing performance & rated difficulty of manual, novice 19–54 yr olds, 10773
RELWATE program, computation of reliability of weighted composite, 7198
requirements & capabilities of Apple-Psych system for real time psychological experimentation, conference presentation, 7022
SAS & BASIC computer programs, tabulation of durations & frequencies of behaviors & data analysis system, animals, 21346
SAS item analysis program, academic test scoring support, 10282
SOAR computer program using specific knowledge & learning from experience for problem solving, application of A. Newell's unified theory of cognition, 10821
software design for computerized version of Weighted Application Form, nursing students & polytechnic tutors receiving written vs verbal instruction for entering data, 13789
software development systems for Macintosh, precision timing in experiments, conference presentation, 35071
software for calculation of statistics for microcomputers running MS-DOS, conference presentation, 35214
software for miniature continuous performance test using Tandy PC-8 computer, RTs for directed attention training in rehabilitation or measurement of circadian rhythm disturbances, 29876
software for Turbo PASCAL timing routines with 55 vs 1 msec resolution, IBM microcomputers, 28035
software monitoring systems vs participant observation or thinking aloud methodologies, assessment of computer use behavior, office workers, 3537
software package for cognitive psychology & perception research methods laboratory, conference presentation, 38117
software tools for exploratory learning, 10–16 yr olds, 31031
standardized pulse code modulated data files for complex programs, sampled data in speech research, conference presentation, 35073
statistical accuracy of microcomputer vs mainframe computer programs used by doctoral students, 31539
strategies for location of computer bug & debugging, college students, 31462
subroutine calls for simplification of upgrading computer hardware used for psychological experimentation, conference presentation, 7044
teaching mathematical functions through example vs direct instruction, learning & transfer to abstract problems & other functions, college students in introductory Pascal class, 20494
TEXTVISION computer program, representation of conceptual relations in text, educational applications, 23998
training using sequential program for low level skills vs hierarchical program for integrated conceptual model vs program for exploration of software, word processing performance, college students, 13776
turbo pascal computer program, simulation of Rescorla-Wagner model of classical conditioning, 10537
Turbo Pascal 4.0 program for millisecond interval timing for IBM personal computers, applications for measurement of auditory RT, 38570
use of Micro Experimental Laboratory & network software in computer assisted psychology course, conference presentation, 38130
use of Micro Experimental Laboratory library in undergraduate psychology research methods course, conference presentation, 38126
user performance, interactive software system design, 20884
utility of Minnesota Assessment of Chemical Health software package as standardized instrument for 2nd professional opinion, clients in EAPs, commentary, 31416
utility of Minnesota Assessment of Chemical Health software package, assessment of degree of drug or alcohol dependency & recommendations for level of care, clients in EAPs, 31389
validity & reliability of multidimensional self report assessment using SENOTS software package, cognitively able elderly, 24653
verbal vs mathematical computer program reading vs problem analysis, male vs female 8th vs 11th graders, 10110
visual imagery & software design, computer assisted instruction of graph interpretation, mathematics students, 23982
word commands vs abstract vs representational icons on computer menus, search & select times, college students, 3448
word processing software packages, reading & writing skills, 3836

2 commercial software programs, career development, 9th–10th graders, 24262
Computers [See Also Computer Games, Digital Computers, Microcomputers]
absence control policy & computerized reporting system, reduction of nonlegitimate absenteeism, employees of public sector organization, 20768
actual interaction with computer, word processing system design, novice users, 24417
attitudes toward & performance in computer interaction task, 55–86 yr olds vs college students, 8165
cognitive processes & representations involved in use of computers, 31469
communication to speech understanding computer by natural language typing vs speaking directly vs through human interpreter, language usage, adults, 13916
computer & electronic musical instruments in elective classes vs music therapy services, social behavior & skills, behaviorally disordered 12–18 yr old students, 10281
computer aptitude & attitudes & literacy, male vs female junior high school students with vs without learning disabilities, 13636
computer dialog with person vs computer system, use of anaphors & lexical choice, college students, Scotland, 24423
computer programing experience, network representation of abstract programming concepts, adults, 10783
computer technology, incidence of repetitive strain injury of hands or arms, female office workers, Australia, 16128
computerized information systems, organizational communication, 3423
conceptual design of comprehensive support system for operator of complex systems, 10432
conceptual framework for design of person computer interaction in complex systems, 20889
cultural characteristics & belief in determinism & brain as complex computer, college students, test of von Neumann effect, 29411
design & structure of earcons & icons in computer human interface, 41483
development of curriculum for computer use in psychology courses, conference presentation, 38081
discourse analysis of Logo instruction, teachers & pairs of 5 yr olds, implications for self monitoring development, 23976
face validity of certification competencies of computer science teaching, practitioners vs district specialists vs faculty, 10021
impact of electronic media, social interactions & learning orientations & leisure activities, children & adolescents, 11457
knowledge of computers, belief that brain is computer, college students, 28305
language use in interacting with simulated computer system & keyboard, adults, Netherlands, 17423
menu selection &/vs command entry methods of computer control, operation performance & preferences, novice vs experienced computer design system users, 10422
Minimal Manual vs commercially developed self instruction manual, efficient learning progress on computers, office workers, conference presentation, 10341
model of user interaction with auditory computer interface, visually disabled adults, 33513
occupation type, effect of new computer technology on perceived work demands & employee interaction patterns, CRT users in large electronics company, Sweden, 20817
paper vs computer presentation & difficulty, estimation of time allowed for anagram solving, college students, 28212
partial computerization of treatment plans, psychiatric hospitals, 30752
patterns of computer use, 14–18 yr olds, 21884
printout of computer text, preferences & standards for legibility judgments, adults, 24422
prior computing experience, prediction of computer programing course performance, male vs female college students, 17190
psychosocial work environment & social & health issues in computer use, females, Sweden, 24362
search strategy in selection from computer menu, college students, 41504
self paced instruction in computer terminology & commands & program writing, computer operation & learning retention, 21–49 yr olds with closed head injury vs memory disorder, 5649
sex & precollege & college achievement, prediction of persistence in majors in computer related fields, college students, 13534
soundtrack & use of musical tones & synthetic speech in computer interface, blind users, 40391
stereotyped attitudes toward male vs female computer scientists, college students, 11698
temporal aspects of computer mediated social interaction, 15429
time &/vs system feedback messages during delay for text retrieval, annoyance, adults, 10431
use of computers in classroom & inquiry learning approaches & socially mediated learning, students, 34623
user selected vs nominated vs original technical terms, word processing instruction comprehension & performance, computer naive college students, 10423
user vs system control & molar vs molecular approach to design, stress effects of & performance on computerized job tasks, 20888
validity of & temporal stability issues in computer aptitude & attitudes measures, computer science teachers, 20703
verbal vs pictorial representations, human & computer interaction, college students & building automation system operators, 41493
vocational computer training, severely amnesic encephalitic 32 yr old female, case report, 30784
word commands vs abstract vs representational icons on computer menus, search & select times, college students, 3448
Concentration
concentration during relaxed training vs high arousal competition, heart rate patterns, highly skilled 22–58 yr old miniature golf players, implications for attention, 39158
emotional distress & interference with daily activities, concentration & memory problems, 18–83 yr old chronic pain patients, 16114
field dependent visual perceptual cognitive ability & concentration, male 23–34 yr old national level vs amateur vs nonathletic basketball players, 13992
formulation of 1st law of concentration, prediction of population regressions between concentration tests, non-artifactually selected populations, 21284
individual differences in dual task performance, adults classified by questionnaire as accident prone vs non-accident prone, 32894
inhibition model, RT fluctuations in prolonged work tasks, implications for intelligence testing, 38713
mind wandering vs going blank types of concentration lapses & planning time & prose memory, depressed adults, 8745
sex & sport type, amount & error & rate & consistency of mental concentration, 13.5–16.5 yr old athletes, 39578
sport type & performance level, patterns of concentration & distribution of attention, sports students vs tennis players vs gymnasts, 10496
training using 2 types of apparatus, concentration, neurological rehabilitation center patients with attention deficits, conference presentation, 20264
Concentration Camps
archival study of self identity, Japanese Americans interned during WWII, 1183
Cafe 84 day program, delayed symptoms associated with concentration camp experiences, elderly Jewish survivors, Sweden, 9773
characteristics & coping & personality development, 46–65 yr old Jewish survivors of concentration camps vs those who spent WWII in Israel, 8 yr followup, 32530
early home environment, concentration camp experience & postwar adjustment, Holocaust survivors, 5053

regression & defense mechanisms & identification with aggressor, Nazi concentration camp prisoners & Japanese prisoners under occupation, 29571
Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]
age & sex & race, social concept development, Black vs White K–1st graders, replication, implications for social studies curriculum & instruction, 1131
age, comprehension of positive & negative dimensional adjectives, 2–4 yr olds, India, 21970
categorical & comparative judgment & understanding of concepts "high" vs "low", 3–5 yr olds, implications for semantic congruity effects, 29094
category usage, development of biological inferences using scientific concepts vs irrelevant superficial features, children, 32399
Chernobyl nuclear accident, drawings & descriptions & explanations of radioactivity, 9–12 yr olds, Italy, 21949
cognitive conflict, choice of photographic representations of war vs peace, 8.8–10.9 yr olds, West Germany vs US, 36122
cognitive deterioration vs concept formation & maintenance & shifting, measurement of selective frontal function deficit, patients with demented vs nondemented idiopathic Parkinson's disease, 33486
cognitive development, classification of animals vs plants vs inanimate objects as living vs nonliving things, 6–15 yr olds, Israel, 32448
cognitive development, life judgments & beliefs about attributes of living things, K–4th graders vs adults, Japan vs US, implications for classification, 32434
cognitive processes, interpretation of scientific & mathematical concepts, teaching applications, 322
cognitive skill acquisition in concept identification, college students, 295
cognitive styles of categorization & conceptualization & motor system differentiation, 29–39 mo olds, 11428
comprehension of concept of animal & knowledge of invertebrate & vertebrate distinction, 5th vs 8th vs 10th graders vs college students, implications for teaching animal classification, 24033
computer based modeling of electrical circuits, confrontation of misconceptions & learning, 1st–9th grade males, Scotland, 17134
computer experience, comprehension of mathematical functions & compositions, college students, 10039
computer programing experience, network representation of abstract programming concepts, adults, 10783
computer programing instruction, mathematical thinking & fundamental concept development, 6th graders, 24015
computer simulation of perceptions of static equilibrium, conceptual change, 8th–10th graders, Israel, 23979
concept development & teaching model & problem solving, conference presentation, 27545
concept diagrams & related teaching in mainstream classes routine, concept acquisition & note taking, high school students with vs without learning disabilities, 10177
concept formation & mental reorganization & flexibility & abstract & divergent thinking ability, monolingual vs bilingual college students, 39436
concept learning schemes, knowledge acquisition for expert systems, 13933
conceptual understanding & knowledge level & inference of & cultural influences on biological concepts, children, commentary, 32441
conceptualization of pragmatic function of mental terms to express certainty or reliability, 3.1–8.9 yr olds, Canada, 21971
concurrent validity of Bracken Basic Concept Scale with Preschool Language Scale & Slosson Intelligence Test, preschoolers, 14154
cooperative mixed ability grouping during computer based instruction, concept learning, 8th graders, 27564
course presentation of disorders, formation & recall of prototypes in long term memory, 3rd yr medical students, 13296
daily activities & development of time concept, 3–6 yr olds, 18614
death concepts & perceived causes of illness & content of drawings of family, 4–9 yr olds with leukemia, 16050
descriptive vs explanatory vs conceptual change studies of conceptions & preconceptions in science, students, literature review, 3187
development of biological concepts, children, commentary, 32451
development of concept of cultural differences, recognition of existence of multiple languages, preschool age children, commentary, 35988
development of concepts of internal organs, 5–11 yr olds, conference presentation, 15076
development of conceptual knowledge of conservation & mathematical equivalence measured by discordance between verbal & gestural explanations, 9–12 yr olds, 29086
development of containment concept, selection of intact vs bottomless cups, 11–20 mo olds, 988
development of curiosity & number & time concepts, 4–6 yr old males, 8039
development of number knowledge, preschool age children & infants, educational implications, 25509
development of the concept of secrecy & deception, 3–5.5 yr olds, Australia, 25497
examples & counterexamples in concept learning model, role of conceptual graph & support logic programing theories, implications for artificial intelligence, 21315
explicit vs implicit learning processes, verbal concept discovery, college students, 3859
formation of affiliation concept, female Java monkeys, 411
functionality & episodic memory model, concept construction & categorization, 4th–8th graders vs adults, 18608
identical vs similar vs different vs totally dissimilar objects, vocalized responses to discrimination learning questions, African grey parrot, 24956
identification & inferences of threat vs opportunity in perception of business issues, general managers & strategic planners & MBA graduates, 20795
informal teaching activities, early learning of beginning arithmetic concepts, nursery & kindergarten students, 10045
interpretations of representations of 3 dimensional objects, 7th & 9th & 11th graders, 29050
knowledge level & development of life concept, judgment of object attributes & life status, 6 yr olds vs college students, 32426
knowledge of dinosaurs, inferred attributions & sorting of & number of causal statements made about novel dinosaurs, 5.9–6.3 yr olds, 21936
logical ability & mental representation of computer, learning of conditional structures in computer programing, 10th graders, 41277
logico-arithmetical ability & short term memory span, formation of shopkeeper's profits concept, 2nd–4th graders, 11372
LOGO computer experience, ability to solve rule learning problems, kindergartners, 3116
manifest anxiety, performance on concept formation task, intermediate school students, 25465
manual emphasizing syntactic features with vs without semantic conceptual models, BASIC computer programing & problem solving & conceptual knowledge, college students, 3099
mastery of concept of quantitative identity but not of compensation & supervision with vs without competition, dyadic vs individual Piagetian task performance, school age children, 36002
method using sequence of part requests during assembly task, determination of conceptualization of objects & their components, college students, 292
multiple referent & inclusion strategies for labeling of objects, interpretation of novel words, 3 & 5 yr olds, 21932
multisensory vs cognitive perceptual teaching method, knowledge & recall & recognition of internal bodies, 4.5–7.5 yr olds, 20491

negative response trials vs incorrect feedback, recall of correct previously stated hypothesis, 60–70 yr olds, support for frequency theory of concept identification, 24887
nonverbal mental capacity & conceptual repertoire & performance in Spanish & English, cross language transfer & metaphor interpretation, 7–12 yr olds, 39536
orally presented concept lists using proportional amounts of concrete vs abstract vs performance nouns, quality of concept definitions & recall, dyads of 8–9 yr olds vs college students, 36075
passive sentence training with animate patients, acquisition of passive construction, 2.5–5.3 yr olds, Canada, 21964
perception of performance vs concept of musical norms in representations of songs, 5–10 yr olds vs adolescents vs adults with vs without musical training, 25439
photographs of different views of 2 locations, rate of discrimination learning, pigeons, implications for concept formation, 24946
positive & negative pole concepts, rate & sequence of acquisition, 3–7 yr olds, 36020
predictive validity of Boehm Test of Basic Concepts & Gates-MacGinitie Reading Tests, reading achievement, 1st graders, 3 yr followup, 10269
prior knowledge level & information about achievement criteria, mastery of number concepts, 3rd graders, Australia, 20503
production & comprehension of metaphors in everyday life & poetry, adults & children, 25447
prototypes for simple concepts, construction of prototypes for composite concepts, college students, 28312
psychodynamics of occurrence of & urge to share new idea, conference presentation, 31516
realistic vs abstract picture of literal information in proverb, choice of best conceptual match for realistic picture, college students, 304
sex, family interaction & formation of family & life conceptions, 15 yr olds & their parents, 11508
surface production vs underlying conceptualization of writing, 5.3–6.0 yr olds, conference presentation, 21923
tactile vs visual stimuli, appearance-reality distinction & perspective taking competencies, 3 yr olds, 21944
training in same vs different shapes & different colors, knowledge of names & uses of tableware, 36–67 mo olds, 29085
training using sequential program for low level skills vs hierarchical program for integrated conceptual model vs program for exploration of software, word processing performance, college students, 13776
transformation of letters into Morse code as concept formation task & learning efficiency, EEG EPs, 19–25 yr olds, 4117
trial unique video picture stimuli, matching to sample & concept learning, pigeons, 21398
understanding of science concepts, Asian language vs English speaking high school students, England, 10117
unidimensional scaling models, analysis of sequences in concept development, implications for developmental psychology, 17682
use of taxonomy based conceptual organization in forced choice object triad task, 16–31 mo olds, 29044
view of differences in healthy vs seriously ill children's conceptualization of death, pediatricians & parents, 12527
visual & olfactory oddity learning, assessment of conceptual learning, rats, 7556
word knowledge & features, comprehension of modified noun phrases combining simple concepts to form complex concepts, adults, 28306
Concept Learning [See Concept Formation]
Concept Validity [See Construct Validity]
Concepts
activity type, appropriation of ideas or concepts, hospital staff & college students, 10823
cognitive development & conceptual changes, parent child relationship, adolescents, 21963
comments of V. E. Frankl on major concepts of prominent personality theorists, 2210
concept mapping, analysis & comparison of planning process for implementation of family based home service program, 30653
concept mapping for questionnaire development, evaluation of One to One Big Brother/Big Sister youth program, participating vs non-participating youths, 28091
concept mapping methodology, planning & evaluation of program for integrating computer technology into conventional education, pubic school teachers, 31058
concept mapping, structured conceptualization of nursing care, nurses vs patients vs nurse researchers, implications for caring theory development, 30622
concept mapping using statement representation & interpretation, development of structured conceptual framework for project or program planning or evaluation, groups, 29357
concept maps viewed as soft science vs hard art, 28191
concept vs analogy vs outline advance organizer, text memory, 8th graders, implications for organizer presentation vs use, 31059
conceptual metaphors, implications for artificial intelligence research, commentary, 31862
conceptual validity & reliability in nontheoretical human science, 17693
conceptualization of psi phenomena in parapsychology, 3
confusion in use & understanding of concepts of horizontal & vertical, Ss, 7403
descriptional knowledge & expression denoting individual objects, 32313
issues in & utility of concepts of intelligence, 15509
lack of technological development concepts, role of social sciences, 15257
model using interaction of knowledge & concepts & inferences, text & sentence comprehension, implications for memory, 21267
structured conceptualization, framework for understanding concept of feminism, self defined feminists, 29296
translation from hierarchical structures or outlines to relational structure of maps, interrelationships between ideas or objects, implications for program planning & evaluation, 28160
validity of multidimensional scaling, construction of structured conceptualizations using manual & computer maps, adults, 28163
videotape of mime presenting concepts of Adler, concept identification, male vs female college students, 7305
Conceptual Imagery
bizarre imagery, long term retention of paired associates within variable contexts, college students, 28328
Chernobyl nuclear accident, drawings & descriptions & explanations of radioactivity, 9–12 yr olds, Italy, 21949
individual differences in meaning & images of health, 18–45 yr old females, 25970
mental imagery & inference, solution of frame problem of cognitive science, 17855
orienting tasks &/or stimulus sentence complexity, mnemonic advantage of bizarre imagery in free recall, college students, commentary, 28333
spelling ability, content of orthographic images, 2nd & 3rd graders, Netherlands, replication, 27605
theory vs prototype problem solving approach, motion problems, college students, 17875
topic vs vehicle imagery, metaphor comprehension & processing & RT, college students & workers, implications for dual coding theory, 3821
Conceptual Tempo [See Also Impulsiveness]
conceptual tempo, study skills & reading skills, 6th graders, 10131
developmental changes in speed of cognitive transfer, central limiting mechanism vs skill transfer hypothesis, commentary reply, 4614
similarity in developmental speed of processing on cognitive tasks, test of R. Kail's central limiting mechanism hypothesis vs models of skill transfer, commentary, 4651
Conceptualization [See Concept Formation]

Concurrent Reinforcement Schedules
absolute & relative terminal link entry frequency, concurrent chain free operant conditioning, pigeons, 7523
chain VI VI schedule concurrent with single VI reinforcement schedule, keypecking, pigeons, 24939
choice of local vs absolute rate of reinforcement, male pigeons, test of melioration theory of matching in concurrent schedules, 28440
closed vs open food access & reinforcement delay reduction in concurrent chain schedule, CRs, pigeons, 38981
computerized game with concurrent chain reinforcement, time estimation & radar choice, college students, Hong Kong, 38906
concurrent chains, terminal link key pecking response rates & time allocation, pigeons, 7554
concurrent reinforcement schedule, independence of component performance, pigeons, 3942
concurrent schedules & extrinsic vs intrinsic rewards, intrinsic motivation, male college students, 28355
concurrent VI choice as simulation of naturally occurring food procurement in patchy environment, rats, 31919
concurrent VR schedules, response & time distribution, male rats, application of generalized matching law, 14540
concurrent vs multiple VI schedules reinforced by food &/vs alcohol, behavioral contrast, rats, model of alcohol consumption, 24953
dextroamphetamine, time allocation to socializing vs monetary reinforcement, 22–23 yr olds, 25236
equal response costs in interval & ratio schedules, reinforcement maximizing performance, pigeons, replication, 38976
independent vs nonindependent concurrent VI-VI schedule, sensitivity to amount & delay of reinforcement, pigeons, 14518
initial link duration, preference for concurrent chain reinforcement schedules with FI vs fixed delay terminal links, pigeons, 412
pentobarbital concentrations under concurrent FR schedule, response rates & pentobarbital consumption, monkeys with history of oral drug self administration, 14901
reinforcement delay preferences in concurrent chain schedules, pigeons, implications for hyperbolic decay model, 21364
reinforcement probability using 1 vs 2 schedules, persistence of learned behavior & generalization of persistence & extinction in dual task performance, college students, 28338
reinforcement rate, choice of reinforcement schedules, pigeons, 7538
reinforcer frequency & duration in concurrent VI schedules, choice behavior, pigeons, 7531
relative vs overall reinforcement rate in concurrent reinforcement schedule, response rate, pigeons, 3901
simple matching vs maximization of reinforcement choice behavior under concurrent VI & VR schedules, male pigeons, 21384
tandem response requirement, established low vs high response rate under FI schedule, male rats, implications for behavioral pharmacology, 21353
terminal link pecking vs treadling chains, absolute response rate & choice proportions, pigeons, 31937
theories of momentary vs global maximization of reinforcement vs matching under dependent concurrent VR schedules, prediction of schedule choice, 20–27 yr old females, 21268
thirst or hunger, concurrent chain pulling & leverpressing reinforced by sucrose solution or food pellets, rats, 10900
transient state changeover behavior in concurrent reinforcement, pigeons, 21355
variable time reinforcement independent of responding vs DRO, keypeck response rate under concurrent VI schedule, pigeons, 21377

Concurrent Validity
accuracy of depression measures & anxiety screening tests, hospitalized alcoholic patients, 35126
administration time & concurrent validity of paper & pencil vs computer versions of Self Directed Search, assessment of occupational interests, college students, 17628
characteristics & concurrent validity of Pleasure Scale for Children, assessment of anhedonia, 6–13 yr old psychiatric inpatients, 35143
clinical validity of computerized self report vs clinician diagnosis of PTSD, adult soldiers, Israel, 31670
concurrent & construct validity & standardization of Parental Stress Inventory, assessment of effect of mother & child characteristics on parental stress, low income Black mothers & their 5–8 yr olds, 21064
concurrent & construct validity of new & existing Woodcock Johnson writing tests, assessment of written language, 5th graders, implications for writing assessment of learning disabled students, 41378
concurrent & predictive validity & interobserver reliability of Canadian Neurological Scale, elderly acute cerebrovascular accident patients, 35109
concurrent & predictive validity of Global Assessment Scale, assessment of psychopathology, adults with bulimia or anorexia nervosa or atypical eating disorder, 31669
concurrent & predictive validity of Parental Attachment Q-set, mothers & their infants, Netherlands, 17652
concurrent descriptive validity of Millon Clinical Multiaxial Inventory & California Psychological Inventory, assessment of normal personality function, 17–52 yr olds, 31610
concurrent validity & clinical utility of Schroeder-Block-Campbell Adult Psychiatric Sensory Integration Evaluation, psychiatric patients, implications for occupational therapy, 7112
concurrent validity & factor structure of Cognitive Coping Strategy Inventory, assessment of coping strategies in acute pain settings, 15–75 yr old postsurgical patients, 24575
concurrent validity & interpretation of verbal & nonverbal measures on WISC-R & Matrix Analogies Test-Expanded Form & PPVT-R & subtests, 1st–12th graders referred for academic difficulties, 27796
concurrent validity & reliability of Monadic Phases Coding System vs Maximally Discriminative Facial Movement Coding System, assessment of affective behavior, 4 mo olds, 35157
concurrent validity & test reliability & clinical usefulness of Vineland Adaptive Behavior Scales vs AAMD Adaptive Behavior Scale, autistic 8–18 yr olds, 31651
concurrent validity of Alcohol Dependence Scale scores, assessment of current state & prediction of treatment & aftercare completion, 22–70 yr old alcoholic inpatients, 9 mo followup, 31622
concurrent validity of Beck Depression Inventory, 15–20 yr olds with psychiatric disorders, 31625
concurrent validity of Bracken Basic Concept Scale with Preschool Language Scale & Slosson Intelligence Test, preschoolers, 14154
concurrent validity of Detroit Tests of Learning Aptitudes-2 & WISC-R, 6.6–12.8 yr old Anglo or Black or Hispanic students, implications for educational diagnosis & placement, 27766
concurrent validity of Diagnostic Achievement Battery vs Woodcock Johnson Psycho-Educational Battery, classification of learning disabilities by academic area, 2nd–5th graders, 38245
concurrent validity of diagnostic inventories with Kentucky Essential Skills Test, competency evaluation, special education students, 17305
concurrent validity of Global Assessment Scale, measurement of psychopathology, children & adults seeking outpatient psychiatric treatment, 3589
concurrent validity of Hiskey-Nebraska Test of Learning Aptitude vs K-ABC Nonverbal scale vs WISC-R vs Leiter International Performance scale, assessment of IQ, hearing impaired 6.0–10.8 yr olds, 27801
concurrent validity of K-ABC Nonverbal scale & Pictorial Test of Intelligence & Hiskey-Nebraska Test of Learning Aptitude, speech & language impaired 4–5 yr olds, 3597
concurrent validity of Kirton Adaption-Innovation Inventory & Torrance Tests of Creative Thinking, assessment of level & style of creativity, college students, 24604

concurrent validity of Leadership Skills Inventory vs teachers' ratings, gifted 6th–7th graders, 6822
concurrent validity of MacAndrew Alcoholism Scale, assessment of alcohol & marihuana & multiple substance abuse, at risk 16–19 yr old females, 14143
concurrent validity of Matrix Analogies Test-Short Form vs Draw A Person: A Quantitative Scoring System, assessment of academic achievement & ability, learning disabled 4th & 5th graders, 27804
concurrent validity of Millon Clinical Multiaxial Inventory, male Vietnam veterans with PTSD, 21095
concurrent validity of Mini Mental State Examination, cognitive impairment, 63–90 yr olds with dementia of Alzheimer's type or multi infarct dementia, 38654
concurrent validity of Minnesota Child Development Inventory, language development assessment, 23–28 mo olds, 28142
concurrent validity of Minnesota Infant Development Inventory with Bayley Scales of Infant Development, screening for developmental delay, high risk 8 mo olds, 14107
concurrent validity of OBD-168 measured against MMPI vs MMPI-168, high school & college students, implications for brain damaged populations, 14123
concurrent validity of personality disorder scales of MMPI & Millon Clinical Multiaxial Inventory, psychiatric patients, 31634
concurrent validity of Quick Test vs Test of Nonverbal Intelligence vs WISC-R, 6.3–16.8 yr old learning disabled & mildly mentally retarded special education students, 10313
concurrent validity of revised vs original Beck Depression Inventory, profoundly hearing impaired college students, 7136
concurrent validity of Rust Inventory of Schizotypal Cognitions, English speaking pre-university students, Hong Kong, 14169
concurrent validity of self report version of Scale for Suicide Ideation, patients with mixed psychiatric or affective disorders, 52
concurrent validity of short form of Luria Nebraska Neuropsychological Battery, adults with brain damage or psychiatric disorders, 21094
concurrent validity of short form of Questionnaire on Resources & Stress, mothers of 3 mo to 38 yr olds with developmental disabilities, 35186
concurrent validity of sociometric measures & rate of positive vs negative vs neutral peer interactions, 2.5–6.7 yr olds, 17630
concurrent validity of Spanish versions of Woodcock-Johnson Achievement Battery & WISC-R & Columbia Mental Maturity Scale, 1st graders, Puerto Rico, 38651
concurrent validity of Superiority & Goal Instability Scales & measures of personality & clinical syndromes & self report vs therapist ratings & self psychology, psychiatric & drug abusing patients, 22483
concurrent validity of teacher prepared achievement examinations, 12th graders, Kenya, 6802
concurrent validity of Visual Elaboration Scale & Mental Imagery Questionnaire & Individual Differences Questionnaire, college students, 7078
concurrent validity of 6 measures of adaptive behavior in school vs home, Black vs Hispanic vs White 7 yr old males vs females & their parents & teachers, 24608
congruent validity of Allen Cognitive Levels test & WAIS, 17–79 yr old psychiatric inpatients, 38643
consistency of Hospital Anxiety & Depression Scale vs Crown-Crisp Experiential Index vs Zung Depression & Anxiety Inventories, differentiation of anxiety vs depression, psychiatric patients, 3553
construct & concurrent validity of Stanford Binet Intelligence Scale 4th Edition vs K-ABC, low income high risk 4.3–6.6 yr olds in Head Start programs, 24239
construct & concurrent validity of Symptom Checklist-90, assessment of pain pathology & behavior, chronic pain patients, 100
content & concurrent & external validity of Hamilton Rating Scale for Depression & Montgomery-Asburg Depression Scale & Bech-Rafaelsen Melancholia Scale, depressed patients, 7141
convergence & concurrent validity of DSM-III diagnoses vs Personality Inventory for Children, prediction of teacher & clinician behavior ratings, behaviorally disturbed 3–16 yr olds, 10607
correlations between Eight State Questionnaire & unintegrated & integrated components of Motivation Analysis Test, state trait characteristics, 18–47 yr old student teachers, Australia, 35097
correlative & predictive relationships between Western Aphasia Battery subtests & aphasia quotient, 18–89 yr olds with aphasic impairment, 31576
criterion related validity of Leadership Skills Inventory, 6th–11th graders who completed leadership studies program vs adult community leaders, 3595
cross validation of item responses on Children's Form of Rosenzweig Picture Frustration Study, 1st–6th graders, 10591
development of & subscale correlations for multidimensional coping inventory, college students, 17570
discriminant & concurrent validity of Child Depression Inventory vs Child Behavior Checklist self reports vs parental ratings, 8–11 yr olds with major depression & their parents, 3625
dynamics & problematics of "member validation procedures" & corroboration of accounts, psychiatric emergency team members vs researchers, social science research implications, 17535
factor structure & reliability & internal consistency of Swedish translation of Self Consciousness Scale, high school & college students, 31645
factorial & concurrent validity of Study Attitudes and Methods Survey revised form, 10th graders, 20695
internal consistency & construct & content validity of Ethical Judgment Scale, assessment of ethical orientation, graduate students in counseling courses, implications for education, 31657
internal consistency & reliability & factor structure of Survey of Personal Beliefs, assessment of irrational thinking, 22–80 yr olds, 31583
internal consistency & reliability of Inpatient Memory Impairment Scale, hospitalized amnesiac vs chronic alcoholic vs psychiatric patients, 7106
internal consistency & test retest reliability of Harvard Group Scale of Hypnotic Susceptibility Form A, college students & 26–64 yr olds, 3 wk vs 8–10 yr followup, Canada, 21090
interrater reliability & internal consistency of 6 measures of working therapeutic alliance, clients & therapists, 31681
PPVT-R & Boston Naming Test & Paired Associate Learning subtest of Wechsler Memory Scale & verbal fluency tests, measurement of development of linguistic abilities, 6–12 yr olds, 38624
predictive & concurrent validity of global measure of cognitive development, assessment of early school achievement, middle class 1st graders, Canada, 6847
relationship between Bem Sex Role Inventory & British Attitudes Toward Women Scale & Hypermasculinity Inventory, male 18–35 yr olds, England, 38584
relationship between self report measures of sex roles & behavior & attitudes, males vs females, 38583
reliability & concurrent validity of Health Professions Stress Inventory, physicians & nurses & pharmacists, 3653
reliability & concurrent validity of Minnesota Child Development Inventory, measurement of developmental functioning, handicapped 3.2–6.4 yr olds, 7091
reliability & concurrent validity of Morrow Assessment of Nausea and Emesis with continuous self monitoring, chemotherapy outpatients, 16546
reliability & concurrent validity of Simulation of Initial Medical Problem Solving, medical students, 10577

reliability & concurrent validity of Spanish version of State Trait Anxiety Inventory, high school students, Uruguay, 28128
reliability & internal validity of Hamilton Rating Scale for Depression & Montgomery-Asburg Depression Scale & Bech-Rafaelsen Melancholia Scale, medicated depressed patients, 7142
reliability & validity of Geriatric Depression Scale vs Zung Self Rating Depression Scale, 60–97 yr olds, 24588
scores on Peabody Developmental Motor Scales vs Miller Assessment for Preschoolers, assessment of sensorimotor functioning, 34–68 mo olds at risk for developmental disabilities, 31659
utility of psychological tests, examination of completeness & internal consistency of DSM-III criteria for diagnosis of PTSD, hospitalized male patients, 8635
validity of Woodcock-Johnson Psychoeducational Battery vs WISC-R performance during 3rd grade, prediction of subsequent reading & math achievement, 9th graders, longitudinal study, 10290
Concussion (Brain) [See Brain Concussion]
Conditioned Emotional Responses
acute low dose amphetamine, latent inhibition of conditioned emotional responses & active avoidance, male rats, 18467
baseline conditional emotional response procedure, detection of delay conditioning & incubation & extinction & spontaneous recovery, rats, 3930
beta endorphin &/vs oxotremorine with vs without scopolamine, retention test performance of conditioned emotional response, mice, 21719
chlordiazepoxide, learning & expression of classically conditioned fear & latent inhibition, male rats, 35808
conditioned emotional response procedure, detection of excitatory delay & trace conditioning, rats, 423
conditioned emotional response suppression & passive avoidance learning & stress induced suppression of drinking, strains of rats bred for high vs low avoidance learning, 14512
conditioning processes in acquisition & modulation of learned fear, dental anxieties & phobias, college students, 19086
dextroamphetamine, conditioned emotional visceral responses & violent behavior & hyperkinesis, dogs & cats, animal model, 18312
fear conditioning, hurdle jumping to escape fear eliciting stimuli, rats, 1 yr followup, 14541
haloperidol, latent inhibition of conditioned emotional responses, rats, 4334
hypocapnia, delayed extinction to classical conditioned anxiety, 19–34 yr olds, 19644
paired & random training in conditioning apparatus vs novel test chamber, heart rate, conditioned vs pseudoconditioned rats, 10909
Pavlovian conditioning of heart rate responses, female college students, test of H. J. Eysenck's incubation theory of phobic fear/anxiety, 19214
REM sleep deprivation, fear conditioned freezing behavior, rats, 737
tone shock pairing in conditioned emotional response paradigm, suppression of ethanol intake following sucrose fading initiation, rats, implications for anxiolytic action of ethanol, 32296
visual vs olfactory CS with vs without amphetamine, acquisition of conditioned emotional response, male rats with posteroventral vs ventrolateral neostriatum lesions, 28743
16-Me cyprenorphine, conditional analgesia & antinociception on formalin test, rats, 39287
Conditioned Inhibition [See Conditioned Suppression]
Conditioned Reflex [See Conditioned Responses]
Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]
acute alcohol intoxication & subsequent blood alcohol levels, hypothermia & activity & motor performance, female rats, animal model of alcohol hangover, 25328
alcohol mixed with flavored drink, heart rate CR, 18–38 yr old social drinkers, 32235
alteration of sequence of qualitatively different reinforcers, sequence of CRs, rats, 14516
amnesia induced by detention in hazardous compartment &/vs electrical stimulation & cyclohexamide, GABAergic activation & blockade induced retention & reproduction of passive avoidance CR, mice, 25122
amphetamine, unconditional vs conditional responses to alimentary vs social re ards, male dogs, 4398
amphetamine vs apomorphine vs white noise, response switching, rats, 32101
anxiety producing noise followed by innocuous visual stimulus, & skin nonductance level feedback, electrodermal responses, college students, 14739
anxiolytic drugs, punished responding & dopamine vs norepinephrine vs serotonin metabolites in CSF, pigeons, 14891
artificial airborne vibrations, conditioned hearing responses, honey bees, 35435
attenuated overshadowing in unpaired conditioned inhibition training, superconditioning, rats, 35470
auditory & visual stimulation, signal controlled responding, male pigeons, 21390
avoidance conditioning procedure, incremental vertical jump response, male rats, implications for assessment of spinal cord injury, 38980
behavior during avoidance response prevention, female rats, implications for flooding treatment of phobias & compulsions, 425
bilateral lesions of amygdala, olfactory heart rate conditioning, infant rats, 39232
blocking of N-methyl-D-aspartate neural receptors, behavioral preferences & learned responses in olfactory preference training, rat pups, implications for neural development, 7667
buprenorphine tolerance, FR schedule controlled behavior & analgesia, male rats, 4319
caffeine, tolerance to effects on locomotor activity & operant responding & stimulus discrimination, male rats, conference presentation, 4382
calorie enhanced flavor, shift learning, male rats, 14544
central & peripheral muscarinic actions of physostigmine vs oxotremorine, avoidance responding, squirrel monkeys, 32305
central beta andrenergic mediation, effects of clenbuterol on DRL & mulitple FI/FR responses, rats, conference presentation, 21656
centrally acting beta adrenergic agonists clenbuterol or salbutamol or prenalterol vs haloperidol or desipramine, discrete trial conditioned avoidance responding, male rats, 28911
chloridazepoxide vs meprobamate vs imipramine vs morphine vs buspirone vs chlorpromazine, conditioned defensive burying, male rats, 14833
chronic morphine induced tolerance, differential cross tolerance to mu & kappa opioid agonists measured by response to FR food presentation schedule, female pigeons, 39272
chronological account of Pavlovian conceptualization of reinforcement & extinction & formulation of generalization & differentiation of conditioned reflexes, 38996
closed vs open food access & reinforcement delay reduction in concurrent chain schedule, CRs, pigeons, 38981
cocaine & drug discrimination training & dopamine antagonist SCH 23390, dose related response rate on drug appropriate lever, monkeys, 14879
cognitive action theory of PTSD, treatment implications, 19070
component duration in multiple VI schedules in open vs closed economies, keypeck responses rate, male pigeons, 24949
concurrent short & long FI reinforcement, proactive & retroactive response interference, pigeons, 3910
concurrent VR schedules, response & time distribution, male rats, application of generalized matching law, 14540

conditional reinforcement by color stimuli, observing responses, pigeons, 431
conditional vs instrumental vs neutral reflex stimulus, heart rate, patients with anxiety neurosis, 5323
conditioned ethanol preference, paired vs isolated rats, 21784
conditioned feeding responses, snails, implications for appetite learning in vertebrates, 38979
conditioned opioid analgesia, shock induced associative UCS preexposure deficit, rats, 21382
conditioned responding with auditory go vs no go signal & red nucleus cooling, electrical activity measuring triggering & setting of motor responses, cats, conference presentation, 4150
contextual stimuli, attenuation of conditioned lick suppression, male rats, 3969
contextual stimuli, conditioning & extinction & reinstatement in appetitive conditioning, female rats, 35441
contingent vs noncontingent food & sucrose solution availability, instrumental performance, male rats, 35446
continuous food reinforcement with continuous vs FR-4 secondary reinforcement, leverpressing response to secondary stimulus, male rats, 7555
CS preceding vs following UCS, vasomotor reactions, conference presentation, 709
delay & delay behavior & intertrial interval & trimethyltin, choice accuracy & retention & working memory in spatial delayed response task, male rats, 829
delay of conditioned discriminative stimuli, conditioned reinforcement strength in keypeck responses, pigeons, 3947
delayed response reactions during motor performance program, activity of medial wall neurons in frontal cortex, rats, 21539
delta 1-tetrahydrocannabinol &/vs cannabinol &/vs cannabidiol, response rate of differentially reinforced operant behavior, male rats, 32211
diazepam vs yohimbine, conditioned defensive burying, rats, 18462
differentiation of behavioral & neural short vs long latency CRs, cats, 7663
directional bias in conditioned circling, striatal & nucleus accumbens & olfactory tubercle dopamine metabolism, rats, 39115
distribution & number of preacquisition UCS presentation & UCS preexposures, magnitude of retardation of nictitating membrane conditioning, rabbits, 35475
dopamine D2 agonist quinpirole, environment specific conditioned activity, male rats, 18386
dopamine injected into caudate nucleus & nucleus accumbens, nigrostriatal & mesolimbic dopaminergic systems control of voluntary motor reactions in instrumental avoidance responding, dogs, 21810
DRL vs random ratio schedules of points reinforcement, operant vs alternative buttonpressing, college students, 10850
drugs antagonistic to N-methyl-D-aspartate, PCP appropriate behavior as indicator of role of receptors in production of PCP discriminative stimulus effect, male rats, 18357
economic analysis of observing response about price of access to food by pecking, pigeons, 17944
EEG afterdischarge patterns in hippocampal formation & avoidance response performance, kindled cats, 35738
elaborated CR to light vs sound, visual vs sensorimotor cortex neurons working in pairs & conjugation of unit activity, rabbits, 21541
environmental cues & cyclophosphate, compensatory conditioned response reducing suppression of antibody production, male mice, 18366
environmental cues as CS, conditioned & unconditioned withdrawal & tolerance, relapsed vs abstinent vs at risk drug abuse patients, 15948
ethanol with vs without caffeine, operant responding, water deprived male rats, 18325
excitation & inhibition to CS in lick suppression conditioning, water deprived rats, 7544
exposure to alcoholic stimuli, physiological & cognitive responses & temptation to drink, alcoholic adult males, replication & extension, 8872
extraversion vs neuroticism vs psychoticism, CRs to weak vs strong appetitive vs aversive stimuli, 18–36 yr old males, 5063
food reinforced keypecking, conjunctive differentiation of gape, pigeons, 14525
food vs water reinforcer, form of keypecks vs ingestive responses, pigeons, 14539
footshock, amplitude of startle reflex, rats, 39201
FR schedule & intensity of microwave radiation reinforcement, conditioned behavior, albino rats, 3968
FR schedule of ethanol self administration, maintenance of response rate, inbred mouse strains, 25212
FR vs VR vs random ratio reinforcement schedules, keypecking, pigeons, 410
functional state of brain as systemic neurophysiological mechanism & conditioned reflex, 35607
GABA antagonists into magnocellular red nucleus, classical conditioning of nictitating membrane response, male rabbits, 11231
gamma-butyrolactone with vs without dextroamphetamine or naloxone, low rates of leverpressing & drug discrimination & discriminative properties, rats, 7891
haloperidol vs apomorphine, DRL responding, male vs female rats, 4501
hedonic values of isocaloric solutions & saccharin, learned sucrose flavor preferences, male rats, 21348
heritability of conditioning of proboscis extension reflex, honeybees, 587
high probability response restriction, time reallocation & substitution of free operant responses, autistic 6–10.8 yr olds, support for selective substitution model, 15693
immediate vs delayed reinforcement under VI schedules, key peck responding, pigeons, 3902
injection dosage of hemolymph from trained animal, specific & nonspecific components of CS eliciting food refusal CR, snails, 21670
intertrial interval duration, variable interval discrete trial barpressing, rats, 14535
intrahippocampal injection, elimination of granular cells & EPs & deterioration of conditioned avoidance reflex, male rats, 35760
intraoral rewarding vs aversive taste stimuli cued by tones, single unit responses in lateral hypothalamus & oral reaction, food deprived rabbits, conference presentation, 25143
ip vs icv opioid antagonist MR2266, pain sensitivity & conditioned freezing response & saccharin glucose solution intake, rats, 39288
iv cocaine, subsequent BP & pulse rate responses to cocaine placebo in same environment, 21–43 yr old males, implications for cocaine conditioned effects, 25197
key colors, positional response vs conditional discrimination, pigeons, 31936
L. J. Kamin's blocking procedure, conditioned electrodermal response, college students, 18178
lateral hypothalamic stimulation with vs without diazepam, escape from brain stem nucleus reticularis gigantocellularis stimulation & stimulation bound feeding, rats, 39193
lesions of caudate nucleus, instrumental differentiation of binaural sound lateralization, adult dogs, 11171
linear regression analysis, progressive ratio performance maintained by buprenorphine vs heroin vs methadone, male Macaque monkeys, 14902
lithium chloride & opportunities for apparatus exploration, latent inhibition & learning of CR, male rats, 11192
medial geniculate body & amplitude modulated auditory stimuli, CRs, rats, 21511
medial vs lateral knife cuts to mediodorsal nucleus of thalamus, learned heart rate, rabbits, 39210
methsuximide, schedule controlled response rates, female pigeons, 4342
methsuximide vs mephenytoin, responding under fixed consecutive number schedule with vs without external discriminative stimulus, pigeons, 11300

morphine vs other opioid agonists, tolerance & cross tolerance effects on schedule controlled behavior, male mice, implications for opioid receptors, 18447
neural network organization & activity in cerebral cortex & motor CR, cats, 21507
neuronal characteristics, 2 way conditional connections after learning in visual motor & visual & motor hypothalamic coordinations, alert cats, 21383
neurotensin vs substance P vs neurokinin vs enkephalin in ventral tegmental area, operant responding for food reward, male rats, 32220
nicotine with vs without caffeine, operant response rate, male rats, 4509
nicotine with vs without diazepam, rate of responding on FI schedule of liquid food reinforcement, rats, 39418
noise burst vs pulsed signal acoustic CSs & naturalistic environmental manipulation, CRs, male rats, 24944
onset of conditional reinforcer, control of pecking behavior, pigeons, 3943
operant conditioning of response variability, male vs female rats, 35479
partial cortico-basomedial amygdaloid lesions alone vs with im amphetamine, intertrial vs conditional instrumental social responding, male dogs, 4247
pentobarbital vs cocaine, punished vs nonpunished CRs, male rats, 32187
pentobarbital vs dextroamphetamine, stimulus control of key peck responses, pigeons, 14873
perceived UCR strength, magnitude of CR during Pavlovian electrodermal conditioning, college students, 17882
peripheral vs icv quaternary naltrexone, classically conditioned freezing & response to shock, female rats, 4351
photoresistive Polaroid transistor & ball joint coupler, measurement of nictitating membrane response, rabbits, 396
physiological & subjective drug related CRs, methadone outpatients & detoxifying inpatients & abstinent cocaine & opioid users, implications for relapse, 15907
postsession subseizure stimulation of anterodorsal vs posteroventral hippocampus, retention of behavioral task, male mice, 4277
preference for response rate inconsistent with maximization theory, pigeons, 441
presence vs absence of pecking requirement for food delivery, reinforcement of observing behavior, pigeons, 3919
pretrial vs intertrial food rewards, runway extinction, rats, 14555
punishment vs negative reinforcement of response omission, response rate reductions, pigeons, 402
reinforcement contingencies, individual differences in running time in double runway apparatus, male rats, implications for attribute treatment interaction analysis, 28402
reinforcement delay less than 100 msec in classical conditioning, auditory & somatosensory & motor cortex EPs & CR development, male dogs, 21490
reinforcement, response force conditioning & generalization across behaviors, commentary, 38718
repeated ingestion of alcoholic vs nonalcoholic beverages in different environments, conditioned heart rate & skin temperature, adult social drinkers, 7918
response contingent shock & repeated nonreinforced preexposure to CS, CRs & attention to CS, male rats, 776
scopolamine vs atropine with vs without physostigmine, multiple schedule food & shock maintained responding, male squirrel monkeys, 35916
selectivity in sensory systems & association with memory mechanisms & role in formation of conditioned reflex, primates, 21369
sensory preconditioning & UCS inflation, differential aversive electrodermal CR, 18–35 yr olds, 24892
simultaneous vs separate presentation of CS signaling food & water, rate of extinction, rats, 14530
stimulus bidirectional associations, conditional discrimination task learning, pigeons, 17956
stimulus consistency in memory/visual search tasks, response flexibility, college students, 3803
strain differences, conditioned defensive burying behavior, male Wistar albino vs PVG/c hood rats, 14630
sublethal doses of ionizing radiation, FI vs FR schedule controlled responding, male rats, 18225
substantia innominata lesions, disinhibition of conditioned auditory signal differentiation, cats, 21698
temporal structure of conjugated discharges of visual & sensorimotor neurons, conditioned reflex activity, rabbits, 35627
termination of 1st vs following color stimuli in reinforced chain, pecking, pigeons, 38973
tone &/vs light association trials, discriminative inhibition of operant responding, male rats, 3907
UCS revaluation, classical CR strength & self observed changes, 17883
unreinforced new discriminations, conditional responding, mildly mentally retarded 14.6–25 yr olds with history of equivalence class development, 22864
unsigned delays of vs response independent reinforcement after VI vs DRO schedules, keypecking, pigeons, 415
ventral tegmental area lesions, appetitively motivated classically conditioned responses, female rats, 4306
visual flicker rate continuum, dimensional stimulus control, pigeons, 31921
visual stimuli & reward, activity of sensory & motor & cognitive neurons in caudate nucleus, monkeys, 35601
VR vs VI-plus-linear-feedback schedules, responding, 31–41 yr olds, 38912
yohimbine vs idazoxan with vs without dextroamphetamine, conditioned responding, male rats, 18427

Conditioned Stimulus

addition of unreinforced discriminative stimuli during waiting period, acquisition of temporal response regulation, beagles, 17948
aggression eliciting cues, socially mediated classical conditioning, male fighting fish, 24935
artificially adorned female & inanimate toy dog as CSs, search & approach & consummatory sexual behavior, male Japanese quail, 24940
assigned goal & reward, brainstorming performance, college students, replication, 14388
assigned goal & reward, brainstorming performance, college students, replication, erratum, 28302
calcium channel blocker nimodipine vs diazepam vs haloperidol vs morphine, discriminative stimulus effects of dextroamphetamine in drug discrimination paradigm, male rats, 18404
clozapine discrimination learning, cholinergic mediation of discriminative stimulus properties, male rats, 28943
conditioned inhibitors with collateral excitatory associations, conditioned suppression, male rats, 21397
conditioned olfactory stimulus prior to & during eating, plasma insulin, obese vs lean mice, animal model of non-insulin-dependent diabetes mellitus, 25088
context of CS, transfer of learning, rats, 35451
context UCS associations, simultaneous associations between CS & UCS, water deprived rats, 10915
CS, control of morphine self administration & withdrawal, rats, 39397
CS information value, electrodermal conditioning, college students, 21304
CS preexposure to salient flavors, aversion conditioning, rats, 21370
different CS, transfer of positive contextual control, male rats, 17958
differential Pavlovian conditioning with 2 colored stimuli with vs without shock & complementary elements, skin conductance responses, 21–29 yr olds, 21302
duration of prior exposure to CS, olfactory aversion conditioning, preweanling rats, 28422
electrical stimulation of medial vs lateral septal nuclei as CS, acquisition of classically conditioned eyeblink response, rabbits, 21679
excitation & inhibition to CS in lick suppression conditioning, water deprived rats, 7544

flavor distractor, interference with CS preexposure effects in flavor aversion learning induced by lithium, male rats, 17951
injection dosage of hemolymph from trained animal, specific & nonspecific components of CS eliciting food refusal CR, snails, 21670
iv nicotine vs saline, differential response & discrimination stimulus effects, squirrel monkeys, conference presentation, 7923
lithium chloride followed by casein vs sucrose CS, aversion performance, male rats, 28415
melanotropin release inhibiting factor as CS, acquisition of conditioned tolerance to antinociceptive properties of morphine, male rats, 28912
method of signal introduction, CS & US response, pigeons, 35448
motor reaction as CS in classical & instrumental conditioning, changes in excitability of motor cortex, dogs, 17950
negative CS, stimulus selection in appetitive & aversive conditioning & short term retention, adult & infant rats, conference presentation, 28436
nicotine, discriminative stimulus & conditioned taste aversion effects, rats, literature review, conference presentation, 7920
number of compound conditioning trials after pretraining, drinking conditioning to blocked noise & light CS, male rats, 7524
order of positive & negative CS presentation, aversion learning & excitatory backward conditioning, rats, 35468
random CS & US, stimulus learning & acquisition & maintenance for blocking like procedures, pigeons, 35473
reliable vs random CS-shock pairings, classical conditioning to novel CS & shocks in new context demonstrating proactive interference to learned irrelevance, male dogs, 28412
response contingent shock & repeated nonreinforced preexposure to CS, CRs & attention to CS, male rats, 776
Ro 5-3663 or diazepam or midazolam in brain, modulation of discriminative stimulus produced by pentylenetetrazol, rats, 826
saline vs clonidine discrimination training & pairing with anise/ethanol, BP reduction & introceptive stimulus effects, male hypertensive rats, 7917
shifts in CS duration & UCS probability, positive conditioned suppression, male rats, 17955
simultaneous vs separate presentation of CS signaling food & water, rate of extinction, rats, 14530
species specific sign stimuli in contextual conditioning, copulatory behavior with live female vs model, sexually experienced vs inexperienced male Japanese quail, 28469
stimulus reinforcer relations & type of reinforcing stimuli, conditional discrimination, moderately mentally retarded 14–20 yr old males, replication, 26377
taste aversion conditioning with odor taste compound stimulus, adult vs 21 day old rats, 7873

Conditioned Suppression

acquisition & extinction & preexposure & CS associated with electric shock & mitogens, suppression of lymphocyte reactivity & immune function, rats, 7705
acquisition & retention of CR to tone paired with footshock, multiunit activity in hippocampus & medial geniculate body, rats, 10902
acute low dose amphetamine, latent inhibition of conditioned emotional responses & active avoidance, male rats, 18467
acute vs chronic imipramine, conditioned suppression of drinking, female rats, animal model for panic disorder, 11220
addition of unreinforced discriminative stimuli during waiting period, acquisition of temporal response regulation, beagles, 17948
amount of training & age administered, acquisition of response inhibition, young rats, 17954
behavioral suppression by delayed reinforcement, multiple schedule behavioral contrast, 429
bestatin vs thiorphan induced inhibition of enkephalin degradation, stress induced conditioned suppression of motility, male mice, 4439
bilateral lesions of dorsal noradrenergic bundle, conditioned suppression to CS & contextual background stimulus, rats, 28787
bilateral microinjection of 5-HTP in lateral hypothalamus, response suppression, rats, animal model of depression, 4378
chlordiazepoxide, learning & expression of classically conditioned fear & latent inhibition, male rats, 35808
conditioned inhibition of conditional respiratory suppression, 4 vs 8 vs 12 wk old kittens, 31916
conditioned inhibition, somatosensory cortical unit activity, conscious male cats, 25048
conditioned inhibitors with collateral excitatory associations, conditioned suppression, male rats, 21397
convulsant vs typical barbiturates, conflict behavior in conditioned suppression of drinking paradigm, water deprived female rats, 4336
cyclophosphamide conditioned suppression of cricket predation, rats from taste aversion prone vs resistant strains, 21733
dopamine D-2 receptor mediation of response suppression learning, 11–13 vs 17–19 day old rats, 31926
excitation & inhibition to CS in lick suppression conditioning, water deprived rats, 7544
feedback stimulus duration, contextual fear & conditioned inhibition, male rats, 21388
haloperidol, latent inhibition of conditioned emotional responses, rats, 4334
increased vs decreased serotonin level, classically conditioned inhibition of tarsal reflex to sucrose solution, drosophila, 925
information & expression of simultaneous & backward associations, conditioned lick suppression, water deprived rats, 21381
inhibition & forgetting of conditioned suppression followed by dextroamphetamine sulfate, memory retrieval, mice, 11288
inhibitory conditioning, facilitation in autoshaping, pigeons, 7550
lateral vs medial vs complete septal lesions, positive conditioned food suppression, rats, 35758
lithium chloride & opportunities for apparatus exploration, latent inhibition & learning of CR, male rats, 11192
low frequency stimulation of septal medial vs lateral nucleus, suppression of operant response, male rats, 787
maturation & habituation & conditioned inhibition & classical conditioning & imprinting, development of species preference in pecking, herring gull chicks, 31910
mild ethanol intoxication, enhancement of Pavlovian conditioned suppression, male rats, 35823
Pavlovian conditioned inhibition in licking suppression, male rats, application of Rescorla & Wagner model, 21371
picrotoxin vs bicuculline vs 3-mercaptopropionic acid, passive avoidance & conditioned suppression, male mice, 28937
post stress alcohol exposure, development of alcohol consumption, water deprived rats, implications for role of conditioned inhibitory processes in alcoholism, 18293
saccharin & cyclophosphamide conditioning & temporal presentation of CS, conditioned suppression of murine T cell dependent vs independent antibody responses, female mice, 18433
sc buprenorphine vs diprenorphine vs heroin, tolerance development to induced suppression of food maintained responding, male macaques, 18378
shifts in CS duration & UCS probability, positive conditioned suppression, male rats, 17955
sigma receptor agonists cyclazocine with vs without N-allylnormetazocine, conditioned suppression of motility, male mice, 4438
sodium salicylate, tinnitus in conditioned suppression paradigm, rats, 28874

stimuli signaling absence of response reinforcer contingency, suppression of operant responding, rats, 21356
strain differences, emotional reactivity & association ability in licking & lever pressing conditioned suppression, 3 strains of rats bred for emotionality, 21343
unpaired CS & UCS presentation vs negative contingency conditioned inhibition training, retardation of conditioned excitation in conditioned suppression licking, water deprived rats, 3961
Conditioning [See Also Autoshaping, Aversion Conditioning, Avoidance Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Counterconditioning, Escape Conditioning, Eyelid Conditioning, Operant Conditioning, Unconditioned Responses, Unconditioned Stimulus]
absolute reinforcement rate & carry over effects in multiple schedules, pigeons, 35483
alcohol vs other bitter solution, fluid intake & preferences in limited access drinking paradigm, male rats, 18375
alimentary electrical skin stimulation, conditioned defensive reflex & command neuronal activity in parietal ganglia, edible snails, 21682
amount & frequency of reward, learning, free flying honey bees, 14513
atropine & chlorpromazine & GABA & serotonin, electrical activity of previously conditioned sensorimotor cortex pyramidal vs nonpyramidal neurons, rabbits, 28829
blockage of association of place & amphetamine induced sickness, enhancement of amphetamine induced place conditioning preference, male rats, 14885
calm wakefulness vs pseudoconditioning, discharge delay in neuron pairs working in correlation in visual & sensorimotor neocortex regions, rabbits, 21540
cognitive & sensorimotor test performance, sleep & neurochemistry, aged rats, 35619
compound stimulus vs components, differential conditioning & associative learning, terrestrial mollusc, 28424
conditioned fear interpretation of self punitive behavior, rats, 21365
conditioned preference for orange odor, endogenous opioid release, 10 day old rats, 28429
conditioning model of pharmacotherapy, implications for double-blind crossover experimental design, 37467
contextual control by tone, visual conditional discriminations, college students, 24863
drugs & posttraining process, memory formation & consolidation & strengthening, literature review, 28872
enkephalins, learning & memory for positive & negative conditioning & opioid receptor & enzymatic action site outside blood-brain barrier, rats & mice, literature review, 4422
environmental contextual stimuli following conditioning, reactivation from memory, 18 day old rats, 3956
environmental stimuli paired with drug injections, drug seeking behavior & abuse, 15961
goal directed continuous elbow movements in motor task, adaptive programing with use & peak & average velocity increases, monkeys, 21358
haloperidol vs 6-OHDA induced lesions of nucleus accumbens vs benzodiazepines, diazepam induced place preference, rats, 28735
inexpensive hardware & software protocol for conditioning & testing of hearing, gerbils, 35432
inferences of biological constraints on conditioning, 35444
iv vs ip cocaine dosage & biased vs unbiased compartment procedure & training amount & temporal contiguity of CS vs UCS & novelty & state dependent learning, place conditioning, rats, 28944
learning & short term memory test, ability to locate platform at end of water filled maze arm, 21 vs 28 vs 38 day old rats, 407
lesions of substantia innominata & ventral & dorsal globus pallidus, visual discrimination acquisition & performance & reversal, male rats, 39214
locomotor stimulation or stimulus novelty produced by amphetamine, conditioned place preference, rats, 28821
met-enkephalin, acquisition & retention of perceptual motor skill, male mice, 11322
morphine &/vs ethanol during putative place conditioning, place preference, male rats, 18384
morphine vs fentanyl vs U-69593, tolerance & cross tolerance effects assessed by place preference conditioning, male rats, 18438
neural network design based on principles of associative learning & competition & opponent processing, behavior modeling architectures, conference presentation, 35615
nicotine & environment, learning & tolerance to antinociceptive effects, rats, 32190
number of compound conditioning trials after pretraining, drinking conditioning to blocked noise & light CS, male rats, 7524
paired delivery of odor cues & polyinosine polycytidylic acid, conditioned drug compensatory hypothermic response to cued placebo injection, mice, 39286
phylogenetic vs ontogenetic fear conditioning & preparedness, 19–41 yr olds, 33076
prefrontal cortex lesions, cocaine reinforced conditioned place preference & conditioned taste aversion, male rats, 28770
programing language C & serial interface for timing & stimulus response signaling in real time RT & conditioning experiments, 7279
respiration during reinforcement training, olfactory conditioning, rats, 14581
reversal flavor glucose pairings, enhanced preference for flavor, hungry male rats, 3906
social vs isolated rearing, sensory preconditioning & associative processes, monkeys, 7526
strictly simultaneous vs forward vs backward vs pseudo eyelid conditioning, adults, conference presentation, 17897
trimethyltin, delay conditioning deficits in learning or memory, male rats, 35877
Conditioning (Avoidance) [See Avoidance Conditioning]
Conditioning (Classical) [See Classical Conditioning]
Conditioning (Escape) [See Escape Conditioning]
Conditioning (Eyelid) [See Eyelid Conditioning]
Conditioning (Operant) [See Operant Conditioning]
Conditioning (Verbal) [See Verbal Learning]
Cones (Eye)
adaptation of short wavelength sensitive cones, red & green color perception, adults, 28627
cone mediated flicker & color detection thresholds by dark adapted rod system, 15 & 38 yr old males with congenital stationary night blindness, 8977
continuous vs pulsed wave & color of laser flash, color discrimination measuring suprathreshold cone functioning, rhesus monkeys, 400
contrast flash masking of just visible bar, parafoveal mask spectral response curves during detection by long wave cones alone, adults, 14698
foveal cone thresholds & L/M cone ratio modeled with hypothetical retinal mosaic, adults, conference presentation, 28619
growth & migration of fovea cones & cortical inhibition, developmental model of spatiotemporal visual mechanisms, infants, 8066
long vs middle wavelength sensitive cones, light detection, adults, 28594
mapping of color sensitive zones in peripheral retina measuring anomalous cone distribution, dyslexic 18–24 yr olds, implications for eye movements & differential diagnosis, 40327
photopigment bleaching & resulting cone plateau period, differential chromaticity thresholds for 3-color stimuli, experienced 28 & 30 yr olds, 7325
psychophysical technique for topographical mapping of foveal cone mosaic, Os, application of cone sampling model, 3774

separation between pairs of dots or lines, binocular fusion & input to disparity processing system & isolated short wave sensitive cones, adults, 7367
short wave cone adapting levels, red-green detection sensitivity, adults, 14705
spatial & temporal parameters of 2 color threshold visual stimulation, foveal vs parafoveal isolation of pi-4 mechanism & spectral sensitivity & cone interaction, Os, 3731
spatial properties of visual mechanisms under light vs dark adaptation, turtles, 28629
spectral sensitivity for flicker & acuity, magnocellular vs parvocellular visual perception channels & their cone inputs, 14678
target luminance & wavelength & retinal eccentricity & adaptation conditions, rod vs cone inputs determining foveating eye movement latency, adults, 14267
visual mechanisms & 2 color increment thresholds, turtles, 28603
visual stimulation against short vs long wavelength backgrounds, spatial sensitization of B core detected targets, adults, 7652
Confidence Limits (Statistics)
bootstrap method, estimation of standard error & confidence intervals for correlation coefficient, 163
C. Stein's method of confidence interval construction, sample size determination, implications for marketing research, 31712
computer subroutine, calculation of exact confidence limits for number of successes in random sample drawn from finite population, 7205
confidence intervals for Stanford Binet Intelligence Scale–4th Edition, 2–18 yr olds & older, 3677
construction of confidence intervals, norm referenced testing, implications for educational measurement, 13745
estimation of standardized mean differences & effect size & utility in meta analysis, 21160
forms of reliability, estimation of confidence intervals & profile analysis, 21182
one bootstrap methods, estimation of confidence interval for correlation coefficient & Type I error, 187
parametric correlation coefficient vs bootstrap method, type I error & confidence interval estimation, commentary, 183
Confidentiality of Information [See Privileged Communication]
Conflict [See Also Arguments, Riots, Violence, War]
acceptability of alternative treatments for parent child conflict, 17–30 yr olds & their mothers, 2370
achievement & intimacy dynamics & typical conflicts & defenses, high achieving males vs females, treatment implications, 29403
adolescent pubertal status & gender & status as family member, domains of family conflict, parents & adolescent child, conference report, 11514
age, coping responses in conflict situations, 40–92 yr old males, 25585
age, nature & continuity of aggressive confrontation & physical conflicts & correspondence of evaluations by self vs others, 4th–7th graders, 6 yr study, 22005
agency theory of conflict & risk sharing & its use in organizational research, 20842
assertiveness, behavior in social conflict vs acquaintanceship dyads, college students, 5006
baclofen vs oxazepam vs diazepam vs haloperidol treatment, benzodiazepine receptor binding & extinction of conflict behavior, male rats, 4393
behaviors & resolution & consequences & seriousness of conflict, parents & their adolescent children, Greece vs Australia, 36292
benzodiazepine or GABA antagonists, anticonflict effects of diazepam or zopiclone or lormetazepam or flurazepam or phenobarbital in amygdala in water lick suppression test, male rats, 39392
beta adrenoceptor antagonists &/vs diazepam or phenobarbital, conflict behavior, rats, animal model of anxiety, 39295
causal attribution, conflicts, cancer vs myocardial infarction patients, 19635
causes of & techniques to manage classroom conflict, adolescent students, 38066
changes in political attitudes toward conflict, political activists, 1973–83, Northern Ireland, 15332
chlordiazepoxide, conditioned suppression of drinking conflict task, rats, animal model of anxiety, 39268
coercive power in 2 party bargaining, use of punitive tactics, male & female dyads, test of bilateral deterrence vs conflict spiral theory, 11746
cognitive conflicts within learner vs conflicts between concepts held by different persons & mathematics learning, Germany, 31132
cognitive structures & conflict & engagement in activity, differentiation & generalization of mathematics concepts, students in LOGO environment, longitudinal study, UK, 31057
conflict cycle in clinical & nonclinical situations, families in therapy, 23302
conflict ideologies & theories & residential care, adults, implications for change, 40986
conflict occurrence & resolution with mutual friends vs unilateral vs neutral associates, 3.3–5.3 yr olds, 25595
conflict theory model of decision making, prediction of outcome of alcoholism intervention, 34399
conflict with health care providers over control of care, families with child with complex health care needs, 6278
conflicting individual values with organizational requirements & actions & firm's relationship to public & social policy environment, implications for managers, 31359
conversational participation during disputes in group decision, reading disabled 1st–2nd graders, 33404
convulsant vs typical barbiturates, conflict behavior in conditioned suppression of drinking paradigm, water deprived female rats, 4336
cultural & social stress & economics & conflict theory of family violence, 1850
customized mediation, conflict habituated families, legal implications, 30166
cyproheptadine, extinction of conflict behavior, male rats, implications for 5-HT antagonistic property, 39338
decision structure, conflict & reward & coercive power structures, franchised real estate brokers, 31435
determinants of conflict avoidance, adults, Hong Kong vs US, 4965
development & factor analysis of Interpersonal Conflict Scale, behavioral assessment, industrial supervisors, South Africa, 35168
development of taxonomy of all ordinal 2 x 2 games, 4962
dialogical bipolarity concept of conflict & its therapeutic implications, adolescents, conference presentation, 8101
dry woodland vs swamp habitat vs captivity, behavioral conflict, vervet monkey mothers & offspring, 10952
etiology in family conflict vs school vs search for goal, school refusal as failure to recognize life space, high school students, Japan, 13576
family conflict & divorce, well being & physical & psychological symptoms, male vs female adolescents, 36158
gender & situation, attributional ratings of family & career conflict, managers, 31384
goal & insulting behavior by target, influence tactics, female vs male college students, test of 3 theoretical frameworks, 15450
GOFER course using conflict theory, decision making self esteem & vigilance & maladaptive strategies, high school students, 34602
hostility & social support & life stress, anger proneness & physiological reactivity during high vs low interpersonal conflict, male college students, implications for disease vulnerability, 29962
interdepartmental conflicts & model of managerial behavior, 38365
interethnic conflict & aggression, Melanesian cultures, Papua New Guinea, 25702

internal conflict vs ambivalence in reported experiences of simultaneous opposite valence emotions, 9.3–12.8 yr olds, 32548
interparental conflict regarding family relations & methods of marriage & emancipation of females, Kuwaiti vs non-Kuwaiti parents, Kuwait, 8244
intraspecies conflict, breathing & defensive behavior, male rats isolated vs paired with females, conference presentation, 3993
judgments of media bias in coverage of Arab Israeli conflict, 14965
language & social context of wrangling in disputes & conflicts, literature review, 18872
linguistic processes in disagreements during goal directed dyadic problem solving, 7–9 yr olds classified as joint vs disjoint collaborators, 4559
management of conflict over therapeutic rules & limitations of therapist's role, clients, 33768
measurement of explicit & implicit goal conflict in daily activities & psychiatric symptoms, college students & adults, 11838
media use & reliance, perceptions of South African conflict, college students at predominantly Black university, 36437
mixed motive games & collapsing value distinctions & misperceptions of differences, strategic structure & social conflict, 18881
noreleagnine & chlordiazepoxide with or without RO 15-1788, anxiogenic effects of modified approach schedule with two levels of conflict, male rats, 39391
occurrence of & strategies for avoiding conflict with patients, physicians, implications for therapeutic relationship, 16774
opposite sex others as sources of conflict based arousal, romantic attraction & generalized liking, male vs female college students, sex role implications, 39902
perceived mother daughter conflicts regarding independence & clothes selection & academic achievement & household chores & religion, 16–19 yr old females, India, 1125
personality needs, use of conflict responses in interaction with professor vs parent vs friend, college students, 32908
psychometric properties of inventory of conflictive situations, 62–89 yr olds, 21084
reliability & validity of Interparental Conflict Questionnaire, assessment of conflict over childrearing & other factors, married vs divorced mothers & fathers of adolescents, 31595
rhetorical strategies, role for conflict & promotion of party unity at Democratic National Convention, J. Jackson, 1984, 1255
role of authoritarian personality structure, prejudice & intergroup conflict, South Africa, 4791
sensation seeking, responses to interpersonal conflict, male vs female college students, 22341
social confrontation as type of communication for violation of rules or expectations in relationship, 18893
social networks & intergroup conflict, organizational units, 34954
solidarity & role integrity & mutuality, model of conflict in commercial exchange relationships, 11743
splitting & triangulation theories, sociopsychological processes of conflict movement, organizations including public school system, 34963
strategic conflict model of male female relations, college student & newlywed couples, 25836
strategies for alliance formation & influencing outcomes during 3rd party participation in dyadic conflict, mothers vs fathers & 3–22 yr old sons vs daughters, 11631
strategies for turning conflict into creative process, managers, 20798
stressors & conflicts of guilt & fear & mistrust & anxiety & other factors in 4 clinical syndromes of PTSD, Vietnam combat veterans, 33056
structural role theory model, analysis of interpersonal conflict in organizations, 17396
training level, self perception & attitudes toward therapeutic conflicts, male vs female therapists & academic advisers, 27427
trait anxiety, perception of conflict in everyday situations & recall of decisions made on prior day, college students, Israel, 11852
unconscious conflicts that pave way for nuclear warfare & model for intrapsychic world-as-a-group conflict, 36222

Conflict Resolution [See Also Mediation]
age & sex & relationship & goals in interpersonal conflicts, classification of resolution strategies using bilateral vs unilateral direct vs indirect 2 dimensional model, college students, 36419
Anderson Story Completion Test, assessment of conflict resolution approach, college students, Japan vs US, 1379
art & psychotherapeutic techniques as methods for modifying unconscious belief systems, conflict resolution & organizational development, 17390
bargaining & conflict resolution, South Africa, application of bargaining theories, 36221
behaviors & resolution & consequences & seriousness of conflict, parents & their adolescent children, Greece vs Australia, 36292
causal account claiming mitigating circumstances, conflict inducing responses to employer's refusal of subordinate's request, business personnel, 38364
coercive persuasion & deviance production, conflict management of grievances & nonconformity, members of Christian sect, 22143
cognitive training in argumentativeness & conflict management, willingness to argue, college students, 16468
conflict management & problem solving in reading education programs, reading educators, 10024
conflict resolution & group work in photocollage program, 8 yr old females with behavior problems & academic underachievement, 16835
conflict resolution & organizational politics, managers, 20783
conflict resolution & problem solving skills in marital relationship, bulimic females, 23065
conflict resolution over program & placement & services, parents of educationally handicapped students & school personnel, 13647
conflict resolution strategies & sex role stereotyping in written fantasy stories, female vs male 9–14 yr olds, 15204
conflict resolution style at home vs work, low vs mid vs top level managers, 31373
conflict resolution styles, male vs female managers in work vs home situations, sex role implications, 41427
coorientational accuracy & differentiation levels & time, communication strategies & assertiveness & satisfaction with conflict interaction, insurance company employees in dyads, 36420
culture, interpersonal conflict resolution style, international college students, 18875
demographic characteristics & location, preferred political solutions to Arab Israeli conflict, adult Jews vs Arabs, Israel vs West Bank, 25785
disputant & situational characteristics, perceived likelihood of successful conflict negotiation, labor relations vs nonlabor mediators & arbitrators, 17369
escalatory bids & cooperation strategies, abstract auction game performance, competitive adversaries, 36412
goal output/process input procedure, conflict resolution & cooperation in problem solving, teachers & parents of children with severe difficulties, 3138
grief work following organizational trauma, intergroup conflict, business organizations, 13897
group decisions, cooperative conflict resolutions, partners in conflict of interest, conference presentation, 32799
hypergame analysis models, assessment of conflicts involving misperceptions, 11725
inclusion of peer review & employee advocacy in conflict resolution process, labor management relations, 20804
information exchange vs heuristic trial & error vs coercion avoidance models of communication processes, integrative agreements & mediating influence of aspirations, college students, 36428
integrative framework of determinants of grievance filing & impact of grievance system on behavior, employees, 38423

international conflict termination & epistemological theory, 39798
issue importance & sex & interpersonal power, conflict management style, adults, 25853
joint design of participation & goal setting experiment, resolution of conflicting results between Es, adult business students, 10539
judo principles, conflict solving strategies & advancement in psychotherapy, regressed & violent patients, 5948
knowledge of other's stand on issues & conflict tactic preferences, conflict interaction strategies & satisfaction with process & outcome, 25–56 yr old employees in dyads, 38434
locus of control, preferences to enact conflict situations designed as spontaneous &/vs mimetic-replication, 16–17 yr olds, 8117
management & resolution of threats from 32 yr old male patient with borderline personality disorder & depression, 32 yr old female clinical psychologist, 12634
marital conflict resolution interactions & other communication patterns, 21–65 yr old husbands vs wives, 29244
maternal conflict handling style, social adjustment, 11–17 yr olds, 18672
perception of coercion vs conciliation as national social influence strategy, Ss acting from perspective of 1 side of international conflict, 1370
perception of self & familial behavior during intrafamilial conflict resolution, depressed 14–16 yr olds, 11985
perceptions of male vs female mediators trained vs untrained in use of control oriented mediation strategies, male vs female college students, 36304
person centered theory, international conflict resolution, Central America, 18736
phase structure of information exchange & problem solving & resolution behaviors, use of communication strategies in agreement vs no agreement divorce mediation, 36310
polarity & power & risk, model of decision making in international disputes, 11756
prevalence of conflict disorder & conflict resolution approaches, nonreferred 14–16 yr olds, 1807
proactive vs reactive goals & locus of control, strategies for managing interpersonal conflict, male vs female college students, 36397
ritual processes, ambiguity & conflict following divorce, 18783
school based group counseling conflict resolution model, adolescents with divorced parents, 20669
systems approach to problem solving, resolution of conflicts between HMOs & EAPs, 34942
teaching families conflict management skills, child care workers, 23570
value & interest differences, conflict resolution, adults, 11735

Conformity (Personality)
conformity to wrong responses in visual & auditory perception tasks, college students grouped with friends vs strangers, 11749
deference-emotion system of social control, conformity & expressions of shame & pride, 8402
development of computer administered measure of conformity, college students, 28059
exposure to dissent in color classification tests, conformity level & independence, adult males, 11751
field dependence/independence & adaptation vs innovation, male alcoholic 19–60 yr olds, implications for treatment planning, 5517
inhibitory vs disinhibitory effects of role models conforming to vs deviating from prohibition not to open toy box, female 1st–2nd graders, 25655
large vs small discrepancy between majority opinion & physical reality of tone duration, overt behavior & time perception, male vs female college students, 11760
normative conformity, racial prejudice, Whites, South Africa, 18747
responses to peer pressure to conform in prosocial vs antisocial activities, learning disabled junior high school students, replication, 40321
risk of monetary loss & group pressure, conformity, male vs female college students, 15553
sexual & social maturity vs social conformity, restricting anorectic vs bulimic vs borderline personality disordered females, 9070

Confusion (Mental) [See Mental Confusion]

Congenital Disorders [See Also Cleft Palate, Hermaphroditism, Spina Bifida]
ability to compare visual & tactile stimuli interhemispherically & intrahemispherically, 10.5–24 yr olds with callosotomy vs callosal agenesis, 19554
amputation, reconstruction of severe congenital deficiencies of lower extremities, children, 30608
clinical characteristics of tuberous sclerosis, 8 mo to 24 yr olds with mental retardation &/or epilepsy, 29459
computerized tomography & magnetic resonance imaging & positron emission tomography assessment of CNS changes, 44 yr old male with Usher's syndrome & schizophrenia-like disorder, 16131
congenital anomaly of genitalia, 15 mo old female, 33456
copying of geometric forms & free form drawing ability, 5 yr olds with right vs left hemisphere congenital brain injury, 5802
critical period for use of ultrasound sonicguide, congenitally blind 5–48 mo olds, 34364
disturbed behavior, 36 yr old female with Prader Willi syndrome & hypothyroidism, case report, 36909
eclectic treatment approach, 22 yr old male with Prader-Willi Syndrome & secondary functional encopresis & mental retardation & aggressive behavior, case report, 33686
ethical decision making, infant male with severe congenital brain defects, 30164
etiology & diagnosis & prevalence of congenital syndromes with symptoms of learning impairments, implications for special education management, 33421
memory & verbal & spatial lateralization & performance, male 17–32 yr olds with congenital idiopathic hypogonadotropic hypogonadism, 26458
mother child interaction & child language & location of congenital physical disability, mothers & their 23–29 mo olds with speech vs non speech related anomalies, 1953
neurodevelopmental patterns & outcomes, 6.3 yr olds with congenital vs acquired brain injury, 2 yr followup, 29852
neuropsychological impairments & clinical features, 10–30 yr olds with congenital agenesis of corpus callosum, 8995
overview of augmentative & alternative communication applications, children & adults with cerebral palsy or mental retardation or autism or developmental verbal apraxia or language disorders, 37860
presence of physical disability in daily life, intellectual & personality development, 4–14.9 mo olds with congenital heart disease, 29993
psychosocial factors & maternal distress during pregnancy, incidence of congenital malformations, offspring of females with history of nonorganic psychosis, 15738
role in guidance of parents of children with congenital retardation toward current resource materials, psychologists, 20047
satisfying heterosexual relationship, genetic females reared as males with adrenocortical hyperplasia & male with anorchia, 12523
self concept & role of others in development of sexual identity & sources of sexual information & prevalence of sexual abuse, 22–57 yr olds with congenital physical disabilities, 29877
short term memory & rhyme judgments, 10–18 yr olds with cerebral palsy with vs without congenital anarthria vs dysarthria, 40361
WISC Full Scale vs Verbal vs Performance IQ, 4–12 yr olds with congenital left vs right brain injury, 30035

Congenitally Handicapped
cognitive development task performance, congenitally blind 4–11.9 yr olds, 37066
development of counting strategies, congenitally blind 3–13 yr olds, 19615

mental imagery of blind vs sighted person's response to objects & pointing to left & right sides of imagined objects, congenitally blind 33–55 yr olds, 5577
perceptual motor & cognitive development & utility of myoelectric arm prostheses, children with congenital upper limb deficiency, 12991
reading & learning difficulties, children with left vs right sided congenital upper limb reduction defects, 9034
stress & family functioning & social support & other determinants, self esteem, 8–13 yr olds with congenital or acquired limb loss, 23070
Conjoint Therapy
adaptation of couple therapy for individual therapy, clients, 19853
family or conjoint techniques in brief psychotherapy on campus, individual psychological growth, college students, 31241
separation individuation principles of M. R. Mahler, conjoint marital therapy, middle aged couple, 26834
8 session conjoint therapy vs 1 session advice therapy, alcohol abuse & marital adjustment, alcoholic clients & their spouses, 20323
Connective Tissue Cells
lithium transport in fibroblasts vs red blood cells, manic vs schizophrenic patients, 15698
sensitivity to DNA damaging agent N-methyl-N-nitro-N-nitrosoguanidine in fibroblasts, patients with chronic schizophrenia or recurrent mood disorders, 26046
Connective Tissues [See Bones]
Connotations
comprehension of advertisements with ambiguous physical & psychological meanings, 9–18 yr olds, 4630
connotations of "girl" or "woman", job applicant choice, adults, 41409
use of "poor" vs "welfare" in survey questions, responses to surveys, 11336
Consanguineous Marriage
consanguinity of parents & birth order & perinatal complications & age of onset, children with early infantile autism, India, 1636
parental consanguinity & mental retardation, 0–15 yr olds, India, implications for survey planning & genetic counseling, 29815
parental consanguinity, intelligence, 6–8 yr olds, 7992
performance vs verbal intelligence quotients, suburban vs rural 9–12 yr olds with parents in inbred vs outbred marriages, India, 18541
Conscious (Personality Factor)
limitation of Skinner's radical behaviorism theory of consciousness, explanation of self conscious experience of pain, 7298
psychoanalytic theory of paraconscious as form of cognition from early intrauterine existence to 1st year of life, psychic development, 36032
Consciousness Disturbances [See Also Autohypnosis, Delirium, Hypnosis, Insomnia, Narcolepsy, Place Disorientation, Sleep Disorders, Sleepwalking, Suggestibility, Time Disorientation]
compulsive water drinking, altered state of consciousness & eventual coma, 16 yr old female, Hong Kong, case report, 36772
psychophysiology & experimental methods, quantifying acceleration induced loss of consciousness, implications for aerospace medicine, 39166
Consciousness Raising Groups
Christian base community self help & mutual aid groups, alleviation of effects of poverty & powerlessness, Latin America, 9430
consciousness raising, self acceptance & esteem & cognitive dissonance & attributions & goal setting & social identity & comparison, mentally handicapped clients, 12771
design principles for educational interventions, awareness of social justice & intergroup relations, college students, 10106
Consciousness States [See Also Attention, Awareness, Divided Attention, Monitoring, Selective Attention, Vigilance, Wakefulness]
beliefs about brain injury & recovery & seatbelt use & amnesia & effects of unconsciousness, adolescent & adult shopping center patrons, 22936
brain as complex hierarchical system, consciousness, implications for neuroscientific research, 14697
Cartesian vs interpersonal concepts of mind in philosophy & psychoanalysis, 14013
cognitive & affective changes, development of visionary & mystical & creative states of consciousness, male with manic psychosis, implications for transpersonal treatment, 33117
cognitive model of unconscious & conscious stress coping, 14371
consciousness & cognitive processes, commissurotomized patients, 30037
consciousness & God, 10886
consciousness & incompleteness of physical explanation of behavior, 35042
consciousness research on dreams & prolucid dreaming & prolucid semantics techique of dream analysis, 7500
contrasting views of consciousness held by existential vs cognitive psychology, 17529
cross cultural & multidisciplinary perspective on shamanism & altered states of consciousness, 36235
cross cultural definitions & typologies of trance vs shamanism in anthropology, 36232
cultural & object relations theory perspectives on borderline personality disorder & negative possession trance, 30 yr old female, 5301
development of rating scales, measurement of self participation in REM sleep & discrimination of phasic vs tonic phases, male college students, 24664
epistemological accessibility of shamanic state of trance, 36259
G-force induced hypoxia, taxonomy for description of unconsciousness states & safety limits in aerospace environments & experiments, 38330
G stress during flight, unconsciousness & spatial disorientation & tolerance increase using mechanical or physiological or educational methods, fighter pilots, 13912
hypnotic susceptibility directed forgetting during hypnosis vs normal consciousness state vs posthypnotic amnesia suggestion, adults, 17930
hypnotic susceptibility, phenomenological experience, college students, replication, 35416
hypnotic vs waking analgesia & efficacy expectations, pain tolerance, college students, 3890
incidences of & similarities between mass psychogenic illness & trance states, 14–18 yr olds, 5624
intentionality of retrowareness, 28369
interdisciplinary model of main states of consciousness & sleep, 7510
ketamine anesthesia, retention of Pavlovian aversive conditioning, male rats, 14845
language & consciousness as quantum linguistics, 32314
laws of consciousness & relationship to human behavior, 10877
length of sleep deprivation, oral temperature & heart rate & subjective activation, adults, 14755
localization & interaction of spheres & streams of consciousness, patients with commissurotomy, literature review, 808
lying awake with vs without auditory stimulation vs being wakened from REM sleep, mentation, 16–41 yr olds, 28387
M. Merleau-Ponty's phenomenology of perception, interpretation of Benjy's consciousness in W. Faulkner's "The Sound and the Fury", 29017
meditative state of positive addiction, adult runners, replication, 10497
model of near death experiences as altered states, 24510
nature of thinking, subjectivity of machines, 21252

neuropsychological model for classification of entopic phenomena & iconic hallucinations in Upper Paleolithic art, with 16 commentaries & reply, 7973
phenomenological approach to research on consciousness, 7502
progressive relaxation vs abdominal breathing vs hypnosis stress management techniques & hypnotic susceptibility, hypnoidal effects, nursing students, clinical implications, 28370
psychoactive substances, healing ceremonies & trance induction, Kung Bushmen, Africa, literature review, 37578
psychoanalytic interpretation & therapy, 48 yr old male with no memories or consciousness of childhood, case report, 16330
quiet-alert vs active-awake vs crying state, spontaneous head orientation after forced midline vs lateral position, 2–12 wk olds, longitudinal study, 997
reading ability & habits & speed & attitudes & physiological correlates & consciousness states during ludic reading, college students, 10807
REM vs NREM sleep, thematic continuity of mental experience, 20–26 yr old males, 17929
reorientation following counseling techniques involving altered states of consciousness, clients, 33708
reticular formation, arousal & environmental awareness & unconscious aspects of communication, 623
self intimating aspects of stream of consciousness, 14492
self intimating consciousness states, 35419
sensory & memory & feelings based consciousness modes as outlets of functionally & physiologically distinct minds, 38951
shaminism vs possession trance states of consciousness, psychobiology, literature review, 36261
sympathy & empathy, stream of consciousness, adults, 14491
tertiary consciousness in Freud's conception of psychical apparatus, 21019
theories of evolution of consciousness, 35409
transcendental realm in psychic life & overcoming & consciousness & other concepts in individual psychology, 22383
vedic science & quantum field theory model of unified field of pure consciousness & creative thinking, 22430
words & verbal symbolization, experience of emotion & consciousness & subjectivity, 14986

Conservation (Concept)
appearance vs reality distinctions on conservation tasks, 5–7 yr olds, 25421
class & collection labels, cardinality & class inclusion & number conservation performance, 3–5.4 yr olds & kindergartners & 1st graders, 11400
conservation of weight vs movement, causal explanation of inertia problem, 8–14 yr olds, test of horizontal decalage hypothesis, 39583
conservation skills, moral judgment of subjective responsibility, 4–7 yr olds, 8018
development of conceptual knowledge of conservation & mathematical equivalence measured by discordance between verbal & gestural explanations, 9–12 yr olds, 29086
development of containment concept, selection of intact vs bottomless cups, 11–20 mo olds, 988
developmental patterns in conservation skills, 4.1–11 yr olds, replication, 18569
fairness instructions & introduction of 2nd E, conservation task, 4–6 yr olds, 11409
interaction between E & S, cognitive performance in conservation experiment, children, 4594
knowledge of genitalia as sex defining attribute, conservation of gender across perceptual transformation, male vs female 3–5.4 yr olds, 32374
measuring procedures, quantitative understanding, 3–10 yr olds, 36065
nonconservation in multiplication & division word problem solving, elementary & junior high school students, teaching implications, 34636
performance on number conservation vs successive information tasks, forward vs backward processing 5.5–6.5 yr olds, 1050
protein energy malnutrition in infancy, conservation task performance, 9–15 yr olds, Barbados, 5641
public vs private format, response latency for certainty ratings of conservation judgment of older peer, K–1st graders, Canada, 32435
socio-cognitive conflict in task pairs of differing cognitive development, conservation task performance, 5–7 yr old pairs, US vs USSR, 36097
training in mass vs volume vs weight conservation, acquisition & generalization to mass vs violence vs weight, 5 yr olds, 15097
use of height & width rule in rectangle area judgment tasks, conserving vs nonconserving 1st–2nd graders, France, test of N. H. Anderson & D. O. Cueno's developmental model, 25485
weight vs substance vs volume conservation understanding, mentally retarded vs nonretarded 4–16 yr olds, 40328

Conservation (Ecological Behavior)
application of social psychological & evaluation research to energy information dissemination programs, 6958
conservation goal setting & daily electronic & monthly external feedback, natural gas energy use, single family household members, Netherlands, 41513
economic & environmental attitudes & income level, conservation behavior, farmers, 6962
evaluation of energy conservation programs, social scientists, 38494
freedom of resources consumption choice & equality of consumption outcomes in common dilemma simulation, amount of harvest & perceived fairness & control, college students, 15456
personal choice & organizational process theories, energy conservation program evaluation, 38491
self selection bias in energy conservation program evaluation, 38493
social cognition & persuasion training, promotion of energy conservation during home audit program, home energy auditors, 27976

Conservatism
cognitive style & ambiguity/rigidity, authoritarianism & conservatism & racism, commentary, 11853
cognitive style & ambiguity/rigidity, authoritarianism & conservatism & racism, commentary, 11858
cognitive style & ambiguity/rigidity, prediction of authoritarianism & conservatism & racism, 11843
depression & suicide, traditional vs changing societies, conference presentation, 22458
development of conservatism or authoritarianism, 8–14 yr olds attending Catholic schools, England vs Northern Ireland, 4714
factor structure of Conservatism Scale of Wilson-Patterson Attitude Inventory, nurses & college students, 17585
factor structures on Conservatism Scale, Jews vs Arabs, Israel, 25929
marital quality & satisfaction, conservative fundamentalist or evangelical or charismatic Protestant or Catholic wives, 32675
memories of parental rearing behaviors, conservatism, tribal vs nontribal college students, India, 22043
principled moral judgment & values & conservatism, high school students, Australia, 18512
self esteem & attributional style & conservatism & political activity, worriedness, 16–18 yr olds, England, 11460
traditional vs nontraditional attitudes toward females, response to different approaches of female initiation of dating relationship, male college students, therapy implications, 18846
Western ethnic vs Eastern cultural backgrounds, conservatism, 7th graders, Israel, 29143

Conservatism (Political) [See Political Conservatism]
Conservatorship [See Guardianship]

Consistency (Measurement)
applicability & consistency & construct validity & relation to antidepressant therapy, rating scales for mood disorders including depression & anxiety & mania, 21063
consistency & reliability & correlation of Jenkins Activity Survey & Friedman Structured Interview, measurement of Type A behavior, meta analysis, 35210
logical consistency & test retest reliability & convergent validity of paired comparisons vs visual analog rating scale, measurement of health care satisfaction, breast cancer patients, 17643
reliability & quality of classroom observational data, 34832
reliability & validity & internal consistency of Hebrew version of Child Behavior Checklist & Child Behavior Profile, 12–16 yr old psychiatric patients, Israel, 14089
Consonants
acoustic properties & perception of isolated stop consonant release transients, adults, 24792
auditory perception of speech prosody & consonants with vs without lipreading, profoundly deaf female 21–59 yr old users of House/3M single channel cochlear implant, 27293
classification of consonants by place of articulation & type, 5 vs 7 yr olds, 32456
consonant content of babbling, hearing impaired vs normally hearing 4–39 mo olds, 5803
consonant error types in reading 1 syllable nonsense words, severely dyslexic 10.6–17.3 yr old males, implications for cause of reading disability, 29825
consonant intelligibility, laryngectomized 46–72 yr old esophageal &/vs tracheoesophageal talkers, 16682
differences in 1st formant frequency information of structure of preceding vowels, voiced final consonant judgments, college students, 14350
filtering & presentation level of specific spectral regions, stop consonant recognition, 18–25 yr olds vs male 32–45 yr olds with high frequency hearing loss, 26477
item discriminability & short term memory mechanism, recency effect with vowels vs consonant lists, college students, 38867
labial & lingual anticipatory coarticulation in CV & CCV speech & intelligibility, male aphasic 47–77 yr olds, 22961
low pass filtering vs shaped noise vs presentational level vs position of English consonants, modeling of confusion patterns & overall intelligibility, 17–24 yr olds, 24776
maximum duration time for /s/ & /z/ sounds & calculated s/z ratio, dysphonic 3.7–15.2 yr olds with vs without vocal cord nodules, 36955
perception of /m/-/n/ distinction in VC syllables, English speaking adults, 14346
perception of stop consonants with short vs long duration format transitions, 5–10 yr olds vs adults, 25533
phonological factors, final consonant repetition, 2.1 yr old male, 32380
salience of cues for final consonant voicing, infants vs 24–45 yr olds, 32395
selective adaptation with syllable initial consonants & perception of same consonant in syllable final position, adults, implications for cancellation hypothesis, 38812
spectral tilt at signal onset & frequency change abruptness after onset & formant transitions, voiced stop consonant identification, normal vs hearing impaired 19–73 yr olds, 16150
spelling & stress patterns of words, written vs oral syllabification of intervocalic consonants in words, college students, 944
stop consonant recognition assessed using articulation index prediction theory, male 32–45 yr olds with high frequency hearing loss, 26478
vowel length differences before voiced vs voiceless consonants & closure duration cues for voicing distinctions, adults, 17820
vowel vs consonant continua, context memory & sensory resolution & speech discrimination & identification, college students, 17821
2 formant CV stimuli under open vs closed response conditions & starting frequencies, stop consonant perception, adults, 17824
Constipation
behavioral treatment, chronic constipation & defecation rituals, male 42 yr old, case report, 40734
cognitive & reality oriented therapy, constipation & resultant anxiety & hysterical features & depression, 84 yr old male, case report, 12705
diet modification & stimulus control training, frequency of toileting & accidents, encopretic 6.9–8.3 yr old males, 12791
prevalence of & health & lifestyle factors contributing to constipation, 65–93 yr olds, 37186
Construct Validity
abandonment of schizophrenia as disease entity, commentary & reply, 15816
age & race & sex, utility & construct validity of Children's Depression Inventory & youth version of Center for Epidemiological Studies Depression Scale, 4th–12th graders, 7097
antecedents & nature of operationalism in history of psychology, 31526
applicability & consistency & construct validity & relation to antidepressant therapy, rating scales for mood disorders including depression & anxiety & mania, 21063
artifactual reliability of forced choice multiple scales, assessment of construct validity, 10657
conceptual validity & reliability in nontheoretical human science, 17693
concurrent & construct validity & standardization of Parental Stress Inventory, assessment of effect of mother & child characteristics on parental stress, low income Black mothers & their 5–8 yr olds, 21064
concurrent & construct validity of new & existing Woodcock Johnson writing tests, assessment of written language, 5th graders, implications for writing assessment of learning disabled students, 41378
construct & concurrent validity of Symptom Checklist-90, assessment of pain pathology & behavior, chronic pain patients, 100
construct & convergent & discriminant validity & reliability & interval structure of Tennessee Self Concept Scale, 16–37 yr olds, 3605
construct & criterion validity of planning & simultaneous & successive cognitive processing tasks, assessment of academic achievement, 2nd vs 6th vs 10th graders, 3328
construct & discriminant validity & concept factor analysis for Exercise of Self Care Agency scale, adolescents & adults, 10643
construct & discriminant validity of Malouff & Shutte Belief Scale, assessment of irrational beliefs, college students, 28149
construct & face validity of employee focus of attention in work environment, graduate business students & employees of 2 insurance companies, 27930
construct & internal validities of assimilation of work experience, growth satisfaction & job enrichment, sales representatives, 10383
construct & predictive validity & etiological specificity of schizophrenia diagnosis, 15632
construct & predictive validity of abridged Somatic Symptom Index, 18 yr olds & older, Puerto Rico vs US, 24590
construct comparability & factor structure of emotional functioning & eating problems & self image & reflection & mastery & adjustment, female 10.5–18.5 yr olds, 14195
construct definition & other problems in measurement of counseling performance, implications for counselor research & training & practice, 14147
construct validity & assessment methods, students with behavior disorders, 34783
construct validity & efficacy of generalized bogus pipeline with vs without assured anonymity, enhanced self reports, college students, 7036

construct validity & factor analysis of acculturation index & self concept component, 17–93 yr old Mexican Americans, 35155
construct validity & factor structure of State-Trait Anxiety Inventory, male vs female Black 18–83 yr olds, 3558
construct validity & inner structure of Cook Medley Hostility scale, assessment of cynicism & hostile aggression, male vs female college students, 24594
construct validity & interrater reliability of California Therapeutic Alliance Rating system, assessment of brief dynamic psychotherapy for pathological grief, 21–72 yr olds, 24620
construct validity & personality correlates of German version of Strelau Temperament Inventory Strength of Excitation Scale, male 20–32 yr olds, West Germany, 31580
construct validity & reliability & factor analysis of 33 teacher belief scales, assessment of beliefs about parents & school administrators & perceptions of parent beliefs about teachers, teachers, 14113
construct validity & reliability of scale to measure conventional vs innovative problem solving approaches, research & development scientists, 10603
construct validity & reliability of Sexual Identity Scale, measurement of self perception as masculine vs feminine, adults, 140
construct validity & stability of Asthma Symptom Checklist, asthmatic adults, 28065
construct validity & test retest & interrater reliability of Social Skill Rating Scales-Teacher, 1st–5th graders, 10266
construct validity in instrument development & modification for studies on nursing practice & research & theory associations, 10640
construct validity in social science research, 35106
construct validity of Adaptive Behavior Scale, institutionalized psychiatric patients, 3567
construct validity of adaptive potential assessment model, assessment of potential to mobilize coping resources, male college students under stress, verification of nursing theory, 34139
construct validity of Agoraphobic Cognitions Questionnaire & Body Sensations Questionnaire, assessment of anxiety disorders, outpatients, 31694
construct validity of Anxiety Sensitivity Index, assessment of response to hyperventilation, college students, implications for anxiety disorders, commentary, 18965
construct validity of Bem Sex Role Inventory, distinction between gender schematic vs aschematic individuals, college students, 38662
construct validity of Caregiving Hassles Scale, primary caregivers to Alzheimer's disease patients, 35145
construct validity of checklist vs thought listing method, assessment of positive vs negative thoughts following classroom test & relation to test anxiety, college students, 14091
construct validity of Community Competence Scale structured interview vs Scale of Competency in Independent Living Skills rating scale, geriatric patients with suspected dementia, 38663
construct validity of DSM-III-R Axis V ratings, psychiatric patients, 8723
construct validity of Dutch Restrained Eating Scale, male vs female 19–60 yr olds, 10574
construct validity of E. Boder's classification system of dyslexia subtypes using EEGs, dyslexic 7.4–10.8 yr olds, 40325
construct validity of family system functioning scale, assessment of intrafamilial functioning in family therapy setting, families of patients undergoing lengthy hospitalization, 7096
construct validity of FIRO-B correlated with living group questionnaire, assessment of interpersonal preferences, male vs female college students, 10586
construct validity of German version of UCLA Loneliness Scale in relation to Freiburg Personality Inventory, college students, West Germany, 31675
construct validity of Halstead Reitan Neuropsychological Test Battery for Children, learning disabled 6.2–8.7 yr olds, 21088
construct validity of interview based assessment of functioning, family therapy clients, 2360
construct validity of job performance ratings, Air Force jet engine mechanics vs supervisors vs peers, 7189
construct validity of K-ABC & joint factor structure with WISC-R, 6–12.5 yr olds referred for psychoeducational evaluation, 3321
construct validity of K-ABC, 3–5.9 yr olds at risk for developmental delay, 17555
construct validity of leadership scales, assessment of work vs worker orientation, college students, 38611
construct validity of Luria-Nebraska Neuropsychological Battery Form I with WAIS-R subtests, intelligence assessment, adults with neuropsychiatric disorders, 31642
construct validity of MACH IV scale, measurement of Machiavellianism, business entrepreneurs & construction contractors, 38647
construct validity of measure of value on health, assessment of health behavior, 7th–12th graders, 38599
construct validity of Multidimensional Aptitude Battery, adult male felons referred for evaluation, 10660
construct validity of Multidimensional Aptitude Battery, assessment of IQ & academic aptitude, 17–71 yr old male felons, 31682
construct validity of My Vocational Situation, assessment of vocational identity, male vs female college students with declared vs undeclared majors vs adults seeking career counseling, 113
construct validity of Narcissistic Personality Inventory & narcissism scales, adult employees, 10623
construct validity of personality measures, 97
construct validity of Piers Harris Children's Self Concept Scale, Black & White & Hispanic 3rd–6th graders, 7070
construct validity of power balancing style instrument, managers, India, 74
construct validity of PPVT & factor analysis of WISC-R & Wide Range Achievement Test & Halstead Reitan Neuropsychological Battery, learning disabled 8–16 yr olds, 14109
construct validity of PPVT-R vs WAIS-R, intellectual screening, 18–48 yr olds, 35088
construct validity of Psychopathy Checklist, male prisoners, Canada & US, 24597
construct validity of Science Reasoning Tasks, assessment of Piagetian formal reasoning, 14–15 yr old junior high school students, teaching applications, 31269
construct validity of Self Description Questionnaire I & Perceived Competence Scale & control scale, measurement of self concept & perceived control, 7th–9th graders, Australia, 28109
construct validity of self reported & laboratory role played & self observed & peer rated measures, assessment of assertion & relation to personality, college students, 24568
construct validity of sex role ideology, college students, 8294
construct validity of Sexual Attitude Scale, measurement of sexual ideology related to sexual experience & religiosity & political orientation, college students, 35197
construct validity of Strong Interest Inventory Adventure scale, female college students, implications for career counseling, 78
construct validity of Toronto Alexithymia Scale, measurement of personality & physical symptoms, college students, 35092
construct validity of Vividness of Visual Imagery Questionnaire, commentary reply, 31571
construct validity of Wechsler Memory Scale-Revised, assessment of attention & concentration, adults who had head injuries at least 1 yr earlier, 28075
construction & construct validity of Idealism Scale, measurement of individual differences in regulatory functions of ideal self, 10664
construction & reliability & validity of Maternal Separation Anxiety scale, 15–39 yr old mothers of infants, 38627

content & concurrent & external validity of Hamilton Rating Scale for Depression & Montgomery-Asburg Depression Scale & Bech-Rafaelsen Melancholia Scale, depressed patients, 7141
content & construct & criterion validity & intersupervisor reliability of University of Western Ontario Clinical Grading System, assessment of practicum performance, speech language pathology students, 3593
content & construct & criterion validity of Test of Word Finding, 1st–6th graders, 3313
content & criterion validity of self &/or parent reports of child & adolescent depression, implications for clinicians & researchers, 21077
convergence & construct validity of Learning Styles Questionnaire & Learning Style Inventory II, 18–55 yr old college students, 31314
convergent & discriminant & construct validity of Family System Test, assessment of perceived family cohesion & power, 10–12 & 14–18 yr olds, 14119
development & construct validity of consumer satisfaction questionnaire, measurement of satisfaction with hospital environment & treatment, psychiatric inpatients, 35140
development & construct validity of Q sort observational measure, assessment of family functioning, intact families with 2–6 yr olds, clinical implications, 38681
development & construct validity of Working Alliance Inventory, assessment of degree of success in counseling, graduate students in counseling psychology, 24600
development & interrater reliability & construct validity of Classification of Intellectual & Other Psychological Impairments, severely mentally ill patients, 10658
development & reliability & construct validity of self concept scale for industrial & business applications, 20–64 yr old employees, 28076
development & validity & reliability of rated ranking performance appraisal technique, skilled & semiskilled mine & processing plant employees, 17617
dimensionality & construct validity of Chicago Mimimum Proficiency Skills Test, 8th graders, 31310
dimensionality & reliability & construct validity of Substitutes for Leadership Scale, assessment of leadership in organizations, government & mental health & hospital employees, 17657
discriminative validity of Revised Children's Manifest Anxiety Scale, 8–12 yr olds with anxiety vs other psychiatric disorders, 10617
DSM III criteria for alcohol abuse, correlation with self reported drinking patterns, hospitalized alcoholic adult males, 1914
empirical test of modified causal model of organizational & individual determinants of employee absenteeism, VA medical center employees, 27857
factor analysis of National Adult Reading Test as measure of intelligence, 16–88 yr olds, 35111
factor analytic methods & statistical packages & gratification constructs in media content & use, heads of households, 14200
factor structure & construct validity of brief self report form of Nowicki-Duke Preschool-Primary Internal External Control Scale, 1st–2nd graders, 31301
factor structure & construct validity of Career Decision Scale & My Vocational Situation & Vocational Rating Scales & Decisional Rating Scale, college students, 17648
factor structure & construct validity of Masculinity & Femininity scales of Personal Attributes Questionnaire, college students, 28074
factor structure of Protestant Work Ethic scale, Anglo vs Chicano vs Mexican American college students, 7119
implied construct validity of body dysmorphic disorder diagnostic category, male vs female college students, 32942
internal construct validity & reliability of multiscale quality of life instrument, 9th graders vs high school vs college students, Australia vs US, 20720
Intuitive Problem Solving Scale & Psychoepistemological Profile & Myers Briggs Type Indicator scores, correlation with measures of intuition traits & inference, college students, 303
item & factor analysis, dimensionality & utility of Achievement Anxiety Test & correlation with other variables related to academic achievement, college students, 17325
item construction & internal consistency & test retest reliability of Others Help Me Cope & Ways I Help Others to Cope scales, college students, 7130
laterally presented stimuli, validity of simple manual RT as measurement of interhemispheric transmission time for crossed vs uncrossed neural pathways, literature review, 14675
measurement pattern match based on questionnaire responses, construct validity of questionnaire for evaluation of child care program, hospital employees & administrators, 28108
meta analytic techniques, construct validity of Type A behavior as predictor of coronary heart disease, 10674
method for orthogonal rotation of principal components, maximization of factor construct validity for NEO Personality Inventory, 19–93 yr olds, 31729
pattern matching approach with multitrait-multimethod matrix framework, establishment of construct validity between theory & operationalization in research, 28161
predictive & construct validity of MacAndrew MMPI Alcoholism Scale, alcoholic vs mentally ill adolescents & adults, 1976–87, literature review, implications for use of scale only in research setting, 28093
predictive & construct validity of 5 psychological classification systems, male penitentiary inmates, 3645
prinicpal components analysis of relations among health status measures, elderly members of HMO, conference presentation, 35134
reliability & concordant & construct validity & factor analysis of Change after Psychotherapy scale, measurement of psychotherapeutic outcomes, psychologists vs psychology students rating outpatients, 132
reliability & construct validity of Childcare Attitude Inventory, correlation with child abuse potential, parents, 28088
reliability & construct validity of Employability Maturity Interview, assessment of readiness for vocational planning, disabled clients, 17618
reliability & construct validity of Hindi adaptation of directiveness scale, assessment of authoritarian behavior, college students, India, 10628
reliability & construct validity of Modified Erikson Psychosocial Stage Inventory, measurement of life cycle development, adults, 10576
reliability & validity of structural interview using DSM-III criteria, assessment of PTSD, WW II & Korean & Vietnam war veterans, 36575
scale reliability & construct stability, assessment of state anxiety, adults, 17619
stability & construct & divergent validity of social support networks, mothers of preschoolers with vs without physical handicap, 1 yr study, 26535
standardization & validity of Tetradimensional Structural Questionnaire for Depression, adult psychiatric patients, 3547
structure & reliability & utility of test session observations, assessment of test taking behavior, 7.5–14.3 yr old students, 34812
theoretical perspective on social construction of mental illness, 5195
validation of lateral limits technique, determination of visual testing fields using blind spot & fovea for lateralization of visual input, 27 yr old female with callostomy, 16247
validity of clustering algorithm of P-A-I-N classification system in MMPI, chronic pain patients, commentary, 38657
validity of industrial relations climate measure, management & union representatives from hospital & manufacturing organizations, Canada, 24586
validity of job evaluation, correction of pay inequity using comparable worth argument, employees, 27865
validity of MMPI alexithymia scale, psychiatric patients vs patients with physical disorders, 90

validity of personnel decision making based on inferences linking psychological constructs & operational measures of constructs, 31702
Consultation (Professional) [See Professional Consultation]
Consumer Attitudes
age & other demographic characteristics, media usage habits & attitudes toward advertising & technology, divorced vs never married vs widowed adult females, 20934
AIDS related anxiety & ad fear appeal, attitudes toward condom brands & ads, college students, 20940
apparel classification, attitudes toward advertised apparel & apparel shopping, female college students, 38519
application of time series method to field study of advertising repetition, falsification of laboratory research on attitudes, liquor users, 24454
attitudes toward advertisements, effect of emotional responses vs exposure level on TV advertisement effectiveness, college students, 20964
attitudes toward advertising by professionals, meta analysis, 3472
attitudes toward Chinese vs North American print advertisements, consumers, US & Canada, 17477
attitudes toward comparative advertising formats, attitudes toward sponsoring vs competing brands, college students, 20956
attitudes toward imported products from & marketing practices of US vs England vs France vs West Germany, consumers, Finland, 24459
attitudes toward living in retirement facilities, 65 yr olds & older, 32581
attitudes toward manufacturer rebates, consumers, 6985
attractiveness of model & inclusion of general vs specific health warnings, reactions to printed cigarette advertisements, smoking vs nonsmoking female college students, 3476
automobile merchant supplied reference prices & consistency & distinctivenes of pricing practices, price perception, college students, 24468
brand beliefs & attitudes toward printed ad, immediate vs delayed brand attitudes, college students with high vs low message involvement, 20957
brand name comparative vs noncomparative advertisements & central vs peripheral cognitive processing, consumer attitude change, college students, 34999
celebrity vs noncelebrity advertising in 1 vs 2 sided context, brand attitudes, 28–53 yr olds, 38514
conceptualization of retail stores, consumers, 27984
consumer research laddering technique, interviewing & analysis & interpretation of values & attitudes, consumers, 35012
content & context, attitudes toward advertisement, college student consumers, 17466
contextual influences of merchant supplied reference prices, perceptions of source credibility, college students, 41552
corporate advertising, belief & attitude change & brand purchasing behavior, hostile audiences, 3482
development of SERVQUAL multiple item scale, measuring service quality perceptions, consumers, 10632
direct instruction, discrimination of factual information vs persuasive techniques in TV advertisements, 6–10 yr olds in after school care center, 4634
emotion evoked by TV advertisement for novel product, perceptions of advertisement & brand attitudes & attribute evaluations, adults, 20933
entropy in information theory, prediction of behavior & attitudes, consumers, 20952
exercise induced physiological arousal, effect of endorser status on brand attitudes, college students, 20962
experience of problems & dissatisfaction, brand loyalty vs switching, consumers, Netherlands, 27982
formats of information labels at art museum exhibit, label preference, frequent vs infrequent exhibit visitors, 4519
grocery shopping habits & attitudes, shoppers, 10459
halo vs summary construct model, country image & product familiarity & evaluation of Japanese vs Korean vs American TV sets & automobiles, consumers, US, 35004
high inflation, attitudes & behaviors toward food & lifestyles, consumers, 31490
high probability/low consequence vs low probability/high consequence risks, product attitudes, college students, 10457
inferences between attributes in product evaluations, business students, replication & extension, 3475
initial brand name attitudes, product ratings, adult shoppers, 10471
interest in & satisfaction with ready to wear apparel, female 18–46 yr olds wearing large size clothing, 13959
interogatory declarative format of opinion items, elicited product attitudes, consumers, 17478
interpretations & evaluations of old age imagery in magazine advertisements, 60–90 yr olds, 18724
involvement as function of intrinsic characteristics & physical & social aspects of environment, attention to & comprehension of product information in print advertisements, 17–79 yr old consumers, 10455
involvement with & credibility & proximity of professional services, reaction to price changes, college students role playing consumers, 17470
issues in research on attitudes toward advertisements, 3477
labeling by percentage of lean vs fat, perceived quality of ground beef before vs after tasting product, college students, implications for attribute framing in marketing, 20953
loyalty to municipal recreation programs, consumers 18 yrs old & older, 17497
magnitude estimation approach, measurement of judgment of intrinsic & extrinsic product quality, female college students, 38518
magnitude estimation, relation between utility of consumed items & their cost, college students & adults, New Zealand, 20949
means end model of price & perceived quality & value, consumers, 3483
media type & price disclosure in legal services advertising, attorneys vs consumers, 17485
multidimensional typology, measurement of descriptive & empathic & experiential emotional responses to advertising, adults, commentary, 20958
multidimensional typology, measurement of descriptive & empathic & experiential emotional responses to advertising, adults, commentary reply, 20965
patriotism, choice of domestic vs foreign products, consumers, 3471
perceived believability of warning label information in cigarette advertising, smoking vs nonsmoking business students, 17463
perceived risk, selection of legal services, consumers, advertising implications, 17465
perception of violation of cultural vs professional ethics in backdoor selling, choice of supplier & career, purchasing managers, 24474
perceptions of interactive media, graduate student consumers, 35931
perceptions of interpersonal equity & satisfaction in sales transaction, new car purchasers, 35011
personal relevance & conclusion explicitness of advertisements, product attitudes & spontaneous inference formation & response latencies, college students, 10463
postadoption attitudes & use behaviors, innovators vs late adopters of inhome personal computers, 24452
price & brand & store & name, perceived product quality, consumers, meta analysis, 41560
price & quality image & store atmosphere, prediction of retail store success, consumers, 24465
price consciousness & acceptability ranges vs product involvement & price quality inferences, shoe purchase decisions, runners, 10464
prior behavior vs self reported intentions, prediction of expenditure on home computers, adults, 20955
prior knowledge & contextual effects in priming cognitive price categories, categorization & automobile price judgments, college students, 41538

prior knowledge, price cue utilization in product quality evaluations, college students, 10472
process for evaluation of recreation service quality, consumers, 6992
product involvement & commitment & familiarity & alternative TV ad claim strategies, brand beliefs & attitudes, college students, 17469
product novelty, print advertisement & brand attitudes, 21–62 yr olds, 20937
products' country of origin & "Made in the USA" campaign, consumer decision making, college students, 13960
puffery in 1 vs 2 sided print advertisement, credibility of ad & product attitude & purchase intention, college students, 20946
purchase history & perceived brand variety & need for stimulation, measurement of brand switching behavior, consumers, 10460
ratings of salespersons' empathy & performance, automobile purchasers, 41559
recognition & evaluation of unattended pictorial vs verbal advertisements placed to right vs left of text, graduate students, implications for preconscious influences in attitude formation, 7658
repertory grid method & Procrustes analysis, evaluation of consumer food perceptions & attributes, college students, 17484
repetition of morning vs afternoon vs evening exposure to rational vs emotional appeals in TV commercials, immediate vs delayed recall vs recognition, consumers, 35006
retail store attribute importance, managers vs elderly consumers, 24469
schema congruity vs incongruity between products, product evaluations, adults, 41557
scornful advertising & consumer cynicism & management of cynical marketing executives, 20947
self acceptance, cognitions about & affective response to 2 sided messages in advertising, college students, 17467
self deception & impression management components of social desirability, assessment of satisfaction with mental health treatment, former outpatients, 35185
self monitoring, evaluation of image vs quality & information oriented advertisements for apparel, female college students, 13964
self monitoring level, attitudes & intentions about cable TV subscription, heads of household, 3474
self reported fashion consciousness & innovativeness & opinion leadership, Black vs White male vs female 17–63 yr old consumers, 6982
sequence of exposure to exaggerated advertising, belief strength & confidence & attitude & purchase intention, college student consumers, 3478
shortcomings & future directions of attitude research in marketing, 6974
single exposure to product paired with pleasant vs unpleasant music, classical conditioning of product preference, college students, 41544
store prestige hierarchy & predicted confidence in purchase & value of salesperson's advice, female shoppers, 20938
structural antecedents of attitude toward advertisement & ad perception & credibility, brand attitude & purchase intentions, college students & 20–32 yr olds, 35008
tailored interviews with multi-item scales, cost effective attitude measurement, consumers, application of item response theory, 41527
tensile price claims, perceived reduction & value of offer & price & information, college students, 10469
time compression level in advertisement, thought patterns & recall & beliefs & behavioral intention, adults, 20966
time perspective & organizational choice & involvement, consumer union activists vs communist party members, France, 11574
TV audience appreciation vs viewer numbers, Great Britain, implications for discrimination in audience appreciation measures, 10468
use & evaluation of newspapers, White vs Black vs Hispanic adults, 24457
views & experiences regarding quack medicines, under 60 vs 60 yr old & older consumers, 19995
visual spatial vs linguistic priming stimuli, hemispheric processing style & product judgment, female vs male college students, 41556
vividness-unvividness of pictorial component of print advertisement, recall of ad copy & attitudes toward advertisement & product, college students, 31494

Consumer Behavior

accessibility & perceived relevance of stored attribute information, use of recalled attributes vs prior evaluations in consumer decision making, college students, 10466
accuracy of prediction of activities & interests & opinions of consumers, expert marketing professionals vs novice college students vs consumers, 20943
advertising as source of information, purchase decisions, housewives 60 yrs old & older, 24460
affective cognitive interface & functions of affect & economic & consumer behavior, literature review, 17479
age & age role self concepts & sex roles, public self consciousness & socially conspicuous consumption behaviors, 20–75 yr olds, 17471
age, desire for medical information & locus of decision making authority, 17–85 yr old rehabilitation medicine patients, 9830
alcohol consumption, restaurant tipping, dining parties, 8323
assumption that commodities have single use, preference hierarchy model of budget allocations & consumer behavior, commentary reply, 20936
attention at time of exposure & brand linkage in TV commercials, recall, 18–65 yr old females, 38525
attitudes toward customer service, sales performance, fabric store sales personnel, 41564
attribute information quality vs quantity, product evaluation & decision effectiveness, MBA students, commentary, 41555
attribute information quantity vs quality, measurement of decision effectiveness & information overload, MBA students, commentary reply, 41545
behavior & values of voluntary simplicity, consumers, 31493
buyer inexperience & novelty & complexity & importance of purchase, industrial buying, members of decision making unit, 35009
choice set size & degree of product comparability, use of abstract attributes in comparisons & hierarchical relations in elimination of choice alternatives, 24–55 yr old consumers, 20945
cigarette advertising, development of smoking habit, children & adolescents, 29157
clear vs ambiguous risk, consumer choice behavior, college students, 10462
clerk attributes & behaviors & customer attributes & context of meeting, emotional displays, male vs female sales clerks, 34891
cognitive adaptors vs innovators, consumer behavior, female supermarket shoppers, 6980
cognitive behavioral methodology, measurement of influences on consumer behavior, 6975
cognitive conflict & role dominance & persuasive messages, joint investment decision making, spouses, 41554
conceptualization of retail stores, consumers, 27984
conservation goal setting & daily electronic & monthly external feedback, natural gas energy use, single family household members, Netherlands, 41513
construct validity of involvement commitment model of ego & purchase involvement & brand commitment in soft drink consumption, college students, 24455
country affiliation, attribute claim credibility for advertised products, 21–70 yr old consumers, 31487
cultural values & informational vs institutional barriers, coupon use, supermarket shoppers, Puerto Rico, 17473
customer interaction style & appearance, willingness to comply with merchandise return request, retail sales employees, 20950
daily purchasing decisions, happy vs unhappy couples, 27983

demographic & socioeconomic & cultural & personality & attitudinal factors, prediction of ecologically responsible consumption behaviors, adults, West Germany, 24453
demographics & motives & psychographics, patterns of videocassette recorder use, videotape rental club members, 17480
deterrence variables, retail fraud, 18–45 yr olds, 41533
development & reliability & validity of scale measuring consumer susceptibility to interpersonal influence, adults, 38589
developmental precursors & psychodynamics, female adults who compulsively shop & spend, 29575
disproportionate number of low probability purchasers, low repeat purchasing rates after sales promotion purchases, consumers, 35010
distraction & time pressure & familiarity & personality, quantity & content of consumer product label information recall, 18–34 vs 35–59 vs 60 yr olds & older, 17474
domain familiarity & motivation & information ambiguity, experimental learning in product consumption, consumers, implications for marketing, 35005
electronic hardware &/or TV viewing styles, TV program rating values, viewers, 17472
entropy in information theory, prediction of behavior & attitudes, consumers, 20952
environmental effects, quality & effort of choices, MBA student consumers, 41546
experience of problems & dissatisfaction, brand loyalty vs switching, consumers, Netherlands, 27982
experimental instructions, adherence to implications of previous response to choice of completely unacceptable level, college students, marketing implications, 3470
exposure to & attitudes toward TV viewing & commercials, eating patterns & food consumption & buying behavior, 9th–12th graders, Puerto Rico, 36121
factors influencing vendor selection decisions, department store retail buyers, 41562
grocery shopping habits & attitudes, shoppers, 10459
high inflation, attitudes & behaviors toward food & lifestyles, consumers, 31490
individual differences & situation & store attribution, women's apparel store choice & loyalty, adult females, 17482
individual power bases & expertise & buying center characteristics, influence in buying center, purchasing agents, 41547
industrial source loyalty & buyer seller dyad, 24470
influence on family purchase decisions, 11–18 yr olds & their parents, 35002
information processing vs affective choice mode, purchase of expressive products, graduate & undergraduate students, marketing implications, 38520
initial product choice with vs without concurrent verbalization, subsequent product choice, adults, 20932
intuition vs market penetration vs scenario model, individual forecasting & estimation of market share of compact disc players in 1990, college students, 13969
involvement with & credibility & proximity of professional services, reaction to price changes, college students role playing consumers, 17470
kappa coefficients, quantitative measure of intrafamily rater pair agreement about purchases, elementary school age children & their parents, 38512
limits of falsificationism & need for interpretive approach to consumer behavior research, commentary, 20944
logical estimation of missing data in multiperson household measures, consumer behavior research, 20948
loyalty to municipal recreation programs, consumers 18 yrs old & older, 17497
marital satisfaction, well being in purchasing decisions, spouses, Austria, 13963
marketing promotions, decisions of when & what & how much to buy, consumers, 13962
monetary incentives, automatic teller machine use, low frequency users, 31492
nested multinomial logit model of consumer choice, type & brand & size of coffee purchases, consumers, 24456
organizational climate, industrial buying decision behavior, fleet managers, 34909
participant observation methodology, assessment of commercial auction sales as play world settings, adults, 24482
patriotism, choice of domestic vs foreign products, consumers, 3471
perceived risk, selection of legal services, consumers, advertising implications, 17465
perceived social cost & norms & benefits of complaining, likelihood of consumer complaint, college students, Hong Kong, 10456
perception of adolescent's decision influence for specific products, family purchase decision process, parents & their adolescents, 41536
perception of violation of cultural vs professional ethics in backdoor selling, choice of supplier & career, purchasing managers, 24474
perceptions of interpersonal equity & satisfaction in sales transaction, new car purchasers, 35011
pioneering advantage in hypothetical emerging market, brand preference formation, MBA students, 41531
possessions & concept of extended self in consumer behavior, commentary reply, 41529
possessions & extended self in consumer behavior, commentary, 41532
postadoption attitudes & use behaviors, innovators vs late adopters of inhome personal computers, 24452
predictive utility of M. Fishbein & I. Ajzen's theory of reasoned action & applicability to consumer behavior, meta analysis, implications for modifications & future research, 20963
prevalence of consumer consumption behavior vs pursuit of virtuous objectives, characters in popular TV series, 20942
price & promotion as reference points, brand choice behavior, consumers, 41550
price consciousness & acceptability ranges vs product involvement & price quality inferences, shoe purchase decisions, runners, 10464
prior behavior vs self reported intentions, prediction of expenditure on home computers, adults, 20955
product design, consumer purchase behavior, 6976
product familiarity & hazard type & written warnings with vs without symbols, noticing vs recalling vs complying with warning & perceived hazards, college students, 6981
product form & function, evaluation of quality of consumer products, high vs low self monitoring college students, 31488
product level of familiarity & attributes, consumer choice behavior for noodle soup, college students, West Germany, application of information processing approach, 17483
products' country of origin & "Made in the USA" campaign, consumer decision making, college students, 13960
prompts by salesperson, purchase behavior, fast food consumers, 31491
puffery in 1 vs 2 sided print advertisement, credibility of ad & product attitude & purchase intention, college students, 20946
purchase history & perceived brand variety & need for stimulation, measurement of brand switching behavior, consumers, 10460
qualitative research, assessment of needs of consumers of community mental health services, chronically mentally ill, Canada, 6321
relativist approach to consumer research, commentary reply, 20931
rituals & sacralization in consumer behavior, 41530
robustness of linear models in mimicking noncompensatory processes in correlated environments in consumer choice behavior, 41542
role of possessions in self concept, implications for consumer psychology, 10453
self concept, product & brand choice, heads of households, 10467
seminar in retailing about older shoppers & student attitudes, college students, 27528

sex, discrimination in service seeking interactions, Black vs White customers vs restaurant & bank cashiers, 24467
situational variables of brand choice in soft drink consumption, college students, implications for stochastic models, 24475
small vs large urban communities, choice of front or back seat, female vs male solo taxi passengers, Australia, 15555
social psychological variables, cognitive evaluations of distance in urban retailing environment, community residents, England, 3466
social structure & economic & cognitive variables, decision to buy vs rent home, household decision makers, 10473
stochastic multidimensional scaling, choice behavior, consumers, 160
store environment knowledge & time available, unplanned purchases, consumer panel members, 41539
store knowledge & available time for shopping, purchase intention & outcome & instore deliberation, consumer panelists, 41558
store prestige hierarchy & predicted confidence in purchase & value of salesperson's advice, female shoppers, 20938
structure of orthodox consumer theory in economics, applications to gambling behavior, 1440
subjective vs objective information from personal vs commercial sources, purchase of professional service, 17476
task complexity, disaggregate models of consumer choice behavior, farmers, 24466
theory of interpretation & study of signs, understanding consumer behavior, 6984
tree structured model of consumer choice, 3467
TV commercial video rhythms, recall, consumers, 38527
type of response, quality of advertising inquiry, customers, 6986
validity of orthogonal arrays with independently varying price levels in consumer decision task, prediction of holdout profiles, college students, 17672
weighting schemes vs modified beta-binomial vs linear modified intention models & stated intention measures, prediction of purchase, female heads of households, 41541

Consumer Psychology
importance & role of psychological meaning in advertising communication, 17468

Consumer Research [See Also Consumer Surveys]
application of time series method to field study of advertising repetition, falsification of laboratory research on attitudes, liquor users, 24454
citation analysis of 5 volumes of "Journal of Consumer Research", 41551
component analysis scores computed on basis of aggregate sample, consumer behavior research implications, 41535
consumer research laddering technique, interviewing & analysis & interpretation of values & attitudes, consumers, 35012
convergent & discriminant validity analysis of objective & subjective product features, college students, 24461
foot in door paradigm & 1st request with cognitive set implying continuous involvement with vs fulfilled obligation to charitable cause, compliance with 2nd set, housewives, 10461
gaze & touch techniques in mall intercept interview, compliance & response bias & rate & quality & volunteer bias, adult shoppers & male vs female interviewers, 31489
identification of dramatic qualities in consumer products, college students & 23–45 yr olds, 35000
interrater reliability & quality of judgment based nominal scale data, marketing research, 31650
kappa coefficients, quantitative measure of intrafamily rater pair agreement about purchases, elementary school age children & their parents, 38512
knowledge level & relations with nonexperts in market research, computer specialists, 20954
limits of falsificationism & need for interpretive approach to consumer behavior research, commentary, 20944
logical estimation of missing data in multiperson household measures, consumer behavior research, 20948
magnitude estimation approach, measurement of judgment of intrinsic & extrinsic product quality, female college students, 38518
measurement & methodology & models in advertising response function & research, 38522
measurement of associations between objective & subjective features of products, college students, 24462
nonnormal data, alternate covariance structure estimation methods, implications for marketing research, 31740
Os, group discussions, adults, implications for marketing research, 4973
past & current methods in TV audience measurement, 10454
prior behavior vs self reported intentions, prediction of expenditure on home computers, adults, 20955
product testing, objective scientific measures, 6977
reassurance that all market research survey questions need not be answered, rate of uninformed responding, managers, 20935
relativist approach to consumer research, commentary reply, 20931
repertory grid method & Procrustes analysis, evaluation of consumer food perceptions & attributes, college students, 17484
shortcomings & future directions of attitude research in marketing, 6974
time orientation & locale & reasoning & choice making & thinking & interpretation of events, lower vs middle class adults, implications for marketing, 24464
TV audience appreciation vs viewer numbers, Great Britain, implications for discrimination in audience appreciation measures, 10468
weighting schemes vs modified beta-binomial vs linear modified intention models & stated intention measures, prediction of purchase, female heads of households, 41541

Consumer Surveys
demographic & lifestyle selection error in mall intercept data, 18–24 yr old male mall intercept vs telephone survey respondents, 24471
direct mail coupon promotion & demographic characteristics, incremental sales, survey households, 41528
labeled probe foot-in-the-door approach, response rate to mail survey, adults, 38515
monetary incentive, mail survey responses, adults, 6978
protocol analysis of variability of consumer survey questionnaire completion strategies & decision making, college business students, 38524
response rate to survey printed on back of commercial check, consumers who had closed accounts with savings & loan company, 17486
spurious response error in new product survey for bogus brands & advertisements, 19–78 yr old grocery shoppers, 24463

Contact Lenses
positive vs negative defocusing lenses, posterior nodal distance & refractive error & eye growth, chickens, 7777
suppression of blur by monovision contact lenses & ocular dominance, monovison task performance, 44–67 yr olds with presbyopic vision, 34186

Contagion
communicative responsiveness & empathy & emotional contagion, precursors of burnout, professional & support staff of psychiatric hospital, 20391
contagious yawning as ethological fixed action patterns released by sign stimuli, applications to study of infant imitation, 29091
perception of behavior contagion of adolescent suicide, female college students, 26284
selective perception & opinion assertion & quiescence & computer simulation of behavioral contagion & public opinion dynamics, 18870
self mutilation contagion, disturbed 15–21 yr old inpatient dyads, treatment implications, 29733
viewing of videotape of distressed high school student & news of peer suicide, ratings of own likelihood of committing suicide, 14–17 yr olds, test of TV inducement of suicidal contagion, 36805

Content Analysis
advertising in magazines, weight loss encouragement, females, 1984–85, Spain, implications for risk of anorexia nervosa, 10475
analysis & history of "Journal of Organizational Behavior Management", 1977–86, 31388
analysis of child psychology handbooks & trends in & history of child psychology, 959
analysis of TV presentations of disability, 12530
anorexia nervosa & relevant psychological issues in literature, young adults, 16209
application of content analysis measures of imagery to analysis of achievement & affiliation intimacy & power motives of R. Nixon, 5089
changes in information content level of TV advertisements, US vs UK, 1977 vs 1985, 20967
childrearing advice in Ladies Home Journal, parents of infants, 1900–05, 22200
cognitive therapy, content analysis of thoughts & emotions toward self & world & future, depressed adults, 37278
communication apprehension in public speaking textbooks, 31070
consumption of violence containing action adventure TV programs, children & adults, literature review, 18539
content analysis & sociological framework for justification of adult/child sexual contact, publications of pedophile organizations, 29701
content analysis approach, measurement of attitudes in environmental education literature, 31471
content analysis of AIDS educational pamphlets, 40482
content analysis of antisocial behavior portrayed on prime time commercial TV, 35943
content analysis of appeals, consumer magazine advertisements, China, 20961
content analysis of articles in "Journal of Pediatric Psychology", 1976–85, 19675
content analysis of current trends & future directions in psychological skills training approaches, 1980–88, 24498
content analysis of definitions of psychology from introductory textbooks, 1887–1987, 31522
content analysis of diary, 48 yr old female who committed suicide, 33333
content analysis of Hispanic cultural themes in lyrics of popular salsa music, 21865
content analysis of homosexual pornography, 1970–84, 32731
content analysis of influential works & identification of influential scholars in field of multicultural counseling, 1982–87, literature review, 27172
content analysis of "International Journal for the Advancement of Counseling", 2728
content analysis of "Journal of Counseling & Development", 1969–88, 20155
content analysis of meanings of drawings of peace, kindergartners, Romania, 15061
content analysis of periodicals & accounts, determination of consensus or conflict issues in cross cultural perception of Bhopal disaster as criminal, US vs India, 27951
content analysis of portrayal of women in TV commercials, 1972 vs 1986, 7949
content analysis of psychological research literature focusing on evolution & genetics & eugenics & biology & neurosciences, 1894–1985, 11003
content analysis of public statements, assessment of continuity & change in foreign policy beliefs, political leaders in office during J. Carter administration, 22247
content analysis of sample characteristics & methodology of racial or ethnic minority focused research in "Journal of Counseling Psychology", 1976–1986, 6367
content analysis of social motive themes of achievement & power & affiliation in English vs Urdu fiction textbook for grades 6–10, 3150
content analysis of spontaneous causal explanations for bad life events extracted from dysfunctional thought diaries, 19–56 yr olds with depression vs anxiety, 33162
content analysis of thoughts & feelings & coping strategies during loneliest experience, loneliness model, 16–84 yr olds, 29418
content analysis of verbal samples, prediction of psychiatric day hospital treatment outcome, emotionally disturbed children with behavior disorders, 3 mo to 1 yr followup, 40970
content analysis, values communicated during televised Super Bowl football game, sportscasters, 20969
content of articles published in "Journal of Motor Behavior", 1969–71 vs 1985–86, 10709
coverage of new religious movements & cults in newspapers & newsweeklies, 1972–84, 15274
D. Foulkes's scoring system, assessment of latent content in genuine vs simulated suicide notes, 22732
development of content analysis coding scheme, assessment of constructionist vs selectionist approach in compliance gaining messages in teaching, teachers, 38181
dream content, terminally ill 27–78 yr olds, 33536
geographic & source biases in network TV news, 1982–84, 39431
history & function of psychotropic drug advertisements in technical psychiatry journals, 1955–80, 30489
homogeneity & content rhythms & trends in short stories vs political treatises vs texts written by terrorist group, 39447
incidence of prime time network commercial types, 1976–86, implications for advertising testing, 38521
incongruity in media cartoons about aging, 15246
instructions for identification & 2 way analysis of referential interaction in 2 person conversation, 11 yr old females, 15147
list of special issues & topic trends in "Personnel Guidance Journal" & "Journal of Counseling & Development", 1966–84 & 1984–87, 20153
methodological issues in study of perception of TV violence, adult & child TV viewers, literature review, 18477
methodology & content analysis of organizational behavior modification in business settings, 1971–78, literature review, 31385
methodology & content of organizational behavior management research in private sector business & industry, 1978–86, literature review, 31426
motive imagery content analysis, assessment of relationship between social motives & backgrounds & decision making behavior, Supreme Court judges, 22223
music therapy theory & practice themes in "Journal of Music Therapy", 1964–84, 2183
nonimmediacy content analysis, psychological distance & positive & negative affect in archival references by F. Castro about C. Guevara prior to vs after 1965, Cuba, 15355
number of commercials & other nonprogram content on TV, children, 1983–87, 15023
nursing home research in 3 psychiatric journals, 1966–85, literature review, 40981
portrayal in TV commercials, Blacks vs Hispanics, 38526
portrayal of males vs females in TV commercials, 1971–85, 15376
President Reagan's 1987 State of Union Address as persuasive traditional adventure quest story, 32342
price & locational signaling in local vs national TV commercials & newspaper advertisements, 38516
primary process content analysis of free speech, patients with paranoid schizophrenia vs paranoia vs nonpsychotic psychiatric patients, 19257
psychological test usage frequency & systems level approach in diagnostic evaluations by clinical child psychologists, 5 & 10 & 15 yr olds, 1521
psychology & related topics covered in Simulation & Games journal, 1979–89, 38549
racial & cultural factors & L. Gottschalk-Gleser method of content analysis of verbal behavior & emotional meaning, application to transcultural research, 39733
ratings of sexual violence in Playboy magazines, college students, 1954–83, 36801

roles & characteristics depicted in children's storybooks, grandparents, 11342
semiotic textual analysis of letters to shareholders, existence & strength of organizational boundaries & propensity for joint ventures, chief executive officers of chemical companies, 38369
sex of intended receiver, analysis of projected images & messages of birthday cards, 39899
sexual vs intellectual pun frequency, emotional response to & ratings of popularity of Shakespearean comedies vs tragedies, 39443
short term personal construct therapy, content analysis of psychological states including anxiety & depression & anger & competence, elderly with psychological problems, 37360
structural analysis of subtraction lessons & explanations, formulation of expert instructional explanation model, expert 2nd grade teacher, 13490
validation & analysis of Velten's mood induction statements, 24908
value of discourse in labor management negotiation processes, 31367
verbal style & verb usage in assertiveness training film, therapy implications, 2397
visual structuring of candidate arguments, verbal record of clash in TV debates, presidential candidates R. Reagan & W. Mondale, 1984, 21841

Content Analysis (Test)
comparison of 5 methods of equating minimum competency tests required for high school graduation, 9th–11th graders, 1984 vs 1986, 20685
content & correctional analysis of locus of control scales designed for adults & children, 13–18 yr olds, 86
content analysis of Job Descriptive Index & Minnesota Satisfaction Questionnaire & FACES scale, measurement of job satisfaction, 22–45 yr old workers enrolled in evening graduate school courses, 35098
relationship of behavioral & environmental & affective communication variables of Communication Profile for Hearing Impaired, adults in aural rehabilitation program, 31584
study designs in assessment of generalizability of content validity ratings & test item & curriculum fit, mathematics achievement test, 27767

Contextual Associations
absence vs visually bland contextual cues, free recall of spatially located objects, young adults vs elderly, 1165
abstract vs concrete paragraphs & task context & comprehension instructions, prose recall, monolingual vs bilingual college students, 38919
acquisition context, prediction vs verification judgments using causal rules, college students, 38821
acquisition of auditory signal-UCS associations, differential context conditioning, pigeons, 3903
age, interpretation of idioms presented in context vs in isolation, 14–17 yr olds, 25504
agent vs patient mismatch, cleft sentence production, French speaking 4–10 yr olds, Belgium, 39535
aggression toward related vs neighbor vs stranger conspecifics, nesting female cicada killer wasps, 28529
amphetamine vs pentobarbital in distinctive chamber, chamber preference measuring drug rewarding vs aversive effects, goldfish, implications for synaptic dopamine, 35843
approach training in identical vs differing apparatus context, recall of previously learned passive avoidance response, young vs senescent rats, 3972
arrays consisting of pronounceable vs unpronounceable nonwords vs words varying in constraint on target, identification of visually presented target letters, college students, 3827
associations of color to emotionally loaded vs neutral stimuli, 4th graders, 15087
associative & grammatical priming, lexical decision & naming tasks with words & pseudowords in Serbo Croatian, high school seniors & college students, Yugoslavia, 7390
associative context, phoneme monitoring latency & lexical processing, college students, 31840
basic level vs superordinate vs contextual categorization, 12–20.5 mo olds, 29075
bilateral lesions of dorsal noradrenergic bundle, conditioned suppression to CS & contextual background stimulus, rats, 28787
bizarre imagery, long term retention of paired associates within variable contexts, college students, 28328
bizarre vs common contexts, free recall of noun triplets, college students, 14455
briefly presented semantically related vs nonrelated masked priming stimuli, identification & recognition of primes, college students, implications for subliminal perception, 28228
categorization of objects in isolation or scene, basic vs superordinate concept classification, college students, 31855
causal background, selection of causal explanations, college students, 39932
character intent followed by inconsistent outcomes & type of contextual information, reason inferences in story comprehension, 1st & 4th graders vs adults, 11362
chlordiazepoxide & controllable vs uncontrollable shock, nociception & contextual fear, rats, 7784
classical conditioning of scopolamine & distinctive environment with vs without pimozide pretreatment, horizontal & vertical motor activity, male rats, 21783
classification context of target word during encoding, recognition of category words, college students, 10839
closeness of context, information content & syntax of sentences representing mother vs father infant interaction, parents of children under 3 yrs old vs adults without children, Italy, 8249
competing alternatives & context & diagnostic information & need for closure & fear of invalidity motivation, hypothesis testing, college students, 7409
considerate vs inconsiderate contextual factors in history text, vocabulary learning, 8th graders, 34641
content & context, attitudes toward advertisement, college student consumers, 17466
content & context, logical responding in hypothetical scenario selection task, college students, 14401
context & classification in cross cultural analysis of metaphor, 4539
context & collective recall & reconstruction of shared knowledge in classroom discourse, 9–10 yr olds & their teachers, implications for teacher's role, 41290
context & encoding & retrieval, reacquisition following extinction, rats, 14510
context & replacement of as-written text with conventional spellings & word spacings, word recognition, 5.1–6.1 yr old kindergartners, conference presentation, 24070
context & surface form of words read aloud, degree of abstraction for perceptual encoding, college students, 38877
context congruency of words, saccade related brain potentials during reading, adults, 4128
context dependent migrations, visual word perception, college students, 17911
context, identification & encoding of disoriented objects, college students, 24712
context, memory for read vs self generated items, college students, 21308
context of & preexposure to words & letters & phrases, identification performance, college students, 14230
context of ambiguous word, detection of ambiguity of final words in visually displayed sentences, college students, 10806
context of CS, transfer of learning, rats, 35451
context of modally pure color vs picture vs word stimuli, Stroop-like effects in naming & reading & categorization tasks, college students, West Germany, 24812
context of oral & written language, communication medium & mode choice & switching, project manager, implications for computers in workplace, 18478
context of previous questionnaire items, cognitive processes & response bias in attitude surveys, 14082
context of prior presentation, object identification, erratum, 31793

context of problem, Allais Paradox type of choice & probability judgment, graduate business students, implications for independence axiom of utility theory, 24803
context UCS associations, simultaneous associations between CS & UCS, water deprived rats, 10915
context, understanding & solving mathematics word problems, junior high school & college students, Switzerland, 27627
context, valid & invalid inferences in conditional arguments, college students, Ireland, 35337
contextual & life conditions & individual differences, stress & coping across life span, 32487
contextual change effects as flexible responses vs memory failure, rats, 35445
contextual composition of category triad words, recognition of semantically related words in category, college students, 14460
contextual constraint & use of redundancies in information processing, verbal test recall, 18–47 yr olds, Denmark, replication, 28303
contextual control by tone, visual conditional discriminations, college students, 24863
contextual cues in sentences, speech perception in listening situations, college students vs 60–75 yr olds, 31817
contextual expectancies & behavioral cues for perceived stress state of communicator, deception detection, college students, Japan, 29366
contextual factors & other issues in research on continuity of child development, 35996
contextual factors, interpretation & perceived truthfulness of contradictory social proverbs, college students, 938
contextual influences of merchant supplied reference prices, perceptions of source credibility, college students, 41552
contextual information, auditory word recognition, native speakers of Scots English, 7382
contextual interference, transfer & retention of gross motor skill, mildly mentally handicapped 8.3–12.1 yr olds, educational implications, 19444
contextual lines within or outside attentive field & orientation coding, length assimilation & contrast, college students, 7326
contextual stimuli, attenuation of conditioned lick suppression, male rats, 3969
contextual stimuli, conditioning & extinction & reinstatement in appetitive conditioning, female rats, 35441
contextual stimulus as secondary reinforcement, performance in high order differential conditioning, female rats, 35454
contextualism as emerging model of psychological inquiry, 3520
contextualist approach, intrapsychic & impression management models of social behavior, 32759
contextually relevant aspects of meaning not explicitly stated in paragraph & immediate vs delayed verification testing, inference encoding during reading, college students, 7465
counterfactual reasoning & acceptance of contrary to fact premises in fantasy context, K–12th graders, 32416
Cyrillic letters as contextual stimuli, classification of novel letters based on originals, college students, conference presentation, 38826
devaluation of food reinforcers with toxin & extended instrumental training, response reinforcer associations, rats trained to make multiple instrumental responses, 3913
different CS, transfer of positive contextual control, male rats, 17958
distribution of context free vs dependent vowel errors, severely dyslexic 10.6–17.3 yr old males grouped according to IQ pattern, implications for reading strategies, 29793
dopamine D2 agonist quinpirole, environment specific conditioned activity, male rats, 18386
dual representation vs context availability hypotheses, concreteness in lexical decision making, college students, 21276
dynorphin A, place conditioning, rats, 11246
D1 agonist SKF 38393 vs D2 agonist quinpirole vs amphetamine, place conditioning & conditioned taste aversion, male rats, 25238
ecological systems view of context & continuity of experience from early childhood through development, analysis of intervention day care, preschool age children, 20134
elementary perceiver & memorizer vs interactive activation model, analysis of context effects in letter recognition, 35360
environmental context, recall & test performance, college students taking final exam in lecture vs different room, 13689
environmental contextual stimuli following conditioning, reactivation from memory, 18 day old rats, 3956
environmental effects, quality & effort of choices, MBA student consumers, 41546
environmental familiarity & acute vs chronic morphine, activity level & place preference conditioning & drug tolerance, male rats, 35894
examiner presence & style, collection of early memories, college students, 10827
exclusion of face to face contextual cues using computer mediated communication, social pressure to conform to majority judgments of line lengths, college students, 29353
experimental method for categorization of linguistic contexts of polysemous words & their synonyms, college students, 18483
explanatory context & semantic fit between text & address, retention, college students, West Germany, 14472
exposure to facial composite presenting correct vs incorrect information after viewing videotaped event with male target, cued recall of target with vs without context reinstatement, 17–55 yr olds, 3806
exposure to previously acquired average CS &/vs shock UCS vs training context, pain reactivity in hot plate test, rats, 3938
exposure to task with high response-outcome contingency vs noncontingency, judgment of control for moderate contingency task measuring context contrast, female college students, 31858
exteroceptive contextual cues, confounding of conditioned taste aversion & other data, rats, commentary, 7537
exteroceptive contextual cues, confounding of conditioned taste aversion & other data, rats, commentary reply, 7552
familiarity of E & setting, object recall, 4–5 yr olds, 25503
feedback stimulus duration, contextual fear & conditioned inhibition, male rats, 21388
fentanyl with vs without conditioned environmental stimuli, dopamine & metabolite concentrations, male rats, 25216
formation of motor schemata by movement practice vs contextual interference from practice with variations, retention & transfer in motor performance, college students, 21207
functional theory & time dependent context & pitch content of sets & perceptual cues, tonality perception, college music students, 7372
general vs specific nature of target nouns in sentence context, judgment of appropriateness of drawings as illustrations of nouns, college students, 14365
global vs task specific measures, self efficacy, college students, 21053
grammatical class & contextual factors, naming task performance, 69 yr old male with pure anomia, case report, 16270
haloperidol pretreatment, conditioned place preferences induced by iv vs ip cocaine, male rats, 912
haloperidol, reward value of lateral hypothalamic stimulation in place conditioning, rats, 7786
horizontal or vertical eye movement contextual cues, perceptual processing & episodic recognition in retrieval, college students, 17881
icv ethanol, environment dependent tolerance in Pavlovian conditioning paradigm, male mice, 18391
immediate vs delayed rereading of actual vs false advance organizer vs 1st paragraph of essay, recall, college students, implications for encoding & retrieval contexts, 3112
inconsiderate vs considerate text, vocabulary learning, 11th graders, 20518

indirect requests with vs without conversational context, recognition memory, college students, implications for conventionality of requests, 14375
individual differences & context, gender schematic processing, children, 1126
individualistic vs contextual approach, social psychology, 32765
inescapable vs escapable shock with vs without feedback, fear conditioned to shock context, rats, 14524
information structure & position, production & perception of acoustical & perceptual patterns in English compound vs noncompound noun phrases, adult speakers & listeners, 28273
information vs situation context of cues, decision making & judgment experimental methods, college students, 31864
interaction vs correlation components of goodness of fit model of temperament context relations, 5088
intrasession context manipulations, long term habituation of orienting response, 16–40 yr olds, 21618
isolated word list vs words in story context, reading ability, 6 & 8 yr olds, 20521
item familiarity & listener expectations & syntactic context & semantic plausibility of phonetic ambiguities, perception of fluent speech, college students, 17811
kesambet disorder caused by fright vs soul loss in context of cultural conceptions, child mortality & adult illness, North Bali, 40058
knowledge acquisition using cognitive models of context & scene, second hand perception from books & pictures, 17862
language & social context of wrangling in disputes & conflicts, literature review, 18872
levels of context, metaphor comprehension, 6–12 yr olds, 39571
lexical & sentence context, word recognition, college students, 17908
lexical relatedness & syntactic connectedness, lexical decision, college students, 17901
local context & second order associations, blocking in serial compound conditioning, male rats, 35438
locus of semantic context effect in spoken word processing, native speakers of Dutch, Netherlands, 38863
maternal strategies to relate signs to context, language development, deaf 7 & 15 mo olds & their deaf mother, longitudinal study, 40418
mathematical model of lexical & syntactic & semantic context, phoneme & word recognition, adults, 10756
meaning of social environment & experimental context, psychological experiment design, 17539
meaningful vs neutral sentence context, naming of abstract vs concrete words & their use as meaningful sentence completions, college students, 21277
metaphoricity & imagery value & similarity of tenor & vehicle concepts & quality of metaphors in single sentence vs extended natural contexts, metaphor recall, college students, 7463
model for contextual fluctuation & stimulus sampling theory, 38707
morphine vs stress induced analgesia, context associative tolerance & cross tolerance, male rats, 25263
musical selection duration & context, psychophysics of retrospective vs prospective timing judgments, college students, 17815
naloxone or clonidine or pimozide, heroin induced conditioned place preference, rats, 39313
naturalistic contexts, verbatim recognition & recall & accuracy of quotations, newspaper reporters & writers, implications for memory for prose, 38905
order & conditional stimulus control, symmetric & transitive relations in 4 & 5 term contingencies, college students, 14451
orthographic context, letter & word recognition, 51 yr old male with profound dyslexia following neurosurgery, 36911
orthographic neighbors vs frequency, visual word recognition & lexical decision & pronunciation, adults, 35378
pairing of palatable fluid & lithium chloride in novel context vs home cage, fluid consumption, rats, 14549
physical context cues in slides or videotapes of robbery or suspect, confidence in & accuracy of suspect identification, college student witnesses, 21215
place of previously acquired taste aversion & poisoned flavor, acquisition of flavor & context aversions, rats, 3970
posttraining manipulation of context value, performance to CS after random presentation during autoshaping, female pigeons, implications for comparator hypothesis, 3958
posttraining manipulation of context value, performance to CS after random stimulus presentations during autoshaping, pigeons, commentary, implications for comparator hypothesis, 3944
posttraining manipulation of context value, responsiveness to CS after random presentations, reply to commentary, implications for comparator hypothesis, 3957
presence of pyrazine odor during discrimination training, discrimination between quinine vs water in different contexts, male rats, 35461
presentation of thematic background material prior to text, immediate vs delayed recall, 20–36 vs 57–87 yr olds, 4658
pretraining scopolamine, passive avoidance & place conditioning & retention in water maze, norepinephrine depleted male mice, 25205
priming context, interpretation of unambiguous nouns during lexical access, adults, 7427
prior context, discrimination of voice onset time, college students, 31822
prior linquistic predictive vs nonpredictive context, reversible passive sentence comprehension, fluent vs nonfluent aphasic 39–77 yr olds, 29970
purposeful action or target's expression or constraint cues, correspondence bias in attitude attribution, college students, 15457
radiofrequency lesions of median mammillary nucleus, T-maze spatial memory performance & acquisition &/vs retention context, male mice, 4304
real vs perceived effectiveness of problem solving text vs word level strategies, 2nd language comprehension, college students enrolled in French course, 10775
recall & naming of pleasant vs unpleasant odors & their associations, 17–84 yr olds, West Germany vs Japan, implications for survival & lifestyle, 10712
rehearsal strategies in contextual associations of word list items, memory of temporal order, college students, 17878
reliable vs random CS-shock pairings, classical conditioning to novel CS & shocks in new context demonstrating proactive interference to learned irrelevance, male dogs, 28412
repetition of sentences isolated vs embedded in context, grammaticality judgment, college students, Japan, 7964
ritanserin, conditioned place preference induced by dextroamphetamine vs morphine vs diazepam, male rats, 18405
salience ratings of nominal properties for words in varied contexts, semantic flexibility, college students, 4538
self vs other as intended audience, message production & comprehension, college students, 36403
semantic context & repetition &/vs degradation of single words, lexical decision & recognition latency, college students, 14368
semantically related ambiguous vs unambiguous word primes, nonword interference in lexical decision task, college students, Canada, 31831
sentence context & high vs low constraint sentences & semantic relatedness of unexpected words, lexical decisions in congruous sentence completion of upcoming words, college students, 7421
sentence context & perceptual analysis, word identification, college students, Canada, 17857
sentence context & semantic relationships, lexical access of ambiguous words, college students, Italy, 10817
sentence context, target word naming time, college students, 38881
sentence structure & context, incremental & interactive sentence processing, college students, 25344

sentence vs 2 word primes incongruous vs incongruous contexts, lexical access & word recognition, college students, 327
sentential context & frequency of stimulus in crossmodal priming paradigm, interpretation of ambiguous words with multiple meanings, college students, 315
sentential priming of contextual semantic information, reading comprehension, good vs poor reading 2nd vs 4th graders vs adults, 36019
sequence & communicative context of primed dating satisfaction information, assessment of overall life satisfaction, college students, 18979
sex & expectations about appropriate contexts for alcohol drinking, college students & their best friends & parents, 18866
sex & romantic vs nonromantic films, perceptions of female's friendly vs seductive nonverbal behavior, college students, 39882
sex & sex role & problem context, problem solving, college students, 8293
shallow vs deep input processing, environmental context dependent recognition memory, college students, 17909
short vs long term imipramine, apomorphine or food induced conditioned place preference, male rats, 18410
similar vs dissimilar contextual stimuli, similarity rating of word pairs, college students, 307
single vs multiple word substrings vs nonword strings, target letter discrimination, college students, 7316
single vs variable vs identical goal movement task, transfer of timing skill, college students, implications for contextual interference hypothesis, 35246
situation specific attitudes & expectations & interpretation, responsiveness to hypnotizability & relationships between hypnotizability scales, college students, 38958
situational context cues & speech rate & repetition & location of information in data system message, synthesized speech intelligibility, college students, 17822
situational insensitivity hypothesis & theory of alcohol related expectancies, prediction of problem drinking, adolescents & adults, 40308
social context & hypnotizability, assessment of behavior as goal directed action vs involuntary occurrence, 18–32 yr olds, 35423
social context, attention directing gesture & language use, autistic vs developmentally language delayed 36–155 mo olds, 40030
social context, duration of syllabic vs vocalic vocalizations, 3 mo olds, implications for adult verbal turn taking, 39492
social context-personality index vs size difference vs criterion shift explanation, presentation order effect in person retrieval to social vs personality cues, college students, 7439
social context, self awareness as individual vs group member, college students, 18887
sources of acoustic information, identification of coarticulated vowels spoken in sentence context, college students & adult males, 38815
species specific sign stimuli in contextual conditioning, copulatory behavior with live female vs model, sexually experienced vs inexperienced male Japanese quail, 28469
standard vs surgical analogy instructions & arousability vs approval seeking behavior, pain tolerance, college students, 39155
state vs interpretive active verbs & sentence context, causal attributions to sentence subject vs object, college students, Germany, 7959
stimulus degradation & orthographical errors & context, braille reading speed, fluent braillists, 4625
story learning & recall context, ease of retrieval measuring incorporation into existing world knowledge, college students, 35388
structurally ambiguous context, lexical decision times in syntactic processing, adults, implications for parallel processing, 35346
study room used during 1 vs 2 list word learning, word recognition in original vs other room, college students, Australia, 7455
subject vs object 1st vs neutral context, pragmatic strategy in expression of locative relationship "on", 36–48 mo olds, India, 18594
summary of D. Sperber's & D. Wilson's "Relevance: Communication and Cognition" & attention & cognitive & inferential processes, with 25 comments & author's reply, 11337
support structures or parallel lines between objects, perceived object shape in context, college students, 7315
surrounding rising vs falling tone sequences, perception of vowel quality change, adults, 31811
target words with rhyming vs semantic associative context words & retrieval cue type, retention, college students, 7435
task context, paper & pencil water level task performance, college students, 38833
task relevance & perceptual similarity & context, interference in picture word version of Stroop task, adults, 14384
textual vs extratextual cues, identification of antecedents for ambiguous pronouns, 28–64 yr olds with moderate aphasia, 36989
time in test environment & time between amphetamine injections, environment dependent sensitization to amphetamine induced circling, female rats, 32184
time of day & task difficulty, interpretation of elliptical verb phrases in context, adults, England, 317
TRACE model of speech perception, perceptual compensation for coarticulatory influences of one speech sound on another, college students, 7374
type of neutral sentence context, facilitation vs inhibition effects in word recognition, college students, 328
type of test expected & received, contextual information effects in text processing, college students, 10828
use of semantic & syntactic cues, oral reading ability, socially advantaged vs disadvantaged children, 36083
variability vs consistently mapped contex, perceptual learning skills for words in visual search task & transfer between target & distractor, 17888
verbal context & conventionality of wording, indirect auditory request comprehension, right handed 38–69 yr old stroke patients with right vs left hemisphere damage, 37184
viewing video of emotion arousing situation &/vs facial reaction of actor, emotional attributions, college students, 25890
visual images & bizarre contexts & retention interval, recall of lists of words, college students, 38943
vowel vs consonant continua, context memory & sensory resolution & speech discrimination & identification, college students, 17821
W. McGuire & contextualism & mass communication research, 35942
weakly related context & target word pairs, recognition using related vs unrelated distractor words & cued recall, college students, 14427
word context during initial exposure, degree of priming in word fragment completion, college students & adults, 24829
words in conversational speech & their subsequent context, word recognition after acoustic offset, college & graduate students, 17812
5,7-dihydroxytryptamine induced lesions of nucleus accumbens, d-amphetamine vs morphine vs diazepam induced place preference, male rats, 11169

Contingency Management [See Also Token Economy Programs]

coding system for staff & patient interactions, assessment of adherence to behavior management contingencies, 21–46 yr old staff members & 5–13 yr olds on child psychiatric unit, 37793
contingency contracting, polydrug use, adult methadone patients, 2926
contingency management vs communication skills training with vs without child's participation, parents of 6–15 yr olds with conduct disorders, 26902

contingency management with reinforcing with vs without aversive consequences, 26–42 yr old polydrug abusers on methadone maintenance, 16966
contingency strategies, procrastination in personalized system of instruction course, college students, 34642
contingent exercise program, overt hallucinatory behavior, 60 yr old male with chronic schizophrenia, case report, 12773
contingent glove wearing program, skin picking behavior, 18 yr old male inpatient with sensory impairment, 1–3 mo followup, 26906
contingent payment & frequent workplace monitoring, smoking abstinence, hospital employees, 6 mo followup, implications for relapse prevention, 38440
contingent tangible reinforcement, physical & verbal aggressive behavior, 69 yr old institutionalized male patient, 4 mo followup, 2438
motivational factors of response contingencies for low vs high frequency work activities, adult males in residential laboratory, implications for workplace settings & spaceflight operations, 17918
negative practice contingency plus DRO, self stimulatory handicapping, 6.7–9.3 yr olds with developmental disabilities, 19912
performance contingent pay, attitudes, civilian Navy employees, 3396
repeated exposure to classroom self control contingencies, accuracy of self recording of on task behavior, emotionally disturbed 12–18 yr olds, 38215
response contingent stimuli, stuttering & speech disfluency, literature review, 16510
token reinforcement remedial reading program by cross age tutors, reading achievement, Black male 4th & 5th & 8th graders, 34711
Contingent Negative Variation
age & contingent negative variation & P300 component of late slow potentials, cognitive impairment, conference presentation, 40350
contingent negative variation & stimulus preceding negativity & readiness potentials in motor cortex, motor preparation vs stimulus anticipation, 25027
contingent negative variation, adults with Gilles de la Tourette syndrome, 12524
contingent negative variation as neuropsychological index of cognitive dysfunction, 45–88 yr old cerebrovascular patients with vs without dementia, 26549
electrocortical contingent negative variation using go/no go paradigm & personality traits & emotions, 17–39 yr olds, implications for stress & arousal, 32078
frontal vs central contingent negative variation & frontal function & negative symptoms, psychotic vs nonpsychotic adult patients, 5350
iv oxytocin, contingent negative variation & memory & mood & vigilance, healthy 23–30 yr old males, 21740
matching vs mismatching tones with vs without variable foreperiod, discrimination responses & contingent negative variation, college students & E, 39092
nicergoline, contingent negative variation & RT, patients with presenile idiopathic cognitive decline or Alzheimer type dementia, 9594
personality & psychological correlates of contingent negative variation operation characteristics in forewarned RT task, 14 yr olds, 21559
self regulation method based on meditation, EEG & contingent negative variations, adults, 28682
smoking, contingent negative variation & mood during go/no go avoidance task, adult male smokers, 21793
warning standard & target paired auditory stimuli, contingent negative variation, right handed male college students, 630
Continuing Education [See Also Inservice Training]
annual review course in neurology, psychiatrists, 13353
correlates of continuing education course satisfaction, bankers, 6875
design & evaluation of continuing education program on needs & concerns of elderly, business & professional service providers, 41411
educational program on aspects of depressive disorders, general practitioners, Sweden, 34517
guidelines for continuing education in clinical neuropsychology, 2988
instrumental vs expressive motivation, continuing education participation, retirees, 41260
need for development of continuing education materials in occupational therapy, fieldwork educators, 41113
perceived stress sources, teaching, lecturers at continuing education college, England, 31009
self instructional audiotape continuing education program on theory & research, knowledge & research related behaviors, occupational therapists, 6–9 mo followup, 34510
transferability of multicultural education from training to practice, teachers in continuing education course, 23943
Continuous Reinforcement [See Reinforcement Schedules]
Contour [See Form and Shape Perception]
Contraception [See Birth Control]
Contraceptive Devices [See Also Oral Contraceptives]
attitudes toward condom advertisements on TV, adolescents & their parents, health education implications, 38511
condom sales & availability of educational materials on AIDS prevention on campus, college bookstore managers & student union directors, 30065
condoms with instructions on use in sensuous foreplay, attitudes toward condoms, heterosexual couples, 36368
correlates of condom use & other contraceptive & sexual behaviors, urban 17–21 yr old males, implications for male responsibility, 15205
correlates of condom use at 1st & most recent intercourse, sexually active Black vs non-Black male 17–21 yr olds, 36167
demographic & relationship characteristics & menstrual cycle phase & sexual expression & perceived risk of conception, contraceptive use, 18–34 yr old females, 4910
factor analysis of Attitudes Toward Condoms scale, differentiation of condom users & AIDS prevention attitudes, sexually active 16–60 yr old homosexual males, 14165
personality factors, attitudes toward condom use, homosexually active 16–60 yr old males, implications for AIDS prevention, 15396
psychosexual behavior & client characteristics, adolescent males attending public health contraceptive service, 34153
readability of Spanish language instructions provided with condoms, implications for AIDS prevention among Hispanics, 23529
Contribution (Professional) [See Professional Criticism]
Controls (Instrument) [See Instrument Controls]
Convergent Thinking [See Inductive Deductive Reasoning]
Conversation
accommodation in conversation, same vs mixed sex dyads of college students, 25346
accommodation index for nonverbal behavior, prediction of conversation solidarity ratings, Engish speaking Australian vs British vs Italian born 35–42 yr olds, 25351
age, use of connective word "and" in conversation, 4–9 yr olds, 18602
amount & intimacy of initial communication & nonverbal affiliation & linkage perceived similarity, prediction of future relationship, college students, test of predicted outcome value theory, 36426
amount of information revealed about self, strategies for information withholding & gathering in conversation with high vs low seeking partners, college students, 39897
analysis of discourse organization & interactions, determination of court ordered incompetence & involuntary commitment, attorneys & witnesses & patients in courtroom, 22233
analysis of exemplars in conversation research, 18488
anger expression & hostility & general conversational skill in challenging vs nonchallenging interactions, Type A vs Type B male college students, 18905
audiovisual vs auditory vs transcript reading perspective & related speech behaviors, social evaluations, conversational participants vs Os, 5011

back channel listener responses to messages & collaborative feedback from listener & speaker, 7.5–11.9 yr olds, 25386
beliefs about nature & epistemology of discourse, research style & methods, 4 authors from different disciplines, 21855
code switching across conversation as power for speaker, adults, 25359
compensatory processes, conversational speech, right handed 54 yr old male with stroke & neologistic jargon aphasia, case report, 2090
computer simulated conversation in remedial instruction, deaf vs language impaired 10–13 yr olds & adolescents, 38237
confrontation & politeness strategies in physician patient interactions, medical students, 17070
construction & reliability & validity of Conversational Skills Rating Scale, college students, 17640
content of dyadic conversations with accepted vs rejected peers, accepted vs rejected 3rd graders, 8162
conversation memory organization packets in natural language interface computer system, 41503
conversation skills training, inappropriate social interaction, mentally retarded 14–16 yr olds, 9844
conversational content & timing, mothers of 13–35 wk olds, 15282
conversational interruptions, perceptions of power of male vs female interrupter, male vs female college students, 8370
conversational participation during disputes in group decision, reading disabled 1st–2nd graders, 33404
conversational sensitivity, psychosocial correlates, college students, 1388
conversational service encounters or detour situations with vs without prerequests, type of request & compliance & preference for indirect speech acts, college students, 8341
conversational style & discontinuity in communication with child, mothers & their 3 yr olds with cleft palate, 29834
conversations memory organization packets & scene order in cognitive vs actual discourse structure in informal initial conversation, college students, 38834
deep interruptions in conversation by males vs females, normative expectations & ratings of appropriateness, male vs female college students, 32785
differential responding to syntactic & phonological & semantic errors in 2.7 yr old's conversation, parents vs other adults, language learning implications, 984
discourse strategies & characteristics, involvement in conversation, college students, 32800
discussion & friendship & peer relations in socialization process, 3–6 yr olds, Italy, 22010
etiquette & ritual in family conversation, elderly parents & their adult children, 18795
expressive language characteristics, emotionally handicapped 8–9 yr olds, 33126
eye contact during conversation with mother vs stranger, males vs females observed at 2 vs 4 yrs olds, 4637
finding fault with others' conduct in conversations during problematic events, tax enforcement officers & merchants & college teachers & students, 18890
frequency of listener responses in English conversations, American vs Japanese 18–37 yr old females, Hawaii, 32333
gender initiation of topical transitions in conversation, male-female college student dyads, 18907
generalized training procedure, information requesting behavior & conversation, 46–63 yr olds with chronic Broca's aphasia, 37587
group conversational skills training, 11.8–16 yr old behaviorally &/or emotionally disturbed inpatients, 26898
identification of posed vs spontaneous facial expressions of emotion during conversation, college students, 5008
incidental conversation, memory for focal colors, college students, 21305
indirect requests with vs without conversational context, recognition memory, college students, implications for conventionality of requests, 14375
information about speaker's status in written vs oral conversation, recognition vs recall memory for assertiveness of remarks, college students, 18919
instructions for identification & 2 way analysis of referential interaction in 2 person conversation, 11 yr old females, 15147
interaction involvement, identity & similarity chains of local & global textual resources in conversation, same sex dyads, 14993
interpersonal relations reflected in transactive statements during dyadic discussion of nuclear disarmament, 15–17 vs 29–42 yr olds, 15184
interruption coding system & classification of interruptions & simultaneous speech, college students, 18896
interruptions in televised political interviews, interviewers & M. Thatcher & N. Kinnock, 18873
judgments of conversational triviality, middle school faculty conversing in male &/vs female groups, 1364
methodology for coding spontaneous causal attributions verbalized during marital problem resolution discussions, distressed vs happily married couples, implications for marital therapy, 25734
model of socialization process & construction & maintenance of subjective reality in conversation, members of new religious group, Japan, 36256
modeling & feedback & reinforcement, gaze direction & sitting behavior during conversation, congenitally blind 5–8 yr olds, 19907
order of statements & social situation & conversational coherence, trained judges, implications for systemic model of coherence, 32308
pattern of interaction involvement & communicative competence, use of cohesive devices in conversation, dyads, 4981
perceptions of lexical diversity level & style changes in conversation, college students, 25347
periodicity of alternations between lower vs higher amounts of talking in conversation, adults, 4540
personal characteristics & responses, form & content of speaker messages, listeners, 4533
polyadic conversation monitoring skills, 2.4–5 yr olds, 32397
preference concept in conversation analysis, 11727
print vs TV vs conversation, patterns of word choice, children vs adults, implications for lexical acquisition, 21951
reality & self & dialog, confirmation of human image, 11807
relationship between speaker & hearer, interpretation of sarcasm & insults, college students & store employees, 29352
room illumination level, voice level in group conversation about & evaluations of hypothetic job applicants, female college students, 13944
sequence & communicative context of primed dating satisfaction information, assessment of overall life satisfaction, college students, 18979
sequential speech act pairings in conversation, 4.5–6.2 yr olds, 8026
sex of conversational partner, number of speech qualifiers, 60–80 yr olds, 18731
sex, responses to opening conversational gambits, college students & bar patrons, 32774
sex stereotypes & male vs female speech in conversation, evaluations of speaker superiority & attractiveness & dynamism, male vs female 18–72 yr olds, 32829
social skills program, conversational skills, elderly in residential care home, 3 mo followup, 13109
spontaneous metapragmatic comments & development, 2.5–4.3 yr olds & their families, 32371
stacked requests for clarification, conversational repair strategies, language impaired vs linguistically normal 7.5–11.1 yr olds, 16008
stressors of parental conversation, verbal coping behavior, schizophrenic male & his parents, 36618
style & structure of mother child conversations about past, mothers & their 30–35 yr olds, implications for memory development of child, 25452
teachers' communicative strategies, conversational relevance in students' classroom discourse, preschool teachers & students, Italy, 31175

temporal factors, conversation satisfaction & effectiveness, adults, 18884
time & recall & mode & memory expectancies, memory for conversation, college students, 361
topic relatedness & talking in conversation transcripts, judgments of dominance, college students, 32792
type of relationship to conversation partner, likelihood of discussing various topics, male vs female college students, 4942
use of coherence strategies in collaborative personal narratives in natural conversations, adolescent females, 25579
verbal style & verb usage in assertiveness training film, therapy implications, 2397
words in conversational speech & their subsequent context, word recognition after acoustic offset, college & graduate students, 17812
Conversion Hysteria [See Conversion Neurosis]
Conversion Neurosis [See Also Hysterical Paralysis, Hysterical Vision Disturbances, Pseudocyesis]
amobarbital interviews, posttraumatic stress & conversion disorders, 23 yr old male Laotian refugee veteran, case report, 40553
birth order, patients with conversion hysteria, Libya, 16173
concurrent organic pathology, patients with conversion symptoms, 8638
conversion reaction & writer's cramp, 12 yr old deaf female, case report, 5646
coping approach to reduce secondary gain, 12–14 yr olds with conversion disorders, 23150
EMG biofeedback, 41–77 yr olds patients with conversion paralysis & chronic pain, 16484
hysterical pseudoneurological impairments with gait disorders, 19–80 yr olds, 37076
incidence & age & sex distribution & symptomatology & psychosocial stress factors & course of conversion disorder, 5.5–19.3 yr olds, 40129
narcoanalysis using amobarbital & methylphenidate, chronic conversion symptoms, 34–61 yr old patients, 6151
patient clinical problems & staff splitting & countertransference issues, female 36 yr old inpatient with conversion disorder, case report, 16868
psychiatric diagnoses, patients with conversion symptoms without organic disease, 8639
psychogenesis & phenomenology, 28 yr old female with conversive auditory & visual hallucinations, case report, 1704
regional pain as hysterical conversion reaction, 16260
regional pain as organic disease vs hysteria, 16171
response prevention techniques including exposure & rehearsal & relaxation & psychotherapy, 20–28 yr old females with hysterical vomiting, India, 8–12 wk followup, 37429
self esteem & locus of control & thoughtfulness & gregariousness, hysteric vs neurotic adults, 22663
sensation of lump in throat as model for study of conversion disorders, patients, 19659
symptoms & outcomes of hysterical blepharospasm & myoclonus & parkinsonism, 22 & 57 yr old females & 64 yr old male, case report, 12080
thiopentone, 12–57 yr old patients with nonorganic locomotor disorders, 6–9 yr followups, 9590
treatment of conversion disorder in rehabilitation setting, 65 yr old male with physical symptoms of stroke, Canada, case report, 37872
Conviction (Criminal) [See Criminal Conviction]
Convulsions [See Also Audiogenic Seizures]
acute vs chronic caffeine, social interaction & motor activity & aggressive behavior & pentylenetetrazol induced seizures, male rats, 18328
adjunctive clonazepam treatment, antiaggressive effects, 35 yr old schizophrenic male with partial seizure disorder, case report, 6153
age & pilocarpine dosage threshold, motor limbic seizures, male rats, 25283
alcohol consumption as risk factor, patients with provoked vs unprovoked seizures, 19585
aspartame, amygdala & hippocampal kindled seizures, male rats, 35784
atypical depression & auditory hallucinations & grand mal seizures refractory to pharmacotherapy & ECT, 30 yr old female, Canada, 12 mo followup, case report, 12021
behavior changes & cognitive deficits, 13 yr old female with frontal syndrome secondary to partial complex seizures, case report, 8996
buspirone & chlorimipramine vs desipramine vs maprotiline vs mianserin, myoclonic seizures, rats, 7846
carbamazepine & clonazepam withdrawal, complex partial seizures, 64 yr old female with bipolar illness, case report, 23388
carbamazepine withdrawal, pseudohallucinations, previously nonpsychotic male patient with seizure disorder, case report, 16608
cardiogenic & neurogenic mechanisms underlying seizures & role of stress, literature review, conference presentation, 16235
chronic haloperidol treatment, amygdaloid seizure generation, cats, 28920
chronic lithium, seizure threshold for amygdala vs hippocampus kindling, cats, 21789
CL 218-872 pretreatment or intervention, kainic acid induced convulsions & neuropathology, rats, 11178
clinical & EEG features of complex partial seizures, 1 yr olds & younger, 26611
commissurotomy, visuospatial functioning, 21 yr old right handed male with interactive seizures, 6231
content bias of MacAndrew's Alcoholism Scale of MMPI, patients with psychiatric vs general medical vs seizure disorders, 28060
demographic & seizure related & language function factors, verbal learning & memory, adults with complex partial seizures, 12412
differential diagnosis, patients with multiple personality disorders vs complex partial seizures, 22484
discriminate validity of Brazelton Neonatal Assessment Scale, measurement of neurobehavioral organization & diagnosis, respiratory distressed vs seizure disordered neonates, 28084
ECS with vs without convulsion suppressed by Dilantin, 1 trial reversal learning, rats, 769
ECT & seizure duration, serum TSH & illness recovery, 28–78 yr olds with major depression, 2179
EEG epileptiform paroxysms, adolescents or adults with rapid cycling bipolar affective disorder vs nonrapid cycling mood disorder, 12000
endogenous benzodiazepine binding inhibitor n-butyl betacarboline-3-carboxylate, proconvulsant & anxiogenic actions, mice, 18406
error rate on Memory for Designs Test, verbal performance achievement levels on WAIS-R, patients with seizure disorder or unipolar or bipolar epilepsy, 9135
failure to induce convulsion with ECT, severely depressed 32 yr old female, case report, 5903
frontal lobe seizures, self injury, mentally retarded 16–50 yr olds, 36919
grand mal seizures & myoclonic jerking & ataxia, post mortem 18 yr old mentally retarded female with fragile site on chromosomes 2q13, case report, 22865
hippocampal kindling vs epileptic focus vs complex partial vs secondarily generalized tonic closure seizures, avoidance learning, cats, 39208
hypomania following complex partial seizures, epileptic adult males, case reports, 5580
hysterical seizures resulting from incest vs epilepsy, 15–36 yr old females abused by father or father surrogate, implications for differential diagnosis, 12131
ictal speech & postictal language dysfunction, patients with complex partial seizures, 9110
interrater reliability of estimation of EEG seizure duration, adults in ECT for major depressive episode, 37224
intracarotid amytal test measuring speech & motor function lateralization, epileptic 12–41 yr olds with medically intractable facial seizures, 5767

intracranial EEG recordings, clarification of limbic seizure & etiology of fear episodes, 13 yr old female, case report, 19503
maprotiline, epileptogenic side effects, depressed 30 yr old female & 45 yr old male, 16619
memory performance during neuropsychological testing, 29 & 31 yr olds with subclinical hippocampal seizures, 40368
mnemonic strategies, recall of main ideas of story, adults with temporal lobe seizures, 12473
monaural vs binaural auditory stimulation, patterns of audiogenic seizures, mice, 28727
motor vs EEG seizure duration in ECT, depressed inpatients, 5883
N-valproyl GABA vs sodium valproate, bicuculline or ECS induced convulsions, male mice, 39169
neuropathology & classification of temporal lobe & other epileptic vs nonepileptic seizures & relation to psychopathology, 5744
paradoxical sleep deprivation & lidocaine vs bupivacaine, seizures, male mice, 28741
patient history including number of previous detoxifications, alcoholic males with vs without alcohol withdrawal seizures, implications for kindling hypothesis, 2899
PCP like drugs, blockage of shock induced tonic extension seizures & N-methyl-D-aspartic acid induced lethality, male mice, 11262
phenytoin vs phenobarbital, seizure activity & rate of operant responding under FR schedule, amygdala, kindled rats, 35718
physicians' vs parents' vs self ratings of psychosocial adjustment, 5–16 yr olds with seizure disorder or visible orthopedic condition, 23002
pretreatment with aminophylline vs papaverine, lidocaine kindled seizures & behavioral changes in hyperactivity & aggression, male rats, 749
psychological & mental impairment, very low birth weight infants with vs without seizures, followup at 1 vs 2 vs 5 yrs, 9234
pyridoxine &/vs magnesium deprivation, spontaneous seizures, male gerbils, 4240
repeated exposure to novel environment allowing seizure habituation, development of ambulation & rearing behaviors, seizure prone gerbils, implications for arousal, 24950
repeated N-methyl-(d)-aspartate receptor antagonist CGS 19755, convulsions & ataxia & locomotor activity, mice, 21715
RO 15-4513 with vs without ethanol, choice behavior & locomotor activity & convulsions, male mice, 18290
scoring criteria revision of Rey Osterrieth Complex Figure Test, right hemisphere recall, patients with partial complex seizures from temporal lobe & subsequent unilateral temporal lobectomy, 14136
seizure disorder misdiagnosed as borderline syndrome, 51 yr old female, case report, 26631
seizure type & nature of EEG abnormality, verbal & nonverbal memory, adult inpatients with seizure disorders, 16035
sensorimotor rhythm biofeedback with relaxation training, operant learning & seizure frequency & characteristics, 18–29 yr olds with uncontrolled epilepsy, 12817
single stressful event up to 1 mo prior to diazepam, pentylenetetrazol induced dopamine changes & plasma corticosterone & seizures, male rats, 7750
spontaneous grand mal seizure after ECT, 55 yr old female with major depression & hyponatremia due to polydipsia, case report, 40099
stress factors, chronic unstable epileptic seizures, middle aged & older males, 16115
temporal sequence of aura sensations, patients with complex partial seizures with emphasis on aphasic symptoms, 29979
1-phencyclohexylamine vs its conformationally restricted analog vs PCP, anticonvulsive properties in electroshock seizure test & toxicity & side effects, male mice, 39382

Cooperating Teachers
cognitive level & dispositional stress, perception of relationship with & supervisory ability of cooperating teachers & their evaluation of Ss, student teachers, 17110

Cooperation
adaptive significance of nonparental nest attendance, barn swallows, 31960
adult vs peer collaboration, independent errand planning, 9–10 yr olds, 8047
age & sex & assigned cooperative vs individualistic goals, cooperative & competitive behavior with peers during play, 6–13 yr olds, 1121
attitudes toward cooperative & competitive & individualistic situations, psychological health & life stress orientation & marital satisfaction, couples in 2nd marriages, 15292
behavioral conceptual framework for collaborative problem solving, teacher behavior, counselors & teachers, 31242
C. Roger's facilitative approach to teaching & person centered cooperative learning, 27562
coalition formation & cooperation, reproductive success, male baboons, 14561
collaborative skill instruction, social interaction behaviors, mentally retarded vs nonhandicapped 9–14 yr olds, 27720
communication networks, cooperative games, 22344
communication patterns, errors in simulated flights, 2 person flight crews, 20851
competitive vs cooperative instructions, verbal communication during game playing, delinquent vs nondelinquent 14–17 yr olds & their parents, implications for family therapy, 15821
conciliatory &/or tough &/or individualistic role in Prisoner's Dilemma conflict, cooperation & communication, college students, 8352
construction & factor structure of Cooperative/Competitive Strategy Scale, 17–66 yr olds, 7178
cooperation & feminization of power, organization development, 27914
cooperation during foraging, costs of locating & quality of food sources & colony's competitive advantage, honeybees, 7622
cooperation strategies in repeated Prisoner's Dilemma game, 36427
cooperative behavior during predator inspection visits, guppies, 24973
cooperative breeding system with adult helpers, red cockaded woodpeckers, 18052
cooperative game involving selection of power plant site, 4th & 6th formers, UK, 31036
cooperative interpersonal learning of reading in school, 27598
cooperative learning, mainstreamed mildly handicapped students, 31214
cooperative learning strategy, on task & cooperative behaviors & academic performance, emotionally disturbed 14–18 yr olds, 24188
cooperative strategies in Prisoner's Dilemma game tournaments, 8343
cooperative teaching model, coordination & integration of general & special educators, academically & behaviorally integrated student groups, 27666
cooperative team assisted individualization learning system, mathematics & behavioral & social skills, handicapped & adjudicated 13–15 yr old males, 9917
cooperative vs competitive or independent goals, innovative communication & progress in problem solving, staff members of postsecondary educational institution, 38061
cooperative vs competitive task judged on ability vs effort, justice rule allocation preferences in contributive vs retributive settings, college students, 18882
coordination interaction between departments & attitudes toward goals, task progress for customer service & work relationships, managers at engineering consulting firm, 13899
development of cooperative goals, productive synergy, organizational departments, 20878
dyadic cooperative learning vs teaching scripts, cued & free recall of written passages, college students, 17154
entry behavior & social interaction in competitive vs cooperative contexts, popular vs unpopular 4th grade males & their classmates, 3225

epistemological & ontological issues & validity, methodology for cooperative experiential inquiry in human sciences, 24541
escalatory bids & cooperation strategies, abstract auction game performance, competitive adversaries, 36412
evolution, computational theory of social exchange, college students, 39894
evolutionary game theory analysis, breakdown of cooperation in Prisoner's Dilemma, 35057
evolutionary psychology computational theory of social exchange & natural selection & adaptive cognitive processes in problem solving, 25687
expectations of cooperation vs competition, skin conductance & heart rate & EMG & vicarious emotional responses to facial expressions, college students, 25934
fear & greed, cooperation in Prisoner's Dilemma game, college students, 36396
food availability, cooperative supplementary feeding behavior, moorhens, 468
generation of knowledge & promotion of action intended to improve quality of life, postoccupancy evaluations of designed environments & participatory collaboration, 27978
goal vs reward interdependence, achievement in cooperative learning situations, 10th graders in mainstream social studies class including learning disabled & isolated students, 17274
group identity, cooperation in dilemma situations, adults, conference presentation, 32775
group processes & personal relationships in scientific collaborative work, pairs of social psychology & management & computer science researchers, 10536
group singing, trust & cooperation, 22–41 yr old males, Israel, 22318
group work in secondary school curriculum, 31076
habitat characteristics & types of food consumed & site use for & methods of foraging, cooperatively vs noncooperatively breeding birds, Australia, 7584
incentive structure & sanctioning system, cooperation in social dilemma, college students, 4983
individual vs cooperative implementation of dyadic learning scripts, 3130
individual vs paired housing & strain differences in aggressiveness, aggression during cooperative shuttling task, gonadectomized male vs female rats with hormone replacement, 14619
individually competitive vs cooperatively reward structured learning environments, academic achievement, high school biology students, 31138
interactions during cooperative academic learning task, 3rd & 7th graders paired with friends vs other classmates, 17208
internal merger & restructuring in female religious order, perceived personal importance & national cooperation, organization members, 20822
international mental health education & consultation & collaboration, diffusion of psychiatric knowledge & practice, Southeast Asia, 20376
intragroup discussion, decision to contribute individual endowments to group benefit in simulated competition against another group for public goods, male college students, Israel, 8335
key aspects of multifaceted state & local collaboration in development of community based mental health system, 30643
knowledge & individual autonomy, power in interdependence of community living, Northern Athapaskan & Algonguian hunting societies, 8227
knowledge utilization & transfer & other conditions & factors, effective collaboration between state & local mental health organizations, 30667
language as action perspective in cooperative workgroup computer system design, 13932
origins & patterns of egg trading, evolutionary stability of mating system, hermaphroditic coral reef fishes, 7583
peer cooperation &/vs feedback, spelling achievement, 9–10 yr olds, Netherlands, 13514
perception of coercion vs conciliation as national social influence strategy, Ss acting from perspective of 1 side of international conflict, 1370
perceptions of value differences & predisposition to help, performance in competitive vs cooperative conditions, college students, 15454
power & cooperation, therapeutic process & outcome, psychotic 18 yr old male & 19 yr old female & their families, West Germany, 12750
Prisoner's Dilemma interaction with other with competitive vs conciliatory strategy of graduated & reciprocated initiatives in tension reduction, integrative bargaining, male college students, 15414
queuing behavior in mate selection, male ground squirrels, 32013
R. Axelrod's model of evolution of cooperation based on iterated Prisoner's Dilemma, 22321
reciprocal altruism vs kin selection vs cooperation, evolution of beneficient behavior, 7618
risk taking & information seeking, reassurance for reciprocal cooperation in public goods supergames, application of rational actor model, 36429
self concept & prosocial behaviors including sharing & helping & cooperation during free play, male vs female 4–5 yr olds in day care, 39609
sex & experimental setting, cooperation in social dilemma decision to keep or give away money, adults, 11759
sex & grade & academic performance, cooperative attitudes, 3rd vs 5th vs 7th graders, 31151
sex & strain, cooperative behavior & aggression, individually vs group housed gonadectomized rats with hormone replacement, 11126
sex of partner, performance in Prisoner's Dilemma game simulating corporate managerial decisions with profit based on noncooperative choices, male vs female adults, 11771
social values & egocentric bias, perception of cooperative vs competitive behavior, college students, 4989
sole vs shared decision making & cooperative vs competitive context, openmindedness & interpersonal relationships in simulated interdepartmental business task, college students, 4979
subliminal primes & behavioral predisposition, prisoner's dilemma game, competitive vs cooperative male college students, 18892

theoretical justification for commitment to collaboration in behavior therapy, 33961
training program, increased coordination among aircraft crews, Air Force personnel, 34994
type of father figure, collusion in sexual abuse of own children, mothers of children abused by fathers, 1978–86, 15843
understanding directions for manipulation task, addressees vs overhearers, 28311
university & government collaboration in intervention research & programs, runaway & homeless youths, 34239
value of competitive vs cooperative style in courtship, unmarried college students, sex role implications, 39871
values & cooperation, productive organizational collaboration, employees, Singapore, 31442

Cooperative Therapy [See Cotherapy]

Coordination (Motor) [See Motor Coordination]

Coordination (Perceptual Motor) [See Perceptual Motor Coordination]

Coping Behavior

abbreviated version of Miller Behavioral Style Scale, assessment of coping behavior in threatening situations, patients with metastatic cancer, 31676
acculturation experiences & appraisal & coping & adaptation, Hong Kong Chinese vs English vs French college students, Canada, health implications, 41288
achievement & well being & intelligence & stress reaction, adult children of alcoholics, 8910

achievement motivation & sex roles & coping style, employee turnover, female assembly line workers, Mexico, 17401
activities with close vs nonclose individual at home & continuation at school, intrusive thoughts & emotions, female college students, 15534
adjustment & chronic sorrow & coping behaviors, mothers vs fathers of children with Down's syndrome, 29798
adjustment to divorce, males, 32628
adult vs child perspective of sources of stress & coping methods, school age children, implications for health promotion & nursing, 25636
adult's angry behavior, behavioral & physiological & verbal responses, 4–5 yr olds, replication, 36126
age & sex & family relations, coping with adult anger, children, 4674
age & sex & place of residence & exposure to political hardship, fear & coping behavior, 8–14 yr old Palestinians before vs after 1982 war, Lebanon & Israel, 29164
age, coping responses in conflict situations, 40–92 yr old males, 25585
age of retarded child & systemic influences, adaptive family functioning, families with retarded 6–21 yr old children, 19420
age, sexual adaptation to loss of spouse, 40–89 yr old widows, 8304
anxiety & coping & support, parents of infant diagnosed with apnea, nursing implications, 2629
anxiety producing conditions, language shift & coping behavior & treatment, bilingual patients in psychotherapy, 23193
applied relaxation coping skill training, patients with anxiety reactions, 19904
appraisal of malpractice litigation vs previous events as most stressful life experience, physical & emotional symptoms & coping mechanisms, physicians, 17025
appraisals of bereavement & coping & resources & psychosocial health dysfunction, 54–81 yr old widowers & widows, 29396
approach & avoidance coping strategies, organizational role stress & mental health, industrial supervisors, 13820
approach vs avoidance coping with role stress, anger expression, male assistant vs junior engineers, India, 38449
appropriate death for patients & anticipatory grief for survivors & maintenance of morale for staff as goals of hospice care, 13010
architectural barriers & environmental design of home, family adjustment & coping, families with handicapped child with severe mobility problems, 19559
assessment of individual differences in coping style & negative affect & arousal in response to stressful & emotionally negative mass media events, college students, 24652
assumptions regarding coping following irrevocable loss & grieving process, 29432
attitudes toward illness & social & emotional adjustment & personality traits, male 34–64 yr old preoperative coronary bypass patients, 23533
attributions for cause & cessation of panic attacks & preferred coping strategies, adults with panic disorder, 19141
attributions of causality for their accidents, coping ability, victims paralyzed in severe accidents between ages of 16–35 yrs, reprint, 26514
autobiographical scrapbook, coping with hospital experience, hospitalized 6–12 yr olds, 2838
behavioral & cognitive strategies for coping with chronic pain, children, literature review, 16042
beliefs about consequences or attributes of medical & surgical methods for inducing abortion & coping behavior, adult female abortion applicants vs those in hypothetical situation, 9654
bioenergetics, physical illness as coping structure, 33466
biofeedback & cognitive & relaxation training, stress reduction & self control & coping skills, patients with irritable bowel syndrome, 9453
biofeedback training, stress & coping behavior & emotional expression, cancer patients, 9473
building explosion & subsequent tornado disasters, cognitive appraisal & other coping strategies & PTSD symptoms, 20–61 yr old police & fire & emergency medical & hospital personnel, 33122
catastrophizing as coping strategy for pain, patients with rheumatoid arthritis, 6 mo study, 37077
causal attributions, coping behavior, adults with chronic headache, 5694
causes of & strategies to prevent & cope with burnout, workers in children's agencies, 38014
characteristics & coping & personality development, 46–65 yr old Jewish survivors of concentration camps vs those who spent WWII in Israel, 8 yr followup, 32530
chronic stress & similarity to chronic antidepressant therapy, adaptive processes & neuropharmacological correlates & learned helplessness in depressive illness, 11936
chronic stress in cancer care including patient death, burnout & poor quality of care & coping strategies & support, health care professionals, literature review, 17030
classroom stress & learning environment, coping & adaptive learning, elementary school students, 3202
client & community variables & level of coping & satisfaction & quality of life, chronically mentally ill in aftercare program, Canada, 5243
cognition & emotion, test anxiety coping strategies, high school students, 3240
cognitive & emotional & behavioral factors, 21–59 yr olds with chronic low back pain incongruent with physical pathology, 5766
cognitive behavior therapy, pain perception & coping, 43–76 yr old veterans with rheumatoid arthritis, 16327
cognitive behavioral coping skills training, generalized self efficacy & locus of control, test anxious college students, 20710
cognitive behavioral program for coping skills education, prevention of school absenteeism following major flood, students & teachers, 38259
cognitive clarity vs social comparison & fear reduction motivation for affiliation, college students, implications for stress & coping perspective, 25875
cognitive coping strategies, association & dissociation & performance time & injury & reasons for running, 13–55 yr old marathon runners, 41578
cognitive factors, choices of coping strategies for home & career stress, female 25–40 yr olds, 41464
cognitive model of unconscious & conscious stress coping, 14371
cognitive style & coping & learned helplessness during computer work, 20–55 yr old female administrative assistants, 38353
cognitive style & imagery vs rational thoughts vs expectancy coping training, pain tolerance, 18–35 yr olds, 4210
cognitive vs noncognitive techniques, alleviation or prevention of fright responses to TV programs, children, literature review, 19883
commitments & uncertainty & threat of recurrence & disease control, coping strategies, 31–89 yr old nonhospitalized females with breast cancer, 37053
common problems & coping strategies, female vs male 14–17 yr olds, 32537
common problems & social withdrawal & other coping strategies, 12–17 yr old suicide attempters, 33349
comparative profile of separated females, Australia, 32661
conceptions of control & autonomy & achievement motivation & coping behavior, 9–13.1 yr olds, Netherlands, 29160
conceptual model using crisis theory & adaptive tasks in interpersonal context, coping with psychosocial stresses of oncology care, health care professionals, implications for social support, 27457
concurrent validity & factor structure of Cognitive Coping Strategy Inventory, assessment of coping strategies in acute pain settings, 15–75 yr old postsurgical patients, 24575
conflict with teacher vs classmate regarding quality of academic work, method for dealing with criticism including problem definition & actions & feelings, 7–12 yr olds, Iceland, 34671

construct validity of adaptive potential assessment model, assessment of potential to mobilize coping resources, male college students under stress, verification of nursing theory, 34139
construction & factor structure & predictive validity of socialized coping scale, adolescent males released from residential treatment facility for behavior problems, followup, 14115
construction & validity & reliability of adjustment questionnaire, measurement of emotional & social coping strategies, 50 yr olds & older, India, 17561
contextual & life conditions & individual differences, stress & coping across life span, 32487
conversational topics, coping with stress among same sex friends, female college students, 4951
coping & defense mechanisms, response to nuclear threat, adolescents, 32498
coping & dysphoric or dispositional vulnerability & effectiveness of interview as assessment method, cancer patients, 26675
coping & locus of control & social support & combat related PTSD, soldiers, Israel, 2127
coping ability & coping actually executed, psychopathology, female college students, 22391
coping approach to reduce secondary gain, 12–14 yr olds with conversion disorders, 23150
coping behavior, families of brain injured patients, 16206
coping behavior, females with mastodynia vs fibrocystic disease vs breast cancer, 3 yr study, conference presentation, 16103
coping behavior, 25–70 yr olds with chest pain with vs without psychiatric disorder, 30121
coping behaviors, stress reduction, law enforcement personnel, 24373
coping concepts, biographical stress & coping research, commentary, 32874
coping enhancement, painful medical procedures, children, 23525
coping humor & perceived control & irrational beliefs & positive vs negative stressful events, mental & physical health, college students, 32833
coping patterns & support factors, stress associated with caring for Alzheimer's patients, male vs female spouses vs offspring, 9651
coping responses, life satisfaction & physical health status, 56–95 yr old females, 4771
coping responses to underlying diagnosis & stoma surgery, outcome of surgery, 21–70 yr olds, 3 & 12 mo followups, 30618
coping skill building, BP & anxiety in response to stressful life stimuli, 42–68 yr old hypertensive Black males, 37418
coping skills & knowledge & attitudes about AIDS, 7th vs 10th graders, 1968
coping skills training, relapse prevention, smokers in smoking cessation program, 30850
coping strategies & differences among schools, adjustment to desegregation, Black & Puerto Rican high school students in voluntary busing program, 38175
coping strategies & emotional adjustment, family practice vs specialty pain clinic patients with chronic pain, 16054
coping strategies & mastery & self efficacy & social support & depression, adolescents with cystic fibrosis or diabetes, 40374
coping strategies, adjustment to pain, patients with chronic low back pain, Netherlands, 37158
coping strategies, adults with dysphoria vs depression, 33000
coping strategies for daily stressors, professional females vs male college students, 15508
coping strategies for stress of relocation, young children, application to school counseling, 31295
coping strategies, postcombat impairments in interpersonal functioning, soldiers, Israel, longitudinal study, 40504
coping strategies, sadness or depression, 4–11 yr olds, 18664
coping strategies, stress, teachers, 10031
coping strategies, Vietnam combat veterans with vs without PTSD, 33064
coping style & anger & health locus of control & disease factors, prediction of psychosocial adjustment, 32–69 yr olds with breast cancer, 26491
coping style & Barron's Ego Strength Scale scores, male vs female college students, 22431
coping style & cognitive hardiness, physical & psychological health status, 22–64 yr old professional employees, 36488
coping style & personality traits, individual differences in stress induced cortisol responses, adult males, 32077
coping styles & health behaviors, hypertensive vs normotensive patients seeking treatment for acute medical problems, 30027
coping styles & irrational beliefs & self esteem, eating disorders, normal female college students, 37104
coping styles & means of influence, 26–48 yr old husbands vs wives, 25749
coping styles, newly diagnosed patients with breast cancer or Hodgkin's or non-Hodgkin's lymphoma, 9000
coping with & social work responses to disruptive adoptive children, adoptive parents, 34273
coping with autism, families with autistic child, 1738
coping with chemotherapy patients & their families, medical caregivers, 30515
coping with educational & cultural differences, American managers, Japan vs Thailand, 34914
coping with health problems & hospitalization & relocation to retirement apartments, 57–90 yr olds, 36206
coping with parental quarrels, 9–12 yr olds, followup study, 32505
coping with stress & temptation to drink, college students, 1333
coping with symptoms & behavior change, nonhospitalized schizophrenic 18-78 yr olds, 26037
correlation of Defense Mechanisms Inventory & Denial Score on Coping Operations Preference Enquiry, college & graduate students, 7144
counselor's reflection of feeling & interpretation & probe & confrontation, endorsements of coping & defense responses in simulated counseling session, female college students, 33807
current status of & future directions for family focused cancer care & coping interventions, 27093
daily worries & anxiety & coping strategies in financial & health & social areas, elderly, implications for therapists, 32560
dating & sexual behaviors & coping strategies & emotional responses, college students with genital herpes, 37107
death of spouse, coping behavior, rural widows, 6 & 12 mo followups, 4823
definitional & validity issues in concept of coping, implications for psychological research & clinical practice, 15222
degree & type of stress & coping strategies & family & financial & community satisfaction, 17–20 vs 21 yr olds & older living in economically distressed rural counties, 11575
demographic & assault characteristics & behavior & coping strategies & functioning, adult female rape victims, 1773
demographic & psychographic variables, reactions to inflation, adults, England, 11808
denial as positive coping strategy, cancer patients, 9139
dependence & denial, female partners of alcoholic males, 33396
dependence on traditional support networks vs broader societal resources, urban widows, 18787
depressive symptomatology, antidepressive activity engagement, 8–14 yr olds & their parents & college students, 40197
development & evaluation of workshop program, decision making confidence & effectiveness & coping behavior, 19–65 yr olds, 26878
development & reliability & validity of Life Events & Coping Inventory, assessment of life stress & coping behaviors, 12–14 yr olds, 17575
development & validation of Coping Confidence Scale, measurement of individual perceptions of self efficacy & cop-

ing with marital separation, separated or divorced adults, 28107
development of & subscale correlations for multidimensional coping inventory, college students, 17570
development of coping & monitoring strategies, stress & burnout & hardiness, teachers, 20444
development of Jealousy Coping Scale, assessment of relationship between jealous feelings & resulting coping behaviors, college students, 24622
development of Ottens Tucker Academic Anxiety Coping Scale, college students, 41381
development of Spouse Situation Inventory, assessment of coping skills, wives of alcoholics, 38661
developmental issues in coping with stressful medical procedures, 5–18 yr olds, literature review, 30606
developmental loss, coping styles & defenses, adult pathological gamblers, 15896
diary account of coping strategies & developmental issues & reactions to Holocaust, 13 yr old Jewish female, 25381
dieting relapse crises & coping strategies, obese 27–66 yr olds with Type II diabetes, 40411
discriminant validity of Life Orientation Test & correlations with measures of optimism & neuroticism & coping & symptom reports, college students, 24651
dopamine, psychological coping mechanisms & biological restitutive systems in adaptation to stress, conference presentation, 39152
dormitory seismic rating, perception of & coping strategies for impending earthquake, college students, 3457
economic & social & psychological resources & coping styles, psychiatric symptoms, unemployed adults with dependent children, 15671
economic problems, stress & coping & use of community services, families in economically stressed rural counties, 30665
economic stress & coping strategies, rural families, literature review, implications for helping professionals & support services, 29431
embarrassment, self reported physiological & behavioral responses & coping attempts & O reactions, college students, Japan vs UK, 8217
emotion vs problem focused coping instruction, adjustment to simuated abduction, adults with internal vs external locus of control, 5082
emotional & physiological concerns including stress & performance anxiety & burnout & coping & personality style, college & graduate music students, 36465
emotional coping with jealousy provoking situations, college students, 22379
emotional distress, causal attributions for & coping with academic vs interpersonal stress, college students, 1429
emotional reactions & coping behavior & characteristics of cancer & personal situations & feelings of uncertainty, 34–75 yr old females with breast cancer, 22951
examination of education & training & orientation & briefing approaches to development of cross cultural preparedness, adults, 23997
expectations about grief, evaluation of functioning & interpersonal attractiveness of griever, college students, 25933
experience of & responses to terminally ill client's death, certified rehabilitation counselors, implications for further training, 20340
experiences of sexual trauma & subsequent coping, female 22–35 yr old victims of rape &/or incest, implications for psychotherapy, 33342
external attributions vs self blame, coping, 19–60 yr olds paralyzed from traumatic spinal cord injury, 26591
extraversion introversion & neuroticism & self consciousness, prediction of occupational stress & coping strategies, secondary school teachers, 34574
factor analysis & degree of fit of model of M. R. Hammen et al of effective functioning in foreign culture, North American 19–57 yr olds who lived in foreign country, replication & extension, 21091
factor stability of Ways of Coping Questionnaire, college students, 10648
factor structure of Jalowiec Coping Scale, 29–70 yr old spouses of cardiac surgery patients, 38682
factors associated with psychological adjustment, patients with Parkinson's disease, 30012
familial physical abuse, PTSD & coping behavior, 15–20 yr old runaways, 33320
family & personal coping strategies, financial & family crisis adjustment, 25–60 yr old female displaced homemakers, 4834
family attributes & social network resources, families well adjusted to birth of developmentally disabled child, Canada, 15601
family coping behaviors & functioning & approaches to assessment & intervention, families with member who has breast cancer, literature review, 26605
family environment & hospitalization & coping skills as defined by DSM-III diagnosis, hypothalamic pituitary adrenal axis activity, adolescents, 20217
family relations & coping with college & identity development, college students, 17216
family stressors & types & resources & parental coping patterns & child health indices, 1 & 2 parent families of 3–22 yr olds with cerebral palsy, 37105
family systems perspectives on patient preselection & denial of symptom onset & suicide induction, 15–67 yr old members of families with Huntington's disease, implications for family therapy, 29986
food consumption, stress reduction, bulimic female college students, 37075
forced relocation, social & emotional adjustment & coping behavior, Ashkenazi vs Sephardi Jews, Israel, 8230
frequency & duration & intensity of dreaming & dream content, coping, 24–48 yr olds, 3888
frequency of visits vs verbal communication vs daydreaming, needs & relationship satisfaction & intimacy, college students & young adults in long distance relationships, 13575
fundamental premises & research findings of cognitive relational theory of emotions & coping, 32875
gender differences in coping & social support, adults, tests of socialization & role constraint theories, 1317
grief & coping with death of family member, mentally retarded 13 & 32 & 35 yr olds, case reports, educational & treatment implications, 26390
grief over & coping with reproductive loss & infertility & miscarriage & stillbirth, married couples, 33496
group cognitive behavioral coping skills treatment, adult chronic pain patients, implications for social work, 2228
group counseling for development of anger coping skills, aggressive or hostile 4th–6th graders, 6831
group psychotherapy vs coping skill training, 30355
guidelines for helping clients cope with AIDS fear, counselors, 26762
handicapping condition, development of coping competence, developmentally disabled vs nondisabled 4–34 mo olds, 32993
health education & rational emotive behavior modification, coping behavior, asthmatic patients, 6092
health locus of control & family resources & coping style, mood states, mothers of infants on home apnea monitors, 3 mo study, 23527
high risk alcohol drinking situations, cognitive & behavioral coping strategies, 12–19 yr olds, 29744
high vs moderate intensity aerobic training, mood & coping ability & mental well being, 18–60 yr olds, 24490
hopelessness & coping beliefs & depression & social desirability & approval, suicidal behavior, high school students & male juvenile delinquents, 40212
house fire, occupational disruption & adaptation to daily living routines, adult & 12 & 13 yr old victims, implications for occupational therapy, 30806
humor & play, coping with stress of illness & hospitalization, children, 37778
humor as strategy for coping with daily stresses, children, 36154
humor, coping with stress, combat noncommissioned officer trainees, Israel, 24444

humor, coping with stress, nursing implications, 9301
hypnosis, distress & coping with life threatening illness & medical procedures & surgery & rehabilitation, hospitalized patients, 20219
hypnotherapy, symptoms & coping, hospitalized cancer patients & families, 20029
identification of sources of stress & coping strategies in work setting, occupational therapists, literature review, Scotland, 9937
identity commitments, coping responses & adjustment, socially vs academically oriented college freshmen on academic probation, longitudinal study, 27625
illness attitudes & coping & formation of community cancer support group, cancer patients, 16772
illness variables, coping styles, adults with ulcerative colitis, 5572
illusions, adaptive protection of self concept from threatening events, clients, implications for counseling, 23626
imagery as coping & healing method, cancer patients, 23106
impact on family & coping, disabled child, 29440
individual coping efforts & social support & job schedule flexibility, well being, full time employed single vs married parents of 16 yr olds & younger, 38451
individual difference & situational & general coping variables, reactions to unwanted sexual episodes, female college students, 33327
industrial threat & anxiety, secure vs accepting vs defensive vs vigilant response, residents of heavily industrialized area, 17445
information & coping style during exposure treatment, phobic anxiety reduction, 21–56 yr olds with animal phobia, 40733
informational intervention prior to treatment, coping with radiation therapy, 50–85 yr old males with prostate cancer, 30590
initial use of intervention visits, mood & coping & adjustment, mothers of high risk & handicapped infants, 9 mo followup, 2700
instructions to monitor contractions & LaMaze classes, coping with pain & negative moods during labor, 17–41 yr old females in childbirth, 30598
interaction with abusive &/vs neglectful mother, development of compliant behavior pattern in infancy, 1–36 mo olds & their 15–38 yr old mothers, 12111
interactions & roles & adaptive patterns, psychiatric intensive care unit nurses, 20383
internal locus of control & belief in God control, intrinsic religious motivation & coping & life purpose, Black Baptist 18–68 yr olds, 18749

propranolol vs atenolol, Type A behavior & cardiovascular reactivity to mental stress, 35–60 yr old hypertensive males, 26977
propranolol vs diazepam, cardiovascular & neuroendocrine responses to mental arithmetic, male Type A 18–25 yr olds, 32303
psychological stressors, cardiovascular reactivity following alcohol consumption, Type A vs Type B males with high vs low self awareness, 14911
psychological vs exercise stressor vs cold pressor test, heart rate & BP & other cardiovascular measures, Type A vs Type B adults, 18172
psychosocial variables including anger suppression & Type A behavior & coffee & cigarette usage, coronary heart disease risk, 21–72 yr old university employees, 30130
pupil size & platelet epinephrine, Type A behavior & verbal stylistic components, healthy males, 718
rational emotive therapy in stress management workshops, irrational beliefs & Type A behavior & anxiety & anger & depression & illness, 25–59 yr old industrial personnel, 2333

reactive lack of control as Type A personality component, heart rate when deprived of work, females, conference presentation, 18186
relationship between goal & assessment of competencies vs monetary incentives, perceived goal utility & satisfaction, Type A vs Type B college students, support for self appraisal model, 18952
relaxation training with vs without galvanic skin response biofeedback, reduction in Type A behavior & heart disease risk, Type A vs Type B family members, 12795
reliability & factor analysis & norms of Milton Life Stress Questionnaire, assessment of Type A behaviors, adults, New Zealand, 28071
reliability & temporal stability of Jenkins Activity Survey vs videotaped clinical interview assessments of Type A behavior, coronary patients, 3543
reported parental styles, anxiety & Type A behavior pattern, college students, 25908
revised research strategy, Type A behavior & stress, 28681
self concept & need for approval & extraversion & neuroticism & trait anxiety, Type A vs Type B college students, 1461
self control & vulnerability to stress, Type A vs Type B college students, 1449
self efficacy & Type A behavior, job performance, sales representative of large manufacturing corporation, 24327
self reference & coronary heart disease, Type A vs Type B 39–59 yr old males, 8.5 yr followup, 33532
self report measures of self monitoring & self deception & impression management, Type A behavior, 24–61 yr old junior high & high school teachers & administrators, 36486
self vs spouse report of Type A behavior, couples, 17542
sex & competitive vs noncompetitive EMG biofeedback training, relaxation, Type A vs Type B college students, 28677
sex & Type A behavior, coping with stress, adults, 11814
sex & Type A vs Type B & extraverted vs introverted personality, EMG & heart rate & BP before vs during vs after teaching test, student physical education instructors, 18185
sex & Type A vs Type B behavior, work related coping strategies, government social services 1st line supervisors, Canada, 13856
sex of child, assessment of Type A behavior using Matthews Youth Test for Health & perception of behavior problems in hypothetical children, male vs female teachers & student teachers, 9148
smoking & alcohol use & oral contraceptive use, Type A 8–17 yr olds, 36139
smoking & drinking & exercise patterns & seat belt use, Type A vs Type B females vs males, 1453
smoking, heart rate & skin temperature & pulse transit time, Type A vs Type B male college students, 28830
social & cultural contexts & Type A behavior, cardiovascular disease, 29916
task interruption & Type A behavior, perceptions of work overload, 22–61 yr old police radio dispatchers, 13863
task performance & Type A vs Type B behavior, hemispheric EEG-DC potential, college students, Austria, implications for coronary health disease, 37172
task success vs failure & certainty vs uncertainty of ability, emotional responses, Type A vs Type B college students, test of self appraisal model, 25956
test retest reliability of Jenkins Activity Survey Form T, assessment of Type A behavior, college students, 21068
testing of Type A & Type B distinction hypothesis, adults, 32904
time pressure, performance on anagram task, Type A vs Type B female college students, 29384
Type A & other behavior patterns, 40–65 yr olds with coronary heart disease, China, 16269
Type A behavior & cardiovascular & neuroendocrine reactivity & serum cholesterol, female vs male 30–50 yr olds, 32086
Type A behavior & cardiovascular risk factors with potential to respond to environmental & lifestyle changes, 6–11 yr old monozygotic & dizygotic twin pairs, 26584
Type A behavior & coronary atherosclerosis assessed by angiography, adult patients, 5831
Type A behavior & eating patterns & nutrient intake, male 45–59 yr olds, Great Britain, implications for ischemic heart disease risk, 26493
Type A behavior & hostility potential & parental hypertension, BP responses to cognitive & motor coordination & exercise stress, 6th–12th graders, 19569
Type A behavior & hyperactivity, 5.7–8.7 yr olds, 9177
Type A behavior & impulsivenss & Eysenck personality dimensions, high school students, 25597
Type A behavior & life stress, risk of developing physical disorders, literature review, 5804
Type A behavior & locus of control & test anxiety, preference for situations involving effort or time pressure or feedback, college students, Australia, 1442
Type A behavior & personality traits, psychophysiological activity during mental tasks, middle aged males, conference presentation, 18193
Type A behavior & pressor response to stress, 30–65 yr old males, 12394
Type A behavior & satisfaction with social support, college students, 36482
Type A behavior & satisfaction with task performance, high standards & self criticism & positive vs negative expectations, male college students, 8454
Type A behavior, adults with genital herpes, 12429
Type A behavior, BP & heart rate & adrenaline & noradrenaline & cortisol levels, male vs female 3 yr olds reassessed 1 yr later, 4706
Type A behavior, cardiovascular & neuroendocrine reactivity & serum cholesterol & lipoprotein cholesterol density & triglycerides, healthy males vs females assessed during work day & induced stress, 7732
Type A behavior, cardiovascular & neuroendocrine reactivity to everyday stressors, males vs females, literature review, 9013
Type A behavior, cardiovascular disease, literature review, 9078
Type A behavior, coping mechanisms & positive vs negative emotions & somatic risk factors of coronary heart disease, 12–18 yr olds, Finland, 22032
Type A behavior, coping with affectogenic family situations, 25–52 yr old coronary heart disease patients, conference presentation, 5836
Type A behavior, healthy adults, literature review, 5047
Type A behavior, internal vs external health locus of control, Type A vs Type B college students, 25948
Type A behavior, occupational & life stress & satisfaction & well being, police officers, 27916
Type A behavior pattern & authoritarian behavior vs concept of authoritarianism or dominance, executive or professional personnel, Australia, 39946
Type A behavior pattern & demographic characteristics, patients with coronary heart disease, India, 37151
Type A behavior pattern & physiological cardiovascular disease risk factors, 6–11 yr old twins, 19528
Type A behavior pattern & physiological correlates, meta analysis, 28680
Type A behavior pattern & related personality traits, self reported coronary heart disease, elderly, Sweden, 37096
Type A behavior pattern components & cardiovascular reactivity, college students, Norway, 28690
Type A behavior pattern, patients with myocardial infarction vs peptic ulcer vs cardiological problems vs circulatory disturbances vs digestive disorders, 9240
Type A behavior pattern vs hostility, risk of coronary heart disease, literature review, 9030
Type A behavior pattern, 18–66 yr olds with migraine vs tension headache, 5765
Type A behavior, prediction of coronary heart disease incidence, meta analysis, 12453

Type A behavior, prevalent heart disease, 45–59 yr old males, 19510
Type A behavior, stress related behaviors & depression & anxiety & personality traits, 5th–9th graders, 18657
Type A behavior vs other risk factors & severity of coronary atherosclerosis, coronary angiography patients, 12431
Type A behavior, 20–67 yr olds with chronic migraine vs mixed vs tension headaches, 5670
Type A or Type B behavior, assertiveness, college students, 32879
Type A or Type B behavior similarity & gender role self concept, dating partner preferences, college students, 39877
Type A vs intermediate vs Type B behavior patterns & task label, goal setting & certainty & performance, college students, 29427
Type A vs Type B behavior, mortality rate, 39–59 yr old male patients with coronary heart disease, commentary, 1991
Type A vs Type B behavior, mortality rate, 39–59 yr old male patients with coronary heart disease, 2100
Type A vs Type B behavior, prevalence of disorders & diseases, bank employees, Spain, 1538
Type A vs Type B behavior, psychophysiological responses to exercise stress, college students, 39153
Type A vs Type B behavior style & relaxation therapy, psychosocial adjustment, 35–74 yr old males following myocardial infarction, 16505
Type A vs Type B personality & attitudes toward leisure, academic performance & leisure activity, college students, Taiwan, 10134
Type A vs Type B personality, perceived exertion & neuroendocrine reactivity to physical stressors, 18–29 yr olds, implications for coronary heart disease, 28674
Type A vs Type B, self attributions for events high vs low in self esteem or control threat, college students, 5073
Type A vs Type B, sensitivity to variations in control & willingness to acknowledge control over outcomes, male college students, 5070
valence of dreams, Type A vs Type B college students, 5042
validity of components & measures of Type A behavior construct, literature review, 1458
work characteristics & occupational achievement & Type A behavior, managerial & professional personnel, Australia, implications for coronary heart disease, 34920
work rate & accountability, Type A vs Type B college students, implications for personnel selection & job structuring, 15561
Coronary Vessels [See Arteries (Anatomy)]
Corporal Punishment [See Punishment]
Corporations [See Business Organizations]
Corpus Callosum
ability to compare visual & tactile stimuli interhemispherically & intrahemispherically, 10.5–24 yr olds with callosotomy vs callosal agenesis, 19554
auditory symptoms & identification through computerized tomography imaging, 22 yr old male with discrete hemorrhagic lesion in posterior body of corpus callosum, case report, 8978
bimanual coordination, adults & male 11 yr old with callosal agenesis vs female 11 yr old with partial commissurotomy, 22955
callosotomy, reinstatement & potentiation of behavioral deficits from left vs right lesions of parietal vs medial frontal vs motor cortex, male rats, 11137
cerebral hemispheres as parts of whole & role of corpus callosum, 32060
closing of finger & thumb in object grasping behavior, acollosal right handed 22 yr old female, 5677
commissurotomy, visuospatial functioning, 21 yr old right handed male with interactive seizures, 6231
complete agenesis of corpus callosum, schizophrenic 55 yr old male, case report, 12001
corpus callosum, bimanual motor skill with vs without visual feedback, 5–6 vs 9–11 vs 18–22 yr olds, 21612
corpus callosum tumor & koro symptoms, 29 yr old male, case report, 16067
interaction of corpus callosum & visual system during development, cats, 18089
magnetic resonance imaging, determination of ventricle brain ratio & corpus callosum area, chronic schizophrenic adults, 19208
magnetic resonance imaging of corpus callosum & ventricles, schizophrenic patients, 19209
morphology of corpus callosum, epileptic 17–65 yr olds with nuclear schizophrenia vs no psychiatric illness, 22447
neuropsychological impairments & clinical features, 10–30 yr olds with congenital agenesis of corpus callosum, 8995
partial section of corpus callosum, interhemispheric transfer, 17–30 yr olds with medically intractible epilepsy, 37129
sexual dimorphism of corpus callosum, literature review, 14693
Siamese twinship configuration paradigm, assessment of parallels between cerebral hemisphere lateralization & corpus callosum & brain functioning, 18099
size & form of corpus callosum, schizophrenic adult males, 33201
stages & role of interhemispheric communication in creativity, rats with cortical spreading & split brain patients, 18081
stimulus association value & vocal vs manual response in dichhaptic condition, tactual extinction, 43 yr old male with partial callosal disconnection, 22995
unilateral section of optic nerve & corpus callosum, visual EPs in response to grating contrast reversal, rats, 28628
visual split brain & monocular deprivation, responsiveness of cortical cells to visual stimuli, kittens, 18276
visuomotor conditional discrimination vs 2-choice visual discrimination learning, male monkeys with fornix & unilateral inferotemporal & anterior corpus callosum lesions, 25167
word emphasis & voice mood tone during sentence reading, acoustical analysis of speech prosody, 39 yr old female with aneurysm damaged corpus callosum, 19548
Corpus Striatum [See Basal Ganglia]
Correctional Institutions [See Also Prisons]
behavior management & recidivism rate & cost & attitudes in treatment programs, juvenile offenders, 9915
communication & service coordination between public schools & juvenile correctional systems, public school special education & correctional administrators, 10206
conditions for successful implementation of rehabilitation programs in corrections, 41099
contract counseling program vs minimal treatment group, distressful symptoms & perceptions of environment, male residents of correctional institution's community release program, 2969
early childhood & experiences in county & state penal institutions, compulsive gambler/recidivist, 27364
effectiveness of time out procedure, 5–18 yr olds in psychiatric hospitals vs day treatment program for behavior disorders vs correctional facilities, 19884
reasons for noncompliance with special education law in correctional setting, administrators, 23798
right to mental health treatment, clients in mental & correctional institutions, implications for social workers, 34277
sociological & legal issues in mental health treatment refusal, correctional institution inmates, 9906
visitation by college students & other public individuals, attitudes toward visitors, 11–19 yr olds in juvenile correction facility, Saudi Arabia, 30856
Correlation (Statistical) [See Statistical Correlation]
Cortex (Auditory) [See Auditory Cortex]
Cortex (Cerebral) [See Cerebral Cortex]
Cortex (Motor) [See Motor Cortex]
Cortex (Somatosensory) [See Somatosensory Cortex]
Cortex (Visual) [See Visual Cortex]
Cortical Evoked Potentials [See Also Contingent Negative Variation]
acute psychotic episode, subjective cognitive dysfunction & eye tracking & slow brain potentials, schizophrenic & schizoaffective 18–50 yr olds, 22660

age & motor response production vs inhibition to visually presented instructions, EPs, 20–85 yr olds, 4137
age, P300 component of cortical EPs & cognitive processing RTs, elderly, meta analysis, 32557
amount of stimulus information to be processed during RT tasks, negative EPs, adults, 4146
amphetamine dosage & reticular formation electrical stimulation, EPs measuring cortical-neostriatal interactions, male rats with vs without thalamic lesions, 32113
arithmetic calculations, cortical steady potentials, 20–22 yr old females, conference presentation, 18183
attention to 1st member in pair vs meaning of priming word, EPs & RT in semantic priming lexical decision task, male 18–36 yr olds, 18100
bimanual visuomotor judgment task, event related covariances, right handed adult males, 25039
centrally vs laterally presented consonants, EPs & detection RT & errors measuring cerebral dominance, schizophrenic male 21–43 yr olds, 11955
cerebral EPs & RT during dichotic listening & choice task, depressed inpatients with psychomotor retardation, 11948
components of P300 EPs, 16–43 yr old schizophrenic inpatients, 8721
congruous vs incongruous final words in proverbs, saccade related brain potentials, adults, 18117
contingent negative variation & stimulus preceding negativity & readiness potentials in motor cortex, motor preparation vs stimulus anticipation, 25027
continuous amphetamine, behavior & striatal & nucleus accumbens field potential patterns & dopamine levels, rats, implications for study of paranoid schizophrenia, 35786
contribution of chronometric research paradigm to cognitive psychophysiology & use of EPs, knowledge of human information processing, 25060
